schedule 3, definition *agreement* 6

Background

The broad basis for the establishment of a management8scheme for the Wet Tropics of Queensland World Heritage9Area was the Agreement signed by the Prime Minister and the10Premier of Queensland in November 1990. This Agreement11sets out broad structural and funding arrangements for the12management scheme.13

The Wet Tropics World Heritage Protection and Management14Act 1993 (Queensland) was subsequently developed in close15cooperation with the Commonwealth and commenced (with16the exception of ss.56 and 57) on 1 November 1993.17Complementary Commonwealth legislation, Wet Tropics of18Queensland World Heritage Area Conservation Act 199419(Commonwealth) commenced on 15 March 1994.20

Apart from the development of legislation, a number of other21changes necessitate updating of the original Agreement.22These include changes to public service arrangements in23Queensland, practical arrangements which have evolved in24relation to the management of the Area and the expiry of the25three year period to which some of the initial funding26arrangements applied.27

As the original Agreement forms a schedule to the 28 Queensland Act, and is referred to in the Commonwealth Act, 29 it is important that it be updated to reflect both practical and 30 statutory realities. 31

Primary G	oal	1
	To provide for the implementation of Australia's international duty for the protection, conservation, presentation, rehabilitation and transmission to future generations of the Wet Tropics of Queensland World Heritage Area within the meaning of the World Heritage Convention.	2 3 4 5 6

	The joint Ministerial Council will comprise four members, with two members each nominated by the Commonwealth and Queensland. The Ministerial Council will be chaired by the Minister administering the Queensland Act (a Queensland Minister).	19 20 21 22 23
	The Executive Director of the Wet Tropics Management Authority will be Secretary to the Ministerial Council.	24 25
	A quorum shall be one Minister from each Government and the Council will meet at least once a year.	26 27
	The Ministerial Council's function shall be to co-ordinate policy and funding for the Wet Tropics of Queensland between the Commonwealth and Queensland Governments at a Ministerial level and, where appropriate, to liaise with the Management Authority and the Board of Directors.	28 29 30 31 32

	(c) carrying out excavation works; or	14
•	destroying a forest product unless exempted under a regulation.	15 16

Legislative Arrangements

The management scheme will be based on the Queensland Act and the Commonwealth Act. 19

This Agreement is scheduled to the Queensland Act and 20 referred to in the Commonwealth Act. To remove any doubt, 21 the Agreement referred to in each of these Acts is the 22 currently most up-to-date version of this Agreement, 23 notwithstanding any reference in either Act specifically to the 24 original Agreement. 25

Review of Management Arrangements

The Ministerial Council may conduct reviews at three yearly 27 intervals (or such other period as it deems appropriate) of the 28 effectiveness of the management scheme and this Agreement 29 in meeting the primary goal. The Ministerial Council may 30 agree on changes to the scheme or this Agreement to improve 31 their effectiveness. 32

17

18

In conducting any such reviews, the Ministerial Council will 1 have particular regard to-2 progress in the development and implementation of any 3 statutory management plans; 4 land tenure issues; and • 5 other relevant matters drawn to its attention by the 6 Authority and the principal land-holders. 7 **Funding Arrangements** 8 Funding arrangements will continue under an exchange of 9 letters by the State and Commonwealth Environment Ministers until such time that the new Financial Agreement 11 has been signed by those Ministers.
