[s 1]

1 Short title

This notice may be cited as the *Exotic Diseases in Animals (Equine Influenza) Amendment Notice (No. 1) 2008*.

2 Notice amended

This notice amends the *Exotic Diseases in Animals (Equine Influenza) Notice 2007*.

3 Amendment of s 7 (Restricted movements—Act, s 10A)

Section 7, after subsection (2)(d)—

insert—

- ‘(3) Also, despite subsection (1), the movement of an animal of the family Equidae to or from, or within, a place in the restricted area is not a restricted movement for the restricted area if—
- (a) the movement is an on-hoof movement; and
 - (b) the animal is moved only—
 - (i) within the restricted area; and
 - (ii) in daylight hours; and
 - (c) the animal is returned to the place where it was located at the beginning of the day on which the movement happens.
- ‘(4) However, subsection (3) does not apply to the movement of an animal of the family Equidae to or from, or within, a place if the person who owns or is in control of the animal suspects, or ought reasonably to suspect, that—
- (a) the animal is infected with equine influenza; or
 - (b) another animal of the family Equidae at the place is infected with equine influenza.
- ‘(5) In this section—
- on-hoof movement*, of an animal of the family Equidae, means a movement of the animal by—

- (a) walking, leading or riding the animal; or
 - (b) otherwise moving the animal while the animal's hooves are in contact with the ground.'.
-
