Mitsubishi Development Pty Ltd may likewise transfer such benefits to Mitsubishi Shoji Kaisha or a subsidiary company of Mitsubishi Shoji Kaisha as a matter of right.
- (2) Subject to Part IIIA, any other transfer of benefits and obligations made hereunder to any other company or companies may be done only with approval of the Governor in

4

Council and on such terms and conditions as the Governor in Council may by Order in Council specify and in any such case the transferee may be made a party to this Agreement and this Agreement may be varied in accordance with Clause 5 of this Part.

- (3) An approval mentioned in subclause (2) of this Clause shall not be given unless it is established to the satisfaction of the Minister that such transferee is capable of carrying out the obligations so transferred and has sufficient funds available for the purpose.
- (4) Further, no transfer to another company in accordance with subclause (2) of this Clause shall be valid unless or until such company has been duly registered or is a recognised registered company under the laws relating to companies in the State.

**7B. Application of Financial Provisioning Act to proposed transfer requiring approval under Clause 7A**

- (2) If the proposed transfer would have required a Corresponding Application if the Special Coal Mining Lease had instead been a mining lease granted under The Coal Mining Acts—
  - (a) the proposed transfer is taken to be a changed holder event for each environmental authority for the Special Coal Mining Lease that would be affected if the proposed transfer occurred (“each relevant environmental authority”); and
  - (b) the proposed transferor and proposed transferee must make a written request to the Scheme Manager to make a changed holder review allocation for each relevant environmental authority under the Financial Provisioning Act, section 32, as if the proposed transfer had been completed, and the following provisions of the Financial Provisioning Act apply (with all necessary modifications)—

- (5) Any contribution to the Scheme Fund required to be paid, or surety required to be given, for each relevant environmental authority as a result of the Scheme Manager’s decision must be paid within one (1) month after the day the decision takes effect, and the proposed transfer cannot be completed for the purposes of the Act and this Agreement until the contribution is paid or the surety is given.

**2. Exit Application**

- (1) If the Companies wish to remove the relevant Special Coal Mining Lease from the operation of the Act and this Agreement, but do not wish to change the proportions in which the Companies hold interests in the Special Coal Mining Lease, the Companies may give the Minister written notice requesting the removal of the relevant Special Coal Mining Lease (“**Exit Application**”).

6

- (2) In deciding the Exit Application, the Minister must act reasonably having regard to—
  - (a) the legitimate commercial and operational objectives of the Companies;
  - (b) the interests of the State as a party to this Agreement; and
  - (c) the public interest in relation to the regulation of coal mining in Queensland.
- (3) However, the Minister must not approve the Exit Application unless the Minister is satisfied that the Companies hold all necessary tenures, grants, permits, licences and other statutory authorities that the holder of a coal mining lease granted under The Coal Mining Acts is required under Queensland law to hold to carry out mining activities on the area of the relevant Special Coal Mining Lease as at the date of removal from the operation of the Act and this Agreement.
- (4) If the Minister is not satisfied of the matters stated in subclause (3) of this Clause, the Minister must give the Companies a written notice—
  - (a) stating the requirements (“**completion requirements**”) the Companies must complete in order for the Minister to be satisfied of those matters; and
  - (b) asking the Companies to give the Minister a written notice stating the period of time (“**nominated period**”) within which the Companies reasonably consider they can satisfy the completion requirements.
- (5) If the Companies receive written notice from the Minister under subclause (4) of this Clause and the Companies do not satisfy the completion requirements within the nominated period (or a longer period agreed between the Minister and the Companies), the Minister must refuse the Exit Application.
- (6) Subject to subclause (5) of this Clause, the Minister must decide the Exit Application—
  - (a) if the Minister gives the Companies written notice under subclause (4) of this Clause and the Companies satisfy the completion requirements within the nominated period (or a longer period agreed between the Minister and the Companies)—within three (3) months after the end of the nominated period or longer period agreed; or
  - (b) otherwise—within four (4) months after the Minister receives the Exit Application.
- (7) Within one (1) week after deciding the Exit Application, the Minister must give the Companies a written notice stating the Minister’s decision.

**3. Transfer and Exit Application**

- (1) This Clause applies if—
- (a) the Companies wish to remove the relevant Special Coal Mining Lease from the operation of the Act and this Agreement; and
  - (b) one or more of the Companies that is the holder, or are the holders, of the relevant Special Coal Mining Lease (“**relevant holder**”) wishes to transfer all or part of the relevant holder’s rights and interests in the relevant Special Coal Mining Lease to—
    - (i) one or more of the Companies;
    - (ii) a company or companies registered under the *Corporations Act 2001* (Cth) that is not one of the Companies (each, “**Another Company**”); or
    - (iii) combination of one or more of the Companies and Another Company, (each, a “**proposed transferee**”).
- (2) The Companies may give the Minister a written notice (“**Transfer and Exit Application**”) that—
- (a) is in substantially the same form, and accompanied by substantially the same information, (with all necessary modifications) as a Corresponding Application; and
  - (b) states—
    - (i) the identity of each proposed transferee; and
    - (ii) the extent of the rights and interests in the relevant Special Coal Mining Lease proposed to be transferred to each proposed transferee.
- (3) In deciding the proposed removal of a Special Coal Mining Lease from the operation of the Act and this Agreement under the Transfer and Exit Application, the Minister must act reasonably having regard to—
- (a) the legitimate commercial and operational objectives of the Companies;
  - (b) the interests of the State as a party to this Agreement; and
  - (c) the public interest in relation to the regulation of coal mining in Queensland.

- (4) In addition, for deciding the proposed transfer under the Transfer and Exit Application, the provisions of the MERCPC Act relating to the transfer of a mining lease, or an interest in a mining lease, other than section 23, are taken to apply (with all necessary modifications) as though—
- (a) the relevant Special Coal Mining Lease were instead a mining lease granted and administered under The Coal Mining Acts; and
  - (b) the Transfer and Exit Application related to a transfer of a mining lease, or an interest in a mining lease, under the MERCPC Act.
- (5) If the proposed transfer would have required a Corresponding Application if the Special Coal Mining Lease had instead been a mining lease granted under The Coal Mining Acts—
- (a) the making of a Transfer and Exit Application is taken to be a changed holder event for each environmental authority for the relevant Special Coal Mining Lease that would be affected if the proposed transfer occurred (“**each relevant environmental authority**”); and
  - (b) the Scheme Manager must—
    - (i) review the risk category to which each relevant environmental authority is allocated (“**Changed Holder Review**”); and
    - (ii) decide to confirm or change the risk category to which each relevant environmental authority is allocated (“**Changed Holder Decision**”).
- (6) The following provisions of the Financial Provisioning Act apply (with all necessary modifications) to the Changed Holder Review and the Changed Holder Decision—
- (a) sections 32 and 34;
  - (b) part 3, division 1, subdivision 4;
  - (c) part 3, division 2; and
  - (d) parts 3B, 4 and 5.
- (7) As soon as reasonably practicable after making the Changed Holder Decision for each relevant environmental authority, the Scheme Manager—
- (a) must give the proposed transferee written notice of the Changed Holder Decision; and

- (b) if the proposed transferee consents—may give the proposed transferor written notice of the Changed Holder Decision.
- (8) The Changed Holder Decision takes effect on the day the proposed transferee receives the notice mentioned in subclause (7)(a) of this Clause.
- (9) The Transfer and Exit Application cannot be approved until any contribution to the Scheme Fund required to be paid, or surety required to be given, for each relevant environmental authority as a result of the Changed Holder Decision, has been paid or given.

**4. Indicative Approval of Transfer and Exit Application**

- (1) This Clause applies if the Companies propose to make a Transfer and Exit Application for the relevant Special Coal Mining Lease under Clause 3 of this Part IIIA (“**Proposed Transfer and Exit Application**”).
- (2) Before making the Proposed Transfer and Exit Application, the Companies may apply to the Minister for an indication of (an “**Indicative Approval**”)—
  - (a) whether the Minister is likely to approve the Proposed Transfer and Exit Application; and
  - (b) what, if any, conditions are likely to be imposed by the Minister.
- (3) If an application for Indicative Approval is made under subclause (2) of this Clause, the Minister must decide to either refuse to give the Indicative Approval or give the Indicative Approval with or without conditions.
- (4) If the proposed transfer under the Proposed Transfer and Exit Application would have required a Corresponding Application if the relevant Special Coal Mining Lease had instead been a mining lease granted under The Coal Mining Acts—
  - (a) the application for Indicative Approval is taken to be a proposed changed holder event for the Financial Provisioning Act, section 33, in relation to each environmental authority for the relevant Special Coal Mining Lease that would be affected if the proposed transfer occurred (“**each relevant environmental authority**”);
  - (b) the Companies must make an application under the Financial Provisioning Act, section 33, for a changed holder review allocation for each relevant environmental authority (“**Proposed Changed Holder Review Allocation**”);

10

- (c) for deciding the application for the Proposed Changed Holder Review Allocation, the Financial Provisioning Act, section 34, applies (with all necessary modifications); and
  - (d) the Financial Provisioning Act, sections 76F and 76G, apply to the Scheme Manager's decision for the Proposed Changed Holder Review Allocation as though it were a changed holder review allocation under the Financial Provisioning Act, section 32(2)(b).
- (5) If—
- (a) an Indicative Approval given under subclause (3) of this Clause indicates the Minister will approve the Proposed Transfer and Exit Application; and
  - (b) within 6 months from the day the Indicative Approval was given, the Companies make a Transfer and Exit Application,
- then, subject to subclause (6) of this Clause—
- (c) the Minister must approve the Transfer and Exit Application in accordance with the Indicative Approval unless—
    - (i) the proposed transferee is not eligible to be a resource authority holder under the MERCPC Act or The Coal Mining Acts;
    - (ii) the application for the Indicative Approval contained incorrect material information or omitted material information and, had the Minister been aware of the discrepancy, the Minister would not have given the Indicative Approval; or
    - (iii) preconditions for the Indicative Approval have not been complied with; and
  - (d) the Scheme Manager must decide to allocate each relevant environmental authority for the relevant Special Coal Mining Lease to the risk category indicated in the notice of decision for the Proposed Changed Holder Review Allocation if—
    - (i) the Companies did not make any submissions under the Financial Provisioning Act, section 34, in response to the notice of indicative decision; or
    - (ii) the Companies have given a notice to the Scheme Manager under the Financial Provisioning Act, section 34(1)(e)(ii).

- (6) If neither of the matters mentioned in subclause (5)(d)(i) or (ii) of this Clause has occurred when the Companies make the Transfer and Exit Application, the process described in Clauses 3(5) to (9) of this Part IIIA applies.

**5. Relationship between Part IIIA and the Water Act, chapter 8, part 3C, division 3**

- (1) If an Exit Application, or a Transfer and Exit Application, is made, the Companies may not, while the Exit Application, or the Transfer and Exit Application, is being decided, make a request or enter into an agreement under the Water Act, chapter 8, part 3C, division 3, to replace water rights in relation to the relevant Special Coal Mining Lease.
- (2) To avoid doubt, subclause (1) of this Clause does not affect any right of one or more of the Companies under the Water Act, chapter 8, part 3C, division 3, to make a request or enter into an agreement to replace the water rights under Part VII of this Agreement at any time other than while an Exit Application, or a Transfer and Exit Application, is being decided.

**6. Consequences of approval of Exit Application or Transfer and Exit Application**

- (1) If the Minister approves an Exit Application or a Transfer and Exit Application under this Part IIIA—
- (a) the relevant Special Coal Mining Lease immediately ceases to be a Special Coal Mining Lease and becomes a Removed Lease;
  - (b) the provisions of the Act and this Agreement (including the water rights described in Part VII of this Agreement) immediately cease to apply to the Removed Lease; and
  - (c) the Removed Lease—
    - (i) is taken for all purposes to be a mining lease granted under The Coal Mining Acts; and
    - (ii) will from that time forward be administered under The Coal Mining Acts.
- (2) To avoid doubt—
- (a) a Removed Lease has the same grant and commencement dates that it had before it ceased to be a Special Coal Mining Lease; and
  - (b) the removal of a Special Coal Mining Lease from the operation of the Act and this Agreement does not affect the rights and interests of the Companies under

the Act and this Agreement in relation to the remaining Special Coal Mining Leases.

**Part 4** **Amendment of Land Act 1994** 1

**Clause 8** **Act amended** 2

This part amends the *Land Act 1994*. 3

*Note—* 4

See also the amendments in schedule 1. 5

**Clause 9** **Amendment of s 8 (Definitions for pt 4)** 6

Section 8, definition *right line tidal boundary*, from ‘land that’— 7  
8

*omit, insert—* 9

land that— 10

(a) is located approximately where a tidal boundary might otherwise be located; or 11  
12

*Example—* 13

The boundaries of a lot include a tidal boundary. 14  
Because of difficulties arising in relation to the 15  
location at law of the tidal boundary, or for some 16  
other reason, the registered owner of the lot agrees 17  
to surrender the lot to the State. The lot is 18  
resurveyed, and a new deed of grant is issued for 19  
the lot, but without the tidal boundary. The deed of 20  
grant and associated plan of survey now provide 21  
for a right line boundary in a location that is the 22  
approximate location of the previous tidal 23  
boundary. 24

(b) adjoins land that is, whether permanently or 25  
from time to time, covered by tidal water. 26

**Clause 10** **Amendment of s 9 (Land adjacent to tidal boundary or right line tidal boundary owned by State)** 27  
28

(1) Section 9(6), ‘commencement of this section’— 29

*omit, insert—* 30

relevant commencement 31

- 
- (2) Section 9— 1  
*insert—* 2
- (7) For subsection (6), *relevant commencement* 3  
means— 4
- (a) in relation to a tidal boundary or right line 5  
tidal boundary under section 8, definition 6  
*right line tidal boundary*, paragraph 7  
(a)—the commencement of subsection (6); 8  
or 9
- (b) in relation to a right line tidal boundary 10  
under section 8, definition *right line tidal* 11  
*boundary*, paragraph (b)—the 12  
commencement of this subsection. 13

**Clause 11 Amendment of s 60 (Trustee permits) 14**

- (1) Section 60(2)— 15  
*omit, insert—* 16
- (2) A trustee permit must not be inconsistent with— 17
- (a) the purpose of the trust land; or 18
- (b) the requirements prescribed by regulation. 19
- (2A) Despite subsection (2)(a), a trustee permit may be 20  
inconsistent with the purpose of the trust land if— 21
- (a) a management plan for the trust land has 22  
been approved under section 48; and 23
- (b) the management plan— 24
- (i) identifies the potential impacts of the 25  
trustee permit being inconsistent with 26  
the purpose of the trust land; and 27
- (ii) states how the trustee permit being 28  
inconsistent with the purpose of the 29  
trust land would not diminish the 30  
purpose of the trust land. 31

- (2) Section 60(2A) to (4)— 1  
*renumber* as section 60(3) to (5). 2

that the land is for sale, in a way the mortgagee 6  
considers is reasonably likely to come to the 7  
attention of members of the public in the locality 8  
of the land. 9

*Examples of ways a notice may be published under 10  
subsection (3)*— 11

- displaying the notice on the land so the notice is 12  
conspicuous and easily visible to members of the 13  
public from a place other than the land 14
- publishing the notice in a newspaper circulating 15  
generally in the locality of the land 16
- publishing the notice in an online local newspaper 17  
for the locality of the land 18

**Clause 13 Amendment of s 98 (Closure of road)** 19

Section 98(2)— 20

*omit, insert*— 21

(2) The Minister may— 22

(a) permanently close the road without 23  
receiving an application under section 24  
99(1); or 25

(b) temporarily close the road without receiving 26  
an application under section 99(3). 27

**Clause 14 Amendment of s 130 (Transfer of lease for significant 28  
development)** 29

- (2) Section 130— 6
- insert—* 7
- (4) If the chief executive obtains an assessment under 8  
subsection (1), the lease must not be transferred to 9  
the transferee unless the Minister is satisfied, 10  
having regard to the assessment, about the 11  
transferee’s financial and managerial capabilities. 12

offer of a new lease under section 157B; or 22

(2) Section 156(1)(b)— 23

*omit, insert—* 24

(b) a renewal application made by the lessee is 25

(b) has not been superseded by a new plan of survey.	6 7
(2) The natural feature is taken to have been adopted in compliance with the directions and instructions applying to surveyors when the old plan of survey was prepared if—	8 9 10 11

(b) it is possible to describe the natural feature mentioned in paragraph (a).	20 21
(3) Subsection (2) does not apply in relation to directions or instructions applying to surveyors about—	22 23 24
