Information about this reprint

This Act is reprinted as at 11 December 2008. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Subdivision 1 Power to declare significant project

26 Declaration of significant project

- (1) The Coordinator-General may—
 - (a) declare a project to be a significant project for which an EIS is required; or
 - (b) declare a project to be a significant project for which an EIS is not required.
- (2) However—

 - (b) the Coordinator-General must not make a declaration under subsection (1)(b) if undertaking the project will result in broadscale clearing for agricultural purposes.
- (3) For subsection (2)(b), a project results in broadscale clearing for agricultural purposes if—
 - (a) undertaking the project will result in the clearing of vegetation that, other than for the making of the declaration, would involve assessable development mentioned in the *Integrated Planning Act 1997*, schedule 8, part 1, table 4, items 1A to 1G; and
 - (b) the Coordinator-General is satisfied the clearing is not for a matter or purpose mentioned in the *Vegetation Management Act 1999*, section 22A(2)(b) to (j).
- (4) The declaration must be made by gazette notice.
- (5) If the project involves development that requires an application for a development approval, the Coordinator-General must give a copy of the gazette notice to the person who is, or would be, the assessment manager for the application.

*State Development and Public Works Organisation Act

- (6) If the project involves a proposed environmental authority (mining lease), the Coordinator-General must give a copy of the gazette notice to the EPA and MRA Ministers.
- (7) If the project involves the proposed use of geothermal energy, as defined under the *Geothermal Exploration Act 2004*, the Coordinator-General must also give a copy of the gazette notice to the Minister administering that Act.

27AA Who may apply

- (1) The proponent of the project may apply to the Coordinator-General for a declaration under section 26(1) about the project.
- (2) To remove any doubt, it is declared that this subdivision does not prevent the Coordinator-General from making a declaration under section 26(1) on the Coordinator-General's own initiative.

27AB Requirements for application

The application must be written and include—

- (a) an initial advice statement mentioned in section 27(a); and

Judicial Review Act 1991, part 3 (Statutory orders of review) and part 5 (Prerogative orders and injunctions)

27A Lapsing of declaration

- (1) If an EIS is required for the project, the declaration lapses if the proponent does not comply with section 32(4).
- (2) If an EIS is not required, the declaration lapses—
 - (a) generally—at the end of the 4 years starting the day the declaration was made; or
 - (b) if the declaration states or implies a time for it to lapse—at the stated or implied time.
- (3) However, if before the lapsing of the declaration under subsection (1) or (2), the Coordinator-General, by written notice to the proponent, fixes a later time for the declaration to lapse, it does not lapse until the later time.

28 Application of divs 3–6

Divisions 3 to 6 apply only if the project is declared, under section 26, to be a significant project for which an EIS is required.

Division 3 EIS process

29 Notice of requirement for EIS and of draft terms of reference

- (1) The Coordinator-General must—

- (a) advise the proponent that an EIS is required for the project; and
- (b) publicly notify—
 - (i) that an EIS is required for the project; and
 - (ii) where copies of the draft terms of reference may be obtained; and
 - (iii) that comments on the draft terms of reference are invited.
- (2) The public notification must state a period within which the comments must be made under subsection (1)(b).¹

30 Finalising terms of reference

- (1) The Coordinator-General must, as soon as practicable after the comment period ends, finalise the terms of reference for the EIS and give the proponent a copy.
- (2) In finalising the terms of reference, the Coordinator-General must have regard to comments on the draft terms of reference received by the Coordinator-General within comment period.
- (3) In this section—
comment period means the period stated under section 29(2).

31 Coordinator-General may seek information to assist preparation of EIS

- (1) The Coordinator-General may refer details of the project, the initial advice statement and the terms of reference, to any entity the Coordinator-General considers may be able to give the Coordinator-General comment and information that will help in preparing the EIS.
- (2) If the entity wants the proponent to consider its response when preparing the EIS, the entity must give its response to the Coordinator-General within the reasonable time stated by the

¹ See also section 171 (Publication of document or information by Coordinator-General).

Coordinator-General for giving the response (the *response time*).

- (3) If the entity does not give its response within the response time, the proponent may prepare the EIS as if the entity had no comment on the project.

32 Preparation of EIS

- (1) The EIS prepared by the proponent—
 - (a) must, for the whole project, address the terms of reference to the satisfaction of the Coordinator-General;
or
 - (b) may, for a particular stage of the project, address the terms of reference to the satisfaction of the Coordinator-General.
- (2) If the proponent prepares an EIS under subsection (1)(b), the proponent may prepare a further EIS under this division for another or all remaining stages of the project.
- (3) A further EIS prepared under subsection (2) must be given to the Coordinator-General by the day stated in the Coordinator-General's report for giving the Coordinator-General the further EIS.
- (4) Subject to subsection (3), an EIS must be given to the Coordinator-General within—
 - (a) 2 years after finalisation under section 30 of the terms of reference for the EIS; or
 - (b) if within the 2 years the Coordinator-General, by written notice to the proponent, fixes a later period for the giving of the EIS—the later period.

33 Public notification of EIS

- (1) After the proponent has prepared an EIS to the satisfaction of the Coordinator-General, the proponent must publicly notify the following—
 - (a) where a copy of the EIS is available for inspection;

- (b) where a copy of the EIS may be obtained at a stated reasonable cost;
 - (c) that submissions may be made to the Coordinator-General about the EIS;
 - (d) the period (the *submission period*), set by the Coordinator-General, during which a submission may be made.
- (2) For subsection (1)(b), the stated reasonable cost must not be more than the actual cost of producing the copy.

34 Making submissions on EIS

- (1) During the submission period, any person may make a submission to the Coordinator-General about the EIS.
- (2) The Coordinator-General must accept properly made submissions.
- (3) However, the Coordinator-General may accept a written submission even if the submission is not a properly made submission.
- (4) If the Coordinator-General has accepted a submission, the person who made the submission may, by written notice given to the Coordinator-General—
 - (a) during the submission period—amend the submission; or
 - (b) at any time before a decision about the EIS is made—withdraw the submission.

35 Coordinator-General evaluates EIS, submissions, other material and prepares report

- (1) The Coordinator-General must, after the end of the submission period, consider the EIS, all properly made submissions and other submissions accepted by the Coordinator-General about the EIS and any other material the Coordinator-General considers is relevant to the project.

*State Development and Public Works Organisation Act
1971*

- (2) The Coordinator-General may ask the proponent for additional information or comment about the EIS and the project.
- (3) The Coordinator-General must prepare a report evaluating the EIS.
- (4) In evaluating the EIS, the Coordinator-General may—
 - (a) evaluate the environmental effects of the project and any other related matters; and
 - (b) state conditions under section 39, 45, 47C, 49 or 49B; and
 - (c) make recommendations under section 43 or 52; and
 - (d) if division 8 applies to the project—impose, under that division, conditions for the undertaking of the project.
- (5) After completing the report, the Coordinator-General must—
 - (a) give a copy of it to the proponent; and
 - (b) publicly notify the report.

35A Lapsing of Coordinator-General's report

- (1) The Coordinator-General's report for the EIS for the project lapses—
 - (a) generally—at the end of the 4 years starting the day after the report is prepared under section 35(3); or
 - (b) if the report states or implies a time for it to lapse—at the stated or implied time; or
 - (c) if, before the end of the 4 years or before the stated or implied time, the proponent applies for an approval for the project, on the latest of the following to happen—
 - (i) the deciding of the application;
 - (ii) if the application is refused—
 - (A) the end of any period to appeal against the refusal; or

- (B) if, within the period, an appeal is made against the refusal, the appeal is finally decided or is otherwise ended.
- (2) However, if before the lapsing of the report under subsection (1), the Coordinator-General, by written notice to the proponent, fixes a later time for the report to lapse, it does not lapse until the later time.
- (3) Also, the report does not lapse if—
- (a) division 8 applies to the project; and
 - (b) there are imposed conditions for the undertaking of the project; and
 - (c) the undertaking of the project substantially starts within 4 years after the report is prepared under section 35(3).

Division 3A Changes to project

35B Application of div 3A

This division applies if, after the Coordinator-General complies with section 35(5), the proponent wishes the Coordinator-General to assess a proposed change to the project or a condition of the project.

35C Application for evaluation of environmental effects of proposed change

The proponent may apply to the Coordinator-General to evaluate, under this division, the environmental effects of the proposed change, its effects on the project and any other related matters.

35E Requirements for application

The application must be written and—

- (a) describe the proposed change and its effects on the project; and
- (b) state reasons for the proposed change; and

- (c) include enough information about the proposed change and its effects on the project to allow the Coordinator-General to make the evaluation.

35F Coordinator-General may seek comments or information

- (1) After receiving the application, the Coordinator-General may—
 - (a) refer details of the proposed change, its effects on the project or any other related matter to anyone the Coordinator-General considers may be able to give comments or information to help the making of the evaluation; and
 - (b) ask the proponent for further information about the proposed change, its effects on the project or any other related matter.
- (2) If the proponent does not comply with a request under subsection (1)(b) within a reasonable period after it is made, the Coordinator-General may make the evaluation without the further information.

35G Public notice

- (1) The Coordinator-General must decide whether or not to require the proponent to publicly notify the proposed change and its effects on the project, in a way decided by the Coordinator-General.
- (2) The Coordinator-General must give the proponent a written notice (the *decision notice*) stating the decision, and if the decision was to make a requirement under subsection (1), the decided way of public notification.
- (3) If the decision is to require public notification, the decision notice must be given before the evaluation is made.
- (4) Sections 33 and 34 apply to the public notification, and for submissions about the proposed change and its effect on the project, as if a reference in those sections to an EIS was a reference to the proposed change or the effects.

- (5) Subsections (6) to (8) apply if the decision is not to require public notification.
- (6) If the Coordinator-General is of the opinion that the proposed change might be approved unconditionally, the Coordinator-General may defer giving the decision notice.
- (7) If the Coordinator-General's opinion under subsection (6) changes or if the Coordinator-General is not of that opinion, the Coordinator-General must immediately give the decision notice.
- (8) If the proposed change is approved unconditionally, the decision notice must accompany the Coordinator-General's change report when it is given to the proponent under section 35J.
- (9) In this section—
approved unconditionally, for the proposed change, means that the evaluation allows the change without the Coordinator-General doing anything mentioned in section 35I(2).

35H Criteria for evaluating

In making the evaluation, the Coordinator-General must consider each of the following—

- (a) the nature of the proposed change and its effects on the project;
- (b) the project as currently evaluated under the Coordinator-General's report for the EIS for the project;
- (c) the environmental effects of the proposed change and its effects on the project;
- (d) if, under section 35G, public notification was required—all properly made submissions about the proposed change and its effects on the project;
- (e) the material mentioned in section 35(1) to the extent the Coordinator-General considers it is relevant to the proposed change and its effects on the project.

35I Coordinator-General's change report

- (1) The Coordinator-General must prepare a report (a *Coordinator-General's change report*) that makes the evaluation.
- (2) In making the evaluation, the Coordinator-General may—
 - (a) state conditions of a type mentioned in section 39, 45, 47C, 49 or 49B that are relevant to the proposed change, its effects on the project or any other related matter; and
 - (b) make recommendations of a type mentioned in section 43 or 52 that are relevant to the proposed change, its effects on the project or any other related matter; and
 - (c) amend any conditions or recommendations for the project stated or made under section 35(4); and
 - (d) if division 8 applies to the project—impose, under that division, conditions for the undertaking of the project.
- (3) The evaluation may refuse to allow the proposed change.
- (4) If the evaluation refuses to allow the proposed change, it must state reasons for the refusal.

35J Distribution of Coordinator-General's change report

After completing the Coordinator-General's change report, the Coordinator-General must—

- (a) give a copy of it to the proponent; and
- (b) publicly notify the report.²

35K Relationship with Coordinator-General's report

- (1) The Coordinator-General's report for the EIS for the project and the Coordinator-General's change report both have effect for the project.
- (2) However, if the reports conflict, the Coordinator-General's change report prevails to the extent of the inconsistency.

² See also section 171 (Publication of document or information by Coordinator-General).

35L Lapsing of Coordinator-General's change report

The Coordinator-General's change report lapses on the lapsing, under section 35A, of the Coordinator-General's report for the EIS for the project.

Division 4 Relationship with Integrated Planning Act

Subdivision 1 Development approvals

36 Application of sdiv 1

This subdivision applies if the project involves development requiring an application for a development approval.

37 Applications for material change of use or requiring impact assessment

- (1) To the extent the application is for a material change of use, or requires impact assessment, under the Integrated Planning Act, or both—
 - (a) the information and referral stage and the notification stage of IDAS do not apply to the application; and
 - (b) there are no referral agencies, under the Integrated Planning Act, for the application; and
 - (c) a properly made submission about the EIS is taken to be a properly made submission about the application under IDAS; and
 - (d) despite paragraph (b), until the development approval applied for has effect—
 - (i) the Coordinator-General's report is taken to be a concurrence agency's response for the application under IDAS; and
 - (ii) the Coordinator-General may exercise any power of the entity that, other than for paragraph (b),

would have been the concurrence agency for the application.

- (2) Subsection (1)(c) does not apply if the application involves only a material change of use requiring code assessment under the Integrated Planning Act.

37A Applications for material change of use of premises in wild river areas

- (1) This section applies to the extent the application is—
- (a) for a material change of use of premises in a wild river area; and
 - (b) made to the assessment manager after the wild river declaration for the area takes effect.
- (2) Despite section 37—
- (a) the information and referral stage of IDAS applies to the application; and
 - (b) the referral agencies, under the Integrated Planning Act, for the application are the referral agencies required to assess the application against—
 - (i) the applicable code, for the development, mentioned in the wild river declaration for the area; or
 - (ii) the purpose of the *Wild River Act 2005*.
- (3) If there is any inconsistency between a condition the Coordinator-General's report states must attach to the development approval and a condition imposed by a referral agency mentioned in subsection (2)(b), the referral agency's condition prevails to the extent of the inconsistency.

38 When the decision stage for the project starts under IDAS

Despite the Integrated Planning Act, section 3.5.1, the decision stage of IDAS for the application does not start until—

- (a) immediately before an approved development scheme started applying to the land there was an authorised use, alternative lawful use or approved use for the land; and
- (b) after the approved development scheme started applying to the land, using the land for the authorised use, alternative lawful use or approved use would be an offence under section 84; and
- (c) the application of the approved development scheme to the land reduces the value of the interest; and

- (2) Despite subsection (1), if land for which compensation is claimed has, since the day the approved development scheme came into effect, become or ceased to be separate from other land, the amount of reasonable compensation must not be increased because the land has become, or ceased to be, separate from other land.
- (3) In this section—
- difference between the market values* means the difference between the market value of the interest in land immediately before the approved development scheme came into effect and the market value of the interest immediately after the approved development scheme came into effect.

- (15) To remove any doubt, it is declared that the taking of land under this section is not a taking of land under the *Acquisition of Land Act 1967*, even though the process to be used for the taking of the land and for the payment of compensation for the land taken is the process stated in that Act.
