## Part 1 Preliminary

### 1 Short title

This regulation may be cited as the *Electrical Safety and Another Regulation Amendment Regulation (No. 1) 2008*.

### 2 Commencement

This regulation commences on 1 July 2008.

## Part 2 Amendment of Electrical Safety Regulation 2002

### 3 Regulation amended in pt 2

This part amends the *Electrical Safety Regulation 2002*.

### 4 Amendment of s 7 (Meaning of *qualified business person* and *qualified technical person*)

Section 7—

*insert—*

- ‘(5) Despite subsection (4), a person who is an individual is not a fit and proper person to be a qualified technical person if the individual is disqualified from being a qualified technical person for the holder of an electrical contractor licence, because of disciplinary action taken by the licensing committee.’

### 5 Amendment of s 12 (Requirements for performance of live work)

- (1) Section 12(1)(h), ‘electric line work’—

[s 6]

---

*omit, insert—*

‘exempt electrical work’.

(2) Section 12(2)—

*insert—*

‘***exempt electrical work*** means—

- (a) electric line work; or
- (b) electrical work on a consumer’s electrical installation carried out on the supply side of the main switch on the main switchboard for the installation, if the isolation point of the electrical supply for the installation is not reasonably accessible from the area where the electrical work is carried out.

*Example of when isolation point is not reasonably accessible from the area where electrical work is being carried out—*

the electrical work is carried out at a place and the isolation point is at a substation located at another place’.

## **6 Amendment of s 34 (Eligibility requirements for electrical mechanic licence)**

Section 34(6), definition *relevant qualification—*

*insert—*

- ‘(d) is the holder of a certificate or other document issued by a relevant assessing authority stating that the holder’s skills are suitable for the occupation of electrical mechanic.’.

## **7 Amendment of s 35 (Eligibility requirements for electrical linesperson licence)**

Section 35(6), definition *relevant qualification—*

*insert—*

- ‘(d) is the holder of a certificate or other document issued by a relevant assessing authority stating that the holder’s

---

skills are suitable for the occupation of electrical linesperson.’.

**8 Amendment of s 36 (Eligibility requirements for electrical fitter licence)**

Section 36(6), definition *relevant qualification*—

*insert*—

‘(d) is the holder of a certificate or other document issued by a relevant assessing authority stating that the holder’s skills are suitable for the occupation of electrical fitter.’.

**9 Amendment of s 37 (Eligibility requirements for electrical jointer licence)**

Section 37(6), definition *relevant qualification*—

*insert*—

‘(d) is the holder of a certificate or other document issued by a relevant assessing authority stating that the holder’s skills are suitable for the occupation of electrical jointer.’.

**10 Amendment of s 38 (Eligibility requirements for restricted electrical work licence)**

(1) Section 38(7), definition *relevant qualification*, paragraph (c)—

*renumber* as paragraph (d).

(2) Section 38(7), definition *relevant qualification*—

*insert*—

‘(c) is the holder of a certificate or other document issued by a relevant assessing authority stating that the holder’s skills are suitable for an occupation that is or includes a calling that the chief executive has decided requires the holder to perform electrical work; or’.

[s 11]

---

## 11 Amendment of s 83 (Definitions for div 5)

Section 83, definition *specified electrical equipment*, paragraph (a)(ii) and (b)(ii), ‘a portable’—

*omit, insert—*

‘an electrical portable’.

## 12 Amendment of s 97 (Meaning of *relevant standard*)

Section 97—

*insert—*

- ‘(3) If subsection (1)(a) applies to a type of electrical equipment of a prescribed class of electrical equipment, the chief executive may, for an approval application, accept another standard as the relevant standard for the type if the other standard provides for an equivalent or greater level of electrical safety than the standard mentioned in subsection (1)(a) for the type.

*Example of other standard—*

another current Australian Standard, including an Australian Standard superseded or to be superseded by an Australian Standard mentioned in schedule 3 if the superseded or to be superseded Australian Standard is still current

- ‘(4) If, under subsection (3), the chief executive accepts another standard for a type of electrical equipment of a prescribed class of electrical equipment the subject of an approval application, each reference to a relevant standard in relation to the type of equipment in this part is a reference to the other standard.

*Example for subsection (4)—*

If, for an approval application, the chief executive accepts another standard as the relevant standard for a type of electrical equipment of a prescribed class of electrical equipment, the reference in section 109(1)(a), 114 or 117 to the relevant standard for the type is a reference to the other standard.

- ‘(5) In this section—

*approval application* means—

- (a) an application for an approval under division 3; or
- (b) an application to change an approval under division 4.’.

**13 Amendment of s 155 (Disconnection and reconnection of low voltage electrical installation)**

(1) Section 155(1)—

*omit, insert—*

‘(1) This section applies to an eligible person who—

- (a) performs electrical installation work on a consumer’s consumer terminals, main switchboard or consumer mains; or
- (b) isolates electricity supply to an electrical installation to eliminate an exclusion zone that would otherwise exist.’.

(2) Section 155(2), before ‘person’—

*insert—*

‘eligible’.

(3) Section 155(3)—

*omit, insert—*

‘(3) If subsection (1)(a) applies, the eligible person must, before connecting the electrical installation to a source of electricity, test to ensure the installation is safe to connect to the source.

Maximum penalty—40 penalty units.

‘(4) If subsection (1)(b) applies, the eligible person must, before connecting the electrical installation to a source of electricity—

- (a) if the eligible person, or another person acting for the eligible person, has performed electrical work on the installation—test to ensure the installation is safe to connect to the source; or
- (b) otherwise—carry out a visual inspection of the part of the installation that is in the area of the eliminated

[s 14]

---

exclusion zone to ensure the installation has no serious defects.

Maximum penalty—40 penalty units.

‘(5) In this section—

*eligible person* means—

- (a) a licensed electrical contractor; or
- (b) a person who holds an electrical mechanic licence and is performing work for a licensed electrical contractor as an employee of the contractor; or
- (c) a person who holds an electrical mechanic licence and is performing work for the person or a relative of the person at premises owned or occupied by the person or relative.’.

#### **14 Amendment of s 167 (Appointment)**

Section 167(1)(b) and (2)(b)—

*omit, insert—*

‘(b) accompanied by the fee for the application; and’.

#### **15 Replacement of s 168 (Refund of part of fee)**

Section 168—

*omit, insert—*

#### **‘168 Refund of fees**

- ‘(1) This section applies if an application under section 167 is refused by the chief executive or is withdrawn before it is decided.
- ‘(2) The amount stated in schedule 7 as the administration component of the fee paid for the application must be refunded.’.

**16 Amendment of s 204 (Definitions for div 1)**

Section 204, definition *total contribution amount*,  
'\$8225000'—  
*omit, insert*—  
'\$10688200'.

**17 Replacement of sch 3 (Prescribed classes of electrical equipment and relevant standards)**

Schedule 3—  
*omit, insert*—

**'Schedule 3 Prescribed classes of electrical equipment and relevant standards**
