

Appropriation (Parliament) Bill 2025

Explanatory Notes

Short title

The short title of the Bill is the Appropriation (Parliament) Bill 2025.

Policy objectives and the reasons for them

Section 27(b) of the *Financial Accountability Act 2009* provides that, for each financial year, the Treasurer must present to the Legislative Assembly a Bill for a parliamentary Annual Appropriation Act.

Achievement of policy objectives

The Bill provides for:

- Appropriation for 2025–26 to fund the cost of providing the services, equity adjustment and administered items of the Legislative Assembly and parliamentary service in that year; and
- Supply for 2026–27 to allow the normal operations of the Legislative Assembly and parliamentary service to continue until the 2026–27 Appropriation (Parliament) Bill receives assent.

There is no unforeseen expenditure included in this Bill.

Any supplementary appropriation for 2024–25, identified following the completion of annual financial statements, will be included in a separate appropriation bill.

Alternative ways of achieving policy objectives

The policy objectives can only be achieved by legislation.

Estimated cost for government implementation

The Bill will provide appropriation for the Legislative Assembly and parliamentary service for the 2025–26 financial year and interim supply for 2026–27 until the 2026–27 Appropriation (Parliament) Bill receives assent.

The administrative cost to government to implement the Bill will be met from existing Queensland Parliamentary Service budget allocation as it is considered a fundamental role of the Queensland Parliamentary Service.

Consistency with fundamental legislative principles

The Bill is consistent with fundamental legislative principles.

Consultation

Consultation has been undertaken with the Speaker in determining the appropriation requirements of the Legislative Assembly and the parliamentary service.

Consistency with legislation of other jurisdictions

The Bill is specific to the State of Queensland and is not complementary to legislation of the Commonwealth or another state.

Accountable Officers may apply the total of funds received from the Treasurer for departmental services across the individual services of the department.

Under section 33 of the *Financial Accountability Act 2009*, the Treasurer may pay a department's appropriation in amounts different to those set out in the Annual Appropriation Act, provided that the total vote amount is not exceeded. If the Treasurer considers there is a surplus in one or more of the headings of a department for a financial year and a deficiency in another heading or headings of that department, the Treasurer may allocate an amount to one or more of the headings that are deficient from the heading or headings in surplus.
