Division 3 Transitional Provision for Sustainable Planning Amendment Regulation (No. 7) 2013

45 Clearing of particular vegetation not assessable development

- (1) This section applies if a development approval for a material change of use or reconfiguring a lot is given for a development application—
 - (a) made after 4 October 2004 and before 1 July 2013 for which the chief executive administering the Vegetation Management Act is a concurrence agency for clearing vegetation; or

-
- (b) made from 1 July 2013 for which the chief executive is a concurrence agency for clearing vegetation.
 - (2) Clearing of vegetation under the approval is taken to be clearing under schedule 24, part 1, section 1(1).

9 Amendment of sch 3 (Assessable development, self-assessable development and type of assessment)

(1) Schedule 3, part 1, table 4, item 3, column 2, paragraph (a)—
omit, insert—

- (a) taking or interfering with water from a watercourse, lake or spring or from a dam constructed on a watercourse or lake, unless—
 - (i) the taking or interfering is permitted under the *Water Act 2000*, chapter 2, part 2, division 1A; or
 - (ii) the work is self-assessable development under part 2; or
 - (iii) the work involves the replacement of a pump if the capacity of the new pump to take water is no greater than the capacity of the existing pump; or
 - (iv) the work involves the installation of a pump to take water under a water entitlement if the water entitlement—
 - (A) is managed under a resource operations licence, an interim resource operations licence or a distribution operations licence granted under the *Water Act 2000*; or
 - (B) states the rate at which water may be taken; or

[s 9]

- (v) the interfering is authorised under a water licence and the work complies with the conditions of the licence; or
- (2) Schedule 3, part 1, table 4, item 10, column 2, paragraph (b)(i) and (ii)—
omit, insert—
 - (i) a material change of use for which the chief executive or the chief executive (environment) was a concurrence agency under schedule 7, table 3, item 21A; or
 - (ii) reconfiguring a lot for which the chief executive or the chief executive (environment) was a concurrence agency under schedule 7, table 2, item 43A; or
- (3) Schedule 3, part 2, table 4, item 1, column 2, paragraph (a) and (b)—
omit, insert—
 - (a) taking or interfering with water in a watercourse, lake or spring if the operations are mentioned as self-assessable development in a water resource plan or a wild river declaration, unless—
 - (i) the taking or interfering is permitted under the *Water Act 2000*, chapter 2, part 2, division 1A; or
 - (ii) the work involves the replacement of a pump if the capacity of the new pump to take water is no greater than the capacity of the existing pump; or
 - (iii) the work involves the installation of a pump to take water under a water entitlement if the water entitlement—
 - (A) is managed under a resource operations licence, an interim

resource operations licence or a distribution operations licence granted under the *Water Act 2000*; or

(B) states the rate at which water may be taken; or

(iv) the interfering is authorised under a water licence and the work complies with the conditions of the licence; or

(b) taking or interfering with—

(i) overland flow water, if the operations are mentioned as self-assessable development in a wild river declaration; or

(ii) subartesian water, if the operations are mentioned as self-assessable development in a water resource plan or a wild river declaration; or

(4) Schedule 3, part 2, table 4, item 1, column 2, paragraphs (c) to (e)—

renumber as schedule 3, part 2, table 4, item 1, column 2, paragraphs (b) to (d).

10 Amendment of sch 4 (Development that can not be declared to be development of a particular type—Act, section 232(2))

(1) Schedule 4, table 5, item 11(1)(j)—

omit.

(2) Schedule 4, table 5, item 12A(1)(j)—

omit.

11 Amendment of sch 5 (Applicable codes, laws, policies and prescribed matters for particular development)

- (1) Each item of schedule 5, part 1 listed in subsection (2) is amended by omitting column 2 and inserting—
- (a) if the chief executive is the assessment manager or a referral agency—the relevant provisions of the State development assessment provisions; and
 - (b) if an entity other than the chief executive is the assessment manager or a concurrence agency and the development is in a wild river area—any applicable code for the development mentioned in the wild river declaration for the wild river area
- (2) For subsection (1), the items are as follows—
- table 1, item 2
 - table 2, items 8 and 9
 - table 4, items 7 and 11.

Part 2 Clearing for particular land

2 Freehold land

For freehold land, clearing vegetation that is—

- (a) for a forest practice; or
- (b) residential clearing; or
- (c) necessary for essential management; or
- (d) in an area shown on the regulated vegetation management map or a PMAV as a category X area; or
- (e) for urban purposes in an urban area and the vegetation is—
 - (i) regulated regrowth vegetation; or

-
- (ii) an of concern regional ecosystem or a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV for the area as a category B area; or
 - (f) necessary for routine management in an area of the land and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV as a category B area; or
 - (g) in a priority development area; or
 - (h) under a self-assessable vegetation clearing code other than if the vegetation is in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (i) for development—
 - (i) that is for an extractive industry under the Vegetation Management Act, section 22A(3) in a key resource area; and
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other than in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (j) for development—
 - (i) that is a significant community project; and
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other than in an area shown on the regulated vegetation management map or a PMAV as a category A area.

3 Indigenous land

For indigenous land, clearing vegetation that is—

- (a) for a forest practice, other than on land on which the State owns the trees; or
- (b) residential clearing; or
- (c) necessary for essential management; or
- (d) in an area shown on the regulated vegetation management map or a PMAV as a category X area; or
- (e) for urban purposes in an urban area and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) an of concern regional ecosystem or a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV for the area as a category B area; or
- (f) necessary for routine management in an area of the land and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV as a category B area; or
- (g) gathering, digging or removing forest products—
 - (i) for the purpose of improving the land or for use under the *Aurukun and Mornington Shire Leases Act 1978*, section 28; or
 - (ii) for use under the *Aboriginal and Torres Strait Islander Communities (Justice, Land and Other Matters) Act 1984*, section 62; or

-
- (h) in a priority development area; or
 - (i) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (j) for development—
 - (i) that is for an extractive industry under the Vegetation Management Act, section 22A(3) in a key resource area;
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (k) for development—
 - (i) that is a significant community project; and
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other than in an area shown the regulated vegetation management map or on a PMAV as a category A area.

4 Land subject to a lease under the Land Act 1994

- (1) For land subject to a lease under the *Land Act 1994* for agriculture or grazing purposes, clearing vegetation that is—
 - (a) residential clearing; or
 - (b) necessary for essential management; or
 - (c) in an area shown on the regulated vegetation management map or a PMAV as a category X area; or

[s 15]

- (d) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (e) necessary for routine management in an area of the land and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV as a category B area; or
 - (f) for development—
 - (i) that is for an extractive industry under the Vegetation Management Act, section 22A(3) in a key resource area;
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other than in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (g) for development—
 - (i) that is a significant community project; and
 - (ii) to the extent it involves clearing regulated regrowth vegetation, other than in an area shown on the regulated vegetation management map or on a PMAV as a category A area.
- (2) For land subject to a lease under the *Land Act 1994* other than for agriculture or grazing purposes, clearing vegetation that is consistent with the purposes of the lease and is—
- (a) residential clearing; or
 - (b) necessary for essential management; or

-
- (c) in an area shown on the regulated vegetation management map or a PMAV as a category R area or category X area; or
 - (d) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area; or
 - (e) for urban purposes in an urban area and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) an of concern regional ecosystem or a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV for the area as a category B area; or
 - (f) necessary for routine management in an area of the land and the vegetation is—
 - (i) regulated regrowth vegetation; or
 - (ii) a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV as a category B area; or

5 Land that is a road under the *Land Act 1994*

For land that is a road under the *Land Act 1994*, clearing vegetation that is—

- (a) carried out, or authorised to be carried out, by a local government or the chief executive of the department in which the Transport Infrastructure Act is administered. and is—
 - (i) is necessary to construct or maintain road infrastructure or to source construction material for roads; or
 - (ii) is in an area shown on the regulated vegetation management map or a

[s 15]

- PMAV as a category R area or category X area; or
- (b) carried out by a local government to remove—
 - (i) declared pests in compliance with the local government’s pest management plan under the *Land Protection (Pest and Stock Route Management) Act 2002*; or
 - (ii) vegetation that is not native vegetation; or
 - (c) necessary to remove or reduce the imminent risk that the vegetation poses of serious personal injury or damage to infrastructure; or
 - (d) by fire under the *Fire and Rescue Service Act 1990* to reduce hazardous fuel load; or
 - (e) necessary to maintain infrastructure located on the road, other than fences; or
 - (f) necessary to maintain an existing boundary fence to the maximum width of 3m; or
 - (g) necessary for reasonable access to adjoining land from the existing formed road for a maximum width of 10m; or
 - (h) necessary to maintain an existing firebreak or garden located on the road; or
 - (i) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area.

6 Particular trust land under the *Land Act 1994*

- (1) This section applies to land that is trust land under the *Land Act 1994*, other than indigenous land.

-
- (2) Clearing vegetation that is carried out, or authorised to be carried out, by the trustee, is consistent with achieving the purpose of the trust, and is—
- (a) necessary for essential management; or
 - (b) in an area shown on the regulated vegetation management map or a PMAV as a category R area or category X area; or
 - (c) to remove—
 - (i) declared pests in compliance with the relevant pest management plan under the *Land Protection (Pest and Stock Route Management) Act 2002*; or
 - (ii) vegetation that is not native vegetation; or
 - (d) for urban purposes in an urban area and the vegetation is either of the following shown on the regulated vegetation management map or a PMAV for the area as a category B area—
 - (i) an of concern regional ecosystem;
 - (ii) a least concern regional ecosystem; or
 - (e) necessary for routine management in an area of the land and the vegetation is a least concern regional ecosystem shown on the regulated vegetation management map or a PMAV for the area as a category B area; or
 - (f) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area.

7 Unallocated State land under the *Land Act 1994*

For land that is unallocated State land under the *Land Act 1994*, clearing vegetation that is carried out, or authorised to be carried out, by the chief executive administering that Act and is—

- (a) necessary for essential management; or
- (b) to control declared pests or vegetation that is not native vegetation; or
- (c) in a priority development area; or
- (d) in an area shown on the regulated vegetation management map or a PMAV as a category R area or category X area; or
- (e) necessary for routine management in an area of the land and the vegetation is a least concern regional ecosystem shown on the regulated vegetation management map a PMAV for the area as a category B area; or
- (f) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area.

8 Land subject to a licence or permit under the *Land Act 1994*

For land that is subject to a licence or permit under the *Land Act 1994*, clearing vegetation that is carried out by the licensee or permittee and is—

- (a) necessary for essential management; or
- (b) in a priority development area; or
- (c) in an area shown on the regulated vegetation management map or a PMAV as a category R area or category X area; or

- (d) for urban purposes in an urban area and the vegetation is either of the following shown on the regulated vegetation management map or a PMAV for the area as a category B area—
 - (i) an of concern regional ecosystem;
 - (ii) a least concern regional ecosystem; or
- (e) necessary for routine management in an area of the land and the vegetation is a least concern regional ecosystem shown on the regulated vegetation management map a PMAV for the area as a category B area; or
- (f) under a self-assessable vegetation clearing code other than in an area shown on the regulated vegetation management map or a PMAV as a category A area.

16 Amendment of sch 26 (Dictionary)
