[as amended by all amendments that commenced on or before 6 October 2000]

An Act about the management of vegetation on freehold land

PART 1—PRELIMINARY

Short title

1. This Act may be cited as the *Vegetation Management Act 1999*.

Commencement

2. This Act commences on a day to be fixed by proclamation.

Purposes of Act

3.(1) The purposes of this Act are to regulate the clearing of vegetation on freehold land to—

- (a) preserve the following—
 - (i) remnant endangered regional ecosystems;
 - (ii) vegetation in areas of high nature conservation value and areas vulnerable to land degradation; and
- (b) ensure that the clearing does not cause land degradation; and
- (c) maintain or increase biodiversity; and
- (d) maintain ecological processes; and
- (e) allow for ecologically sustainable land use.

(2) The purposes are achieved mainly by providing for—

- (a) codes for the *Integrated Planning Act 1997* relating to the clearing of vegetation that are applicable codes for the assessment of development applications under IDAS; and
- (b) the enforcement of vegetation clearing provisions.

Advancing the Act's purposes

4. If, under this Act, a function or power is conferred on an entity, the entity must perform the function or exercise the power in a way that advances this Act's purposes.

Definitions

5. The dictionary in the schedule defines particular words used in this Act.

Act binds all persons

6. This Act binds all persons, including the State, and, so far as the legislative power of the Parliament permits, the Commonwealth and the other States.

Application of Act

7.(1) This Act only applies to vegetation on freehold land.¹

(2) This Act does not prevent a local law from imposing requirements on the clearing of vegetation in its local government area.

(3) The requirements mentioned in subsection (2) are unaffected by the *Local Government Act 1993*, section 31.²

(4) The *Local Government Act 1993*, section 31 is subject to subsection (3).

(5) This Act does not prevent a local planning instrument under the *Integrated Planning Act 1997* from imposing requirements on the clearing

¹ See schedule (Dictionary), definition "freehold land".

² *Local Government Act 1993*, section 31 (Inconsistency with State law)

of vegetation in its local government area.

(6) The requirements mentioned in subsection (5) are unaffected by the *Integrated Planning Act 1997*, section 3.1.3.

(7) The *Integrated Planning Act 1997*, section 3.1.3 is subject to subsection (6).

(8) This Act does not prevent land, other than freehold land, from being shown on a regional vegetation management plan.

PART 2—VEGETATION MANAGEMENT

Division 1—Key concepts

What is vegetation

8. “Vegetation” is—

- (a) a native tree; or
- (b) a native plant, other than a grass or mangrove.

What is vegetation management

9.(1) “Vegetation management” is the management of vegetation in a way that achieves the purposes of this Act.

(2) For subsection (1), the management of vegetation may include, for example, the following—

- (a) the retention or maintenance of vegetation to—
 - (i) avoid land degradation; or
 - (ii) maintain or increase biodiversity; or
 - (iii) maintain ecological processes;
- (b) the retention of riparian vegetation;
- (c) the retention of vegetation clumps or corridors.

Division 2—State policy for vegetation management**State policy for vegetation management**

10.(1) The Minister must prepare a policy for vegetation management on freehold land for the State.

(2) Without limiting subsection (1), the policy must—

- (a) state outcomes for vegetation management and actions proposed to achieve the outcomes; and
- (b) include a code for the clearing of vegetation.

(3) The Governor in Council, by gazette notice, may approve the policy.

(4) The chief executive must keep a copy of the policy available for inspection—

- (a) at the department's head office and regional offices at all times when the offices are open for the transaction of public business; and
- (b) on the department's web site on the internet.

(5) On payment of a fee, a person may buy a copy of the policy.

(6) The fee for the copy of the policy must not be more than the reasonable cost of publishing the copy.

(7) The policy is not subordinate legislation.

Division 3—Regional vegetation management plans**Obligation to prepare and make regional vegetation management plans**

11. The Minister must prepare and make regional vegetation management plans for vegetation management on freehold land in regions of the State.

Content of regional vegetation management plan

12.(1) A regional vegetation management plan must—

- (a) state the region for which it is made; and
- (b) state outcomes for vegetation management and actions proposed to achieve the outcomes; and
- (c) include a code for the clearing of vegetation.

(2) A regional vegetation management plan may declare an area in the region to be—

- (a) an area of high nature conservation value; or
- (b) an area vulnerable to land degradation.

(3) Subsections (1) and (2) do not limit what may be included in a regional vegetation management plan.

Consultation for regional vegetation management plan

13.(1) The Minister must consult with the following entities in preparing a regional vegetation management plan—

- (a) an advisory committee established to advise the Minister about vegetation management;
- (b) the relevant regional vegetation management committee;
- (c) each local government whose area is affected by the plan.

(2) The Minister must also give each owner of land that is in an area that is proposed to be declared under section 12(2) a written notice inviting the owner to make a submission about the declaration or plan.

Public notice of preparation of regional vegetation management plan

14.(1) After preparing the plan, the Minister must give notice of the preparation of the plan.

(2) The notice must—

- (a) be published in a newspaper the Minister considers appropriate; and

- (b) state the places where copies of the plan—
 - (i) may be inspected; or
 - (ii) bought on payment of the reasonable fee decided by the chief executive; and
- (c) invite submissions on the plan; and
- (d) state a day by which submissions may be made on the contents of the plan.

Making regional vegetation management plan

15.(1) The Minister, by gazette notice, after considering any submissions made about the draft plan, must make the plan, or the plan as amended, as a regional vegetation management plan.

(2) The regional vegetation management plan made under subsection (1) is the regional vegetation management plan for the region for which it is made.

(3) The chief executive must keep a copy of the regional vegetation management plan available for inspection—

- (a) at the department's head office and regional offices at all times when the offices are open for the transaction of public business; and
- (b) on the department's web site on the Internet.

(4) On payment of a fee, a person may buy a copy of the plan.

(5) The fee for the copy of the plan must not be more than the reasonable cost of publishing the copy.

(6) The plan is not subordinate legislation.

Division 4—Declaration of areas of high nature conservation value and areas vulnerable to land degradation

Preparing declaration

16.(1) The Minister may prepare a declaration that a stated area is—

- (a) an area of high nature conservation value; or
- (b) an area vulnerable to land degradation.

(2) The Minister must also prepare a proposed code for the clearing of vegetation in the stated area.

(3) The Minister must consult with the following entities in preparing the declaration—

- (a) an advisory committee established to advise the Minister about vegetation management;
- (b) any relevant regional vegetation management committee;
- (c) each local government whose area is affected by the declaration.

(4) The Minister must also give each owner of land that is in the stated area a written notice inviting the owner to make a submission about the declaration.

Making declaration

17.(1) The Governor in Council, by gazette notice, may declare—

- (a) an area mentioned in section 16(1)(a) to be an area of high nature conservation value; or
- (b) an area mentioned in section 16(1)(b) to be an area vulnerable to land degradation.

(2) The declaration must include a code for the clearing of vegetation in the declared area.

(3) If a declaration is made under subsection (1) and the area declared is in a region covered by a regional vegetation management plan, the declaration is taken to be an amendment of the plan.

(4) The chief executive must keep a copy of the declaration available for inspection—

- (a) at the department's head office and regional offices at all times when the offices are open for the transaction of public business; and
- (b) on the department's web site on the Internet.

(5) On payment of a fee, a person may buy a copy of the declaration.

(6) The fee for the copy of the declaration must not be more than the reasonable cost of publishing the copy.

(7) The declaration is not subordinate legislation.

Interim declaration

18.(1) The Minister, by gazette notice, may make an interim declaration that a stated area is—

- (a) an area of high nature conservation value; or
- (b) an area vulnerable to land degradation.

(2) The Minister may make the interim declaration only if the Minister considers that urgent action is needed to protect the area.

(3) The interim declaration must state it is an interim declaration and the date, not more than 3 months after it is made, on which it expires.

(4) The interim declaration is not subordinate legislation.

(5) If an area is declared under subsection (1), a person must not clear vegetation in the area while the declaration has effect.

Maximum penalty—1 665 penalty units.

Criteria for declarations

19.(1) The Minister may declare, or provide for a declaration of, an area to be an area of high nature conservation value only if the Minister considers the area is 1 or more of the following—

- (a) a wildlife refugium;
- (b) a centre of endemism;
- (c) an area containing a vegetation clump or corridor that contributes to the maintenance of biodiversity;
- (d) an area of regrowth vegetation that, if retained, will enhance an endangered regional ecosystem stated in the notice;
- (e) an area that makes a significant contribution to the conservation of biodiversity;

- (f) an area that contributes to the conservation value of a wetland, lake or spring stated in the notice.

(2) The Minister may declare, or provide for a declaration of, an area to be an area vulnerable to land degradation only if the Minister considers the area is subject to 1 or more of the following—

- (a) soil erosion;
- (b) rising water tables;
- (c) the expression of salinity, whether inside or outside the area;
- (d) mass movement by gravity of soil or rock;
- (e) stream bank instability;
- (f) a process that results in declining water quality.

Division 5—Declarations about codes for IDAS

IDAS codes for the clearing of vegetation

20.(1) If a regional vegetation management plan is made for a region, the part of the plan identified in the plan as a code for the clearing of vegetation is—

- (a) a code for IDAS for a development application for land in the region; and
- (b) an applicable code for the clearing of vegetation in the region.

(2) If a regional vegetation management plan is not made for a region, the part of the State policy identified as a code for the clearing of vegetation is—

- (a) a code for IDAS for a development application for land in the region; and
- (b) an applicable code for the clearing of vegetation in the region.

(3) Subsection (4) applies if—

- (a) an area is declared under section 18(1); and
- (b) the declared area is not in a region covered by a regional vegetation management plan.

(4) To the extent that the State policy conflicts with the code for the clearing of vegetation in the declared area, the code for the declared area prevails.

Division 6—Modifying effect of Integrated Planning Act 1997

Modifying effect on development applications

21.(1) This section applies for a development application.

(2) If the chief executive is the assessment manager for the application, a property vegetation management plan is a mandatory requirement in addition to the requirements stated in the *Integrated Planning Act 1997*, section 3.2.1(3)(a).

(3) If the chief executive is a concurrence agency for the application, the applicant must give the chief executive a property vegetation management plan in addition to the things mentioned in section 3.3.3(1) of that Act.

(4) For the aspect of the application relating to the clearing of vegetation, sections 3.3.18(4)(b) and 3.5.13(4)(b)³ of that Act do not apply and the official may take the action mentioned in the subsection whether or not compliance with the laws and policies mentioned in the subsection can be achieved by imposing conditions.

(5) For the aspect of the application relating to the clearing of vegetation, section 3.5.13(2) of that Act does not apply and the assessment manager's decision must not conflict with an applicable code.

(6) In this section—

“official” means—

- (a) for the *Integrated Planning Act 1997*, section 3.3.18(4)—a concurrence agency; or
- (b) for the *Integrated Planning Act 1997*, section 3.5.13(4)—the assessment manager.

³ *Integrated Planning Act 1997*, sections 3.3.18 (Concurrence agency's response powers) and 3.5.13 (Decision if application requires code assessment)

Declaration for the *Integrated Planning Act 1997*, s 1.3.4

22. To remove any doubt, it is declared that for the *Integrated Planning Act 1997*, section 1.3.4, a use of premises does not include clearing vegetation that is assessable development.

Transitional modifying effect

23.(1) Despite the *Integrated Planning Act 1997* a person may, on a single development application made before 5 March 2001, apply for development approval for only 1 of the following—

- (a) clearing vegetation only;
- (b) other assessable development that may include the clearing of vegetation as a natural and ordinary consequence of the development.

Example of operation of subsection (1)—

If a person wants to build a piggery on 1 ha and clear 100 ha of vegetation to grow grain for the pigs, the person must make 2 development applications—1 application to the chief executive for clearing the 100 ha and the other application to the local government for building the piggery.

Clearing vegetation on the 1 ha is a natural and ordinary consequence of building the piggery and clearing the 100 ha to grow the grain is not a natural and ordinary consequence of building the piggery.

(2) Despite the *Integrated Planning Act 1997*, until the end of 31 December 2000, any time frame within which an application mentioned in subsection (1)(a) must be dealt with, assessed or decided under that Act does not apply to the application.

(3) This section expires on 4 March 2001.

PART 3—ENFORCEMENT, INVESTIGATIONS AND OFFENCES

Division 1—Enforcement and investigations

Subdivision 1—Authorised officers

Appointment and qualifications of authorised officers

24.(1) The chief executive may appoint a person as an authorised officer.

(2) The chief executive may appoint a person as an authorised officer only if the chief executive is satisfied the person has the necessary expertise or experience to be an authorised officer.

Functions and powers of authorised officers

25.(1) An authorised officer has the function of conducting investigations and inspections to monitor and enforce compliance with—

- (a) this Act; and
- (b) a vegetation clearing provision.

(2) An authorised officer has the powers given under this or another Act.

(3) An authorised officer is subject to the directions of the chief executive in exercising the powers.

(4) The powers of an authorised officer may be limited—

- (a) under a regulation; or
- (b) under a condition of appointment; or
- (c) by notice of the chief executive given to the authorised officer.

Conditions of appointment of authorised officers

26.(1) An authorised officer holds office on the conditions stated in the officer's instrument of appointment.

(2) An authorised officer—

- (a) if the appointment provides for a term of appointment—ceases to hold office at the end of the term; and
- (b) may resign by signed notice of resignation given to the chief executive.

Authorised officer's identity card

27.(1) The chief executive must give each authorised officer an identity card.

(2) The identity card must—

- (a) contain a recent photograph of the authorised officer; and
- (b) be signed by the authorised officer; and
- (c) identify the person as an authorised officer under this Act.

(3) This section does not prevent the giving of a single identity card to a person for this Act and other Acts.

Failure to return identity card

28. A person who ceases to be an authorised officer must return the person's identity card to the chief executive as soon as practicable, but within 15 business days, after ceasing to be an authorised officer, unless the person has a reasonable excuse for not returning it.

Maximum penalty—10 penalty units.

Production or display of identity card

29.(1) An authorised officer may exercise a power under this Act in relation to someone else only if the authorised officer—

- (a) first produces his or her identity card for the person's inspection;
or
- (b) has the identity card displayed so it is clearly visible to the person.

(2) If it is not practicable to comply with subsection (1), the authorised

officer must produce the identity card for the person's inspection at the first reasonable opportunity.

Subdivision 2—Power to enter places

Power to enter places

30.(1) An authorised officer may enter a place if—

- (a) its occupier consents to the entry; or
- (b) it is a public place and the entry is made when it is open to the public; or
- (c) the entry is authorised by a warrant.

(2) For the purpose of asking the occupier of a place for consent to enter, an authorised officer may, without the occupier's consent or a warrant—

- (a) enter land around premises at the place to an extent that is reasonable to contact the occupier; or
- (b) enter part of the place the authorised officer reasonably considers members of the public ordinarily are allowed to enter when they wish to contact the occupier.

Subdivision 3—Procedure for entry

Entry with consent

31.(1) This section applies if an authorised officer intends to ask an occupier of a place to consent to the authorised officer or another authorised officer entering the place under section 30(1)(a).

(2) Before asking for the consent, the authorised officer must tell the occupier—

- (a) the purpose of the entry; and
- (b) that the occupier is not required to consent.

(3) If the consent is given, the authorised officer may ask the occupier to sign an acknowledgment of the consent.

(4) The acknowledgment must state—

- (a) the occupier has been told—
 - (i) the purpose of the entry; and
 - (ii) that the occupier is not required to consent; and
- (b) the purpose of the entry; and
- (c) the occupier gives the authorised officer consent to enter the place and exercise powers under this division; and
- (d) the time and date the consent was given.

(5) If the occupier signs the acknowledgment, the authorised officer must immediately give a copy to the occupier.

(6) A court must find the occupier of a place did not consent to an authorised officer entering the place under this division if—

- (a) an issue arises in a proceeding before the court whether the occupier of the place consented to the entry under section 30(1)(a); and
- (b) an acknowledgment mentioned in subsection (4) is not produced in evidence for the entry; and
- (c) it is not proved by the person relying on the lawfulness of the entry that the occupier consented to the entry.

Application for warrant

32.(1) An authorised officer may apply to a magistrate for a warrant for a place.

(2) The application must be sworn and state the grounds on which the warrant is sought.

(3) The magistrate may refuse to consider the application until the authorised officer gives the magistrate all the information the magistrate requires about the application in the way the magistrate requires.

Example—

The magistrate may require additional information supporting the application to be given by statutory declaration.

Issue of warrant

33.(1) The magistrate may issue a warrant only if the magistrate is satisfied there are reasonable grounds for suspecting—

- (a) there is a particular thing or activity (the “**evidence**”) that may provide evidence of a vegetation clearing offence; and
- (b) the evidence is at the place, or, within the next 7 days, may be at the place.

(2) The warrant must state—

- (a) that a stated authorised officer may, with necessary and reasonable help and force—
 - (i) enter the place and any other place necessary for the entry; and
 - (ii) exercise the authorised officer’s powers under this division; and
- (b) the offence for which the warrant is sought; and
- (c) the evidence that may be seized under the warrant; and
- (d) the hours of the day or night when the place may be entered; and
- (e) the date, within 14 days after the warrant’s issue, the warrant ends.

Special warrants

34.(1) An authorised officer may apply for a warrant (a “**special warrant**”) by phone, fax, radio or another form of communication if the authorised officer considers it necessary because of—

- (a) urgent circumstances; or
- (b) other special circumstances, including, for example, the authorised officer’s remote location.

(2) Before applying for the special warrant, the authorised officer must prepare an application stating the grounds on which the warrant is sought.

(3) The authorised officer may apply for the special warrant before the application is sworn.

(4) After issuing the special warrant, the magistrate must promptly fax a copy (a **“facsimile warrant”**) to the authorised officer if it is reasonably practicable to fax the copy.

(5) If it is not reasonably practicable to fax a copy to the authorised officer—

- (a) the magistrate must tell the authorised officer—
 - (i) what the terms of the special warrant are; and
 - (ii) the date and time the special warrant is issued; and
- (b) the authorised officer must complete a form of warrant (a **“warrant form”**) and write on it—
 - (i) the magistrate’s name; and
 - (ii) the date and time the magistrate issued the special warrant; and
 - (iii) the terms of the special warrant.

(6) The facsimile warrant, or the warrant form properly completed by the authorised officer, authorises the entry and the exercise of the other powers stated in the special warrant issued.

(7) The authorised officer must, at the first reasonable opportunity, send to the magistrate—

- (a) the sworn application; and
- (b) if the authorised officer completed a warrant form—the completed warrant form.

(8) On receiving the documents, the magistrate must attach them to the special warrant.

(9) A court must find the exercise of the power by an authorised officer was not authorised by a special warrant if—

- (a) an issue arises in a proceeding before the court whether the exercise of the power was authorised by a special warrant mentioned in subsection (1); and
- (b) the special warrant is not produced in evidence; and
- (c) it is not proved by the person relying on the lawfulness of the entry that the authorised officer obtained the special warrant.

Warrants—procedure before entry

35.(1) This section applies if an authorised officer named in a warrant issued under this division for a place is intending to enter the place under the warrant.

(2) Before entering the place, the authorised officer must do or make a reasonable attempt to do the following things—

- (a) identify himself or herself to a person present at the place who is an occupier of the place by producing the authorised officer's identity card or a copy of another document evidencing the authorised officer's appointment;
- (b) give the person a copy of the warrant or, if the entry is authorised by a facsimile warrant or warrant form mentioned in section 34(6), a copy of the facsimile warrant or warrant form;
- (c) tell the person the authorised officer is permitted by the warrant to enter the place;
- (d) give the person an opportunity to allow the authorised officer immediate entry to the place without using force.

(3) However, the authorised officer need not comply with subsection (2) if the authorised officer reasonably believes that immediate entry to the place is required to ensure the effective execution of the warrant is not frustrated.

Subdivision 4—Powers after entering a place**General powers after entering places**

36.(1) This section applies to an authorised officer who enters a place.

(2) However, if an authorised officer enters a place to get the occupier's consent to enter the place, this section applies to the authorised officer only if the consent is given or the entry is otherwise authorised.

(3) For monitoring or enforcing compliance with this Act or a vegetation clearing provision, the authorised officer may—

- (a) search any part of the place; or
- (b) inspect, measure, test, photograph or film any part of the place or

anything at the place; or

- (c) take a thing, or a sample of or from a thing, at the place for analysis or testing; or
- (d) copy a document at the place; or
- (e) take into or onto the place any person, equipment and materials the authorised officer reasonably requires for the exercise of a power under this division; or
