23.3 The coordinator must:

- (a) record the meeting with the cultural heritage party;
- (b) prepare the meeting transcript; and

23.6 The coordinator must consider any submission made by the cultural heritage party under this clause before finalising the cultural heritage training materials or deciding the cultural heritage protection measures for the project.

23.7 However, if the submission period ends without the coordinator receiving a submission under this clause, the coordinator may, without further communication or engagement with the cultural heritage party:

made by another cultural heritage party) for the project.

24. Participation in delivery of cultural heritage training

- 24.1 This clause applies if, on or before the response day for an information notice given under 20.3, a cultural heritage party gives the coordinator an information notice response stating that the cultural heritage party wishes to participate in delivering the cultural heritage training.
- 24.2 The coordinator must use its best endeavours to negotiate in good faith with the cultural heritage party for an agreement under which the cultural heritage party will assist the coordinator to deliver those parts of the cultural heritage training relevant to the cultural heritage party.

- 26.3 If the coordinator advises the site manager that high impact activities should be temporarily suspended:
- (a) the site manager must immediately establish a buffer zone for the find in accordance with the cultural heritage protection measures for the project; and
 - (b) the site manager must ensure that no high impact activities are carried out in the buffer zone until the coordinator has given the site manager a clearance notice under clause 26.5(a) or clause 26.7(a).
- 26.4 As soon as practicable after being informed by the site manager of a find, the coordinator must:
- (a) attend the construction site and examine the find; and
 - (b) if the coordinator considers it necessary to consult with a suitably qualified technical adviser to determine if the find is a culturally significant object—the site manager must ensure the exclusion zone is maintained while the coordinator consults with the technical adviser.
- 26.5 If the coordinator determines that the find is not a culturally significant object, the coordinator must, as soon as reasonably practicable:
- (a) give the site manager a clearance notice; and
 - (b) enter the following information in the register:

- 26.6 If the coordinator determines that a find is or may be a culturally significant object, the coordinator must:
- (a) decide which of the cultural heritage protection measures for the project must be applied to protect the object; and
 - (b) must apply the cultural heritage protection measures as soon as practicable.
- 26.7 As soon as reasonably practicable after applying the cultural heritage protection measures, the coordinator must:

- (a) give the site manager a clearance notice; and

28.3 The coordinator may fulfil a request made by a cultural heritage party under this clause for access to the register by giving an electronic or printed copy of the register to the cultural heritage party.

- (a) included with the information notice in relation to which the cultural heritage party undertook the activity to which the claimed amount relates; or
 - (b) If the cultural heritage party incurred the claimed amount as a result of negotiating for an agreement under clause 19—included with the offer,

29.5 If the coordinator is satisfied that a claimed amount is consistent with the applicable schedule, the coordinator must certify in writing to the proponent that the claimed amount is suitable to be paid (**certified amount**).
