

Queensland

Soil Conservation Act 1986

Soil Conservation Regulation 1998

Reprinted as in force on 24 March 2000

Reprint No. 1A*

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

* Minor differences in presentation between this reprint and another reprint with the same number are due to the conversion to new styles. Footnotes have been relocated as editor's notes.

Information about this reprint

This regulation is reprinted as at 24 March 2000. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have been made to use aspects of format and printing style consistent with current drafting practice (s 35).

This page is specific to this reprint. See previous reprint for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Soil Conservation Regulation 1998

[as amended by all amendments that commenced on or before 24 March 2000]

1 Short title

This regulation may be cited as the *Soil Conservation Regulation 1998*.

2 Existing approved project plans continue in force

- (1) The approval of the Governor in Council under section 15 of the Act of each approved project plan mentioned in the schedule, column 1 continues in force.
- (2) The project area for each approved project plan continues to be constituted for the area.

Editor's note—

Each project area has the same name as the name of the approved project plan for the project area.

3 Approved project plans must be available for inspection

The chief executive must keep a copy of each approved project plan available for inspection by anyone, during normal office hours—

- (a) at the department's head office; and
- (b) at the department's regional office mentioned in the schedule, column 2 for the plan.
