The spelling of certain words or phrases may be inconsistent with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’).

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

City of Brisbane (Finance, Plans and Reporting) Regulation 2010

[reprinted as in force on 1 July 2010]

Chapter 1 Preliminary

1 Short title

This regulation may be cited as the *City of Brisbane (Finance, Plans and Reporting) Regulation 2010*.

2 Commencement

This regulation commences on 1 July 2010.

3 Definitions

The dictionary in the schedule defines particular words used in this regulation.

4 What this regulation is about

This regulation is about community planning and financial management for the council, including—

- (a) engaging the community; and
- (b) planning community growth and development; and
- (c) rates and charges of the council; and
- (d) the financial accounts, documents, policies, records and reports of the council; and
- (e) contracts of the council; and

[s 5]

- (f) allocating funds received by the State from the Commonwealth for purposes related to the council.

Chapter 2 Rates and charges

Part 1 Preliminary

5 What is the *value* of land

The *value*, of land for a financial year, is the unimproved value of the land under the Valuation of Land Act when a liability for payment of rates or charges for the land arises for the financial year.

Part 2 Land exempt from rating

6 Land that is exempt from rating—Act, s 95

For section 95(3)(f)(i) of the Act, land owned or held by the council is exempted from rating unless the land is leased by the council to someone other than another local government.

Part 3 Value of land used for rates

7 Rateable value of land

- (1) The council must calculate the rates for land by using the rateable value of the land.

-
- (2) The *rateable value* of land for a financial year is the value of the land—
 - (a) for the financial year; or
 - (b) as averaged over a number of financial years.
 - (3) The council may use the value of the land averaged over a number of financial years only if the council decides, by resolution, to do so.
 - (4) The resolution must state whether the council will use, for deciding the rateable value of the land—
 - (a) the 2-year averaged value of the land; or
 - (b) the 3-year averaged value of the land.
 - (5) However, if the value of the land averaged over a number of financial years is more than the value of the land for the financial year, the rates must be calculated using the value of the land for the financial year.

8 Working out the 2-year averaged value

- (1) The *2-year averaged value* of land for a financial year is the amount that equals—
 - (a) if the land had a value for the previous financial year—
 - the value of the land for the previous financial year
 - plus the value of the land for the financial year
 - divided by 2; or
 - (b) if the land did not have a value for the previous financial year—
 - the value of the land for the financial year
 - divided by 2
 - multiplied by the 2-year averaging number.

[s 9]

- (2) The **2-year averaging number**, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{2V}$$

where—

T is the total of the values of all rateable land in Brisbane for the financial year and the previous financial year.

V is the value of all rateable land in Brisbane for the financial year.

9 Working out the 3-year averaged value

- (1) The **3-year averaged value** of land for a financial year is the amount that equals—

- (a) if the land had a value for the 2 previous financial years—

- the sum of the value of the land for each of the 2 previous years
- plus the value of the land for the financial year
- divided by 3; or

- (b) if the land did not have a value for the 2 previous financial years—

- the value of the land for the financial year
- divided by 3
- multiplied by the 3-year averaging number.

- (2) The **3-year averaging number**, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{3V}$$

where—

T is the total of the values of all rateable land in Brisbane for the financial year and the previous 2 financial years.

V is the value of all rateable land in Brisbane for the financial year.

Part 4 Minimum general rates

10 Minimum general rates for land generally

- (1) The council may fix a minimum amount of general rates.
- (2) The council may identify parcels of rateable land to which a minimum amount of general rates applies in any way that the council considers appropriate.
- (3) However, the council must not levy minimum general rates for a parcel of land if—
 - (a) the Valuation of Land Act, section 25, applies to the parcel of land; and
 - (b) the discounted valuation period for the parcel of land has not ended under that section.
- (4) Generally, the same minimum amount of general rates must apply to all rateable land in Brisbane.
- (5) However, the council may fix a different minimum amount of general rates only for—
 - (a) if there are different rating categories for rateable land for Brisbane, each different rating category; or
 - (b) timeshare property; or
 - (c) any of the following—
 - (i) a mining lease granted for mining for minerals over land that is not larger than 2ha;

[s 11]

- (ii) a mining lease granted for a purpose that is associated with mining for minerals over land that is not larger than 4ha; or
 - (d) land that is subject to a mining claim, subject to section 12.
- (6) For subsection (5)(a), if the council fixes a different minimum amount of general rates for different rating categories, the same minimum amount of general rates must apply to all rateable land belonging to a particular rating category.

11 Minimum general rates on timeshare property

- (1) This section applies to the council for fixing a minimum amount of general rates on—
 - (a) land where there is a structure wholly or partially subject to a timeshare scheme; or
 - (b) a lot included in a community titles scheme under the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a timeshare scheme; or
 - (c) a lot within the meaning of a community titles Act other than the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a timeshare scheme.
- (2) The council may decide the minimum amount of general rates is to be worked out using the formula—

$$L \times RU$$

where—

L is the minimum amount of general rates that would, other than for this section, be payable for the land or lot.

RU is the number of units of the structure that are subject to the timeshare scheme and are available at any time for separate exclusive occupation.

12 Value of mining claim for fixing minimum general rates

For fixing a minimum amount of general rates for land subject to a mining claim, the value of the mining claim is—

- (a) for a mining claim over land that is 900m² or less—\$150; or
- (b) for a mining claim over land that is larger than 900m²—\$450.

Part 5 Differential general rates

Division 1 Introduction

13 Differential general rates

- (1) The council may levy general rates that differ for different categories of rateable land in Brisbane.
- (2) These rates are called *differential general rates*.
- (3) For example, the council may decide the amount of the general rates on a parcel of residential land will be more than the general rates on the same size parcel of rural land.
- (4) However, the differential general rates for a category of rateable land may be the same as the differential general rates for another category of rateable land.
- (5) If the council makes and levies a differential general rate for rateable land for a financial year, the council must not make and levy a general rate for the land for the year.
- (6) A differential general rate may be made and levied on a lot under a community titles Act as if it were a parcel of rateable land.

[s 14]

14 Categorisation of land for differential general rates

- (1) Before the council levies differential general rates, it must decide the different categories (each a *rating category*) of rateable land in Brisbane.
- (2) The council must, by resolution, make the decision at the council's budget meeting.
- (3) The resolution must state—
 - (a) the rating categories of rateable land in Brisbane; and
 - (b) a description of each of the rating categories.

Example—

A resolution may state that the rating categories, and a description of each of the rating categories, are as follows—

- (a) residential land—land that is used for residential purposes in particular urban centres, rural localities, park residential estates and coastal villages;
 - (b) commercial and industrial land—land that is used solely for commerce or industry in particular urban centres and rural localities, other than land used for manufacturing sugar or another rural production industry;
 - (c) grazing and livestock land—land that is used, for commercial purposes, for grazing and livestock;
 - (d) rural land—
 - (i) land that is not in an urban centre or locality; or
 - (ii) land that is not used for grazing and livestock; or
 - (iii) land that is not sugar cane land or sugar milling land;
 - (e) other land—any other type of land.
- (4) After the rating categories and descriptions have been decided, the council must identify the rating category to which each parcel of rateable land in Brisbane belongs.
 - (5) The council may do so in any way it considers appropriate.
 - (6) The fact that some parcels of rateable land are inadvertently not categorised does not stop differential general rates being levied on rateable land that has been categorised.

15 Later categorisation

- (1) This section applies if—
 - (a) the council discovers that land has inadvertently not been categorised; or
 - (b) land becomes rateable land; or
 - (c) the council considers that the rating category of a parcel of land should be changed, in view of the description of each rating category; or
 - (d) 2 or more parcels of rateable land are amalgamated into a single parcel of rateable land.
- (2) The council must decide what rating category the land should be in.
- (3) The decision takes effect—
 - (a) for a decision because of subsection (1)(a)—from the start of the relevant financial year; or
 - (b) for a decision because of subsection (1)(b)—from the day when the land became rateable land; or
 - (c) for a decision because of subsection (1)(c)—from the day when the decision is made; or
 - (d) for a decision because of subsection (1)(d)—from the day when the survey plan of amalgamation is registered by the registrar of titles.

Division 2 Entering land to categorise land

16 What div 2 is about

This division is about—

- (a) appointing categorisation officers; and
- (b) the officers' powers to enter land to enable any of the following—

[s 17]

- (i) the rating categories into which rateable land in Brisbane is to be categorised to be decided;
- (ii) a description for each of the rating categories to be decided;
- (iii) the rating category for a parcel of rateable land to be identified;
- (iv) an objection or appeal against the categorisation of rateable land to be decided.

17 Appointing categorisation officer

- (1) The chief executive officer may appoint a qualified person as a categorisation officer for this division.
- (2) For subsection (1), a person is qualified if the person—
 - (a) has the competencies the chief executive officer considers are necessary to perform the functions that are required to be performed by the person under this division; and
 - (b) is any of the following—
 - (i) a person who is authorised by the council for this division;
 - (ii) a member of the Land Court;
 - (iii) a person who is authorised by a member of the Land Court for this division.
- (3) A categorisation officer's appointment is subject to—
 - (a) section 19; and
 - (b) the conditions stated in the document that appoints the categorisation officer.

18 Identity card for categorisation officer

- (1) The chief executive officer must give each categorisation officer an identity card.

-
- (2) A person who stops being a categorisation officer must return the person's identity card to the chief executive officer, within 21 days after stopping being a categorisation officer, unless the person has a reasonable excuse.

Maximum penalty for subsection (2)—10 penalty units.

19 Exercise of power of entry

- (1) A categorisation officer may enter private property under this division only—
- (a) with the permission of the occupier of the property; or
 - (b) to ask the occupier of the property for permission to stay on the property to exercise the powers under this division; or
 - (c) with, and in accordance with, a warrant.
- (2) Subject to subsection (6), section 118, other than subsections (2)(b) and (4)(a)(ii), of the Act (the *applied provision*) applies to a categorisation officer for entering private property under subsection (1)(a) or (b).
- (3) Subject to subsections (4) and (6), sections 119, other than subsections (5) and (6)(a), and 120 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under subsection (1)(c).
- (4) However, a magistrate may issue a warrant for entering private property under this division only if—
- (a) the magistrate is satisfied—
 - (i) the warrant is sought for entering the property under section 16(b); and
 - (ii) the occupier of the property has unreasonably refused a request for permission to enter the property under section 118(2) of the Act as applied under subsection (2); and
 - (b) the warrant states the purpose for which it is issued.

[s 20]

- (5) Subject to subsection (6), sections 115, 125 and 126 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under this division.
- (6) The applied provisions apply as if—
 - (a) a reference in the applied provisions to an authorised person were a reference to the categorisation officer; and
 - (b) a reference in the applied provisions, other than section 126 of the Act, to a local government related law were a reference to this division; and
 - (c) a reference in the applied provisions to the powers under the Act were a reference to the powers under this division; and
 - (d) a reference in the applied provisions to the powers or action under chapter 5, part 2, division 1 of the Act were a reference to the powers or action under this division.

Sections 115 (Producing authorised person's identity card), 118 (Entering private property with, and in accordance with, the occupier's permission), 119 (Entering private property with, and in accordance with, a warrant), 120 (Warrants—applications made electronically), 125 (Authorised person to give notice of damage) and 126 (Compensation for damage or loss caused after entry) of the Act

20 End of appointment of categorisation officer

- (1) A person stops being a categorisation officer—
 - (a) at the end of the term of appointment stated in the document that appointed the person; or
 - (b) if the person gives the council a signed notice of resignation; or
 - (c) if it is a condition of the person's appointment that the person hold another position at the same time—if the person stops holding the other position.
- (2) This section does not limit the ways in which a categorisation officer's appointment ends.

Division 3 Notice of categorisation of land

21 Notice to owner of categorisation

- (1) This section applies if the council decides to levy differential general rates on rateable land for a financial year.
- (2) The council must ensure each of the following rate notices (a ***relevant rate notice***) is accompanied by, or contains, a rating category statement—
 - (a) the first rate notice for the financial year given to the owner of the land;
 - (b) a later rate notice for the financial year if—
 - (i) the owner of the land has changed since the first rate notice for the financial year was issued; or
 - (ii) the rating category for the land has changed since the first rate notice for the financial year was issued.
- (3) However, a rating category statement may also accompany, or be contained in, a rate notice, other than a relevant rate notice.
- (4) The ***rating category statement*** is a document stating—
 - (a) the rating categories for land in Brisbane, and a description of each of the rating categories; and
 - (b) the rating category for the land (the ***owner's land***) described in the rate notice accompanying or containing the rating category statement; and
 - (c) that the owner may object to the categorisation of the owner's land only on the ground that the rating category is wrong in reference to the council's descriptions of the rating categories; and
 - (d) that the owner may object by giving the council an objection notice, in the form that the council approves, within—

[s 22]

- (i) 30 days after the date when the first rate notice was issued; or
- (ii) a longer period that the council allows; and
- (e) that the owner is liable to pay the amount in the rate notice even if the owner gives an objection notice; and
- (f) that, if the rating category of the owner's land is changed because of the objection, the rates will be adjusted at that time.

Division 4 Objecting to rates category

22 What div 4 is about

- (1) This division is about an owner of land making an objection, or starting an appeal, relating to the rating category for the land.
- (2) However, the making of an objection, or the starting of an appeal, does not stop the levying and recovery of rates on the land.

23 Land owner's objection to rates category

- (1) This section applies if an owner of rateable land wants to object to the rating category for the land that is stated in a rate notice for the land.
- (2) The only ground for objecting is that the owner considers the land should belong to a different rating category.
- (3) The owner may object by giving the council an objection notice.
- (4) An ***objection notice*** is a document, in a form approved by the council, stating—
 - (a) the rating category that the owner claims the land should belong to; and

- (b) the facts and circumstances on which the owner makes that claim.
- (5) The owner must give the objection notice within—
 - (a) 30 days after the day when the rate notice was issued; or
 - (b) a longer period that the council allows.

24 Decision on a land owner's objection

- (1) This section applies if the owner of rateable land properly objects to the rating category for the land.
- (2) The chief executive officer must consider the objection and decide—
 - (a) to change the rating category for the land—
 - (i) to the rating category to which the owner claims in the objection notice the land should belong; or
 - (ii) to another rating category; or
 - (b) not to allow the objection.
- (3) The chief executive officer must give the owner notice of—
 - (a) the decision; and
 - (b) the reasons for the decision.
- (4) The chief executive officer must give the notice within 60 days after the objection was made.
- (5) If the chief executive officer decides to change the rating category of the land, the rating category is taken to have been changed from the start of the period of the rate notice.

25 Land owner's appeal against decision

- (1) This section applies if the owner of rateable land wants to appeal against a decision of—
 - (a) the council not to allow a longer period for giving an objection notice; or

[s 26]

- (b) the chief executive officer on the owner's objection to the rating category for the land.
- (2) The owner may appeal by filing an appeal notice in the Land Court registry, within 42 days after the day when the owner received notice of the decision.
- (3) The appeal notice must be in the form approved by the Land Court.
- (4) The owner must give a copy of the filed appeal notice to the council, within 7 days after the appeal notice was filed.
- (5) If the owner fails to do so, it does not affect the making of the appeal, or the jurisdiction of the Land Court to decide the appeal, but the court may award costs against the owner for any adjournment that is caused by the owner's failure.

26 Decision on a land owner's appeal

- (1) For an appeal under this division, the Land Court is constituted by 1 member.
- (2) The Land Court—
 - (a) must conduct the appeal with a view to its prompt disposal; and
 - (b) must observe natural justice; and
 - (c) is not bound by the rules of evidence.
- (3) The Land Court may decide to—
 - (a) if the appeal is against the decision of the council not to allow a longer period for giving an objection notice—
 - (i) allow a longer period for giving an objection notice; or
 - (ii) not allow the appeal.
 - (b) if the appeal is against the decision of the chief executive officer on the owner's objection to the rating category for the land—

- (i) change the rating category for the land; or
 - (ii) not allow the appeal.
- (4) If the Land Court decides to change the rating category for the land, the rating category is taken to have been changed from the start of the period of the rate notice.

Part 6 Special rates and charges

27 Levying special rates or charges

- (1) This section applies if the council decides to levy special rates or charges.
- (2) For levying rates under subsection (1), the council may fix a minimum amount of the rates.
- (3) The council's resolution to levy special rates or charges must identify—
 - (a) the rateable land to which the special rates or charges apply; and
 - (b) the overall plan for the service, facility or activity to which the special rates or charges apply.
- (4) The *overall plan* is a document that—
 - (a) describes the service, facility or activity; and
 - (b) identifies the rateable land to which the special rates or charges apply; and
 - (c) states the estimated cost of carrying out the overall plan; and
 - (d) states the estimated time for carrying out the overall plan.

[s 28]

- (5) The council must adopt the overall plan before, or at the same time as, the council first resolves to levy the special rates or charges.
- (6) Under an overall plan, special rates or charges may be levied for 1 or more years before any of the special rates or charges are spent in carrying out the overall plan.
- (7) If an overall plan is for more than 1 year, the council must also adopt an annual implementation plan for each year.
- (8) An *annual implementation plan* for a financial year is a document setting out the actions or processes that are to be carried out in the financial year for the service, facility or activity to which the special rates or charges apply.
- (9) The council must adopt the annual implementation plan before or at the budget meeting for each year of the period for carrying out the overall plan.
- (10) The council may at any time, by resolution, amend—
 - (a) an overall plan; or
 - (b) an annual implementation plan.
- (11) To remove any doubt, it is declared that the council may make and levy a special rate or charge for a service, facility or activity whether or not supplied or undertaken by the council itself, including a service, facility or activity supplied or undertaken by another local government—
 - (a) in the other local government’s local government area; and
 - (b) conducted as a joint government activity by the council and the other local government.

28 Carrying special rates or charges forward to a later financial year

- (1) This section applies if the council does not spend all of the special rates or charges that are raised in a financial year in carrying out an annual implementation plan.

- (2) The council may carry the unspent special rates or charges forward for spending under an annual implementation plan in a later financial year.

29 Surplus special rates or charges after plan is carried out

- (1) This section applies if—
 - (a) the council implements an overall plan; and
 - (b) the council has not spent all the special rates or charges.
- (2) The council must, as soon as practicable, pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.
- (3) The payments to the current owners must be in the same proportions as the special rates or charges were last levied.

30 Surplus special rates or charges after plan is cancelled

- (1) This section applies if—
 - (a) the council decides to cancel an overall plan before it is carried out; and
 - (b) the council has not spent all the special rates or charges.
- (2) The council must, as soon as practicable, pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.
- (3) The council must pay the current owners—
 - (a) if the overall plan identifies the beneficiaries of the plan—in the proportions that the council, by resolution, decides; or
 - (b) if the overall plan does not identify the beneficiaries of the plan—in the same proportions as the special rates or charges were last levied.
- (4) The council must decide the proportions having regard to—

[s 31]

- (a) the proportions in which the special rates or charges were last levied; and
 - (b) the extent to which the rateable land, or the owners of the rateable land, will benefit from or have access to the service, facility or activity.
- (5) The *beneficiaries* of the plan are the owners of the rateable land that will benefit from or have access to the service, facility or activity.

31 Returning special rates or charges incorrectly levied

- (1) This section applies if a rate notice includes special rates or charges that were levied on land to which the special rates or charges do not apply.
- (2) The rate notice is not invalid, but the council must, as soon as practicable, return the special rates or charges to the person who paid the special rates or charges.

Part 7 Utility charges

32 Utility charges

- (1) The council may levy utility charges on any basis the council considers appropriate.
- (2) For example, utility charges may be levied on the basis of any, or any combination, of the following—
 - (a) the rateable value of land;
 - (b) the use made of—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or
 - (iii) a class of land or structure;

-
- (c) any circumstances that are peculiar to the supply of a service to—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or
 - (iii) a class of land or structure.
 - (3) The council may do 1 or both of the following—
 - (a) levy utility charges for services that have been supplied or are to be supplied during part of the financial year and part of another financial year;
 - (b) levy differing utility charges for services that have been supplied or are to be supplied during various periods in 1 or more financial years, and decide the way the charges are to be apportioned.
 - (4) However, the council may only levy utility charges for services—
 - (a) supplied in the last financial year; or
 - (b) supplied, or to be supplied, in the current financial year; or
 - (c) to be supplied in the next financial year.

33 Utility charges before facilities are constructed

- (1) The council may, in a financial year (the *current financial year*), levy utility charges for supplying a service before the facilities for supplying the service have been constructed if—
 - (a) the council reasonably believes the service will be supplied in the next financial year; and
 - (b) the council—
 - (i) has started constructing the facilities; or
 - (ii) intends to start constructing the facilities during the next financial year, and has included the funds that

[s 34]

are necessary for construction in its annual budget for the current financial year.

- (2) The utility charges are not invalid only because the service is not supplied in the next financial year for reasons beyond the council's control.

34 Reading meters for utility charges

- (1) This section is about the reading of meters for utility charges.
- (2) The council may, by resolution, decide a meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Example—

In calculating utility charges for a period ending on 30 April, if a meter is read on 10 May, the meter reading is taken to be the meter reading on 30 April.

- (3) This section does not limit the council's power to make local laws about other aspects of the administration of the metered consumption of a utility service.
- (4) In this section—
meter includes any measuring device.

Part 8 Separate rates and charges

35 Levying separate rates or charges

- (1) This section applies if the council decides to levy separate rates or charges.
- (2) For levying rates under subsection (1), the council may fix a minimum amount of the rates.

-
- (3) To remove any doubt, it is declared that the council may levy separate rates or charges for a service, facility or activity, whether or not the service, facility or activity is supplied by the council.

Part 9 Levying and adjusting rates and charges

Division 1 Rate notices

36 Rate notice for rates or charges

- (1) The council may levy rates or charges only by a rate notice.
- (2) A *rate notice* is a document stating—
- (a) the date when the rate notice is issued; and
 - (b) the due date for payment of the rates or charges; and
 - (c) if the council has decided a discount applies to the rates or charges—
 - (i) the terms of the discount; and
 - (ii) the last day of the discount period; and
 - (d) if the council has decided rates or charges may be paid by instalments—the requirements for paying by instalments; and
 - (e) the ways in which the rates or charges may be paid.

37 Other amounts under rate notice

- (1) A rate notice may also include an amount, other than an amount for rates or charges, payable to the council.

[s 38]

Example—

a licence fee payable to the council

- (2) However, the rate notice must make it clear that—
- (a) the amount is not for rates or charges; and
 - (b) payment of the amount, whether before or after the end of any discount period, does not affect any discount that applies to the rates or charges.

38 Entities to whom rate notice must be given

A rate notice must be given—

- (a) for services supplied to a structure, or to land that is not rateable land—to the entity who asked for the service to be supplied; and
- (b) in any other case—to the entity who is recorded in the council's land record as the owner of the land on which the rates are levied.

Note—

See part 13 for more information on the land record.

39 Issue of and period covered by rate notice

- (1) A rate notice may only be issued—
- (a) for utility charges, for a period of at least 1 month, that the council considers appropriate; and
 - (b) for other rates or charges, for the whole or part of a financial year as the council considers appropriate.
- (2) However, the rate notice for the rates mentioned in subsection (1)(b) must be issued for the same period for all rate payers.
- (3) If a person who is liable to pay rates or charges for a period pays the rates or charges before the council gives the person a rate notice for the period, the council is not required to give the person a rate notice for the period.

- (4) However, the council must, at least once each year, issue a rate notice for each parcel of rateable land for a period of no longer than a financial year.

40 Electronic issue of rate notice

A rate notice, including a rating category statement contained in or accompanying the notice, may be given electronically to a person if—

- (a) the person has given consent to the notice being given electronically; and
- (b) at the time the notice was given, it was reasonable for the council to expect the notice would be readily accessible so as to be useable for subsequent reference by the person.

Division 2 Adjusting rates or charges

41 What div 2 is about

This division is about the council adjusting the amount of rates or charges that have already been levied on land because particular changes happen.

42 Land stops being rateable land

If the land becomes, or stops being, rateable land, the council must adjust the rates so that the rates are calculated only on the period when the land was rateable land.

43 Change in unimproved value

If the unimproved value of the land changes under the Valuation of Land Act, the council must adjust the rates so that the rates are calculated on the new value of the land for

[s 44]

the period that starts on the day the change takes effect under that Act.

44 Change in rating category

If the land is given a rating category, including a change of rating category, the council must adjust the general rates so that the rates are calculated on the new or changed rating category for the period that starts on the day the land was given the new or changed rating category.

45 Special rates become or stop being payable

If the land becomes, or stops being, land on which the council may levy special rates or charges, the council must adjust the rates or charges so that the rates or charges are calculated on the period when the land was land on which the council could levy special rates or charges.

46 Loss of entitlement to occupy land from State

- (1) This section applies if—
 - (a) a person is entitled to occupy land under a lease, licence or permission given by the State; and
 - (b) the person loses the entitlement, including, for example, because the lease, licence or permission expires or is surrendered or forfeited.
- (2) The council must adjust the rates or charges so that the rates or charges are calculated only for the period when the person was entitled to occupy the land.

47 Rates or charges paid before adjustment

If the rates or charges are paid before they are adjusted, the council—

-
- (a) if the rates or charges are reduced—must refund the overpaid amount of rates or charges; or
 - (b) if the rates or charges are increased—may recover the amount of rates or charges owing.

Division 3 Other matters about levying rates or charges

48 Limitation of increase in rates or charges levied

- (1) When the council resolves to levy rates or charges, it also may resolve to limit the increase in the rates or charges.
- (2) The rates or charges may be limited to not more than—
 - (a) if the rates or charges for the last financial year were for a full year—
 - (i) the rates or charges for the last financial year; or
 - (ii) the rates or charges for the last financial year, increased by a stated percentage; or
 - (b) if the rates or charges levied for the last financial year were not for a full year—
 - (i) the corresponding annual amount for the rates or charges for the last financial year; or
 - (ii) the corresponding annual amount for the rates or charges for the last financial year, increased by a stated percentage.
- (3) The *corresponding annual amount* is the amount worked out by—
 - (a) converting the amount of the rates or charges levied for the last financial year to a daily amount; and
 - (b) multiplying the daily amount by 365.
- (4) The resolution may specify different percentages for—

[s 49]

- (a) different land or classes of land; or
- (b) different rates or charges.

49 Rates or charges may be levied or adjusted after end of financial year

The council may levy rates or charges, or adjust a rates or charges levy in a financial year, even though the resolution for making the rates or charges was made for a previous financial year.

50 When rates or charges must be paid

- (1) The council must decide the date by which, or the period within which, rates or charges must be paid.
- (2) The date by which, or the period within which, the rates or charges must be paid must be—
 - (a) at least 30 days after the rate notice for the rates or charges is issued; and
 - (b) subject to part 10, the same date or period for each person liable to pay the rates or charges.
- (3) The council must, by resolution, make the decision at its budget meeting.

Part 10 Concessions

51 Concession for rates or charges

The council may grant a rate payer a concession for rates or charges for land only under this part.

52 Criteria for granting concession

- (1) The council may grant the concession only if it is satisfied—
- (a) the land is owned or occupied by a pensioner; or
 - (b) the land is owned by—
 - (i) an entity whose objects do not include making a profit; or
 - (ii) an entity that provides assistance or encouragement for arts or cultural development; or
 - (c) the payment of the rates or charges will cause hardship to the land owner; or
 - (d) the concession will encourage the economic development of Brisbane or a part of Brisbane; or
 - (e) the concession will encourage land that is of cultural, environmental, historic, heritage or scientific significance to Brisbane to be preserved, restored or maintained; or
 - (f) the land is used exclusively for the purpose of a single dwelling house or farming and could be used for another purpose, including, for example, a commercial or industrial purpose; or
 - (g) the land is subject to a GHG tenure, mining tenement or petroleum tenure; or
 - (h) the land is part of a parcel of land (a *parcel*) that has been subdivided and—
 - (i) the person who subdivided the parcel is the owner of the land; and
 - (ii) the land is not developed land.

- (2) In this section—

GHG tenure see the *Greenhouse Gas Storage Act 2009*, section 18(2).

mining tenement see the *Mineral Resources Act 1989*, schedule.

[s 53]

petroleum tenure means—

- (a) a petroleum tenure under the *Petroleum and Gas (Production and Safety) Act 2004*, section 18(3); or
- (b) an authority to prospect or lease under the *Petroleum Act 1923*.

53 Types of concession

The concession may only be of the following types—

- (a) a rebate of all or part of the rates or charges;
- (b) an agreement to defer payment of the rates or charges;
- (c) an agreement to accept a transfer of unencumbered land in full or part payment of the rates or charges.

54 Resolutions for granting concession

- (1) The council may grant the concession only by—
 - (a) a resolution granting the concession to a stated rate payer; or
 - (b) if the resolution is of a type mentioned in section 53(a) or (b)—a resolution granting the concession to a rate payer who is a member of a stated class of rate payers.
- (2) The council may make the resolution before it levies the rates or charges.
- (3) The council may make a resolution under subsection (1)(a) only if the rate payer has applied for the concession in a way accepted by the council.
- (4) If the council grants a concession by making a resolution under subsection (1)(b), the concession may be granted only to the rate payers whom the council is satisfied are eligible for the concession.
- (5) The resolution may include conditions for granting the concession to the rate payer.

(6) Without limiting subsection (5), the conditions may include the following—

- (a) a condition requiring the rate payer to show the council particular information or documents or follow a procedure to be eligible for the concession;

Examples—

- a condition requiring the rate payer to produce a health care card or pensioner concession card to show the rate payer's eligibility for the concession for the rates or charges
- a condition requiring the rate payer to enter an agreement to defer payment of rates or charges in a form required by the council

- (b) a condition limiting the period for which the rate payer is granted the concession.

Example—

for a concession on the basis of the rate payer's receipt of a disability support pension, a condition limiting the concession to the period for which the rate payer receives the pension

55 Special provision for rebate for land occupied by pensioners

- (1) The council may grant a rebate of rates or charges for land occupied only by pensioners only if the land owner agrees to pass the benefit of the rebate on to the pensioners.
- (2) The council may grant a rebate of rates or charges for land that is occupied by pensioners and other persons, only—
- (a) for that part of the rates or charges that the council considers is fairly attributable to the part of the land where pensioners have a right to exclusive occupancy; and
- (b) if the land owner agrees to pass the benefit of the rebate on to the pensioners.

[s 56]

56 Refund of rebated rates or charges already paid

- (1) This section applies if—
 - (a) the council grants a rebate of the rates or charges to a rate payer or a rate payer who is a member of a class of rate payers; and
 - (b) the ratepayer has already paid the rates or charges.
- (2) The council must refund the amount of the rebated rates or charges to the rate payer.

57 Special provision for agreement to defer rates or charges

- (1) This section applies if a concession to a rate payer for rates or charges includes an agreement to defer the payment of the rates or charges.
- (2) The agreement must state either—
 - (a) for an agreement under which the rates or charges become payable on a particular day—the due date for payment of the rates or charges; or
 - (b) for an agreement under which the rates or charges become payable when an event happens—a description of the event and the due date for payment of the rates or charges in reference to the event.

Example—

An agreement provides for general rates for land to be paid at the end of a stated period after the land is transmitted to the rate payer's personal representative or sold.

- (3) The agreement may also include a condition that the rate payer must pay an additional charge in return for the council agreeing to defer payment of the rates or charges.

58 Special provision for agreement to accept land transfer

- (1) This section applies if a concession to a rate payer for rates or charges includes an agreement to accept a transfer of

unencumbered land in full or part payment of the rates or charges.

- (2) The agreement must state the due date for payment of the rates or charges.

Part 11 Paying rates and charges

59 Who must pay rates and charges

- (1) Subject to section 94, the following persons are liable to pay rates and charges—
- (a) for rateable land—the current owner of the land, even if that owner did not own the land during the period to which the rates or charges relate;
 - (b) for a service that is supplied to a structure, or to land that is not rateable land—the entity who asked for the service to be supplied;
 - (c) for previously rateable land—the owner of the land immediately before it stopped being rateable land.
- (2) ***Previously rateable land*** is land that was, but has stopped being, rateable land because—
- (a) the tenure of a holding is terminated; or
 - (b) the land is surrendered or forfeited to the State; or
 - (c) the land is acquired by the State or the Commonwealth; or
 - (d) the land is exempted from rating; or
 - (e) the property description of the land no longer exists.
- (3) If more than 1 person is liable to pay rates or charges, all the persons are jointly and severally liable to pay the rates or charges.

[s 60]

60 Paying part of rates and charges

- (1) This section applies if a person—
 - (a) pays the council an amount that is less than the total of all amounts mentioned in a rate notice; and
 - (b) does not specify which of the amounts that the person is paying.
- (2) The council must use the amount to pay the amounts mentioned in the rate notice in the following order—
 - (a) overdue rates or charges, starting with the rates or charges that have been overdue the longest;
 - (b) rates or charges stated in the rate notice;
 - (c) amounts, other than rates or charges, that are payable to the council.

61 Paying rates or charges by instalments

- (1) The council may decide to allow rate payers to pay rates or charges by instalments.
- (2) The council must, by resolution, make the decision at its budget meeting.
- (3) The resolution must state—
 - (a) the periods for payment of each instalment of the rates or charges; and
 - (b) any other requirements for paying the rates or charges by instalments.
- (4) The requirements may include a requirement for the rate payer to pay an additional charge in return for paying the rates or charges by instalments.
- (5) The resolution may state a discount for paying an instalment of the rates or charges within the period for paying the instalment.

62 Discount for prompt payment of rates or charges

- (1) The council may decide to allow a discount for payment of rates or charges before the end of the discount period.
- (2) The *discount period* is a period that ends on or before the due date for payment.

Examples of discount period—

- 1 month before the due date for payment
 - a period of 1 month ending 2 weeks before the due date for payment
- (3) The council must, by resolution, make the decision at its budget meeting.
 - (4) The resolution must state—
 - (a) whether the discount is to be—
 - (i) a fixed amount; or
 - (ii) a percentage of the rates or charges; and
 - (b) if the discount is to be a fixed amount—the amount; and
 - (c) if the discount is to be a percentage of the rates or charges—the percentage; and
 - (d) whether the discount applies only if—
 - (i) other rates or charges are paid; or
 - (ii) an amount, including any interest on the amount, is paid for work that was performed by the council under a remedial notice issued under the Act; and
 - (e) the discount period.
 - (5) The council may allow more than 1 discount period for rates or charges only if the council's resolution—
 - (a) states more than 1 discount period for the rates or charges; and
 - (b) allows a different discount for each discount period.

[s 63]

- (6) The council may, by resolution, change the discount period to end on a later day (the *new discount day*).
- (7) However, if the discount period is changed under subsection (6), the council must also, by resolution, change the due date for payment to a later day that is no earlier than the new discount day.
- (8) If the council decides to allow a discount for a discount period, it must allow the discount to all rate payers who pay the rates or charges before the end of the discount period.
- (9) If the council is satisfied a rate payer has been prevented, by circumstances beyond their control, from paying the rates or charges in time to get a discount, the council may still allow the discount.
- (10) A rate payer is not entitled to a discount for paying in full rates or charges for land by the end of a discount period if other rates or charges for the land are overdue.

- (1) *Overdue* rates or charges are made up of—
 - (a) either of the following—
 - (i) subject to subparagraph (ii), rates or charges that are not paid by the due date for payment stated in the rates notice;
 - (ii) if a rate payer is granted a concession for rates or charges of a type mentioned in section 53(b) or (c)—rates or charges that are not paid by the due date stated in the agreement to which the concession relates; and
 - (b) if the council takes the rate payer to court to recover rates or charges and the court orders the rate payer to pay the council's costs—the costs; and
 - (c) the interest, if interest is payable, on the rates or charges, or costs.
- (2) Subject to subsection (3), the rates or charges mentioned in subsection (1)(a)(i) become *overdue* on the day after the due date for payment of the rates or charges stated in the rates notice.

- (4) Subsection (5) applies if—
 - (a) rates or charges are not paid before the due date stated in the rates notice for the rates or charges; and

[s 65]

- (b) a concession of a type mentioned in section 53(b) or (c) is granted after the due date; and
 - (c) the rates or charges are not paid by the due date stated in the agreement to which the concession relates.
- (5) The rates or charges are taken to have become *overdue* on the day after the due date stated in the rates notice for the rates or charges.
- (6) If an agreement deferring payment of rates or charges includes a condition about when the rates or charges become payable, the rates or charges can become *overdue* only if the condition is satisfied.

Example—

An agreement to defer payment of general rates for land provides that the rates become payable within a stated period after the land is sold. The rates or charges can become overdue only if the land is sold.

65 Interest on overdue rates or charges

- (1) Interest is payable on overdue rates or charges—
- (a) at the percentage, of not more than 11% a year, decided by the council; and

- (2) The council's decision about the rate of interest, and the date from which interest is payable on overdue rates or charges, must apply equally to all rate payers.
- (3) Interest must be calculated—
- (a) on daily rests and as compound interest; or
 - (b) in another way the council decides, if an equal or lower amount will be obtained.

Division 2 Court proceedings for overdue rates or charges

66 Court proceedings for overdue rates or charges

- (1) The council may recover overdue rates or charges by bringing court proceedings for a debt against a person who is liable to pay the overdue rates or charges.
- (2) If the council does so, but does not recover all of the overdue rates or charges from the person, the council may recover the remaining overdue rates or charges from any other person who is liable to pay the overdue rates or charges (for example, a joint owner).
- (3) If a court orders a person to pay overdue rates or charges, and the person fails to comply with the court order, the person is not liable to imprisonment for the failure.

67 Selling or acquiring land ends liability for overdue rates or charges

If the council sells or acquires land for overdue rates or charges, the council can not start or continue any court proceedings to recover the overdue rates or charges.
