‘Division 2—Assessing development applications

‘Assessing application

‘60ZA.(1) The administering authority must assess the development application against the criteria mentioned in section 44 (other than paragraph (b)(iii) and (iv) for deciding an application for an environmental authority as if it were an application for a part 4 environmental authority.

‘(2) However, the stated procedures mentioned in section 44(a)(i) apply only so far as they are not inconsistent with a time allowed or required for doing anything under chapter 3 of the Integrated Planning Act.

‘(3) To remove any doubt it is declared that subsection (1) applies only so far as it relates to the environmentally relevant activity.

‘(4) Subsection (1) does not limit section 3.3.15 or chapter 3, part 5, division 2, of the Integrated Planning Act.²²

²² Under section 3.3.15 of the Integrated Planning Act, the administering authority as a referral agency for the application must, among other things, assess the part of the application against the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the authority. Similar provision is made under chapter 3, part 5, division 2, of the Integrated Planning Act for assessment of the application by the assessment manager.

‘60ZD.(1) This section applies if—	14
(a) the development application is made by the holder of a part 4 environmental authority (other than an environmental authority issued under section 61) to carry out an environmentally relevant activity; and	15 16 17 18
(b) a development approval is issued to the holder for carrying out the activity.	19 20
‘(2) The administering authority must cancel the part 4 environmental authority.	21 22
‘(3) The cancellation of the part 4 environmental authority takes effect	23

²³ Under section 3.3.18 of the Integrated Planning Act, a concurrence agency’s response may, within the limits of its jurisdiction, require conditions be attached to the approval. Further, under section 3.3.19 of the Integrated Planning Act, an advice agency’s response may, within the limits of its jurisdiction, recommend the conditions that should attach to the approval.

²⁴ Under section 3.5.30 of the Integrated Planning Act, conditions of a development approval must be relevant or reasonable.

‘(4) If the part 4 environmental authority is a licence or level 1 approval and, on application of the holder, the administering authority issues the holder a part 4A environmental authority for carrying out the activity, the part 4A environmental authority takes effect when the development approval takes effect.	2 3 4 5 6
‘Issue of single environmental authority on issue of development approval	7 8
