relevant departments means the departments of government administered by the shareholding Ministers for Stanwell.

transfer date means—

- (a) for the transfer schedule prepared by the relevant departments under section 11(1)—9 May 2019; or
- (b) for any other transfer schedule—the date fixed for the schedule under section 12.

5 **Transferring assets**

- (1) This section applies if, immediately before the transfer date for a transfer schedule, the transfer schedule identifies an asset of Stanwell.
- (2) The asset is transferred to the recipient entity for the asset on the transfer date.
- (3) Stanwell and the recipient entity must do all things necessary to enable the asset to be transferred to the recipient entity on the transfer date.
- (4) For the purpose of accounting—
 - (a) Stanwell must treat—
 - (i) the transfer of the asset to the recipient entity as a distribution to an owner that is to be considered as a redemption of contributed equity; and

- (ii) the value of the asset as being the value of the asset as recorded in the accounts of Stanwell for the day immediately before the transfer date; and
- (b) the recipient entity must treat—
 - (i) the transfer of the asset to the recipient entity as a contribution by an owner that is to be considered as an increase in contributed equity; and
 - (ii) the value of the asset as being the value of the asset as recorded in the accounts of Stanwell for the day immediately before the transfer date.

6 Transferring liabilities

- (1) This section applies to a liability of Stanwell, in existence immediately before the transfer date for a transfer schedule, to the extent the liability arose as a result of Stanwell—
 - (a) acquiring, owning or maintaining an interest in an asset identified, immediately before the transfer date, in the transfer schedule; or
 - (b) being party to an instrument identified, immediately before the transfer date, in the transfer schedule; or
 - (c) employing an employee identified, immediately before the transfer date, in the transfer schedule.
- (2) This section also applies to a liability of Stanwell if, immediately before the transfer date for a transfer schedule, the transfer schedule identifies the liability.
- (3) However, this section does not apply to a liability mentioned in subsection (1) or (2) to the extent that, immediately before the transfer date, the liability—
 - (a) has been discharged or otherwise satisfied; or
 - (b) is mentioned in an exclusion schedule.

Note—

See also section 10.

[s 7]

- (4) Stanwell is released from the liability, and the liability is assumed by the recipient entity for the liability, on the transfer date.
- (5) Stanwell and the recipient entity must do all things necessary to enable the liability to be assumed by the recipient entity on the transfer date.
- (6) For the purpose of accounting—
 - (a) Stanwell must treat—
 - (i) the assumption of the liability by the recipient entity as a contribution by an owner that is to be considered as an increase in contributed equity; and
 - (ii) the value of the liability as being the value of the liability as recorded in the accounts of Stanwell for the day immediately before the transfer date; and
 - (b) the recipient entity must treat—
 - (i) the assumption of the liability by the recipient entity as a distribution to an owner that is to be considered as a redemption of contributed equity; and
 - (ii) the value of the liability as being the value of the liability as recorded in the accounts of Stanwell for the day immediately before the transfer date.

7 Transferring instruments

- (1) This section applies if, immediately before the transfer date for a transfer schedule—
 - (a) the transfer schedule identifies an instrument relating to Stanwell; and
 - (b) the instrument is still in effect.
- (2) The instrument applies to the recipient entity for the instrument instead of Stanwell on and from the transfer date.

-
- (3) Stanwell, the recipient entity and any other party to the instrument must do all things necessary to enable the instrument to be applied to the recipient entity on and from the transfer date.
 - (4) Without limiting subsection (2), on and from the transfer date—
 - (a) any right, title or interest arising under or relating to the instrument is taken to be transferred from Stanwell to the recipient entity; and
 - (b) a benefit or right provided by the instrument, given to, by or in favour of Stanwell is taken to have been given to, by or in favour of the recipient entity; and
 - (c) the recipient entity is taken to be a party to the instrument instead of Stanwell; and
 - (d) a reference in the instrument to Stanwell is taken to be a reference to the recipient entity; and
 - (e) a reference in the instrument to the shareholding Ministers of Stanwell is taken to be a reference to the shareholding Ministers of CleanCo; and
 - (f) an amount that is, or may become, payable to or by Stanwell under the instrument is taken to be an amount that is, or may become, payable to or by the recipient entity in the way the amount was, or might have become, payable to or by Stanwell.
 - (5) However, nothing in this section imposes a liability on the recipient entity to the extent that—
 - (a) the liability has not been transferred to the recipient entity under section 6; or
 - (b) Stanwell is liable for the liability under section 10.

8 Transferring employees

- (3) Stanwell and the recipient entity must do all things necessary to enable the employee to become an employee of the recipient entity on and from the transfer date.
- (4) The transfer of the employee under subsection (2) does not—
 - (a) affect the employee's benefits, entitlements or remuneration; or
 - (b) prejudice the employee's existing or accruing rights to superannuation or recreation, sick, long service or other leave; or
 - (c) interrupt continuity of service, except that the employee is not entitled to claim the benefit of a right or entitlement more than once in relation to the same period of service; or
 - (d) constitute a termination of employment by Stanwell or a retrenchment or redundancy; or
 - (e) entitle the employee to a payment or other benefit because he or she is no longer employed by Stanwell; or

9 Successor in law and new liability

- (1) The recipient entity of an asset, liability or instrument transferred under this part is the successor in law of Stanwell in relation to the asset, liability or instrument.
