Subordinate Legislation 1991 No. 26

ORDER IN COUNCIL

Fishing Industry Organization and Marketing Act 1982

Brisbane, 18th July, 1991

THE Administrator of the Government, acting with the advice of the Executive Council, declares as follows—

Amended order in council

1. The order in council made under the *Fishing Industry Organization and Marketing Act 1982* on 26 October 1989 and published in the *Gazette* on 28 October 1989 at pages 1531 to 1568, as subsequently amended, is amended as set out in this order in council.

Amendment of Schedule

2. Schedule (Part F, Serial No. 17)—
omit, insert—

- ‘17 All Waters under Queensland jurisdiction contained within the following boundaries—
- All year round (a) As for Serial 1
(b) As for (b) in Serial 8.

(a) starting at the northernmost point on Cape York, then in a north easterly direction to the easternmost point on Eborac Island, then in a south easterly direction to the northernmost point of Osnaburg Point, then by high water mark along the coastline to the start, excluding those waters north of 10°41'17" South Latitude.

(b) starting at the easternmost point of Fly Point, then in a south easterly direction to the easternmost point, 500 metres east of Ariel Bank, then in a south easterly direction to the easternmost point, 500 metres east of an unnamed reef complex comprising Turtle Island Reef and Brewis Island Reef, located at or about 10°53' South Latitude and 142°42' East Longitude, then in a south easterly direction to the easternmost point, 500 metres east of Tern Island Reef, then in a south easterly direction to the easternmost point, 500 metres east of Bushy Island Reef, then southerly to the easternmost point of Pirie Islet, then south easterly to the easternmost point of Nigger Head, then south easterly to the northernmost

point of Round Point, then by high water mark along the coast to the start.

(c) starting at the easternmost point of Thorpe Point, then in a south easterly direction to the northernmost point, 500 metres north west of Harvey Island, then in a northerly direction to the northernmost point, 500 metres north of Nob Island, then in a south easterly direction to the easternmost point, 500 metres east of Clerke Island, then in a southerly direction to the southernmost point, 500 metres south of Clerke Island, then in a south westerly direction to the southernmost point, 500 metres south of Hicks Island, then in a westerly direction to the southernmost point, 500 metres south of Orton Island, then in a north westerly direction to the intersection with the mainland with the meridian $143^{\circ}13'$ East Longitude, then due south along that meridian to its intersection with 12° South Latitude, then in a south westerly direction to the intersection of $12^{\circ}09'$ South Latitude and $143^{\circ}07'30''$ East Longitude, then in a southerly direction to the easternmost point, 500 metres east of Tyrrel Reefs, then generally south westerly and westerly, 500 metres around the southern

ends of Tyrrel Reefs to the intersection with a point 500 metres off the mainland at $12^{\circ}12'$ South Latitude, then in a southerly direction adjacent to the mainland for a distance of 500 metres from low water mark to the intersection with the parallel of Latitude which passes through the easternmost point of the mainland at Bolt Head, then in a south easterly direction to the northernmost point, 500 metres north of Ada Reef, then in a south easterly direction to the easternmost point, 500 metres east of Lion Reef, then in an easterly direction to the intersection $12^{\circ}18'30''$ South Latitude and $143^{\circ}13'$ East Longitude, then in a south westerly direction to the intersection with the mainland at the northernmost point of Mosquito Point, then by high water mark along the coast to the start.

(d) starting at the northernmost point of Mosquito Point, then in a north easterly direction to the intersection of $12^{\circ}19'30''$ South Latitude and $143^{\circ}11'$ East Longitude, then in a south easterly direction to the easternmost point on Andrew Reef, then in a south easterly direction to the intersection of $12^{\circ}25'$ South Latitude and $143^{\circ}18'$ East Longitude, then

south along the meridian of $143^{\circ}18'$ to its intersection with $12^{\circ}30'$ South Latitude, then in a south easterly direction to the intersection of $12^{\circ}33'30''$ South Latitude and $143^{\circ}21'12''$ East Longitude, then in a south easterly direction to the northern most point of Rocky Island, then in a south easterly direction to the northernmost point of Restoration Island, then in a south westerly direction to the intersection of $12^{\circ}38'$ South Latitude and $143^{\circ}26'48''$ East Longitude, then in a south westerly direction to the easternmost point, 500 metres east of Lloyd Island, then in a south easterly direction to the intersection $12^{\circ}47'20''$ South Latitude and $143^{\circ}25'20''$ East Longitude, then in a south easterly direction to the northernmost point, 500 metres north of Waight Bank, then in an easterly direction to the north easternmost point, 500 metres north east of Lansdown Reef, then in a south easterly direction to the easternmost point, 500 metres east of Rocky Island, then in a south easterly direction to the easternmost point, 500 metres east of Ashton Rock Reef, then in a southerly direction to the easternmost point, 500 metres east of Hammond Reef, then southerly

to the intersection of 13°09′ south Latitude and 143°33′30″ East Longitude, then west along that parallel to its intersection with the mainland, then by high water mark along the coastline to the start.

(e) starting at the intersection of the parallel of Latitude 13°09′ South with the mainland, then due east along that parallel to a point 5 kilometres from low water mark to near 143°33′30″ East Longitude, then generally southerly, southeasterly and southwesterly by an imaginary line 5 kilometres from the coastline at low water mark to its intersection with a point on a line from the north head of Rocky River and the westernmost point of Wilkie Island, then in a westerly direction along that line to the north head of Rocky River, then by high water mark along the coastline to the start.

(f) starting at the north head of Rocky River to the westernmost point of Wilkie Island, then in a south easterly direction to the westernmost point of Hannah Island, then in a south easterly direction to the westernmost point on Burkitt Island, then in a south easterly direction to the easternmost point on the most easterly

island in the Cliff Islands group, then in a south easterly direction to the intersection with the mainland at the north head of the Marrett River, then by high water mark along the coastline to the start.

(g) starting at the south head of Bizant River, then in a north easterly direction to the westernmost point of Bathurst Head, then in a north easterly direction to the westernmost point of Denham Island, then in a north easterly direction to Reid Head on Flinders Island, then in a north easterly direction to the northernmost point of the Channel Rocks, then in a south easterly direction to a point where the meridian of $144^{\circ}30'$ intersects with the mainland at Cape Melville, then by high water mark along the coastline to the start.

(h) starting at the intersection of the meridian $144^{\circ}30'$ East Longitude with the mainland, then north along that meridian to its intersection with $14^{\circ}09'30''$ South Latitude, then east along that parallel to its intersection with $144^{\circ}31'30''$ East Longitude, then in a south easterly direction to the intersection of $14^{\circ}15'$ South Latitude and $144^{\circ}36'$ East Longitude, then in a south

easterly direction to the intersection of $14^{\circ}18'$ South Latitude and $144^{\circ}38'$ East Longitude, then in a south easterly direction to the northernmost point of Barrow Point, then by high water mark along the coastline to the start.

(i) starting at the intersection of $14^{\circ}26'15''$ South Latitude and $144^{\circ}37'05''$ East Longitude near the north head of Saltwater Creek, then in a south easterly direction to the northernmost point of Baron Reef, then in a south easterly direction to the northernmost point of Noble Island, then in a south easterly direction to the northernmost point of Sand Islet, then in a south easterly direction to the southernmost point on Coquet Island, then in a south easterly direction to the northernmost point of the northernmost island/reef of the Turtle Group, then in a south easterly direction to Lookout Point, then in a south easterly direction to the northernmost point of Cape Flattery, then by high water mark along the coastline to the start.

(j) starting at the northernmost point of Murray Reefs, then in a south easterly direction to the easternmost point on Conical Rock, then in a south easterly

direction to the northernmost point of Cape Bedford, then by high water mark along the coastline to the start.

(k) starting at the southernmost point of South Cape Bedford, then in a south westerly direction to Indian Head, then in a south easterly direction to Grave Point, then by high water mark along the coastline to the start.

(l) starting at the easternmost point of Cape Kimberley, then in a south westerly direction to the light at Island Point near Port Douglas, then by high water mark along the coastline to the start.

E. J. BIGBY, Clerk of the Council
