The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. - (d) keep industrial cannabis seed and class A and class B research cannabis seed in the researcher's possession or under the researcher's control locked in a secure place when not otherwise required
  - for use for planting; or
  - (ii) to be supplied to another person; and
- register that includes following (e) keep a the information
  - the varieties or strains of cannabis plants and (i) cannabis seed under the researcher's control:
  - the source, quantity and delivery details for cannabis seed and plant varieties the researcher receives:
  - (iii) how, when and from whom the researcher received cannabis plants and seed delivered to the researcher:
  - (iv) if a carrier delivered the cannabis plants or seed to the researcher, the name of the person who delivered the plants or seed;
  - if a researcher engages a carrier to deliver cannabis plants or seed to someone else
    - the name of the person to whom the plants or seed were given for delivery; and
    - (B) the name of the person to whom it is intended the plants or seed be supplied by the researcher.
