Information about this reprint

This regulation is reprinted as at 15 April 2011. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

- (2) In this section—

partial assistance, in relation to another scheme, means assistance under that scheme to fund part of the cost of the item for which a claim is made in the application.

347 Special requirement for particular assistance

- (1) An applicant is eligible for assistance of more than \$5000 under the scheme only if—
 - (a) the applicant provides evidence to the authority, in the form of tax invoices, official receipts for payment or bank statements, that all amounts claimed by the applicant under the scheme have been paid by the applicant; or

 - (i) if 1 or more of the operators of the small business is an individual—evidence that the operator or at least 1 of the operators is the holder of a current health care card under the *Social Security Act 1991* (Cwlth); or

Schedule

- (ii) a certificate from a suitably qualified person stating that—
 - (A) the applicant can not pay the amounts claimed in the application because of financial hardship; and
 - (B) the continuation of the applicant's small business is in doubt because the applicant can not pay the amounts claimed;
 - (c) if the applicant is a non-profit organisation—a certificate from a suitably qualified person stating that—
 - (i) the applicant can not pay the amounts claimed in the application because of financial hardship; and
 - (ii) the continuation of the applicant's non-profit organisation is in doubt because the applicant can not pay the amounts claimed.
- (2) In this section—
 - suitably qualified person*** means—
 - (a) generally, a person who—
 - (i) has financial qualifications that enable the person to give a certificate mentioned in subsection (1); and
 - (ii) is a member of a professional association whose members normally provide financial advice; and
 - (iii) is not an office holder in the applicant and is not otherwise associated with the applicant in any way; or

- (ii) is a member of a relevant professional association.

The maximum amount of assistance that may be given to an applicant under the scheme is \$25000.

Note—

See section 351 for special circumstances in which an applicant may be given more than the stated maximum amount.

 - (ii) all quotations or other similar records of amounts claimed;
- (b) an applicant must consent to the authority obtaining information or documents from an insurer of the applicant's primary production enterprise, small business or means for conducting its operations to allow the authority to verify, for a grant of more than \$5000 under the scheme, the applicant's entitlements under an insurance policy taken out with the insurer;
- (c) an applicant must consent to the authority conducting an audit of the records mentioned in paragraph (a) to allow the authority to verify that amounts given to the applicant under the scheme have been used in accordance with the claim for assistance.

351 Special provision for particular applications—primary producer or small business

- (1) This section applies if—
 - (a) an eligible entity is a primary producer or small business; and
 - (b) the eligible entity operates more than 1 business or primary production enterprise (each a *separate business*) at separate locations; and
 - (c) the authority is satisfied a separate business is a commercial entity that would be a commercially viable and autonomous business (an *eligible separate business*) if other businesses operated by the eligible entity ceased to operate.
- (2) The eligible entity may apply for assistance under the scheme for each eligible separate business as if each business were a separate primary production enterprise or small business in relation to which the applicant is eligible for assistance under the scheme.
- (3) Despite section 349, the maximum amount of assistance that may be given for each eligible separate business under the scheme is \$25000.
- (4) For subsection (1)(b), the authority may have regard to the following—
 - (a) the staffing arrangements of the separate business;
 - (b) whether the business has its own plant, equipment or stock;
 - (c) the accounting and insurance arrangements of the business;
 - (d) whether the business operates under its own trading name.
- (5) Subsection (4) does not limit the matters to which the authority may have regard.

352 Special provision for particular applications—non-profit organisations

- (1) This section applies if—
 - (a) an eligible entity operates more than 1 non-profit operation (each a *separate operation*); and
 - (b) the authority is satisfied each separate operation would be an operation that continues to run autonomously (an *eligible separate operation*) if other operations operated by the eligible entity ceased to operate.
- (2) The eligible entity may apply for assistance under the scheme for each eligible separate operation as if each eligible separate operation were a separate non-profit organisation in relation to which the applicant is eligible for assistance under the scheme.
- (3) Despite section 349, the maximum amount of assistance that may be given for each eligible separate operation under the scheme is \$25000.
- (4) For subsection (1)(b), the authority may have regard to the following—
 - (a) the staffing arrangements of the separate operation;
 - (b) the accounting and insurance arrangements of the separate operation;
 - (c) whether the separate operation operates under its own trading name;
 - (d) the financial independence and autonomy of the separate operation.
- (5) Subsection (4) does not limit the matters to which the authority may have regard.

353 Special provision about insurance

- (1) This section applies if an applicant receives, or is entitled to receive, an amount (an *insurance amount*) under a policy of insurance relating to direct damage caused by Tropical Cyclone Yasi.

- (2) The applicant is not eligible to receive a grant under the scheme to cover particular costs of cleaning and restoring the applicant's primary production enterprise, small business or means for conducting its operations if the applicant receives, or is entitled to receive, an insurance amount to cover the costs.
- (3) However, this section does not apply in relation to the first \$5000 an applicant receives under the scheme for the primary production enterprise, small business or non-profit organisation.

354 Applications

- (1) An application for assistance under the scheme must—
 - (a) be made on the authority's application form; and
 - (b) be accompanied by the documentation stated on the application; and
 - (c) be given to the authority.
- (2) An application for assistance under the scheme must be received by the authority no later than 31 October 2011.
- (3) The authority may request that an applicant provide further relevant information required to decide the application.

355 Deciding applications

The authority must consider, and decide to approve or refuse to approve, each application for assistance under the scheme.
