	(1) Having seized a thing under this chapter, an authorised person may—	5
	(a) leave the thing at the place where it was seized (the <i>place of seizure</i>) and take reasonable action to restrict access to it; or	7
	(b) move the thing from the place of seizure.	10
	(2) For subsection (1)(a), the authorised person may, for example—	11
	(a) seal the thing, or the entrance to the place of seizure, and mark the thing or place to show access to the thing or place is restricted; or	13
	(b) for equipment—make it inoperable; or	16
	<i>Example—</i>	17
	make the equipment inoperable by dismantling it or removing a component without which the equipment can not be used	18
	(c) require a person the authorised person reasonably believes is in control of the place or thing to do an act mentioned in paragraph (a) or (b) or anything else an authorised person could do under subsection (1)(a).	21
	463 Offence to contravene seizure requirement	26
	A person must comply with a requirement made of the person under section 462(2)(c) unless the person has a reasonable excuse.	27

(a) the authorised person reasonably believes there is no-one apparently in possession of the thing or the thing has been abandoned; or	20 21 22 23
(b) because of the condition, nature and value of the thing, it would be unreasonable to require the authorised person to comply with this section.	24 25 26 27
(2) The authorised person must, as soon as practicable after seizing the thing, give an owner or person in control of the thing before it was seized—	28 29 30 31

- (a) a receipt for the thing that generally describes the thing and its condition; and
- (b) an information notice about the decision to seize the thing.
- (3) However, if an owner or person from whom the thing is seized is not present when it is seized, the receipt and information notice may be given by leaving them in a conspicuous position and in a reasonably secure way at the place where the thing is seized.
- (4) The receipt and information notice may—
 - (a) be given in the same document; and
 - (b) relate to more than 1 seized thing.
- (5) The authorised person may delay giving the receipt and information notice if the authorised person reasonably suspects giving them may frustrate or otherwise hinder an investigation by the authorised person under this chapter.
- (6) However, the delay may be only for so long as—
 - (a) the authorised person continues to have the reasonable suspicion; and
 - (b) the authorised person, or a person acting under the direction of the authorised person, remains in the vicinity of the place where the thing was seized to keep the thing secure or under observation.

- | | | |
|-----|--|---|
| (2) | Subsection (1) does not apply if it is impracticable | 1 |

Subdivision 4 Environmentally relevant activities

18	Meaning of <i>environmentally relevant activity</i>	1
(1)	An <i>environmentally relevant activity</i> is an activity that is prescribed under section 19 to be—	2 3
(a)	an environmentally relevant activity (general); or	4 5
(b)	an environmentally relevant activity (resource).	6 7
(2)	An agricultural ERA as defined in section 79 is also an <i>environmentally relevant activity</i> .	8 9
19	Activity may be prescribed as environmentally relevant activity	10 11
(1)	A regulation may prescribe an activity, other than a resource activity, as an environmentally relevant activity (general).	12 13 14
(2)	A regulation may prescribe a resource activity as an environmentally relevant activity (resource).	15 16
(3)	To remove any doubt, it is declared that an activity that is an agricultural ERA as defined in section 79 may be prescribed as an environmentally relevant activity (general).	17 18 19 20
	<i>Note—</i>	21
	An environmental authority is required for carrying out an agricultural ERA that is a general ERA—see section 426.	22 23 24
(4)	However, the Minister may recommend the making of a regulation prescribing an activity under subsection (1) or (2) only if the Minister is satisfied—	25 26 27 28
(a)	that—	29
(i)	a contaminant will or may be released into the environment when the activity is carried out; and	30 31 32

- (ii) the release of the contaminant will or may cause environmental harm; or 1
2
- (b) the activity will or may otherwise adversely affect— 3
4
 - (i) a significant environmental value; or 5
 - (ii) an environmental value of the marine environment. 6
7

11
12

14
15
 - (b) an activity that was not an environmentally relevant activity becomes an environmentally relevant activity. 16
17
18
- (2) A regulation may provide for transitional arrangements about the operation of this Act in relation to the activity, including, for example, by providing that— 19
20
21
22
 - (a) if subsection (1)(a) applies— 23
 - (i) on the commencement of the relevant regulation, an application for an environmental authority for the activity that has been made but not decided is taken to have been withdrawn; or 24

 - (b) if subsection (1)(b) applies—for a stated period, a stated provision of this Act, including, for example, section 426 or 435A, does not apply in relation to a person who was carrying out the activity immediately before the commencement of the relevant regulation.
- 20 Declaration of environmentally relevant activity as a code-managed ERA**
- (1) A regulation may declare an environmentally relevant activity to be a code-managed ERA.
 - (2) The regulation may also declare that a person carrying out the code-managed ERA under the relevant ERA code must be registered under chapter 6, part 1.
 - (3) The Minister may recommend the making of a regulation under this section for an environmentally relevant activity only if the Minister is satisfied—
 - (a) the risk of environmental harm that may be caused by the carrying out of the activity is known; and
 - (b) the environmental harm can be effectively prevented, minimised, rehabilitated or remediated, by requiring compliance with an ERA code.
 - (4) Also, the Minister may recommend the making of a declaration under subsection (2) in relation to the environmentally relevant activity only if the Minister is satisfied the carrying out of the activity needs to be monitored under this Act—

- (a) having regard to—
 - (i) the nature of the activity; and

- (1) This section applies in relation to an environmental authority for a resource ERA that authorises 1 or more other activities that are general ERAs (each an *ancillary activity*).
- (2) The ancillary activities are taken to be resource ERAs for the purpose of an application for an environmental authority.
- (3) However, the ancillary activities are taken to be general ERAs for the purpose of the following—

		29

55F Commercial activity permit transferable	1
A commercial activity permit is transferable,	2
including a commercial activity permit that is part	3
of a single integrated permission or GBR region	4
permit.	5
 55G Application to transfer permit	 6
(1) The holder of a commercial activity permit and a	7
proposed transferee may apply to the chief	8
executive to transfer the permit to the transferee.	9
(2) The application must be—	10
(a) in the approved form; and	11
(b) given to the chief executive at least 20	12
business days before the day on which the	13
transfer is intended to take effect; and	14
(c) accompanied by the fee prescribed by	15
regulation for the transfer.	16
(3) An application may not be made to transfer a	17
commercial activity permit that has been	18
suspended.	19
 55H Considering transfer application	 20
(1) In considering an application to transfer a	21
commercial activity permit, the chief executive	22
must have regard to the following matters—	23
(a) whether the proposed transferee is a suitable	24
person to hold the permit;	25
(b) whether there is adequate insurance cover	26
for the activities proposed to be conducted	27
under the permit;	28
(c) whether the holder of the permit, or the	29
proposed transferee, owes any fee or other	30
amount payable under—	31

- (i) this Act; or 1
 - (ii) if the permit is part of a single 2
integrated permission or GBR region 3
permit—a related Act; 4
- (d) all matters relevant to ensuring the orderly 5
and proper management of the recreation 6
area to which the permit applies. 7
- (2) However, subsection (1)(b) does not apply if the 8
chief executive considers insurance cover is not 9
required having regard to the nature of the 10
proposed activities. 11
- (3) For considering whether the proposed transferee 12
is a suitable person under subsection (1)(a), the 13
chief executive may— 14
 - (a) inquire about, and have regard to, the 15
matters mentioned in section 50(3) in 16
relation to the transferee; and 17
 - (b) have regard to whether any of the grounds 18
mentioned in section 53(3) apply in relation 19
the transferee. 20
- (4) For subsection (3), sections 50(3) and (4) and 21
53(3) apply as if a reference in those sections to 22
the applicant were a reference to the transferee. 23

**551 Chief executive's power to require further 24
information 25**

- (1) Before deciding an application to transfer a 26
commercial activity permit, the chief executive 27
may, by notice, ask the holder of the permit or the 28
proposed transferee to give the chief executive 29
any further information the chief executive 30
reasonably requires to decide the application. 31
- (2) The holder and proposed transferee are taken to 32
have withdrawn the application if the request is 33
not complied with within a reasonable period, of 34

at least 20 business days, stated in the notice. 1

- (3) The chief executive may extend the period within 2
which the information must be given. 3

55J Deciding transfer application 4

- (1) The chief executive must decide an application to 5
transfer a commercial activity permit within 20 6
business days after the chief executive— 7
- (a) receives the application; or 8
- (b) if the chief executive has asked for further 9
information under section 55I—receives the 10
information. 11
- (2) The chief executive may approve the transfer of 12
the commercial activity permit only if the chief 13
executive is satisfied— 14
- (a) the proposed transferee is a suitable person 15
to hold the permit; and 16
- (b) the holder of the permit, or the proposed 17
transferee, does not owe any fee or other 18
amount payable under— 19
- (i) this Act; or 20
- (ii) if the permit is part of a single 21
integrated permission or GBR region 22
permit—a related Act. 23
- (3) If the chief executive refuses to approve the 24
transfer, the chief executive must give the holder 25
of the commercial activity permit and the 26
proposed transferee an information notice about 27
the decision. 28

55K Steps after approval of transfer 29

- (1) This section applies if the chief executive decides 30
to approve the transfer of a commercial activity 31

- permit under section 55J. 1
- (2) The chief executive must cancel the existing 2
commercial activity permit and give the proposed 3
transferee a new commercial activity permit— 4
- (a) authorising the same activities as the 5
cancelled permit immediately before the 6
permit was cancelled under this section; and 7
- (b) with a term— 8
- (i) starting on the later of the following 9
days (the *transfer day*)— 10
- (A) the day the application is decided; 11
- (B) the day stated in the application 12
for the approval of the transfer as 13
the day on which the transfer is to 14
take effect; and 15
- (ii) ending on the day the cancelled permit 16
would have ended if the permit were 17
not cancelled under this section; and 18
- (c) subject to the same conditions as the 19
cancelled permit immediately before the 20
permit was cancelled under this section. 21
- (3) Despite subsection (2)(c), the chief executive 22
may impose a new or different condition on the 23
new commercial activity permit if— 24
- (a) the proposed transferee consents to the new 25
or different condition; or 26
- (b) it is a condition that provides for an 27
indemnity for the State against any liability 28
for loss or damage that is suffered by any 29
person and is caused, whether directly or 30
indirectly, by the activities conducted under 31
the permit; or 32
- (c) it is a condition that provides for the 33
compensation or reimbursement of any loss 34

	or expense incurred by the State in relation	1
	to activities conducted under the permit.	2
(4)	For a single integrated permission or GBR region	3
	permit, subsections (2) and (3) apply only to the	4
	part of the permit that is a commercial activity	5
	permit under this Act.	6
