A *biosecurity risk* is a risk of any adverse effect on a *biosecurity consideration* caused by, or likely to be caused by—

---

(a)	biosecurity matter; or	1
(b)	dealing with biosecurity matter or a carrier; or	2
(c)	carrying out an activity relating to biosecurity matter or a carrier.	3 4
<b>17</b>	<b>What is a <i>carrier</i></b>	5
(1)	A <i>carrier</i> is any animal or plant, or part of any animal or plant, or any other thing—	6 7
(a)	capable of moving biosecurity matter attached to, or contained in, the animal, plant or other thing from a place to another place; or	8 9 10
(b)	containing biosecurity matter that may attach to or enter another animal or plant, or part of another animal or plant, or another thing.	11 12 13
(2)	In this section—	14
	<i>thing</i> —	15
(a)	means a thing, whether alive, dead or inanimate; and	16
(b)	includes a human.	17
<b>18</b>	<b>What is a <i>contaminant</i></b>	18
(1)	A <i>contaminant</i> is anything that may be harmful to animal or plant health or pose a risk of any adverse effect on a biosecurity consideration.	19 20 21
(2)	The presence of a <i>contaminant</i> in a carrier may be harmful to any animal or plant, or part of an animal or plant, that the carrier attaches to or enters.	22 23 24
(3)	The presence of a contaminant in a carrier may be caused by—	25 26
(a)	manufacturing, packaging, packing, preparing, processing, producing, storing, treating or transporting the carrier; or	27 28 29

[s 19]

---

	(b) environmental contamination of the carrier.	1
	<i>Examples of a contaminant—</i>	2
	• pathogenic bacteria in irrigation water	3
	• environmental contaminants, including dioxins and residual organochlorine pesticides and nanoparticles	4 5
	• heavy metals in fertilisers and animal feed	6
	• waste from industrial and mining activities, including waste containing asbestos, heavy metals or radioactive material	7 8
	• weed seeds	9
<b>19</b>	<b>What is <i>prohibited matter</i></b>	10
	<i>Prohibited matter</i> is biosecurity matter that, for the time being, is established as prohibited matter under chapter 2.	11 12
<b>20</b>	<b>Prohibited matter criteria</b>	13
	Biosecurity matter satisfies the prohibited matter criteria if—	14
	(a) the biosecurity matter is not currently present or known to be present in the State; and	15 16
	(b) there are reasonable grounds to believe that if it did enter the State or part of the State the biosecurity matter may have a significant adverse effect on a biosecurity consideration.	17 18 19 20
	<i>Example of significant adverse effect on a biosecurity consideration—</i>	21
	The entry of particular biosecurity matter into the State may have a significant adverse effect on the economy if, for the purposes of trade in or market access for a product, there were to be imposed a requirement to prove that the product is free from the biosecurity matter.	22 23 24 25
<b>21</b>	<b>What is <i>restricted matter</i></b>	26
	(1) <i>Restricted matter</i> is biosecurity matter that, for the time being, is established as restricted matter under chapter 2.	27 28

---

(2)	Restricted matter has the category number or numbers assigned to it in schedule 2 or in the restricted matter regulation that, under chapter 2, provides for its establishment as restricted matter.	1 2 3 4
(3)	A reference in this Act to restricted matter of a particular category number is a reference to restricted matter that is assigned that category number in schedule 2 or the restricted matter regulation.	5 6 7 8
<b>22</b>	<b>Restricted matter criteria</b>	9
	Biosecurity matter satisfies the restricted matter criteria if—	10
(a)	the biosecurity matter is currently present in the State; and	11 12
(b)	there are reasonable grounds to believe that, if restrictions under this Act are not imposed on the biosecurity matter to reduce, control or contain it, it may have an adverse effect on a biosecurity consideration.	13 14 15 16
<b>Chapter 2</b>	<b>Significant obligations and offences</b>	17 18
<b>Part 1</b>	<b>General biosecurity obligation</b>	19
<b>23</b>	<b>What is a <i>general biosecurity obligation</i></b>	20
(1)	This section applies to a person who deals with biosecurity matter or a carrier, or carries out an activity, if the person knows or ought reasonably to know that the biosecurity matter, carrier or activity poses or is likely to pose a biosecurity risk.	21 22 23 24 25

[s 23]

---

- (2) The person has an obligation (a ***general biosecurity obligation***) to take all reasonable and practical measures to prevent or minimise the biosecurity risk. 1  
2  
3
- (3) Also, the person has an obligation (also a ***general biosecurity obligation***)— 4  
5
- (a) to prevent or minimise adverse effects on a biosecurity consideration of the person’s dealing with the biosecurity matter or carrier or carrying out the activity; and 6  
7  
8  
9
- (b) to minimise the likelihood of causing a biosecurity event, or to limit the consequences of a biosecurity event caused, by dealing with the biosecurity matter or carrier or carrying out the activity; and 10  
11  
12  
13
- (c) not to do or omit to do something if the person knows or ought reasonably to know that doing or omitting to do the thing may exacerbate the adverse effects, or potential adverse effects, of the biosecurity matter, carrier or activity on a biosecurity consideration. 14  
15  
16  
17  
18
- Examples of things that may exacerbate the adverse effects, or potential adverse effects, of biosecurity matter, a carrier or an activity—* 19  
20
- failing to isolate an infected animal from a herd 21
  - failing to wash footwear before leaving a property on which anthrax is present 22  
23
  - inappropriately disposing of leaf litter containing a plant virus or disease 24  
25
  - failing to take reasonable steps to reduce contaminants in plants and animals, including, for example, by allowing designated animals (not including bees) to graze on land contaminated with heavy metals or by using water that may contain a contaminant to irrigate crops 26  
27  
28  
29  
30
  - failing to manage the impact of invasive plants and animals on a person’s land 31

<b>24</b>	<b>General biosecurity obligation offence provision</b>	1
(1)	A person on whom a general biosecurity obligation is imposed must discharge the obligation.	2 3
	Maximum penalty—	4
(a)	if the offence is an aggravated offence—3000 penalty units or 3 years imprisonment; or	5 6
(b)	if the offence is not an aggravated offence—	7
(i)	for a breach in relation to prohibited matter—1000 penalty units or 1 year’s imprisonment; or	8 9
(ii)	for a breach in relation to restricted matter—750 penalty units or 6 months imprisonment; or	10 11
(iii)	otherwise—500 penalty units.	12
(2)	If the offence is not an aggravated offence, it is a defence for the person to show that the person had a reasonable excuse for failing to discharge the obligation.	13 14 15
<b>25</b>	<b>Effect of regulation for discharge of general biosecurity obligation</b>	16 17
(1)	This section applies if a provision of a regulation ( <i>regulation provision</i> ) is identified in the regulation as a provision that prescribes a way of discharging a person’s general biosecurity obligation.	18 19 20 21
(2)	Unless otherwise stated in the regulation, the regulation provision does not prescribe all that a person to whom the provision applies must do, or must not do, to discharge the person’s general biosecurity obligation.	22 23 24 25
(3)	However, for applying the general biosecurity obligation offence provision, the person fails to discharge the general biosecurity obligation if the person contravenes the regulation provision.	26 27 28 29

[s 26]

---

<b>26</b>	<b>Effect of code of practice for discharge of general biosecurity obligation</b>	1 2
(1)	This section applies if a code of practice states a way of discharging a person’s general biosecurity obligation.	3 4
(2)	Unless otherwise stated in the code of practice, the code of practice does not state all that a person to whom the code of practice applies must do, or must not do, to discharge the person’s general biosecurity obligation.	5 6 7 8
(3)	However, for applying the general biosecurity obligation offence provision, the person fails to discharge the general biosecurity obligation if the person—	9 10 11
(a)	contravenes, or otherwise acts inconsistently with, the code of practice; and	12 13
(b)	does not follow a way that is as effective as, or more effective than, the code of practice for discharging the general biosecurity obligation.	14 15 16
(4)	Also, for applying the general biosecurity obligation offence provision, if a regulation requires a person to comply with the whole or a stated part of a code of practice to discharge the person’s biosecurity obligation, the person fails to discharge the general biosecurity obligation if the person contravenes, or otherwise acts inconsistently with, the code of practice or stated part.	17 18 19 20 21 22 23
<b>27</b>	<b>Aggravated offences—significant damage to health and safety of people or to the economy or environment</b>	24 25
(1)	An offence is an <i>aggravated offence</i> if the commission of the offence causes significant damage, or is likely to cause significant damage, to the health and safety of people or to the economy or the environment.	26 27 28 29
(2)	To prove an aggravated offence, the prosecution must prove that the person who committed the offence—	30 31

- 
- (a) intended the person's conduct to cause significant damage to the health and safety of people or to the economy or the environment; or
  - (b) was reckless as to whether the conduct would cause significant damage to the health and safety of people or to the economy or the environment.

## **28 Defence of due diligence**

- (1) In a proceeding for an offence against the general biosecurity obligation offence provision, it is a defence for a person to prove that the person took all reasonable precautions and exercised proper diligence to prevent the commission of the offence by the person or by another person under the person's control.
- (2) Without limiting the ways in which a person proves the matter stated in subsection (1), a person proves the matter if the person proves that—
  - (a) the conduct alleged to constitute the offence was due to—
    - (i) an act or default of another person; or
    - (ii) reliance on information supplied by another person; and
  - (b) the person made all reasonable enquiries about—
    - (i) whether any animal, plant or other thing was the carrier of prohibited matter or restricted matter the subject of the offence alleged; and
    - (ii) any necessary treatments that may be required for any carrier of any biosecurity matter to rid the carrier of the biosecurity matter; and
  - (c) any of the following applied—
    - (i) the person carried out all checks on the health of any biosecurity matter or carrier of any biosecurity matter as were reasonable in all the circumstances;

[s 28]

---

- (ii) if another person carried out checks on the health of any biosecurity matter or carrier of any biosecurity matter, it was reasonable in all the circumstances to rely on the checks carried out by the other person;
- Example—*  
checks carried out by a veterinary surgeon
- (iii) it was reasonable in all the circumstances to rely on checks carried out by another person who supplied any biosecurity matter or carrier of any biosecurity matter to the person; and
- (d) the person took the precautions that were reasonable in all the circumstances to prevent the spread of any biosecurity matter.
- (3) Also, without limiting the ways in which a person proves the matter stated in subsection (1) or (2)(c)(i), a person proves the matter if the person proves that—
- (a) if a regulation prescribes a way in which a person’s general biosecurity obligation can be discharged to prevent or minimise a biosecurity risk posed by the relevant biosecurity matter or carrier of the biosecurity matter—the person followed the prescribed way; or
- (b) if a code of practice states a way in which a person’s general biosecurity obligation can be discharged to prevent or minimise a biosecurity risk posed by the relevant biosecurity matter or carrier of the biosecurity matter—the person adopted and followed the stated way.
- (4) This section is not intended to exclude the operation of the Criminal Code, section 24.
- (5) In subsection (2)(a) and (c)—
- another person*** does not include a following person—
- (a) an employee or agent of the defendant;

---

(b)	in the case of a defendant that is a body corporate, a director, employee or agent of the defendant.	1 2

(b)	prompt action is required to declare the biosecurity matter to be prohibited matter.	25 26

[s 31]

---

(3)	The Minister may recommend to the Governor in Council the making of a regulation under subsection (1)(b) only if the Minister is satisfied that—	1 2 3
(a)	1 or more of the following applies—	4
(i)	the biosecurity matter is no longer contained and can not be eradicated;	5 6
(ii)	the biosecurity matter has spread and is in a large area of the State;	7 8
(iii)	the rate of spread of the biosecurity matter means that it is likely to spread over a large area of the State;	9 10 11
(iv)	for some other reason, it is no longer practical, or it is otherwise no longer appropriate, for the biosecurity matter to be subject to the provisions of this Act relating to prohibited matter; and	12 13 14 15
(b)	prompt action is required to declare the biosecurity matter not to be prohibited matter.	16 17
(4)	A prohibited matter regulation that declares biosecurity matter mentioned in schedule 1 no longer to be prohibited matter may also declare the biosecurity matter to be restricted matter.	18 19 20
<b>31</b>	<b>Chief executive may make emergency prohibited matter declaration</b>	21 22
(1)	The chief executive may, by notice signed by the chief executive (an <i>emergency prohibited matter declaration</i> )—	23 24

(i)	biosecurity matter not mentioned in schedule 1;	26
(ii)	biosecurity matter declared under a prohibited matter regulation no longer to be prohibited matter;	27 28
	or	29
	<i>Note—</i>	30
	Subsection (1)(a)(ii) allows biosecurity matter that is included in schedule 1, but that a prohibited matter	31 32

to be urgently re-established as prohibited matter. 2
- (b) declare that particular biosecurity matter mentioned in 3

executive is satisfied that— 9
- (a) the biosecurity matter satisfies the prohibited matter 10  
criteria as provided for in section 20; and 11
- (b) urgent action is required to declare the biosecurity 12  
matter to be prohibited matter. 13
- (3) The chief executive may make an emergency prohibited 14

- (b) urgent action is required to declare the biosecurity 29  
matter not to be prohibited matter. 30
- (4) The chief executive must publish an emergency prohibited 31

(5) As soon as practicable after making an emergency prohibited matter declaration, the chief executive must—	3 4
(a) publish in the gazette a notice of the making of the declaration, the day the declaration started, a description of the biosecurity matter the subject of the declaration and the places where a copy of the declaration may be obtained; and	5 6 7 8 9
(b) take all reasonable steps to ensure that persons likely to be directly affected by the declaration are made aware of the making of the declaration, including, for example, by some or all of the following—	10 11 12 13
(i) advertising in newspapers, on radio and on television;	14 15
(ii) electronically using emails and text messages;	16

<b>32 Matters for inclusion in emergency prohibited matter declaration</b>	21 22
An emergency prohibited matter declaration must include provisions that state—	23 24
(a) a description of the biosecurity matter the subject of the declaration; and	25 26
(b) when the declaration starts; and	27
(c) when the declaration expires if it is not sooner revoked.	28

---

<b>33</b>	<b>Effect and duration of emergency prohibited matter declaration</b>	1 2
(1)	An emergency prohibited matter declaration has effect from when it is made.	3 4
(2)	Unless it is sooner revoked, an emergency prohibited matter declaration stays in force until the earlier of the following to happen—	5 6 7
(a)	3 months elapse after the making of the emergency prohibited matter declaration;	8 9
(b)	a prohibited matter regulation comes into force that deals with the biosecurity matter the subject of the emergency prohibited matter declaration.	10 11 12
<b>34</b>	<b>Requirement for both prohibited matter regulation and emergency prohibited matter declaration to classify new prohibited matter</b>	13 14 15
	A prohibited matter regulation or emergency prohibited matter declaration that declares biosecurity matter to be prohibited matter must also declare in which part of schedule 1 the prohibited matter may be taken to be included.	16 17 18 19

- Maximum penalty—1000 penalty units or 1 year’s imprisonment.
- (3) However, the person is not required to advise an inspector under subsection (2) if—

- (4) Also, the person is not required to advise an inspector under subsection (2) if the person becomes aware, before the person would otherwise be required to advise an inspector under the subsection, that advice of the presence of the biosecurity matter has been given to an inspector by another person.
- Example—*
- A person would not be required to advise an inspector of the presence of prohibited matter in 1 of the person’s animals if the veterinary surgeon who diagnosed the presence of the prohibited matter advised an inspector about it as soon as the diagnosis was made.

- 
- (5) The person must not take any action reasonably likely to exacerbate, and must take any action reasonably likely to minimise, the biosecurity risk posed by the prohibited matter. 1

(c)	prompt action is required to declare the biosecurity matter to be restricted matter.	24 25

---

(3)	The Minister may recommend to the Governor in Council the making of a regulation under subsection (1)(b) only if the Minister is satisfied that—	1 2 3
(a)	it is no longer practical, or it is otherwise no longer appropriate, for biosecurity matter to be the subject of the provisions of this Act relating to restricted matter; and	4 5 6 7
(b)	prompt action is required to declare the biosecurity matter not to be restricted matter.	8 9
<b>40</b>	<b>Requirement for restricted matter regulation to classify new restricted matter</b>	10 11
	A restricted matter regulation that declares biosecurity matter to be restricted matter—	12 13

given to an appropriate authorised officer by another person. 2

*Example—* 3

A person would not be required to advise an appropriate authorised 4

soon as the diagnosis was made. 8

- (5) The person must not take any action reasonably likely to 9  
exacerbate, and must take any action reasonably likely to 10  
minimise, the biosecurity risk posed by the restricted matter. 11

Maximum penalty—750 penalty units. 12

- (6) In this section— 13

***appropriate authorised officer*** means— 14

(a) if the biosecurity matter is or ought reasonably be 15

inspector; or 17

(b) if the biosecurity matter is or ought reasonably be 18  
believed to be category 2 restricted matter—an 19

<b>105</b>	<b>Consultation about codes of practice</b>	17
(1)	Before the making of a code of practice under this part is recommended to the Governor in Council, the chief executive must consult with relevant entities.	18 19 20
(2)	Subsection (1) does not apply to the adopted provisions of a code of practice.	21 22
(3)	A failure to consult under subsection (1) does not affect the validity of the code of practice.	23 24
(4)	In this section—	25
	<i>relevant entities</i> means local governments and other entities the chief executive considers appropriate, including entities from any of the following groups if the chief executive considers the entities to have an interest in matters relating to biosecurity—	26 27 28 29 30

---

[s 106]

---

	(b) professional and industry associations;	1

---

<b>Part 2</b>	<b>Guidelines</b>	1
<b>107</b>	<b>Chief executive may make guidelines</b>	2
(1)	The chief executive may make guidelines to provide guidance to persons about—	3 4

(c)	on-farm procedures for keeping and caring for horses;	23
(d)	raising designated animals on land for the domestic needs of the occupants of the land.	24 25
(3)	The chief executive may make a guideline by adopting another entity’s guideline with or without changes.	26 27
(4)	Before making a guideline, the chief executive must take reasonable steps to allow entities the chief executive considers	28 29

[s 108]

---

may have an interest in the proposed guideline to give the chief executive written submissions about it. 1  
2

*Example—* 3

The chief executive might publish a notice in a newspaper circulating in the area in which interested entities reside seeking submissions about a proposed guideline. 4  
5  
6

- (5) A failure to allow the entities to give the chief executive written submissions about the proposed guideline does not affect the validity of it. 7  
8  
9

**108 Availability of guidelines** 10

- (1) The chief executive must keep a copy of each guideline, as in force from time to time, available for inspection, free of charge, by local governments and members of the public at— 11

17

**109 Obligation to have regard to guidelines** 18

- (1) The contents of a guideline may be taken into account when considering whether a person has or has not discharged the person’s general biosecurity obligation or otherwise complied with a provision of this Act. 19  
20  
21  
22

- (2) However, it must not be presumed that a person who has failed to follow a guideline has breached the person’s general biosecurity obligation or otherwise failed to comply with a provision of this Act. 23

<b>Division 1</b>	<b>Preliminary</b>	4
<b>110</b>	<b>Relationship to other Acts</b>	5
(1)	Nothing in this part prevents a person from declaring a disaster situation or another emergency under another Act ( <i>another declaration</i> ).	6 7 8
(2)	However, the existence of another declaration does not prevent the declaration of a biosecurity emergency under this part.	9 10 11
	<i>Examples of other Acts—</i>	12
	• <i>Disaster Management Act 2003</i>	13
	• <i>Public Health Act 2005</i>	14
	• <i>Public Safety Preservation Act 1986</i>	15
(3)	In this section—	16
	<i>disaster situation</i> means a disaster situation declared under the <i>Disaster Management Act 2003</i> .	17 18
<b>111</b>	<b>Other Acts not affected</b>	19
	This part is in addition to, and does not limit—	20

## **Division 2                      Declaring a biosecurity emergency**                      11

<b>113</b>	<b>Chief executive may make biosecurity emergency order</b>	12
(1)	The chief executive may, by notice signed by the chief executive and published on the department’s website, make an order (a <b><i>biosecurity emergency order</i></b> ) for responding to a biosecurity event.	13 14 15 16
	<i>Examples—</i>	17
	1 A biosecurity emergency order might be addressed at something that is currently happening. Accordingly, a biosecurity emergency order might be made because there is in progress an outbreak in horses of equine influenza that has been positively diagnosed on a number of properties in the biosecurity emergency area.	18 19 20 21 22
	2 A biosecurity emergency order might be addressed at something that may happen. Accordingly, a biosecurity emergency order might be made because a significant number of chickens have been found dead on a poultry farm in the biosecurity emergency area. The deaths could be the result of heat exhaustion. However, tests being urgently undertaken have not yet ruled out the possibility that the deaths have been caused by biosecurity matter, for example avian influenza.	23 24 25 26 27 28 29 30
(2)	As soon as practicable after making a biosecurity emergency order, the chief executive must—	31 32

- 
- (a) publish in the gazette a notice of the making of the order, the order's subject matter generally and the places where a copy of the order may be obtained; and
- (b) take all reasonable steps to ensure that persons likely to be directly affected by the order are made aware of the making of the order, including, for example, by some or all of the following—
- (i) advertising in newspapers, on radio and on television;
- (ii) electronically using emails and text messages;
- Example—*  
SMS messaging in the biosecurity emergency area
- (iii) automated telephoning.
- (3) A biosecurity emergency order must be primarily directed at taking emergency action to isolate the biosecurity emergency area identified in the order, to stop the spread of any biosecurity matter associated with the biosecurity event and, if practicable, to eradicate the biosecurity matter.
- (4) The chief executive may make a biosecurity emergency order only if the chief executive is satisfied on reasonable grounds, having regard to the seriousness or potential seriousness of the biosecurity event and the extent of its impact or likely impact, that an emergency response as provided for in the order is necessary.
- Examples—*
- 1 The chief executive may decide that a biosecurity emergency order is necessary to mitigate the adverse effects of a biosecurity event, including limiting its area of impact.
- 2 The chief executive may decide a biosecurity emergency order is necessary to ensure that a biosecurity event does not take place at all.
- (5) However, before making a biosecurity emergency order, the chief executive must consult with the Minister and, if the biosecurity event has or is likely to have a significant impact

[s 114]

---

on human health, must also consult with the chief health officer.	1 2
(6) If it has not been practicable to consult with the Minister or the chief health officer under subsection (5), the chief executive must consult as soon as practicable after the making of the biosecurity emergency order.	3 4 5 6
(7) A biosecurity emergency order is not invalid only because of a failure of the chief executive to comply with subsection (2), (5) or (6).	7 8 9
(8) To remove any doubt, it is declared that subsections (2) to (6) also apply for the amendment or revocation of a biosecurity emergency order, to the greatest practicable extent.	10 11 12
<b>114 Matters for inclusion in biosecurity emergency order</b>	13
(1) A biosecurity emergency order must include provisions that state—	14 15
(a) the nature and apparent extent of the biosecurity emergency the subject of the order; and	16 17
(b) the area to which the order primarily relates (the <i>biosecurity emergency area</i> for the biosecurity emergency order); and	18 19 20
(c) the duties and obligations imposed on—	21
(i) occupiers of any place within the biosecurity emergency area or a part of the area; and	22 23
(ii) other persons in or in the vicinity of the biosecurity emergency area or a part of the area; and	24 25
(d) when the order expires if it is not sooner revoked; and	26
(e) any conditions relating to the conduct of the response to the biosecurity emergency.	27 28
(2) Without limiting subsection (1), a biosecurity emergency order may include any of the following—	29 30

- 
- (a) a requirement for a person to publish warnings, in a form approved by the chief executive, that particular biosecurity matter or a carrier has had, is having or may have a significant adverse effect on a biosecurity consideration;
- (b) a prohibition on dealing with biosecurity matter or a carrier;
- (c) a prohibition or restriction on the movement of biosecurity matter or of a carrier—
- (i) into the State; or
  - (ii) into or out of the biosecurity emergency area; or
  - (iii) into an area adjacent to the biosecurity emergency area, whether or not the movement is out of the biosecurity emergency area; or
  - (iv) out of an area adjacent to the biosecurity emergency area, whether or not the movement is into the biosecurity emergency area; or
  - (v) within the biosecurity emergency area;
- (d) conditions that must be complied with for movement of a type mentioned in paragraph (c);
- (e) requirements for the completion of a movement of a type mentioned in paragraph (c) if the movement is already in progress when the order is made;
- Example—*
- The biosecurity emergency order might require persons to stay where they are, to finish a journey or to return home.
- (f) actions required to be taken by a person that are reasonably necessary or desirable to prevent the introduction, establishment or spread of biosecurity matter the subject of the order or to otherwise control or eradicate the biosecurity matter;
- (g) requirements for a person (the *relevant person*), including, for example, an owner of land within the

| biosecurity emergency area or a person who is in possession or control of a carrier within the biosecurity emergency area—   | 1<br>2<br>3            |
| (i) to treat or destroy biosecurity matter (including biosecurity matter in water) or a carrier; or  | 4<br>5                 |
| (ii) to allow any treatment, destruction, disposal, transport, decontamination or vaccination required under the order to be performed by, or under the direction of, an inspector and at the expense of the relevant person;        | 6<br>7<br>8<br>9<br>10 |
| (h) a direction that biosecurity matter or a carrier that has been consigned to another person, distributed to another person for sale or sold to another person be recalled in the way, and within the period, stated in the order; | 11<br>12<br>13<br>14   |
| (i) requirements for notifying an inspector about the presence of particular biosecurity matter;   | 15<br>16               |
| (j) a direction that biosecurity matter or a carrier intended to be used for human or animal consumption or plant production be impounded, isolated or destroyed or otherwise disposed of in the way stated in the order;            | 17<br>18<br>19<br>20   |
| (k) an absolute prohibition on the carrying out of an activity in relation to biosecurity matter or a carrier;   | 21<br>22               |
| (l) a prohibition on the carrying out of an activity in relation to biosecurity matter or a carrier other than in compliance with conditions stated in the order;  | 23<br>24<br>25         |
| (m) requirements for, and conditions applying to, the taking and analysis of samples of biosecurity matter or of a carrier;  | 26<br>27<br>28         |
| (n) methods that must be followed for analysis of samples of biosecurity matter or of a carrier, required to be taken and analysed under the order.  | 29<br>30<br>31         |
| (3) Also, a biosecurity emergency order may—   | 32                     |

- 
- (a) establish checkpoints (*biosecurity emergency checkpoints*) within or near the biosecurity emergency area for the order; and 1  
2  
3
- (b) include objective criteria to apply for the stopping and checking of vehicles at the biosecurity emergency checkpoints. 4  
5  
6
- (4) Without limiting the ways in which a biosecurity emergency area may be identified, the area may be identified by reference to any of the following— 7  
8  
9
- (a) an area outlined on a map; 10
- (b) coordinates located using global positioning systems; 11
- (c) real property descriptions; 12
- (d) local government area boundaries or boundaries of divisions within a local government’s area; 13  
14
- (e) electoral boundaries applying for State or Commonwealth elections; 15  
16
- (f) geographical features, including, for example, roads and rivers. 17  
18
- 115 Effect and duration of biosecurity emergency order 19**
- (1) A biosecurity emergency order has effect from when it is made, or from a later time provided for in the order. 20  
21
- (2) Unless it is sooner revoked, a biosecurity emergency order stays in force until the later of the following— 22  
23
- (a) the day that is 21 days after the order is made; 24
- (b) the day stated in the biosecurity emergency order for that purpose. 25  
26
- (3) Without limiting the chief executive’s power to revoke a biosecurity emergency order, a movement control order may revoke a biosecurity emergency order. 27  
28  
29

[s 116]

---

- (4) If any of the following are inconsistent with a biosecurity emergency order, the order prevails to the extent of the inconsistency, while the order is in force—
- (a) another provision of this Act or a regulation under this Act;  
*Example for paragraph (a)—*

A biosecurity emergency order prohibiting a person from dealing with biosecurity matter that is animal matter may stop a person from feeding the animal matter to a designated animal even if the feeding happens in a way mentioned in section 46(3).
  - (b) biosecurity zone regulatory provisions;
  - (c) a movement control order;
  - (d) a code of practice.
- (5) A permit or other authorisation given under an Act, other than a permit or authorisation given for the purpose of responding to a biosecurity event, is of no effect while a biosecurity emergency order is in force, to the extent it is inconsistent with the biosecurity emergency order.  
*Example for subsection (5)—*

A permit to travel designated animals along a stock route given under legislation relating to the control and management of stock routes would not be effective to authorise travel that is prohibited under a biosecurity emergency order while the order is in force.

(4)	A person must comply with a requirement under subsection (1) or (2) unless the person has a reasonable excuse.	28 29

<b>Part 2</b>	<b>Movement control orders</b>	1
<b>124</b>	<b>Chief executive may make movement control order</b>	2
(1)	The chief executive may, by notice signed by the chief executive and published on the department’s website, make an order (a <i>movement control order</i> ) for managing, reducing or eradicating stated biosecurity matter ( <i>controlled biosecurity matter</i> for the movement control order) by prohibiting or restricting the movement of biosecurity matter, including controlled biosecurity matter, or of a carrier.	3 4 5 6 7 8 9
(2)	A movement control order may be directed at managing, reducing or eradicating controlled biosecurity matter over a limited period rather than over an extended or indefinite period.	10 11 12 13
	<i>Examples—</i>	14
	A movement control order may be directed at putting in place measures that are to apply in relation to biosecurity matter until biosecurity zone regulatory provisions are made in relation to the biosecurity matter. Also, a movement control order could be a response to the existence of biosecurity matter that is limited in its extent and is able to be eradicated over a short period.	15 16 17 18 19 20
(3)	The chief executive may make a movement control order only if the chief executive is satisfied on reasonable grounds that the controlled biosecurity matter under the order poses a biosecurity risk of enough seriousness, and that the risk is high enough, to justify the making of the order.	21 22 23 24 25
(4)	A movement control order may exclude stated persons, or persons of a particular class, from its operation.	26 27
	<i>Example—</i>	28
	A movement control order might exclude from its operation a person who has entered into a compliance agreement with the chief executive in relation to controlled biosecurity matter or who is undertaking an industry approved quality assurance program for managing controlled biosecurity matter.	29 30 31 32 33
(5)	As soon as practicable after making a movement control order, the chief executive must—	34 35

[s 124]

---

- (a) publish in the gazette a notice of the making of the movement control order, the order's subject matter generally and the places where a copy of the order may be obtained; and
- (b) take all reasonable steps to ensure that persons likely to be directly affected by the order are made aware of the making of the order, including, for example, by some or all of the following—
- (i) advertising in newspapers, on radio and on television;
- (ii) electronically using emails or text messages;
- Example—*  
SMS messaging in an area to which the movement control order relates
- (iii) automated telephoning.
- (6) A movement control order is not invalid only because of a failure of the chief executive to comply with subsection (5).
- (7) A movement control order may be preventative in nature in relation to controlled biosecurity matter even if, when the order is made, there is no evidence of the controlled biosecurity matter in an area the subject of the order.
- Example—*  
If a disease is evident in a place outside the State but not within the State, a movement control order could nevertheless be directed at stopping the disease from entering the State.
- (8) Unless it is sooner revoked, a movement control order stays in force until 3 months have elapsed after the order is made.
- (9) Without limiting the chief executive's power to revoke a movement control order—
- (a) if a movement control order is inconsistent with biosecurity zone regulatory provisions, the biosecurity zone regulatory provisions prevail to the extent of the inconsistency; and

---

(b)	a regulation may revoke a movement control order.	1
(10)	To remove any doubt, it is declared that subsections (2) to (5) also apply for the amendment or revocation of a movement control order, to the greatest practicable extent.	2 3 4
(11)	In this section—	5
	<i>manage</i> , biosecurity matter, includes—	6
(a)	prevent its transmission or spread; and	7
(b)	address the biosecurity risk posed by it.	8
	<i>restrict</i> includes allow on conditions.	9
<b>125</b>	<b>Matters for inclusion in movement control order</b>	10
(1)	Without limiting the matters that may be included in a movement control order, a movement control order must include details of each of the following—	11 12 13

(b)	what the movement control order is intended to achieve;	15

9  
10
  - (a) prohibit or restrict the movement of biosecurity matter or a carrier— 11

    - (i) into or out of the State; or 13
    - (ii) into, out of or within a stated area of the State; or 14
    - (iii) into an area adjacent to a stated area of the State, as mentioned in subparagraph (ii), whether or not the movement is out of the stated area; or 15  
16  
17
    - (iv) out of an area adjacent to a stated area of the State, as mentioned in subparagraph (ii), whether or not the movement is into the stated area; or 18  
19  
20
  - (b) impose conditions that must be complied with for movement of a type mentioned in paragraph (a); or 21

(b) has a reasonable excuse for not complying with the  
order. 3

## **127 Effect of movement control order** 7

A permit or other authorisation given under an Act other than  
for the purpose of managing, reducing or eradicating  
biosecurity matter is of no effect, while a movement control  
order is in force, to the extent it is inconsistent with the  
movement control order. 8  
9  
10  
11  
12

*Example—* 13

A permit to travel designated animals along a stock route given under  
legislation relating to the control and management of stock routes would  
not be effective to authorise travel that is prohibited under a movement  
control order while the order is in force. 14  
15  
16  
17

## **Part 3 Biosecurity zone regulatory provisions** 18 19

### **128 Regulation may include provisions for biosecurity zones** 20

(1) A regulation may include provisions (*biosecurity zone  
regulatory provisions*) that— 21  
22

(a) establish the whole or a part of the State as a biosecurity  
zone for stated biosecurity matter (*regulated biosecurity  
matter* for the biosecurity zone regulatory provisions)  
that may have an adverse effect on a biosecurity  
consideration; and 23  
24  
25  
26  
27

- 
- (b) include arrangements for managing, reducing or eradicating regulated biosecurity matter in relation to the biosecurity zone or areas outside the biosecurity zone. 1  
2  
3  
4
- Examples—* 5
- 1 Biosecurity zone regulatory provisions might identify a particular variety of plant as regulated biosecurity matter for the provisions and restrict the movement and cultivation of plants of that variety within particular areas of the State to reduce the risk of the introduction and spread of diseases. 6  
7  
8  
9  
10
- 2 Biosecurity zone regulatory provisions might identify a particular type of tick as regulated biosecurity matter for the provisions and restrict the movement of susceptible animal species between particular areas where the ticks exist and particular areas where the ticks do not exist. 11  
12  
13  
14  
15
- (2) Biosecurity zone regulatory provisions may be directed at managing, reducing or eradicating regulated biosecurity matter over an extended period of time or indefinitely. 16  
17  
18
- (3) Biosecurity zone regulatory provisions may exclude stated persons, or persons of a particular class, from their operation. 19  
20
- Examples—* 21
- 1 Biosecurity zone regulatory provisions might exclude from their operation a person who has entered into a compliance agreement with the chief executive in relation to regulated biosecurity matter. 22  
23  
24
- 2 Biosecurity zone regulatory provisions might exclude from their operation a person who is undertaking an industry approved quality assurance program for managing regulated biosecurity matter. 25  
26  
27
- (4) The chief executive must ensure that biosecurity zone regulatory provisions are published in full on the department's website as soon as practicable after they are notified. 28  
29  
30
- (5) A regulation is not invalid only because of a failure of the chief executive to comply with subsection (4). 31  
32
- (6) In this section— 33
- manage*, biosecurity matter, includes— 34

---

(a)	prevent its transmission or spread; and	1
(b)	address the biosecurity risk posed by it.	2
<b>129</b>	<b>Matters for inclusion in biosecurity zone regulatory provisions</b>	3 4
(1)	Without limiting what may be included in biosecurity zone regulatory provisions, biosecurity zone regulatory provisions may—	5 6 7
(a)	prohibit or regulate dealing with biosecurity matter, including regulated biosecurity matter, or a carrier; or	8 9
	<i>Example—</i>	10
	prohibit or regulate the planting of a particular variety of plant	11
(b)	direct the eradication, in the way stated, of biosecurity matter, including regulated biosecurity matter, or of a carrier; or	12 13 14
	<i>Example—</i>	15
	Biosecurity zone regulatory provisions might direct the eradication of crop residues that may harbour regulated biosecurity matter.	16 17 18
(c)	authorise the chief executive, by notice signed by the chief executive and published on the department’s website, to provide for either or both of the following—	19 20 21
(i)	the establishment of particular areas within the biosecurity zone;	22 23
(ii)	the application, in relation to areas mentioned in subparagraph (i), or areas otherwise established under the biosecurity zone regulatory provisions, of lesser restrictions than would otherwise apply under the biosecurity zone regulatory provisions;	24 25 26 27 28
	or	29
(d)	prohibit, regulate or require the movement of biosecurity matter, including regulated biosecurity matter, or a carrier, into, out of or within the biosecurity zone; or	30 31 32 33

- 
- Example—* 1
- Biosecurity zone regulatory provisions might include a 2  
prohibition on bringing designated animals or animal pathogens, 3  
of a type identified in the biosecurity zone regulatory provisions, 4  
into the biosecurity zone. 5
- (e) prohibit, regulate or require the application of measures 6  
to prevent the introduction, establishment or spread of 7  
regulated biosecurity matter or otherwise to control the 8  
regulated biosecurity matter; or 9
- Example—* 10
- Biosecurity zone regulatory provisions might include a 11  
requirement that susceptible animal species be treated for 12  
regulated biosecurity matter in the form of ticks before the 13  
susceptible animal species are taken out of the biosecurity zone. 14
- (f) require that any biosecurity matter, including regulated 15  
biosecurity matter, or a carrier be subjected to inspection 16  
or testing; or 17
- Example—* 18
- Biosecurity zone regulatory provisions might include a 19  
requirement that soil be inspected for the presence or absence of 20  
regulated biosecurity matter in the form of fire ants before being 21  
brought out of the biosecurity zone. 22
- (g) include notification requirements for regulated 23  
biosecurity matter; or 24
- (h) require the keeping and inspection of records about the 25  
movement, in the course of the carrying on of business, 26  
of biosecurity matter, including regulated biosecurity 27  
matter, or of a carrier, into, out of or within the 28  
biosecurity zone. 29
- (2) Without limiting the ways in which a biosecurity zone or 30  
another area may be identified, the zone or area may be 31  
identified by reference to any of the following— 32
- (a) an area outlined on a map; 33
- (b) coordinates located using global positioning systems; 34
- (c) real property descriptions; 35

<b>132</b>	<b>Biosecurity instrument permit</b>	<b>1</b>
(1)	This section applies to a person who is subject to the operation of a biosecurity instrument.	2 3
(2)	The person may apply to an inspector for a permit (a <i>biosecurity instrument permit</i> ) authorising the person to perform an activity, or not to perform an activity, other than in compliance with the biosecurity instrument.	4 5 6 7
	<i>Example—</i>	8
	A person might apply to an inspector for a permit authorising the person to move animals that are carriers of regulated biosecurity matter under biosecurity zone regulatory provisions to a place outside the biosecurity zone for the provisions, even though the movement is otherwise prohibited under the provisions.	9 10 11 12 13
(3)	The inspector may grant the biosecurity instrument permit only if the inspector is satisfied in the circumstances that granting the permit—	14 15 16
(a)	will not increase the level of the biosecurity risk posed by the regulated or controlled biosecurity matter; and	17 18
(b)	will not otherwise be detrimental to the effectiveness of the biosecurity instrument.	19 20
	<i>Examples of circumstances in which a permit might be granted—</i>	21
1	A person who has taken appropriate measures to treat animals that are carriers for a disease that is controlled biosecurity matter under a movement control order might be granted a biosecurity instrument permit to move the animals into an area the subject of the movement control order.	22 23 24 25 26
2	A person who has entered into a compliance agreement with the chief executive to manage biosecurity matter, but who is not otherwise excluded from the operation of biosecurity zone regulatory provisions relating to that biosecurity matter, might be granted a biosecurity instrument permit not to comply with a requirement included in the biosecurity zone regulatory provisions.	27 28 29 30 31 32
(4)	A biosecurity instrument permit may be granted on conditions the inspector considers necessary to ensure the matters stated in subsection (3).	33 34 35

[s 133]

- (5) A person who does not comply with a biosecurity instrument does not commit the offence of failing to comply with the instrument if the noncompliance is authorised by a biosecurity instrument permit granted under this part. 1  
2  
3  
4

- (7) An inspector may at any time, by notice given to the holder of a biosecurity instrument permit, to preserve the intended purpose and effect of the biosecurity instrument— 9  
10  
11
- (a) change the conditions of the permit; or 12
- (b) cancel the permit. 13
- (8) An inspector who refuses to grant a biosecurity instrument permit to a person, grants a biosecurity instrument permit to a person on conditions, amends the conditions of a person's biosecurity instrument permit or cancels a person's biosecurity instrument permit must give the person an information notice for the decision to refuse to grant, grant on conditions, amend or cancel. 14  
15  
16  
17  
18  
19  
20
- (9) A biosecurity instrument permit can not authorise a person to perform an activity, or not to perform an activity, other than in compliance with a biosecurity emergency order. 21  
22  
23
- 133 Offences relating to biosecurity instrument permits 24**
- (1) A person who holds a biosecurity instrument permit must comply with the conditions of the permit unless the person has a reasonable excuse. 25  
26  
27
- Maximum penalty—2000 penalty units or 1 year's imprisonment. 28  
29
- (2) A person who holds a biosecurity instrument permit must, while acting, or purportedly acting, under the authority of the 30

Maximum penalty—100 penalty units.	3	
(3) A person who holds a biosecurity instrument permit must, if asked to do so by an authorised officer, and unless the person has a reasonable excuse, produce it to the authorised officer for the authorised officer’s inspection—	4 5 6 7	
(a) if the person is at the time of the request acting, or purportedly acting, under the authority of the permit—immediately; or	8 9 10	
(b) otherwise—within the shortest practicable time after the request is made.	11 12

<b>136</b>	<b>What is <i>designated biosecurity matter</i></b>	1
(1)	<i>Designated biosecurity matter</i> is biosecurity matter prescribed under a regulation as designated biosecurity matter.	2 3

- 139 Who *keeps* a designated animal** 1
- (1) A person *keeps* a designated animal if the person effectively 2  
has responsibility for the care and control of the animal, 3  
whether or not the care and control is exercised through an 4  
agent or employee of the person. 5
- (2) However, if at any time it is not reasonably practicable to 6  
identify who is the keeper of a designated animal under 7  
subsection (1), the person who at law has title to the animal is 8  
the person who *keeps* the animal. 9
- (3) Each of subsections (4) and (5) identifies a person who, in 10  
addition to the person who, under subsection (1) or (2), keeps 11  
a designated animal, could also be a keeper of the animal. 12
- (4) A person (the *relevant person*) *keeps* a designated animal 13  
(other than a bee) if— 14
- (a) the animal is located at a holding facility; and 15
- (b) the relevant person has final responsibility for the 16  
operation of the holding facility whether or not the 17  
operation of the facility is carried out through an agent 18  
or employee of the relevant person. 19
- (5) A person (also the *relevant person*) *keeps* a designated animal 20  
(other than a bee) if— 21
- (a) the animal is being travelled on a stock route, or is on a 22  
reserve for the travelling of designated animals in 23  
association with their being travelled on a stock route; 24  
and 25
- (b) the relevant person has final responsibility for the 26  
travelling of the animal on the stock route, whether or 27  
not the travelling of the animal is carried out through an 28  
agent or employee of the relevant person. 29
- 140 Who *holds* designated biosecurity matter** 30
- (1) A person *holds* designated biosecurity matter if the person is 31  
effectively in day-to-day control of the biosecurity matter, 32

whether or not that control is exercised personally or through  
an agent or employee. 1  
2

- (2) However, if at any time it is not reasonably practicable to  
identify who is the holder of designated biosecurity matter  
under subsection (1), the person who at law has title to the  
biosecurity matter is the person who *holds* the biosecurity  
matter. 3  
4  
5  
6  
7

**141 What is a *registrable biosecurity entity*** 8

- (1) A person is a *registrable biosecurity entity* if the person— 9
- (a) keeps the threshold number or more of designated  
animals; or 10  
11
  - (b) holds the threshold amount or more of designated  
biosecurity matter. 12  
13
- (2) For subsection (1), it does not matter whether the keeping or  
holding happens at 1 place or 2 or more places in the State. 14  
15
- (3) However, for identifying a registrable biosecurity entity, 2  
or more persons could, taken together, be a registrable  
biosecurity entity even though 1 of those persons, acting  
separately, could be a separate registrable biosecurity entity. 16  
17  
18  
19

*Example for subsection (3)—* 20

Persons A and B, acting in partnership, keep pigs. A and B together are  
a registrable biosecurity entity for the keeping of those pigs. 21  
22  
Additionally, person A, acting alone and outside of the partnership,  
keeps other pigs. Person A is a separate registrable biosecurity entity for  
the keeping of the other pigs. 23  
24  
25

**142 What is a *biosecurity circumstance*** 26

A *biosecurity circumstance* is— 27

- (a) the keeping of designated animals; or 28
- (b) the holding of designated biosecurity matter. 29

<b>143</b>	<b>Who is the <i>occupier</i> of a place</b>	1
(1)	The <i>occupier</i> of a place is the person who, whether or not the owner of the place, is the person who is effectively in day-to-day control of the place, whether or not that control is exercised through an agent or employee.	2 3 4 5
(2)	However, if at any time it is not reasonably practicable to decide who is the occupier of a place under subsection (1), the person who is the owner of the place is also the <i>occupier</i> of the place.	6 7 8 9
<b>144</b>	<b>Who is the <i>NLIS administrator</i></b>	10
	The <i>NLIS administrator</i> is the entity approved by the chief executive, by gazette notice, as the administrator of the database for the NLIS.	11 12 13
<b>Part 2</b>	<b>Registration and related requirements</b>	14 15
<b>Division 1</b>	<b>Registration of registrable biosecurity entities</b>	16 17
<b>145</b>	<b>Registrable biosecurity entity must apply for registration</b>	18
(1)	A registrable biosecurity entity must, in compliance with this part, and unless the person has a reasonable excuse, apply for registration under this part unless the chief executive has given a registration exemption for the entity.	19 20 21 22
	Maximum penalty—100 penalty units.	23
(2)	The obligation under subsection (1) to apply for registration commences immediately a person becomes a registrable biosecurity entity, and must be complied with within 14 days	24 25 26

---

after the obligation commences or within any longer period approved by the chief executive under this section.	1 2
(3) If a person is a registrable biosecurity entity because of each of 2 or more biosecurity circumstances, the person must apply for registration for each of the circumstances.	3 4 5
<i>Example—</i>	6
A corporation keeps 30 cattle and 20 pigs and holds more than the threshold amount of designated biosecurity matter, therefore providing 3 biosecurity circumstances because of which the corporation is a registrable biosecurity entity. The corporation must apply for registration under this part for each of the 3 circumstances.	7 8 9 10 11
(4) However, the entity may combine the applications in the 1 application document.	12 13
(5) An entity may apply to the chief executive to approve a longer period for applying for registration.	14 15
(6) An application under subsection (5) must be made in the approved form.	16 17
(7) The chief executive may decide the application by—	18
(a) approving the longer period applied for; or	19
(b) approving a period less than that applied for; or	20
(c) approving a longer period on conditions; or	21
(d) refusing to approve a longer period.	22
(8) If the chief executive acts under subsection (7)(b), (c) or (d), the chief executive must give the entity an information notice for the decision on the application.	23 24 25
<b>146 Approval for registrable biosecurity entity to remain unregistered</b>	26 27
(1) A registrable biosecurity entity may apply to the chief executive for exemption (a <i>registration exemption</i> for the entity) from the requirement that the entity apply for registration under this part.	28 29 30 31
(2) The application must be in the approved form.	32

[s 147]

---

- (3) The approval may be given only if the chief executive is satisfied that no biosecurity circumstance applying to the entity poses a biosecurity risk. 1  
2

- (4) The chief executive must take any action the chief executive considers appropriate, including by cancelling or replacing a PIC and amending the biosecurity register accordingly, to ensure to the greatest practicable extent that any 1 place the details of which are recorded in the register has only 1 PIC that is unique to that place.
- (5) If the chief executive takes any action under subsection (4) that affects the registration details of a registered biosecurity entity, the chief executive must give the entity an information notice for the decision to take the action.

2  
3

*Example for subsection (2)—* 4

An agricultural show society becomes registered as a registered biosecurity entity for the keeping of various designated animals for a 2-week period at the same time each year. The term of the registration could not be more than 3 of those 2-week periods. 5

	Maximum penalty—50 penalty units.	5
<b>158</b>	<b>Allocation of HIN</b>	6
(1)	If the chief executive registers a registrable biosecurity entity under this part for the entity’s keeping of bees, the chief executive must allocate a hive identification number (a <b>HIN</b> ) to the entity for the entity’s hives.	7 8 9 10
(2)	The chief executive must take any action the chief executive considers appropriate, including by cancelling or replacing a HIN and amending the biosecurity register accordingly, to ensure to the greatest practicable extent that a registered biosecurity entity has only 1 HIN that is unique to the entity’s hives.	11 12 13 14 15 16
(3)	If the chief executive takes any action under subsection (2) that affects the registration details of a registered biosecurity entity, the chief executive must give the entity an information notice for the decision to take the action.	17 18 19 20
(4)	A HIN may take any form the chief executive considers appropriate.	21 22
(5)	A registered biosecurity entity that has a HIN allocated to it by the chief executive must ensure that the hives the entity uses for the keeping of bees are marked or branded with the HIN, in the way prescribed under a regulation, to the following extent—	23 24 25 26 27
(a)	for each group of 50 hives—at least 1 hive in the group must be marked or branded;	28 29

[s 159]

---

(b)	subject to paragraph (a), for any group of less than 50 hives—at least 1 hive in the group must be marked or branded.	1 2 3
	Maximum penalty—50 penalty units.	4
<b>159</b>	<b>Display of information about registered biosecurity entity</b>	5
(1)	This section applies if hives that a registered biosecurity entity uses for the keeping of bees are located other than on land that is or that is adjacent to land that is residential land of the entity.	6 7 8 9
(2)	The entity must, on 1 of the hives, or in a conspicuous place within the hives, display a notice that complies with the requirements, and contains the information relating to the entity's registration under this part, prescribed under a regulation.	10 11 12 13 14
	Maximum penalty—20 penalty units.	15

(b)	an owner of the designated place;	27

---

(c)	an occupier, other than an owner, of the designated place.	1 2

	Maximum penalty—50 penalty units.	6
<b>161</b>	<b>Inclusion of restricted places in biosecurity register</b>	7
(1)	This section applies if the chief executive is satisfied on reasonable grounds that a particular place could pose a biosecurity risk.	8 9 10
	<i>Example—</i>	11
	Because of the presence of contaminants consisting of heavy metals in soil at a place, plants grown at the place could contain unacceptable levels of the contaminants that could enter the food chain.	12 13 14
(2)	The chief executive may—	15
(a)	by an appropriate entry in the biosecurity register—	16
(i)	declare the place to be a restricted place; and	17
(ii)	declare how use of the place is to be restricted; and	18
(iii)	declare the restrictions applying to the use or future use of designated animals at the place; and	19 20
	<i>Example—</i>	21
	If the place is declared to be a restricted place because of the presence of contaminants consisting of heavy metals in soil at a place, a restriction may be that a designated animal at the place must not be sent to a meat processing place to be slaughtered until it has been pastured for a stated period on a place that is not a restricted place.	22 23 24 25 26 27

  - (3) The entry and declarations under subsection (2)(a) may be made at the chief executive's own initiative or because of a restricted place notice. 5  
6  
7
  - (4) For subsection (2), it does not matter whether the place is or is not a designated place for an entity's registration as a registered biosecurity entity. 8  
9  
10
  - (5) However, the chief executive may, in deciding whether to declare a place to be a restricted place, have regard to the biosecurity risk status details registered or to be registered for the entity in the biosecurity register. 11  
12  
13  
14
- 162 Compliance with restricted place restrictions** 15
- (1) While a place is a restricted place, a person must not perform any activity in relation to the place that contravenes any restriction recorded in the biosecurity register about how the place is to be used. 16  
17  
18  
19  
Maximum penalty—800 penalty units. 20
  - (2) A person does not commit an offence against subsection (1) for the performance of an activity if the person— 21

<b>169</b>	<b>Information required to be kept for registered biosecurity entities</b>	6 7
(1)	The biosecurity register must include, for each registered biosecurity entity in relation to each biosecurity circumstance for which the entity is a registered biosecurity entity, all of the following details (the <i>registration details</i> )—	8 9 10 11
	(a) the designated details for the entity;	12
	(b) any PIC that applies to the entity's registration;	13

(b)	the correction is necessary to ensure the traceability of designated animals or designated biosecurity matter.	8 9
(2)	The correction may be made at the chief executive’s own initiative, at the registered biosecurity entity’s request, or because of a change notice.	10 11 12
(3)	If a correction is made at the chief executive’s own initiative, and without a registered biosecurity entity’s request or consent and not because of a change notice to the extent the change notice is about the entity’s designated details, the chief executive must give the entity an information notice for the decision to make the correction.	13 14 15 16 17 18
(4)	If the chief executive is given a change notice, the chief executive must refuse to correct the designated details or biosecurity risk status details in compliance with the change notice to the extent the chief executive is satisfied that, in the circumstances, a further application for registration under this part should be made.	19 20 21 22 23 24

2

- (6) It is not a reasonable excuse for the relevant person to fail to 3

- (2) The relevant person must ensure that, if the animal is moved 13  
from the place where the animal is kept— 14
- (a) there is created, before the movement starts, a record of 15  
the proposed movement (the *movement record*) in the 16  
appropriate form; and 17

(b)	bear a serial number that is unique for the record; and	19
(c)	state the PIC shown on any approved device that does not include a microchip that is fitted to the animal.	20 21
(3)	A single document, whether in hard copy or electronic form, may be used for more than 1 movement record if the movements relate to a designated animal other than a special designated animal.	22 23 24 25
<b>196</b>	<b>Relaxation of movement record requirement for multiple conveyances</b>	26 27

## **Division 4                    Entry under warrant** 3

### **Subdivision 1            Obtaining warrant** 4

#### **272    Application for warrant** 5

- (1) An authorised officer may apply to a magistrate for a warrant  
for a place. 6  
7
- (2) The authorised officer must prepare a written application that  
states the grounds on which the warrant is sought. 8  
9
- (3) The written application must be sworn. 10
- (4) The magistrate may refuse to consider the application until the  
authorised officer gives the magistrate all the information the  
magistrate requires about the application in the way the  
magistrate requires. 11  
12  
13  
14

*Example—* 15

The magistrate may require additional information supporting the  
application to be given by statutory declaration. 16  
17

#### **273    Issue of warrant** 18

- (1) The magistrate may issue a warrant for the place only under  
subsection (2) or (3). 19  
20
- (2) The magistrate may issue a warrant for the place if the  
magistrate is satisfied there are reasonable grounds for  
suspecting that— 21  
22  
23
  - (a) there is at the place, or will be at the place within the  
next 7 days, a particular thing or activity that may  
provide evidence of an offence against this Act; or 24  
25  
26
  - (b) there is a biosecurity risk at the place. 27

- 
- (3) Also, the magistrate may issue a warrant for the place for the purpose of the authorised officer's performance of the function mentioned in section 256(1)(a) or (b) at the place if—
- (a) the place is a place mentioned in section 259(1)(b) or (d) or a place to which section 259(1)(e) applies; and
  - (b) the magistrate is satisfied it is reasonably necessary that the inspector should have access to the place for the purpose of effectively performing the function at the place.
- Example for paragraph (b)—*
- The magistrate may be satisfied under paragraph (b) if the inspector has made a reasonable attempt to perform the function at the place without a warrant, but because of obstruction has been unsuccessful.
- (4) The warrant must state—
- (a) the place to which the warrant applies; and
  - (b) that a stated authorised officer or any authorised officer may, with necessary and reasonable help and force—
    - (i) enter the place and any other place necessary for entry to the place; and
    - (ii) exercise the authorised officer's powers; and
  - (c) particulars of the offence, biosecurity risk or other circumstances that the magistrate considers appropriate; and
  - (d) if the warrant is issued under subsection (2), the name of the person suspected of having committed the offence or who caused the biosecurity risk or allowed the biosecurity risk to continue, unless the name is unknown or the magistrate considers it inappropriate to state the name; and
  - (e) the evidence that may be seized under the warrant; and
  - (f) whether the authorised officer may exercise powers under section 320; and

[s 274]

---

- (g) if the authorised officer may exercise powers under section 320, the person, if any, who is to pay the costs incurred by the authorised officer in exercising the powers; and
  - (h) the hours of the day or night when the place may be entered; and
  - (i) the magistrate's name; and
  - (j) the day and time of the warrant's issue; and
  - (k) except for a warrant allowing for re-entry of the place, the day, within 14 days after the warrant's issue, the warrant ends.
- (5) If the warrant relates to a biosecurity risk, the warrant may also state that an authorised officer may re-enter the place to check compliance with a biosecurity order issued as a result of the authorised officer's entry of the place under the warrant.
- (6) To the extent that the warrant allows for re-entry of the place, it ends on the earlier of the following days—
- (a) the day that is 7 days after the end of the period stated in the biosecurity order for completing the steps stated in the order;
  - (b) the day stated in the warrant.

## **274 Electronic application**

- (1) An application under section 272 may be made by phone, fax, email, radio, videoconferencing or another form of electronic communication if the authorised officer reasonably considers it necessary because of—
- (a) urgent circumstances; or
  - (b) other special circumstances, including, for example, the authorised officer's remote location.
- (2) The application—

- 
- (a) may not be made before the authorised officer prepares the written application under section 272(2); but 1  
2
  - (b) may be made before the written application is sworn. 3

**275 Additional procedure if electronic application 4**

- (1) For an application made under section 274, the magistrate may issue the warrant (the *original warrant*) only if the magistrate is satisfied— 5  
6  
7
  - (a) it was necessary to make the application under section 274; and 8  
9
  - (b) the way the application was made under section 274 was appropriate. 10  
11
- (2) After the magistrate issues the original warrant— 12
  - (a) if there is a reasonably practicable way of immediately giving a copy of the warrant to the authorised officer, including, for example, by sending a copy by fax or email, the magistrate must immediately give a copy of the warrant to the authorised officer; or 13  
14  
15  
16  
17
  - (b) otherwise— 18
    - (i) the magistrate must tell the authorised officer the information mentioned in section 273(4); and 19  
20
    - (ii) the authorised officer must complete a form of warrant including by writing on it the information mentioned in section 273(4) provided by the magistrate. 21  
22  
23  
24
- (3) The copy of the warrant mentioned in subsection (2)(a), or the form of warrant completed under subsection (2)(b) (in either case the *duplicate warrant*), is a duplicate of, and as effectual as, the original warrant. 25  
26  
27  
28
- (4) The authorised officer must, at the first reasonable opportunity, send to the magistrate— 29  
30
  - (a) the written application complying with section 272(2) and (3); and 31  
32

[s 276]

---

- (b) if the authorised officer completed a form of warrant under subsection (2)(b)—the completed form of warrant. 1  
2  
3
- (5) The magistrate must keep the original warrant and, on receiving the documents under subsection (4)— 4  
5
- (a) attach the documents to the original warrant; and 6
- (b) give the original warrant and documents to the clerk of the court of the relevant magistrates court. 7  
8
- (6) Despite subsection (3), if— 9
- (a) an issue arises in a proceeding about whether an exercise of a power was authorised by a warrant issued under this section; and 10  
11  
12
- (b) the original warrant is not produced in evidence; 13  
the onus of proof is on the person relying on the lawfulness of 14  
the exercise of the power to prove a warrant authorised the 15  
exercise of the power. 16
- (7) This section does not limit section 272. 17
- (8) In this section— 18
- relevant magistrates court*, in relation to a magistrate, means 19  
the Magistrates Court that the magistrate constitutes under the 20  
*Magistrates Act 1991*. 21
- 276 Defect in relation to a warrant** 22
- (1) A warrant is not invalidated by a defect in— 23
- (a) the warrant; or 24
- (b) compliance with sections 272 to 274; 25  
unless the defect affects the substance of the warrant in a 26  
material particular. 27
- (2) In this section— 28
- warrant* includes a duplicate warrant mentioned in section 29  
275(3). 30

(b)	to clean or disinfect the place, a structure or another thing; and	6 7
(c)	to destroy the biosecurity matter or remove the biosecurity matter to another place to destroy it; and	8 9

	An inspector exercising powers under this part may exercise the powers only until the earlier of the following—	15 16

<b>Division 1</b>	<b>Stopping or moving vehicles</b>	6
<b>286</b>	<b>Application of div 1</b>	7
	This division applies if an authorised officer reasonably suspects, or is aware, that—	8 9
	(a) a thing in or on a vehicle may provide evidence of the commission of an offence against this Act; or	10 11
	(b) a vehicle, or a thing in or on the vehicle, may pose a biosecurity risk.	12 13
<b>287</b>	<b>Power to stop or move</b>	14
	(1) If the vehicle is moving, the authorised officer may, to exercise his or her powers, signal or otherwise direct the person in control of the vehicle to stop the vehicle and to bring the vehicle to, and keep it at, a convenient place within a reasonable distance to allow the authorised officer to exercise the powers.	15 16 17 18 19 20
	(2) If the vehicle is stopped, the authorised officer may direct the person in control of the vehicle—	21 22

[s 288]

---

(b)	to move the vehicle to, and keep it at, a stated reasonable place to allow the authorised officer to exercise the powers.	1 2 3

(1)	This section applies if the authorised officer proposes to give a direction under section 287(1) and the vehicle is moving.	8 9
(2)	The authorised officer must clearly identify himself or herself as an authorised officer exercising the authorised officer's powers.	10 11 12

<b>289</b>	<b>Failure to comply with direction</b>	26
(1)	The person in control of the vehicle must comply with a direction under section 287 unless the person has a reasonable excuse.	27 28 29
	Maximum penalty—50 penalty units.	30

---

(2)	It is a reasonable excuse for the person not to comply with a direction if—	1 2
(a)	the vehicle was moving and the authorised officer did not comply with section 288; or	3 4
(b)	to comply immediately would have endangered someone else or caused loss or damage to property, and the person complies as soon as it is practicable to do so.	5 6 7
(3)	Subsection (2) does not limit subsection (1).	8
(4)	A person does not commit an offence against subsection (1) if—	9 10
(a)	the direction the person fails to comply with is given under section 287(2); and	11 12
(b)	the person is not given an offence warning for the direction.	13 14
<b>Division 2</b>	<b>Stopping or moving travelling animals</b>	15 16
<b>290</b>	<b>Application of div 2</b>	17
	This division applies if an inspector reasonably suspects, or is aware, that an animal travelling on a stock route, or on a reserve for the travelling of animals in association with being travelled on a stock route, may pose a biosecurity risk.	18 19 20 21
<b>291</b>	<b>Power to stop or move</b>	22

(2)	If the animal is on a reserve for travelling stock, the inspector may direct the person in control of the animal—	7 8
(a)	not to move it until the inspector has exercised the inspector's powers; or	9 10
(b)	to drive the animal to, and keep it at, a stated reasonable place to allow the inspector to exercise the powers; or	11 12
(c)	to return the animal to the place where the animal is kept to allow the inspector to exercise the powers.	13 14
(3)	When giving the direction under subsection (2), the inspector must give the person in control an offence warning for the direction.	15 16 17
<b>292</b>	<b>Identification requirements if animal travelling on stock route</b>	18 19
(1)	This section applies if the inspector proposes to give a direction under section 291(1) and the animal is travelling on the stock route.	20 21 22
(2)	The inspector must clearly identify himself or herself to the person driving the animal as an inspector exercising the inspector's powers.	23 24 25
(3)	When the person driving the animal stops the animal, the inspector must—	26 27

(4)	Subsection (3) applies despite section 330.	31

---

<b>293</b>	<b>Failure to comply with direction</b>	1
(1)	The person driving the animal or in control of the animal must comply with a direction under section 291 unless the person has a reasonable excuse.	2 3 4
	Maximum penalty—50 penalty units.	5
(2)	It is a reasonable excuse for the person not to comply with a direction if—	6 7
(a)	the animal was travelling on the stock route and the inspector did not comply with section 292; or	8 9
(b)	to comply immediately would have endangered someone else or caused loss or damage to property, and the person complies as soon as it is practicable to do so.	10 11 12
(3)	Subsection (2) does not limit subsection (1).	13
(4)	A person does not commit an offence against subsection (1) if—	14 15
(a)	the direction the person fails to comply with is given under section 291(2); and	16 17
(b)	the person is not given an offence warning for the direction.	18 19
<b>Division 3</b>	<b>Aerial control measures</b>	20
<b>294</b>	<b>Power to carry out aerial control measures under biosecurity program</b>	21 22
(1)	This section applies if a biosecurity program authorises the carrying out of an aerial control measure for biosecurity matter.	23 24 25
(2)	An authorised officer may carry out, or direct another person to carry out, the aerial control measure for the biosecurity matter in relation to a place.	26 27 28
(3)	The authorised officer must give notice of the proposed aerial control measure for the biosecurity matter to an occupier of	29 30

[s 294]

---

- the place at least 48 hours before carrying out the measure (the *notice period*) unless— 1  
2
- (a) the measure will be carried out from a height of more than 350 feet above the place; or 3  
4
- Editor's note—* 5
- 350 feet is approximately 110m 6
- (b) it would be impractical to give the notice because the measure will not be effective in controlling the biosecurity matter after the end of the notice period. 7  
8  
9
- Example for paragraph (b)—* 10
- A biosecurity program authorises spraying pesticide on locusts but a swarm of locusts at a place is likely to move on before notice can be given to an occupier of the place. 11  
12  
13
- Note—* 14
- Another law may require notice to be given to, or consent to be obtained from, an occupier of a place in the circumstances to which this section applies. 15  
16  
17
- (4) However, if subsection (3)(b) applies, the authorised officer must make reasonable attempts to advise an occupier of the place about the aerial control measure before the measure is carried out. 18  
19  
20  
21
- (5) A notice under subsection (3) must include— 22
- (a) a description of the biosecurity program authorising the aerial control measure; and 23  
24
- (b) a description of the aerial control measure; and 25
- (c) the period during which the aerial control measure will be carried out. 26  
27
- (6) In this section— 28
- aerial control measure*, for biosecurity matter, means an activity, done from the air by an airborne machine or a person in an aircraft, to achieve a purpose of a biosecurity program and includes the following— 29  
30  
31  
32
- (a) surveying and monitoring the biosecurity matter; 33

- 
- (b) distributing an agricultural chemical to control the biosecurity matter. 1  
2
- airborne machine* means a machine that can operate in air 3  
without carrying a person to pilot the machine. 4

9
- (a) section 259(1)(a); or 10
  - (b) section 259(1)(c); or 11
  - (c) section 259(1)(d); or 12
  - (d) section 260; or 13
  - (e) section 261; or 14
  - (f) section 262; or 15
  - (g) section 263; or 16
  - (h) section 264; or 17
  - (i) part 3; or 18
  - (j) chapter 6. 19

[s 296]

---

- (b) inspect, examine or film any part of the place or anything at the place; 1  
2
- (c) take for examination a thing, or a sample of or from a thing, at the place; 3  
4
- (d) place an identifying mark in or on anything at the place; 5  
*Example—* 6  
insert a microchip in a horse's neck to indicate that the horse has equine influenza 7  
8
- (e) place a sign or notice at the place; 9  
*Example of a sign or notice—* 10  
a notice stating the area is subject to a biosecurity emergency order 11  
12
- (f) produce an image or writing at the place from an electronic document or, to the extent it is not practicable, take a thing containing an electronic document to another place to produce an image or writing; 13  
14  
15  
16  
17
- (g) take to, into or onto the place and use any person, detection animal, equipment and materials the authorised officer reasonably requires for exercising the authorised officer's powers under this division; 18  
19  
20  
21
- (h) destroy biosecurity matter or a carrier if— 22
- (i) the authorised officer believes on reasonable grounds the biosecurity matter or carrier poses a significant biosecurity risk; and 23  
24  
25
- (ii) the owner of the biosecurity matter or carrier consents to its destruction; 26  
27
- (i) remain at the place for the time necessary to achieve the purpose of the entry. 28  
29
- (2) The authorised officer may take a necessary step to allow the exercise of a general power. 30  
31

- 
- (3) If the authorised officer takes a document from the place to copy it, the authorised officer must copy and return the document to the place as soon as practicable. 1  
2  
3
- (4) If the authorised officer takes from the place an article or device reasonably capable of producing a document from an electronic document to produce the document, the authorised officer must produce the document and return the article or device to the place as soon as practicable. 4  
5  
6  
7  
8
- (5) In this section— 9
- examine* includes analyse, test, account, measure, weigh, grade, gauge and identify. 10  
11
- film* includes photograph, videotape and record an image in another way. 12  
13
- inspect*, a thing, includes open the thing and examine its contents. 14  
15

- (1) The authorised officer may make a requirement (a *help requirement*) of an occupier of the place or a person at the place to give the authorised officer reasonable help to exercise a general power, including, for example, to produce a document or to give information. 17  
18  
19  
20  
21
- (2) When making the help requirement, the authorised officer must give the person an offence warning for the requirement. 22  
23
- 298 Offence to contravene help requirement** 24
- (1) A person of whom a help requirement has been made must comply with the requirement unless the person has a reasonable excuse. 25  
26  
27
- Maximum penalty—50 penalty units. 28
- (2) It is a reasonable excuse for an individual not to comply with a help requirement if complying might tend to incriminate the individual or expose the individual to a penalty. 29  
30  
31

[s 299]

---

- (3) However, subsection (2) does not apply if a document or information the subject of the help requirement is required to be held or kept by the defendant under this Act. 1  
2  
3

*Note—* 4

See, however, section 328. 5

<b>Subdivision 3</b>	<b>Safeguards for seized things</b>	1
<b>307</b>	<b>Receipt and information notice for seized thing</b>	2
(1)	This section applies if an authorised officer seizes anything under this division unless—	3 4
(a)	the authorised officer reasonably believes there is no-one apparently in possession of the thing or the thing has been abandoned; or	5 6 7
(b)	because of the condition, nature and value of the thing it would be unreasonable to require the authorised officer to comply with this section.	8 9 10
(2)	The authorised officer must, as soon as practicable after seizing the thing, give an owner or person in control of the thing before it was seized—	11 12 13
(a)	a receipt for the thing that generally describes the thing and its condition; and	14 15
(b)	an information notice for the decision to seize it.	16
(3)	However, if an owner or person from whom the thing is seized is not present when it is seized, the receipt and information notice may be given by leaving them in a conspicuous position and in a reasonably secure way at the place at which the thing is seized.	17 18 19 20 21
(4)	The receipt and information notice may—	22
(a)	be given in the same document; and	23
(b)	relate to more than 1 seized thing.	24
(5)	The authorised officer may delay giving the receipt and information notice if the authorised officer reasonably suspects giving them may frustrate or otherwise hinder an investigation by the authorised officer under this Act.	25 26 27 28
(6)	However, the delay may be only for so long as the authorised officer continues to have the reasonable suspicion and remains	29 30

---

in the vicinity of the place at which the thing was seized to 1  
keep it under observation. 2

**308 Access to seized thing 3**

- (1) Until a seized thing is forfeited or returned, the authorised 4  
officer who seized the thing must allow an owner of the 5  
thing— 6
- (a) to inspect it at any reasonable time and from time to 7  
time; and 8
  - (b) if it is a document—to copy it. 9
- (2) Subsection (1) does not apply if it is impracticable or would 10  
be unreasonable to allow the inspection or copying. 11
- (3) The inspection or copying must be allowed free of charge. 12

**309 Return of seized thing 13**

- (1) This section applies if a seized thing has some intrinsic value 14  
and is not— 15
- (a) forfeited or transferred under subdivision 4 or 5; or 16

- (2) The authorised officer must return the seized thing to an 18  
owner— 19
- (a) for a thing seized under section 299 or 300— 20
    - (i) generally—at the end of 6 months after the seizure; 21  
or 22
    - (ii) if a proceeding for an offence involving the thing is 23  
started within the 6 months, at the end of the 24  
proceeding and any appeal from the proceeding; or 25
  - (b) for a thing seized under section 320, if— 26
    - (i) the thing ceases to be a biosecurity risk; or 27

[s 310]

---

- (ii) the authorised officer is satisfied the return of the thing is unlikely to result in the recurrence of the biosecurity risk in relation to which it was seized. 1  
2

6  
7  
8
- (6) The delay may be only for so long as the designated officer continues to have the reasonable suspicion and remains in the vicinity of the place. 9  
10  
11
- (7) If the designated officer believes the damage was caused by a latent defect in the thing or other circumstances beyond the control of the officer or the assistant, the officer may state the belief in the notice. 12

- (4) The compensation may be claimed and ordered in a proceeding—

- (5) A court may order the payment of compensation only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (6) In considering whether it is just to order compensation, the court must have regard to any relevant biosecurity offence committed by the claimant.
- (7) A regulation may prescribe other matters that may, or must, be taken into account by the court when considering whether it is just to order compensation.
- (8) Section 332 does not provide for a statutory right of compensation other than is provided by this section.

(1)	A person must not, in relation to the administration of this Act, give a designated officer information, or a document containing information, that the person knows is false or misleading in a material particular.	9 10 11 12
	Maximum penalty—200 penalty units.	13
(2)	Subsection (1) applies to information or a document given in relation to the administration of this Act whether or not the information or document was given in response to a specific power under this Act.	14 15 16 17
<b>336</b>	<b>Obstructing designated officer</b>	18
(1)	A person must not obstruct a designated officer, or another person or a detection animal helping a designated officer, exercising a power under this Act unless the person has a reasonable excuse.	19 20 21 22
	Maximum penalty—100 penalty units.	23
(2)	If a person has obstructed a designated officer, or another person or a detection animal helping a designated officer, and the officer decides to proceed with the exercise of the power, the officer must warn the person that—	24 25 26 27

(a)	it is an offence to cause an obstruction unless the person has a reasonable excuse; and	1 2
(b)	the officer considers the person's conduct an obstruction.	3 4
<b>337</b>	<b>Impersonating designated officer</b>	5
	A person must not impersonate a designated officer.	6
	Maximum penalty—100 penalty units.	7
<b>Chapter 11</b>	<b>Compensation for loss or damage from biosecurity response</b>	8 9 10
<b>Part 1</b>	<b>Preliminary</b>	11
<b>338</b>	<b>What is a <i>biosecurity response</i></b>	12
(1)	A <i>biosecurity response</i> is any lawful action taken—	13
(a)	by the chief executive or an authorised officer, including a person acting under the authority of the chief executive or an authorised officer, if the action is authorised to be taken under this Act; or	14 15 16 17
	<i>Example of biosecurity response by an inspector for paragraph (a)—</i>	18 19
	an inspector demolishing an outbuilding at a place within a biosecurity emergency area	20 21
(b)	by another person as directed or otherwise required by the chief executive or an authorised officer, including by a person acting under the authority of the chief executive	22 23 24

[s 339]

---

or an authorised officer, if the direction or requirement is authorised to be given or made under this Act.	1 2
<i>Example of biosecurity response for paragraph (b)—</i>	3
the owner of an animal acting under the direction of an inspector to destroy the animal at a place within a biosecurity emergency area	4 5 6
(2) A <b>biosecurity response</b> does not include—	7
(a) any action taken under chapter 13, including, for example, action taken under a biosecurity order, or under an order of a magistrate or an injunction, under that chapter; or	8 9 10 11
(b) anything that happens by accident or as a result of negligence.	12 13
(3) In this section—	14
<b>authorised officer</b> does not include an authorised person whose appointment under this Act as an authorised person is by—	15 16 17
(a) the chief executive officer of a local government; or	18
(b) the chairperson of an invasive animal board.	19
<b>339 What is loss or damage arising out of a biosecurity response</b>	20 21
In this chapter, a reference to loss or damage arising out of a biosecurity response is a reference to loss or damage only if—	22 23
(a) it is lawfully caused under this Act; and	24
(b) the causing of the loss or damage constitutes all or part of a biosecurity response.	25 26
<i>Note—</i>	27
If loss or damage happens in the course of a biosecurity response but is not lawfully caused under this Act, for example because it involves a negligent act, compensation may nevertheless be available under the investigation and enforcement provisions or under the general law.	28 29 30 31

<b>340</b>	<b>What is <i>property</i></b>	1
(1)	In this chapter, a reference to <i>property</i> , in the context of loss of it or damage to it, is a reference to something that is capable of being in the ownership of a person and is capable of being physically destroyed or physically damaged.	2 3 4 5
(2)	Without limiting subsection (1), <i>property</i> may include any animal or plant.	6 7
<b>341</b>	<b>What is <i>notional value</i> or <i>notional reduction in value</i> of property for statutory compensation</b>	8 9
(1)	The <i>notional value</i> of property that is the subject of loss is the amount that would have been received for the property if, at the place where it was destroyed, it had been sold under a lawful direction immediately before it was destroyed.	10 11 12 13
(2)	The <i>notional reduction in value</i> of property that is the subject of damage is the difference between the following amounts—	14 15
(a)	the amount that would have been received for the property if, at the place where it was damaged, it had been sold under a lawful direction immediately before it was damaged;	16 17 18 19
(b)	the amount that would have been received for the property if, at the place where it was damaged, it had been sold under a lawful direction immediately after it was damaged.	20 21 22 23
(3)	For this chapter, property is taken to be the subject of damage rather than loss if, despite its being destroyed, what remains of it still has some commercial value.	24 25 26
(4)	In this section—	27
	<i>sold under a lawful direction</i> , in relation to property, means sold at the highest price reasonably obtainable, but under the lawful direction of a person who is required to agree to, and to complete, the sale of the property without delay and without reference to whether the owner of the property would be a willing seller at the price obtained.	28 29 30 31 32 33

<b>342</b>	<b>What is a <i>compensation scheme</i> and what is <i>scheme compensation</i></b>	1 2
(1)	A <i>compensation scheme</i> is a government and industry agreement that includes provision for the payment of compensation for loss or damage arising out of a biosecurity response.	3 4 5 6
	<i>Example of agreement—</i>	7
	The Emergency Plant Pest Response Deed is a formal agreement between Plant Health Australia, the Commonwealth, all the States and territories and particular plant industry bodies establishing, on a basis of cost sharing, a scheme for the management and funding of responses to emergency plant pest incidents, and includes provision for compensation in the form of reimbursement costs for growers who suffer loss or damage as contemplated in the agreement.	8 9 10 11 12 13 14
(2)	Compensation provided for under a compensation scheme ( <i>scheme compensation</i> ) may be, but need not be, limited to compensation for loss of or damage to property.	15 16 17
<b>343</b>	<b>Sources of compensation available under this chapter</b>	18
(1)	This chapter deals with the provision of 2 different types of compensation for loss or damage arising out of biosecurity responses.	19 20 21
(2)	Firstly, scheme compensation may be payable for loss or damage.	22 23
(3)	Secondly, compensation for loss of or damage to property may be payable by the State in the absence of scheme compensation being payable for the loss or damage.	24 25 26

## **Part 2**                      **Scheme compensation**                      27

<b>346</b>	<b>How scheme compensation affects entitlement to statutory compensation</b>	1 2
(1)	Statutory compensation is not payable to a person for loss of, or damage to, property suffered by the person and arising out of a biosecurity response if a compensation scheme provides for compensation for the person's loss or damage.	3 4 5 6
(2)	Subsection (1) applies even if, in the person's particular circumstances, scheme compensation is not actually payable to the person because the person has failed to comply with a requirement of the compensation scheme relating to eligibility for payment.	7 8 9 10 11
	<i>Example for subsection (2)—</i>	12
	During a biosecurity emergency involving a virus outbreak, an infected crop is destroyed by an inspector. A compensation scheme provides for reimbursement of a crop's owner for the crop loss in circumstances of the loss. However, the scheme requires that, to be eligible to be paid compensation under the scheme, the crop owner must make an annual payment, in the nature of a premium, to a fund established under the scheme. The crop owner has not made an annual payment by the due date for its payment. Because of that, the person is ineligible for payment under the compensation scheme and, because of the existence of the scheme, is not entitled to statutory compensation under this chapter.	13 14 15 16 17 18 19 20 21 22 23
<b>347</b>	<b>Other limitations applying to entitlement to statutory compensation</b>	24 25
(1)	Statutory compensation is not payable to a person who suffers loss of or damage to property arising out of a biosecurity response—	26 27 28
(a)	if the conduct of the person materially contributed to the loss or damage; or	29 30
(b)	if the biosecurity event that the biosecurity response was directed at addressing could reasonably be expected to have caused the loss or damage, regardless of the happening of the biosecurity response; or	31 32 33 34

- 
- Examples of loss or damage in the context of paragraph (b)—* 1
- 1 An authorised officer destroys a dog because it has 2  
contracted rabies. The dog could reasonably have been 3  
expected to die as a result of contracting the rabies. 4
  - 2 An inspector demolishes an outbuilding to eradicate an 5  
insect borer. As the borer has damaged the outbuilding 6  
irreparably and it would have been structurally unsound, it 7  
could reasonably be expected that the outbuilding would 8  
have had to have been demolished. 9
- (c) if the biosecurity response was directed at addressing 10  
the risk posed by the existence of biosecurity matter and 11  
the property was infested or infected with the 12  
biosecurity matter when the loss or damage happened; 13  
or 14
- (d) if the biosecurity response was directed at addressing 15  
the risk posed by the existence of biosecurity matter that 16  
is a contaminant and the contaminant was present in the 17  
property in an amount more than the maximum 18  
acceptable level prescribed under a regulation for the 19  
property when the loss or damage happened; or 20
- (e) if the biosecurity response was directed at addressing 21  
the risk posed by the existence of biosecurity matter and 22  
when the loss or damage happened, the property was 23  
likely to have become infested or infected with the 24  
biosecurity matter; or 25
- (f) if— 26
- (i) the biosecurity response was directed at addressing 27  
the risk posed by the existence of biosecurity 28  
matter; and 29
  - (ii) before the loss or damage happened, the property 30  
became infested or infected with the biosecurity 31  
matter; and 32
  - (iii) the property was no longer infested or infected 33  
when the loss or damage happened, whether or not 34  
this was known at the time of the loss or damage; 35  
or 36

[s 347]

<i>Example of damage in the context of paragraph (f)—</i>	1
damage caused to an animal by the taking of a sample to find out whether an infection is still present	2 3
(g) if—	4
(i) the biosecurity response was directed at addressing the risk posed by the existence of biosecurity matter; and	5 6 7
(ii) the biosecurity response was necessary because of an act or omission of the owner of the property or of a person acting under the owner’s express or implied authority; and	8 9 10 11
(iii) the act or omission caused or contributed to, or was likely to cause or contribute to, the spread of the biosecurity matter; or	12 13 14
(h) if—	15
(i) the biosecurity response was directed at addressing the risk posed by the existence of biosecurity matter; and	16 17 18
(ii) the biosecurity response was necessary because of an act or omission of the owner of the property or of a person acting under the owner’s express or implied authority; and	19 20 21 22
(iii) the owner of the property is found guilty of an offence under this Act constituted completely or partly by the act or omission; or	23 24 25
(i) to the extent that the loss or damage is recovered or recoverable by the person under a policy of insurance.	26 27
(2) For subsection (1)(e), the chief executive may decide on and publish on the department’s website a methodology for calculating whether property was likely to become infested or infected.	28 29 30 31

<b>348</b>	<b>No compensation for consequential loss</b>	1
(1)	Statutory compensation for the loss of property is limited to an amount equal to the notional value of the property.	2 3
(2)	Statutory compensation for damage to property is limited to an amount equal to the notional reduction in value of the property.	4 5 6
(3)	In particular, compensation for loss of or damage to property does not include compensation for loss flowing as a direct or indirect consequence of the loss or damage.	7 8 9
(4)	Without limiting subsection (3), compensation for loss of or damage to property does not include compensation for any of the following—	10 11 12
(a)	any loss of anticipated or actual revenue or profits;	13
(b)	loss of use of equipment;	14
(c)	business interruption, or a failure to realise anticipated savings;	15 16
(d)	loss of data;	17
(e)	downtime costs or wasted overheads;	18
(f)	loss of goodwill or business opportunity;	19
(g)	loss or damage suffered because of a breach of contract.	20
(5)	Also, compensation for loss of or damage to property does not include compensation in the form of, or that is in the nature of or is analogous to, any of the following—	21 22 23
(a)	reimbursement of additional expenses incurred;	24
(b)	punitive or exemplary damages;	25
(c)	special damages, or damages for indirect loss or damage of any nature whatsoever.	26 27

<b>Part 4</b>	<b>Claiming statutory compensation</b>	1 2
<b>349</b>	<b>Application for statutory compensation</b>	3
(1)	A person (the <i>applicant</i> ) may apply to the chief executive for statutory compensation.	4 5
(2)	The application must be made in the approved form.	6
(3)	The application must be received by the chief executive within 90 days after the date the loss or damage happens.	7 8
(4)	However, the chief executive may accept the application after the period mentioned in subsection (3) if the chief executive is satisfied it is fair and reasonable in the circumstances to accept the application.	9 10 11 12
<b>350</b>	<b>Further information may be required</b>	13
(1)	The chief executive may ask the applicant for further information reasonably required by the chief executive to assess an application for statutory compensation.	14 15 16
(2)	The applicant must give the chief executive the information asked for within the reasonable period the chief executive requires.	17 18 19
<b>351</b>	<b>Day for making and advising of decision</b>	20
(1)	The chief executive must give an applicant for statutory compensation the chief executive's decision on the application—	21 22 23
(a)	if the applicant and the chief executive agree on a day by which the chief executive will give the applicant the chief executive's decision—by the day agreed; or	24 25 26
(b)	if paragraph (a) does not apply, but the chief executive asks the applicant for further information to decide the	27 28

- 
- application—within 60 days after the chief executive receives the further information; or
- (c) if neither paragraph (a) nor paragraph (b) applies—within 60 days after the chief executive receives the application.
- (2) Despite subsection (1), the chief executive may, by notice given to the applicant, extend the period for making and advising a decision on the application by a further 60 days if the chief executive considers that the extension is justified because of the complexity of matters required to be considered in reaching the decision.
- (3) When the chief executive makes a decision on the application, it must be given to the applicant in the form of an information notice.
- (4) If the decision is that the applicant is entitled to be paid compensation, the information notice must state the amount of the compensation.
- (5) If the chief executive fails to give the applicant notice of the decision by the day required under subsection (1) or (2)—
- (a) the chief executive is taken to have decided that the applicant is not entitled to any statutory compensation for the loss or damage the subject of the application; and
- (b) the applicant is entitled to receive an information notice for the decision under paragraph (a).

(b)	the representative had the state of mind.	13
(3)	An act done or omitted to be done for a person by a representative of the person within the scope of the representative's actual or apparent authority is taken to have been done or omitted to be done also by the person, unless the person proves the person could not, by the exercise of reasonable diligence, have prevented the act or omission.	14 15 16 17 18 19

<b>Part 3</b>	<b>Reviews</b>	7
<b>Division 1</b>	<b>Internal reviews</b>	8
<b>361</b>	<b>Internal review process</b>	9

- 
- (b) be supported by enough information to enable the issuing authority to decide the application; and
  - (c) be made within 14 days after the applicant is given the information notice for the decision the subject of the application.
- (2) However, the issuing authority may, at any time, extend the time for making an internal review application.

**364 Stay of operation of original decision**

- (1) An internal review application does not stay the decision the subject of the application (the *original decision*).
- (2) However, the applicant may immediately apply for a stay of the original decision to the relevant body.
- (3) The relevant body may stay the original decision to secure the effectiveness of the internal review and a later appeal to the court or external review by QCAT.
- (4) The stay—
  - (a) may be given on conditions the relevant body considers appropriate; and
  - (b) operates for the period fixed by the relevant body; and
  - (c) may be amended or revoked by the relevant body.
- (5) The period of the stay must not extend past the time when the issuing authority makes an internal review decision about the original decision and any later period the relevant body allows the applicant to enable the applicant to appeal against, or apply for an external review of, the internal review decision.
- (6) An internal review application affects the original decision, or carrying out of the decision, only if the decision is stayed.
- (7) In this section—  
*relevant body* means—

(b)	does not apply to an original decision made by the chief executive or a chief executive officer personally.	20 21
(4)	If the internal review decision confirms the original decision, for the purpose of an appeal or external review, the original decision is taken to be the internal review decision.	22 23 24
(5)	If the internal review decision amends the original decision, for the purpose of an appeal or external review, the original decision as amended is taken to be the internal review decision.	25 26 27 28

- 
- 366 Notice of internal review decision** 1
- (1) The issuing authority must, within 10 days after making an 2  
internal review decision, give the applicant notice of the 3  
decision. 4
- (2) If the internal review decision is not the decision sought by the 5  
applicant, the notice must— 6

the following— 8
- (i) the day the notice is given to the applicant (the 9  
*review notice day*); 10
- (ii) the reasons for the decision; 11
- (iii) that the applicant may, within 28 days after the 12  
notice is given, appeal against the decision to the 13  
court; 14
- (iv) how to appeal; 15
- (v) that the applicant may apply to the court for a stay 16  
of the decision; or 17
- (b) for another decision—be accompanied by a QCAT 18

<b>Chapter 17</b>	<b>Amendment, suspension and cancellation provisions for particular authorities</b>	6 7 8
<b>Part 1</b>	<b>Interpretation</b>	9
<b>478</b>	<b>Definition</b>	10
	In this chapter—	11
	<i>relevant authority</i> means—	12
	(a) a prohibited matter permit; or	13
	(b) a restricted matter permit; or	14
	(c) an accreditation; or	15
	(d) an auditor’s approval.	16

<b>Part 2</b>	<b>Amending conditions of relevant authority on application</b>	1
		2
		3
<b>479</b>	<b>Application by holder of relevant authority to amend conditions</b>	4
		5
	(1) The holder of a relevant authority may apply to the chief executive to amend the conditions of the authority.	6
		7
	(2) The application must—	8
	(a) be in the approved form; and	9
	(b) be accompanied by the fee prescribed under a regulation.	10
		11
	(3) However, if the relevant authority is a prohibited matter or restricted matter permit, the chief executive may waive payment of the fee if the chief executive is satisfied of the matters mentioned in section 214(6)(a) to (c).	12
		13
		14
		15
	(4) The chief executive must consider the application and decide to amend, or refuse to amend, the conditions of the authority.	16
		17
	(5) If the chief executive decides to refuse to amend the conditions of the authority, the chief executive must as soon as practicable give the applicant an information notice for the decision.	18
		19
		20
		21
	(6) If the chief executive decides to amend the conditions of the authority, the chief executive must as soon as practicable issue to the applicant another relevant authority showing the amendment.	22
		23
		24
		25
<b>480</b>	<b>Inquiry about application</b>	26
	(1) Before deciding the application, the chief executive may, by notice given to the applicant, require the applicant to give the chief executive within the reasonable period of at least 30 days stated in the notice, further information or a document	27
		28
		29

- the chief executive reasonably requires to decide the application. 1  
2
- (2) The applicant is taken to have withdrawn the application if, 3  
within the stated period, the applicant does not comply with 4  
the requirement. 5
- (3) A notice under subsection (1) must be given to the applicant 6  
within 30 days after the chief executive receives the 7  
application. 8
- (4) The information or document under subsection (1) must, if the 9  
notice requires, be verified by statutory declaration. 10
- 481 Failure to decide application 11**
- (1) Subject to subsections (2) and (3), if the chief executive fails 12  
to decide the application within 30 days after its receipt, the 13  
failure is taken to be a decision by the chief executive to 14  
refuse to amend the relevant authority. 15
- (2) Subsection (3) applies if— 16
- (a) the holder of a relevant authority has made an 17  
application to amend the conditions of the authority; and 18
- (b) the chief executive has, under this part, required the 19  
applicant to give the chief executive further information 20  
or a document. 21
- (3) The chief executive is taken to have refused to amend the 22  
authority if the chief executive does not decide the application 23  
within 30 days after the chief executive receives the further 24  
information or document verified, if required, by statutory 25  
declaration. 26
- (4) If the application is taken to be refused under this section, the 27  
applicant is entitled to be given an information notice by the 28  
chief executive for the decision. 29

<b>Part 3</b>	<b>Cancellation, suspension and amendment by chief executive</b>	1
		2
<b>482</b>	<b>Cancellation and suspension</b>	3
(1)	Each of the following is a ground for cancelling or suspending a relevant authority—	4
		5
(a)	the authority was obtained by materially incorrect or misleading information or documents or by a mistake;	6
		7
(b)	the holder of the authority has not paid a fee or other amount payable to the chief executive in relation to the authority;	8
		9
		10
(c)	the holder of the authority has contravened a condition of the authority, whether the condition is included in the authority or is otherwise imposed under this Act;	11
		12
		13
(d)	the holder of the authority has committed—	14
(i)	if the authority is a prohibited matter or restricted matter permit—a relevant biosecurity offence; or	15
		16
(ii)	if the authority is an accreditation—a relevant accreditation offence;	17
		18
(e)	if the authority is a prohibited matter or restricted matter permit or an accreditation—the chief executive becomes aware that the holder of the authority held a similar authority, however called, in another jurisdiction within the last 2 years and that authority was cancelled;	19
		20
		21
		22
		23
(f)	if the authority is an accreditation—the chief executive becomes aware that a circumstance in which a biosecurity certificate may be given under the accreditation is inconsistent with a legal requirement because the legal requirement, or the circumstance, has changed since the accreditation was originally granted;	24
		25
		26
		27
		28
		29
	<i>Example of a ground for paragraph (f)—</i>	30
	A person conducting a business is accredited to give biosecurity certificates for tomatoes grown and packed at the person's	31

business premises. Under a corresponding law, Western Australia will accept tomatoes from Queensland only if the tomatoes come from a place more than 100km from an area where melon thrips have been detected. The chief executive becomes aware that melon thrips have been detected 50km from the business premises.

- (g) if the authority is an auditor’s approval—
  - (i) the auditor is not, or is no longer, a suitable person to be an auditor; or
  - (ii) the auditor does not have the necessary expertise or experience to perform the auditor’s functions; or
  - (iii) the audits conducted by the auditor have not been conducted honestly, fairly or diligently.
- (2) For forming a belief that the ground mentioned in subsection (1)(f)(i) exists, the chief executive may have regard to the matters to which the chief executive may have regard in deciding whether the person is a suitable person to be an auditor.
- (3) In this section—
  - holder*, of a relevant authority that is a prohibited matter or restricted matter permit or an accreditation, includes, if the holder is a corporation, a related entity of the holder under the Corporations Act, section 9.
  - legal requirement* means a requirement under this Act, an intergovernmental agreement or a corresponding law to this Act.

**483 Amendment of relevant authority**

If the chief executive believes a relevant authority should be amended, the chief executive may amend the authority under this part.

<b>484</b>	<b>Cancellation, suspension or amendment by chief executive—show cause notice</b>	1 2
(1)	If the chief executive believes a ground exists to cancel or suspend a relevant authority (the <i>proposed action</i> ), or if the chief executive proposes to amend a relevant authority (also the <i>proposed action</i> ), the chief executive must give the holder of the authority notice under this section (a <i>show cause notice</i> ).	3 4 5 6 7 8
(2)	The show cause notice must state each of the following—	9
(a)	the proposed action;	10
(b)	the ground for the proposed action;	11
(c)	an outline of the facts and circumstances forming the basis for the ground;	12 13
(d)	if the proposed action is to suspend the authority—the proposed suspension period;	14 15
(e)	if the proposed action is to amend the authority—the proposed amendment;	16 17
(f)	that the holder may, within a stated period (the <i>show cause period</i> ), make written representations to the chief executive to show why the proposed action should not be taken.	18 19 20 21
(3)	The show cause period must end at least 28 days after the holder is given the show cause notice.	22 23
<b>485</b>	<b>Representations about show cause notice</b>	24
(1)	The holder of the relevant authority may make written representations about the show cause notice to the chief executive in the show cause period.	25 26 27
(2)	The chief executive must consider all representations (the <i>accepted representations</i> ) made under subsection (1).	28 29

[s 486]

---

- 486 Ending show cause process without further action** 1
- If, after considering the accepted representations, the chief executive no longer believes a ground exists to take the proposed action, the chief executive— 2
- (a) must take no further action about the show cause notice; 3  
and 4
- (b) must give the holder of the relevant authority notice that 5  
no further action is to be taken about the show cause 6  
notice. 7 8 9
- 487 Cancellation, suspension or amendment** 10
- (1) This section applies if— 11
- (a) there are no accepted representations for the show cause 12  
notice; or 13
- (b) after considering the accepted representations for the 14  
show cause notice, the chief executive— 15
- (i) still believes a ground exists to cancel, suspend or 16  
amend the relevant authority; and 17
- (ii) believes a cancellation, suspension or amendment 18  
of the relevant authority is warranted. 19
- (2) The chief executive may— 20
- (a) if the proposed action was to cancel the 21  
authority—cancel the authority, suspend the authority 22  
for a period or amend the authority; or 23
- (b) if the proposed action was to suspend the 24  
authority—suspend the authority for no longer than the 25  
proposed suspension period or amend the authority; or 26
- (c) if the proposed action was to amend the 27  
authority—amend the authority. 28
- (3) If the chief executive acts under subsection (2), the chief 29  
executive must as soon as practicable give an information 30  
notice for the decision to the holder of the relevant authority. 31

- (4) The decision takes effect on the later of the following— 1
  - (a) the day the information notice is given to the holder; 2
  - (b) the day stated in the information notice for that purpose. 3

**488 Immediate suspension of relevant authority 4**

- (1) The chief executive may suspend a relevant authority 5  
 immediately if the chief executive believes— 6
  - (a) a ground exists to cancel or suspend the authority; and 7
  - (b) it is necessary to suspend the authority immediately 8  
 because— 9
    - (i) for a prohibited matter or restricted matter 10  
 permit—there would be an immediate and serious 11  
 risk to a biosecurity consideration if the holder of 12  
 the permit were to continue to deal with prohibited 13  
 matter or restricted matter; or 14
    - (ii) for an accreditation—there would be an immediate 15  
 and serious risk to a biosecurity consideration, or 16  
 to the trade in a particular commodity, if the holder 17  
 of the accreditation were to continue to give 18  
 biosecurity certificates; or 19

*Example of a circumstance where the chief executive may 20  
 immediately suspend an accreditation under subparagraph 21  
 (ii)— 22*

A person conducting a business is accredited to certify the 23  
 post-harvest treatment of stonefruit with an agricultural 24  
 chemical in a way consistent with an operational 25  
 procedure under the ICA scheme. The chief executive 26  
 becomes aware that the Australian Pesticides and 27  
 Veterinary Medicines Authority subsequently makes the 28  
 use of the chemical unlawful due to the risks the chemical 29  
 poses to human health. The chief executive may suspend 30  
 the person’s accreditation immediately to avoid potential 31  
 harm to human health. 32

- (iii) for an auditor’s approval—there would be an 33  
 immediate and serious risk to a biosecurity 34

- consideration if the holder of the approval were to  
continue to conduct audits. 1  
2
- (2) The suspension— 3
- (a) can be effected only by the chief executive giving an  
information notice for the decision to the holder,  
together with a show cause notice; and 4  
5  
6
- (b) operates immediately the notices are given to the holder;  
and 7  
8
- (c) continues to operate until the earliest of the following  
happens— 9  
10
- (i) the chief executive cancels the remaining period of  
suspension; 11  
12
- (ii) the show cause notice is finally dealt with; 13
- (iii) 56 days have passed since the notices were given to  
the holder. 14  
15
- (3) Subsection (4) applies if— 16
- (a) a suspension under this section stops because— 17
- (i) the chief executive cancels the remaining period of  
suspension; or 18  
19
- (ii) the show cause notice is finally dealt with by a  
decision being made not to cancel or suspend the  
relevant authority; or 20  
21  
22
- (iii) 56 days have passed since the notices mentioned in  
subsection (2)(a) were given to the holder; and 23  
24
- (b) the holder has returned the relevant authority to the chief  
executive as required under section 491. 25  
26
- (4) The chief executive must as soon as practicable give the  
relevant authority to the holder. 27  
28

<b>489</b>	<b>Amendment of relevant authority without show cause notice—minor amendment</b>	1 2
(1)	The procedures otherwise required to be followed under this chapter for the amendment of a relevant authority are not required to be followed if—	3 4 5
(a)	the chief executive proposes to amend the relevant authority only—	6 7
(i)	for a formal or clerical reason; or	8
(ii)	in another way that does not adversely affect the interests of the holder of the authority; or	9 10
(b)	the holder of the relevant authority asks the chief executive to amend the authority other than by formal application under part 2 and the chief executive proposes to give effect to the request.	11 12 13 14
(2)	The chief executive may amend the relevant authority by notice given to the holder.	15 16
<b>490</b>	<b>Cancellation of relevant authority without show cause notice</b>	17 18
(1)	The procedures otherwise required to be followed under this chapter for the cancellation of a relevant authority are not required to be followed if the holder of the relevant authority asks the chief executive to cancel the authority and the chief executive proposes to give effect to the request.	19 20 21 22 23
(2)	The chief executive may cancel the relevant authority by notice given to the holder.	24 25
<b>491</b>	<b>Return of cancelled, suspended or amended relevant authority</b>	26 27
(1)	This section applies if the chief executive cancels, suspends or amends a relevant authority under this chapter.	28 29
(2)	The chief executive may, by notice given to the holder of the authority, require the holder to return the document	30 31

- evidencing the authority to the chief executive within 14 days, 1  
or a later stated time. 2
- (3) The holder must comply with the notice, unless the holder has 3  
a reasonable excuse for not complying with it. 4  
Maximum penalty—40 penalty units. 5
- (4) If the document for a suspended relevant authority has been 6  
returned to the chief executive, the chief executive must 7  
return the document to the holder of the relevant authority at 8  
the end of the suspension period. 9
- (5) If the document for an amended relevant authority has been 10  
returned to the chief executive, the chief executive must 11  
return the document to the holder of the relevant authority 12  
after amending it. 13
- (6) However, the amendment of a relevant authority does not 14  
depend on the document for the authority being returned to 15  
the chief executive by the holder of the authority or by the 16  
chief executive to the holder of the authority. 17
- (7) The chief executive is not required to return the document for 18  
a relevant authority that is cancelled. 19
