- (3) Subsection (2) does not prevent a person mentioned in the subsection having a mental illness.

Examples for subsection (3)—

- 1 A person may have a mental illness caused by taking drugs or alcohol.
- 2 A person may have a mental illness as well as an intellectual disability.

119 Change of category of order by authorised doctor

- (1) An authorised doctor for the patient's treating health service must change the category of the involuntary treatment order for the patient—
- (a) if the doctor is satisfied it is necessary to make the change because of the patient's treatment needs; or
 - (b) to give effect to an order of the tribunal.
- (2) Also, if the category of the order is community and the patient becomes a classified patient, an authorised doctor for the patient's treating health service must change the category of the involuntary treatment order for the patient to in-patient.
- (3) The doctor must—
- (a) make a written record of the change and the reasons for it; and
 - (b) talk to the patient about the change and the reasons for it.

Notes—

- 1 See section 537 about complying with provisions as soon as practicable, section 538 about complying with provisions to the

extent reasonably practicable and section 541A about ensuring the patient understands things told or explained to the patient.

- 2 For a doctor's obligations to give particular information to the patient's personal attorney or personal guardian, see the *Guardianship and Administration Act 2000*, section 76 (Health providers to give information).
- (4) However, the doctor need not comply with subsection (3)(b) if—
 - (a) it is not reasonably practicable to do so; or
 - (b) the doctor reasonably believes that to do so would not be in the interests of the health or safety of the patient or the safety of others.
- (5) If the category of an involuntary treatment order is changed from community to in-patient, a health practitioner may take the patient to the authorised mental health service.

Note—

For provisions about entering places, see chapter 14 (Enforcement, evidence and legal proceedings), part 2 (Entry to places).

- (6) For subsection (5), the practitioner—
 - (a) may exercise the power with the help, and using the minimum force, that is necessary and reasonable in the circumstances; and
 - (b) is a public official for the *Police Powers and Responsibilities Act 2000*.

Note—

For the powers of a police officer while helping a public official, see the *Police Powers and Responsibilities Act 2000*, section 16 (Helping public officials exercise powers under other Acts).

120 Notice of change of involuntary treatment order

- (1) If the category of an involuntary treatment order for a patient is changed, the administrator of the authorised mental health service concerned must, within 7 days after the change is made, give written notice of the change to the following persons—

- (a) the patient;
 - (b) the tribunal;
 - (c) the patient's allied person.
- (2) If the category of an involuntary treatment order for a patient is changed from community to in-patient, the notice to the tribunal must state the reasons for the change.

Note—

For an order that the category of an involuntary treatment order for a patient be changed on a review, see section 191 (Decisions on review).

Division 3 Revoking involuntary treatment orders

121 Revocation of order by authorised doctor

If an authorised doctor for an involuntary patient's treating health service is satisfied the treatment criteria no longer apply to the patient, the doctor must revoke the involuntary treatment order for the patient.

122 Revocation of order by director

The director may, by written notice given to the administrator of an authorised mental health service, revoke an involuntary treatment order for a patient if the director is satisfied the treatment criteria no longer apply to the patient.

123 Notice of revocation of order

Within 7 days after an involuntary treatment order for a patient is revoked by an authorised doctor or the director, the administrator of the patient's treating health service must give written notice of the revocation to the following persons—

- (a) the patient;
- (b) the patient's allied person;

- (c) the tribunal;
- (d) the director if—
 - (i) the order is revoked by an authorised doctor; and
 - (ii) the patient is a classified patient or, immediately before the revocation, chapter 7, part 2, applied to the patient.

Note—

For notices that must be given if chapter 7 (Examinations, references and orders for persons charged with offences), part 2 (Procedures for particular involuntary patients charged with offences) no longer applies to the patient, see section 245.

Part 2 Treatment plans

Division 1 Preparing and changing treatment plans

124 Preparing treatment plan

- (1) A patient's treatment plan must state—
 - (a) in general terms, an outline of the proposed treatment or care to be provided in relation to the patient; and
 - (b) in specific terms, the method by which, the frequency with which, the place where, the duration of and the persons by whom, the treatment or care is to be provided; and
 - (c) the intervals for the patient's regular assessment.

Note—

See section 116 (Regular assessments of patient).

- (1A) Also, for a forensic patient, the patient's treatment plan must include a risk management plan for the patient.

-
- (2) Also, for a patient under the community category of an involuntary treatment order, the treatment plan for the patient must—
 - (a) if the patient is to be treated at a health service other than an authorised mental health service—state the health service; and
 - (b) if the patient is to be treated by a health practitioner who is not an employee of a public sector mental health service—state the name of the practitioner.
 - (3) However, the treatment plan may only state a health practitioner under subsection (2)(b) with the practitioner's agreement.
 - (4) The treatment plan must take into account the following—
 - (a) any existing plan of treatment, or advance health directive under the *Powers of Attorney Act 1998*, for the patient;
 - (b) for a patient transferred from the forensic disability service to an authorised mental health service—any individual development plan under the Forensic Disability Act applying to the patient immediately before the transfer.
 - (5) The treatment plan must be prepared having regard to any relevant policies and practice guidelines about the treatment and care of patients issued by the director under this Act.

125 Change of treatment plan by, or authorised by, doctor

- (1) An authorised doctor for a patient's treating health service may change the patient's treatment plan or authorise a health practitioner to change the patient's treatment plan.
- (2) Also, an authorised doctor for a patient's treating health service must change the patient's treatment plan to give effect to a decision or order of the tribunal or Mental Health Court.

Note—

See sections 193, 199, 206 and 294.

- (3) The doctor or health practitioner must—
 - (a) make a written record of the change and the reasons for it; and
 - (b) talk to the patient about the change and the reasons for it.

Note—

See section 537 about complying with provisions as soon as practicable, section 538 about complying with provisions to the extent reasonably practicable and section 541A about ensuring the patient understands things told or explained to the patient.

126 Change of treatment plan to give effect to director's transfer order

If the director orders the transfer of an involuntary patient from one authorised mental health service to another authorised mental health service, the administrator for the health service to which the patient is transferred must ensure the patient's treatment plan is changed to give effect to the order.

127 Other change of treatment plan—classified patients

- (1) If the director revokes an approval given under section 129(2)(b), the administrator for the patient's treating health service must ensure the patient's treatment plan is changed to give effect to the revocation.
- (2) A health practitioner must talk to the patient about the change and the reasons for it.

Note—

See section 537 about complying with provisions as soon as practicable, section 538 about complying with provisions to the extent reasonably practicable and section 541A about ensuring the patient understands things told or explained to the patient.

- (3) Also, if, on the revocation, the patient is not in the health service, an authorised doctor for the health service must, under section 507, require the patient to return to the health service.

Division 2 Limited community treatment

128 Application of div 2

This division does not apply to—

- (a) a patient under an involuntary treatment order if the order's category is community; or
- (b) a patient for whom a court has made an order under section 101(2) or 337(6).

129 Authorising limited community treatment

- (1) An authorised doctor for a patient's treating health service may, under the patient's treatment plan, authorise limited community treatment for the patient.
- (2) However, the doctor may authorise limited community treatment for the patient only—
 - (a) for a forensic patient—with the approval of the tribunal or the Mental Health Court; or

Note—

See sections 203 (Decisions on review) and 289 (Mental Health Court may order, approve or revoke limited community treatment).

- (b) for a classified patient—with the director's written approval; or
- (c) for a patient detained in an authorised mental health service under an order of the Mental Health Court under section 273(1)(b)—if authorised to do so under the order.

Note—

See section 275 (Mental Health Court may approve limited community treatment).

- (3) The director must not give an approval under subsection (2)(b) unless the director is satisfied there is not an

unacceptable risk of one of the following events happening if the treatment were undertaken in the community—

- (a) the patient would not return to the authorised mental health service when required;
 - (b) the patient would commit an offence while away from the health service;
 - (c) the patient would endanger the safety or welfare of the patient or others.
- (4) Also, in deciding whether to give the approval, the director must have regard to the following—
- (a) the patient's mental state and psychiatric history;
 - (b) the offence leading to the patient becoming a classified patient;
 - (c) the patient's social circumstances;
 - (d) the patient's response to treatment and willingness to continue treatment.
- (5) An approval under subsection (2)(b) may be given subject to the reasonable conditions the director decides.
- (6) The director may withdraw an approval under subsection (2)(b) if—
- (a) the director is reasonably satisfied an event mentioned in subsection (3) has happened in relation to the patient; or
 - (b) the director is satisfied there is an unacceptable risk of an event mentioned in subsection (3) happening in relation to the patient.
- (7) In deciding whether to withdraw an approval under subsection (2)(b) on the ground mentioned in subsection (6)(b), the director must have regard to the matters mentioned in subsection (4).

130 Limited community treatment on order of tribunal or Mental Health Court

If the tribunal or the Mental Health Court orders that a patient have limited community treatment, the administrator of the patient's treating health service must ensure an authorised doctor for the health service changes the patient's treatment plan to give effect to the order.

131 What treatment plan must state for limited community treatment

- (1) If, under a patient's treatment plan, the patient is authorised to have limited community treatment, the treatment plan must include in specific terms—
 - (a) the continuous periods of limited community treatment; and
 - (b) the conditions the doctor considers necessary—
 - (i) for the clinical management of the patient's treatment, or the management of the patient's care, while the patient is undertaking the limited community treatment; and
 - (ii) to protect the health or safety of the patient or the safety of others; and
 - (c) any monitoring condition required by the director under section 131A.
- (2) A continuous period of limited community treatment for a patient, other than a classified or forensic patient, must not be more than 7 days.
- (3) However, an authorised doctor for the health service may, from time to time, extend the period for a further continuous period of not more than 7 days.

Note—

Instead of extending the period for an involuntary patient (other than a classified or forensic patient), the authorised doctor may change the category of the order, see section 119.

In deciding whether to extend the period or change the category, the doctor must have regard to the general principles for the administration of this Act and the principles for exercising powers and performing functions under this Act, see sections 8 and 9.

131A Director may require monitoring condition for patient undertaking limited community treatment

- (1) This section applies if the director considers that any of the following patients requires monitoring while undertaking limited community treatment—
 - (a) a classified patient;
 - (b) a forensic patient;
 - (c) a patient for whom the Mental Health Court has made an order under section 273(1)(b).
- (2) However, this section does not apply to a young patient.
- (3) The director may, by written notice to the administrator of the patient's treating health service, require that a condition that allows the treating health service to monitor the patient's location while on limited community treatment (a **monitoring condition**) be included in the patient's treatment plan under section 131.

Examples of patients whose treatment plan may include a monitoring condition—

1. a forensic patient who is undertaking limited community treatment for the first time
2. a classified patient who has previously attempted to abscond while on limited community treatment
3. a forensic patient who is transitioning from escorted to unescorted limited community treatment

Examples of monitoring conditions that may be included in a patient's treatment plan—

1. that the patient telephone a stated person at the patient's treating health service before moving from one location to another
2. that the patient provide a detailed plan of where they will be, and with whom they will be, while on limited community treatment

3. that the patient wear a device for monitoring the patient's location while on limited community treatment

131B Confidentiality of information gained as a result of monitoring conditions

- (1) This section applies to information obtained as a result of a monitoring condition included in a patient's treatment plan under section 131.
- (2) To remove any doubt, it is declared that the information is confidential information under the *Hospital and Health Boards Act 2011*.
- (3) However, a designated person under the *Hospital and Health Boards Act 2011*, part 7, may disclose the information to—
 - (a) the Queensland Police Service for the purposes of an investigation or prosecution of an offence; or
 - (b) the Mental Health Court or the tribunal.

132 Particular patients to be accompanied while undertaking limited community treatment

- (1) This section applies to the following patients—
 - (a) a classified patient serving a sentence of imprisonment or detention;
 - (b) a patient who is detained in an authorised mental health service under an order of the Mental Health Court under section 273(1)(b).
- (2) While undertaking limited community treatment, the patient must be accompanied by an employee of the health service in which the patient is detained.

The person must have capacity to give informed consent.

135 Consent to be written

Informed consent must be in writing signed by the person.

- (2) However, a doctor must not, under subsection (1)(b), perform electroconvulsive therapy on a person who is not an involuntary patient if the doctor knows the person objects to the therapy.
- (3) In this section—

object, for a person, means—

 - (a) the person indicates the person does not wish to have electroconvulsive therapy; or
 - (b) the person previously indicated, in similar circumstances, the person did not then wish to have

electroconvulsive therapy and since then the person has not indicated otherwise.

- (1) A doctor may perform electroconvulsive therapy on an involuntary patient at an authorised mental health service if—
 - (a) a certificate under subsection (2) is in force for the patient; and
 - (b) a treatment application to perform electroconvulsive therapy on the patient is made under subsection (4).
- (2) For subsection (1)(a), a psychiatrist and the medical superintendent for the health service must certify in writing that performing electroconvulsive therapy on the patient is necessary to—
 - (a) save the patient's life; or

Chapter 4A Restraint and seclusion of patients

Part 1 Restraint

162A Meaning of *mechanical restraint* for pt 1

- (1) For this part, *mechanical restraint*, of a person, is the restraint of the person by the use of a mechanical appliance, approved under section 162B, preventing the free movement of the person's body or a limb of the person.
- (2) However, the use of a surgical or medical appliance for the proper treatment of physical disease or injury is not mechanical restraint.

162B Approval of mechanical appliances

The director must—

- (a) approve the mechanical appliances that may be used for mechanical restraint of a person; and
- (b) state the approved mechanical appliances in a relevant policy or practice guideline.

Note—

Policies and practice guidelines are issued under section 309A for forensic patients and section 493A for other patients.

162C Offence to use mechanical restraint

A person must not use mechanical restraint on a patient in an authorised mental health service other than under this part.

Maximum penalty—50 penalty units.

162D Doctor may authorise use of mechanical restraint

For treating or caring for an involuntary patient in an authorised mental health service, a doctor may authorise the use of mechanical restraint on the patient only if the doctor is satisfied it is the most clinically appropriate way of preventing injury to the patient or someone else.

162E How authorisation is given

The doctor must give the authorisation by recording the following details in the patient's clinical file—

- (a) the type of restraint authorised;
- (b) the reasons for the restraint;
- (c) any restrictions on the circumstances in which restraint may be applied;
- (d) the maximum period or periods for which the restraint may be applied;

-
- (e) the intervals at which the patient must be observed while the restraint is applied;
 - (f) any special measures necessary to ensure the patient's proper treatment or care while the restraint is applied;

A doctor or the senior registered nurse on duty may, with the help, and using the minimum force, that is necessary and reasonable in the circumstances, apply the restraint as authorised to the patient.

162G Obligations of senior registered nurse

The senior registered nurse on duty must—

- (a) ensure the restraint is applied as authorised by the doctor; and

 - (i) sufficient bedding and clothing; and
 - (ii) sufficient food and drink; and
 - (iii) access to toilet facilities; and

the senior registered nurse on duty must immediately direct the removal of the restraint.

162I Administrator must notify director about mechanical restraint

- (1) The administrator of an authorised mental health service must give the director written notice about the mechanical restraint of a patient in the health service as soon as practicable after the mechanical restraint is applied to the patient.
- (2) The notice must include the information required by the director.

Part 2 Seclusion

Division 1 Interpretation

162J Meaning of *seclusion* for pt 2

- (1) For this part, *seclusion*, of a patient, is the confinement of the patient at any time of the day or night alone in a room or area from which free exit is prevented.

- (2) However, the overnight confinement for security purposes of an involuntary patient in a high security unit or an in-patient facility of an authorised mental health service prescribed under a regulation for this subsection is not seclusion.

Division 2 Prohibition of seclusion

162K Offence to keep patient in seclusion

A person must not keep a patient in an authorised mental health service in seclusion other than under this part.

Maximum penalty—50 penalty units.

Division 3 Authorisation of seclusion

 - (e) the specific measures necessary to ensure the patient's proper treatment or care while secluded.

162P Observation of patient

The senior registered nurse on duty must ensure the patient is continuously observed unless the doctor states in the order—

- (a) that it is not clinically necessary to continuously observe the patient while secluded; and
- (b) the intervals (not longer than 15 minutes) at which the patient must be observed.

162Q When nurse may authorise end to seclusion

- (1) This section applies if, under the doctor's order, the senior registered nurse on duty is authorised to release the patient from, or return the patient to, seclusion.
- (2) The nurse may—
 - (a) release the patient from seclusion if the nurse is satisfied seclusion of the patient is no longer necessary; and

- (3) The tribunal may, on its own initiative, carry out a review of the application of the treatment criteria to the patient.
- (4) The tribunal may carry out a review on an application for a review at the same time as another review for the patient but must carry out a review on the application—
 - (a) if it is made within the 6 week period mentioned in subsection (1)(a)—within 7 days after the application is made; or
 - (b) if paragraph (a) does not apply—within a reasonable time after it is made.

- (6) The director of public prosecutions may make a decision under subsection (1)(a) or (b) regardless of whether an

involuntary treatment or forensic order is in force for the patient.

- (3) The notice under subsection (2) must be served personally unless the patient is in lawful custody other than in an authorised mental health service.
- (4) The court may issue a warrant for the patient's arrest to be brought before the court to be dealt with according to law if it is satisfied—

- (a) the complainant or director of public prosecutions has taken reasonable steps, but has been unable, to serve the notice on the patient; and
 - (b) the patient has not appeared before the court when proceedings against the patient for the offence were to be continued.
- (5) On the proceedings being resumed, any evidence previously given must be disregarded and the court must hear all evidence afresh.

251 Effect on proceedings of decision to discontinue proceedings

If, under section 247(1)(b), the director of public prosecutions decides proceedings against the patient for the offence are to be discontinued, the charge against the person for the act or omission constituting the offence is dismissed.

- (1) If the patient is a classified patient and, under section 247(1), the director of public prosecutions decides proceedings against the patient for the offence are to be discontinued, the patient ceases to be a classified patient.

Note—

For what happens on a patient ceasing to be a classified patient, see chapter 3, part 4, division 5.

- (1A) If the patient is a classified patient and, under section 247(1), the director of public prosecutions decides proceedings against the patient for the offence are to be continued, the patient ceases to be a classified patient when the patient appears before the court in which the proceedings for the offence are to continue.
- (2) However, subsections (1) and (1A) do not apply if—

-
- (3) A reference made under this section may include a reference of the person's mental condition relating to a simple offence alleged to have been committed by the person.

- (2) The notice must be accompanied by a copy of any expert's report on the expert's examination of the person.

259 Suspension of proceedings

On the reference being made, proceedings for the offence alleged to have been committed by the person are suspended until the Mental Health Court has made a decision on the reference.

- (b) a court remanding the person in custody in relation to proceedings for an offence; or
- (c) a court adjourning the proceedings for an offence until a stated date; or

**Part 6 Inquiries on references to
Mental Health Court****Division 1 Preliminary****264 Notices of reference**

- (1) On reference of a person's mental condition relating to an offence to the Mental Health Court, the registrar must give written notice of the reference to—
 - (a) the registrar of the court before which the person is to appear for the offence; and
 - (b) the prosecuting authority.

Note—

For who may make the reference, see sections 62, 240, 247 and 257.

- (1A) The director may give written notice of the reference to a victim of the alleged offence to which the reference relates.
- (2) Within 7 days after the reference is made, the registrar must give written notice of the reference to the other parties to the proceeding for the reference.

265 Documents to be disclosed

- (1) Each party to the proceeding must give the registrar a copy of any expert's report the party has relating to the matters to be decided by the Mental Health Court.
- (2) Subsection (1) applies even if giving the report would disclose matter detrimental to the case of the person the subject of the reference.

266 Notice of hearing

 - (a) the parties to the proceeding;
 - (b) if the person the subject of the reference is an involuntary patient—the administrator of the patient's treating health service;

Note—

For constitution of Mental Health Court, see section 382.

- (2) This section has effect subject to sections 268 and 269.

268 Reasonable doubt person committed offence

- (1) The Mental Health Court must not make a decision under section 267(1)(a) or (b) if the court is satisfied there is reasonable doubt the person committed the alleged offence (the *disputed offence*).
- (2) However, the court may make a decision under section 267(1)(a) or (b) if the doubt the person committed the disputed offence exists only as a consequence of the person's mental condition.
- (3) If elements of the disputed offence are elements of another offence (the *alternative offence*), subsection (1) does not prevent the court from making a decision under section 267(1)(a) for the alternative offence.

Example for application of subsection (3)—

If the disputed offence is attempted murder, the court may make a decision in relation to the alternative offence of grievous bodily harm if the alternative offence is not disputed.

- (4) If the court decides the person was of unsound mind when the alternative offence was committed proceedings against the person for the disputed offence are discontinued.

269 Dispute relating to substantially material fact

- (1) The Mental Health Court must not make a decision under section 267(1)(a) or (b) if the court is satisfied a fact that is substantially material to the opinion of an expert witness is so in dispute it would be unsafe to make the decision.
- (2) Without limiting subsection (1), a substantially material fact may be—
 - (a) something that happened before, at the same time as, or after the alleged offence was committed; or
 - (b) something about the person’s past or present medical or psychiatric treatment.

- (1) The Mental Health Court must decide whether the person is fit for trial if—
 - (a) the court decides the person was not of unsound mind; or
 - (b) under section 268 or 269, the court must not decide whether the person was of unsound mind when the alleged offence was committed.
- (2) Subsection (1) does not apply if, under section 268(4), proceedings against the person for the alleged offence are discontinued.

271 Mental Health Court to decide whether unfitness for trial is permanent

If the Mental Health Court decides the person is unfit for trial, the court must also decide whether the unfitness for trial is of a permanent nature.

Division 3 Provisions about continuing proceedings

Subdivision 1 Orders about continuing proceedings and custody

272 When Mental Health Court to order proceedings to continue

If the Mental Health Court decides a person alleged to have committed an offence is fit for trial, the court must order that proceedings against the person for the offence be continued according to law.

273 Orders about custody

 - (a) the person be remanded in custody or bail be granted or enlarged under the *Bail Act 1980* for the person; or
 - (b) the person be detained in a stated authorised mental health service until—
 - (i) the person is granted bail under the *Bail Act 1980*; or
