The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘judgement’ has replaced ‘judgment’).

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

MRL means maximum residue limit.

MRL standard means the National Registration Authority for Agricultural and Veterinary Chemicals, *MRL Standard Maximum Residue Limits in Food and Animal Feedstuffs of Agricultural and Veterinary Chemicals and Associated Substances*, published by the Australian Government Publishing Service, Canberra.

Editor's note—

A copy of the MRL standard may be inspected, free of charge, during office hours on business days at the department's office at 80 Ann Street, Brisbane. The standard may be viewed on the Australian Pesticides and Veterinary Medicines Authority's website at <www.apvma.gov.au/residues/mrl.shtml>.

Division 2 MRLs

6 MRLs for chemicals for human food—MRL standard

- (1) If the MRL Standard fixes an MRL level for a chemical for a human food commodity, that level is the prescribed MRL for the chemical for the commodity as a human food commodity.
- (2) If the MRL Standard does not fix an MRL level for the chemical for the commodity but fixes an ERL level for the chemical for the commodity, the ERL level is the prescribed MRL for the chemical for the commodity as a human food commodity.

7 Other MRLs for chemicals for human food

- (1) If the MRL Standard does not fix an MRL or ERL level for a particular human food commodity, the prescribed MRL for the chemical for the commodity as a human food commodity is zero.
- (2) If the MRL Standard does not fix an MRL or ERL level for a chemical for any human food commodity, the prescribed MRL for the chemical for any human food commodity is zero.
- (3) However, subsections (1) and (2) do not apply if the use of the chemical in relation to the commodity as a human food commodity is allowed under part 2 of the Act.

[s 8]
