Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

- a correction
- a retrospective provision
- other relevant information.

Integrated Planning Act 1997

[as amended by all amendments that commenced on or before 5 October 2004]

An Act for a framework to integrate planning and development assessment so that development and its effects are managed in a way that is ecologically sustainable, and for related purposes

Chapter 1 Preliminary

Part 1 Introduction

1.1.1 Short title

This Act may be cited as the *Integrated Planning Act 1997*.

1.1.2 Commencement

(1) This Act, other than chapter 2, part 2, division 2 and chapter 5, part 6, commences on a day to be fixed by proclamation.

(3) Chapter 5, part 6 commences on 31 March 2000.

Part 2 Purpose and advancing the purpose

1.2.1 Purpose of Act

The purpose of this Act is to seek to achieve ecological sustainability[1] by—

(a) coordinating and integrating planning at the local, regional and State levels; and

(b) managing the process by which development occurs; and

(c) managing the effects of development on the environment (including managing the use of premises).

1.2.2 Advancing Act's purpose

(1) If, under this Act, a function or power is conferred on an entity, the entity must—

(a) unless paragraph (b) or (c) applies—perform the function or exercise the power in a way that advances this Act's purpose; or

(b) if the entity is an assessment manager other than a local government—in assessing and deciding a matter under this Act, have regard to this Act's purpose; or

(c) if the entity is a referral agency other than a local government (unless the local government is acting as a referral agency under devolved or delegated powers)—in assessing and deciding a matter under this Act, have regard to this Act's purpose.

(2) Subsection (1) does not apply to code assessment under this Act.

1 'Ecological sustainability' is defined in section 1.3.3 (Meaning of *ecological sustainability*).

1.2.3 What advancing this Act's purpose includes

(1) Advancing this Act's purpose includes—

(a) ensuring decision-making processes—

(i) are accountable, coordinated and efficient; and

(ii) take account of short and long-term environmental effects of development at local, regional, State and wider levels; and

(iii) apply the precautionary principle; and

(iv) seek to provide for equity between present and future generations; and

(b) ensuring the sustainable use of renewable natural resources and the prudent use of non-renewable natural resources; and

(c) avoiding, if practicable, or otherwise lessening, adverse environmental effects of development; and

(d) supplying infrastructure in a coordinated, efficient and orderly way, including encouraging urban development in areas where adequate infrastructure exists or can be provided efficiently; and

(e) applying standards of amenity, conservation, energy, health and safety in the built environment that are cost effective and for the public benefit; and

(f) providing opportunities for community involvement in decision making.

(2) For subsection (1)(a)(iii), the precautionary principle is the principle that lack of full scientific certainty should not be used as a reason for postponing a measure to prevent degradation of the environment if there are threats of serious or irreversible environmental damage.

(3) In subsection (1)(b)—

natural resources includes biological, energy, extractive, land and water resources that are important to economic development because of their contribution to employment generation and wealth creation.

8 For this Act, *environment* is defined in schedule 10 (Dictionary).

9 For the contents of a priority infrastructure plan, see schedule 10, definition *priority infrastructure plan*.

Other legislation also requires local governments to note certain matters on planning schemes, for example, the *Mineral Resources Act 1989*, section 319 requires a local government to note on its planning scheme the existence of certain mining tenures.

(b) facilitate the efficient allocation of resources; or

(c) satisfy statutory requirements or budgetary commitments of the State or local government for the supply of community infrastructure; or

(d) satisfy the community's expectations for the efficient and timely supply of the infrastructure.

2.6.4 What designations may include

A designation may include—

26 In this part, *Minister* includes any Minister of the Crown. See definition *Minister* in schedule 10 (Dictionary).

(b) other requirements designed to lessen the impacts of the works or the use of the land for community infrastructure, such as procedures for environmental management.

2.6.5 How IDAS applies to designated land

Development under a designation is exempt development, to the extent the development is either, or both, of the following—

(a) self-assessable development or assessable development under a planning scheme;

(b) the reconfiguration of a lot.

2.6.6 How infrastructure charges apply to designated land

If a public sector entity, that is a department or part of a department, proposes or starts development under a designation, the entity is not required to pay any infrastructure charge under chapter 5, part 1[27] for the development.

Division 2 Ministerial designation processes

2.6.7 Matters the Minister must consider before designating land

(1) Before designating land, the Minister must be satisfied that, for the development, the subject of the proposed designation—

(a) adequate environmental assessment has been carried out; and

(b) in carrying out environmental assessment under paragraph (a), there was adequate public consultation; and

(c) adequate account has been taken of issues raised during the public consultation.

(2) The Minister must also consider—

(a) every properly made submission under subsection (4); and

(b) each relevant planning scheme; and

(c) each relevant State planning policy.

(3) For subsection (1), there has been adequate environmental assessment and public consultation in carrying out environmental assessment if—

(a) the assessment and consultation has been carried out as required by guidelines made by the chief executive under section 5.8.8 for assessing the impacts of the development; or

(b) the processes under chapter 3, part 4 and part 5, division 2, have been completed for a development application for the community infrastructure to which the designation relates; or

(c) the process under chapter 5, part 7A, division 2, has been completed for an EIS for development for the community infrastructure; or

(d) the process under schedule 1, section 12, has been carried out for a planning scheme, or an amendment of a planning scheme, that includes the community infrastructure; or

(e) the coordinator-general has, under the *State Development and Public Works Organisation Act 1971*, section 35,[28] prepared a report evaluating an EIS for development for the community infrastructure; or

(f) the process under the *Environmental Protection Act 1994*, chapter 3, part 1[29] has been completed for an EIS for development for the community infrastructure.

28 *State Development and Public Works Organisation Act 1971*, section 35 (Coordinator-General evaluates EIS, submissions, other material and prepares report)

29 *Environmental Protection Act 1994*, chapter 3 (Environmental impact statements), part 1 (EIS process)

(4) However, if written notice of the proposed designation has not been given to each of the following entities about an action mentioned in subsection (3), the Minister must give written notice of the proposed designation to the entities inviting submissions about the proposed designation—

(a) the owner of any land to which the proposed designation applies;

(b) each local government the Minister is satisfied the designation affects.

(5) A notice given under subsection (4) must give the entities at least 15 business days to make a submission.

2.6.8 Procedures after designation

(1) If the Minister designates land, the Minister must give a notice to—

(a) each owner of the land; and

(b) each local government the Minister is satisfied the designation affects; and

(3) The Minister must also publish a gazette notice stating the matters mentioned in subsection (2)(a) to (c).

2.6.9 Procedures if designation does not proceed

If the Minister decides not to proceed with a proposed designation, the Minister must give a notice, stating that the designation will not proceed, to the persons mentioned in section 2.6.8(1)(a) and (b).

2.6.10 Effects of ministerial designations

A designation made under this division—

(a) if the designation states that it replaces an existing designation—replaces the existing designation; and

(b) has effect on and from—

(i) the day the designation is notified in the gazette; or

(ii) if a later day for the commencement of the designation is stated in the notice—the later day.

2.6.11 When local government must include designation in planning scheme

If a local government receives a notice from a Minister stating that the Minister has made a designation in or near its planning scheme area, the local government must note the designation on—

(a) its planning scheme (if any); and

(b) any new planning scheme it makes before the designation ceases to have effect.

Division 3 Local government designation process

2.6.12 Designation of land by local governments

(1) A local government may only designate land by using the process stated in schedule 1 to include the designation as a substantive provision of its planning scheme.

(2) Subsection (1) applies whether or not the local government owns the land.

(3) However, land identified in a priority infrastructure plan as land for community infrastructure is not designated land unless it is also specifically identified as designated land.

2.6.13 Designating land the local government does not own

(1) This section applies if the local government proposes to designate land it does not own.

(2) Before the start of the consultation period for making or amending a planning scheme intended to include the designation, the local government must give written notice of the proposed designation to the owner of the land.

(3) The notice must state the following—

(a) the description of the land proposed to be designated, including a plan of the land;

(b) the type of community infrastructure for which the designation is proposed;

(c) the reasons for the designation;

(d) that written submissions about any aspect of the proposed designation may be given to the local government during the consultation period.

Division 4 Other matters about designations

2.6.14 Duration of designations

(1) A designation ceases to have effect—

(a) if the designation is made by a Minister—6 years after notice of the designation was published in the gazette (the ***designation cessation day***); or

(b) if the designation is made by a local government—6 years after the planning scheme or amendment that incorporated the designation took effect (also the ***designation cessation day***).

(2) If after designating land but before the designation cessation day, a local government makes a new planning scheme and includes an existing designation as a substantive provision of the new planning scheme—

(a) the existing designation continues to have effect until its designation cessation day under subsection (1); and

(b) section 2.6.13 does not apply to remaking the designation in the new planning scheme.

2.6.15 When designations do not cease

(1) A designation does not cease to have effect on the designation cessation day if—

(a) on the designation cessation day, an entity other than the State or the local government owns, or has a public utility easement over, the designated land and construction of community infrastructure started before the designation cessation day; or

(b) on the designation cessation day, the State or the local government owns, or has a public utility easement, for the same purpose as the designation, over, the designated land; or

(c) before the designation cessation day, the State or the local government gave a notice of intention to resume the designated land under the *Acquisition of Land Act 1967*, section 7;[30] or

(d) before the designation cessation day, the State or the local government signed an agreement to take under the *Acquisition of Land Act 1967* or to otherwise buy the designated land; or

(e) for a designation made by the Minister—before the designation cessation day, the Minister gave the local government written notice reconfirming the designation.

(2) However, if the State or a local government discontinues proceedings to resume designated land, whether before or after the designation cessation day, the designation ceases to have effect the day the proceedings are discontinued.

(3) To remove any doubt, it is declared that a designation of land or any notice given to an owner about a designation of land does not constitute a notice of intention to resume under of the *Acquisition of Land Act 1967*, section 7.

30 *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

2.6.16 Reconfirming designation

(1) If the Minister gives a local government a written notice under section 2.6.15(1)(e) reconfirming a designation—

(a) the local government must display the notice in a conspicuous place in the local government's public office; and

(b) the Minister must—

(i) give the owner of the land a copy of the notice; and

(ii) publish the notice in the gazette; and

(c) the designation has effect for another 6 years after the notice is published in the gazette.

(2) When a local government receives a notice from the Minister reconfirming a designation in or near its planning scheme area, the local government must again note the designation on—

(a) its planning scheme (if any); and

(b) any new planning scheme it makes before the designation ceases to have effect.

(3) A reconfirmation of a designation is taken to be a designation to which sections 2.6.14 and 2.6.15 apply.

2.6.17 How designations must be shown in planning schemes

(1) If a local government designates land, or notes a designation of land by the Minister on its planning scheme, the designation or note must—

(a) identify the land; and

(b) state the type of community infrastructure for which the land was designated; and

(c) state the day the designation was made; and

(d) refer to any matters included as part of the designation under section 2.6.4; and

(e) be shown in the planning scheme in a way that other provisions in the planning scheme applying to the land

remain effective even if the designation is repealed or ceases to have effect.

(2) To remove any doubt, it is declared that—

(a) a designation is part of a planning scheme; and

(b) designation is not the only way community infrastructure may be identified in a planning scheme; and

(c) the provisions of a planning scheme (other than the provision that designates land) applying to designated land remain effective even if the designation is repealed or ceases to have effect.

2.6.18 Repealing designations

(1) A Minister may repeal a designation made by the Minister by publishing a notice of repeal of the designation.

(2) A local government may repeal a designation made by the local government by publishing a notice of repeal of the designation.

(3) The notice must be published in the gazette and in a newspaper circulating generally in the area where the designated land is situated.

(4) The notice must state the following—

(a) that the designation has been repealed;

(b) the description of the land to which the designation applied;

(c) the purpose of the community infrastructure for which the land was designated;

(d) the reasons for the decision.

(5) If the repeal is made by the Minister, the Minister must give a copy of the notice to—

(a) each local government to which a notice about the making of the designation was given; and

(b) if the land is owned by an entity other than the State or the local government—the owner; and

(c) the chief executive.

(6) If the repeal is made by the local government and the land is owned by an entity other than the local government, the local government must give a copy of the notice to the owner.

(7) The designation ceases to have effect on the day the notice is published in the gazette.

(8) If a local government repeals a designation or receives a notice from the Minister advising that the Minister has repealed a designation, the local government must note the repeal on its planning scheme.

2.6.19 Request to acquire designated land under hardship

(1) Subsection (3) applies if the owner of an interest in designated land (the ***designated interest***) is suffering hardship because of the designation.

(2) However, subsection (3) does not apply if—

(a) the designated land is land—

(i) over which there is an existing public utility easement; or

(ii) for which a process has started under the *Acquisition of Land Act 1967* to acquire a public utility easement; and

(b) the designation is for community infrastructure for which the easement exists or is being acquired.

(3) The owner may ask the designator to buy—

(a) the designated interest; or

(b) if the owner has an interest in adjoining land and retaining the interest without the designated interest would also cause the owner hardship—the designated interest and the interest in the adjoining land.

(4) The designator must, within 40 business days after the request is received, decide to—

(a) grant the request; or

(b) take other action under section 2.6.21; or

(c) refuse the request.

(5) In deciding whether or not the owner is suffering hardship, the designator must consider each of the following—

(a) whether the owner must sell an interest mentioned in subsection (3)(a) or (b) without delay for personal reasons, including to avoid loss of income, and has tried unsuccessfully to sell the interest at a fair market value (disregarding the designation);

(b) whether the owner has a genuine intent to develop the interest, but development approval has been, or is likely to be, refused because of the designation;

(c) the extent to which development would be viable because of the designation if the owner exercised rights conferred under any development approval.

(6) In this section—

adjoining land means land—

(a) adjoining designated land; and

(b) in which the owner of the designated land has an interest.

2.6.20 If designator grants request

If the designator decides to grant the request, the designator must, within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to buy the nominated interest.

2.6.21 Alternative action designator may take

If the designator decides not to buy the nominated interest, the designator may, instead of taking action under section 2.6.22 and within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to—

(a) exchange the nominated interest for property held by the designator; or

(b) repeal the designation or remove the designation from the designated interest; or

(c) investigate the removal of the designation from the designated interest.

2.6.22 If designator refuses request

If the designator decides to refuse the request, the designator must, within 5 business days after deciding the request, give the owner a notice advising that—

(a) the request has been refused; and

(b) the owner may appeal against the decision.

2.6.23 If the designator does not act under the notice

(1) This section applies if the designator gave a notice under section 2.6.20 or 2.6.21 and, within 40 business days after giving the notice, the designator has not—

(a) signed an agreement with the owner to buy the nominated interest or to take the nominated interest under the *Acquisition of Land Act 1967*, section 15; or

(b) signed an agreement with the owner to exchange the nominated interest; or

(c) repealed the designation or removed the designation from the designated interest.

(2) The designator must, within 5 business days after the end of the period mentioned in subsection (1), give the owner a notice of intention to resume the nominated interest.

(3) The notice given under subsection (2) is taken to be a notice of intention to resume given under the *Acquisition of Land Act 1967*, section 7.

(4) However, the *Acquisition of Land Act 1967*, sections 13 and 41, do not apply to the resumption.[31]

31 *Acquisition of Land Act 1967*, sections 7 (Notice of intention to take land), 13 (Owner may require a small parcel of severed land to be taken), 15 (Taking by agreement) and 41 (Disposal of land)

2.6.24 How value of interest is decided

If an interest in designated land is taken under the *Acquisition of Land Act 1967*, the effect of the designation must be disregarded in deciding the value of the interest taken.

2.6.25 Ministers may delegate certain administrative powers about designations

A Minister may delegate the Minister's powers under sections 2.6.8, 2.6.9 and 2.6.20 to 2.6.23 to—

(a) the chief executive or a senior executive of any department for which the Minister has responsibility; or

(b) the chief executive officer of a public sector entity.

Chapter 3 Integrated development assessment system (IDAS)

Part 1 Preliminary

3.1.1 What is IDAS

IDAS is the system detailed in this chapter for integrating State and local government assessment and approval processes for development.[32]

3.1.2 Development under this Act

(1) Under this Act, all development is exempt development unless it is assessable development or self-assessable development.[33]

32 This chapter sets out a number of ways the operation of IDAS can be adjusted to meet particular circumstances.

33 *Assessable development*, *exempt development* and *self-assessable development* are defined in schedule 10 (Dictionary).

(2) Schedule 9 identifies development that a planning scheme or a temporary local planning instrument can not declare to be assessable development or self-assessable development.

(3) To the extent a planning scheme is inconsistent with schedule 8 or 9, the planning scheme is of no effect.

(4) However, to the extent a planning scheme is inconsistent with schedule 8 because the planning scheme states development is self-assessable, but schedule 8 states the development is assessable—

(a) codes in the planning scheme for the development are not applicable codes; but

(b) the codes must be complied with.

3.1.3 Code and impact assessment for assessable development

(1) A regulation, a planning scheme or a temporary local planning instrument may require impact or code assessment, or both impact and code assessment, for assessable development.

(2) However—

(a) if a regulation mentioned in subsection (1) requires code assessment for development, a planning scheme or temporary local planning instrument can not require impact assessment instead of code assessment for the aspect of development the code is about; and

(b) to the extent the planning scheme or temporary local planning instrument is inconsistent with a regulation mentioned in subsection (1), the planning scheme or temporary local planning instrument is of no effect.

(3) Subsection (2) applies whether a regulation mentioned in subsection (1) was made before or after the commencement of the planning scheme or temporary local planning instrument.

(4) A regulation under this or another Act may also identify a code, or a part of a code, as a code, or a part of a code, that can not be changed under a local planning instrument or a local law.

(5) To the extent a local planning instrument or a local law is inconsistent with the scope of a code, or the part of a code, identified in the regulation, the local planning instrument or local law is of no effect.

3.1.4 When is a development permit necessary

(1) A development permit is necessary for assessable development.[34]

(2) A development permit is not necessary for self-assessable development or exempt development.

(3) However—

(a) self-assessable development must comply with applicable codes;[35] and

(b) exempt development need not comply with codes or planning instruments, other than the regulatory provisions or the draft regulatory provisions.[36]

(4) Nothing in subsection (3)(b) stops a planning instrument or a development approval affecting exempt development if—

(a) the development is the natural and ordinary consequence of another aspect of development that is assessable or self-assessable development; and

(b) the effect mitigates impacts of the assessable or self-assessable development.

Example for subsection (4)—

A development approval for a material change of use may include conditions, including, for example, conditions about landscaping, parking or buildings that are the natural and ordinary consequence of the material change of use if the conditions would mitigate impacts, including, for example, visual amenity, noise or traffic generation, of the material change of use.

---

34 It is an offence to carry out assessable development without a development permit. See section 4.3.1 (Carrying out assessable development without permit).

35 It is an offence to carry out self-assessable development in contravention of applicable technical assessment codes. See section 4.3.2 (Self-assessable development must comply with codes).

36 See section 2.5A.12 (The SEQ regional plan may include regulatory provisions).

3.1.5 Approvals under this Act

(1) A ***preliminary approval*** approves development (but does not authorise assessable development to occur)—

(a) to the extent stated in the approval; and

(b) subject to the conditions in the approval.

(2) However, there is no requirement to get a preliminary approval for development.[37]

(3) A ***development permit*** authorises assessable development to occur—

(a) to the extent stated in the permit; and

(b) subject to—

(i) the conditions in the permit; and

(ii) any preliminary approval relating to the development the permit authorises, including any conditions in the preliminary approval.

3.1.6 Preliminary approval may override a local planning instrument

(1) This section applies if—

(a) an applicant applies for a preliminary approval; and

(b) part of the application states the way in which the applicant seeks the approval to vary the effect of any local planning instrument for the land.

(2) Subsection (3) applies to the extent the application is for—

(a) development that is a material change of use; and

(b) the part mentioned in subsection (1)(b).

(3) If the preliminary approval approves the material change of use, the preliminary approval may, in addition to the things an approval may do under part 5, do either or both of the following for development relating to the material change of use—

37 Preliminary approvals assist in the staging of approvals.

(a) state that the development is—

(i) assessable development (requiring code or impact assessment); or

(ii) self-assessable development; or

(iii) exempt development;

(b) identify any codes for the development.

(4) Subsection (5) applies to the extent the application is for—

(a) development other than a material change of use; and

(b) the part mentioned in subsection (1)(b).

(5) If the preliminary approval approves the development, the preliminary approval may, in addition to the things an approval may do under part 5, do either or both of the following for the development—

(a) state that the development is—

(i) assessable development (requiring code or impact assessment); or

(ii) self-assessable development; or

(iii) exempt development;

(b) identify codes for the development.

(6) To the extent the preliminary approval, by doing either or both of the things mentioned in subsection (3) or (5), is different to the local planning instrument, the approval prevails.

(7) However, subsection (3) or (5) no longer applies to development mentioned in subsection (3)(a) or (5)(a) when the first of the following happens—

(a) the development approved by the preliminary approval and authorised by a later development permit is completed;

(b) any time limit for completing the development ends.[38]

(8) To the extent the preliminary approval is inconsistent with schedule 8 or 9, the preliminary approval is of no effect.

38 See section 3.5.31(1)(c) (Conditions generally).

3.1.7 Assessment manager

(1) The ***assessment manager***—

(a) for an application mentioned in schedule 8A—is the entity stated for the application; and

(b) administers and decides an application, but may not always assess all aspects of development for the application.[39]

(2) If the assessment manager is to be decided by the Minister under schedule 8A, the Minister may instead require the application to be split into 2 or more applications.

(3) If a local government is the assessment manager for development not completely within the local government's planning scheme area—

(a) subsection (1) applies despite the *Local Government Act 1993*, section 25;[40] and

(b) to the extent the application is for development for prescribed tidal work, the local government has the jurisdiction to assess the application in addition to any other jurisdiction it may have for assessing the application.

(4) If an individual (however called) is the assessment manager and has 1 or more jurisdictions as a concurrence agency, the person is not a concurrence agency but the person's jurisdiction as assessment manager includes each jurisdiction the person would have had as a concurrence agency.

3.1.7A Concurrence agencies if Minister decides assessment manager

(1) This section applies if—

---

39 See section 3.5.3A (When assessment manager must not assess part of an application)

40 The *Local Government Act 1993*, section 25—

25 Jurisdiction of local government

Each local government has jurisdiction (the ***jurisdiction of local government***) to make local laws for, and otherwise ensure, the good rule and government of, its territorial unit.

(a) the assessment manager for an application is decided by the Minister; and

(b) the Minister is satisfied 1 or more other entities, that are not concurrence agencies for the application, could have been the assessment manager for the application.

(2) The Minister may state that 1 or more of the entities are to be a concurrence agency for the application.

(3) An entity that becomes a concurrence agency under subsection (2) has the jurisdiction it would have had if it were the assessment manager.

3.1.8 Referral agencies for development applications

(1) A referral agency has, for assessing and responding to the part of a development application giving rise to the referral, the jurisdiction or jurisdictions prescribed under a regulation.

(2) If 2 or more entities prescribed as referral agencies are the same individual (however called), the entities are taken to be a single referral agency with multiple jurisdictions.

3.1.9 Stages of IDAS

(1) IDAS involves the following possible stages—

- application stage[41]
- information and referral stage[42]
- notification stage[43]

41 See part 2.

42 See part 3.

43 See part 4.

- decision stage.[44]

(2) Not all stages, or all parts of a stage, apply to all applications.[45]

3.1.10 Self-assessable development and codes

Self-assessable development must comply with applicable codes.[46]

3.1.11 Native Title Act (Cwlth)

(1) Subsections (2) and (3) apply if an assessment manager takes action under the *Native Title Act 1993* (Cwlth), section 24HA or 24KA.

(2) If the assessment manager takes the action before the decision stage starts, the decision stage does not start until the action is completed.

(3) If the assessment manager takes the action after the decision stage has started, the decision stage stops the day after the action is taken and starts again the day after the action is completed.

---

44 See part 5.

45 An application for development approval for a domestic dwelling requiring code assessment only against the Standard Building Law, Standard Sewerage Law and Standard Water Supply Law will normally involve 2 stages of IDAS only—the application and decision stages. By contrast, an application for development approval for a factory requiring code assessment and a referral for workplace health and safety purposes involves 3 stages—the application, referral and decision stages.

46 It is an offence to carry out self-assessable development in contravention of applicable codes. See section 4.3.2 (Self-assessable development must comply with codes).

Part 2 Application stage

Division 1 Application process

3.2.1 Applying for development approval

(1) Each application must be made to the assessment manager in the approved form.[47]

(2) The approved form—

(a) must contain a mandatory requirements part including a requirement for an accurate description of the land; and

(b) may contain a supporting information part.

(3) Subject to subsection (12), each application must contain, or be supported by, the written consent of the owner of the land to the making of the application if the application is for—

(a) a material change of use of premises or a reconfiguration of a lot; or

(b) work on land below high-water mark and outside a canal as defined under the *Coastal Protection and Management Act 1995*; or

(c) work on rail corridor land as defined under the *Transport Infrastructure Act 1994*.

(4) Each application must be accompanied by the fee—

(a) if the assessment manager is a local government—fixed by resolution of the local government; or

(b) if the assessment manager is another public sector entity—prescribed under a regulation under this or another Act.

(5) To the extent the development involves taking, or interfering with, a State resource prescribed under a regulation, the regulation may require the application to be supported by 1 or

47 A single application may be made for both a preliminary approval and a development permit.

more of the following prescribed under the regulation for the development—

(a) evidence of an allocation of, or an entitlement to, the resource;

(b) evidence the chief executive of the department administering the resource is satisfied the development is consistent with an allocation of, or an entitlement to, the resource;

(c) evidence the chief executive of the department administering the resource is satisfied the development application may proceed in the absence of an allocation of, or an entitlement to, the resource.

(6) Subsection (3) does not apply for an application to the extent—

(a) subsection (5) applies to the application; or

(b) another Act requires the application to be supported by 1 or more of the things mentioned in subsection (5)(a) to (c).[48]

(7) An application is a ***properly made application*** if—

(a) the application is made to the assessment manager; and

(b) the application is made in the approved form; and

(c) the mandatory requirements part of the approved form is correctly completed; and

(d) the application is accompanied by the fee for administering the application; and

(e) if subsection (6) applies—the application is supported by the evidence required under subsection (5); and

(f) the development would not be contrary to the regulatory provisions or the draft regulatory provisions.

(8) The assessment manager may refuse to receive an application that is not a properly made application.

48 See, for example, the *Water Act 2000*, sections 967, 969 and 971.

(9) If the assessment manager receives, and after consideration accepts, an application that is not a properly made application, the application is taken to be a properly made application.

(10) Subsection (9) does not apply to an application—

(a) unless the application contains—

(i) the written consent of the owner of any land to which the application applies; or

(ii) any evidence required under subsection (5); or

(b) if the development would be contrary to the regulatory provisions or the draft regulatory provisions.

(11) For subsection (5), interfering with a State resource includes carrying out development on land other than freehold land.

(12) To the extent the land, the subject of the application, has the benefit of an easement and the development is not inconsistent with the terms of the easement, the consent of the owner of the servient tenement is not required.

3.2.2 Approved material change of use required for certain developments

(1) This section applies if, at the time an application is made—

(a) a structure or works, the subject of an application, may not be used unless a development permit exists for the material change of use of premises for which the structure is, or works are, proposed; and

(b) there is no development permit for the change of use; and

(c) approval for the material change of use has not been applied for in the application or a separate application.

(2) The application is taken also to be for the change of use.

3.2.3 Acknowledgment notices generally

(1) The assessment manager for an application must give the applicant a notice (the ***acknowledgment notice***) within—

(a) if the application is other than a development application (superseded planning scheme)—10 business days after receiving the properly made application (the ***acknowledgment period***); or

(b) if the application is a development application (superseded planning scheme)—30 business days after receiving the properly made application (also the ***acknowledgment period***).

(1A) Subsection (1) does not apply if—

(a) the application requires code assessment only; and

(b) there are no referral agencies (other than building referral agencies), or all referral agencies have stated in writing that they do not require the application to be referred to them under the information and referral stage; and

(c) the application is not a development application (superseded planning scheme).

(2) The acknowledgment notice must state the following—

(a) which of the following aspects of development the application seeks a development approval for—

(i) carrying out building work;

(ii) carrying out plumbing or drainage work;

(iii) carrying out operational work;

(iv) reconfiguring a lot;

(v) making a material change of use of premises;

(vi) clearing vegetation on freehold land;

(b) the names of all referral agencies for the application;

(c) whether an aspect of the development applied for requires code assessment, and if so, the names of all codes that appear to the assessment manager to be applicable codes for the development;

(d) whether an aspect of the development applied for requires impact assessment, and if so, the public notification requirements;

(e) if the assessment manager does not intend to make an information request under section 3.3.6—that the assessment manager does not intend to make an information request;

(f) whether referral coordination is required.

3.2.4 Acknowledgment notices for development inconsistent with priority infrastructure plans

(1) This section applies, in addition to section 3.2.3, if the development is—

(a) either or both of the following—

(i) completely or partly outside a priority infrastructure area;

(ii) inconsistent with the assumptions about the type, scale, location or timing of future development stated in the priority infrastructure plan; and

(b) for any or all of the following—

(i) residential purposes;

(ii) retail or commercial purposes;

(iii) industrial purposes.

(2) The acknowledgment notice must also state—

(a) the matters mentioned in subsection (1); and

(b) additional trunk infrastructure costs may be imposed under section 5.1.25; and

(c) additional infrastructure costs may be imposed under section 5.1.28.

3.2.5 Acknowledgment notices for applications under superseded planning schemes

(1) If an application is a development application (superseded planning scheme) in which the applicant advises that the applicant proposes to carry out development under a superseded planning scheme, the acknowledgment notice must state—

(a) that the applicant may proceed as proposed as if the development were to be carried out under the superseded planning scheme; or

(b) that a development permit is required for the application.

(2) If a notice is given under subsection (1)(a), section 3.2.3(2) does not apply.

(3) If an application is a development application (superseded planning scheme) in which the applicant asks the assessment manager to assess the application under the superseded planning scheme, the acknowledgment notice must state—

(a) that the application will be assessed under the superseded planning scheme; or

(b) that the application will be assessed under the existing planning scheme.

(4) If the applicant is given a notice under subsection (1)(a), the applicant may start the development for which the application was made as if the development were started under the superseded planning scheme.

(5) However, the applicant must start the development under subsection (4) within—

(a) if the development is a material change in use—4 years after the applicant is given the notice under subsection (1)(a); or

(b) if paragraph (a) does not apply—2 years after the applicant is given the notice under subsection (1)(a).

3.2.6 Acknowledgment notices if there are referral agencies or referral coordination is required

(1) If there are referral agencies for an application, the acknowledgment notice must also state—

(a) the address of each referral agency; and

(b) for each referral agency—whether the referral agency is a concurrence agency or an advice agency.

(2) If referral coordination is required, the acknowledgment notice must state that the applicant is required to give the chief executive—

(a) a copy of the application; and

(b) a copy of the acknowledgment notice; and

(c) the fee prescribed under a regulation under this or another Act.[49]

Division 2 General matters about applications

3.2.7 Additional third party advice or comment

(1) The assessment manager or a concurrence agency for an application may ask any person for advice or comment about the application at any stage.

(2) However asking for and receiving advice or comment must not extend any stage.

(3) There is no particular way advice or comment may be asked for and received and the request may be by publicly notifying the application.

(4) To remove any doubt, it is declared that public notification under subsection (3) is not notification under part 4, division 2.

3.2.8 Public scrutiny of applications and related material

(1) The assessment manager must keep, for each application, the following documents available for inspection and purchase—

(a) the application, including any supporting material;

(b) any acknowledgment notice;

(c) any information request;

(d) any properly made submission;

(e) any referral agency response.

49 See section 3.3.3 (Applicant gives material to referral agency).

(2) The documents mentioned in subsection (1) must be kept available for inspection and purchase from the time the assessment manager receives the application until—

(a) the application is withdrawn or lapses; or

(b) if paragraph (a) does not apply—the end of the last period during which an appeal may be made against a decision on the application.

(3) Subsection (1) does not apply to supporting material to the extent the assessment manager is satisfied the material contains sensitive security information.

(4) Also, the assessment manager may remove the name, address and signature of each person who made a submission before making the submission available for inspection and purchase.

3.2.9 Changing an application

(1) Before an application is decided, the applicant may change the application by giving the assessment manager written notice of the change.

(2) When the assessment manager receives notice of the change, the assessment manager must advise any referral agencies for the original application and the changed application of the receipt of the notice and its effect under subsection (3).

(3) The IDAS process stops on the day the notice of the change is received by the assessment manager and starts again—

(a) from the start of the acknowledgment period, if 1 or more of the following apply—

(i) the application is an application that requires an acknowledgment notice to be given and the acknowledgment notice for the original application has not been given;

(ii) there are referral agencies for the original application, the changed application or both the original application and the changed application;

(iii) the original application involved only code assessment but the changed application involves impact assessment; or

(b) if paragraph (a)(i), (ii) or (iii) does not apply—from the start of the information request period.

(4) However, the IDAS process does not stop if—

(a) the change merely corrects a mistake about—

(i) the name or address of the applicant or owner; or

(ii) the address or other property details of the land to which the application applies; and

(b) the assessment manager is satisfied the change would not adversely affect the ability of a person to assess the changed application.

(5) To remove any doubt, it is declared that this section does not apply if an applicant changes an application in response to an information request.

3.2.10 Notification stage does not apply to some changed applications

The notification stage does not apply to a changed application if—

(a) the original application involved impact assessment; and

(b) the notification stage for the original application had been completed when the IDAS process stopped; and

(c) the assessment manager is satisfied the change to the application, if the notification stage were to apply to the change, would not be likely to attract a submission objecting to the thing comprising the change.

3.2.11 Withdrawing an application

(1) At any time before the application is decided, the applicant may withdraw the application by giving written notice of the withdrawal to—

(a) the assessment manager; and

(b) any referral agency; and

(c) if the application requires referral coordination—the chief executive.

(2) If within 1 year of withdrawing the application, the applicant makes a later application that is not substantially different from the withdrawn application, any properly made submission about the withdrawn application is taken to be a properly made submission about the later application.

3.2.12 Applications lapse in certain circumstances

(1) An application lapses if—

(a) the next action to be taken for the application under the IDAS process is to be taken by the applicant; and

(b) the period mentioned in subsection (2) has elapsed since the applicant became entitled to take the action; and

(c) the applicant has not taken the action.

(2) For subsection (1), the period mentioned is—

(a) if the next action is complying with section 3.3.3[50]— 3 months; or

(b) if the next action is complying with section 3.3.8—

(i) for an application required by an enforcement notice or in response to a show cause notice— 3 months; or

(ii) for any other application—12 months; or

(c) for taking the actions mentioned in section 3.4.4[51]— 20 business days; or

(d) if the next action is complying with section 3.4.7[52]— 3 months.

(3) The period mentioned in subsection (2)(b) may be extended if the entity making the information request agrees with the applicant to extend the period.

50 Section 3.3.3 (Applicant gives material to referral agency)

51 Section 3.4.4 (Public notice of applications to be given)

52 Section 3.4.7 (Notice of compliance to be given to assessment manager)

3.2.13 Refunding fees

An assessment manager or a concurrence agency may, but need not, refund all or part of the fee paid to it to assess an application.

Division 3 End of application stage

3.2.15 When does application stage end

The application stage for a properly made application ends—

(a) if the application is an application that requires an acknowledgment notice to be given—the day the acknowledgment notice is given; or

(b) if the application is an application that does not require an acknowledgment notice to be given—the day the application was received.

Part 3 Information and referral stage

Division 1 Preliminary

3.3.1 Purpose of information and referral stage

The information and referral stage for an application—

(a) gives the assessment manager, and any concurrence agencies, the opportunity to ask the applicant for further information needed to assess the application; and

(b) gives concurrence agencies the opportunity to exercise their concurrence powers; and

(c) gives the assessment manager the opportunity to receive advice about the application from referral agencies.

3.3.2 Referral agency responses before application is made

(1) Nothing in this Act stops a referral agency from giving a referral agency response on a matter within its jurisdiction about a development before an application for the development is made to the assessment manager.

(2) However—

(a) a referral agency is not obliged to give a referral agency response mentioned in subsection (1) before the application is made; and

(b) if the development is development requiring referral coordination, a statement in the referral agency response that the agency does not require a referral under section 3.3.3(3)(b)(i) is of no effect.

Division 2 Information requests

3.3.3 Applicant gives material to referral agency

(1) The applicant must give each referral agency—

(a) a copy of the application (unless the referral agency already has a copy of the application); and

(b) a copy of the acknowledgment notice (unless the referral agency was the entity that gave the notice or is a building referral agency); and

(c) if the referral agency is a concurrence agency—the agency's application fee prescribed under a regulation under this or another Act or, if the functions of the concurrence agency in relation to the application have been devolved or delegated to a local government, the fee that is, by resolution, adopted by the local government.

(2) The things mentioned in subsection (1)(a), (b) and (c) must be given to all referral agencies at about the same time.

(3) However, the applicant need not give a referral agency the things mentioned in subsection (1)(a), (b) and (c), if—

(a) the applicant gave the assessment manager a copy of the referral agency's response mentioned in section 3.3.2(1) with the application; and

(b) the referral agency's response states that—

(i) the agency does not require a referral under this section; or

(ii) the agency does not require a referral under this section if any conditions (including a time limit within which the application must be made) stated in the response are satisfied; and

(c) the statement is not stopped from having effect under section 3.3.2(2)(b), and any conditions mentioned in paragraph (b)(ii) are satisfied.

(4) The assessment manager may, on behalf of the applicant and with the applicant's agreement, comply with subsection (1) for a fee, not more than the assessment manager's reasonable costs of complying with subsection (1).

(5) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsections (1) to (4) (other than subsection (1)(c)) do not apply.

3.3.4 Applicant advises assessment manager

(1) After complying with section 3.3.3, the applicant must give the assessment manager written notice of—

(a) the day the applicant gave each referral agency the things mentioned in section 3.3.3(1)(a), (b) and (c); and

(b) if referral coordination is required—the day the applicant complied with section 3.3.5(3).

(2) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsection (1)(a) does not apply.

3.3.5 Referral coordination

(1) The information requests for an application require coordination (***referral coordination***) by the chief executive if any of the following apply—

(a) there are 3 or more concurrence agencies;

(b) all or part of the development—

(i) is assessable under a planning scheme; and

(ii) is prescribed under a regulation;

(c) all or part of the development is the subject of an application for a preliminary approval mentioned in section 3.1.6.

(2) However, subsection (1)(b) does not apply if the assessment manager gives the applicant written notice that all or part of the development mentioned in subsection (1)(b) would, in the assessment manager's opinion, be unlikely to have significant effects on the environment.

(3) If referral coordination is required, the applicant must give the chief executive—

(a) a copy of the application and the acknowledgment notice; and

(b) the fee prescribed under a regulation; and

(c) written notice of the day the applicant complied with section 3.3.3(1) for each referral agency.

(4) If a concurrence agency's functions have been lawfully devolved or delegated to the entity that is the assessment manager, the entity is not counted as a referral agency for subsection (1)(a).

(5) If an application requires referral coordination under subsection (1), section 3.2.3(1)[53] applies to the application, despite section 3.2.3(1A).

53 Section 3.2.3 (Acknowledgment notices generally)

3.3.6 Information requests to applicant (generally)

(1) This section does not apply if referral coordination is required.

(2) The assessment manager and each concurrence agency may ask the applicant, by written request (an ***information request***), to give further information needed to assess the application.

(3) A concurrence agency may only ask for information about a matter that is within its jurisdiction.

(4) If the assessment manager makes the request, the request must be made—

(a) for an application requiring an acknowledgment notice to be given—within 10 business days after giving the acknowledgment notice (the ***information request period***); and

(b) for an application that does not require an acknowledgment notice to be given—within 10 business days after the day the application was received (also the ***information request period***).

(4A) If a concurrence agency makes the request, the request must be made within 10 business days after the agency's referral day (also the ***information request period***).

(5) If an information request is made by a concurrence agency, the concurrence agency must—

(a) give the assessment manager a copy of the request; and

(b) advise the assessment manager of the day the request was made.

(6) The assessment manager or a concurrence agency may, by written notice given to the applicant and without the applicant's agreement, extend the information request period by not more than 10 business days.

(7) Only 1 notice may be given under subsection (6) and it must be given before the information request period ends.

(8) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(9) If the information request period is extended for a concurrence agency, the concurrence agency must advise the assessment manager of the extension.

3.3.7 Information requests to applicant (referral coordination)

(1) This section applies if referral coordination is required.

(2) The chief executive may, within 20 business days after the chief executive receives the notice mentioned in section 3.3.5(3)(c) and after consulting the assessment manager and each referral agency—

(a) by written request (also an ***information request***) ask the applicant to give further information needed to assess the application; or

(b) by written notice advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

(3) The chief executive may, by written notice given to the applicant and without the applicant's agreement, extend the information request period by not more than 10 business days.

(4) Only 1 notice may be given under subsection (3) and it must be given before the information request period ends.

(5) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(6) If the chief executive extends the information request period, the chief executive must advise the assessment manager and each concurrence agency of the extension.

(7) If the chief executive does not give the applicant an information request under this section and has not given a notice under subsection (2)(b), the chief executive must advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

3.3.8 Applicant responds to any information request

(1) If the applicant receives an information request from the assessment manager or a concurrence agency (the ***requesting authority***), the applicant must respond by giving the requesting authority—

(a) all of the information requested; or

(b) part of the information requested together with a notice asking the requesting authority to proceed with the assessment of the application; or

(c) a notice—

(i) stating that the applicant does not intend to supply any of the information requested; and

(ii) asking the requesting authority to proceed with the assessment of the application.

(2) If the requesting authority is a concurrence agency, the applicant must also give a copy of the applicant's response to the assessment manager.

(3) If the applicant receives an information request from the chief executive carrying out referral coordination, the applicant must give the assessment manager and each referral agency (but not the chief executive) a written response to the information request supplying—

(a) all of the information requested; or

(b) part of the information requested together with a notice asking the assessment manager and each referral agency to proceed with the assessment of the application; or

(c) a notice—

(i) stating that the applicant does not intend to supply any of the information requested; and

(ii) asking the assessment manager and each referral agency to proceed with the assessment of the application.

3.3.9 Referral agency advises assessment manager of response

Each referral agency must, after receiving the applicant's response, advise the assessment manager of the day of the applicant's response under section 3.3.8.

Division 3 Referral assistance

3.3.10 When referral assistance may be requested

(1) The applicant may make a written request to the chief executive for assistance (***referral assistance***) for an information request to which the applicant has not responded.

(2) The chief executive may give referral assistance if the chief executive is satisfied that—

(a) the information request, being a concurrence agency's information request or an information request under referral coordination, is unreasonable or is inappropriate in the context of the application; or

(b) the request is in conflict with another information request.

3.3.11 Chief executive acknowledges receipt of referral assistance request

(1) After receiving a referral assistance request, the chief executive must give a notice acknowledging receipt of the request to—

(a) the applicant; and

(b) if the request involves the assessment manager—the assessment manager; and

(c) if the request involves a concurrence agency—the concurrence agency.

(2) The notice must state the day on which the request was received.

3.3.12 Chief executive may change information request

(1) If the chief executive decides to give referral assistance, the chief executive may, after consulting with the entity that made the information request, change the information request.

(2) However, the chief executive may change an information request made by a local government only if the local government agrees to the change.

(3) The chief executive must give a copy of the changed information request to the applicant and any entity whose information request has been changed.

3.3.13 Applicant may withdraw request for referral assistance

The applicant may, by written notice to the chief executive at any time, withdraw the request for referral assistance.

Division 4 Referral agency assessment

3.3.14 Referral agency assessment period

(1) The period a referral agency has to assess the application (the ***referral agency's assessment period***) is—

(a) the number of business days, starting on the day immediately after the agency's referral day and being less than 30 business days, prescribed under a regulation; or

(b) if there is no regulation under paragraph (a)—30 business days, starting on the day after the agency's referral day.

(2) A referral agency's assessment period includes the information request period.

(2A) The referral agency's assessment period mentioned in subsection (1) applies even if there is no information request period for the application because an EIS is required.

(3) A concurrence agency may, by written notice given to the applicant and without the applicant's agreement, extend its referral agency's assessment period by not more than—

(a) if a regulation under subsection (1)(a) has prescribed the referral agency's assessment period—the number of business days, being less than 20 business days, prescribed under a regulation; or

(b) if paragraph (a) does not apply—20 business days.

(4) A notice under subsection (3) may be given only before the referral agency's assessment period ends.

(5) The referral agency's assessment period may be further extended, including for the purpose of providing further information to the referral agency, if the applicant, before the period ends, gives written agreement to the extension.

(6) If the referral agency's assessment period is extended for a concurrence agency, the agency must advise the assessment manager of the extension.

(7) If referral coordination is not required, the referral agency's assessment period does not include—

(a) any extension for giving an information request; or

(b) any period in which the agency is waiting for a response to an information request.

(8) If referral coordination is required, the referral agency's assessment period does not include—

(a) if the chief executive gave an information request—the time between the agency's referral day and the day the applicant responds under section 3.3.8(3); or

(b) if the chief executive does not give an information request—the time between the agency's referral day and the day the chief executive gives notice that an information request will not be made.

3.3.15 Referral agency assesses application

(1) Each referral agency must, within the limits of its jurisdiction, assess the application—

(a) against the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the referral agency; and

(b) having regard to—

(i) any planning scheme in force, when the application was made, for the planning scheme area; and

(ii) each of the following, if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(A) State planning policies, or parts of State planning policies;[54]

(B) for the planning scheme of a local government in the SEQ region—the SEQ regional plan.

(iii) if the land to which the application relates is designated land—its designation; and

(c) for a concurrence agency—against any applicable concurrence agency code.

(2) Despite subsection (1) a referral agency—

(a) may give the weight it considers appropriate to any laws, planning schemes, policies and codes, of the type mentioned in subsection (1), coming into effect after the application was made, but before the agency's referral day; but

(b) must disregard any planning scheme for the planning scheme area if the referral agency's jurisdiction is limited to considering the effect of the Standard Building Regulation, on building work.

3.3.16 Referral agency's response

(1) If a concurrence agency wants the assessment manager to include concurrence agency conditions in the development approval, or to refuse the application, the concurrence agency must give its response (a ***referral agency's response***) to the

54 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

assessment manager, and give a copy of its response to the applicant, during the referral agency's assessment period.

(2) If an advice agency wants the assessment manager to consider its advice or recommendations when assessing the application, the advice agency must give its response (also a ***referral agency's response***) to the assessment manager, and give a copy of its response to the applicant, during the referral agency's assessment period.

(3) If a referral agency does not give a response under subsection (1), the assessment manager may decide the application as if the agency had assessed the application and had no concurrence agency requirements.

3.3.17 How a concurrence agency may change its response

(1) Despite section 3.3.16(1), a concurrence agency may, after the end of the assessment period but before the application is decided, give a response or amend its response.

(2) Subsection (1) applies only if the applicant has given written agreement to the content of the response or the amended response.

(3) If a concurrence agency gives or amends a response under subsection (1), the concurrence agency must give—

(a) to the assessment manager—the response or the amended response and a copy of the agreement under subsection (2); and

(b) to the applicant—a copy of the response or the amended response.

3.3.18 Concurrence agency's response powers

(1) A concurrence agency's response may, within the limits of its jurisdiction, tell the assessment manager 1 or more of the following—

(a) the conditions that must attach to any development approval;

(b) that any approval must be for part only of the development;

(c) that any approval must be a preliminary approval only.

(2) Alternatively, a concurrence agency's response must, within the limits of its jurisdiction, tell the assessment manager—

(a) it has no concurrence agency requirements; or

(b) to refuse the application.

(3) A concurrence agency's response may also offer advice to the assessment manager about the application.

(5) To the extent a concurrence agency's jurisdiction is about assessing the effects of development on designated land, the concurrence agency may only tell the assessment manager to refuse the application if—

(a) the concurrence agency is satisfied the development would compromise the intent of the designation; and

(b) the intent of the designation could not be achieved by imposing conditions on the development approval.

(6) Subsection (2)(b) does not apply to the extent a concurrence agency's jurisdiction is about the assessment of the cost impacts of supplying infrastructure to development.

(7) If a concurrence agency's response requires an application to be refused or requires a development approval to include conditions, the response must include reasons for the refusal or inclusion.

3.3.19 Advice agency's response powers

(1) An advice agency's response may, within the limits of its jurisdiction, recommend to the assessment manager 1 or more of the following—

(a) the conditions that should attach to any development approval;

(b) that any approval should be for part only of the application;

(c) that any approval should be a preliminary approval only.

(2) Alternatively, an advice agency's response may, within the limits of its jurisdiction, advise the assessment manager—

(a) it has no advice agency recommendations; or

(b) it should refuse the application.

(3) An advice agency's response may also do either or both of the following—

(a) offer other advice to the assessment manager about the application;

(b) tell the assessment manager to treat the response as a properly made submission.

Division 5 End of information and referral stage

3.3.20 When does information and referral stage end

(1) If there are no referral agencies for the application, the information and referral stage ends when—

(a) the assessment manager states in the acknowledgment notice that it does not intend to make an information request; or

(b) if a request has been made—the applicant has finished responding to the request; or

(c) if neither paragraph (a) nor paragraph (b) applies—the assessment manager's information request period has ended.

(2) If there are referral agencies for the application, the information and referral stage ends when—

(a) the assessment manager has received the notice from the applicant under section 3.3.4;[55] and

(b) an action mentioned in subsection (1)(a) or (b) has happened or the assessment manager's information request period has ended; and

(c) all referral agency responses have been received by the assessment manager or, if all the responses have not

55 Section 3.3.4 (Applicant advises assessment manager)

been received, all referral agency assessment periods have ended.

Part 4 Notification stage

Division 1 Preliminary

3.4.1 Purpose of notification stage

The notification stage gives a person—

(a) the opportunity to make submissions, including objections, that must be taken into account before an application is decided; and

(b) the opportunity to secure the right to appeal to the court about the assessment manager's decision.

3.4.2 When the notification stage applies

(1) The notification stage applies to an application if either of the following applies—

(a) any part of the application requires impact assessment;

(b) the application is an application to which section 3.1.6 applies.

(2) Subsection (1) applies even if—

(a) code assessment is required for another part of the application; or

(b) a concurrence agency advises the assessment manager it requires the application to be refused.

(3) However, subsection (1)(b) does not apply if—

(a) a preliminary approval to which section 3.1.6 applies has been given for land; and

(b) the application—

(i) does not seek to change the type of assessment for the development; or

(ii) seeks only to change development requiring code assessment to self-assessable development; or

(iii) seeks only to increase the level of assessment for the development; and

(c) a code proposed as part of the application is substantially consistent with a code in the preliminary approval.

3.4.3 When can notification stage start

(1) If there are no concurrence agencies and the assessment manager has stated in the acknowledgment notice that the assessment manager does not intend to make an information request, the applicant may start the notification stage as soon as the acknowledgment notice is given.

(2) If no information requests have been made during the last information request period, the applicant may start the notification period as soon as the last information request period ends.

(3) If an information request has been made during the information request period, the applicant may start the notification period as soon as the applicant gives—

(a) all information request responses to all information requests made; and

(b) copies of the responses to the assessment manager.

Division 2 Public notification

3.4.4 Public notice of applications to be given

(1) The applicant (or with the applicant's written agreement, the assessment manager) must—

(a) publish a notice at least once in a newspaper circulating generally in the locality of the land; and

(b) place a notice on the land in the way prescribed under a regulation; and

(c) give a notice to the owners of all land adjoining the land.

(2) The notices must be in the approved form.

(3) If the assessment manager carries out notification on behalf of the applicant, the assessment manager may require the applicant to pay a fee, of not more than the assessment manager's reasonable costs for carrying out the notification.

(4) For subsection (1)(c), roads, land below high-water mark and the beds and banks of rivers are to be taken not to be adjoining land.

(5) In this section—

owner, for land adjoining the land the subject of the application, means[56]—

(a) if the adjoining land is subject to the *Integrated Resort Development Act 1987* or the *Sanctuary Cove Resort Act 1985*—the primary thoroughfare body corporate; or

(b) if the adjoining land is subject to the *Mixed Use Development Act 1993*—the community body corporate; or

(c) subject to paragraphs (a) and (b), if the adjoining land is subject to the *Building Units and Group Titles Act 1980*—the body corporate; or

(d) if the adjoining land is, under the *Body Corporate and Community Management Act 1997* scheme land for a community titles scheme—

(i) the body corporate for the scheme; or

(ii) if the adjoining land is scheme land for more than 1 community titles scheme—the body corporate for the community titles scheme that is a principal scheme; or

(e) if there is a time sharing scheme on the adjoining land and the name and address of a person has been notified

56 See the *Acts Interpretation Act 1954*, section 13A.

under the *Local Government Act 1993*, section 715[57]—the person; or

(f) if the adjoining land is land being bought from the State for an estate in fee simple under the *Land Act 1994*—the buyer; or

(g) if the adjoining land is land granted in trust or reserved and set apart and placed under the control of trustees under the *Land Act 1994*—the trustees of the land; or

(h) if paragraphs (a) to (g) do not apply—the person for the time being entitled to receive the rent for the land or would be entitled to receive the rent for it if it were let to a tenant at a rent.

3.4.5 Notification period for applications

The ***notification period*** for the application—

(a) must be not less than—

(i) if there is no referral coordination for the application—15 business days starting on the day after the last action under section 3.4.4(1) is carried out; or

(ii) if there is referral coordination for the application—30 business days starting on the day after the last action under section 3.4.4(1) is carried out; and

(b) must not include any business day from 20 December in a particular year to 5 January in the following year, both days inclusive.

3.4.6 Requirements for certain notices

(1) The notice placed on the land must remain on the land for all of the notification period.

57 *Local Government Act 1993*, section 1124 (Notice of time share scheme to local government)

Section 715 has been renumbered as section 1124 under the *Local Government Act 1993*, section 793C.

(2) Each notice given to the owner of adjoining land must be given at about the same time as the notice is published in the newspaper and placed on the land.

(3) All actions mentioned in subsection (2) must be completed within 5 business days after the first of the actions is carried out.

(4) A regulation may prescribe different notification requirements for an application for development on land located—

(a) outside any local government area; or

(b) within a local government area but in a location where compliance with section 3.4.4(1) would be unduly onerous or would not give effective public notice.

3.4.7 Notice of compliance to be given to assessment manager

If the applicant carries out notification, the applicant must, after the notification period has ended, give the assessment manager written notice that the applicant has complied with the requirements of this division.[58]

3.4.8 Circumstances when applications may be assessed and decided without certain requirements

Despite section 3.4.7, the assessment manager may assess and decide an application even if some of the requirements of this division have not been complied with, if the assessment manager is satisfied that any noncompliance has not—

(a) adversely affected the awareness of the public of the existence and nature of the application; or

(b) restricted the opportunity of the public to make properly made submissions.

58 It is an offence to give the assessment manager a notice under this section that is false or misleading (see section 4.3.7).

3.4.9 Making submissions

(1) During the notification period, any person other than a concurrence agency may make a submission to the assessment manager about the application.

(2) The assessment manager must accept a submission if the submission is a properly made submission.

(3) However, the assessment manager may accept a written submission even if the submission is not a properly made submission.

(4) If the assessment manager has accepted a submission, the person who made the submission may, by written notice—

(a) during the notification period, amend the submission; or

(b) at any time before a decision about the application is made, withdraw the submission.

3.4.9A Submissions made during notification period effective for later notification period

(1) This section applies if—

(a) a person makes a submission under section 3.4.9(1) and the submission is a properly made submission or the assessment manager accepts the submission under section 3.4.9(3); and

(b) the notification stage for the application is repeated for any reason.

(2) The properly made submission is taken to be a properly made submission for the later notification period and the submitter may, by written notice—

(a) during the later notification period, amend the submission; or

(b) at any time before a decision about the application is made, withdraw the submission.

(3) The submission the assessment manager accepted under section 3.4.9(3) is taken to be part of the common material for the application unless the person who made the submission withdraws the submission before a decision is made about the application.

Division 3 End of notification stage

3.4.10 When does notification stage end

The notification stage ends—

(a) if notification is carried out by the applicant—when the assessment manager receives written notice under section 3.4.7; or

(b) if notification is carried out by the assessment manager on behalf of the applicant—when the notification period ends.

Part 5 Decision stage

Division 1 Preliminary

3.5.1 When does decision stage start

(1) If an acknowledgment notice or referral to a building referral agency for an application is required, the decision stage for the application starts the day after all other stages applying to the application have ended.

(2) If subsection (1) does not apply to an application, the decision stage for the application starts—

(a) if an information request has been made about the application—the day the applicant responds to the information request;[59] or

(b) if an information request has not been made about the application—the day the application was received.

(3) However, the assessment manager may start assessing the application before the start of the decision stage.

59 See section 3.3.8 (Applicant responds to any information request).

3.5.2 Assessment necessary even if concurrence agency refuses application

This part applies even if a concurrence agency advises the assessment manager the concurrence agency requires the application to be refused.

Division 2 Assessment process

3.5.3 References in div 2 to codes, planning instruments, laws or policies

In this division (other than section 3.5.6), a reference to a code, planning instrument, law or policy is a reference to a code, planning instrument, law or policy in effect when the application was made.

3.5.3A When assessment manager must not assess part of an application

(1) This section applies to the part of an application (the ***coordinated part***) for which, were it a separate development application, there would be a different assessment manager.

(2) Despite sections 3.5.4 and 3.5.5, the assessment manager must not assess the development, the subject of the coordinated part.

3.5.4 Code assessment

(1) This section applies to any part of the application requiring code assessment.

(2) The assessment manager must assess the part of the application only against—

(a) applicable codes (other than concurrence agency codes the assessment manager does not apply); and

(b) subject to paragraph (a)—the common material; and

(c) if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(i) State planning policies, or parts of State planning policies;[60] and

(ii) for the planning scheme of a local government in the SEQ region—the SEQ regional plan; and

(d) if the assessment manager is an infrastructure provider—the priority infrastructure plan.[61]

(2A) However, subsection (2)(c) does not apply for the part of an application involving assessment against the *Building Act 1975*.

(3) If the assessment manager is not a local government, the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application, are taken to be applicable codes in addition to the applicable codes mentioned in subsection (2)(a).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), the assessment manager must assess and decide the application as if—

(a) the application were an application to which the superseded planning scheme applied; and

(b) the existing planning scheme was not in force; and

(c) for chapter 5, part 1, the infrastructure provisions of the existing planning scheme applied.

3.5.5 Impact assessment

(1) This section applies to any part of the application requiring impact assessment.

(2) If the application is for development in a planning scheme area, the assessment manager must carry out the impact assessment having regard to the following—

(a) the common material;

60 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

61 See chapter 5 (Miscellaneous), part 1 (Infrastructure planning and funding).

(b) the planning scheme and any other relevant local planning instruments;

(c) if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(i) State planning policies, or parts of State planning policies;[62] and

(ii) for the planning scheme of a local government in the SEQ region—the SEQ regional plan;

(d) any development approval for, and any lawful use of, premises the subject of the application or adjacent premises;

(e) if the assessment manager is not a local government—the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application;

(f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

(3) If the application is for development outside a planning scheme area, the assessment manager must carry out the impact assessment having regard to the following—

(a) the common material;

(b) if the development could materially affect a planning scheme area—the planning scheme and any other relevant local planning instruments;

(c) any relevant State planning policies;

(d) any development approval for, and any lawful use of, premises the subject of the application or adjacent premises;

(e) if the assessment manager is not a local government—the laws that are administered by, and the policies that are reasonably identifiable as policies

applied by, the assessment manager and that are relevant to the application;

(f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), subsection (2)(b) does not apply and the assessment manager must assess and decide the application as if—

(a) the application were an application to which the superseded planning scheme applied; and

(b) the existing planning scheme was not in force; and

(c) for chapter 5, part 1, the infrastructure provisions of the existing planning scheme applied.

3.5.5A Assessment for s 3.1.6 preliminary approvals that override a local planning instrument

(1) Subsection (2) applies to the part of an application for a preliminary approval mentioned in section 3.1.6 that states the way in which the applicant seeks the approval to vary the effect of any applicable local planning instrument for the land.

(2) The assessment manager must assess the part of the application having regard to each of the following—

(a) the common material;

(b) the result of the assessment manager's assessment of the development under section 3.5.4 or 3.5.5, or both;

(c) the effect the proposed variations would have on any right of a submitter for following applications, with particular regard to the amount and detail of supporting material for the current application available to any submitters;

(d) the consistency of the proposed variations with aspects of the planning scheme, other than those sought to be varied;

(e) if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(i) State planning policies, or parts of State planning policies;[63] and

(ii) for the planning scheme of a local government in the SEQ region—the SEQ regional plan;

(f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

3.5.6 Assessment manager may give weight to later codes, planning instruments, laws and policies

(1) This section does not apply if the application is a development application (superseded planning scheme).

(2) In assessing the application, the assessment manager may give the weight it is satisfied is appropriate to a code, planning instrument, law or policy that came into effect after the application was made, but—

(a) before the day the decision stage for the application started; or

(b) if the decision stage is stopped—before the day the decision stage is restarted.

Division 3 Decision

3.5.7 Decision making period (generally)

(1) The assessment manager must decide the application within 20 business days after the day the decision stage starts (the ***decision making period***).

(2) The assessment manager may, by written notice given to the applicant and without the applicant's agreement, extend the decision making period by not more than 20 business days.

(3) Only 1 notice may be given under subsection (2) and it must be given before the decision making period ends.

63 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

(4) However, the decision making period may be further extended, including for the purpose of providing further information to the assessment manager, if the applicant, before the period ends, gives written agreement to the extension.

(5) If there is a concurrence agency for the application, the decision must not be made before 10 business days after the day the information and referral stage ends, unless the applicant gives the assessment manager written notice that it does not intend to take action under section 3.5.9 or 3.5.10.

3.5.8 Decision making period (changed circumstances)

Despite section 3.5.7, the decision making period starts again from its beginning—

(a) if the applicant agrees to a concurrence agency giving the assessment manager a concurrence agency response or an amended concurrence agency response[64] after the end of the referral agency's assessment period—the day after the response or amended response is received by the assessment manager; or

(b) if the decision making period is stopped under section 3.5.9 or 3.5.10—the day after the assessment manager receives further written notice withdrawing the notice stopping the decision making period.

3.5.9 Applicant may stop decision making period to make representations

(1) If the applicant wishes to make representations to a referral agency about the agency's response, the applicant may, by written notice given to the assessment manager, for not more than 3 months, stop the decision making period at any time before the decision is made.

64 Under section 3.3.17, a concurrence agency may, with the agreement of the applicant, amend its response.

(2) If a notice is given, the decision making period stops the day the assessment manager receives the notice.

(3) The applicant may withdraw the notice at any time.

3.5.10 Applicant may stop decision making period to request chief executive's assistance

(1) The applicant may, at any time before the application is decided—

(a) by written notice (the ***request***) given to the chief executive, ask the chief executive to resolve conflict between 2 or more concurrence agency responses containing conditions the applicant is satisfied are inconsistent; and

(b) by written notice given to the assessment manager, for not more than 3 months, stop the decision making period.

(2) The request must identify the conditions in the concurrence agency responses the applicant is satisfied are inconsistent.

(3) After receiving the request, the chief executive must give a notice acknowledging receipt of the request to the applicant and each affected concurrence agency.

(4) In responding to the request, the chief executive may, after consulting the concurrence agencies, exercise all the powers of the concurrence agencies necessary to reissue 1 or more concurrence agency responses to address any inconsistency.

(5) If the chief executive reissues a concurrence agency response, the chief executive must give the response to the applicant and give a copy of the response to—

(a) the affected concurrence agency; and

(b) the assessment manager.

(6) The applicant may withdraw the notice given under subsection (1)(b) at any time.

3.5.11 Decision generally

(1) In deciding the application, the assessment manager must—

(a) approve all or part of the application and attach to the approval, in the exact form given by the concurrence agency, any concurrence agency conditions; or

(b) approve all or part of the application subject to conditions decided by the assessment manager and attach to the approval, in the exact form given by the concurrence agency, any concurrence agency conditions; or

(c) refuse the application.

(2) The assessment manager's decision must be based on the assessments made under division 2.

(3) For an approval under subsection (1)(a) or (b), if a concurrence agency's response has, under section 3.3.18(1)(b) or (c), stated an action that must be taken, the assessment manager must also take the action.

(4) If a concurrence agency response has stated that the application must be refused, the assessment manager must refuse the application.

(4A) Despite subsections (2) and (3), the assessment manager's decision must not be contrary to the regulatory provisions or the draft regulatory provisions.

(5) Subsections (1) to (4) do not apply to any part of an application for a preliminary approval mentioned in section 3.1.6 that states the way in which the applicant seeks the approval to vary the effect of any applicable local planning instrument for the land.[65]

(6) It is declared that—

(a) a development approval includes any conditions—

(i) imposed by the assessment manager; and

(ii) a concurrence agency has given in a response under section 3.3.16 or 3.3.17, or an amended response under section 3.3.17; and

65 Section 3.5.14A establishes rules for decision making about the part of an application mentioned in subsection (5).

(b) the assessment manager may give a preliminary approval even though the applicant sought a development permit; and

(c) if the assessment manager approves only part of an application, the balance of the application is taken to be refused.

3.5.12 Decision if concurrence agency requires refusal

If a concurrence agency requires the application to be refused, the assessment manager must refuse it.

3.5.13 Decision if application requires code assessment

(1) This section applies to any part of the application requiring code assessment.

(2) The assessment manager must approve the application if the assessment manager is satisfied the application complies with all applicable codes whether or not conditions are required for the development to comply with the codes.

(3) Subject to subsection (2), the assessment manager's decision may conflict with an applicable code only if there are enough grounds to justify the decision, having regard to—

(a) the purpose of the code; and

(b) if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(i) State planning policies, or parts of State planning policies;[66] and

(ii) for the planning scheme of a local government in the SEQ region—the SEQ regional plan.

(4) However—

(a) if the application is for building work, the assessment manager's decision must not conflict with the *Building Act 1975*; and

66 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

(b) if the decision is made under subsection (3)(a) and the assessment is against a code in a planning scheme—the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for the planning scheme area.

3.5.14 Decision if application requires impact assessment

(1) This section applies to any part of the application requiring impact assessment.

(2) If the application is for development in a planning scheme area, the assessment manager's decision must not—

(a) compromise the achievement of the desired environmental outcomes for the planning scheme area; or

(b) conflict with the planning scheme, unless there are sufficient planning grounds to justify the decision.

(3) If the application is for development outside a planning scheme area, the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for any planning scheme area that would be materially affected by the development if the development were approved.

(4) Subsections (2)(a) and (3) do not apply if compromising the achievement of the desired environmental outcomes is necessary to further the outcomes of any of the following if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(a) State planning policies, or parts of State planning policies;[67]

(b) for the planning scheme of a local government in the SEQ region—the SEQ regional plan.

67 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

3.5.14A Decision if application under s 3.1.6 requires assessment

(1) In deciding the part of an application for a preliminary approval mentioned in section 3.1.6 that states the way in which the applicant seeks the approval to vary the effect of any applicable local planning instrument for the land, the assessment manager must—

(a) approve all or some of the variations sought; or

(b) subject to section 3.1.6(3) and (5)—approve different variations from those sought; or

(c) refuse the variations sought.

(2) However—

(a) to the extent development applied for under other parts of the application is refused, any variation relating to the development must also be refused; and

(b) the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for the planning scheme area; and

(c) subsection (1)(a) and (b) does not apply if compromising the achievement of the desired environmental outcomes is necessary to further the outcomes of any of the following if they are not identified in the planning scheme as being appropriately reflected in the planning scheme—

(i) State planning policies, or parts of State planning policies;[68]

(ii) for the planning scheme of a local government in the SEQ region—the SEQ regional plan.

3.5.15 Decision notice

(1) The assessment manager must give written notice of the decision in the approved form (the ***decision notice***) to—

68 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

(a) the applicant; and

(b) each referral agency; and

(c) if the assessment manager is not the local government and the development is in a local government area—the local government.

(2) The decision notice must be given within 5 business days after the day the decision is made and must state the following—

(a) the day the decision was made;

(b) the name and address of each referral agency;

(c) whether the application is approved, approved subject to conditions or refused;

(d) if the application is approved subject to conditions—

(i) the conditions; and

(ii) whether each condition is a concurrence agency or assessment manager condition, and if a concurrence agency condition, the name of the concurrence agency;

(e) if the application is refused—

(i) whether the assessment manager was directed to refuse the application and, if so, the name of the concurrence agency directing refusal and whether the refusal is solely because of the concurrence agency's direction; and

(ii) the reasons for refusal;

(f) if the application is approved—whether the approval is a preliminary approval, a development permit or a combined preliminary approval and development permit;

(fa) if all or part of the application is for a preliminary approval mentioned in section 3.1.6 and the assessment manager has approved a variation to an applicable local planning instrument—the variation;

(g) any other development permits necessary to allow the development to be carried out;

(h) any code the applicant may need to comply with for self-assessable development related to the development approved;

(i) whether or not there were any properly made submissions about the application and for each properly made submission, the name and address of the principal submitter;

(j) the rights of appeal for the applicant and any submitters.

(3) If the application is approved, the assessment manager must give a copy of the decision notice to each principal submitter within 5 business days after the earliest of the following happens—

(a) the applicant gives the assessment manager a written notice stating that the applicant does not intend to make representations mentioned in section 3.5.17(1);

(b) the applicant gives the assessment manager notice of the applicant's appeal;

(c) the applicant's appeal period ends.

(3A) If the application is refused, the assessment manager must give a copy of the decision notice to each principal submitter at about the same time as the decision notice is given to the applicant.

(4) A copy of the relevant appeal provisions must also be given with each decision notice or copy of decision notice.

(5) When the assessment manager gives a decision notice under subsection (1), the assessment manager must also give a copy of any plans and specifications approved by the assessment manager in relation to the decision notice.

(5A) If the decision notice is given by a private certifier, this section applies subject to section 5.3.5.

(6) Also, if the owner of the land to which the approval attaches is an owner prescribed under a regulation, the assessment manager must, within 5 business days after the day the decision is made, give the owner the documents prescribed under a regulation.

(7) For subsection (6), a regulation may be made under this Act or the *Building Act 1975.*

Division 4 Representations about conditions and other matters

3.5.16 Application of div 4

This division applies only during the applicant's appeal period.

3.5.17 Changing conditions and other matters during the applicant's appeal period

(1) This section applies if the applicant makes representations to the assessment manager about a matter stated in the decision notice, other than a refusal or a matter about which a concurrence agency told the assessment manager under section 3.3.18(1).[69]

(2) If the assessment manager agrees with any of the representations, the assessment manager must give a new decision notice (the ***negotiated decision notice***) to—

(a) the applicant; and

(b) each principal submitter; and

(c) each referral agency; and

(d) if the assessment manager is not the local government and the development is in a local government area—the local government.

(3) Only 1 negotiated decision notice may be given.

(4) The negotiated decision notice—

(a) must be given within 5 business days after the day the assessment manager agrees with the representations; and

(b) must be in the same form as the decision notice previously given; and

(c) must state the nature of the changes; and

(d) replaces the decision notice previously given.

69 Section 3.3.18 (Concurrence agency's response powers)

(5) If the assessment manager does not agree with any of the representations, the assessment manager must, within 5 business days after the day the assessment manager decides not to agree with any of the representations, give a written notice to the applicant stating the decision about the representations.

(6) Before the assessment manager agrees to a change under this section, the assessment manager must reconsider the matters considered when the original decision was made, to the extent the matters are relevant.

(7) If the development approved by the negotiated decision notice is different from the development approved in the decision notice in a way that affects the amount of an infrastructure charge or regulated infrastructure charge, the local government may give the applicant a new infrastructure charges notice under section 5.1.8 or regulated infrastructure charges notice under section 5.1.18 to replace the original notice.

3.5.18 Applicant may suspend applicant's appeal period

(1) If the applicant needs more time to make the written representations, the applicant may, by written notice given to the assessment manager, suspend the applicant's appeal period.

(2) The applicant may act under subsection (1) only once.

(3) If the written representations are not made within 20 business days after the day written notice was given to the assessment manager, the balance of the applicant's appeal period restarts.

(4) If the written representations are made within 20 business days after the day written notice was given to the assessment manager—

(a) if the applicant gives the assessment manager a notice withdrawing the notice under subsection (1)—the balance of the applicant's appeal period restarts the day after the assessment manager receives the notice of withdrawal; or

(b) if the assessment manager gives the applicant a notice under section 3.5.17(5)—the balance of the applicant's

appeal period restarts the day after the applicant receives the notice; or

(c) if the assessment manager gives the applicant a negotiated decision notice—the applicant's appeal period starts again the day after the applicant receives the negotiated decision notice.

Division 5 Approvals

3.5.19 When approval takes effect

(1) If the application is approved, or approved subject to conditions, the decision notice, or if a negotiated decision notice is given, the negotiated decision notice, is taken to be the development approval and has effect—

(a) if there is no submitter and the applicant does not appeal the decision to the court, from the time—

(i) the decision notice is given; or

(ii) if a negotiated decision notice is given—the negotiated decision notice is given; or

(b) if there is a submitter and the applicant does not appeal the decision to the court, the earlier of the following—

(ii) the day the last submitter gives the assessment manager written notice that the submitter will not be appealing the decision; or

(c) if an appeal is made to the court, subject to section 4.1.47(2) and the decision of the court under section 4.1.54—when the appeal is finally decided.

(2) If a submitter acts under subsection (1)(b)(ii), the assessment manager must give the applicant a copy of the submitter's notice.

(3) In this section—

submitter includes an advice agency that has told the assessment manager to treat its response as a properly made submission.[70]

3.5.20 When development may start

(1) Development may start when a development permit for the development takes effect.

(2) Subsection (1) applies subject to any condition applying under section 3.5.31(1)(b)[71] to a development approval for the development.

3.5.21 When approval lapses

(1) The development approval for the application lapses at the end of the currency period for the approval unless—

(a) for development that is a material change of use—the change of use happens before the end of the currency period; or

(b) for a development permit that is reconfiguring a lot—the plan mentioned in section 3.7.2 for the reconfiguration of the lot is given to the local government for its approval before the end of the currency period; or

(c) for development not mentioned in paragraphs (a) and (b)—development under the approval substantially starts before the end of the currency period.

(2) To the extent the approval is for development that is a material change of use, the ***currency period*** is, if the application was not a development application (superseded planning scheme)—

(a) the 4 years starting the day the approval takes effect; or

(b) if the approval states or implies a time for the approval to lapse—the period from the day the approval takes effect until the stated or implied time.

70 See section 3.3.19 (Advice agency's response powers).

71 Section 3.5.31 (Conditions generally)

(3) To the extent the approval is for development other than a material change of use, the ***currency period*** is, if the application was not a development application (superseded planning scheme)—

(b) if the approval states or implies a time for the approval to lapse—the period from the day the approval takes effect until the stated or implied time.

(4) To the extent the approval is for development that is a material change of use, the ***currency period*** is, if the application was a development application (superseded planning scheme), the longest of the following—

(a) the 4 years starting the day the approval takes effect;

(b) if the approval states or implies a time for the approval to lapse—the period from the day the approval takes effect until the stated or implied time;

(5) To the extent the approval is for development other than a material change of use, the ***currency period*** is, if the application was a development application (superseded planning scheme), the longest of the following—

(a) the 2 years starting the day the approval takes effect;

(b) if the approval states or implies a time for the approval to lapse—the period from the day the approval takes effect until the stated or implied time;

(c) the 5 years starting the day the planning scheme or planning scheme policy, creating the superseded planning scheme, was adopted or the amendment, creating the superseded planning scheme, was adopted.

(6) Despite subsections (2) to (5), to the extent the approval is for development that is reconfiguring a lot and the reconfiguration requires operational works, the ***currency period*** is—

(a) the 4 years starting the day the approval takes effect; or

(b) if the approval states or implies a time for the approval to lapse—the period from the day the approval takes effect until the stated or implied time.

(7) If a monetary security has been given in relation to the approval, the security must be released if the approval lapses.

3.5.22 Request to extend currency period

(6) Despite subsection (5), if the development approval was subject to a concurrence agency condition about the currency period, the assessment manager must not approve the request unless the concurrence agency advises it has no objection to the extension being approved.

(7) If the assessment manager receives a written notice from a concurrence agency within 20 business days after the day the request was received by the assessment manager, the assessment manager must have regard to the notice when deciding the request.

(8) The assessment manager may make a decision under this section even if the development approval was granted by the court.

(b) subsection (3) does not apply.

(4) If the assessment manager has a form for the request, the request must be in the form and be accompanied by—

(ii) the period of 20 business days after receiving the request ends; but

(b) must approve or refuse the change within 30 business days after receiving the request.

(3) The assessment manager and the person making the request may agree to extend the period within which the assessment manager must decide the request.

(4) A concurrence or building referral agency given a notice under section 3.5.24(1)(a) or (b) must give the assessment manager a written notice advising—

(a) it has no objection to the change being made; or

(b) it objects to the change being made and give reasons for the objection.

(5) If the assessment manager does not receive a written notice within 20 business days after the day the request was received by the assessment manager, the assessment manager must decide the request as if the concurrence or building referral agency had no objection to the request.

(6) If the assessment manager receives a written notice from a concurrence or building referral agency within 20 business days after the day the request was received by the assessment manager, the assessment manager must have regard to the notice when deciding the request.

(7) The assessment manager may make a decision under this section even if the development approval was granted by the court.

(5) After receiving the notice and the fee, the assessment manager must cancel the approval and give notice of the cancellation to the person who applied for the cancellation and to each concurrence agency.

(6) If a monetary security has been given in relation to the approval, the security must be released if the approval is cancelled.

3.5.27 Certain approvals to be recorded on planning scheme

(1) Subsection (2) applies if a local government—

(2) The local government must—

(a) note the approval or decision on its planning scheme; and

(b) give the chief executive written notice of the notation and the land to which the note relates.

(3) The note is not an amendment of the planning scheme.

(4) Failure to comply with subsection (2) does not affect the validity of the approval or decision.

3.5.28 Approval attaches to land

(1) The development approval attaches to the land, the subject of the application, and binds the owner, the owner's successors in title and any occupier of the land.

(2) To remove any doubt, it is declared that subsection (1) applies even if later development (including reconfiguring a lot) is approved for the land (or the land as reconfigured).

Division 6 Conditions

3.5.29 Application of div 6

This division applies to each condition in a development approval whether the condition is a condition—

(a) a concurrence agency directs an assessment manager to impose; or

(b) decided by an assessment manager; or

(c) attached to the approval under the direction of the Minister.

3.5.30 Conditions must be relevant or reasonable

(1) A condition must—

(a) be relevant to, but not an unreasonable imposition on, the development or use of premises as a consequence of the development; or

(b) be reasonably required in respect of the development or use of premises as a consequence of the development.

(2) Subsection (1) applies despite the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, an assessment manager or concurrence agency.

3.5.31 Conditions generally

(1) A condition may—

(a) place a limit on how long a lawful use may continue or works may remain in place; or

(b) state a development may not start until other development permits, for development on the same premises, have been given or other development on the same premises (including development not covered by the development application) has been substantially started or completed; or

(c) require development, or an aspect of development, to be completed within a particular time and require the

payment of security under an agreement under section 3.5.34[72] to support the condition.

(2) If a condition requires assessable development, or an aspect of assessable development, to be completed within a particular time and the assessable development or aspect is not completed within the time, the approval, to the extent it relates to the assessable development or aspect not completed, lapses.

3.5.31A Conditions requiring compliance

(1) For a matter prescribed under a regulation, a condition may require a document or work to be assessed for compliance with a condition.

(2) The assessment and the process for the assessment must be carried out in the way prescribed under the regulation.

3.5.32 Conditions that can not be imposed

(1) A condition must not—

(a) be inconsistent with a condition of an earlier development approval still in effect for the development; or

(b) for infrastructure to which chapter 5, part 1 applies, require (other than under chapter 5, part 1)—

(i) a monetary payment for the establishment, operating and maintenance costs of the infrastructure; or

(ii) works to be carried out for the infrastructure; or

(c) state that works required to be carried out for a development must be undertaken by an entity other than the applicant; or

(d) require an access restriction strip; or

(e) limit the time a development approval has effect for a use or work forming part of a network of community

72 Section 3.5.34 (Agreements)

infrastructure, other than State owned or State controlled transport infrastructure.

(2) This section does not stop a condition being imposed that requires a monetary payment, or works to be carried out, to protect or maintain the safety or efficiency of State owned or State controlled transport infrastructure.

(3) In subsection (2)—

State owned or State controlled transport infrastructure means transport infrastructure under the *Transport Infrastructure Act 1994* that is owned or controlled by the State.[73]

3.5.33 Request to change or cancel conditions

(1) This section applies if—

(a) a person wants to change or cancel a condition; and

(b) no assessable development would arise from the change or cancellation.

(2) The person may, by written notice to the entity that decided the condition or required the condition to be imposed on or attached to the approval, ask the entity to change or cancel the condition.

(3) If the person is not the owner of the land to which the approval attaches, the request must contain the owner's consent.

(3A) If the development approval is for building work or operational work for the supply of community infrastructure on land designated for the community infrastructure—

(a) subsection (1) applies only to a person who intends to supply, or is supplying, the infrastructure; and

(b) subsection (3) does not apply.

---

73 *Transport Infrastructure Act 1994*, schedule 6—

transport infrastructure includes—

(a) air, busway, light rail, miscellaneous, public marine, rail or road transport infrastructure; and

(b) transport infrastructure relating to ports.

(4) If the entity has a form for the request, the request must be in the form and be accompanied by the fee for the request—

(a) if the entity is a local government—set by a resolution of the local government; or

(b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

(5) The entity must decide the request within 20 business days after receiving the request.

(6) The entity and the person may agree to extend the period within which the entity must decide the request.

(7) To the extent relevant, the entity must assess and decide the request having regard to—

(a) the matters the entity would have regard to if the request were a development application; and

(b) if submissions were made about the application under which the condition was originally imposed—the submissions.

(7A) Also, if a building referral agency gave advice about an aspect of the application the subject of the request, the entity must have regard to the opinion of the agency about the change before deciding the request.

(8) The entity must give the person written notice of its decision.

(9) If the entity is a concurrence agency or the court, the entity must give the assessment manager written notice of any change or cancellation.

(10) The changed condition or cancellation takes effect from the day the notice is given to the person.

(11) Subsections (5) and (6) do not apply if the entity is the court.

3.5.33A When condition may be changed or cancelled by assessment manager or concurrence agency

(1) This section applies for a development condition under another Act if, under the other Act, 'development condition' is defined with reference to a development approval.

(2) However, if under the other Act an entity is authorised to change or cancel conditions of a development approval in a different way, the other Act prevails to the extent of any inconsistency with this section.

(3) The development condition may be changed or cancelled by—

(a) if the condition was imposed as a concurrence agency condition—the entity that was the concurrence agency; or

(b) if the condition was imposed by an assessment manager—the entity that was the assessment manager; or

(c) if paragraph (a) or (b) does not apply—the entity that has jurisdiction for the condition.

(4) However, the condition may be changed or cancelled only on a ground mentioned in the other Act.[74]

(5) The change or cancellation may be made without the consent of the owner of the land to which the approval attaches and any occupier of the land.

(6) Section 3.5.30 applies to the changed condition.

(7) If the entity is satisfied it is necessary to change or cancel the condition, the entity must give written notice to the owner of the land to which the approval attaches and any occupier of the land.

(8) The notice must state—

(a) the proposed change or cancellation and the reasons for the change or cancellation; and

(b) that each person to whom the notice is given may make a written submission to the entity about the proposed change or cancellation; and

(c) the time, which must be at least 15 business days after the notice is given to the holder, within which the submission may be made.

74 See, for example, the *Environmental Protection Act 1994*, section 73C.

(9) After considering any submissions, the entity must give to each person to whom the notice was given—

(a) if the entity is not satisfied the change or cancellation is necessary—written notice stating it has decided not to change or cancel the condition; or

(b) if the entity is satisfied the change or cancellation is necessary—written notice stating it has decided to change or cancel the condition, and include details of the changed conditions or cancellation.

(10) If the entity was a concurrence agency, the entity must also give the entity that was the assessment manager written notice of the change or cancellation.

(11) The changed condition or cancellation takes effect from the day the notice is given to the owner of the land.

3.5.34 Agreements

The applicant may enter into an agreement with an entity, including, for example, an assessment manager or a concurrence agency, to establish the obligations, or secure the performance, of a party to the agreement about a condition.

3.5.37 Covenants not to be inconsistent with development approvals

(1) Subsection (2) applies if a covenant under the *Land Act 1994*, section 373A(4)[75] or the *Land Title Act 1994*, section 97A(3)(a) or (b)[76] is entered into in connection with a development application.

(2) The covenant is of no effect unless it is entered into—

(a) as a requirement of a condition of a development approval for the application; or

(b) under an infrastructure agreement.

75 *Land Act 1994*, section 373A (Covenant by registration)

76 *Land Title Act 1994*, section 97A (Covenant by registration)

Part 6 Ministerial IDAS powers

Division 1 Ministerial direction

(c) the matter the subject of the direction is not within the jurisdiction of a concurrence agency for the application.

3.6.2 Notice of direction

(1) The Minister may direct the assessment manager, by written notice, to take 1 or more of the following actions or to refuse the application—

(a) to attach to the development approval the conditions stated in the notice;

(b) to approve part only of the development;

(c) to give a preliminary approval only;

(d) for an application to which section 3.1.6 applies—

(2) The notice must state—

(a) the nature of the State interest giving rise to the direction; and

(b) the reasons for the Minister's direction.

(3) The Minister must give a copy of the notice to the applicant.

3.6.3 Effect of direction

(1) If the Minister gives a direction, the assessment manager, in deciding the application, must comply with the direction.

(2) For an appeal under sections 4.1.27 to 4.1.29, the Minister's direction is taken to be a concurrence agency's response and the chief executive is taken to be a co-respondent.

Division 2 Ministerial call in powers

3.6.4 Definition for div 2

In this division—

Minister includes the Minister administering the *State Development and Public Works Organisation Act 1971*.

3.6.5 When a development application may be called in

The Minister may, under this division, call in an application—

(a) only if the development involves a State interest; and

(b) at any time after the application is made until 10 business days after the later of the following—

(i) the day the chief executive receives notice of an appeal against the application;

(ii) the end of both the applicant's appeal period and the submitter's appeal period for the decision on the application.

3.6.6 Notice of call in

(1) The Minister may, by written notice given to the assessment manager, call in the application and—

(a) if the application has not been decided by the assessment manager—assess and decide the application in the place of the assessment manager; or

(b) if the application has been decided by the assessment manager—reassess and re-decide the application in the place of the assessment manager.

(2) The notice must state—

(a) the point in the IDAS process from which the process must restart; and

(b) the reasons for calling in the application.

(3) The Minister must give a copy of the notice to—

(a) the applicant; and

(b) any concurrence agency; and

(c) any submitter.

3.6.7 Effect of call in

(1) If the Minister calls in an application—

(a) the Minister is the assessment manager from the time the application is called in until the Minister gives the decision notice; and

(b) if the application is called in before the assessment manager makes a decision on the application—the Minister must continue the IDAS process from the point at which the application is called in; and

(c) if the application is called in after the assessment manager makes a decision on the application—the IDAS process starts again from a point in the IDAS process the Minister decides, but before the start of the decision stage; and

(d) until the Minister gives the decision notice a concurrence agency is taken to be an advice agency; and

(e) the Minister's decision on the application is taken to be the original assessment manager's decision but a person may not appeal against the Minister's decision;[77] and

77 Also, see section 4.1.21(1)(a) and (1A) (Court may make declarations).

(f) if an appeal was made before the application was called in—the appeal is of no further effect.

(2) The entity that was the assessment manager before the application was called in (the ***original assessment manager***) must give the Minister all reasonable assistance the Minister requires to assess and decide the application, including giving the Minister—

(a) all material about the application the assessment manager had before the application was called in; and

(b) any material received by the assessment manager after the application is called in.

(3) When the Minister gives the decision notice to the applicant and each submitter and referral agency, the Minister also must give a copy of the notice to the original assessment manager.

(4) Subsection (5) applies despite subsection (1)(b) and (c), for an application called in by the regional planning Minister.

(5) The regional planning Minister may, by written notice given to the applicant and the relevant local government, suspend the IDAS process until the number of days stated in the notice after—

(a) publication of a notice under section 2.5A.14 about the draft SEQ regional plan; or

(b) publication of a notice under section 2.5A.16 about the SEQ regional plan.

(6) Despite subsection (1), the regional planning Minister may by written notice, at the end of the suspension of the IDAS process, refer the application to the original assessment manager to assess and decide.

(7) The notice mentioned in subsection (6) must state the point in the IDAS process from which, and the day on which, the process must restart for the application.

(8) For assessing the application, whether by the regional planning Minister after acting under subsection (5) or the original assessment manager, section 3.5.3 does not apply to the SEQ regional plan or a planning scheme amendment reflecting the SEQ regional plan.

3.6.8 Process if call in decision does not deal with all aspects of the application

(1) If the Minister's decision notice does not decide all aspects of the application, the Minister must, by written notice, refer the aspects not decided back to the assessment manager.

(2) If the Minister gives a notice under subsection (1), the notice must state the point in the IDAS process from which the process must restart for the aspects of the application not decided by the Minister.

3.6.9 Report about decision

(1) If the Minister calls in an application, the Minister must, after deciding the application, prepare a report about the Minister's decision.

Part 7 Plans of subdivision

3.7.1 Application of pt 7

This part applies to a plan (however called) for the reconfiguration of a lot if, under another Act, the plan requires the approval (in whatever form) of a local government before it can be registered or otherwise recorded under that Act.

Examples of plans to which this part applies—

1 A plan of subdivision that, under the *Land Title Act 1994*, section 50(g),[78] requires the approval of a local government

2 A building units plan or group titles plan that, under the *Building Units and Group Titles Act 1980*, section 9(7),[79] must be endorsed with, or be accompanied by, a certificate of a local government.

3.7.1A Definition for pt 7

In this part—

plan includes an agreement that reconfigures a lot by dividing land into parts rendering different parts of a lot immediately available for separate disposition or separate occupation, but does not include a lease for—

(a) a term, including renewal options, not exceeding 10 years;[80] or

---

78 *Land Title Act 1994*, section 50 (Requirements for registration of plan of subdivision)

79 *Building Units and Group Titles Act 1980*, section 9 (Registration of plan)

80 See section 1.3.5 (Definitions for terms used in *development*), definition of *reconfiguring a lot*, paragraph (d).

(3) The local government must approve the plan, if—

(a) the conditions of the development permit about the reconfiguration have been complied with; and

(b) for a reconfiguration that requires operational works—the conditions of the development permit for the operational works have been complied with; and

(c) there are no outstanding rates or charges levied by the local government or expenses that are a charge over the land under any Act; and

(d) the plan is prepared in accordance with the development permit.

(4) Alternatively, the local government may approve the plan, if—

(a) satisfactory security is given to the local government to ensure compliance with the requirements of subsection (3)(a) to (c); and

(b) the plan is prepared in accordance with the development permit.

(5) If the applicant has not complied with the requirements of subsection (3) or (4), the local government must, within 10 business days after receiving the plan, give the applicant written notice stating the actions to be taken to allow the plan to be approved.

3.7.3 Plan submitted under condition of development permit

(1) This section applies if the plan is required to be submitted to the local government under a condition of a development permit.

(2) The plan must be given to the local government—

(a) within the time stated in the condition; or

(b) if a time has not been stated in the condition—within 2 years after the decision notice containing the condition was given.

(3) The local government must approve the plan, if—

(a) the conditions of the development permit about the reconfiguration have been complied with; and

(b) there are no outstanding rates or charges levied by the local government or expenses that are a charge over the land under any Act; and

3.7.4 Plan for reconfiguring that is not assessable development

(1) If the reconfiguration proposed to be effected by the plan is not assessable development, the plan may be given to the local government for its approval at any time.

(2) The local government must approve the plan, if—

(a) the plan is consistent with any development permit relevant to the plan; and

(b) there are no outstanding rates or charges levied by the local government or expenses that are a charge over the land under any Act.

(3) If the applicant has not complied with the requirements of subsection (2), the local government must, within 10 business days after receiving the plan, give the applicant written notice stating the actions to be taken to allow the plan to be approved.

3.7.5 Endorsement of approval

(1) The local government's approval must be given for the plan within 20 business days after the applicant complies with section 3.7.2(3) or (4), section 3.7.3(3) or (4) or section 3.7.4(2) and the local government receives the plan.

3.7.8 When pt 7 does not apply

(1) This part does not apply to a plan (however called) for the reconfiguration of a lot if the reconfiguration is in relation to—

Act 1967, schedule, whether or not the land relates to an acquisition; or

(d) a lot comprising strategic port land as defined under the *Transport Infrastructure Act 1994*.

(2) Also, this part does not apply to a plan lodged under the *Acquisition of Land Act 1967*, section 12A,[81] as a result of a reconfiguration of a lot mentioned in subsection (1)(a).

(3) If, under subsection (1) or (2), this part does not apply to a plan, the *Land Title Act 1994*, sections 50(g) and (h) and 83(2)[82] do not apply to the registration of the plan.

Part 8 Applying IDAS to mobile and temporary environmentally relevant activities

3.8.1 Mobile and temporary environmentally relevant activities

(1) For administering IDAS under the *Environmental Protection Act 1994*, a mobile and temporary environmentally relevant activity is taken to be development.

(2) For applying IDAS to assessable development mentioned in schedule 8, part 1, table 5, item 3, the following changes to IDAS apply—

(b) the development approval does not attach to land; and

(c) the development approval applies for the activity wherever it is carried out; and

81 *Acquisition of Land Act 1967*, section 12A (Constructing authority must lodge new plan of survey for particular land)

82 *Land Title Act 1994*, sections 50 (Requirements for registration of plan of subdivision) and 83 (Registration of easement)

(d) the development approval applies to and binds any person carrying out the activity under the approval.

(2) Subject to section 4.2.7,[84] the jurisdiction given to the court under this Act is exclusive.

---

83 See jurisdiction of tribunals in part 2, division 1 (Establishing, constituting and jurisdiction of tribunals).

84 Section 4.2.7 (Jurisdiction of tribunals)

(3) Subject to division 13,[85] every decision of the court is final and conclusive and is not to be impeached for any informality or want of form or be appealed against, reviewed, quashed or in any way called in question in any court.

(4) If a proceeding comes before the court under another Act, subsection (3) applies subject to the other Act.

4.1.3 Jurisdiction in chambers

Every proceeding must be heard and decided, and the decision given, in open court unless the rules of court about exercising the court's jurisdiction in chambers state that the court may sit in chambers and exercise the jurisdiction given by the rules for a matter.

Division 2 Powers of court

4.1.4 Subpoenas

(1) The court may summon a person as a witness and may—

(a) require the person to produce in evidence documents in the person's possession or power; and

(b) examine the person; and

(c) punish the person for not attending under the summons or for refusing to give evidence or for neglecting or refusing to produce the documents.

(2) Despite subsection (1), a person is not required to give evidence that may tend to incriminate the person.

(3) For subsection (1), a judge of the court has the same powers as a District Court judge.

85 Division 13 (Appeals to Court of Appeal)

4.1.5 Contempt and contravention of orders

(2) The *District Court of Queensland Act 1967,* section 129,[86] applies in relation to the court in the same way as it applies in relation to a District Court.

(3) If a person, at any time, contravenes an order of the court, the person is also taken to be in contempt of the court.

(4) If a person is taken to be in contempt of the court under subsection (3), the *District Court of Queensland Act 1967*, section 129(4) applies in relation to the contravention as if the person were an offender, and as if the expression *12 months* were *2 years* and the expression *84 penalty units* were *3 000 penalty units*.

4.1.5A How court may deal with matters involving substantial compliance

(1) Subsection (2) applies if in a proceeding before the court, the court—

(a) finds a requirement of this Act, or another Act in its application to this Act, has not been complied with, or has not been fully complied with; but

(b) is satisfied the non-compliance, or partial compliance, has not substantially restricted the opportunity for a person to exercise the rights conferred on the person by this or the other Act.

(2) The court may deal with the matter in the way the court considers appropriate.

4.1.6 Terms of orders etc.

The court may make an order, give leave or do anything else it is authorised to do on the terms the court considers appropriate.

(2) The Governor in Council may notify the name of District Court judges to constitute the court for a specified period only.

(3) A District Court judge who constitutes the court may do so even if another District Court judge is constituting the court at the same time.

(4) A failure to notify the name of a District Court judge under subsection (1) does not, and never has, affected the validity of any decision or order made by the judge constituting, or purporting to constitute, the court.

(5) A decision or order of a District Court judge constituting, or purporting to constitute, the court after the expiry of the period specified for the judge under subsection (2), is not, and never has been, invalidly made, merely because the decision or order was made after the expiry.

4.1.9 Jurisdiction of judges not impaired

The jurisdiction of a District Court judge named to constitute the court is not limited exclusively to the court.

Division 4 Rules and directions

4.1.10 Rules of court

(2) Another judge may—

(a) after consulting with the parties—

(i) adjourn the proceeding to allow the incapacitated judge to continue dealing when able; or

(ii) order the proceeding be reheard; or

(b) with the consent of the parties, make an order the judge considers appropriate about deciding the proceeding, or about completing the hearing of, and deciding the proceeding.

(3) An order mentioned in subsection (2)(b) is taken to be a decision of the court.

4.1.16 Stating case for Court of Appeal's opinion

(1) This section applies if a question of law arises during a proceeding and the judge considers it desirable that the question be decided by the Court of Appeal.

(2) The judge may state the question in the form of a special case for the opinion of the Court of Appeal.

(3) The special case may be stated only during the proceeding mentioned in subsection (1).

(4) Until the Court of Appeal has decided the special case, the court must not make a decision to which the question is relevant.

(5) When the Court of Appeal has decided the special case, the court must not proceed in a way, or make a decision, that is inconsistent with the Court of Appeal's decision on the special case.

Division 6 Other court officials and registry

4.1.17 Registrars and other court officials

Chapter 5 Miscellaneous

Part 1 Infrastructure planning and funding

Division 1 Preliminary

5.1.1 Purpose of pt 1

The purpose of this part is to—

(a) seek to integrate land use and infrastructure plans; and

(b) establish an infrastructure planning benchmark as a basis for an infrastructure funding framework; and

(c) establish an infrastructure funding framework that is equitable and accountable; and

(d) integrate State infrastructure providers into the framework.

Division 2 Non-trunk infrastructure

5.1.2 Conditions local governments may impose for non-trunk infrastructure

(1) If a local government imposes a condition about non-trunk infrastructure, the condition may only be for supplying infrastructure for 1 or more of the following—

(a) networks internal to the premises;

(b) connecting the premises to external infrastructure networks;

(c) protecting or maintaining the safety or efficiency of the infrastructure network of which the non-trunk infrastructure is a component.

(2) The condition must state—

(a) the infrastructure to be supplied; and

(b) when the infrastructure must be supplied.

Division 3 Trunk infrastructure

5.1.3 Priority infrastructure plans for trunk infrastructure

Each priority infrastructure plan[115] must be prepared as required by guidelines prescribed under a regulation.

5.1.4 Funding trunk infrastructure for certain local governments

(1) Under this Act, a local government may levy a charge for supplying trunk infrastructure under either—

(a) an infrastructure charges schedule; or

(b) a regulated infrastructure charges schedule.[116]

115 See section 2.1.3(1)(d) (Key elements of planning schemes).

116 See the *Local Government Act 1993*, chapter 14 (Rates and charges), part 2 (Making and levying rates and charges) for a local government's power to levy rates and charges in other ways.

(2) If the local government levies a charge for a trunk infrastructure network under an infrastructure charges schedule, it must use an infrastructure charges schedule for levying charges for all the trunk infrastructure networks for which it intends to levy a charge.

(3) Subsection (2) does not stop a local government from—

(a) having, or not having, an infrastructure charges schedule for a part of a trunk infrastructure network; or

(b) adopting infrastructure charges schedules at different times.

Division 4 Trunk infrastructure funding under an infrastructure charges schedule

5.1.5 Making or amending infrastructure charges schedules

(1) Despite section 2.1.5,[117] an infrastructure charges schedule must be prepared or amended as required by—

(a) guidelines prescribed under a regulation; and

(b) the process stated in schedule 3,[118] as if it were a planning scheme policy.

(2) However, if the schedule is being prepared at the same time as the priority infrastructure plan, the process for preparing the schedule is the same as the process for preparing the plan.

(3) The schedule, or an amendment of the schedule, has effect on and from—

(a) the day the adoption of the schedule, or the amendment of the schedule, is first notified in a newspaper circulating generally in the local government's area; or

(b) if a later day for the commencement of the schedule, or the amendment of the schedule, is stated in the schedule, or the amendment—the later day.

117 Section 2.1.5 (Process for making or amending planning schemes)

118 Schedule 3 (Process for making or amending planning scheme policies)

5.1.6 Key elements of an infrastructure charges schedule

(1) An infrastructure charges schedule must state each of the following—

(a) a charge (an ***infrastructure charge***) for each trunk infrastructure network identified in the schedule;

(b) the estimated proportion of the establishment cost of each network to be funded by the charge;

(c) when it is anticipated the infrastructure forming part of the network will be provided;

(d) the estimated establishment cost of the infrastructure;

(e) each area in which the charge applies;

(f) each type of lot or use for which the charge applies;

(g) how the charge must be calculated for—

(i) each area mentioned in paragraph (e); and

(ii) each type of lot or use mentioned in paragraph (f).

(2) An infrastructure charge may also apply to trunk infrastructure—

(a) despite section 2.1.2—that is not within, or completely within, the local government's area; or

(b) that is not owned by the local government, if the owner of the infrastructure agrees; or

(c) supplied by a local government on a State-controlled road.[119]

5.1.7 Infrastructure charges

(1) The infrastructure charge—

(a) must be for a trunk infrastructure network that services, or is planned to service, premises and is identified in the priority infrastructure plan; and

(b) must not be more than the proportion of the establishment cost of the network that reasonably can be

119 See the *Transport Infrastructure Act 1994*, sections 32 and 41.

apportioned to the premises for which the charge is stated, taking into account—

(i) the usage of the network by the premises; or

(ii) the capacity of the network allocated to the premises.

(2) Also, if the infrastructure charge is levied for an existing lawful use, it must be based on the current share of usage of the network at the time the charge is levied.

(3) Subsection (2) does not apply if the local government and the owner of the land to which the charge relates otherwise agree in writing.

(4) However, an infrastructure charge must not be levied for a work or use of land authorised under the *Mineral Resources Act 1989* or the *Petroleum Act 1923*.

5.1.8 Infrastructure charges notices

(1) A notice requiring the payment of an infrastructure charge (an ***infrastructure charges notice***) must state each of the following—

(a) the amount of the charge;

(b) the land to which the charge applies;

(c) when the charge is payable;

(d) the trunk infrastructure network for which the charge has been stated;

(e) the person to whom the charge must be paid.

(2) If the notice is given as a result of a development approval, the local government must give the notice to the applicant—

(a) if the local government is the assessment manager—at the same time as the approval is given; or

(b) in any other case—within 10 business days after the local government receives a copy of the approval.

(3) If the notice is not given as a result of a development approval, the local government must give the notice to the owner of the land.

(4) The charge is not recoverable unless the entitlements under the approval are exercised.

(5) The notice lapses if the approval stops having effect.[120]

5.1.9 When infrastructure charges are payable

An infrastructure charge is payable—

(a) if the charge applies to reconfiguring a lot that is assessable development—before the local government approves the plan of subdivision under chapter 3, part 7; or

(b) if the charge applies to building work that is assessable development—before the certificate of classification for the building work is issued; or

(c) if the charge applies to a material change of use—before the change happens; or

(d) if paragraphs (a), (b) and (c) do not apply—on the day stated in the infrastructure charges notice.

5.1.10 Application of infrastructure charges

An infrastructure charge levied and collected—

(a) for a network of trunk infrastructure, must be used to provide infrastructure for the network; or

(b) for works required for the local function of State-controlled roads, must be used to provide works on the State-controlled roads.

5.1.11 Accounting for infrastructure charges

(1) An infrastructure charge levied and collected for local works on State infrastructure must be separately accounted for.

(2) To remove any doubt, it is declared that an infrastructure charge levied and collected by a local government need not be held in trust.

120 See section 3.5.21 (When approval lapses).

5.1.12 Agreements about, and alternatives to, paying infrastructure charges

(1) Despite sections 5.1.8 and 5.1.9, a person to whom an infrastructure charges notice has been given and the infrastructure provider may enter into a written agreement about 1 or more of the following—

(a) whether the charge may be paid at a different time from the time stated in the notice, and whether it may be paid by instalments;

(b) whether infrastructure may be supplied instead of paying all or part of the charge;[121]

(c) whether infrastructure that delivers the same standard of service as that identified in the priority infrastructure plan may be supplied instead of the infrastructure identified in the infrastructure charges schedule;

(d) if section 5.1.8(2)(a) applies for the charge and the infrastructure is land owned by the applicant—whether land in fee simple may be given instead of paying the charge or part of the charge.

(2) For development infrastructure that is land, the local government may give the applicant a notice, in addition to, or instead of, the notice given under section 5.1.8, requiring the person to—

(a) give to the local government, in fee simple, part of the land the subject of the development application; or

(b) give to the local government, in fee simple, part of the land the subject of the development application and an infrastructure charge.

(3) If the applicant is required to give land under subsection (2)(a), or a combination of land and a charge under subsection (2)(b), the total value of the contribution must not be more than the amount of the charge mentioned in section 5.1.8(1).

121 See the *Transport Infrastructure Act 1994*, sections 32 and 41 for works involving a State-controlled road.

(4) The applicant must comply with the notice as soon as practicable.

(5) If subsection (1)(d) or (2) applies and the land is to be given to the local government for public parks infrastructure or local community facilities, the land must be given on trust.

5.1.13 Local government may supply different trunk infrastructure from that identified in a priority infrastructure plan

A local government may supply different trunk infrastructure from the infrastructure identified in the priority infrastructure plan if the infrastructure supplied delivers the same desired standard of service for the relevant network.

5.1.14 Infrastructure charges taken to be a rate

(1) An infrastructure charge levied by a local government is, for the purposes of recovery, taken to be a rate within the meaning of the *Local Government Act 1993*.

(2) However, if the local government and an applicant enter into a written agreement stating the charge is a debt owing to it by the applicant or person, subsection (1) does not apply.

Division 5 Trunk infrastructure funding under a regulated infrastructure charges schedule

5.1.15 Regulated infrastructure charge

A regulation may prescribe—

(a) a charge for the supply of trunk infrastructure; and

(b) development for which the charge may be levied.

5.1.16 Adopting and notifying regulated infrastructure charges schedule

(1) A local government may, by resolution, adopt a schedule of charges (a ***regulated infrastructure charges schedule***) for the

establishment cost of trunk infrastructure in a local government area.

(2) Each charge in the schedule must not be more than the amount prescribed under section 5.1.15 for the charge.

(3) The schedule must state—

(a) the charge for each trunk infrastructure network identified in the schedule; and

(b) development to which the charge applies; and

(c) the areas within which each charge applies.

(4) As soon as practicable after the local government decides to adopt a regulated infrastructure charges schedule, the local government must publish, in a newspaper circulating generally in the local government's area, a notice stating the following—

(a) the name of the local government;

(b) that a regulated infrastructure charges schedule, for the supply of trunk infrastructure in the local government's area, has been adopted;

(c) the day the resolution was made;

(d) the day the schedule applies;

(e) whether the schedule replaces an existing schedule;

(f) that a copy of the schedule is available for inspection and purchase.

(5) On the day the notice is published (or as soon as practicable after the day), the local government must give the chief executive—

(a) a copy of the notice; and

(b) 3 certified copies of the schedule.

(6) The schedule has effect on and from—

(a) the day the adoption of the schedule is first notified in a newspaper circulating generally in the local government's area; or

(b) if a later day for the commencement of the schedule is stated in the schedule—the later day.

(7) A copy of the schedule must be attached to each copy of the local government's planning scheme.

(8) To remove any doubt, it is declared that the schedule is not part of the local government's planning scheme.

5.1.17 Regulated infrastructure charges

(1) A charge in a regulated infrastructure charges schedule (a ***regulated infrastructure charge***) for premises must be for a trunk infrastructure network that services, or is planned to service, the premises and is identified in the priority infrastructure plan.

(2) However, a regulated infrastructure charge must not be levied for a work or use of land authorised under the *Mineral Resources Act 1989* or the *Petroleum Act 1923*.

5.1.18 Regulated infrastructure charges notice

(1) A notice requiring the payment of a regulated infrastructure charge (a ***regulated infrastructure charges notice***) must state each of the following—

(a) the amount of the charge;

(b) the land to which the charge applies;

(c) when the charge is payable;

(d) the trunk infrastructure network for which the charge has been stated.

(2) The local government must give the notice to the applicant—

(a) if the local government is the assessment manager—at the same time as the development approval is given; or

(b) in any other case—within 10 business days after the local government receives a copy of the approval.

(3) The charge is not recoverable unless the entitlements under the approval are exercised.

(4) The notice lapses if the approval stops having effect.[122]

122 See section 3.5.21 (When approval lapses).

5.1.19 When regulated infrastructure charges are payable

A regulated infrastructure charge is payable—

(a) if the charge applies to reconfiguring a lot that is assessable development—before the local government approves the plan of subdivision under chapter 3, part 7; or

(b) if the charge applies to building work that is assessable development—before the certificate of classification for the building work is issued; or

(c) if the charge applies to a material change of use—before the change happens; or

(d) otherwise—on the day stated in the regulated infrastructure charges notice.

5.1.20 Application of regulated infrastructure charges

A regulated infrastructure charge levied and collected for a network of trunk infrastructure must be used to provide infrastructure for the network.

5.1.21 Accounting for regulated infrastructure charges

To remove any doubt, it is declared that a regulated infrastructure charge levied and collected by a local government need not be held in trust.

5.1.22 Agreements about, and alternatives to, paying regulated infrastructure charges

Despite sections 5.1.18 and 5.1.19, a person to whom a regulated infrastructure charges notice has been given and the infrastructure provider may enter into a written agreement about 1 or more of the following—

(a) whether the charge may be paid at a different time from the time stated in the notice, and whether it may be paid by instalments;

(b) whether infrastructure may be supplied instead of paying all or part of the charge.

5.1.23 Regulated infrastructure charges taken to be a rate

(1) A regulated infrastructure charge levied by a local government is, for the purposes of recovery, taken to be a rate within the meaning of the *Local Government Act 1993*.

(2) However, if the local government and an applicant enter into a written agreement stating the charge is a debt owing to it by the applicant or person, subsection (1) does not apply.

Division 6 Conditions local governments may impose for necessary trunk infrastructure

5.1.24 Conditions local governments may impose for necessary trunk infrastructure

(1) This section applies if—

(a) existing trunk infrastructure necessary to service the premises is not adequate and trunk infrastructure adequate to service the premises is identified in the priority infrastructure plan; or

(b) trunk infrastructure to service the premises is necessary, but is not yet available and is identified in the priority infrastructure plan; or

(c) trunk infrastructure identified in the priority infrastructure plan crosses the premises.

(2) A local government may require different trunk infrastructure from the infrastructure identified in the priority infrastructure plan if the required infrastructure delivers the same desired standard of service for the relevant network.

(3) The local government may impose a condition requiring the applicant to construct the trunk infrastructure mentioned in subsection (1) or (2), even if the infrastructure will service other premises.

(4) The condition must state—

(a) the trunk infrastructure to be constructed; and

(b) when the infrastructure must be constructed.

(5) Subsection (6) applies if—

(a) the trunk infrastructure mentioned in subsection (3) services, or is planned to service, other premises; and

(b) the amount of the value of the infrastructure is more than the amount of the value of the charge for the network.

(6) The applicant—

(a) does not have to pay an infrastructure charge for the network; and

(b) is entitled to a refund from the infrastructure provider, on terms agreed with the infrastructure provider, for the proportion of the establishment cost of the trunk infrastructure mentioned in subsection (3)—

(i) that reasonably can be apportioned to the other users' premises mentioned in subsection (5)(a); and

(ii) collected, or to be collected, under an infrastructure charges schedule.

(7) If subsection (6) does not apply, the amount of the value of the infrastructure supplied under the condition for a network must be offset against any charge that may be levied for the premises under section 5.1.8 for the network.

(8) A condition imposed under subsection (3) complies with section 3.5.30—

(a) for subsection (1)(a) or (b)—

(i) to the extent the infrastructure is necessary to service the premises; and

(ii) if the infrastructure is the most efficient and cost effective solution for servicing the premises; and

(b) for subsection (1)(c)—to the extent the infrastructure is not an unreasonable imposition on—

(i) the development; or

(ii) the use of premises as a consequence of the development.

Division 7 Conditions local governments may impose for additional trunk infrastructure costs

5.1.25 Conditions local governments may impose for additional trunk infrastructure costs

(1) A local government may not impose a condition requiring the payment of additional trunk infrastructure costs unless the local government has given an acknowledgment notice under section 3.2.4.

(2) A local government may impose a condition requiring the payment of additional trunk infrastructure costs only if the development—

(a) is—

(i) inconsistent with the assumptions about the type, scale, location or timing of future development stated in the priority infrastructure plan; or

(ii) for premises completely or partly outside the priority infrastructure area; and

(b) would impose additional trunk infrastructure costs on the infrastructure provider after taking into account either or both of the following—

(i) infrastructure charges or regulated infrastructure charges levied for the development;

(ii) trunk infrastructure supplied, or to be supplied by the applicant under divisions 4 to 6.

(3) A condition mentioned in subsection (2) must state each of the following—

(a) why the condition is required;

(b) the amount of the payment required;

(c) details of the infrastructure for which the payment is required;

(d) when the payment must be made;

(e) the person to whom the payment must be made;

(f) the applicant may elect to supply all or part of the infrastructure instead of making payment for the infrastructure to be supplied;

(g) if the applicant makes an election under paragraph (f)—

(i) any requirements for supplying the infrastructure; and

(ii) when the infrastructure must be supplied.

(4) Unless the applicant and the infrastructure provider otherwise agree in writing, for subsection (3)(d), the payment must be made—

(a) if the trunk infrastructure is necessary to service the premises—by the day the development, or work associated with the development, starts; or

(b) if the trunk infrastructure is not necessary to service the premises—

(i) for reconfiguring a lot—before the local government approves the plan of subdivision under chapter 3, part 7; or

(ii) for other development—before the use commences.

(5) Subsection (6) applies if—

(a) a development approval no longer has effect; and

(b) a payment for the additional trunk infrastructure costs has been made; and

(c) construction of the infrastructure has not substantially commenced before the approval ceased having effect.

(6) The local government must repay to the person who made the payment any part of the payment the local government has not spent, or contracted to spend, on the design and construction of the infrastructure.

(7) A condition imposed under this division complies with section 3.5.30, to the extent the trunk infrastructure is necessary, but not yet available, to service development, even if the infrastructure is also intended to service other development.

(8) A local government may not impose a condition under this division for a supplier of State infrastructure.

(9) Nothing in this division stops a local government from—

(a) levying a charge for the establishment cost of the component of the trunk infrastructure network included in the infrastructure charges schedule; or

(b) imposing a condition for non-trunk infrastructure; or

(c) imposing a condition for necessary trunk infrastructure.

5.1.26 Local government additional trunk infrastructure costs in priority infrastructure areas

(1) The costs that may be required by a local government under section 5.1.25, for development completely in the priority infrastructure area, may only include—

(a) for trunk infrastructure to be supplied earlier than anticipated in the priority infrastructure plan—the difference between the establishment cost of the infrastructure made necessary by the development and the amount of any charge paid for the infrastructure; or

(b) for trunk infrastructure associated with a different type, scale or intensity of development from that anticipated in the priority infrastructure plan—

(i) for a different type, a greater scale or a greater intensity of development—the establishment cost of any additional trunk infrastructure made necessary by the development; or

(ii) for a lesser scale or lesser intensity of development—the difference between the establishment cost of the infrastructure identified in the plan and the establishment cost of the infrastructure necessary for the development.

(2) The applicant is entitled to a refund from the infrastructure provider, on terms agreed with the infrastructure provider, for the proportion of the establishment cost of the infrastructure—

(a) that reasonably can be apportioned to the other users of the infrastructure mentioned in subsection (1)(a) or (1)(b)(i); and

(b) collected, or to be collected, under an infrastructure charges schedule.

5.1.27 Local government additional trunk infrastructure costs outside priority infrastructure areas

(1) The costs that may be required under section 5.1.25, for development completely or partly outside the priority infrastructure area, may only include, for each network—

(a) the establishment cost of any trunk infrastructure made necessary by the development; and

(b) either or both of the following establishment costs of any temporary infrastructure—

(i) costs required to ensure the safe or efficient operation of the infrastructure mentioned in paragraph (a); or

(ii) costs made necessary by the development; and

(c) the decommissioning, removal and rehabilitation costs of any temporary infrastructure mentioned in paragraph (b); and

(d) the maintenance and operating costs of the infrastructure mentioned in paragraphs (a) and (b), for up to 5 years.

(2) Subsection (3) applies if the planning scheme indicates the premises is part of an area intended for future development for—

(a) residential purposes; or

(b) retail or commercial purposes; or

(c) industrial purposes.

(3) For subsection (1)(a), trunk infrastructure made necessary by the development includes the trunk infrastructure necessary to service the balance of the area mentioned in subsection (2).

Division 8 Conditions State infrastructure providers may impose for infrastructure

5.1.28 Conditions State infrastructure provider may impose

(1) A State infrastructure provider may impose a condition about either or both of the following—

(a) infrastructure;

(b) works to protect the operation of the infrastructure.

(2) The condition must be only for—

(a) protecting or maintaining the safety or efficiency of the provider's infrastructure network; or

(b) additional infrastructure costs.

Examples of a condition for safety or efficiency—

1 A deceleration lane and entry access to a shopping centre development.

2 Traffic signals at an intersection 1 block from a shopping centre development.

3 Upgrading transverse drainage under a State-controlled road because of increased hard stand parking area from development.

4 Road shoulder widening added to reconstruction of a road because of increased traffic loading to stop road edge wear.

Example of a condition for additional infrastructure costs—

Contribution for the construction of road works on a State-controlled road when land, not in the priority infrastructure area is developed as a large town-house estate—such as for the provision of footpaths, kerb and channel with ancillary drainage and a landscaped noise buffer.

(3) A condition under subsection (1) may require either or both of the following—

(a) infrastructure to be supplied at a different standard to the standard stated in the priority infrastructure plan;

(b) different infrastructure to be supplied to the infrastructure identified in the priority infrastructure plan.

(4) Subsection (5) applies if infrastructure mentioned in subsection (3)—

(a) has replaced, or is to replace, infrastructure for which a local government has collected, or may collect, an infrastructure charge; and

(b) provides the same desired standard of service as the replaced infrastructure.

(5) The local government must—

(a) give the charge collected to the State infrastructure provider to be used—

(i) for the construction of the infrastructure; or

(ii) to reimburse the person who constructed the infrastructure; or

(b) enter into an agreement with the State infrastructure provider and the person required to comply with the condition about when payment of the charge collected will be made—

(i) for the construction of the infrastructure; or

(ii) to reimburse the person who constructed the infrastructure.

(6) In this section—

infrastructure network, for State owned or State controlled transport infrastructure, means transport infrastructure under the *Transport Infrastructure Act 1994* that is owned or controlled by the State.

safety or efficiency of the provider's infrastructure network means the safety of any of the users of the provider's infrastructure network and others impacted by the network or the efficiency of the use of the provider's infrastructure network.[123]

123 See any guidelines made by the chief executive administering the *Transport Infrastructure Act 1994* about safety or efficiency of a provider's infrastructure network.

5.1.29 Requirements for conditions about safety or efficiency

A condition imposed under section 5.1.28(2)(a) for supplying, or contributing toward the cost of, infrastructure must state—

(a) the infrastructure or works to be supplied or the contribution to be made; and

(b) when the infrastructure or works must be supplied or the contribution made.

5.1.30 Requirements for conditions about additional infrastructure costs

(1) A State infrastructure provider may impose a condition under section 5.1.28(2)(b) only to the extent the development—

(a) is—

(i) inconsistent with the assumptions stated in the priority infrastructure plan; or

(ii) for premises completely or partly outside the priority infrastructure area; and

(b) imposes additional infrastructure costs on the State infrastructure provider.

(2) A condition mentioned in subsection (1) must state each of the following—

(a) why the condition is required;

(b) the amount of the payment required;

(c) details of the infrastructure for which the payment is required;

(d) when the payment must be made;

(e) the person to whom the payment must be made;

(f) the applicant may elect to supply all or part of the infrastructure instead of making payment for the infrastructure to be supplied;

(g) if the applicant makes an election under paragraph (f)—

(i) any requirements for supplying the infrastructure; and

(ii) when the infrastructure must be supplied.

(3) Unless the applicant and the infrastructure provider otherwise agree in writing, for subsection (2)(d), the payment must be made—

(a) if the trunk infrastructure is necessary to service the premises—by the day the development, or work associated with the development, starts; or

(b) if the trunk infrastructure is not necessary to service the premises—

(i) for reconfiguring a lot—before the local government approves the plan of subdivision under chapter 3, part 7; or

(ii) for other development—before the use commences.

(4) Subsection (5) applies if—

(a) a development approval no longer has effect; and

(b) a payment for the additional infrastructure costs had been made; and

(c) construction of the infrastructure has not substantially commenced before the approval ceased having effect.

(5) The State infrastructure provider must repay to the person who made the payment any part of the payment the State infrastructure provider has not spent, or contracted to spend, on the design and construction of the infrastructure.

(6) A condition imposed under this division complies with section 3.5.30, to the extent the infrastructure is necessary, but not yet available, to service development, even if the infrastructure is also intended to service other development.

5.1.31 State infrastructure provider additional infrastructure costs in priority infrastructure areas

(1) The costs that may be required by a State infrastructure provider under section 5.1.30, for development completely in the priority infrastructure area, may only include—

(a) for infrastructure to be supplied earlier than the time anticipated in the priority infrastructure plan, the difference between—

(i) the present value of the establishment cost of the infrastructure; and

(ii) the present value of the establishment cost of the infrastructure, if the approval had not been given; or

(b) for infrastructure associated with a different type, scale or intensity of development from that anticipated in the priority infrastructure plan—the establishment cost of any additional infrastructure made necessary by the development.

(2) The applicant is entitled to a refund from the State infrastructure provider, on terms agreed with the State infrastructure provider, and the local government for the proportion of the establishment cost of the infrastructure—

(a) that reasonably can be apportioned to the other users' premises mentioned in subsection (1)(b); and

(b) collected, or to be collected, under an infrastructure charges schedule.

5.1.32 State infrastructure provider additional infrastructure costs outside priority infrastructure areas

(1) The costs that may be required under section 5.1.30, for development completely or partly outside the priority infrastructure area, may only include—

(a) the establishment cost of any infrastructure made necessary by the development; and

(b) the maintenance and operating costs of the infrastructure mentioned in paragraph (a) for up to 5 years; and

(c) the establishment, maintenance and operating costs of any temporary infrastructure required to ensure the safe or efficient operation of the infrastructure mentioned in paragraph (a) for up to 5 years.

(2) Subsection (3) applies if the planning scheme indicates the premises is part of an area intended for future development for—

(a) residential purposes; or

(b) retail or commercial purposes; or

(c) industrial purposes.

(3) For subsection (1)(a), infrastructure made necessary by the development includes the infrastructure necessary to service the balance of the area mentioned in subsection (2).

Division 9 Miscellaneous

5.1.33 Agreements for infrastructure partnerships

(1) A person may enter into a written agreement with a public sector entity about—

(a) supplying or funding infrastructure; or

(b) refunding payments made towards the cost of supplying or funding infrastructure.

(2) Subsection (1) has effect despite divisions 2 to 8 or chapter 3, part 5, division 6.

5.1.34 Sale of certain land held on trust by local governments

(1) Subsection (2) applies if—

(a) a local government intends to sell land it holds on trust in fee simple; and

(b) the land is held on trust for public parks infrastructure or local community facilities; and

(c) the local government completely or partly obtained the land in relation to an infrastructure charge levied, or a condition of an approval given, under this or the repealed Act; and

(d) the sale of the land would not be inconsistent with a current infrastructure agreement under which the local government obtained the land.

(2) The local government must advertise its intention to sell the land by placing a notice of the sale in a newspaper circulating in the local government's area.

(3) The notice must contain—

(a) a description of the land proposed to be sold; and

(b) the purpose for which the land was given on trust; and

(c) the reason for proposing to sell the land; and

(d) the reasonable time within which submissions must be made.

(4) The local government must consider all submissions in relation to the notice before making a decision about the sale.

(5) If a local government complies with this section and sells the land—

(a) the land is sold free of the trust; and

(b) the proceeds of the sale must be used for providing public parks infrastructure or land for local community facilities servicing the land.

Part 2 Infrastructure agreements

5.2.1 Meaning of *infrastructure agreement*

In this part—

infrastructure agreement means an agreement, as amended from time to time, mentioned in any of the following sections—

- section 3.5.34, to the extent the agreement is about a condition for the payment for, or the supply of, infrastructure
- section 5.1.6
- section 5.1.7
- section 5.1.12

- section 5.1.14
- section 5.1.22
- section 5.1.23
- section 5.1.24
- section 5.1.25
- section 5.1.26
- section 5.1.28
- section 5.1.30
- section 5.1.31
- section 5.1.33.

5.2.3 Matters certain infrastructure agreements must contain

An infrastructure agreement must—

(a) if obligations under the agreement would be affected by a change in the ownership of the land, the subject of the agreement—include a statement about how the obligations must be fulfilled if there is a change of ownership; and

(b) if the fulfilment of obligations under the agreement depends on development entitlements that may be affected by a change to a planning instrument—include a statement about—

(i) the repayment of amounts paid, and reimbursement of amounts expended, under the agreement; and

(ii) changing or cancelling the obligations if the development entitlements are changed without the consent of the person who has to fulfil the obligations; and

(c) include any other matter prescribed under a regulation.

5.2.4 Copy of infrastructure agreements to be given to local government

If a public sector entity other than a local government is a party to an infrastructure agreement, and the local government for the area to which the agreement applies is not a party to the agreement, the public sector entity must give a copy of the agreement to the local government.

5.2.5 When infrastructure agreements bind successors in title

(1) If an owner of land to which an infrastructure agreement applies is a party to the agreement or consents to the development obligations being attached to the land, the development obligations attach to the land and bind the owner and the owner's successors in title of the land.

(2) If the owner's consent under subsection (1) is given but is not endorsed on the agreement, the owner must give a copy of the document evidencing the owner's consent to the local government for the land to which the consent applies.

(3) However, if the agreement states that if the land is subdivided part of the land is to be released from the development obligations and the land is subdivided—

(a) the part of the land is released from the development obligations; and

(b) the development obligations are no longer binding on the owner of the part of the land.

(4) In this section—

development obligations means the obligations under the infrastructure agreement other than the obligations to be fulfilled by a public sector entity.

5.2.6 Exercise of discretion unaffected by infrastructure agreements

An infrastructure agreement is not invalid merely because its fulfilment depends on the exercise of a discretion by a public sector entity about an existing or future development application.

5.2.7 Infrastructure agreements prevail if inconsistent with development approval

(1) To the extent an infrastructure agreement is inconsistent with a development approval, the agreement prevails.

(2) To the extent an infrastructure agreement is inconsistent with an infrastructure charges notice or a regulated infrastructure charges notice, the agreement prevails.

Part 3 Private certification

5.3.1 Application of pt 3

This part applies to development under a development application only if the development requires code assessment under this Act.

5.3.2 Definition for pt 3

In this part—

assessment manager, for an application to which this part applies, means the person who would have been the assessment manager if a private certifier had not been engaged under this part.

5.3.3 Who is a private certifier

(1) A ***private certifier*** is—

(a) an individual who—

(i) has the qualifications, necessary experience or licence prescribed under a regulation made under this or another Act for a certifier for a stated code; and

(ii) enters into contractual arrangements with clients to certify work for the code; and

(iii) carries out certification work for the code; or

(b) a corporation or public sector entity that—

(i) employs an individual mentioned in paragraph (a) to carry out the work for the corporation or entity; and

(ii) enters into contractual arrangements with clients to provide certification work that the individual carries out.

(2) To remove any doubt, it is declared that a development application is not a contractual arrangement under subsection (1).

5.3.4 Application must not be inconsistent with earlier approval and self-assessable development

(1) If the application the private certifier is assessing relates to an earlier development approval that has not lapsed and was given by the assessment manager, the private certifier must not approve the application if it is inconsistent with the earlier approval.

Maximum penalty—165 penalty units.

(2) If the application the private certifier is assessing relates to self-assessable development that may affect the position, height or form of building work, the private certifier must not approve the application if it is inconsistent with a local planning instrument declaring the development to be self-assessable development.

Maximum penalty—165 penalty units.

5.3.5 Private certifier may decide certain development applications and inspect and certify certain works

(1) For the types of development or works for which a private certifier has, or employs an individual with, the qualifications, necessary experience or licence, the private certifier may receive, assess and decide development applications as if the private certifier were the assessment manager.

(3) The private certifier must, when issuing the decision notice, include in the notice details of any other code the applicant

may need to comply with in relation to the work to which the application relates.

(4) However, the private certifier must not decide the application until—

(a) all necessary development permits are effective for other assessable development related to the development; and

(b) all necessary preliminary approvals are effective for other assessable aspects of the development.

Maximum penalty—165 penalty units.

Example for subsection (4)(a)—

If a proposal involves building work, a material change of use and reconfiguring a lot, a private certifier who is engaged to assess and decide the building work application must not decide that application until all necessary development permits are effective for the change of use and reconfiguring of the lot.

Example for subsection (4)(b)—

If a proposal requires assessment of building work against a planning scheme and the Standard Building Regulation, a private certifier who is engaged to assess and decide the building work application against the Standard Building Regulation must not decide that application until all necessary preliminary approvals are effective for the assessment of building work against the planning scheme.

(5) If the private certifier receives the application before all other assessments for permits and approvals mentioned in subsection (4) are completed—

(a) the certifier may start processing the application; and

(b) for timings under IDAS, the application is taken not to have been received until the day all other assessments are completed.

(6) If the private certifier approves the application, the private certifier must—

(a) within 5 business days after approving the application, give the assessment manager a copy of—

(i) the application; and

(ii) the decision notice or negotiated decision notice; and

(iii) any other documents prescribed under a regulation under this or another Act; and

(b) give the assessment manager the approved form for the documents mentioned in paragraph (a); and

(c) if the assessment manager is the local government—pay the fee fixed by the local government under the *Local Government Act 1993*, section 1071A(1)(e) for accepting the documents mentioned in paragraph (a).

Maximum penalty—20 penalty units.

(6A) If the assessment manager is a local government, the local government must, when the private certifier complies with subsection (6), immediately give the private certifier a document (***the acknowledgment***) acknowledging the receipt of the fee mentioned in subsection (6)(c).

(6B) If the private certifier approves the application, the private certifier must not give the applicant any of the documents mentioned in subsection (6)(a)(ii) or (iii) until the private certifier has received the acknowledgment from the assessment manager.

Maximum penalty for subsection (6B)—40 penalty units.

(6C) If the private certifier approves the application, the private certifier must give the documents mentioned in subsection (6)(a)(ii) and (iii) to the applicant within 5 business days after the day the private certifier receives the acknowledgment.

(7) If the private certifier issues any certificate required by this or another Act, the private certifier must—

(a) within 5 business days after issuing the certificate, give the assessment manager a copy of the certificate; and

(b) if the assessment manager is the local government—

(i) pay the fee fixed by the local government under the *Local Government Act 1993*, section 1071A(1)(e) for accepting the documents mentioned in paragraph (a); and

(ii) give the local government the approved form for the documents.

Maximum penalty—20 penalty units.

5.3.6 Private certifier may act as assessing authority in certain circumstances

(1) For chapter 4, part 3, divisions 2 and 3, a private certifier is taken to be an assessing authority in relation to the types of development or works for which the private certifier has been engaged to carry out certification work.

(2) If a person fails to comply with an enforcement notice given by a private certifier under subsection (1), the private certifier must give the assessment manager written notice of the failure.

5.3.8 Private certifiers must act in the public interest

(1) A private certifier must act always in the public interest when performing the functions of a private certifier.

(2) In particular, a private certifier must not do any of the following—

(a) seek, accept or agree to accept a benefit (whether for the private certifier's benefit or another person) as a reward or inducement to act other than under this Act;

(b) act in a way contrary to a duty under this Act or a duty of the private certifier under any other Act under which the certifier is accredited;

(c) falsely claim that the private certifier has the qualifications, necessary experience or accreditation to be engaged as a private certifier;

(d) act outside the scope of the private certifier's powers;

(e) contravene a code of conduct approved under a regulation;

(f) act in a way, in relation to the certifier's practice, that is grossly negligent or grossly incompetent.

Maximum penalty—1 665 penalty units.

5.3.9 Engaging private certifiers

(1) If a private certifier is engaged—

(a) the engagement must be in writing and must state the certification fee; and

(b) the certifier must be paid the fee agreed to, even if the certifier does not approve the application or certify works because of noncompliance with any applicable codes or other valid reason for refusing approval or certification.

(2) If an applicant engages a private certifier, the private certifier must, within 5 business days after the engagement, give—

(a) the assessment manager written notice of the engagement; and

(b) the owner of the land to which the application relates written notice of—

(i) the name of the private certifier; and

(ii) the details, in an approved form, of the responsibilities of the private certifier in performing the certification work.

Maximum penalty—20 penalty units.

(3) If a private certifier is engaged to assess and decide a development application and this or another Act requires that work the subject of the application be inspected or that a certificate be issued for the work, the private certifier must also be engaged to—

(a) inspect the work to ensure it complies with, or accept certification that it complies with, the development permit authorising the work, any conditions of the permit and the code against which the work must be assessed; and

(b) issue any certificate required under this or the other Act.

5.3.10 Private certifiers may not be engaged if there is a conflict of interest

A private certifier must not accept engagement as a private certifier for a development if the private certifier has a conflict

of interest prescribed under a regulation under this or another Act.

5.3.11 Discontinuing engagement of private certifiers

(1) This section applies if the engagement of a private certifier is discontinued for any reason, including, for example, the resignation, disqualification, bankruptcy, insolvency, death or deregistration of the private certifier.

(2) The applicant must give the assessment manager written notice of the discontinuance within 5 business days after the discontinuance.

(3) The engagement is taken not to have been discontinued until the applicant has given the notice discontinuing the engagement.

5.3.12 Engaging replacement private certifier for application

(1) If the private certifier was engaged for assessing the application and the application has not yet been decided and the applicant intends to proceed with the application, the applicant may—

(a) engage a different private certifier (the ***replacement private certifier***) for the development; or

(b) make the application to the assessment manager.

(2) In assessing the application, the replacement private certifier or assessment manager may start the application process at any stage of IDAS the replacement private certifier or assessment manager considers appropriate to enable the replacement private certifier or assessment manager to make the appropriate decision on the application.

5.3.13 Engaging replacement private certifier to inspect work

(1) If the private certifier was engaged to inspect and certify work authorised by a development permit and the work has started, the work must not continue past the next notifiable inspection (if any) unless—

(a) if a replacement private certifier is engaged to inspect and certify the work—the replacement private certifier certifies the work; or

(b) if a replacement private certifier has not been engaged under paragraph (a)—the local government certifies the work.

(2) In subsection (1)—

next notifiable inspection means the next inspection of the work authorised by a development permit for which an inspector has to be notified under a planning scheme or this or any other Act.

5.3.15 Effect of transfer of functions to local government or replacement private certifier

(1) This section applies if, for work authorised by a development permit, the engagement of a private certifier is discontinued and—

(a) a replacement private certifier is engaged to inspect and certify the work; or

(b) if a replacement private certifier has not been engaged under paragraph (a)—the local government must inspect and certify the work.

(2) The replacement private certifier or local government is not liable for work carried out by the private certifier.

5.3.16 Liability insurance and performance bonds

(1) A regulation under this or another Act may state the type and limits of liability insurance, performance bond or similar type of security a private certifier must have or give in relation to a development application or work authorised by a development permit.

(2) A person must not carry out certification work unless the person has the insurance or has given the bond or security required under subsection (1).

Maximum penalty for subsection (2)—1 665 penalty units.

5.3.17 Documents to be kept by private certifiers

A regulation under this or another Act may prescribe the documents a private certifier must keep for audit purposes and the time for which the documents must be kept.

Part 4 Compensation

5.4.1 Definition for pt 4

In this part—

change, for an interest in land, means a change to the planning scheme or any planning scheme policy affecting the land.

owner, of an interest in land, means an owner of the interest at the time a change to a planning scheme is made.

5.4.2 Compensation for reduced value of interest in land

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if—

(a) a change reduces the value of the interest; and

(b) a development application (superseded planning scheme) for a development permit relating to the land has been made; and

(c) the application is assessed having regard to the planning scheme and planning scheme policies in effect when the application was made; and

(d) the assessment manager, or, on appeal, the court—

(i) refuses the application; or

(ii) approves the application in part or subject to conditions or both in part and subject to conditions.

5.4.3 Compensation for interest in land being changed to public purpose

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if because of a change, the only purpose for which the land could be used (other than the purpose for which it was lawfully being used when the change was made) is for a public purpose.

5.4.4 Limitations on compensation under ss 5.4.2 and 5.4.3

(1) Despite sections 5.4.2 and 5.4.3, compensation is not payable if the change—

(a) has the same effect as another statutory instrument, in respect of which compensation is not payable; or

(b) is about a type of development that, before the coming into effect of this Act, would normally have been dealt with under a local law, including, for example, the filling or drainage of land or the clearing of vegetation; or

(c) is about the relationships between, the location of, or the physical characteristics of buildings, works or lots, but the yield achievable is substantially the same as it would have been before the change; or

(d) is about a designation made under chapter 2, part 6;[124] or

(e) is about the matters comprising a priority infrastructure plan; or

(g) removes or changes an item of infrastructure shown in the scheme; or

(h) affects development that, had it happened under the superseded planning scheme—

(i) would have led to significant risk to persons or property from natural processes (including flooding, land slippage or erosion) and the risk could not have been significantly reduced by conditions attached to a development approval; or

124 Chapter 2 (Planning), part 6 (Designation of land for community infrastructure)

(ii) would have caused serious environmental harm, as defined in the *Environmental Protection Act 1994*, section 17,[125] and the harm could not have been significantly reduced by conditions attached to a development approval.

(2) For subsection (1)(c), yield for residential building work is substantially the same if—

(a) the proposed residential building has a gross floor area of not more than 2 000 m^2; and

(b) the gross floor area of the proposed residential building is reduced by not more than 15%.

(3) Also, compensation is not payable—

(a) for a matter under this part if compensation has already been paid for the matter to a previous owner of the interest in land; or

(b) for anything done in contravention of this Act; or

(c) if infrastructure shown in a planning scheme is not supplied, or supplied to a different standard, or supplied at a different time than the time stated in the planning scheme.

(4) If a matter for which compensation is payable under this part is also a matter for which compensation is payable under another Act, the claim for the compensation must be made under the other Act.

(5) In this section—

gross floor area means the sum of the floor areas (inclusive of all walls, columns and balconies, whether roofed or not) of all stories of every building located on a site, excluding the areas (if any) used for building services, a ground floor public lobby, a public mall in a shopping centre, and areas associated with the parking, loading and manoeuvring of motor vehicles.

yield means—

125 *Environmental Protection Act 1994*, section 17 (Serious environmental harm)

(a) for buildings and works—the gross floor area, or density of buildings or persons, or plot ratio, achievable for premises; and

(b) for reconfiguration—the number of lots in a given area of land.

5.4.5 Compensation for erroneous planning and development certificates

If a person suffers financial loss because of an error or omission in a planning and development certificate, the person is entitled to be paid reasonable compensation by the local government.

5.4.6 Time limits for claiming compensation

A claim for compensation under this part must be given to the local government—

(a) if the entitlement to claim the compensation is under section 5.4.2—within 6 months after the day the application mentioned in section 5.4.2(b) is refused or approved in part, or subject to conditions or approved both in part and subject to conditions; or

(b) if the entitlement to claim the compensation is under section 5.4.3—within 2 years after the day the change came into effect; or

(c) if the entitlement to claim the compensation is under section 5.4.5—at any time after the day the certificate is given.

5.4.7 Time limits for deciding and advising on claims

(1) The local government must decide each claim for compensation within 60 business days after the day the claim is made.

(2) The chief executive officer of the local government must, within 10 business days after the day the claim is decided—

(a) give the claimant written notice of the decision; and

(b) if the decision is to pay compensation—notify the amount of the compensation to be paid; and

(c) advise the claimant that the decision, including any amount of compensation payable, may be appealed.

5.4.8 Deciding claims for compensation

(1) In deciding a claim for compensation under this part, the local government must—

(a) grant all of the claim; or

(b) grant part of the claim and reject the rest of the claim; or

(c) refuse all of the claim.

(2) However, if the entitlement to claim the compensation is under section 5.4.3, the local government may decide the claim by—

(a) giving a notice of intention to resume the interest in the land under the *Acquisition of Land Act 1967*, section 7;[126] or

(b) in addition to making a decision under subsection (1)(b) or (c)—decide to amend the planning scheme so that use of the land for the purposes the land could have been used for under the superseded planning scheme would be consistent with the new or amended planning scheme or planning scheme policy.

5.4.9 Calculating reasonable compensation involving changes

(1) For compensation payable because of a change, reasonable compensation is the difference between the market values, appropriately adjusted having regard to the following matters, to the extent they are relevant—

(a) any limitations or conditions that may reasonably have applied to the development of the land if the land had been developed under the superseded planning scheme;

126 *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

(b) any benefit accruing to the land from the change, including but not limited to the likelihood of improved amenity in the locality of the land;

(c) if the owner owns land adjacent to the interest in land, any benefit accruing to the adjacent land because of—

(i) the coming into effect of the change or any other change made before the claim for compensation was made; or

(ii) the construction of, or improvement to, infrastructure on the adjacent land under the planning scheme or planning scheme policy (other than infrastructure funded by the owner) before the claim for compensation was made;

(d) the effect of any other changes to the planning scheme or planning scheme policy made since the change, but before the development application (superseded planning scheme) was made;

(e) if the application was a development application (superseded planning scheme) that is approved in part or subject to conditions—the effect of the approval on the value of the land.

(2) Despite subsection (1), if the land in respect of which compensation is claimed has, since the day of the change, become or ceased to be separate from other land, the amount of reasonable compensation must not be increased because the land has become, or ceased to be, separate from other land.

(3) In this section—

difference between the market values is the difference between the market value of the interest in land immediately before the change came into effect and the market value of the interest immediately after the change came into effect.

5.4.10 When compensation is payable

If compensation is payable under this part, the compensation must be paid within 30 business days after the last day an appeal could be made against the local government's decision

about the payment of compensation, or if an appeal is made, within 30 business days after the day the appeal is decided.

5.4.11 Payment of compensation to be recorded on title

(1) The chief executive officer of the local government must give the registrar of titles written notice of the payment of compensation under section 5.4.2.[127]

(2) The notice must be in the form approved by the registrar.

(3) The registrar must keep the information stated in the notice as information under the *Land Title Act 1994*, section 34.[128]

Part 5 Power to purchase, take or enter land for planning purposes

5.5.1 Local government may take or purchase land

(1) This section applies if—

(a) a local government is satisfied that the taking of land would help to achieve the desired environmental outcomes stated in its planning scheme; or

(b) at any time after a decision notice has been given for a development application, the local government is satisfied—

(i) the development would create a need to construct infrastructure on the land or carry drainage over the land; and

(ii) the applicant has taken reasonable measures to obtain the agreement of the owner of the land to actions that would facilitate the construction of the

127 Section 5.4.2 (Compensation for reduced value of interest in land)

128 *Land Title Act 1994*, section 34 (Other information not part of the freehold land register)

infrastructure or the carriage of the drainage, but has not been able to obtain such an agreement; and

(iii) the action is necessary to allow the development to proceed.

(2) If the local government satisfies itself of a matter in subsection (1) and the Governor in Council approves of the taking of the land, the local government is taken to be a constructing authority under the *Acquisition of Land Act 1967* and under that Act may take land.

(3) If the local government satisfies itself of the matters in subsection (1)(b), it is immaterial that the applicant may also derive any measurable benefit from the resumption action.

(4) To avoid any doubt, it is declared that the local government's power under this section to purchase or take land as a constructing authority under the *Acquisition of Land Act 1967* includes the ability to purchase or take an easement under section 6[129] of that Act.

5.5.2 Assessment manager's power to enter land in certain circumstances

An assessment manager or its agent may enter land at all reasonable times to undertake works if the assessment manager is satisfied that—

(a) implementing a development approval would require the undertaking of works on land other than the land the subject of the application; and

(b) the applicant has taken reasonable steps to obtain the agreement of the owner of the land to enable the works to proceed, but has not been able to obtain such an agreement; and

(c) the action is necessary to implement the development approval.

129 *Acquisition of Land Act 1967*, section 6 (Easements)

5.5.3 Compensation for loss or damage

(1) Any person who incurs loss or damage because of the exercise by an assessment manager of powers under section 5.5.2 is entitled to be paid reasonable compensation by the assessment manager.

(2) A claim for the compensation must be made—

(a) to the assessment manager in the approved form; and

(b) within 2 years after the entitlement to compensation arose.

(3) The assessment manager must decide the claim within 40 business days after the claim is made.[130]

(4) If the assessment manager decides to pay compensation, the payment must be made within 10 business days after making the decision.

(5) The assessment manager may recover from the applicant the amount of any compensation for loss or damage paid under this part that is not attributable to the assessment manager's negligence.

(3) Without limiting subsection (1), the local government may act under subsection (1) if the land is required for the development or redevelopment of part of the scheme area.

(4) If the land is required for the development or redevelopment, subsection (1) does not authorise the local government to take the land until the land is included in a zone in which the use for that development or redevelopment is permitted.

(5) If the land is purchased or taken for the development or redevelopment, the local government, with the prior approval of the Governor in Council, may sell all or part of the land, subject to any conditions the Governor in Council decides.

6.1.16 Amending transitional planning scheme policies

(1) A transitional planning scheme policy may be amended using the process for amending a planning scheme policy under schedule 3.

(2) If a transitional planning scheme policy is amended under this section, the amended transitional planning scheme policy is still a transitional planning scheme policy under this Act.

6.1.17 Amending transitional planning scheme policies for consistency with ch 3

(1) This section applies if—

(a) a local government intends to amend a transitional planning scheme policy to make the transitional planning scheme policy more consistent with chapter 3 but does not change the intent of the policy; and

(b) the local government, by resolution, proposes the amendment.

(2) If this section applies—

(a) schedule 3, sections 1 to 4 and section 6,[151] do not apply for the proposed amendment; and

(b) without further action, the local government may adopt the proposed amendment under schedule 3, section 5.[152]

(3) If a transitional planning scheme policy is amended under this section, the amended transitional planning scheme policy is still a transitional planning scheme policy under this Act.

6.1.18 Repealing transitional planning scheme policies

(1) A local government may, by resolution, repeal a transitional planning scheme policy.

(2) The local government must publish a notice about the resolution at least once in a newspaper circulating generally in the local government's area advising that the transitional planning scheme policy has been repealed.

(3) The repeal takes effect the day the resolution is made.

151 Schedule 3 (Process for making or amending planning scheme policies), sections 1 (Resolution proposing action), 2 (Public notice of proposed action), 3 (Public access to relevant documents), 4 (Consideration of all submissions) and 6 (Reporting to persons who made submissions about proposed action)

152 Schedule 3 (Process for making or amending planning scheme policies), section 5 (Resolution about adopting proposed planning scheme policy or amendment)

6.1.19 Planning scheme policies may support transitional planning schemes

If a local government has a transitional planning scheme, the local government may make a planning scheme policy under this Act as if the transitional planning scheme were an IPA planning scheme.

6.1.20 Planning scheme policies for infrastructure

(1) This section applies if—

(a) a local government has an IPA planning scheme; and

(b) the local government prepares a planning scheme policy about infrastructure.

(2) The planning scheme policy must specify, for a development application for the reconfiguration of a lot—

(a) the matters that were required to be specified in a local planning policy under section 6.2(6)(b)(i) and (ii)[153] of the repealed Act; and

(b) the monetary contribution to be paid to the local government instead of supplying an area of land for use as a park.

(3) However, if the local government has an infrastructure charges plan, the planning scheme policy must not deal with the same matters as the infrastructure charges plan.

(3A) This section applies despite section 2.1.23.

(4) This section expires on 31 March 2006.

6.1.21 IPA planning schemes cancel existing planning scheme policies

If an IPA planning scheme is adopted or a transitional planning scheme is converted to an IPA planning scheme, all existing transitional planning scheme policies and planning scheme policies supporting the transitional planning scheme

153 Section 6.2 (Contributions towards water supply and sewerage works) of the repealed Act

are cancelled from the day the adoption is notified in the gazette.

Division 5 State planning policies

6.1.22 Continuing effect of State planning policies

Each State planning policy made under the repealed Act and in force immediately before the commencement of this section continues to have effect and is taken to be a State planning policy made under this Act.

Division 6 Existing approvals and conditions

6.1.23 Continuing effect of approvals issued before commencement

(1) This section applies to—

(a) conditions set by, and certificates of compliance or similarly endorsed certificates (***continuing approvals***) issued by, a local government in relation to an application mentioned in section 4.1(5)[154] of the repealed Act and in force immediately before the commencement of this section; and

(b) permits (also ***continuing approvals***) issued under section 4.13(12)[155] of the repealed Act, including modifications of the permits under section 4.15[156] of the repealed Act, in force immediately before the commencement of this section; and

(c) approvals (also ***continuing approvals***), including modifications of the approvals under section 4.15 of the repealed Act, in force immediately before the commencement of this section and made in relation to

154 Section 4.1 (Applications) of the repealed Act

155 Section 4.13 (Assessment of town planning consent application) of the repealed Act

156 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

applications made under the following sections of the repealed Act—

- section 5.1(1)[157]
- section 5.2(1)[158]
- section 5.9(1)[159]
- section 5.11(1)[160]
- section 5.12(1);[161] and

(d) approvals (also ***continuing approvals***), by whatever name called, given under a former planning scheme but not included in paragraphs (a) to (c) in force immediately before the commencement of this section; and

(e) approvals (also ***continuing approvals***) issued under the *Building Act 1975*, in force immediately before the commencement of this section.

(1A) However, a requirement in a local planning instrument for an action to be carried out to the satisfaction of a nominated person is not a continuing approval.

(2) Despite the repeal of the repealed Act, each continuing approval and any conditions attached to a continuing approval have effect as if the approval and the conditions were a development approval in the form of a preliminary approval or development permit, as the case may be.

Example for subsection (2)—

An application for a staged subdivision approval under section 5.9(1) of the repealed Act and a concurrent application under section 5.1(1) of the repealed Act for approval of the first stage of the staged subdivision would result in—

157 Section 5.1 (Application for subdivision etc.) of the repealed Act. Applications for the subdivision of land incorporating a lake and mentioned in section 5.10 (Subdivision incorporating a lake) are also dealt with under section 5.1 of the repealed Act.

158 Section 5.2 (Subdivisions involving works) of the repealed Act

159 Section 5.9 (Staged subdivision) of the repealed Act

160 Section 5.11 (Application for amalgamation of land) of the repealed Act

161 Section 5.12 (Application for access easement) of the repealed Act

(a) for the section 5.9(1) application—a preliminary approval for reconfiguration of the whole of the land; and

(b) for the section 5.1(1) application—a development permit for reconfiguration of the land in stage 1.

(3) Subsection (2) has effect only for the period the continuing approval would have had effect if the repealed Act had not been repealed.

(4) If a continuing approval implies that a person has the right to use premises, the subject of the continuing approval, for a particular purpose (because the intended use of the premises did not also require a continuing approval) and the implied right existed, but the intended use had not started, immediately before the commencement of this section, the intended use is to be taken to be a use in existence immediately before the commencement if—

(a) the rights (other than the implied right) under the continuing approval are exercised within the time allowed for the rights to be exercised under the repealed Act; and

(b) the intended use is started within 5 years after the rights mentioned in paragraph (a) are exercised.

6.1.24 Certain conditions attach to land

(1) If a local government has set conditions in relation to a continuing approval, the conditions attach to the land on and from the commencement of this section and are binding on successors in title.

(2) Also, if an application to amend a former planning scheme was, or the conditions attached to an amendment were, approved under the repealed Act or under section 6.1.26 and conditions in relation to either amendment were attached to the land under the repealed Act or section 6.1.26—

(a) if the approval was given before the commencement of this section—the conditions remain attached to the land on and from the commencement of this section and are binding on successors in title; and

(b) if the approval was given under section 6.1.26—the conditions remain attached to the land on and from the

day the approval was given and are binding on successors in title.

(3) Subsections (1) and (2) apply, despite—

(a) a later amendment of the transitional planning scheme; and

(b) the later introduction or amendment of an IPA planning scheme.

(4) In this section—

former planning scheme includes any planning scheme made under the repealed Act or an Act repealed by the repealed Act.

Division 7 Applications in progress

6.1.25 Effect of commencement on certain applications in progress

(1) If an application was made before the commencement of this section for a matter mentioned in section 6.1.23(1)(a) to (d)—

(a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the repealed Act had not been repealed; and

(b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(1A) If an application was made before 30 April 1998 for a building approval under the *Building Act 1975*—

(a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the *Building and Integrated Planning Amendment Act 1998* had not commenced; and

(b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(2) If a request made before the commencement of this section was for the revocation of a town planning consent, processing

of the request and all matters incidental to the processing must proceed as if the repealed Act had not been repealed.

(3) Subsection (4) applies if—

(a) an approval mentioned in subsection (1)(b) or (1A)(b) implies that a person has the right to use premises, the subject of the approval, for a particular purpose; and

(b) when the approval was given, a material change of use for a use implied by the approval was self-assessable development or exempt development; and

(c) after the approval was given, but before the use started, a new planning instrument or an amendment of a planning instrument—

(i) declared the material change of use to be assessable development; or

(ii) changed an applicable code for the material change of use.

(4) The implied use is to be taken to be a use in existence immediately before the commencement of the new planning instrument or amendment if—

(a) the rights (other than the implied right) under the approval are exercised within the time allowed for the rights to be exercised under the approval or this Act; and

(b) the implied use is started within 5 years after the rights mentioned in paragraph (a) are exercised.

6.1.26 Effect of commencement on other applications in progress

(1) This section applies to—

(a) applications made before the commencement of this section under section 4.3(1), section 4.6(1) or section 4.9(1)[162] of the repealed Act; or

162 Section 4.3 (Amendment of a planning scheme etc. by an applicant), 4.6 (Application for rezoning of land in stages) or 4.9 (Subsequent staged rezoning approvals) of the repealed Act

(b) an equivalent application made before the commencement of this section under the *Local Government Act 1936* or the *City of Brisbane Town Planning Act 1964*; or

(c) an application made under section 4.15[163] of the repealed Act relating to the modification of—

(i) an application mentioned in paragraph (a) or (b); or

(ii) the approval of an application mentioned in paragraph (a) or (b); or

(iii) conditions attaching to the approval of an application mentioned in paragraph (a) or (b).

(2) An application mentioned in subsection (1) must be processed and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the repealed Act had not been repealed.

(3) Subsection (4) applies if—

(a) at any time subsection (2) applies for an application mentioned in subsection (1); and

(b) applying subsection (2) requires the amendment of a planning scheme; and

(b) the local government has an IPA planning scheme.

(4) The Governor in Council may amend the IPA planning scheme using the processes under the repealed Act, part 4, as if the IPA planning scheme were a former planning scheme.

6.1.27 Applications for compensation continue

If an application for compensation was made and has not been decided before the commencement of this section, the application must be decided as if the repealed Act had not been repealed.[164]

163 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

164 See the *Acts Interpretation Act 1954*, section 20 for other matters that are also saved when an Act is repealed.

Division 8 Applications made or development carried out after the commencement of this division

6.1.28 IDAS must be used for processing applications

(1) To remove any doubt, it is declared that all development applications for assessable development made after the commencement of this section to which a transitional planning scheme or interim development control provision applies must be made and processed under this Act.

(2) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would have required public notification under the repealed Act—

(a) the application must be processed as if it were a development application requiring impact assessment; and

(b) a statement made under section 3.2.3(2)(d) on the acknowledgment notice that an aspect of the development applied for requires impact assessment is taken to mean that the application will be processed as if it were a development application requiring impact assessment.

(3) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would not have required public notification under the repealed Act—

(a) the application must be processed as if it were a development application requiring code assessment; and

(b) a statement made under section 3.2.3(2)(c) on any acknowledgment notice for the application that an aspect of the development applied for requires code assessment is taken to mean that the application will be processed as if it were a development application requiring code assessment; and

(c) despite section 3.2.3(2)(c), any acknowledgment notice for the application need not refer to codes.

6.1.29 Assessing applications (other than against the Standard Building Regulation)

(1) This section applies only for the part of the assessing aspects of development applications to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.4 and 3.5.5[165] do not apply for assessing the application.

(3) Instead, the following matters, to the extent the matters are relevant to the application, apply for assessing the application—

(a) the common material for the application;

(b) the transitional planning scheme;

(c) the transitional planning scheme policies;

(d) any planning scheme policy made after the commencement of this section;

(e) all State planning policies;

(f) the matters stated in section 8.2(1)[166] of the repealed Act;

(g) for an interim development control provision in force in a local government area—the interim development control provision;

(h) if the application is for development that before the commencement of this section would have required an application to be made under any of the following sections of the repealed Act—

(i) section 4.3(1)—the matters stated in section 4.4(3);[167]

(ii) section 5.1(1)[168]—the matters stated in section 5.1(3);

---

165 Sections 3.5.4 (Code assessment) and 3.5.5 (Impact assessment)

166 Section 8.2 (Environmental impact) of the repealed Act

167 Sections 4.3 (Amendment of a planning scheme etc. by an applicant) and 4.4 (Assessment of proposed planning scheme amendment) of the repealed Act

168 Section 5.1 (Application for subdivision etc.) of the repealed Act

(iii) section 5.1(1) and section 5.10(1)[169] applies—the matters stated in sections 5.1(3) and 5.10(2);

(iv) section 5.2(1)[170]—the matters stated in section 5.2(2);

(v) section 5.9(1)[171]—the matters stated in section 5.9(3);

(vi) section 5.11(1)[172]—the matters stated in section 5.11(3);

(i) any other matter to which regard would have been given if the application had been made under the repealed Act.

6.1.30 Deciding applications (other than under the Standard Building Regulation)

(1) This section applies only for the part of the deciding aspects of a development application to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.13 and 3.5.14[173] do not apply for deciding the application.

(3) Instead, the assessment manager must, if the application is for development that before the commencement of this section would have required an application to be made under any of the following sections of the repealed Act—

(a) section 4.3(1)—decide the application under section 4.4(5)[174] and (5A);

(b) section 4.12(1)—decide the application under section 4.13(5)[175] and (5A);

169 Section 5.10 (Subdivision incorporating a lake) of the repealed Act

170 Section 5.2 (Subdivisions involving works) of the repealed Act

171 Section 5.9 (Staged subdivision) of the repealed Act

172 Section 5.11 (Application for amalgamation of land) of the repealed Act

173 Sections 3.5.13 (Decision if application requires code assessment) and 3.5.14 (Decision if application requires impact assessment)

174 Sections 4.3 (Amendment of a planning scheme etc. by an applicant) and 4.4 (Assessment of proposed planning scheme amendment) of the repealed Act

175 Sections 4.12 (Application for town planning consent) and 4.13 (Assessment of town planning consent application) of the repealed Act

(c) section 5.1(1) (whether or not section 5.10(1)[176] applies)—decide the application under section 5.1(6) and (6A);

(d) section 5.2(1)[177]—decide the application under section 5.2(4), as if all words in that section after 'conditions' were omitted;

(e) section 5.9(1)[178]—decide the application under section 5.9(6) and (6A);

(f) section 5.11(1)[179]—decide the application under section 5.11(5);

(g) section 5.12(1)[180]—decide the application under section 5.12(4).

(4) If a development application is made for development that under a transitional planning scheme requires an application for the setting of conditions or the issue of a certificate of compliance or similarly endorsed certificate—

(a) the assessment manager may not refuse the application despite section 3.5.11(1)(c);[181] but

(b) a concurrence agency may still direct the assessment manager to refuse the application.

(5) If the assessment manager does not decide the application mentioned in subsection (4) within the decision making period, the application is taken to have been approved—

(a) without conditions imposed by the assessment manager; and

(b) subject to any matter a concurrence agency told the assessment manager under section 3.3.18(1).

176 Sections 5.1 (Application for subdivision etc.) and 5.10 (Subdivision incorporating a lake) of the repealed Act

177 Section 5.2 (Subdivisions involving works) of the repealed Act

178 Section 5.9 (Staged subdivision) of the repealed Act

179 Section 5.11 (Application for amalgamation of land) of the repealed Act

180 Section 5.12 (Application for access easement) of the repealed Act

181 Section 3.5.11 (Decision generally)

(6) However, if a concurrence agency told the assessment manager to refuse the application—

(a) if subsection (4) applies—the assessment manager must refuse the application; or

(b) if subsection (5) applies—the application is taken to be refused.

6.1.30A Deeming of certain applications under transitional planning schemes

(1) This section applies if—

(a) a development application is made under a transitional planning scheme; and

(b) the application form indicates the application is for a material change of use only; and

(c) it reasonably can be inferred from the common material that the application also was for development other than the material change of use.

(2) The application, and any development approval for the application, is taken to be also for the other development.

(3) However—

(a) the development approval is taken to be a preliminary approval for the other development unless the development approval states the development approval is a development permit for some or all of the other development; and

(b) for the other development taken to be the subject of the preliminary approval—

(i) for building work—any later development application for the other development does not require assessment against the transitional planning scheme; and

(ii) for development other than building work—to the extent section 6.1.28 applies, any later development application for the other development is taken to be an application to which section 6.1.28(3) applies; and

(c) the other development is refused to the extent the development approval expressly states the other development is refused.

(4) Subsection (2) does not apply to the extent stated in a notice given to the assessment manager by the applicant before or after the development approval was given.

6.1.31 Conditions about infrastructure for applications

(1) Subsection (2) applies if—

(a) a local government is deciding a development application under a transitional planning scheme or an IPA planning scheme; and

(b) the local government has—

(i) a local planning policy about infrastructure or a planning scheme policy about infrastructure; or

(ii) a provision, that was included before the commencement of this section, in its planning scheme about monetary contributions for specified infrastructure.

(2) For deciding the aspect of the application relating to the local planning policy, the planning scheme policy or planning scheme provision—

(a) chapter 5, part 1[182] does not apply; and

(b) section 3.5.32(1)(b)[183] does not apply; and

(c) the local government may impose a condition on the development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) under a policy or provision mentioned in subsection (1)(b).

(3) However—

(a) if a condition imposed under subsection (2)(c) is inconsistent with an infrastructure agreement for

182 Chapter 5 (Miscellaneous), part 1 (Infrastructure charges)

183 Section 3.5.32 (Conditions that can not be imposed)

supplying the infrastructure, to the extent of the inconsistency, the agreement prevails; or

(b) if the application is being decided under an IPA planning scheme, subsection (2) applies only until—

(i) 31 March 2006; or

(ii) if the Minister, by gazette notice, nominates a later day for a particular planning scheme—the later day.

(4) Subsection (5) applies if a local government is deciding a development application only under a transitional planning scheme.

(5) For deciding the application and to the extent the application is about the aspects of the application to be decided by the local government—

(a) section 3.5.32(1)(b)[184] does not apply; and

(b) chapter 5, part 1, division 7 does not apply.

6.1.32 Conditions about infrastructure for applications under interim development control provisions or subdivision of land by-laws

(1) This section applies if—

(a) the local government is deciding a development application; and

(b) the local government does not have a transitional planning scheme but has—

(i) an interim development control provision; or

(ii) a subdivision of land by-law continued in effect under section 8.10(7)[185] of the repealed Act.

(2) For deciding the application—

(a) section 3.5.32(1)(b)[186] does not apply; and

184 Section 3.5.32 (Conditions that can not be imposed)

185 Section 8.10 (Savings and transitional) of the repealed Act

186 Section 3.5.32 (Conditions that can not be imposed)

(b) the local government may impose a condition on a development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) as if the repealed Act had not been repealed.

(3) To the extent a condition imposed under subsection (2)(b) is inconsistent with an infrastructure agreement for supplying the infrastructure, the agreement prevails.

6.1.34 Consequential amendment of transitional planning schemes

(1) This section applies if under a transitional planning scheme an assessment manager is deciding a development application for assessable development that would, under the repealed Act, have first required the amendment of the former planning scheme.

(2) If the assessment manager approves the application, the local government may, by resolution and within 20 business days after the day the approval takes effect, adopt an amendment of its transitional planning scheme to reflect the approval.

(3) The amendment is an amendment of a planning scheme to which section 3.5.27 and schedule 1, sections 1 to 19 do not apply.

6.1.35 Self-assessable development under transitional planning schemes

Self-assessable development to which a transitional planning scheme or an interim development control provision applies must comply with applicable codes.

6.1.35A Applications to change conditions of rezoning approvals under repealed Act

(1) This section applies if a person wants to change the conditions attached to an approval given under section 2.19(3)(a) or 4.4(5) of the repealed Act.

(2) A person may—

(a) make a development application to achieve the change; or

(b) apply under section 4.3(1) or 4.15(1) of the repealed Act to change the conditions.

(3) If a person applies under subsection (2)(b) the application must be processed by the local government as if the repealed Act had not been repealed.

6.1.35B Development approvals prevail over conditions of rezoning approvals under repealed Act

A development approval given under this Act prevails, to the extent the approval is inconsistent with a condition—

(a) of an approval given under section 4.4(5) of the repealed Act; or

(b) decided under section 2.19(3) of the repealed Act.

6.1.35CFuture effect of approvals for applications mentioned in s 3.1.6

(1) Subsection (2) applies if—

(a) a development application in which the applicant sought to vary the effect of a planning scheme in 1 or more of the ways mentioned in section 3.1.6(2), as that section was immediately before the commencement of this section, is made; and

(b) the application was made before the commencement of this section; and

(c) the application has been, or is, approved.

(2) To the extent the approval does either or both of the following, the approval is valid—

(a) approves the development applied for;

(b) does 1 or more of the things mentioned in section 3.1.6(3) or 3.1.6(5).

Division 9 Planning and Environment Court

6.1.36 Appointments of judges continue

Judges of District Courts notified by gazette notice as judges who constituted the Planning and Environment Court before the commencement of section 4.1.1,[187] are, until a further notice is gazetted under this Act, the judges who, on and from the commencement, constitute the court.

6.1.37 Court orders continue

(1) An order made by the Planning and Environment Court before the commencement of section 4.1.1 and still in force immediately before the commencement, continues to have effect on and after the commencement.

(2) The order may be discharged or amended by the court under this Act.

6.1.38 Rules of court continue

(1) The rules of court in force immediately before the commencement of section 4.1.1 continue in force on and after the commencement as if they were made under section 4.1.10.[188]

(2) The rules may be amended or repealed under this Act.

6.1.39 Proceedings started under repealed Act continue

A proceeding started before the Planning and Environment Court under the repealed Act and not finished on the commencement of section 4.1.1, may be continued and completed by the court as if the repealed Act had not been repealed.[189]

Division 10 Miscellaneous

6.1.42 Application of ch 2, pt 3

Chapter 2, part 3[190] (in so far as the Minister may direct a local government to amend a planning scheme or repeal a transitional planning scheme policy) applies to transitional planning schemes and transitional planning scheme policies.

6.1.44 Conditions may be changed or cancelled by assessment manager or concurrence agency in certain circumstances

(1) This section applies if—

(a) before the commencement of this section another Act or a local law required a licence, permit, registration or other approval for development or for an activity that is the natural and ordinary consequence of the development; and

(b) the other Act or local law allowed for a condition of the licence, permit, registration or other approval to be changed or cancelled without the consent of any person; and

(c) the development is assessable development as defined for this part, and this Act generally; and

(d) the other Act or local law is repealed or amended; and

(e) if the Act or local law is amended—

(i) the requirement for the licence, permit, registration or other approval is removed; or

(ii) a condition of the licence, permit, registration or other approval that could have been imposed under the other Act or local law before the amendment may be imposed, under this Act, on the development approval.

(2) A condition of a development approval for the development, to the extent the condition could have been imposed by an

190 Chapter 2 (Planning), part 3 (State powers)

entity under the other Act or local law before the Act or law was amended or repealed, may be changed or cancelled by the entity—

(a) if the entity, as a concurrence agency, directed the assessment manager to impose the condition; or

(b) if the entity, as the assessment manager, decided the condition; or

(c) if paragraph (a) or (b) does not apply—if the entity has jurisdiction for the condition.

(3) The change or cancellation may be made—

(a) without the consent of the owner of the land to which the approval attaches and any occupier of the land; but

(b) only to the extent the change or cancellation could have been made under the other Act or local law before it was amended or repealed.

(4) If the entity is satisfied it is necessary to change or cancel the condition, the entity must give a written notice to the owner of the land to which the approval attaches and any occupier of the land.

(5) The notice must state—

(a) the proposed change or cancellation and the reasons for the change or cancellation; and

(b) that each person to whom the notice is given may make written representations to the entity about the proposed change or cancellation; and

(c) the time (at least 15 business days after the notice is given to the holder) within which the representations may be made.

(6) After considering any representations the entity must give to each person to whom the notice was given—

(a) if the entity is not satisfied the change or cancellation is necessary—written notice stating it has decided not to change or cancel the condition; or

(b) if the entity is satisfied the change or cancellation is necessary—written notice stating it has decided to

change or cancel the condition, including details of the changed or cancelled condition.

(7) If the entity is a concurrence agency, the entity must give the assessment manager written notice of the change or cancellation.

(8) The changed condition or cancellation takes effect from the day the notice was given to the owner of the land to which the approval attaches.

6.1.45 Infrastructure agreements
