Information about this reprint

This Act is reprinted as at 29 October 2012. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about when provisions commenced.

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Land Act 1994

[as amended by all amendments that commenced on or before 29 October 2012]

An Act to consolidate and amend the law relating to the administration and management of non-freehold land and deeds of grant in trust and the creation of freehold land, and for related purposes

Chapter 1 Preliminary

Part 1 Introduction

1 Short title

This Act may be cited as the *Land Act 1994*.

3 Dictionary

The dictionary in schedule 6 defines particular words used in this Act.

Part 2 Objects

4 Object of this Act

In the administration of this Act, land to which this Act applies must be managed for the benefit of the people of Queensland by having regard to the following principles—

Sustainability

- sustainable resource use and development to ensure existing needs are met and the State's resources are conserved for the benefit of future generations

Evaluation

- land evaluation based on the appraisal of land capability and the consideration and balancing of the different economic, environmental, cultural and social opportunities and values of the land

Development

- allocating land for development in the context of the State's planning framework, and applying contemporary best practice in design and land management
- when land is made available, allocation to persons who will facilitate its most appropriate use that supports the economic, social and physical wellbeing of the people of Queensland

Community purpose

- if land is needed for community purposes, the retention of the land for the community in a way that protects and facilitates the community purpose

Protection

- protection of environmentally and culturally valuable and sensitive areas and features

Consultation

- consultation with community groups, industry associations and authorities is an important part of the decision-making process

Administration

- consistent and impartial dealings
- efficient, open and accountable administration
- a market approach in land dealings, adjusted when appropriate for community benefits arising from the dealing.

Part 3 Application of Act

5 Land to which Act applies

- (1) This Act applies to all land, including land that is, whether permanently or from time to time, covered by water subject to tidal influence.

Note—

Although this Act generally applies to non-freehold land, most freehold land contains a reservation to the State for minerals. To that extent, this Act applies to all land.

- (2) Layers and strata above and below the surface of land may be dealt with under this Act.

Note—

However, see section 14(3).

6 Act binds all persons

This Act binds all persons, including the State and, as far as the legislative power of the Parliament permits, the Commonwealth and the other States.

[s 7]

7 Relationship with Native Title Act

This Act does not affect the operation of the *Native Title (Queensland) Act 1993*.

Part 4 Tidal and non-tidal boundaries and associated matters

Division 1 Preliminary

8 Definitions for pt 4

In this part—

ambulatory boundary principles has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

lake has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

non-tidal boundary (lake) has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

non-tidal boundary (watercourse) has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

right line boundary has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

right line tidal boundary, of land, means a right line boundary of the land that is located approximately where a tidal boundary might otherwise be located.

Example—

The boundaries of a lot include a tidal boundary. Because of difficulties arising in relation to the location at law of the tidal boundary, or for some other reason, the registered owner of the lot agrees to surrender the lot to the State. The lot is resurveyed, and a new deed of grant is issued for the lot, but without the tidal boundary. The deed of grant and

associated plan of survey now provide for a right line boundary in a location that is the approximate location of the previous tidal boundary.

tidal boundary has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

tidal water means any part of the sea or of a port, or of a watercourse, lagoon, swamp or other place where water may be found, ordinarily within the ebb and flow of the tide at spring tides.

watercourse has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

Division 2 The tidal environment

9 Land adjacent to tidal boundary or right line tidal boundary owned by State

- (1) If land has a boundary that is a tidal boundary or right line tidal boundary, other land that is on the same side of the boundary as the water subject to tidal influence—
 - (a) is the property of the State; and
 - (b) may be dealt with as unallocated State land.
- (2) Subsection (1) does not apply to land if it is inundated land or a registered interest in the land is held by someone else.
- (3) Subsections (1) and (2) apply even if a person owns land having tidal boundaries or right line tidal boundaries on both sides of water subject to tidal influence.

Example—

A person owns land that has as its northern boundary a tidal boundary that is located on the southern edge of a river. The same person also owns land in the same locality that has as its southern boundary a tidal boundary located on the northern edge of the same river. The ownership of land on both sides of the river does not in these circumstances confer on the person ownership of the river itself.

[s 10]

- (4) To remove any doubt, it is declared that, before the commencement of this section, if a boundary of land (the *relevant land*) was formed by high-water mark—
 - (a) other land that adjoined the boundary and was below high-water mark was, and always was, the property of the State, unless it was inundated land or a registered interest in the land was held by someone else; and
 - (b) if the line of the high-water mark shifted over time by gradual and imperceptible degrees, the shift was a shift in the boundary of the relevant land.
- (5) An act before the commencement of this section to occupy, use, build works or remove material or product, with or without lawful authority, could never divest the State of its ownership of land below high-water mark.
- (6) An act after the commencement of this section to occupy, use, build works or remove material or product, with or without lawful authority, can not divest the State of its ownership of land that is on the same side of a boundary that is a tidal boundary or right line tidal boundary as the water subject to tidal influence.

10 Land raised above high-water mark by works

- (1) Land in the ownership of the State that becomes raised above high-water mark as a result of the carrying out of works on or in proximity to the land remains owned by the State and may be dealt with as unallocated State land.
- (2) This section does not apply to land the subject of reclamation mentioned in section 127.

11 Local government for new land

- (1) Land that becomes raised above high-water mark is land within the local government area of land adjoining the raised land.

-
- (2) If the raised land adjoins land in more than 1 local government area, the Minister must decide the local government for the land.

12 Inundated land

- (1) If inundated land adjoins the limits of a port, the land forms part of the port for an Act applying to tidal water in the port.
- (2) If inundated land is outside the limits of a port, the land forms part of the tidal water for an Act applying to tidal water.
- (3) The registered owner of inundated land may suitably indicate where the boundaries of the land are across the surface of the water.
- (4) If the registered owner of inundated land has suitably indicated where the boundaries of the land are, the registered owner may regulate or prohibit the use or movement of ships in or over the water above the inundated land.
- (5) To remove any doubt, it is declared that an interest in freehold land immediately before the land becomes inundated land is not affected by the inundation and neither the State nor a port authority, port lessor, port lessee or port manager is authorised to deal with or give an interest in the land unless the State, port authority, port lessor, port lessee or port manager is the registered owner of the land.
- (6) In this section—
registered owner of inundated land includes a lessee of the land.

13 Power to deal with land seaward of tidal boundary or right line tidal boundary

- (1) Land that is on the seaward side of a tidal boundary or right line tidal boundary, other than inundated land, may be leased, granted, occupied, sold or transferred only under the authority of an Act.

[s 13A]

- (2) Subsection (1) does not stop land that is on the seaward side of a tidal boundary or right line tidal boundary from being granted in fee simple if it is the subject of reclamation mentioned in section 127.

Division 3 The non-tidal environment

13A Land adjacent to non-tidal boundary (watercourse) or non-tidal boundary (lake) owned by State

- (1) If land has a non-tidal boundary (watercourse), other land that adjoins the boundary and is on the watercourse side of the boundary is the property of the State.
- (2) If land has a non-tidal boundary (lake), other land that adjoins the boundary and is on the lake side of the boundary is the property of the State.
- (3) Subsections (1) and (2) apply despite the alienation of land by the State.
- (4) A person (the *owner*) who may take water under the *Water Act 2000*, section 20(3)—
 - (a) may exercise a right of access for the owner, the owner's family, executive officers, employees, agents and stock over the part (the *adjacent area*) of the watercourse or lake that is the property of the State and that adjoins the owner's land; and
 - (b) may exercise a right of grazing for the person's stock over the adjacent area; and
 - (c) may bring action against a person who trespasses on the adjacent area as if the owner were the registered owner of the adjacent area.
- (5) If the adjacent area is being used by the State for a purpose under the *Water Act 2000*—

- (a) subsection (4)(a) and (b) applies only to the extent exercising the right does not interfere with the State's use of the adjacent area; and
- (b) subsection (4)(c) does not allow the owner to bring an action against a person acting on behalf of the State.

Note—

This section effectively replaces the *Water Act 2000*, section 21 (Beds and banks forming boundaries of land are State property), which was repealed by the *Natural Resources and Other Legislation Amendment Act 2010*. However, that Act inserted a transitional provision into the *Water Act 2000* to provide that the repealed section 21 continues to apply for all matters arising before its repeal.

13B Power to declare and deal with former watercourse land

- (1) A person (the *applicant*) who is the owner of land (the *relevant land*) having a non-tidal boundary (watercourse) may apply to the chief executive (water) to have land (the *watercourse land*) adjoining the relevant land's non-tidal boundary (watercourse) declared to be former watercourse land if—
 - (a) no person holds a registered interest in the watercourse land; and
 - (b) the physical location of the boundary's associated watercourse has been the subject of change, whether before or after the commencement of this section; and
 - (c) on an application of the ambulatory boundary principles, the location at law of the non-tidal boundary (watercourse) has not changed correspondingly; and
 - (d) the watercourse land has effectively ceased to be part of a functioning watercourse.
- (2) The application must be accompanied by the prescribed fee.
- (3) The chief executive (water) may by gazette notice declare the watercourse land to be former watercourse land.

[s 13B]

- (4) The chief executive (water) may make the former watercourse land declaration only if—
- (a) the chief executive (water) has, to the extent it is reasonably practicable to do so, consulted with, and taken into account the views of, the owners of any land that adjoins the watercourse land; and
 - (b) the chief executive (water) is satisfied that—
 - (i) the matters stated in subsection (1)(a) to (d) are true; and
 - (ii) taking a long-term perspective, there is negligible likelihood that the watercourse land will again become part of a functioning watercourse.
- (5) In making the application, the applicant must give the chief executive (water) enough evidence to satisfy the chief executive (water) that the watercourse land has effectively ceased to be part of a functioning watercourse.

Examples of evidence—

photographs, survey material identifying topographical changes and authoritative information about flow history

- (6) The applicant may appeal against the refusal of the application, and a person entitled to be consulted under subsection (4)(a) may appeal against the granting of the application.
- (7) When the watercourse land becomes former watercourse land, it does not become unallocated State land, but it may be dealt with under this Act as if it were unallocated State land.
- (8) Despite subsection (7), the granting of an estate in fee simple, a lease or a permit to occupy for the purpose of dealing with the former watercourse land under that subsection is not subject to any public auction, tender or ballot requirements under chapter 4, part 1, division 1.
- (9) To remove any doubt, it is declared that the former watercourse land declaration may incorporate by reference a

map or plan held by the chief executive under this Act for identifying the boundaries of the former watercourse land.

- (10) The chief executive (water) may delegate his or her powers under this section to an appropriately qualified public service officer or employee.

- (11) In this section—

ambulatory boundary principles has the same meaning as in the *Survey and Mapping Infrastructure Act 2003*, part 7.

appropriately qualified, for a person to whom a power may be delegated, includes having the qualifications, experience or standing appropriate to exercise the power.

associated watercourse, of a non-tidal boundary (watercourse), means the watercourse on which the boundary is based.

chief executive (water) means the chief executive under the *Water Act 2000*.

former watercourse land means the land the subject of a former watercourse land declaration.

former watercourse land declaration means a declaration under subsection (3).

owner, of land, means—

- (a) if the land is freehold land—the registered owner of the land; or
- (b) if the land is the subject of a lease—the lessee of the land; or
- (c) if the land is a reserve—the trustee of the reserve; or
- (d) if a person has occupation rights in relation to the land under a licence or permit—the licensee or permittee.

Chapter 2 Land allocation

Part 1 Allocation powers

14 Governor in Council may grant land

- (1) The Governor in Council may grant, in fee simple, unallocated State land, an operational reserve or rail land.
- (2) The Governor in Council may also grant, in fee simple in trust, unallocated State land for use for a community purpose.
- (3) A grant under subsection (1) or (2) may not be made for land that adjoins a tidal boundary or right line tidal boundary of other land.
- (4) A grant of rail land under subsection (1) may be made only to the State.
- (5) Subsection (3) does not stop land that is on the seaward side of a tidal boundary or right line tidal boundary from being granted in fee simple if it is the subject of a reclamation mentioned in section 127.

15 Leasing land

- (1) The Governor in Council may issue a freeholding lease following an application to convert a lease made under section 166(1).
- (2) The Minister may—
 - (a) lease unallocated State land for either a term of years or in perpetuity; and
 - (b) lease land in a reserve for a term of years only.
- (3) However, a lease in perpetuity of unallocated State land may be granted only if—

-
- (a) under a provision of an Act, other than this Act, a perpetual lease must be issued over the unallocated State land; or

Example of a provision of an Act for paragraph (a)—

Transport Infrastructure Act 1994, section 105J(4) and (5)

- (b) under a provision of this Act, the Minister may issue a perpetual lease; or

Example of a provision of this Act for paragraph (b)—

section 17(2)

- (c) the Minister considers the lease is in the interests of the State.

- (4) A lease for land that is on the same side of a boundary that is a tidal boundary or right line tidal boundary as the water subject to tidal influence may be granted only if—

- (a) it will not unduly affect safe navigation and sound development of the State's waterways and ports; and

- (b) the impact on marine infrastructure has been considered; and

- (c) it would not have a detrimental effect on coastal management; and

- (d) it is consistent with the intent of any relevant State management plan.

- (5) A lease for land that is on the same side of a boundary that is a tidal boundary or right line tidal boundary as the water subject to tidal influence is not an approval to reclaim the lease land.

16 Deciding appropriate tenure

- (1) Before land is allocated under this Act, the chief executive must evaluate the land to assess the most appropriate tenure and use for the land.

- (2) The evaluation must take account of State, regional and local planning strategies and policies and the object of this Act.

[s 17]

- (2A) Also, to the extent the land is in an urban development area, the evaluation must take account of, and give primary consideration to, any development scheme or interim land use plan under the *Urban Land Development Authority Act 2007* that applies to the land.
- (3) For Cape York agreement land, the evaluation may also take account of commitments and undertakings—
- (a) having effect in relation to tenure; and
 - (b) given by persons under, or arising from, a Cape York agreement.
- (4) Subsection (3) applies for 10 years after it commences.
- (5) This section does not apply to a grant of rail land in fee simple to the State.
- (6) In this section—
- Cape York agreement*** means—
- (a) the Cape York Peninsula Land Use Heads of Agreement made on 5 February 1996; or
 - (b) the agreement made on 17 September 2001, headed ‘Deed of Endorsement Cape York Land Use Heads of Agreement’.
- Cape York agreement land*** means unallocated State land to which a Cape York agreement applies.

17 Granting land to the State

- (1) The Governor in Council may grant unallocated State land, an operational reserve or rail land in fee simple to the State.
- (2) The Minister may lease unallocated State land to the State for either a term of years or in perpetuity.

18 Exchanging land

- (1) The Governor in Council, by agreement with a registered owner, may grant unallocated State land in exchange for all or part of the freehold land.

Note—

A deed of grant issued because of an exchange of land is issued under section 358.

- (2) The Governor in Council, by agreement with a lessee of a freeholding lease, may grant a freeholding lease over unallocated State land in exchange for all or part of the freeholding lease.

Note—

A freeholding lease amended because of an exchange of land is amended under section 360(1)(f).

- (3) The Minister, by agreement with a lessee of a term lease, other than a State lease, or a perpetual lease, may lease unallocated State land for a term of years or in perpetuity in exchange for all or part of the lease.

Note—

A term or perpetual lease amended because of an exchange of land is amended under section 360A(3)(c).

- (4) A power under this section may be exercised only if the State's equity in land would not be reduced.
- (5) If a registered owner or lessee asks for an agreement to be made under this section, the request must be accompanied by the fee prescribed under a regulation.

18A Grant or lease of unallocated State land in consideration of surrender of native title interest

- (1) This section applies if, under an ILUA, all native title in relation to an area is extinguished by surrender to the State.
- (2) The designated person may grant or lease unallocated State land to a grantee entity.

[s 18A]

- (3) The unallocated State land being granted or leased need not be land the subject of a surrender under the ILUA.
- (4) If there are 2 or more surrender areas, the grant or lease may be made to 2 or more grantee entities jointly.
- (5) In this section—

Commonwealth Native Title Act means the *Native Title Act 1993* (Cwlth).

designated person, until the commencement of the *Land and Other Legislation Amendment Act 2007*, section 16, means the Governor in Council.

grantee entity means—

- (a) if there is, under the Commonwealth Native Title Act, a registered native title body corporate for a surrender area—the registered native title body corporate for the surrender area; or
- (b) for any other surrender area—
 - (i) a body corporate whose membership is restricted to persons in the surrender group; or
 - (ii) a person as trustee for a trust whose beneficiaries are restricted to persons in the surrender group.

ILUA means an indigenous land use agreement.

surrender area means—

- (a) an area in relation to which native title is surrendered under the ILUA and in relation to which there is a registered native title body corporate; or
- (b) an area in relation to which native title is surrendered under the ILUA on behalf of a surrender group.

surrender group means the persons identified in the ILUA as persons on whose behalf native title is surrendered.

19 Minister may buy land

The Minister, for the State, may buy land leased under this Act or freehold land.

20 Dealing with mining interests, geothermal tenures or GHG authorities

- (1) Even if there is a mining interest, geothermal tenure or GHG authority over unallocated State land, the land is still unallocated State land for dealing with it under this Act.
- (2) However, the dealing can not affect—
 - (a) the rights of the holder of the mining interest, geothermal tenure or GHG authority or the successors of the holder; or
 - (b) an agreement made, or anything else done, under the *Mineral Resources Act 1989*, the *Petroleum Act 1923*, the *Petroleum and Gas (Production and Safety) Act 2004*, the *Geothermal Energy Act 2010* or the *Greenhouse Gas Storage Act 2009*.
- (3) In this section—

geothermal tenure means a geothermal tenure under the *Geothermal Energy Act 2010*.

GHG authority means a GHG authority under the *Greenhouse Gas Storage Act 2009*.

mining interest means a permit, claim, licence, lease or other authority held under the *Mineral Resources Act 1989*, the *Petroleum Act 1923* or the *Petroleum and Gas (Production and Safety) Act 2004*.

Part 2 Reservations

21 Reservation of minerals, petroleum etc.

Each deed of grant, deed of grant in trust or lease issued under this Act is subject to the reservations and conditions authorised or required under this or another Act.

Editor's note—

The *Mineral Resources Act 1989*, section 8 and the *Petroleum Act 1923*, section 10 provide that each grant and lease issued under this Act is subject to the reservation of the minerals and petroleum mentioned in the sections.

22 Reservation of quarry materials

- (1) A deed of grant or deed of grant in trust issued for land containing quarry material owned by the State must contain a reservation of the quarry material, other than topsoil, to the State.
- (2) Subsection (1) applies to a deed of grant or deed of grant in trust issued under section 358 only if the land being surrendered is already subject to the reservation mentioned in subsection (1).

Editor's note—

Section 358 is about getting a new deed of grant because of a surrender.

23 Reservation for public purposes

- (1) A deed of grant, deed of grant in trust or lease issued under this Act may be issued containing a reservation for a public purpose.
- (2) Each reservation must be for a stated area, in size, but the grant or lease need not identify the particular land reserved.
- (3) Despite subsections (1) and (2), a reservation for a future conservation area—

-
- (a) may only be contained in a lease; and
 - (b) must identify the particular land reserved.
- (4) A reservation for a future conservation area may be made only if the NCA department has given the Minister—
- (a) a map showing the required particulars for a map of the area; or
 - (b) a description of the boundary of the area by reference to Map Grid of Australia 1994 coordinates and zone references for the area.

23A Floating reservation on plan of subdivision

- (1) A person seeking to have a plan of subdivision registered in relation to the land contained in a deed of grant, deed of grant in trust or lease may apply to the Minister for the allocation of a floating reservation to some or all of the lots created by the plan.
- (2) In making a decision for subsection (1), the Minister—
- (a) must have regard to the purpose of the reservation, the likely future use of the land and where the reservation is most likely to be needed; and
- Example—*
- If the reservation is for road purposes, the Minister will have regard to where the road is most likely to be needed.
- (b) may have regard to information and advice obtained in the way the Minister considers appropriate.
- Example—*
- If the reservation is for road purposes, the Minister might decide to seek advice from the chief executive of the department in which the *Transport Infrastructure Act 1994* is administered.
- (3) If the reservation is contained in a deed of grant or freeholding lease, and the Minister is satisfied that all or part of the reservation is no longer needed, the reservation, to the extent it is no longer needed, may be dealt with under section 24.

[s 24]

- (4) If the reservation is contained in a deed of grant in trust, or in a lease other than a freeholding lease, and the Minister is satisfied that all or part of the reservation is no longer needed, the reservation, to the extent it is no longer needed, may be dealt with under section 26A.
- (5) Written notice of the Minister's decision for subsection (1) and the reasons for the decision must be given to the applicant.
- (6) The applicant may appeal against the Minister's decision.

24 Disposal of reservations no longer needed

- (1) If a reservation for a public purpose in a deed of grant or freeholding lease is no longer needed for the purpose, the Governor in Council may sell all or part of the land in the reservation to the registered owner of the deed of grant or the lessee of the lease.

Editor's note—

A deed of grant issued because of the disposal of a reservation is issued under section 358.

- (2) Alternatively, if the reservation is adequate in size to be used by a person other than the registered owner or lessee and the registered owner or lessee does not buy the land—
 - (a) possession of all or part of the land reserved may be resumed; and
 - (b) the land resumed may be dealt with as unallocated State land.
- (3) Land in a reservation may be sold under subsection (1) only if the registered owner or lessee has applied to the Minister to buy the land, and the Minister is satisfied the reservation is no longer needed.
- (4) In making a decision under subsection (3), the Minister—
 - (a) must have regard to the purpose of the reservation and the likely future use of the land; and

Example—

If the reservation is for road purposes, the Minister will have regard to whether the road is likely to be needed.

- (b) may have regard to information and advice obtained in the way the Minister considers appropriate.

Example—

If the reservation is for road purposes, the Minister might decide to seek advice from the chief executive of the department in which the *Transport Infrastructure Act 1994* is administered.

25 Disposal of reservations by sale

- (1) If land is sold under section 24(1), the sale price for the land is the unimproved value of the land decided by the Minister.
- (2) The registered owner or lessee may appeal against the unimproved value.
- (3) The unimproved value is the value—
 - (a) if the registered owner or lessee applied to buy the land—on the day the application was received by the Minister; or
 - (b) if the Minister made an offer to sell the land before the registered owner or lessee applied to buy the land—on the day the offer was made.

26 Minister may decide boundaries of reservations

- (1) If the Governor in Council resumes possession of all or part of a reservation and the boundaries of the reservation are not stated in the lease, deed of grant or deed of grant in trust, the Minister may decide the boundaries of the reservation.

Editor's note—

Resumptions are dealt with in chapter 5, part 3, division 3.

- (2) In deciding the boundaries of the land being resumed, the Minister must consider the following matters unless the

[s 26A]

lessee, registered owner or trustee of the land otherwise agrees with the Minister—

- (a) 1 of the boundaries should adjoin, or be, an existing road;
 - (b) the lessee, registered owner or trustee should not be deprived of access to the land;
 - (c) the land to be resumed should be, as near as practicable, of the average qualities and capabilities of all the land in the lease, deed of grant or deed of grant in trust.
- (3) Written notice of the Minister's decision on the boundaries and the reasons for the decision must be given to the lessee, registered owner or trustee.
 - (4) The lessee, registered owner or trustee may appeal against the Minister's decision on the boundaries.

26A Disposal of redundant reservation

- (1) If a reservation for a public purpose in a deed of grant in trust, a term lease or a perpetual lease is no longer needed for the purpose, the Minister may dispose of the reservation under this section.

action includes any of the following—

Editor's note—

Chapter 7, part 1, division 3 deals with the power of an authorised person to enter and inspect land.

- (2) In this section—

native title register means the National Native Title Register under the *Native Title Act 1993* (Cwlth).

 - (c) the buyer must be eligible to hold the interest under this Act and meet all other restrictions stated in the sale notice;
 - (d) the appropriate forms must be completed and lodged within the time stated in the sale notice.
- (2) If the interest sold is a lease or permit—
- (a) the amount bid at auction does not include the rent stated in the sale notice; and
 - (b) the rent stated is payable in the usual way.
- (3) Subsections (4) and (5) apply to a lease made available by public auction, tender or ballot if—
- (a) the lease is for—
 - (i) rural leasehold land; and
 - (ii) a term of 20 years or more; and
 - (b) the lease land is 100ha or more.

[s 116]

- (4) The sale of the lease is subject to a condition that the proposed lessee enter into a land management agreement for the lease.
- (5) The lease is subject to conditions that—
 - (a) there must be a current land management agreement for the lease; and
 - (b) the lessee must comply with the agreement.

116 Interests in land may be sold after auction

- (1) If an interest in land is not sold at public auction, the interest may be sold—
 - (a) by accepting the best offer made after the auction that is at least the reserve price or reserve cash premium; or
 - (b) by reducing the reserve, advertising the reduced reserve and accepting the best offer that is at least the new reserve price or new reserve cash premium.
- (2) The conditions of sale stated in the sale notice also apply to the sale.
- (3) The advertisement may be made in the same way as the advertisement for the auction.

117 Interest may be withdrawn from auction, tender or ballot

Even if an interest in land has been advertised for ballot or sale by public auction or tender, the interest may be withdrawn from sale by the Minister—

- (a) before it is auctioned, before the closing day of tenders or before a ballot is conducted; or
- (b) if not sold—after the auction.

118 Appeal against exclusion from ballot or tender

- (1) Before a ballot is conducted or a tender concluded, the Minister must give each applicant a notice advising whether or not they are to be included in the ballot or tender.
- (2) If the Minister decides to exclude a person from a ballot or tender, the person must be given written notice of the decision and the reasons for the decision.
- (3) An applicant who has been advised he or she is excluded from a ballot or tender may appeal against the decision to exclude the applicant.
- (4) The ballot or tender may proceed—
 - (a) if no appeal has been lodged—after the last day for lodging an appeal; or
 - (b) if an appeal has been lodged—after the appeal has been decided.

119 Conduct of ballot

A ballot must be conducted in the way prescribed under the regulations.

120 Offer to winner of ballot or tender

- (1) The winner of a ballot or tender must be made an offer on the terms stated in the sale notice.
- (2) If the offer is refused—
 - (a) the applicant's deposit is forfeited to the State; and
 - (b) the Minister may—
 - (i) otherwise deal with the land under this Act; or
 - (ii) if the offer was made because of a ballot—reballot the land.

[s 120A]

- (3) Only the applicants included in the earlier ballot, other than the applicant who refused the offer, are to be included in the rebalot.
- (4) An applicant who is eligible to be included in the rebalot, by written notice to the Minister, may withdraw from the rebalot.

Division 2 Interests in land available without competition

120A Applying for interest in land without competition

- (1) A person may apply for an interest in land that, under this division, may be granted without competition.
- (2) If, under this division, the Minister decides to offer the interest, the interest may be offered to the applicant subject to conditions.
- (3) If a conditional offer is made, the offer is accepted only if the applicant complies with all of its conditions.

121 Leases of unallocated State land

- (1) A lease of unallocated State land may be granted without competition if—
 - (a) the land is needed for a public purpose; or
 - (b) the Minister decides—
 - (i) the land is not needed for a public purpose; and
 - (ii) the intended use is the most appropriate use of the land; and
 - (iii) exposure to public competition is inappropriate or 1 or more of the priority criteria apply.
- (2) To remove any doubt, it is declared that a lease may be granted to the State, without competition.

122 Deeds of grant of unallocated State land

- (1) A deed of grant of unallocated State land may be granted without competition if the grant is to the Urban Land Development Authority or if the Minister decides—
 - (a) the land is not needed for a public purpose; and
 - (b) the intended use is the most appropriate use of the land; and
 - (c) 1 or more of the priority criteria apply.
- (2) A deed of grant of unallocated State land may be granted without competition to a constructing authority if the Minister decides the land is needed for a public purpose.
- (3) The Minister must decide the purchase price for the land.

123 Priority criteria

For sections 121 and 122—

priority criteria are—

- (a) the applicant is an adjoining registered owner or lessee, and selling or leasing to anyone else would be considered inequitable; or
- (b) no other persons are likely to be interested in obtaining the land; or
- (c) the applicant held a significant interest in the land before it became unallocated State land; or

Example of significant interest—

a deed of grant in trust or a long term lease

- (d) there is no dedicated access and the only practical access is through the applicant's land.

124 Leases of State forests and national parks

If land has been surrendered by a person and has been reserved as State forest or dedicated as national park, the

person may be granted, without competition, a lease over all or part of the forest or park.

125 Deeds of grant in trust and leases over reserves

- (1) A deed of grant in trust may be granted without competition.
- (2) A lease of a reserve may be granted without competition.

126 Strategic port land

- (1) If land having a tidal boundary or right line tidal boundary is needed as strategic port land for a port authority, the port authority may be given, without competition, either a lease or deed of grant.
- (2) However, if land that is on the same side of a boundary that is a tidal boundary or right line tidal boundary as the water subject to tidal influence is needed as strategic port land for a port authority, the port authority may be given, without competition, only a lease.

127 Reclaimed land

- (1) If a person has reclaimed land under the authority of an Act—
 - (a) the Governor in Council may issue to the person, without competition, a deed of grant over all or part of the land; or
 - (b) the Minister may issue to the person, without competition, a lease over all or part of the land.
- (2) When granting the reclaimed land, the Governor in Council or Minister may amalgamate the land granted with an adjoining tenure held by the person.
- (3) If the reclaimed land is already held under lease, the lease must be surrendered before a new lease or deed of grant is issued.

-
- (4) If a deed of grant or lease is issued over only part of the reclaimed land, the rest of the land must be dedicated as a reserve or a road.
 - (5) If the reclaimed land is dedicated as a reserve and the person who reclaimed the land wishes to be the trustee of the reserve, the Minister must appoint the person as the trustee.
 - (6) If a deed of grant is issued, the purchase price is—
 - (a) the purchase price stated in the permission to reclaim the land or in the lease; or
 - (b) if no purchase price is stated—the amount of the unimproved value of the land, on the day the permission to reclaim the land was given, decided by the Minister.
 - (7) The person may appeal against the Minister’s decision on the amount of the unimproved value.

127A Amalgamation may be a condition

A condition of an offer under this division may be that the land being offered must be amalgamated with or tied to other land already owned by the person to whom the land is offered.

Editor’s note—

A deed of grant amended because of an allocation without competition is issued under section 358. A lease amended because of an allocation without competition is amended under section 360.

Division 2A Leases for significant development

128 Meaning of *significant development*

A *significant development* is a development that will—

- (a) have a significant impact on the environment or the economic and social development of a locality, a region or the State; and

[s 129]

- (b) involve a high level of investment, a substantial development period and lease conditions requiring extensive development.

129 Lease for significant development

- (1) This section applies if—
 - (a) an interest in a lease for a significant development is made available to a person under division 1; or
 - (b) under division 2, a person applies for a lease for a significant development.
- (2) Before the lease is granted, the chief executive must obtain an independent assessment of the person's financial and managerial capabilities.
- (3) The person must pay the cost of the assessment.
- (4) The cost is not refundable.
- (5) The lease must not be granted to the person unless the chief executive is satisfied, having regard to the independent assessment, about the person's financial and managerial capabilities.

129A Further dealings with lease land on completion of significant development

- (1) The Minister may include the following in a lease for significant development—
 - (a) a purchase price, or formula for calculating the purchase price, if the land is converted to freehold land;
 - (b) the term of a new lease for operating and maintaining the significant development, if a new lease is granted.
- (2) If a price, formula or term mentioned in subsection (1) is included in the lease, the lessee may, after the significant development is substantially complete, apply to the Minister

to purchase the lease land or enter a new lease to operate and maintain the significant development.

- (3) If the Minister is satisfied the lessee has complied with the terms of the lease, the Minister must—
 - (a) for an application to purchase the land—ask the Governor in Council to grant the land in fee simple to the lessee; or
 - (b) for an application for a new lease—grant the application.
- (4) If a deed of grant or new lease is issued over part of the land the subject of a significant development lease, the rest of the land must be dedicated as a reserve or road.

130 Transfer of lease for significant development

- (1) If a lease issued for a significant development is to be transferred, the Minister may obtain an independent assessment of the transferee's financial and managerial capabilities before considering whether or not the transfer should be approved.
- (2) The transferee must pay the cost of the assessment.
- (3) The cost is not refundable.

130A Change of financial and managerial capabilities of lessee of lease for significant development

- (1) The Minister may make a note under this section in the appropriate register against a lease under this division if—
 - (a) in relation to the lease, there has been an independent assessment of at least 1 of the following—
 - (i) under section 129, an applicant's financial and managerial capabilities;
 - (ii) under section 130, a transferee's financial and managerial capabilities; or

[s 130A]

- (b) if paragraph (a) does not apply in relation to the lease—the Minister is satisfied the lease is a lease for a significant development.
- (2) Before acting under subsection (1), the Minister must give the lessee at least 14 days notice in writing of the Minister's intention to make the note.
- (3) The lessee of a relevant lease—
 - (a) must notify the Minister in the approved form as soon as practicable after there is a relevant change to the lessee; and
 - (b) must ensure that the notice to the Minister is accompanied by enough information about the relevant change to allow the Minister to decide whether an independent assessment of the financial and managerial capabilities of the lessee should be performed.
- (4) The Minister may cause an independent assessment of the financial and managerial capabilities of a lessee of a relevant lease to be performed if—
 - (a) the lessee notifies the Minister under subsection (3); or
 - (b) the Minister is satisfied on reasonable grounds that the lessee should have notified the Minister under subsection (3) but has not done so.
- (5) To remove any doubt, it is declared that, for section 234(c), the lessee of a lease contravenes a provision of this Act in relation to the lease, and the lease may accordingly be forfeited under chapter 5, part 4, if—
 - (a) the lease is a relevant lease; and
 - (b) the lessee contravenes subsection (3).
- (6) Further, a lease may be forfeited under chapter 5, part 4 as if the lessee had contravened a provision of this Act in relation to the lease if all of the following circumstances apply—
 - (a) the lease is a relevant lease;

-
- (b) an independent assessment of the financial and managerial capabilities of the lessee of the lease is performed under subsection (4);
 - (c) as a result of the assessment, the Minister is satisfied on reasonable grounds that—
 - (i) there has been a relevant change to the lessee; and
 - (ii) the relevant change can reasonably be expected to detrimentally affect the capacity of the lessee of the lease to meet the lessee's obligations under the lease.
- (7) If an independent assessment of the financial and managerial capabilities of a lessee of a relevant lease is performed under subsection (4)—
- (a) the Minister may give to the person performing the assessment any information given to the Minister under subsection (3)(b) by the lessee; and
 - (b) the lessee must pay the costs of the assessment; and
 - (c) the cost is not refundable.
- (8) If the Minister makes a note under this section against a lease—
- (a) written notice of the decision and the reasons for the decision must be given to the lessee; and
 - (b) the lessee may appeal against the decision.
- (9) The Minister may remove a note made under this section against a lease if, having regard to the significant development to which the lease relates, the Minister considers its removal is appropriate in all the circumstances.

Example—

The Minister might remove a note if the Minister considers development required to be undertaken under the lease is complete or substantially complete.

- (10) In this section—

[s 132]

relevant change, to a lessee of a relevant lease, means a change of substance in the financial and managerial capabilities of the lessee.

Examples of relevant changes to a lessee—

- 1 There is a change in the control of the lessee because of a share transaction involving the lessee or a holding company of the lessee, and the persons now directing the operations of the lessee do not have knowledge or experience in the lessee's operations that relate to the relevant lease.
- 2 Receivers are appointed for the lessee.

relevant lease means a lease noted in the register under subsection (1).

Division 3 Availability of additional areas

132 Granting additional areas

- (1) A registered owner or lessee may be granted, without competition, a perpetual or term lease (an **additional area**) of unallocated State land for agriculture or grazing if the registered owner or lessee's land is being used for agriculture or grazing.
- (2) Unallocated State land must not be made available as an additional area if the land is more than a living area.

133 Who is eligible for additional areas

A person is eligible for an additional area only if the person—

- (a) has demonstrated a duty of care in the management of their land; and
- (b) is financially capable of fulfilling the conditions of the lease of the additional area; and
- (c) is otherwise qualified under this Act to hold the additional area; and

-
- (d) needs the additional area for property build-up.

134 Issues the Minister must consider

The Minister must consider the following issues before making an offer of an additional area—

- (a) who is eligible for the additional area;
- (b) the appropriate size of the additional area;
- (c) any special conditions appropriate to the additional area;
- (d) if more than 1 person meets the criteria—the need for a ballot to decide who should be offered the additional area;
- (e) any related issues.

135 Committee of review to help Minister

The Minister may appoint a committee of review to help in making a decision to offer an additional area.

136 Conditions of offer and lease

- (1) A condition of an offer of an additional area may be that the additional area must be amalgamated or tied with other land already owned by the person to whom the offer is made.
- (2) If a condition of the offer is that the additional area must be tied to freehold land, a condition of the lease for the additional area is that the freehold land must continue to be used for agriculture or grazing.
- (3) If there are improvements on the additional area, the Minister may require, as a condition of the offer, that the person must buy the improvements.
- (4) If the person accepts the offer, the person must pay the value of the improvements under section 139.

[s 137]

- (5) Subsections (6) and (7) apply to an offer of a lease for an additional area if—
 - (a) the additional area is 100ha or more; and
 - (b) the lease is to be a perpetual lease or a term lease for 20 years or more.
- (6) The offer is subject to a condition that the proposed lessee must enter into a land management agreement for—
 - (a) the additional area (the *relevant land*); and
 - (b) if the offer includes a condition mentioned in subsection (1) and the condition requires the additional area to be amalgamated or tied with lease land under another lease—the lease land (also the *relevant land*).
- (7) If the offered lease is issued, any lease for the relevant land is subject to conditions that—
 - (a) there must be a current land management agreement for the lease; and
 - (b) the lessee must comply with the agreement.

Division 4 Miscellaneous

137 Right to occupy

- (1) If there are improvements the property of the State, or a previous lessee, on land leased or sold under this Act, the incoming lessee or buyer is not entitled to occupy or enter into possession of the land until—
 - (a) the lessee or buyer has paid the amount of the value of the improvements; or
 - (b) the Minister permits the lessee or buyer to do so.
- (2) If there are no improvements, a lessee or buyer from the State is entitled to occupation and possession of the land from—

-
- (a) if a lease—the day the lease starts, or an earlier day allowed by the Minister; or
 - (b) the day the sale is completed.

138 Default

- (1) If land has been made available to a person, the person defaults if—
 - (a) the appropriate forms are not completed and lodged within the required time; or
 - (b) the amount to be paid for the interest in the land and the improvements is not paid within the time stated in the offer and in any written agreement under section 140.
- (2) If a person defaults, the deed, lease, licence or permit must not be issued and any amount paid is forfeited.
- (3) However, if the Minister is satisfied there was a reasonable excuse for the default, the Minister may refund the amount paid.

138A Restriction on commencement of lease or permit

A lease or permit under this part must not start until—

- (a) for a lease or permit sold under this part—the buyer complies with all of the conditions of sale; or
- (b) for a lease or permit offered under this part—the offeree complies with all of the conditions of the offer.

139 Improvements to be bought by incoming lessee or buyer

- (1) If there are improvements, the property of the State or a previous lessee, on land to be leased or bought under this Act, the value of the improvements must be stated in the offer or in the sale notice.
- (2) The value of the improvements is the value on the day the offer was made or the sale notice was published.

[s 140]

- (3) The value of the improvements may be—
 - (a) not negotiable; or
 - (b) negotiable (the *provisional value*).
- (4) The incoming buyer or lessee must pay the State the value of improvements within the time stated in the offer or the sale notice, whether or not a provisional value is to be negotiated.

140 Provisional value may be negotiated

- (1) If a provisional value has been stated in an offer or sale notice, the value may be negotiated (the *negotiated value*) between the buyer and previous lessee.
- (2) With the written agreement of the buyer and previous lessee, the negotiated value becomes the amount to be paid for the improvements.
- (3) Any difference between the provisional value and the negotiated value must be paid or refunded within the time stated in the written agreement.
- (4) If the buyer and previous lessee can not agree on a negotiated value, either party may make application to the court to decide the value.
- (5) To decide the value of the improvements, the court must decide each of the following amounts—
 - (a) the amount that fairly represents the value of the improvements to a prudent buyer, having regard to the buyer's proposed use of the land;
 - (b) the amount that fairly represents the cost of constructing the improvements, adjusted to allow for depreciation of the improvements since construction.
- (6) The value mentioned in subsection (5)(a) is the value on the day the offer was made or the sale notice was published.
- (7) The cost mentioned in subsection (5)(b) is the cost on the day the court decides the value of the improvements.

- (8) If the amount decided under subsection (5)(a) is equal to or less than the amount decided under subsection (5)(b), the value of the improvements is the amount decided under subsection (5)(a).
- (9) If the amount decided under subsection (5)(a) is more than the amount decided under subsection (5)(b), the value of the improvements is the amount decided under subsection (5)(b).
- (10) The value of the improvements decided by the court under subsections (5) to (9) becomes the negotiated value.

141 Payment of survey fee

If a survey of land has been carried out by the State or will be carried out by the State to make or in making the land available, the State may require the buyer to pay the survey fee stated in the offer or sale notice or to pay the actual cost of survey.

Part 2 Eligibility to hold land

-
- (2) However, land given to an individual as a beneficiary under the estate of a deceased lessee is not included in calculating an aggregation under subsection (1).

147 Calculating holdings

- (1) The amount of living area held by an individual in a single lease to which this division applies is the total living area of the lease multiplied by the proportion of the interest in the lease held by the individual.
- (2) If an individual holds an interest in 2 or more leases to which this division applies, the total number of living areas held by the individual is the aggregate of all amounts of living areas calculated under subsection (1).
- (3) In calculating the total number of living areas held by an individual—
- (a) the trustee of a family arrangement is taken to be the lessee; and
 - (b) each beneficiary of a family arrangement is also taken to be the lessee of a living area in proportion to their interest in the arrangement.

148 Excess holdings

If an individual acquires more land than an individual is permitted to hold under this Act, the lease acquired in excess of the eligible holding may be forfeited under this Act.

Editor's note—

See section 146 (Maximum individual holding) and chapter 5, part 4 (Forfeiture).

 - (a) a person holds land as trustee for another person, partnership or corporation; and
 - (b) the other person, partners, shareholders, beneficiaries or potential beneficiaries are only the person, the person's spouse, their children, their children's spouses, their grandchildren and like descendants of the person or any of them.
- (2) If under an arrangement a person is the trustee for the children, grandchildren or like descendants of the trustee, the arrangement is a family arrangement only if all the children, grandchildren or like descendants are under 18 when the trust is created.
- (3) In addition, an arrangement is a family arrangement only if—
 - (a) the Minister has approved a transfer giving effect to the arrangement; and
 - (b) the transfer has been lodged for registration in the land registry.

 - (b) the additional purpose relates to the production of energy from a renewable source, including, for example, the sun or wind.

[s 154]

- (3) If the application is approved, the lessee must be given written notice of—

- (4) The application must be accompanied by the written consent of all persons with a registered interest in the lease.
- (5) However, consent under subsection (4) must not be unreasonably withheld.
- (6) To remove any doubt, it is declared that an application under subsection (1) may be both for the addition of 1 or more purposes and for the removal of 1 or more purposes.

- (9) A change in the purposes of a lease is binding from the day the purposes, as changed, are registered.

 - (iii) the size of the declared land.
- (7) This section is subject to sections 155A, 155B and 155BA.

Division 1B Extension of particular term leases

155AA Application of division 1B

- (1) This division applies to a term lease if—
 - (a) the lease is for rural leasehold land; and
 - (b) the lease land is 100ha or more; and
 - (c) the term is 20 years or more; and
 - (d) there is a land management agreement for the lease; and
 - (e) more than 5 years have passed since the lease was entered into or the land management agreement was first registered, whichever is the later, unless the Minister is satisfied that special circumstances exist; and
 - (f) no more than 80% of the existing term of the lease has expired.
- (2) In this section—

existing term, of the lease, does not include any extension of the lease granted under section 155A, 155B or 155BA.

155A Extensions for a term of up to 40 years

- (1) This section applies to a lease if—
 - (a) the term of the lease is less than 40 years; and

[s 155B]

- (b) the land management agreement for the lease contains a commitment by the Minister to extend the lease under this section; and
 - (c) the lease has not already been extended under this section.
- (2) The lessee may apply to extend the lease.
- (3) The Minister may grant the application and extend the lease if the Minister is satisfied—
- (a) the lease land is in good condition; and
 - (b) the lessee has complied with the land management agreement and any requirements under it for the granting of the extension.
- (4) However, the term of the extension—
- (a) can not be for more than 10 years; and
 - (b) must not extend the term of the lease beyond 40 years.

155B Extensions for a term of up to 50 years

- (1) This section applies to a lease if—
- (a) the term of the lease is less than 50 years, including any extension of the term under section 155A; and
 - (b) the land management agreement for the lease contains a commitment by the Minister to extend the lease if either or both of the following circumstances apply—
 - (i) if the Minister considers land (the *relevant land*) that is all or part of the lease should be the subject of a conservation agreement or conservation covenant—a conservation agreement has been entered into, or a conservation covenant exists, for the relevant land;
 - (ii) if the Minister considers it is appropriate for there to be an indigenous access and use agreement for land that is all or part of the lease land (the

relevant land)—an indigenous access and use agreement for the relevant land has been entered into; and

- (c) the lease has not already been extended under this section.
- (2) The lessee may apply to extend the lease.
- (3) The Minister may grant the application and extend the lease if the Minister is satisfied—
 - (a) the lease land is in good condition; and
 - (b) the lessee has complied with any land management agreement and any requirements under it for the granting of the extension; and
 - (c) the lessee has complied with any conservation agreement, conservation covenant or indigenous access and use agreement applying to all or part of the lease land; and
 - (d) the extension is appropriate, having regard to either or both of the following for the lease land—
 - (i) the terms of any conservation agreement or conservation covenant;
 - (ii) the terms of any indigenous access and use agreement.
- (4) However, the extension—
 - (a) can not be for more than 10 years; and
 - (b) must not extend the term of the lease beyond 50 years.
- (5) If an extension is granted for a lease under this section at the same time as an extension for the lease is granted under section 155A—
 - (a) for subsection (4)(b), the term of the lease includes the extension granted under section 155A; and

[s 155BA]

- (b) the extension granted under this section starts on the day after the day the extension granted under section 155A ends.

155BA Extensions for a term of up to 75 years

- (1) This section applies to a lease if—
 - (a) the term of the lease is less than 75 years, including any extension of the term under section 155A or 155B; and
 - (b) the land management agreement for the lease contains a commitment by the Minister to extend the lease if the following circumstances apply—
 - (i) if the Minister considers land (the *relevant land*) that is all or part of the lease should be the subject of a conservation agreement or conservation covenant—a conservation agreement has been entered into, or a conservation covenant exists, for the relevant land;
 - (ii) there is an indigenous land use agreement for the lease land; and
 - (c) all or part of the lease land (the *declared land*) is an area of international conservation significance under the *Cape York Peninsula Heritage Act 2007*; and
 - (d) the lease has not already been extended under this section.
- (2) The lessee may apply to extend the lease.
- (3) The Minister may grant the application and extend the lease if the Minister is satisfied—
 - (a) the lease land is in good condition; and
 - (b) the lessee has complied with the land management agreement and any requirements under it for the granting of the extension; and

- (c) the lessee has complied with any conservation agreement or conservation covenant applying to all or part of the lease land; and
 - (d) the lessee has complied with the indigenous land use agreement relating to the lease land; and
 - (e) the extension is appropriate, having regard to any or all of the following for the lease land—
 - (i) the terms of any conservation agreement or conservation covenant;
 - (ii) the terms of the indigenous land use agreement;
 - (iii) the size of the declared land.
- (4) However, the term of the extension—
- (a) can not be for more than 25 years; and
 - (b) must not extend the term of the lease beyond 75 years.
- (5) If an extension is granted for a lease under this section at the same time as an extension is granted for the lease under section 155A or 155B—
- (a) for subsection (4)(b), the term of the lease includes the extension granted under section 155A or 155B; and
 - (b) the extension granted under this section starts on the day after the day all extensions granted under sections 155A and 155B end.

155C Registering and taking of effect of extension

- (1) This section applies if, under section 155A, 155B or 155BA, the Minister extends a term lease.
- (2) The extension must be registered as soon as practicable after it is made.
- (3) The extension has effect from the day it is registered.
- (4) No fee is payable for registering the extension.

Division 1C Reduction of particular term leases

155D When Minister may reduce

- (1) This section applies to a term lease for rural leasehold land granted for a term mentioned in section 155(3) to (6) or extended under section 155A, 155B or 155BA, if any of the following happens (each a *relevant circumstance*)—
 - (a) if, when the lease was granted or extended, the Minister was satisfied the land was in good condition—the Minister considers the land is no longer in good condition;
 - (b) if a conservation covenant existed or a conservation agreement had been entered into for the land when the lease was granted or extended—
 - (i) the covenant or agreement ceases to be in effect for the land; or
 - (ii) the Minister considers the lessee has not complied with the terms of the covenant or agreement;
 - (c) if an indigenous access and use agreement had been entered into for the land when the lease was granted or extended—
 - (i) the agreement ceases to be in effect for the land; or
 - (ii) the Minister considers the lessee has not complied with the terms of the agreement;
 - (d) for a lease granted for a term of up to 75 years under section 155(6) or extended under section 155BA—all or any part of the land ceases being an area of international significance under the *Cape York Peninsula Heritage Act 2007*.
- (2) Subject to sections 155DA and 155E, the Minister may reduce the term of the lease by the number of years the Minister considers appropriate, having regard to the maximum term for which the lease would have been granted or extended if the

relevant circumstance had existed at the time of the grant or extension.

(3) However, the Minister can not reduce the term by an amount that results in the lease no longer having an unexpired term.

(4) In this section—

term, of a lease, includes any extension of the term of the lease under section 155A, 155B or 155BA, whether or not the extended term has commenced.

155DA Notice of intention to reduce term

(1) This section applies if the Minister proposes to reduce the term of a lease under section 155D.

(2) However, this section does not apply to a lease if—

(a) the lease has been extended under section 155A, 155B or 155BA; and

(b) the Minister proposes to reduce the term of the lease by an amount that is no more than the period for which it was extended.

(3) Before reducing the term, the Minister must give the lessee a notice stating each of the following—

(a) that the Minister proposes to reduce the term of the lease;

(b) the number of years by which the Minister proposes to reduce the term;

(c) the reasons for the Minister's proposal to reduce the term;

(d) that the lessee may, within the reasonable period stated in the notice, make written submissions to show why the term should not be reduced.

(4) In deciding whether to reduce the term, the Minister must consider any written submissions made by the lessee within the period stated in the notice.

155E Provisions about reduction

- (1) This section applies if—
 - (a) the Minister decides under section 155D to reduce the term of a term lease; and
 - (b) for a reduction to which section 155DA applies—the Minister has complied with that section.
- (2) Written notice must be given to the lessee of the decision and the reasons for it.
- (3) The lessee may appeal against the decision.
- (4) The reduction must be registered as soon as practicable after the appeal expiration day for the decision.
- (5) The reduction has effect from the day it is registered.
- (6) No fee is payable for registering the reduction.
- (7) No compensation is payable by the State for the reduction.

Division 2 Expiry and renewal

157 Expiry of lease

- (1) Unless a lease is renewed before it expires, the right of the lessee to possession of the land ends on the day the lease expires.
- (2) Subject to chapter 5, part 5 and the conditions of a lease, the improvements on the lease become the property of the State when the lease expires.

Editor's note—

Chapter 5, part 5 is about payments that may be made to outgoing lessees for improvements on a lease.

157A Chief executive's approval required for renewal

- (1) A term lease may be renewed only if—

-
- (a) the lessee has made an application under section 158; and
 - (b) under this division, the chief executive has made an offer of a new lease and the offer has been accepted.
- (2) Subsection (1) is subject to section 164.

158 Application for new lease

- (1) The lessee of a term lease may apply for an offer of a new lease (a *renewal application*) unless a condition of the lease or this Act prohibits its renewal.
- (2) A renewal application may be made only after 80% of the existing term of the lease has expired unless, in the Minister's opinion, special circumstances exist.
- (3) A renewal application can not be made for a lease if it contains a reservation that all of the lease land is a future conservation area.
- (4) A renewal application may be rejected without being considered under section 159 if—
 - (a) the applicant has made an earlier renewal application and the application was refused; and
 - (b) there is no relevant change in circumstances from the earlier application.
- (5) In this section—

existing term, of the lease, does not include an extension under division 1B of the term of the lease.

159 General provisions for deciding application

- (1) The chief executive must consider the following before deciding whether or not to offer a new lease, the conditions of the offer or the imposed conditions of the new lease—
 - (a) the interest of the lessee;

[s 159]

- (b) whether part of the lease land should be set apart and declared as State forest under the *Forestry Act 1959*;
 - (c) whether the public interest could be adversely affected, other than for an issue mentioned in paragraph (b), if the lease were renewed;
 - (d) whether part of the lease land is needed for environmental or nature conservation purposes;
 - (e) the condition of the lease land;
 - (f) the extent to which the lease land suffers from, or is at risk of, land degradation;
 - (g) whether the lessee has complied with, or to what extent the lessee has complied with, the conditions of the lease and any land management agreement for the lease;
 - (h) whether part of the lease land has a more appropriate use from a land planning perspective;
 - (i) whether part of the lease land is on an island or its location, topography, geology, accessibility, heritage importance, aesthetic appeal or like issues make it special;
 - (j) whether part of the lease land is needed for a public purpose;
 - (k) whether part of the lease land is needed for property build-up purposes of other properties without reducing the remaining land to less than a living area;
 - (l) whether the lease land could be subdivided without reducing the remaining land to less than a living area;
 - (m) whether a new lease is the most appropriate form of tenure for the lease land;
 - (n) the lessee's record of compliance with this Act;
 - (o) the natural environmental values of the lease land.
- (2) However, subsection (1)(d) applies only if the NCA department has given the chief executive—

-
- (a) a written notice stating the environmental or nature conservation purposes for which the part of the lease land is required; and
 - (b) either—
 - (i) a map showing the required particulars for a map of the part; or
 - (ii) a description of the boundary of the part by reference to Map Grid of Australia 1994 coordinates and zone references for the area.
 - (3) If the lease contains a reservation that part of the lease land is a future conservation area the chief executive can not offer a new lease for that part.
 - (4) To remove any doubt, it is declared that, to the extent the lease land is in an urban area, the chief executive need not consider any issue that is not relevant to an urban environment.

Example of an issue not relevant to an urban environment—

whether part of the lease land should be set apart and declared as State forest

- (5) In considering the natural environmental values of the lease land, the matters to which the chief executive must have regard include any advice about the values the chief executive receives from the NCA department.

159A Provisions for decision about most appropriate form of tenure

- (1) In deciding, under section 159(1)(m), whether a new lease is the most appropriate form of tenure for the lease land the subject of a renewal application, section 16 applies—
 - (a) as if a reference in the section to an allocation were a reference to the decision; and
 - (b) with other necessary changes.
- (2) If the lease is over a reserve, the chief executive must, before making the decision, consult with the trustee for the reserve.

[s 160]

- (3) If the decision is that another form of tenure is a more appropriate form of tenure than a new lease, the chief executive may elect to treat the application as a conversion application for the other form of tenure.
- (4) On the making of the election—
 - (a) the renewal is taken to be a conversion application for the other form of tenure; and
 - (b) division 3 applies to the conversion application.
- (5) Subsections (3) and (4) apply despite any provision contained in the lease.

160 Written notice of chief executive's decision

- (1) If the chief executive decides to offer a new lease, the applicant must be given written notice of the conditions on which the offer is made and to which the lease will be subject.
- (2) If the chief executive decides to refuse the renewal application, the applicant must be given written notice of the reasons for the decision.
- (3) The applicant may appeal against the chief executive's decision to refuse the renewal application if the only reason for the refusal was that the applicant had not fulfilled the conditions of the lease.

160A Land management agreement condition for particular offers

- (1) This section applies if—
 - (a) a new lease is offered under section 160(1); and
 - (b) the new lease—
 - (i) is for rural leasehold land; and
 - (ii) is to be for a term of 20 years or more; and
 - (c) the lease land is 100ha or more.

- (2) The offer is subject to a condition that the proposed lessee must enter into a land management agreement for the new lease.

161 When offer has been accepted

An offer has not been accepted until the lessee fulfils the conditions of the offer.

162 Issuing of new lease

- (1) On acceptance of the offer, the Minister may issue a lease (the *new lease*) in accordance with the terms of the accepted offer.
- (2) The new lease must be issued for the same purpose as the lease (the *old lease*) the subject of the renewal application.
- (3) For working out the purpose of the old lease, the Minister may have regard to its category and conditions.
- (4) Additional unallocated State land may be included in the new lease, if chapter 4, part 1, division 2 is complied with.

Editor's note—

Chapter 4, part 1, division 2 is about interests available in land without competition.

- (5) The new lease is issued subject to all relevant registered interests to which the old lease was subject, and in the same priorities.
- (6) On the registration of the new lease, the old lease is taken to have been wholly surrendered.
- (7) The surrender must be registered.

162A Conditions imposed on particular new leases

- (1) This section imposes conditions on a lease issued under section 162 if—
 - (a) the lease—

[s 163]

- (i) is for rural leasehold land; and
 - (ii) is to be for a term of 20 years or more; and
 - (b) the lease land is 100ha or more.
- (2) There must be a current land management agreement for the lease.
- (3) The lessee must comply with the agreement.

163 Land not included in the offer

If the offer is for only a part of the lease, the land not included in the offer, on surrender of the lease—

- (a) if the lease was over a reserve—remains a reserve; or
- (b) otherwise—becomes unallocated State land.

164 Short term extension

If it appears a lease would expire before a renewal application is finalised, the Minister may extend the term of the lease for periods of no longer than 1 year, until the application is finalised.

Division 3 Conversion of tenure

165 Application of division

This division does not apply—

- (a) to a lease over a reserve; and
- (b) to a licence or permit; and
- (c) if the conditions of a lease or the conditions of a class of lease or this Act do not allow an application for conversion to be made or a particular type of conversion to be made.

165A Chief executive's approval required for conversion

A lease may be converted under this division only if—

- (a) the lessee has made an application under section 166; and
- (b) under this division, the chief executive has made an offer to convert the lease and the offer has been accepted.

166 Application to convert lease

- (1) Subject to subsections (2) to (4), a lessee may apply to convert (a *conversion application*)—
 - (a) a perpetual lease to freehold land; and
 - (b) a term lease to a perpetual lease or to freehold land.
- (2) The lessee of a term lease issued for pastoral purposes may only apply to convert the lease—
 - (a) to a perpetual lease; and
 - (b) after 80% of the existing term on the lease has expired, unless in the chief executive's opinion, special circumstances exist.
- (3) A lessee of a term lease not issued for pastoral purposes may only apply to convert the lease to freehold land.
- (4) A conversion application can not be made for a lease if it contains a reservation that all of the lease land is a future conservation area.
- (5) A conversion application may be rejected without consideration under section 167 if—
 - (a) the applicant has made an earlier conversion application and the application was refused; and
 - (b) there is no relevant change in circumstances from the earlier application.
- (6) In this section—

existing term, of the lease, does not include an extension under section 155A, 155B or 155BA of the term of the lease.

167 Provisions for deciding application

- (1) The chief executive must consider the following in deciding whether or not to offer to convert a lease, the conditions on which the offer is made and, if the offer is for a lease, its imposed conditions—
 - (a) whether part of the lease land needs to be set apart and declared as State forest under the *Forestry Act 1959*;
 - (b) whether part of the lease land is better suited for long-term forest management for the production of indigenous timbers of commercial value than for all other forms of primary production;
 - (c) whether the public interest could be adversely affected, other than about an issue mentioned in paragraph (a) or (b), if the lease were converted;
 - (d) whether part of the lease land is needed for environmental or nature conservation purposes;
 - (e) the condition of the lease land;
 - (f) the extent to which the lease land suffers from, or is at risk of, land degradation;
 - (g) whether the lessee has complied with, or to what extent the lessee has complied with, the conditions of the lease and with any land management agreement for the lease;
 - (h) whether part of the lease land has a more appropriate use from a land planning perspective;
 - (i) whether part of the lease land is on an island or its location, topography, geology, accessibility, heritage importance, aesthetic appeal or like issues make it special;
 - (j) whether part of the lease land is needed for a public purpose;

-
- (k) whether part of the lease land is needed for property build-up purposes of other properties without reducing the remaining land to less than a living area;
 - (l) whether part of the lease land could be subdivided without reducing the remaining land to less than a living area;
 - (m) the most appropriate form of tenure for the lease land;
 - (n) the lessee's record of compliance with this Act;
 - (o) the natural environmental values of the lease land.
- (2) Subsection (1) does not apply if the conversion application relates to a lease for development purposes and the lease states that conversion of the lease will be considered on fulfilment of the conditions stated in the lease.
- (3) Also, subsection (1)(d) applies only if the NCA department has given the chief executive—
- (a) a written notice stating the environmental or nature conservation purposes for which the part of the lease land is required; and
 - (b) either—
 - (i) a map showing the required particulars for a map of the part; or
 - (ii) a description of the boundary of the part by reference to Map Grid of Australia 1994 coordinates and zone references for the area.
- (4) If the lease contains a reservation that part of the lease land is a future conservation area the chief executive can not offer a new lease or a deed of grant for that part.
- (5) To remove any doubt, it is declared that, to the extent the lease land is in an urban area, the chief executive need not consider any issue that is not relevant to an urban environment.

Example of an issue not relevant to an urban environment—

whether part of the lease land should be set apart and declared as State forest

- (6) In considering the natural environmental values of the lease land, the matters to which the chief executive must have regard include any advice about the values the chief executive receives from the NCA department.
- (7) For subsection (1)(m), section 16 applies, with necessary changes, as if a reference in the section to an allocation were a reference to a decision mentioned in subsection (1).

168 Written notice of chief executive's decision

- (1) If the chief executive decides to offer a new lease or a deed of grant, the applicant must be given written notice of the conditions on which the offer is made.
- (2) If the offer is for a lease, the offer must state the conditions to which the lease will be subject.
- (3) The offer may be for a smaller size area of land or a different tenure to that applied for.
- (4) If the chief executive decides to refuse the conversion application, the applicant must be given written notice of the reasons for the decision.
- (5) The applicant may appeal against the chief executive's decision to refuse the conversion application if the only reason for the refusal was that the applicant had not fulfilled the conditions of the lease.

168A Land management agreement for new perpetual lease

- (1) This section applies to the offer under section 168(1) of a new perpetual lease if the lease land is rural leasehold land.
- (2) The offer is subject to a condition that the lessee must enter into a land management agreement for the lease.
- (3) The lease is subject to conditions that—
 - (a) there must be a current land management agreement for the lease; and

- (b) the lessee must comply with the agreement.

169 Conditions of freehold offer

If an offer is for a deed of grant, including a freeholding lease, the offer may include 1 or more of the following conditions—

- (a) that the lessee enter into a conservation agreement;
- (b) that either—
 - (i) the lessee enter into an agreement with the Minister administering the *Forestry Act 1959* regarding commercial timber on the land; or
 - (ii) the deed of grant or freeholding lease includes a forest entitlement area;
- (c) that the purchase price for the conversion be paid in full.

170 Purchase price if deed of grant offered

- (1) Unless a price or formula has already been stated in the lease to be converted, the chief executive decides the purchase price for the conversion of a lease to a deed of grant.
- (2) The lessee may appeal against the chief executive's decision on the purchase price.
- (3) The purchase price is an amount equal to the total of—
 - (a) the unimproved value of the land being offered, as if it were fee simple; and
 - (b) the market value of any commercial timber that is the property of the State on the land.
- (4) The unimproved value of the land is calculated at the day the chief executive receives the conversion application.
- (5) The market value of the commercial timber is calculated at—
 - (a) if the value is not appealed—the day the conversion application was received; or
 - (b) if the value is appealed—the day the appeal is decided.

171 When offer has been accepted

An offer has not been accepted until the lessee fulfils the conditions of the offer.

172 Issuing of new tenure

- (1) On acceptance of the offer a tenure (the *new tenure*) may be issued by—
 - (a) if the new tenure is a deed of grant or freeholding lease—the Governor in Council; or
 - (b) if the new tenure is a term or perpetual lease—the Minister.

Note—

See also section 153 (Lease must state its purpose).

- (2) The new tenure must be issued in accordance with the terms of the accepted offer.
- (3) Additional unallocated State land may be included in the new lease, if chapter 4, part 1, division 2 is complied with.

Editor's note—

Chapter 4, part 1, division 2 is about interests available in land without competition.

- (4) If the new tenure is a lease, it must be issued for the same purpose as the lease (the *old lease*) the subject of the conversion application.
- (5) The new tenure is issued subject to all relevant registered interests to which the old lease was subject, and in the same priorities.
- (6) On the registration of the new tenure, the old lease is taken to have been wholly surrendered.
- (7) The surrender must be registered.

173 Land not included in the offer

If the offer is for only a part of the lease, the land not included in the offer, on surrender of the lease, becomes unallocated State land.

173A Short-term extension

If it appears a lease would expire before a conversion application is finalised, the Minister may extend the term of the lease for periods of no longer than 1 year, until the application is finalised.

174 Freehold lease may not be transferred without approval

- (1) If a perpetual lease for agricultural or grazing purposes is converted to a deed of grant, or a deed of grant issues for a grazing homestead freeholding lease, the deed of grant is issued subject to a covenant prohibiting the transfer of the land to a corporation, or to a person as trustee for a corporation, without the Governor in Council's approval.
- (2) Subsection (1) applies only if the area of the deed is more than 2500ha.
- (3) The registrar of titles may register the transfer of the land to a corporation, or to a person as trustee for a corporation, only if the Governor in Council has approved the transfer.
- (4) The registered owner of a deed of grant mentioned in subsection (1) may apply for the removal of the covenant from the land.
- (5) The applicant must be given written notice of the Governor in Council's decision about the removal of the covenant.

Division 4 Subdividing leases

175 When lease may be subdivided

A lease may be subdivided only if—

- (a) this Act or a condition of the lease does not prohibit its subdivision; and
- (b) the lease is not, by a registered covenant or tied condition, tied to another lease or freehold land; and
- (c) the chief executive has, on an application made under this division, approved the subdivision; and
- (d) the requirements under this division for the subdivision have been complied with.

176 Application to subdivide

- (1) A lessee of a lease (the *existing lease*) may apply for approval to subdivide the lease.
- (2) The application must be accompanied by—
 - (a) a statement of the applicant's reasons for seeking the proposed subdivision; and
 - (b) a statement by the relevant local government of its views on the proposed subdivision; and
 - (c) the written consent of all persons with a registered interest in the lease land.
- (3) However, consent under subsection (2)(c) must not be unreasonably withheld.

176A General provisions for deciding application

- (1) The chief executive must decide whether to approve the proposed subdivision.

-
- (2) If the chief executive decides to grant the approval, the chief executive must decide an offer (the *subdivision offer*) of new leases to the applicant for the lease land.
 - (3) The subdivision offer must state the term and the imposed conditions of each of the new leases.
 - (4) The subdivision offer may be made subject to conditions.

Example—

a condition that a plan of survey for the proposed subdivision, approved by the chief executive and capable of registration, be lodged

- (5) However, the subdivision offer must be subject to the condition that a land management agreement must be entered into for—
 - (a) if there is a land management agreement for the existing lease—each new lease the subject of the offer; or
 - (b) any lease the subject of the offer to which the following applies—
 - (i) the lease is for rural leasehold land;
 - (ii) the lease land is 100ha or more;
 - (iii) the term of the lease is 20 years or more.
- (6) The term of a new lease may be longer than the unexpired term of the existing lease.

176B Criteria for deciding application

In deciding the matters under section 176A the chief executive must consider—

- (a) whether the proposed subdivision—
 - (i) is appropriate, taking into account State, regional and local planning strategies and the objects of this Act; and
 - (ii) will require dedication of part of the lease land as a road for access to the subdivided land; and

Chapter 5 Matters affecting land holdings

Part 1 Rents

Division 1 Rents

181 Rent periods

- (1) The rental periods for leases, licences and permits are annual.
- (2) Each rental period starts on 1 July.
- (3) However—
 - (a) if a lease, licence or permit starts in a rental period—the first rental period for the lease, licence or permit is from the start of the lease, licence or permit until the next 30 June; and
 - (b) if a lease, licence or permit ends in a rental period—the last rental period for the lease, licence or permit is from 1 July before the lease, licence or permit ends until the lease, licence or permit ends.
- (4) Also, if the annual rent for a lease, licence or permit is more than the amount prescribed under a regulation, the rental period for the lease, licence or permit may be divided into the sub-periods prescribed under a regulation for the payment of the rent.

182 Rent categories

- (1) The categories into which a lease, licence or permit may be allocated for rent assessment are the categories prescribed under the regulations.

[s 183]

- (2) A lessee, licensee or permittee must be given written notice of the reason for the inclusion of the lease, licence or permit in a particular category.
- (3) A lessee, licensee or permittee may appeal against the inclusion of the lease, licence or permit in a particular category.

183 Rent payable generally

- (1) The rent for a lease, licence or permit is—
 - (a) if a regulation prescribes an amount for all leases in a category of lease (a *prescribed category*)—the amount prescribed; or
 - (b) otherwise—the amount calculated by multiplying the rental valuation prescribed under a regulation by the rate prescribed under a regulation.
- (2) Subsection (1) does not apply to—
 - (a) a freeholding lease; or
 - (b) a lease, licence or permit for which there is a set rent.
- (3) The rate may be a single rate applying to all leases, licences or permits, or a series of rates applying to different categories of leases, licences or permits prescribed under the regulations.
- (4) The rent for a lease, licence or permit—
 - (a) must not be less than the minimum prescribed under a regulation, unless the lease is of a prescribed category; and
 - (b) must be calculated in whole dollars.

183A Set rents

- (1) The designated officer may set the rent (a *set rent*) for the following—
 - (a) a term lease for a significant development;

-
- (b) a licence or permit for which a rental valuation has not been made;
 - (c) a lease, licence or permit given or issued to the State or a government owned corporation.
- (2) Also, a regulation may prescribe the rent for a particular lease (also a *set rent*).

183AA Protection against particular undue rental increases

- (1) This section applies if—
- (a) after applying section 183(1) to a category of leases, licences or permits (*relevant tenures*), there is an increase in rents for the category for a rental year (the *current year*); and
 - (b) the Minister considers the increase is an undue increase.
- (2) The Minister may decide that the amount of the current year's rent for all relevant tenures, other than an excluded tenure for the current year, is the lesser of the following—
- (a) the rent worked out by applying section 183(1);
 - (b) the rent worked out using the formula—

$$RCY = RPY + (RPY \times PP)$$

where—

RCY means the amount of the rent.

RPY means—

- (a) if the relevant tenure existed during the previous year—that year's annual rent for the relevant tenure; or
- (b) if the relevant tenure did not exist during the previous year but had a corresponding tenure for that year—that year's notional annual rent for the corresponding tenure.

PP means the percentage for the category, as prescribed under a regulation.

- (3) In this section—

[s 184]

corresponding tenure, for a relevant tenure, means a former lease, licence or permit, whether or not of the same area as the relevant tenure, that was ended for the purpose of changing its area, issuing a new tenure or for a renewal or conversion under this Act and because of which change, issuing renewal or conversion the relevant tenure was created.

excluded tenure, for the current year, means—

- (a) a freeholding lease; or
- (b) a relevant tenure for which there is a set rent; or
- (c) a relevant tenure that, during the previous year, did not exist and had no corresponding tenure.

Note—

For freeholding leases see chapter 8, part 2. For other excluded tenures, see sections 183 and 183A.

notional annual rent, for the previous year of a corresponding tenure of a relevant tenure, means the rent for each hectare of the corresponding tenure's area multiplied by the area of the relevant tenure.

previous year means the rental year that immediately preceded the current year.

184 Rent adjustments

- (1) If an application to change the purpose for which a lease, licence or permit is used is approved and the approval results in a change of rental category, the change in rental takes place from the first quarter day after the change is approved.
- (2) If a new rental valuation is made in a rental period because of an action under this Act, the change in rental takes place from the first quarter day after the action was taken.
- (3) If a rental valuation for a rental period is amended on appeal or objection under the Land Valuation Act, the rent payable for the rental period must be amended.

-
- (4) Interest, at the rate prescribed under the regulations, on rent overpaid for the rental period because of an amendment under subsection (3) must be paid from the day the rent was paid to the day the overpayment is refunded.
 - (5) If on appeal, a lease, licence or permit is allocated to a new category, the overpaid rent must be credited to the lessee, licensee or permittee, together with interest at the rate prescribed under the regulations, on the amount credited from the time of payment until the appeal is decided.
 - (6) If a lease, licence or permit has a set rent, and the area of land in the lease, licence or permit is changed, the rent must be adjusted—
 - (a) in accordance with the offer or the conditions of approval; or
 - (b) if a rent adjustment was not stated in the offer or approval—proportionally.
 - (7) If the rent for a lease, license or permit is adjusted and the adjustment is—
 - (a) greater than the amount prescribed under the regulations—it must be paid to the department or credited to the lessee, licensee or permittee; or
 - (b) less than the amount prescribed under the regulations—it must be credited or debited to the account of the lessee, licensee or permittee.

Division 2 Concessional rents

185 Development and investigation concessions

- (1) If the designated officer considers a lease needs investigation and development work by a lessee, the designated officer may fix an annual rent, instead of the rent normally applying to a lease, while the lease is being investigated and developed.
- (2) Subsection (1) may only apply for the first 5 years of a lease.

[s 186]

- (3) If a permit is for investigation for a lease for development work, the designated officer may fix an annual rent, instead of the rent normally applying to a permit, while the permit is in force.
- (4) This section does not apply to a lease or permit if the lease or permit has a set rent.

186 Charitable, recreational and sporting concessions

- (1) The Minister may set a rent less than the rent normally applying to a lease, if the lessee is a charitable, sporting or recreational organisation.
- (2) The Minister must not set a rent less than the minimum rent prescribed under the regulations.

187 Residential hardship concessions

- (1) The Minister may reduce a rent to less than the rent normally applying to a lease, if—
 - (a) the lease is used exclusively for the lessee's own residential use; and
 - (b) the lessee is suffering hardship and meets the criteria prescribed under the regulations.
- (2) If the Minister considers the financial circumstances of the lessee have changed to the extent that a concession should be amended or cancelled, the Minister may, for future rental periods, amend or cancel the amount of the concession.
- (3) If a lease is transferred, a concession applying to the lease does not apply from the day of the transfer.

188 Property build-up concession

The Minister must set a rate for a lease that is at least the lowest rate prescribed under the regulations for the category of the lease if the lessee—

- (a) takes part in a property build-up scheme approved by the chief executive; and
- (b) would be disadvantaged by increased rent by taking part; and
- (c) applies for the concession.

Division 3 Rent and instalment payments

190 When rent is owing

- (1) All rent and instalments must be paid by the times and at the places prescribed under a regulation, unless the chief executive is satisfied that, because of exceptional circumstances, the payment can not be made by the prescribed time or at the prescribed place.
- (2) Subsection (1) applies even if a lessee, licensee or permittee has objected to or appealed against a—
 - (a) rental valuation of the lease, licence or permit; or
 - (b) categorisation of the lease, licence or permit.
- (3) Even if a lessee, licensee or permittee has made an application for a matter under this Act, the lessee, licensee or permittee must still pay rent and instalments when they are owing.

Examples of possible exceptional circumstances—

civil disturbance, computer failure, extreme climatic conditions and industrial action

191 Overpayment of rent

- (1) If a lessee, licensee or permittee overpays rent or instalments, and the excess rent or instalments is—
 - (a) greater than the amount prescribed under the regulations—it must be refunded to the lessee, licensee or permittee; or

[s 192]

- (b) less than the amount prescribed under the regulations—it must be credited to the account of the lessee, licensee or permittee.
- (2) To remove any doubt, it is declared that interest is payable on overpaid rent or instalments only if the overpayment is because of—
 - (a) a change in valuation on objection or appeal under the Land Valuation Act; or
 - (b) a change of category of a lease, licence or permit because of an appeal.

192 Deferral of rent and instalment payments for hardship

- (1) The Minister may on the application of a lessee or licensee, defer, wholly or partly, the payment of rent or instalments for the lessee's lease or licensee's licence if—
 - (a) the Minister considers the lessee or licensee is suffering hardship because of—
 - (i) the effects of drought, flood, fire, disaster; or
 - (ii) economic recession; or
 - (iii) a severe downturn in the level of markets related to the purpose of the lease; and
 - (b) the lessee or licensee applies for a deferral.
- (2) The Minister may grant the application only if the applicant gives the Minister—
 - (a) the returns and financial statements that the Minister asks for to help decide the application; or
 - (b) evidence that the applicant is receiving, for the hardship mentioned in subsection (1)(a)(i), financial assistance under a State or Commonwealth scheme.

Example of a scheme—

the exceptional circumstances scheme under the *Rural and Regional Adjustment Act 1994*

-
- (3) If the Minister approves an application, the Minister must state—
 - (a) the time (or extended time) for which the deferral applies; and

- (4) However, consent under subsection (3) must not be unreasonably withheld.
- (5) A change made under this section must be registered.
- (6) The change has no effect until it is registered.
- (7) Once the change is registered, the imposed condition is taken to be the condition as amended by the change.
- (8) No fee is payable for registering the change.
- (9) In this section—

change, an imposed condition, includes extending the period within which the condition must be complied with.

211 Reviewing imposed conditions of lease

- (1) If, under section 176X, the Minister is reviewing a land management agreement for a lease, the Minister must also review the imposed conditions of the lease.
- (2) If a lease is not a lease of rural leasehold land and there is no land management agreement for the lease, the Minister must consider whether to carry out a review (a *standard review*) of the imposed conditions of the lease at least once every 15 years after the lease started.

- (3) The lessee may appeal against the decision if the lessee considers the change is not necessary to protect or help the sustainability of the lease land.
- (4) On the first business day after the appeal expiration day for the decision, the change must be lodged for registration.
- (5) The change has no effect until it is registered.

Division 4 Compliance with conditions

213 Obligation to perform conditions

[s 214]

- (3) However, if the tenure is a lease, subsection (2) does not apply to a failure to comply with a land management agreement for the lease.

Note—

A breach of a condition of a lease that the lessee comply with a land management agreement for the lease may be dealt with by a remedial action notice.

- (4) To remove any doubt, it is declared that if no action is taken on a breach of condition of the tenure, it is not a waiver of, authorisation of or excuse for the breach.

- (5) In this section—

conditions, of a tenure, means all of its mandatory condition and imposed conditions.

tenure means—

- (a) for a lessee—the lessee’s lease; or
- (b) for a licensee—the licensee’s licence; or

Division 5 Remedial action

214 Minister’s power to give remedial action notice

- (b) the Minister has carried out a review under section 176X and, because of the review, the Minister considers that the stated remedial action is necessary or desirable.
- (3) If the notice relates to a lease and there is a land management agreement for the lease, the remedial action may include requiring the lessee to enter into an amended or a new land management agreement for the lease that includes stated provisions.
- (4) The lessee or licensee must be given a written notice of the decision to give the remedial action notice and the reasons for the decision.

214A Steps required before giving remedial action notice

- (3) The submissions may include a plan (a *remedial action plan*) for the taking of action to remedy the ground for the giving of the remedial action notice.
- (4) The Minister must consider any written submissions made under subsection (3) within the stated period.
- (5) The Minister may give the remedial action notice if, after complying with subsection (4), the Minister still believes the notice ought to be given.
- (6) Without limiting subsection (5), the Minister may give the remedial action notice if the lessee or licensee does not, at any time, comply with any remedial action plan included in the submissions.
- (7) The remedial action required under the remedial action notice may be different to the remedial action stated in the warning notice.

214B Appeal against decision to give remedial action notice

A lessee or licensee to whom a remedial action notice has been given may appeal against the decision to give the notice.

214C Additional condition of lease or licence to take required remedial action

- (1) This section applies if a lessee or licensee is given a remedial action notice.
- (2) The notice must be registered.
- (3) On registration of the notice, it is a condition of the lease or licence the subject of the notice that the lessee or licensee must, from the day the notice is given, take the action required under the notice.
- (4) However, if any appeal against the decision to give the notice is upheld—
 - (a) the notice is cancelled and it is taken never to have been registered or to have had any effect; and
 - (b) the cancellation must be registered; and
 - (c) the condition is taken never to have been a condition of the lease.
- (5) No compensation is payable by the State in relation to the condition or anything required to be done under the notice before its cancellation.

 - (a) reduce the term of the relevant lease;
 - (b) impose additional conditions on the lease;
 - (c) require a land management agreement to be entered into for the lease land.
- (3) However, the Minister can not reduce the term by an amount that results in the lease no longer having an unexpired term.

Note—

Under section 234(f), a breach of a remedial action order is a ground for forfeiting a lease.

- (4) If the relevant lease is a perpetual lease, the reduction may be made by changing the lease to a term lease of a stated term.

214F Provisions about reduction or additional conditions

- (1) This section applies if, under section 214E(2), the Minister decides to reduce the term of, or impose additional conditions on, a lease.

Example—

Under section 458(2), a deed of grant is issued subject to a mortgage to which section 288A(2) applied.

- (2) Sections 288A and 288B continue to have effect in relation to the mortgage or transfer as if the mortgage were still registered under this Act.
- (3) However, the *Land Title Act 1994*, sections 185(1A) and 189(1)(ab) have effect in relation to the mortgage.
- (4) For applying subsection (3)—
 - (a) the references in the *Land Title Act 1994*, section 185(1A)(a) and (b) to the instrument of mortgage or amendment of mortgage are taken to be references to the relevant mortgage; and

- (a) a method is used to identify the person and to indicate the person’s consent; and
 - (b) having regard to all the relevant circumstances when the method was used, the method was as reliable as was appropriate for the purposes for which the consent was communicated; and
 - (c) the chief executive consents to the requirement being met by using the method mentioned in paragraph (a).

Maximum penalty—20 penalty units.

Division 3A Format of plans of survey

290A Available formats for plans

- (1) A plan of survey may be in a standard or volumetric format.
- (2) The format to be used in the plan depends on how the plan is to define the land to which it relates.

290B Standard format plan

A *standard format* plan of survey defines land using a horizontal plane and references to marks on the ground.

[s 290C]

Example of marks—
posts in the ground

290C Volumetric format plan

A *volumetric format* plan of survey defines land using 3 dimensionally located points to identify the position, shape and dimensions of each bounding surface.

Division 3B Explanatory format plans

290D Explanatory format plan

- (1) Despite section 286, the chief executive may approve the lodging of a plan relating to an interest in land other than a plan of survey (an *explanatory format plan*) if the chief executive is satisfied the land to which the interest relates may be accurately defined using—
 - (a) information already held in the land registry; or
 - (b) other information the chief executive considers gives a high level of accuracy about the extent of the interest.
- (2) Lodging an explanatory format plan, approved under this section, is sufficient compliance with a requirement under this Act to lodge a plan of survey.

Division 3C Plans of subdivision

290E Meaning of *plan of subdivision*

A *plan of subdivision* is a plan of survey providing for 1 or more of the following—

- (a) the division of 1 or more lots;
- (b) the amalgamation of 2 or more lots to create a smaller number of lots;

-
- (c) the dedication of land to public use;
 - (d) the redefinition of a lot on a resurvey.

290F Plan of subdivision may be registered

- (1) A plan of subdivision may be registered in the appropriate register in the land registry.
- (2) The plan takes effect immediately it is registered.

Example—

A lot defined in the plan is created as a lot when the plan is registered.

- (3) The registration of a plan of subdivision does not limit anything the Governor in Council or Minister may do under this Act.
- (4) On the registration of a plan of subdivision of transport land, the description of the land is amended as provided by the plan of subdivision.
- (5) Subsection (4) is not limited by section 360 or 360A.
- (6) This section applies subject to section 290FA.

290FA Taking effect of plan of subdivision

- (1) This section applies if—
 - (a) the particulars of a plan of subdivision are recorded in the relevant register; and
 - (b) the registration of the plan of subdivision is for the purpose of the issue of a deed of grant, a deed of grant in trust or a lease over 1 or more of the lots created by the plan.
- (2) Although the plan of subdivision is registered, it does not take effect as a plan of subdivision until the particulars of the deed of grant, deed of grant in trust or lease are recorded in the appropriate register.

[s 290G]

- (3) If the particulars of an issued deed of grant, deed of grant in trust or lease are not recorded in the appropriate register, the chief executive may, when the chief executive considers it appropriate to do so, cancel the registration of the plan of subdivision.
- (4) If the chief executive acts under subsection (3), for the purposes of any relevant register, the plan is taken never to have been registered.

290G Standard format plan of subdivision

A standard format plan of subdivision may only divide a standard format lot.

290H Volumetric format plan of subdivision

A volumetric format plan of subdivision may divide a lot on a standard or volumetric format plan of subdivision.

290I Division of lot on standard format plan of subdivision

- (1) This section applies if a volumetric format plan of subdivision divides a standard format lot, creating 2 or more lots.
- (2) If, after the division, a created lot continues to be defined using a horizontal plane and references to marks on the ground, the created lot is a standard format lot.

290J Requirements for registration of plan of subdivision

- (1) A plan of subdivision must—
 - (a) show all proposed lots marked with separate and distinct numbers; and
 - (b) show all proposed easements marked with separate and distinct letters; and
 - (c) distinctly show all roads, parks, reserves and other proposed lots that are to be public use land; and

- (d) if it provides for any proposed public use land to be a reserve—state the community purpose of the reserve; and
- (e) comply with the *Survey and Mapping Infrastructure Act 2003*; and
- (f) be certified as accurate by a cadastral surveyor within the meaning of the *Surveyors Act 2003*; and
- (g) if any land the subject of the plan of subdivision is the subject of a lease issued under this Act, include a statement agreeing to the plan by—
 - (i) if there is a mortgagee in possession of the lease—the mortgagee in possession; or
 - (ii) otherwise—the lessee of the lease; and
- (h) if any land the subject of the plan of subdivision is the subject of an occupation licence under this Act and the licensee is surrendering all or part of the licence—include a statement agreeing to the plan by the licensee; and
- (i) if a road is permanently closed under section 108—show the road as permanently closed; and
- (j) if a road permanently closed is amalgamated with land under section 109(2)—show the amalgamation; and
- (k) be consented to by the Minister; and
- (l) be consented to by—
 - (i) each person whose interests as a registered mortgagee are affected by the plan; and
 - (ii) each person whose interests as a registered sublessee are affected by the plan; and
 - (iii) each person whose interests as a registered grantee of an easement or profit a prendre are affected by the plan; and

[s 290JA]

- (m) include a statement identifying each lot created by the plan of subdivision that is to remain subject to the title reference for any lease, licence, reserve or unallocated State land affected by the plan.
- (2) If the plan of subdivision defines the boundaries of a lease, or part of a lease, or another interest in land less than freehold, that is acquired by resumption under the authority of an Act—
 - (a) subsection (1)(g), (h), (k) and (l) does not apply; and
 - (b) the plan must be consented to by the acquiring entity.
- (3) If the plan of subdivision relates only to transport land, the plan of subdivision need not be consented to by the Minister as otherwise would be required under subsection (1).
- (4) If the plan of subdivision is needed to effect the absolute or partial revocation of a reserve or the absolute or partial cancellation of an occupation licence, subsection (1)(l) does not apply.
- (5) Subsection (6) applies, despite subsection (1), if—
 - (a) the land the subject of the subdivision is in an urban development area; and
 - (b) the plan of subdivision has been consented to by the Urban Land Development Authority.
- (6) The plan must be registered without the consent of the Minister or anyone else whose consent would otherwise have been required for the plan if it otherwise complies with this section.

290JA Dedication of public use land in plan

- (1) This section applies to the dedication of land to public use in a registered plan of subdivision.
- (2) If the dedication is for a reserve, the coming into effect of the plan operates, without anything further, to dedicate the land as a reserve for the community purpose or purposes stated in the plan.

-
- (3) If the dedication is for a road, the coming into effect of the plan operates, without anything further, to open the land as a road.
 - (4) If the dedication is for a public use other than a road or a reserve, on the coming into effect of the plan, the land becomes unallocated State land.
 - (5) Subsection (6) applies to an easement over a lot if—
 - (a) the easement is an easement for providing access or a right of way, including a public thoroughfare easement; and
 - (b) the lot or a part of the lot is dedicated for a road under subsection (3).
 - (6) The easement is extinguished to the extent it is over the lot or the part of the lot dedicated for the road.

290JB Access for public use land

A plan of subdivision providing for the dedication of a lot to public use, other than as a road, may be registered only if—

- (a) on the registration and coming into effect of the plan, access to the lot will be available through a road or a public thoroughfare easement; or
- (b) the Minister has approved that the plan of subdivision may be registered without access to the lot being available.

290K Particulars to be recorded when registered plan takes effect

In registering a plan of subdivision, the chief executive must record in the appropriate register—

- (a) if the boundaries of land affected by the plan of subdivision are changed on the coming into effect of the plan—any new description as identified on the reverse of the plan; and

[s 290L]

- (b) if all or part of land affected by the plan of subdivision becomes a reserve on the coming into effect of the plan—the particulars of the reserve; and
- (c) if all or part of land affected by the plan of subdivision becomes public use land other than a reserve or road—the particulars of the unallocated State land.

290L Lodged plan that is withdrawn and relodged

If a plan of subdivision is withdrawn and relodged under section 308, it must be treated for the purposes of section 283 and section 298 to have been lodged when it was first lodged.

290M Division excluding road or watercourse

- (1) A lot may be divided by a plan of subdivision, even though there is a road or watercourse within the boundaries of the lot that is not part of the lot.
- (2) However, the road or watercourse is not included in any lot created by the plan of subdivision, even though it may be within the boundaries of the lot.

290N Pre-examination of plans

- (1) Nothing in this Act prevents the chief executive from examining a plan of survey and related instruments deposited before the plan is lodged for registration.
- (2) Section 305 applies to a plan and related instruments deposited under subsection (1).

Division 4 Powers of the chief executive

291 Chief executive may correct registers

- (1) The chief executive may correct a register mentioned in section 276 if the chief executive is satisfied—

- (a) the register is incorrect; and
 - (b) the correction will not prejudice the rights of the holder of an interest in the relevant lease, licence, permit or reserve.
- (2) The chief executive's power to correct a register includes power to correct a particular in the register or a document forming part of the register.
- (3) If a register is corrected, the chief executive must record in the register—
- (a) the state of the register before the correction; and
 - (b) the time, day and circumstances of the correction.
- (4) A register corrected by the chief executive under this section has the same effect as if the incorrect recording had not been made.

291A Correction for omitted easement

- (1) Despite section 291(1)(b), the chief executive may otherwise act under section 291 to correct the leasehold land register to include the particulars of an easement (*easement particulars*) that have been omitted from the register in relation to a lease.
- (2) For subsection (1), easement particulars are taken to have been omitted from the leasehold land register in relation to a lease only if—
- (a) the easement was in existence when the particulars of the lease were first registered, but the easement particulars have never been recorded in the leasehold land register against the lease; or
 - (b) the easement particulars have previously been recorded in the leasehold land register, but the current particulars in the leasehold land register about the lease do not include the easement particulars, other than because the easement has been extinguished in relation to the lease; or

[s 292]

- (c) the document providing for the easement was lodged for registration but, because of an error of the chief executive, has never been registered.
- (3) Subsection (2) applies whether or not the lease has at any time been transferred or otherwise dealt with.
- (4) In subsection (2)(b)—
extinguished includes surrendered.

292 Lot-on-plan description

The chief executive may simplify the description of land registered in a register by amending the existing description to a lot-on-plan description.

294 Chief executive may require public notice to be given of certain proposed action

- (1) This section applies if a person (the *applicant*) asks the chief executive to register a transmission of a registered interest.
- (2) The chief executive, by written notice, may require the applicant to give public notice of the request.
- (3) The chief executive may specify in the notice to the applicant—
 - (a) what must be included in the public notice; and
 - (b) how many times the public notice must be published; and
 - (c) how and when the public notice must be published.
- (4) The applicant must satisfy the chief executive that the public notice has been given as required by the chief executive.

Division 1 Application

294A Application

This part applies only to transport land.

Division 2 Building management statements

294B Building management statement may be registered

- (1) A building management statement may be registered.
- (2) A *building management statement* is a document that—
 - (a) identifies lots to which it applies; and
 - (b) contains provisions benefiting and burdening the lots to which it applies; and
 - (c) otherwise complies with the requirements of this division for a building management statement.
- (3) Each lot to which a building management statement applies must be a lot entirely or partly contained in, or entirely or partly containing, 1 or more buildings.
- (4) However, a building management statement that otherwise complies with subsection (3) may also apply to a lot that is not entirely or partly contained in, and does not entirely or partly contain, 1 or more buildings if the lot is the subject of a building development approval.
- (5) If a lot to which a building management statement applies is the subject of a plan of subdivision, the statement applies to each lot created by the registration of the plan.

[s 294BA]

- (6) However, the registration of a building management statement does not limit anything the designated person may do, or the chief executive must do, under section 360 or 360A.
- (7) In this section—
building development approval means a development approval or compliance permit, under the *Sustainable Planning Act 2009*, for development relating to a proposed building or buildings.

294BA Single area for lots to which building management statement applies

- (1) The lots to which a building management statement applies must form a single, continuous area of land.
- (2) A number of lots are taken to form a single, continuous area of land even if there is a road or watercourse within the external boundaries of the area comprising of the lots.
- (3) Despite subsection (1), a building management statement may apply to lots that do not form a single, continuous area of land if the chief executive is satisfied, on reasonable grounds, that all the lots are located within an area that is sufficiently limited to ensure the effective and efficient application of the provisions of this division.

294C Circumstances under which building management statement may be registered

- (1) A building management statement may be registered only if the statement is signed by the lessees of all lots to which the statement applies.
- (2) The lots to which a building management statement applies must comprise—
 - (a) 2 or more volumetric format lots; or
 - (b) 1 or more volumetric format lots, and 1 or more standard format lots.

294D Content of building management statement

- (1) A building management statement must contain provisions about the following—
 - (a) the supply of services to lots;
 - (b) rights of access to lots;
 - (c) rights of support and shelter;
 - (d) insurance arrangements.
- (2) A building management statement may contain provisions about the following—
 - (a) the establishment and operation of a management group;
 - (b) the imposition and recovery of levies, how levy amounts are to be kept and how levy amounts are to be spent;
 - (c) property maintenance;
 - (d) architectural and landscaping standards;
 - (e) dispute resolution;
 - (f) rules for common services and facilities;
 - (g) administrative arrangements;
 - (h) arrangements for accomplishing the extinguishment of the statement;
 - (i) proposed future development.
- (3) To remove doubt, it is declared that a right of access, support or shelter, or other right in the nature of an easement, under a building management statement may operate according to its terms, and may be effective, despite the absence of a formal registered easement establishing the right.
- (4) A dispute resolution provision under a building management statement may operate to require the referral of a dispute arising under the statement other than to a court.

[s 294E]

- (5) However, the provision is ineffective to the extent that it purports to operate to stop final determination of the dispute in a court of competent jurisdiction.

294E Registration of building management statement

- (1) When registering a building management statement, the chief executive must record a reference to the statement in the particulars for the lease in the appropriate register.
- (2) However, the chief executive, though not obliged to examine, may examine a building management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a building management statement.

294F Amending a building management statement

- (1) A building management statement may be amended by registering an instrument of amendment of the building management statement.
- (2) The instrument of amendment must be signed by the lessees of all lots to which the building management statement applies.
- (3) The instrument of amendment must not change the lots to which it applies.

294G Building management statement if lots owned by 1 lessee

A building management statement may be registered even if all the lots to which it applies have the same lessee.

294H One person becoming lessee of all lots

If the same person becomes the lessee of all lots to which a building management statement applies, the building management statement is extinguished only if the lessee asks the chief executive to extinguish it.

294I Extinguishing a building management statement

- (1) A building management statement may be extinguished by registering a document of extinguishment of the building management statement.
- (2) A building management statement may be extinguished in part to remove a lot that is not contained in, or does not contain, a building or a part of a building, by registering an instrument of partial extinguishment of the building management statement.
- (3) The instrument of extinguishment or partial extinguishment must be signed by the lessees of all lots to which the building management statement applies.
- (4) However, a building management statement may be extinguished or partially extinguished only if—
 - (a) for a partial extinguishment—all registered mortgagees of a lot to be removed consent to the partial extinguishment; or
 - (b) otherwise—all registered mortgagees of lots to which the building management statement applies consent to the extinguishment.

294J Building management statement affecting freehold and non-freehold land

- (1) If a building management statement benefits or burdens both freehold and non-freehold land, the building management statement must be registered in the appropriate registers.
- (2) Further dealings affecting the building management statement must also be registered in the appropriate registers.
- (3) If a lot subject to a building management statement, including a lot under the *Land Title Act 1994*, is surrendered to the State to be dealt with under this Act, the building management statement continues over the resulting unallocated State land only if the Minister approves the continuation.

[s 295]

- (4) In considering whether to approve the continuation of the building management statement, the Minister may consider if it is reasonably necessary to benefit the lots, including the unallocated State land, the subject of the building management statement.
- (5) If a building management statement continues over unallocated State land, the continuation must be recorded in the appropriate register.
- (6) If unallocated State land, over which there is a building management statement, is dealt with under this Act—
 - (a) the Minister may approve the building management statement continue; and
 - (b) if approved—the continuation of the building management statement must be recorded in the appropriate register.

Part 2 Registration and its effect

Division 1 Registration of documents

295 Right to have interest registered

- (1) If a person lodges a document transferring or creating an interest in land under this Act, the chief executive must register the document if—
 - (a) the document has been correctly executed; and
 - (b) the person lodges the document and all other documents needed by the chief executive to effect registration of the document; and
 - (c) the document appears on its face to be capable of registration; and

-
- (d) the person has otherwise complied with this Act for the registration of the document; and
 - (e) the document is not inconsistent with another Act or law; and
 - (f) if the document is a plan of survey—it is not inconsistent with another plan of survey.
- (2) If the document is a plan of survey and it is inconsistent with another plan of survey, the chief executive may—
- (a) give a written notice to a person holding an interest in a lot that may be affected by registration of the plan of survey; or
 - (b) require the person who lodged the document to give a written notice, in the way the registrar requires, to a person mentioned in paragraph (a).
- (3) However, subsection (1) does not prevent the person from withdrawing the document before it is registered.

297 Order of registration of documents

- (1) Documents about a single parcel of land must be registered in the order they are lodged.
- (2) Subsection (1) is subject to section 308.

Editor's note—

Section 308 is about withdrawing lodged documents before they are registered.

298 Priority of registered documents

- (1) Registered documents have priority according to when each of them was lodged and not according to when each of them was executed.
- (2) A document is taken to be lodged on the day and at the time endorsed on the document by the chief executive as the day and time of the lodgement unless the contrary is proved.

[s 299]

- (3) Subsection (1) is not affected by actual, implied or constructive notice.

299 When a document is registered

- (1) A document is registered when the particulars about the document are recorded in the relevant register.
- (2) This section applies subject to section 299A.

299A No registration in absence of required approval or consent of Minister

- (1) A document is not registered, even though the particulars about the document are recorded in the relevant register, if—
- (a) under this Act, the Minister's approval or consent, however described, is required for the document, including any aspect of the document, but the approval or consent has not been obtained; or
- Examples—*
- a plan of subdivision that has not been consented to by the Minister
 - a transfer document if the Minister has not given written approval to the transfer
- (b) the terms of the document are inconsistent with the terms of any approval or consent, however described, given by the Minister in relation to the document, including any aspect of the document.
- (2) If under subsection (1) a document is not registered, the chief executive may correct the particulars included in the appropriate register in relation to the document.
- (3) Subsection (1) applies to an approval or consent, however described, in relation to a document, whether or not the approval or consent is required to be endorsed on the document.

- (4) Subsection (1) does not affect the operation of a provision of this Act providing for the Minister to give a general authority.

Example—

Subsection (1) does not affect the operation of a lessee's authority, given under section 333 (General authority to lessee for particular dealings), to sublease without seeking the Minister's approval.

Division 2 Consequences of registration

300 Benefits of registration

The benefits of this division apply to a document whether or not valuable consideration has been given.

301 Interest in land not transferred or created until registration

A document does not transfer a lease or licence or create a legal interest in a lease until it is registered.

302 Effect of registration on interest

- (1) On registration of a document expressed to transfer or create an interest in land, the interest—
- (a) is transferred or created in accordance with the document; and
 - (b) is registered; and
 - (c) vests in the person identified in the document as the person entitled to the interest.
- (2) The person holds the interest subject to—
- (a) all other interests in the land previously registered; and
 - (b) all rights and interests of the State in the land, other than interests subsequently registered.

[s 303]

303 Evidentiary effect of recording particulars in the register

In all proceedings, the particulars of a registered document recorded in the register are conclusive evidence of—

- (a) the registration of the document; and
- (b) the contents of the document; and
- (c) all things stated or implied in it by this or another Act; and
- (d) when the document was lodged and registered.

Part 3 Documents

Division 1 General

304 Correcting unregistered documents

- (1) The chief executive may correct an obvious error in a lodged document by noting the correction—
 - (a) on the document; or
 - (b) if the document is in electronic form—in the appropriate register.
- (2) The chief executive may correct an obvious error in a lodged document only if the chief executive is satisfied the document is incorrect and the correction will not prejudice the rights of a person.
- (3) A document corrected by the chief executive under this section has the same effect as if the relevant error had not been made.

305 Requisitions

- (1) The chief executive, by written notice (the *requisition*) given to a person who has lodged or deposited a document, or to another person who reasonably appears to the chief executive to be relevantly associated with the document, may require a person to—
 - (a) re-execute, complete or correct the document if it appears to the chief executive to be wrong, incomplete or defective; or
 - (b) produce to the chief executive stated information, or deposit a stated document, in support of the application to register a document.
- (2) The chief executive may require the document or information to be verified by statutory declaration or affidavit.
- (3) A requisition may state when, and the place where, it must be complied with.
- (4) The chief executive may extend the time for complying with a requisition.
- (5) The chief executive may refuse to deal with a document lodged or deposited (and any document depending on it for registration) until the requisition is complied with.

305A Electronic communication of statutory declaration or affidavit

- (1) A person is taken to have complied with a requirement under section 305(2) to give the chief executive a statutory declaration or affidavit (the *verifying document*) if the person gives a signed electronic form of the verifying document by electronic communication and—
 - (a) having regard to all the relevant circumstances when the communication was sent, the method of generating the electronic form of the verifying document provided a reliable way of maintaining the integrity of the information it contained; and

[s 306]

- (b) when the communication was sent, it was reasonable to expect the information contained in the electronic form of the verifying document would be readily accessible so as to be useable for subsequent reference; and
 - (c) the chief executive consents to the electronic form of the verifying document being given by electronic communication.
- (2) The person is taken to have signed the electronic form of the verifying document if—
- (a) a method is used to identify the person and to indicate the person's approval of the information communicated; and
 - (b) having regard to all the relevant circumstances when the method was used, the method was as reliable as was appropriate for the purposes for which the information was communicated; and
 - (c) the chief executive consents to the electronic form of the verifying document being signed by using the method mentioned in paragraph (a).

306 Rejecting document for failure to comply with requisition

- (1) If a requisition is not complied with by a person within the time stated or extended by the chief executive, the chief executive may reject the document to which the requisition relates and any document depending on it for registration.
- (2) A rejected document loses its priority under section 298 and must be returned by the chief executive to the person who lodged it.

Editor's note—

Under section 298, registered documents have priority according to when they are lodged.

- (3) A memorandum recording the rejection of a document may be endorsed on the rejected document or in a separate record kept in the relevant register.

-
- (4) This section does not prevent relodgement of a rejected document after the requisition has been complied with.

307 Borrowing lodged document before registration

- (1) The chief executive may permit the following persons to borrow a lodged document before it is registered—
- (a) the person who lodged or deposited the document; or
 - (b) the person for whom the document was lodged or deposited; or
 - (c) the agent of a person mentioned in paragraph (a) or (b).
- (2) The person must return the document within the time stated or extended by the chief executive, unless the person has a reasonable excuse.

Maximum penalty for subsection (2)—50 penalty units.

308 Withdrawing lodged document before registration

- (1) If the chief executive is satisfied the order in which a document has been lodged in relation to other documents is such that the document will not give effect to the intention expressed in it or a related document, or is a document that should not have been lodged, the chief executive may—
- (a) withdraw the document; or
 - (b) permit the document to be withdrawn.
- (2) A document withdrawn by the chief executive under subsection (1)(a) remains in the land registry, unless the document is a document that should not have been lodged.
- (3) The chief executive may relodge a document that has been withdrawn by the chief executive.
- (4) On receiving a written application, the chief executive may permit the applicant to relodge a document that the chief executive has permitted to be withdrawn.

[s 309]

- (5) A document withdrawn under subsection (1) loses its priority and is taken to have been lodged on the day and at the time endorsed on it by the chief executive on its relodgement.

309 Chief executive may call in document for correction or cancellation

The chief executive, by written notice, may require a person to deposit a document for correction or cancellation.

310 Execution of documents

- (1) For a corporation, a document is validly executed if—
 - (a) it is executed in a way permitted by law; or
 - (b) the document is sealed with the corporation's seal in accordance with the *Property Law Act 1974*, section 46.
- (2) For an individual, a document is validly executed if—
 - (a) it is executed in a way permitted by law; and
 - (b) the execution is witnessed by a person prescribed under the regulations.
- (3) However, the chief executive may, in exceptional circumstances, register a document executed by an individual even though the execution was not witnessed or was not witnessed by a person prescribed under the regulations.
- (4) The witnessing of a document may be proved in any way permitted by law.
- (5) This section does not apply to a plan of survey.

311 Witnessing documents for individuals

A person who witnesses a document signed by an individual must—

- (a) first be satisfied the individual is the person entitled to sign the document; and

- (b) have the individual sign the document in the presence of the person; and
- (c) not be a party to the document.

313 Delivery of documents

If the chief executive is required or permitted to return a document to a person who has deposited or lodged it in the land registry, the chief executive may return it by leaving it at a place designated for the purpose in the land registry.

314 Dispensing with production of document

- (1) The chief executive may dispense with the production of a document.
- (2) Before the chief executive dispenses with the production of a document, the chief executive may require evidence that a person seeking to deal with a lease or licence is entitled to deal with the lease or licence, and that the document that can not be produced—
 - (a) has been lost or no longer exists; and
 - (b) is not deposited as security or for safe custody.
- (3) The chief executive must record in the register that production of the document has been dispensed with and the day production of it was dispensed with.

315 Destroying document in certain circumstances

- (1) The chief executive may destroy part of a register or a document held in the office of the land registry if the part or the document—
 - (a) is not evidence of an existing interest; or
 - (b) is evidence of an existing interest for which there is accurate evidence in another part of the register; or

[s 316]

- (c) will not be needed for registering the effect of a transaction.
- (2) The chief executive may authorise a person to destroy a document held in a place other than an office of the department if the document—
 - (a) was lodged at the place for evidencing, in the land registry, an interest; and
 - (b) is evidence of an existing interest for which there is accurate evidence in the land registry.
- (3) Before destroying part of a register or a document under subsection (1), the chief executive must copy it in whatever way the chief executive considers appropriate.
- (4) However, the chief executive, or person acting under an authority given under subsection (2), must not destroy an original will.
- (5) The chief executive may return a suitably perforated cancelled tenure document to the person who, immediately before its cancellation, was entitled to it.
- (6) The chief executive's powers under subsections (1) and (2) are subject to the *Public Records Act 2002*.

316 Transferor must do everything necessary

A person who, for valuable consideration, signs a document to transfer or create an interest in a lease must do everything necessary to give effect to the matters stated in the document or implied by this or another Act.

334A Application to sub-subleases

In sections 332 to 334, for applying schedule 6, definition *sublease*, a reference to a lease issued under this Act may be taken to be a reference to a sublease of a lease issued under this Act, and correspondingly, a reference to a lessee may be taken to be a reference to a sublessee of a lease issued under this Act.

335 Subleases must be registered

339 Re-entry by sublessor

- (1) If a sublessor under a registered sublease lawfully re-enters and takes possession under the sublease, the sublessor may lodge a request for the chief executive to register the re-entry.
- (2) The interest of the sublessee ends on the registration of the request for the re-entry.

Division 3A Mediation for disputes about terms of particular subleases

339A Application of div 3A

 - (b) the mediation must be conducted in the way decided by the mediator and the parties; and
 - (c) the parties must participate in the mediation in good faith to attempt to resolve the dispute; and

Examples of participating in the mediation in good faith—

[s 340]

- (d) the parties must pay the mediator the costs of the mediation in the proportions agreed by the mediator and the parties.
- (4) For subsection (3), a party to the dispute may be represented by an agent appointed by the party if the mediator is satisfied the appointment will facilitate the conduct of the mediation.
- (5) If a lessee who is a party to the dispute, in relation to a sublease of the lessee's lease, contravenes subsection (3)(c), the lessee is taken to have contravened a provision of this Act in relation to the lease.
- (6) Nothing in this section affects any rights or remedies to which a party to the dispute may be entitled.
- (7) Evidence of anything done or said, or an admission made, at a mediation about the dispute is admissible at the trial of the dispute or in another civil proceeding only if all parties who participated in the mediation agree.
- (8) For a proceeding under this Act about a lessee's contravention of this Act under subsection (5), evidence about the lessee's participation in a mediation may include evidence about the steps taken by the lessee to prepare for the mediation.
- (9) In this section—

- (2) The release of mortgage may release the debt or liability secured for—

- (1) A registered mortgage may be amended only by registering an amendment of the mortgage.
- (2) However, the document of amendment must not add or remove a party to the mortgage.

[s 344]

344 Amending priority of mortgages

- (1) The priority of registered mortgages may be amended by registering a document amending priority.
- (2) The document amending priority must—

- (3) On registration of the document amending priority, the mortgages have priority in the order stated in the document.

345 Mortgagee in possession may sell

- (2) The mortgagee must notify the Minister within 28 days of entering into possession of the mortgaged lease.

- (2) The lease must not be offered for sale by public auction or a contract of sale entered into until at least 28 days after the mortgagee has published a notice, in a newspaper circulating generally in the locality of the lease, that the lease is for sale.

-
- (3) A sale by a mortgagee must be to a person qualified under this Act to hold the lease.
 - (4) The lodgement of the transfer must be accompanied by a statutory declaration signed by the incoming lessee stating the incoming lessee is aware of—

350 Effect of transfer after sale by mortgagee

If a transfer executed by a registered mortgagee after the exercise of the power of sale under the mortgage is registered, registration of the document vests the mortgagor's interest that is transferred in the transferee, free from liability under the mortgage and any other mortgage registered after it.

Division 7 Correcting and changing deeds of grant and leases

358 Changing deeds of grant—change in description or boundary of land

- (1) A registered owner or trustee may surrender the land contained in the registered owner's deed of grant or trustee's deed of grant in trust if the description of the land is no longer correct because of—

- (3) On the surrender of the land—
 - (a) the deed of grant or deed of grant in trust is cancelled; and
 - (b) a new deed must be issued containing the land to which the registered owner or trustee is entitled.

Examples—

- 1 All compensation payable under the acquisition Act for the acquisition was paid to the person entitled to it.

 - (e) the entity currently entitled to the rights acquired under the acquisition is a public utility provider;

 - (b) any gazette notice forming part of the acquisition process under the acquisition Act.
 - (5) For this section, it does not matter whether the relevant land was freehold land or leasehold land when the easement was created, or whether the relevant land is freehold land or leasehold land when the gazette notice mentioned in subsections (2) and (3) is published.

 - (b) the registrar of titles certifies that the correction of the deed of grant will not prejudice any person who holds an interest in the deed of grant.

Example—

 - (b) authorises the donee to deal with any interest in land that may be dealt with by the donor under the power of attorney and this Act.
- (3) However, an individual who is a trustee of trust land can not, under a power of attorney, authorise a person to deal with an interest in the trust land that may be dealt with by the individual as trustee.

Example—

An individual who is the trustee of a reserve could not, under a power of attorney, authorise another person to act on the trustee's behalf to enter into a trustee lease with a third person.

For buyers, sublessees, mortgagees and creditors, until a writ of execution is registered—

- (a) it does not bind or affect a lease, whether or not there is actual or constructive notice of the writ; and
- (b) binds or affects a lease only if the writ is executed and put in force within—
- (i) 6 months of its lodgement; or
 - (ii) the extended time allowed by the court where the writ is filed and notified to the chief executive.

388 Cancellation of registration of a writ of execution

 - (b) a writ of execution is later registered in relation to the lease.
- (2) If the mortgagee of the lease signs a transfer of the lease after exercising power of sale under the mortgage—

 - (i) the lessee or licensee affected by the caveat; and
 - (ii) anyone else having the right to deal with the lease or licence affected by the caveat; and
 - (d) the registered interest affected by the caveat; and
 - (e) the interest claimed by the caveator; and
 - (f) the grounds on which the interest is claimed.

The chief executive must give written notice of lodgement of a caveat under this division to each person whose interest or whose right to registration of a document is affected by the caveat.

389F Effect of lodging caveat

- (1) A caveat lodged under this division prevents registration of a document affecting the tenure over which the caveat is lodged from the date and time endorsed by the chief executive on the caveat as the caveat's date and time of lodgement.
- (2) Subsection (1) has effect for a caveat until the caveat is cancelled, rejected, removed or withdrawn.
- (3) However, lodgement of a caveat under this subdivision does not prevent registration of the following—
 - (a) a document stated in the caveat as a document to which the caveat does not apply;
 - (b) a document if the caveator consents to its registration;
 - (c) a document executed by a mortgagee whose interest was registered before lodgement of the caveat if—

- (a) a document stated in the caveat as a document to which the caveat does not apply;
 - (b) a document if the chief executive consents to its registration.
- (5) Lodgement of a caveat does not create in the caveator an interest in the tenure affected by the caveat.

389G Withdrawing caveat

A caveator may withdraw a caveat lodged under this division by lodging a request to withdraw it.

389H Removing caveat

- (1) A caveatee may at any time apply to the Supreme Court for an order that a caveat lodged under this division be removed.
- (2) The Supreme Court may make the order whether or not the caveator has been served with the application, and may make the order on the terms it considers appropriate.

- (1) This section does not apply to a chief executive's caveat prepared and registered under section 389L(1).
- (2) The chief executive may cancel a caveat if a request to cancel the caveat is lodged and the chief executive is satisfied that—

[s 389J]

- (b) the claim of the caveator has been settled by agreement or otherwise satisfied; or
 - (c) the nature of the interest claimed does not entitle the caveator to prevent registration of a document that has been lodged.
- (3) The chief executive must notify the caveator of the chief executive's intention to cancel the caveat at least 7 days before cancelling it.
- (4) If a document that has been lodged will, on registration, give full effect to an interest claimed in a caveat, the chief executive may remove the caveat immediately before registering the document.

389J Further caveat

- (1) This section applies if a caveat is lodged under this division (the *original caveat*) in relation to an interest.
- (2) A further caveat with the same caveator can never be lodged in relation to the interest on the same, or substantially the same, grounds as the grounds stated in the original caveat unless the leave of a court of competent jurisdiction to lodge the further caveat has been granted.
- (3) However, subsection (2) does not apply if the original caveat is a caveat prepared and registered by the chief executive under section 389L.

- (1) A notice to a caveator under this subdivision is sufficiently served if left at or sent to the address mentioned in section 389C(2)(b).
- (2) If the chief executive is satisfied that a notice under this subdivision will not reach the caveator if served in the way mentioned in subsection (1), the notice may be served in a way stated in a written direction by the chief executive.

-
- (3) If the chief executive is informed in writing, and is satisfied, that the name or address of the caveator has changed, the chief executive must note on the caveat details of the new name or address.
 - (4) A new name or address noted under subsection (3) becomes the name or address for service of a notice on the caveator.
