Information about this reprint

This reprint shows the legislation current as at the date on the cover and is authorised by the Parliamentary Counsel.

A new reprint of the legislation will be prepared by the Office of the Queensland Parliamentary Counsel when any change to the legislation takes effect. This change may be because a provision of the original legislation, or an amendment to it, commences or because a particular provision of the legislation expires or is repealed.

When a new reprint is prepared, this reprint will become a historical reprint. Also, if it is necessary to replace this reprint before a new reprint is prepared, for example, to include amendments with a retrospective commencement, an appropriate note would be included on the cover of the replacement reprint and on the copy of this reprint at www.legislation.qld.gov.au.

The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. For information about possible amendments to the legislation by Bills introduced in Parliament, see the Queensland Legislation Current Annotations at www.legislation.qld.gov.au/Leg_Info/information.htm.
- The list of annotations endnote gives historical information at section level.

All Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints are not continued.

- (a) a fishery;

[s 34]

- (b) a fish habitat or declared fish habitat area;

 - (d) fisheries resources;
 - (e) aquaculture.
- (2) A management plan is subordinate legislation.

34 Management plan must be approved by Governor in Council

A management plan does not have effect until it has been approved by the Governor in Council.

35 What management plan must deal with

A management plan must state its objectives and how they are to be achieved.

36 What management plan may deal with

The management plan may make provision about anything prescribed under a regulation for this section or the chief executive considers appropriate to deal with in the plan.

Examples of what the chief executive may consider appropriate to deal with—

- 1 Fishing capacity of a fishery and its measurement.
- 2 The way a fishery is to be managed, which may include, for example, the regulation of the following—
 - (a) fishing methods;

 - 14 How a fish way must be operated.
 - 15 How a fish habitat, declared fish habitat area or fisheries resources are to be managed or restored.
 - 16 Fish migration.

37 Management plan may make declaration regulating particular matters

- (1) Without limiting section 36, a management plan may make the declarations mentioned in this section (each a *fisheries declaration*).

[s 38]

- (2) A fisheries declaration (a *regulated fish declaration*) may regulate the taking, purchase, sale, possession or use of particular fish.

Examples of matters that may be regulated under a regulated fish declaration—

- 1 A limit may be placed on the size or number of a species or type of fish that may be taken, purchased, sold, used or possessed.
 - 2 The taking, possessing or selling of fish of a particular species or type may be prohibited.
 - 3 The fish may be regulated by way of fillet size or other form in which they may be possessed after they are taken.
- (3) A fisheries declaration (a *regulated fishing apparatus declaration*) may regulate the purchase, sale, possession or use of particular fishing apparatus.
- (4) A fisheries declaration (a *regulated fishing method declaration*) may regulate how fish may be taken.
- (5) A fisheries declaration (a *regulated waters declaration*) may regulate all or any of the following in particular waters—
- (a) the taking or possessing of fish;
 - (b) engaging in stated activities;
 - (c) using or possessing a boat, aquaculture furniture, fishing apparatus or anything else.
- (6) However, a regulated waters declaration does not apply to an activity authorised by a development approval unless the declaration expressly states that it applies to the activity.

38 Management plan may provide for quota

A management plan may prescribe, or authorise the issue of, a quota.

38A Management plan to protect things that are not fish

A management plan, including a fisheries declaration included in the management plan, may be made to protect things that are not fish.

Example—

A management plan may regulate taking or possessing fish in an area to protect dugong in the area.

39A Effect of repeal of management plan on authorities

If a management plan is repealed, authorities issued by the chief executive in relation to the plan end, unless the plan otherwise provides.

41 Management plan may provide penalty for contravention

A management plan may provide that contravention of the management plan is an offence and, if a penalty for the contravention is not otherwise provided under this Act, prescribe a maximum penalty of not more than 500 penalty units.

42 Regulation may make provision about management plan matters

- (1) Anything that may be declared by a management plan may also be declared by regulation.
- (2) A regulation may also make provision about anything else about which provision may be made by a management plan.
- (3) If there is an inconsistency between a regulation and a management plan, the regulation prevails to the extent of the inconsistency.

Division 1A When compensation is payable because of a regulation or management plan

Subdivision 1 Right to compensation in particular circumstances

42A Right to compensation

- (1) This section applies to a person if—
 - (a) the person is, other than because of a temporary transfer, the holder of an authority (the *eligible authority*) that—
 - (i) is a licence or quota; and
 - (ii) authorises the taking of fish for trade or commerce in a fishery described under a regulation or management plan as a commercial fishery; and
 - (b) a regulation or management plan is amended after the commencement of this section (the *relevant amendment*); and
 - (c) because of the relevant amendment, an entitlement to take fisheries resources that the person had under the eligible authority immediately before the relevant amendment is lost or reduced.
- (2) Subject to sections 42B and 42K, the person is entitled to be paid compensation by the State for the value of the loss or reduction.
- (3) However, the compensation is only payable if, under subdivision 2, a claim for the compensation has been made and the chief executive has decided to grant the claim.

42B Limits to compensation payable

- (1) The entitlement under section 42A arises only if the cause, or one of the causes, of the loss or reduction was—

- (a) a reallocation, under the relevant amendment, of the entitlement to take fisheries resources to persons who do not hold an authority to which section 42A applies; or
 - (b) a restriction or prohibition, under the relevant amendment, of the exercise of the entitlement in an area, if the purpose of the restriction or prohibition was to protect a thing that is not fish.
- (2) Compensation is not payable for the loss or reduction if—
- (a) compensation under section 42A has already been paid for the loss or reduction to a previous or another holder of the eligible authority; or
 - (b) compensation is payable for a similar loss or reduction of an entitlement under another Act or law of the State, another State or the Commonwealth.

42C No general right to compensation because of amendment

- (1) To remove any doubt, it is declared that, other than as provided for under section 42A, no one has an entitlement under or in relation to this Act to claim or to be paid an amount from the State for or in connection with—
- (a) the making, amendment or repeal of a regulation or management plan; or
 - (b) something previously permitted under a regulation or management plan becoming prohibited or regulated because of an amendment to the regulation or plan.
- (2) Subsection (1) applies whether the amount is claimed as compensation, reimbursement or otherwise.

[s 42D]

Subdivision 2 Claiming and payment of compensation

42D Application of sdiv 2

This subdivision applies for a claim for compensation under section 42A.

42E Time limit on making claim

The claim must be made within 6 months after the day the relevant amendment commences.

42F Requirements for making claim

The claim must—

- (a) be made in writing to the chief executive; and
- (b) be signed by all holders of the eligible authority; and
- (c) state each of the following—
 - (i) the entitlement to take fisheries resources the subject of the claim;
 - (ii) the ground under section 42B(1) on which the claim is made;
 - (iii) the amount of the compensation claimed;
 - (iv) how the claimant has worked out the amount.

42G Chief executive may require further information

- (1) The chief executive may, by written notice to the claimant, require the claimant to give the chief executive within a stated reasonable period—
 - (a) additional information about, or a document relevant to, the claim; or

- (b) a statutory declaration verifying any information included in the claim or any additional information required under paragraph (a).
- (2) The notice may be given at any time before the claim is decided.
- (3) If the claimant does not comply with the requirement within the following period the claimant is taken to have withdrawn the claim—
 - (a) generally—the period stated in the notice;
 - (b) if, within the period stated in the notice, the chief executive agrees in writing to a longer period to comply with the requirement—the longer period.

42H Deciding claim

- (1) Subject to sections 42I and 42J, the chief executive must, within a reasonable period after the making of the claim, decide—
 - (a) whether to grant or refuse the claim; and
 - (b) if the chief executive decides to grant the claim—the amount of the compensation payable.
- (2) If the chief executive decides to refuse the claim or decides an amount of compensation that is less than the amount claimed or agreed to by the claimant, the chief executive must give the claimant an information notice for the decision.
- (3) In deciding what is a reasonable period for subsection (1), regard must be had to—
 - (a) whether the chief executive may need to give a notice under section 42G or obtain, under section 42I, other information or evidence; and
 - (b) the period that may be needed to consider the information or document the subject of the notice or the information or evidence that may need to be obtained.

42I Chief executive may obtain other information

- (1) Before making the decision, the chief executive may obtain from a person other than the claimant any further information or evidence that the chief executive considers will help the making of the decision.
- (2) If the chief executive obtains further information or evidence under subsection (1) and the chief executive proposes to act on the information or evidence adversely to the claimant—
 - (a) the chief executive must give the claimant a written notice stating—
 - (i) what the further information or evidence is; and
 - (ii) that the claimant may respond in writing to the further information or evidence within a stated reasonable period after the giving of the notice; and
 - (b) the chief executive must not make the decision unless the claimant has given the response or the following period has ended—
 - (i) generally—the period stated in the notice;
 - (ii) if, within the period stated in the notice, the chief executive agrees in writing to a longer period for the giving of the response—the longer period.

42J Amount of compensation that may be decided

- (1) The amount of the compensation decided may only be for—
 - (a) either—
 - (i) if the eligible authority continued in force after the commencement—the difference between its market value immediately before the commencement and its market value immediately after the commencement; or
 - (ii) if, under the relevant amendment, the eligible authority ended—its market value immediately before the commencement; and

-
- (b) the loss, for no more than 3 years from the commencement, of probable taxable income from fishing lost or reduced because of the lost or reduced entitlement to take fisheries resources the subject of the claim.
- (2) In working out the market value immediately before the commencement, any reduction in the value of the eligible authority caused by the making, or the prospect of the making, of the relevant amendment must be disregarded.
- (3) In working out the lost or reduced fishing income, regard may be had only to income from fishing under the eligible authority as stated in taxation returns lodged by the claimant and relevant notices of assessment accompanying the claim or given to the chief executive by or for the claimant.
- (4) If the chief executive considers—
- (a) a ground on which the claim is made was not the sole cause of the loss or reduction claimed; and
 - (b) the other cause or causes of the loss or reduction were not causes for which compensation may be claimed under subdivision 1;

the chief executive may reduce the amount worked out under subsection (1) to reflect the other cause or causes.

- (5) In this section—

commencement means when the relevant amendment commenced.

taxable income means taxable income under the *Income Tax Assessment Act 1997* (Cwlth).

42K Restriction on payment if someone other than the claimant has a registered interest in the eligible authority

If—

- (a) the claim and an amount of compensation has been decided under this subdivision; and

[s 43]

- (b) someone other than the claimant has a registered interest in the eligible authority;

the chief executive must not pay the claimant the amount unless the other person has agreed in writing to the making of the payment.

Division 2 Fisheries declarations by chief executive

43 Chief executive may make fisheries declarations

- (1) Subject to section 45, the chief executive may make a fisheries declaration in an instrument other than a management plan.
- (2) Subsection (1) does not limit section 37.

Note—

Section 37 provides for the types of fisheries declarations and what they may regulate.

44 Declaration of quotas

- (1) The chief executive may declare a quota for a fishery.
- (2) A declaration (a *quota declaration*) may be made under subsection (1) for a fishery only if a quota has not been decided for the fishery under a management plan.
- (3) Before making a quota declaration, the chief executive must take reasonable steps to engage in consultation about the declaration.

45 Fisheries declaration is subordinate legislation

- (1) A fisheries declaration under this division or a quota declaration is subordinate legislation.
- (2) However, an emergency fisheries declaration is not subordinate legislation.

45A Fisheries declaration to protect things that are not fish

A fisheries declaration under this division may be made to protect things that are not fish.

Example—

A declaration may regulate taking or possessing fish in an area to protect dugong in the area.

46 Emergency fisheries declarations

- (1) A fisheries declaration under this division may be made because of an emergency (an ***emergency fisheries declaration***).
- (2) The chief executive may make an emergency fisheries declaration only if the chief executive is satisfied that urgent action is needed to meet a significant threat to fisheries resources or a fish habitat or another emergency.
- (3) The declaration must state it is an emergency fisheries declaration and outline the nature of the emergency.
- (4) The chief executive must publish the declaration in the gazette and may publish it in other ways the chief executive considers appropriate having regard to the emergency.
- (5) The chief executive must repeal the declaration as soon as possible after the chief executive is satisfied the emergency no longer exists.
- (6) Unless it is earlier repealed, the declaration expires 2 months after it is gazetted.
- (7) However, if the declaration is inconsistent with a regulation or management plan, then, unless it is earlier repealed, the declaration expires 21 days after it is gazetted.
- (8) The *Statutory Instruments Act 1992*, sections 49, 50 and 51 apply to an emergency fisheries declaration as if it were subordinate legislation.

[s 47]

47 Compensation not payable on making, amendment or repeal

- (1) Compensation is not payable if a fisheries declaration (including an emergency fisheries declaration) is made, amended or repealed, or anything previously permitted is prohibited or regulated under the declaration.
- (2) However, subsection (1) does not prevent a regulation, management plan or fisheries declaration providing for payment of compensation.

48 Relationship between fisheries declaration under div 2 and other subordinate legislation

- (1) If there is an inconsistency between a regulation or management plan and a fisheries declaration under this division, the regulation or management plan prevails to the extent of the inconsistency.
- (2) However, if there is an inconsistency between an emergency fisheries declaration, a regulation, management plan or fisheries declaration under this division that is not an emergency fisheries declaration, the emergency fisheries declaration prevails to the extent of the inconsistency.

Division 3 Authorities issued under Act

Subdivision 1 General

49 Authorities that may be issued under Act

- (1) A regulation or management plan may prescribe the authorities that the chief executive may issue under this Act.
- (2) A regulation or management plan may also provide that an authority may or may not be issued for a stated activity or thing.

52 Things authorised by authorities

- (1) An authority authorises the holder of the authority to do the things permitted under a regulation or management plan or stated in the authority.
- (2) A regulation or management plan, or the authority itself, may also authorise other persons to do all or any of the things authorised by it.

Example of someone else authorised by an authority—

a person who is a member of the crew of a boat owned by the holder

- (3) However, an authority does not authorise the holder or anyone else (other than an inspector) to enter, or remain on, someone else's land.
- (4) Also, a resource allocation authority does not confer on the holder—
 - (a) any right of ownership or tenure over the land, waters or resources mentioned in the authority; or
 - (b) the right to carry out the development mentioned in the authority, unless the development is also authorised under the Planning Act.

Note—

See also section 76T (Penalties for carrying out assessable development without permit) and the Planning Act, section 578 (Carrying out assessable development without permit).

53 Form, content and term of authorities

An authority—

- (a) must be in the approved form; and
- (b) must contain the particulars decided by the chief executive; and
- (c) is issued—
 - (i) for the term stated in it; or

- (ii) if no term is stated in the authority—until it is cancelled or surrendered or it otherwise expires under this Act.

Subdivision 2 Issue and renewal

54 Application for authority

- (1) An application for the issue of an authority must—
 - (a) be made to the chief executive in the approved form; and
 - (b) be accompanied by the fees prescribed under the regulations.
- (2) If asked by the chief executive, the applicant must give the further relevant information or evidence the chief executive requires to decide the application.

55 Consideration of application for issue of authority

- (1) The chief executive must consider an application for the issue of an authority and may issue the authority or refuse to issue it.
- (2) In considering the application, the chief executive must comply with any relevant regulation or management plan.

56 Application for renewal of authority (other than permit)

- (1) The holder of an authority (other than a permit) may apply for its renewal to the chief executive.
- (2) Also, a person may apply to renew an expired former authority if—
 - (a) the person held the former authority immediately before its expiry; and
 - (b) the application is—

- (i) for an authority of the same type, and on substantially the same terms, as the former authority; and
 - (ii) made within 3 months after the expiry.
- (3) However, the chief executive may, at any time, extend the period for applying to renew an expired former authority.
- (4) An application under this section must—
 - (a) be made in the approved form; and
 - (b) be accompanied by the fees prescribed under the regulations.
- (5) If asked by the chief executive, the applicant must give the further relevant information or evidence the chief executive requires to decide the application.

57 Permit not renewable

- (1) A permit can not be renewed.
- (2) However, the holder may apply for the issue of another permit.
- (3) Compensation is not payable if the chief executive refuses to issue another permit.
- (4) However, subsection (3) does not prevent a regulation or management plan providing for payment of compensation.

58 Consideration of application for renewal of authority (other than permit)

- (1) The chief executive must consider an application for renewal of an authority (other than a permit) and may renew the authority or refuse to renew it.
- (2) In considering the application, the chief executive must comply with any relevant regulation or management plan.

[s 59]

- (3) If the application is an application under section 56(2) to renew an expired former authority and the chief executive decides to renew it—
- (a) the chief executive must fix the term of the renewed authority from the day after the former authority expired; but
 - (b) the renewed authority takes effect only from the day the renewed authority is issued.

59 Refusal to issue or renew

- (1) The chief executive may refuse to issue or renew an authority if the chief executive is satisfied the refusal is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

Examples of the bases on which the chief executive may be satisfied—

- 1 The authority was issued in error or because of a document or representation—
 - (a) that is false, misleading or omits a material particular; or
 - (b) obtained or made in another improper way.
- 2 The applicant has been convicted of a fisheries offence.
- 3 The applicant has had any of the following (a *fisheries authority*) cancelled or suspended—
 - a licence, permit, concession or other authority issued under fisheries legislation
 - a fisheries development approval.
- 4 The applicant has not complied with a condition of a fishing authority.
- 5 The applicant has not kept or given returns as required by the chief executive under this Act.
- 6 The applicant has given a false or misleading return to the chief executive under this Act.
- 7 The applicant has been convicted of an indictable offence.
- 8 The applicant has not satisfied the training or competency requirements or other criteria for the authority as decided by the

chief executive or prescribed under a regulation or management plan.

- 9 The applicant has not paid fees payable under this Act.
 - 10 Another matter specified in a relevant regulation or management plan.
- (2) Compensation is not payable if the chief executive refuses to issue or renew an authority.
 - (3) However, subsection (2) does not prevent a regulation or management plan providing for payment of compensation.

60 Notice of refusal of application for issue or renewal etc.

If the chief executive refuses to issue or renew an authority sought by an applicant, the chief executive must promptly—

- (a) give the applicant an information notice for the refusal; and
- (b) refund the fees paid by the applicant, other than fees for assessing the application.

Subdivision 2A Additional requirements for deciding applications for resource allocation authorities

60A Matters chief executive must consider

In deciding an application for a resource allocation authority, the chief executive must have regard to the impact of the development mentioned in the authority on each of the following—

- (a) coastal management under the *Coastal Protection and Management Act 1995*;
- (b) the protection of Queensland waters as required under the *Environmental Protection Act 1994*;

[s 61]

Note—

See the *Environmental Protection (Water) Policy 2009* for the way the environmental values of Queensland waters are to be protected.

- (c) the management of marine parks under the *Marine Parks Act 2004*.

Subdivision 3 Conditions

61 Conditions imposed on issue or renewal—general

- (1) When the chief executive issues or renews an authority, the chief executive may impose reasonable and relevant conditions, including, for example—
 - (a) if the authority is not itself a quota—a condition fixing a quota for the authority; and
 - (b) a condition requiring payment of a bond to ensure the holder will comply with the conditions of the authority; and
 - (c) a condition conferring powers on inspectors; and
 - (d) a condition requiring the holder to install, maintain and use VMS equipment.
- (2) The conditions must be stated in the authority.
- (3) In fixing a quota for an authority, the chief executive must comply with any relevant regulation, management plan or quota declaration.
- (4) If a power conferred on inspectors by a condition of an authority is exercised by an inspector, the power is taken to be exercised with the consent of the authority's holder.
- (5) A power conferred on inspectors by a condition of an authority is not limited by the powers given to an inspector under a provision of this Act.

-
- (6) If an inspector may exercise a power under this Act and under a condition of an authority, the inspector may exercise the power under either or both.
 - (7) To remove any doubt, a condition may be imposed by the chief executive even though the effect is to stop the holder or someone else taking fisheries resources, or using a boat or fishing apparatus that could, apart from the condition, be lawfully taken or used under the authority.
 - (8) Compensation is not payable if conditions are imposed on an authority, or anything previously permitted is prohibited or regulated under the authority.
 - (9) However, subsection (8) does not prevent a regulation or management plan providing for payment of compensation.

62 Conditions imposed under regulations and management plans

- (1) An authority is also subject to the conditions prescribed under a regulation or management plan.
- (2) To remove any doubt, any condition that may be imposed on an authority by the chief executive may be prescribed under a regulation or management plan.

Subdivision 4 Amendment

63 Amendment of authority

- (1) If the chief executive considers an authority (including the conditions stated in it) should be amended, the chief executive must give the holder of the authority a written notice (the *show cause notice*) that—
 - (a) states the proposed amendment; and
 - (b) states the reasons for the proposed amendment; and
 - (c) outlines the facts and circumstances forming the basis of the reasons; and

[s 63]

- (d) invites the holder to show, within a stated time of at least 28 days, why the authority should not be amended.
- (2) The chief executive may amend the authority if, after considering all representations made within the stated time, the chief executive still considers the authority should be amended—
 - (a) in the way mentioned in the show cause notice; or
 - (b) in another way, having regard to the representations.
- (3) If the chief executive decides to amend the authority, the chief executive must give the holder of the authority an information notice for the decision.
- (4) Subsections (1) to (3) do not apply if the authority is amended only—
 - (a) by omitting a condition if the omission does not adversely affect the holder's interests; or
 - (b) for a formal or clerical reason; or
 - (c) in another way that does not adversely affect the holder's interests; or
 - (d) at the holder's request; or
 - (e) by changing a quota for the authority.
- (5) The chief executive may make an amendment of a type mentioned in subsection (4) by written notice given to the holder.
- (6) To remove any doubt, any condition that may be imposed on an authority when it is issued may be imposed on the authority by amendment.
- (7) Compensation is not payable if an authority is amended, or anything previously permitted under the authority is prohibited or regulated.
- (8) However, subsection (7) does not prevent a regulation or management plan providing for payment of compensation.

64 Notice to return authority for alteration after amendment

- (1) The chief executive may, by written notice, require the holder of an authority issued by the chief executive to return the authority to the chief executive within a stated time, of at least 28 days, to enable the chief executive to alter the authority to reflect an amendment made to it.
- (2) The holder must comply with the notice, unless the holder has a reasonable excuse for not complying with it.
Maximum penalty—80 penalty units.
- (3) After altering the authority, the chief executive must return it to the holder.
- (4) The amendment of an authority by the chief executive does not depend on it being altered under this section.

Subdivision 5 Transfer

65 Transfer of authority (other than permit)

- (1) Subject to registration under this subdivision, an authority other than a permit may be transferred unless, under a regulation or management plan, the authority is not transferable either generally or in the circumstances relating to the particular authority.
- (2) On registration of the transfer, all rights and liabilities attaching to the authority vest in the transferee.

65A Application to register transfer of authority

- (1) An application to register the transfer of an authority must—
 - (a) be made to the chief executive in the approved form; and
 - (b) be made by—

[s 65B]

- (ii) otherwise—each holders of the authority immediately before the transfer.
- (2) Without limiting what the approved form may require, it must include—
 - (a) a sufficient description of the authority; and
 - (b) a written declaration by the applicant that—
 - (i) the information in or accompanying the application provided by the applicant is true; and
 - (ii) the applicant has complied with the requirements under this Act that relate to the authority; and
 - (iii) each transferee under the transfer has complied with the requirements under this Act that relate to the authority.
- (3) Unless the transfer is a temporary quota transfer, the application must be accompanied by—
 - (a) the written approval of each person, other than the holder, who has a registered interest in the authority; and
 - (b) if a fee payable under this Act for, or relating to, the authority has not been paid—the chief executive's written approval to the registration of the transfer.
- (4) Also, the application must be accompanied by the fee prescribed under a regulation, unless—
 - (a) the application is made by the internet system mentioned in section 65BA; or
 - (b) the fee is waived under section 65E.

65B Registration of transfer of authority

- (1) An application to register the transfer of an authority is a properly made application if the application complies with section 65A and the transferor and the transferee have complied with any requirements under subsection (2).
- (2) The chief executive may, by written notice, require the transferor or the transferee (the *applicant*) to give the chief

executive further documents or information to enable the chief executive to register the transfer.

- (3) The chief executive must register the transfer of an authority if the chief executive receives a properly made application in relation to the authority.

65BA Internet system for transfer registration applications

- (1) The chief executive may establish an internet system under which—
 - (a) applications may be made to register authority transfers; and
 - (b) the following are made or done automatically on the internet—
 - (i) the decision about whether an application to register a transfer, or a transfer of a particular type, is a properly made application for section 65A;
 - (ii) registration of the transfer.
- (2) However, the use of the system may allow the decision to be made only if the information that the system requires to be given in making the application shows the application is, on its face, a properly made application for section 65A.
- (3) For section 196, a decision made under the system is taken to be a decision of the chief executive under section 65B.

65C Temporary transfers

- (1) A transfer of an authority may be for a stated period (a *temporary transfer*).
- (2) The stated period—
 - (a) may, subject to paragraphs (b) to (d), be fixed by reference to the happening of a stated event; and

[s 65D]

Example for paragraph (a)—

If the entitlement under the relevant authority is subject to a quota, the start or end of the period may be fixed by reference to the start or end of the restriction the subject of the quota.

- (b) must not start before the day the chief executive registers the transfer; and
 - (c) must not be longer than the term of the authority; and
 - (ca) if the authority is a quota—must end at the end of the quota year stated in the application.
- (3) If an authority is subject to a temporary transfer (the *first transfer*), a further temporary transfer of the authority may be registered for a stated period not longer than the period of the first transfer.
- (4) If the chief executive registers a temporary transfer, the chief executive must, as soon as practicable, give the applicants for registration of the temporary transfer written notice stating the temporary transfer of the authority has been registered.

65D Effect of temporary transfer

- (1) This section applies for a temporary transfer until—
- (a) generally—the end of the period for which the transfer is registered; or
 - (b) if, during the period, the chief executive receives a signed notice from each interested party that the transfer has ended—the chief executive’s receipt of the notice.
- (2) A reference in the following to the holder of the transferred authority, or to the holder of an authority, is, if the context permits, taken to include a reference to the transferee as if the transferee were the holder of the transferred authority—
- (a) a provision of this Act, other than section 4, 56, 57, 63(4)(d) and (5), 72 or 73;
 - (b) a regulation or management plan;
 - (c) the conditions of the transferred authority.

-
- (3) The things authorised by the transferred authority—
 - (a) may be done by the transferee as if the transferee were the person who was the holder of the authority immediately before the temporary transfer was registered (the *original holder*); and
 - (b) can not be done by the original holder.
 - (4) Despite the temporary transfer, the original holder continues to be the holder of the transferred authority.
 - (5) If a further temporary transfer is registered for the transferred authority, subsections (2) to (4) apply to the transferee under the first temporary transfer as if a reference to the original holder includes that transferee.
 - (6) Each of the following is an interested party under subsection (1)—
 - (a) the transferor under the temporary transfer;
 - (b) the transferee under the temporary transfer;
 - (c) unless the transfer is a temporary quota transfer—anyone else who has a registered interest in the authority the subject of the temporary transfer.

65E Waiver of fee or requirement on transfer or amendment

- (1) This section applies if the chief executive is satisfied a transfer or an amendment of an authority is necessary—
 - (a) to give effect to—
 - (i) a settlement between spouses or former spouses; or
 - (ii) bankruptcy; or
 - (iii) winding up or administration under the Corporations Act; or
 - (iv) section 70C(3); or

[s 65E]

- (c) because of the loss, at sea, of the boat being used in relation to the authority, through storm, capsizing, collision or fire.
- (2) On an application made under subsection (3), the chief executive must, according to the application—
- (a) waive the prescribed fee for an application for amendment or registration of a transfer of the authority; or

- (5) In this section—
holder, of an authority of a type prescribed under section 70C, includes the personal representative of a deceased holder.

66 Permits not transferable

A permit can not be transferred.

Subdivision 6 Suspension and cancellation

67 Suspension or cancellation of authority by chief executive

- (1) The chief executive may suspend or cancel an authority if the chief executive is satisfied the suspension or cancellation is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

Example—

The examples mentioned in section 59(1) are examples of the bases on which the chief executive may be satisfied.

- (2) In acting under subsection (1), the chief executive may disregard any third party interests in the authority.
- (3) This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

68 Procedure for cancellation or suspension by chief executive

- (1) If the chief executive considers grounds exist under section 67(1) to suspend or cancel an authority (the *proposed action*), the chief executive must give the holder of the authority a written notice that—
- (a) states the proposed action; and
 - (b) states the grounds for the proposed action; and

[s 68]

- (c) outlines the facts and circumstances forming the basis for the grounds; and
 - (d) if the proposed action is suspension of the authority—states the proposed suspension period; and
 - (e) invites the holder to show, within a stated time of at least 28 days, why the proposed action should not be taken.
- (2) If, after considering all written representations made within the stated time, the chief executive still considers grounds to take the proposed action exist, the chief executive may—
- (a) if the proposed action was to suspend the authority for a specified period—suspend the authority for not longer than the proposed suspension period; or
 - (b) if the proposed action was to cancel the authority—either cancel the authority or suspend it for a period.
- (3) The chief executive must inform the holder of the decision by written notice.
- (4) If the chief executive decides to suspend or cancel the authority, the notice must be an information notice for the decision.
- (5) The decision takes effect on the later of—
- (a) the day when the notice is given to the holder; or
 - (b) the day of effect stated in the notice.
- (6) Compensation is not payable if the chief executive suspends or cancels an authority.
- (7) However, subsection (6) does not prevent a regulation or management plan providing for payment of compensation.
- (8) This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

68A Suspension or cancellation of authority for dishonoured payment

- (1) If a person's cheque for payment of the prescribed fee relating to an authority is dishonoured—
 - (a) if the fee is for an application for the authority—the authority is void from the day it was issued; or
 - (b) if the fee is for an application to renew the authority—the authority is suspended from the renewal date until a valid payment is made; or
 - (c) if the fee is for an application to transfer or amend the authority—the transfer or amendment does not take effect until a valid payment is made; or
 - (d) if the fee is an annual fee—the authority is suspended from the day the fee was due until a valid payment is made; or
 - (e) if the fee is any other prescribed fee—the authority is suspended from the day the fee was due until a valid payment is made.
- (2) If the State incurs expense because a person's cheque is dishonoured—
 - (a) the person must reimburse the State for the expense incurred; and
 - (b) the amount of the expense may be recovered as a debt payable by the person to the State.
- (3) In this section—

cheque includes a method of payment other than by cash.

dishonoured includes not honoured on presentation.

68AB Suspension or cancellation for non-payment of fee other than because of dishonoured cheque

- (1) This section applies if—
 - (a) a fee payable under this Act for or relating to an authority is not paid; and

[s 68AB]

- (b) the authority is not suspended under section 68A; and
 - (c) the fee is not for an application to which section 68A(1)(c) applies.
- (2) The chief executive may give the holder of the authority a notice warning the holder that, under this section—
- (a) the authority will be suspended unless the fee is paid or a repayment agreement for the fee is made within 30 days after the giving of the notice; and
 - (b) if the authority is a commercial fisher licence—it will be cancelled unless the fee is paid or a repayment agreement for the fee is made within 90 days after the giving of the notice.
- (3) If the fee is not paid or a repayment agreement for the fee is not made within 30 days after the giving of the notice the authority is suspended.
- (4) The suspension ends if the fee is paid within 90 days after the giving of the notice.
- (5) If—
- (a) the authority is a commercial fisher licence; and
 - (b) the fee is not paid or a repayment agreement for the fee is not made within 90 days after the giving of the notice;
- the authority is cancelled.
- (6) Otherwise, the suspension continues until and unless the fee is paid or a repayment agreement for the fee is made.
- (7) In this section—

commercial fisher licence means an authority that, under a regulation, is described as a commercial fisher licence.

repayment agreement, for a fee, means a written agreement between the holder of the authority and the chief executive for the payment of the fee.

68B Suspension or cancellation of authority by court

- (1) This section applies if a court convicts the holder of an authority of a serious fisheries offence, whether or not a conviction is recorded.
- (2) The court may, in addition to, or instead of, imposing the fine prescribed under this Act for the offence, suspend or cancel the authority and any quota relating to the authority.
- (3) If an authority is suspended under subsection (2) for a period of time, any quota relating to the authority is suspended for the same period of time.
- (4) In acting under subsection (2), the court—
 - (a) may disregard any third party interests in the authority; and
 - (b) must have regard to—
 - (i) the criteria prescribed under a regulation or a management plan for suspension or cancellation of an authority; and
 - (ii) the fine the court imposes for the offence.
- (5) The court may, if considered appropriate in the circumstances, have regard to any previous conviction of the authority holder under this Act.
- (6) The court may impose a cumulative or concurrent suspension period, as the court considers appropriate, if—
 - (a) the court convicts the holder of more than 1 serious fisheries offence; or
 - (b) during the suspension period, the holder is again convicted of a serious fisheries offence.
- (7) This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

69 Effect of suspension on renewal

If an authority has been suspended, it may be renewed but continues to be suspended until the end of the suspension period.

69A Effect of suspension on issue or transfer of another authority

- (1) If an authority (the *suspended authority*) has been suspended, the chief executive may not accept an application—
 - (a) to issue another authority, or register a transfer of another authority, to the holder of the suspended authority, if the other authority would allow the holder to carry out the activities otherwise allowed under the suspended authority, during the period the suspended authority is suspended; or
 - (b) to register a transfer of the authority to another person during the period the suspended authority is suspended.
- (2) However, subsection (1)(b) does not apply if—
 - (a) the suspension is under section 68AB; and
 - (b) the chief executive has, under section 65A(3)(b), given written approval to the registration of the transfer.
- (3) To remove any doubt, it is declared that subsection (2) does not affect the suspension under section 68AB.

69B Further fees continue to be payable for suspended authority

- (1) This section applies if an authority is suspended.
- (2) To remove any doubt, it is declared that the suspension has no effect on a liability under this Act to pay the full amount of a further fee for or relating to the suspended authority.
- (3) Subsection (2) continues to apply for the amount even if the suspended authority is later cancelled.

70 Authority to be returned

- (1) The holder of an authority suspended, or the former holder of an authority cancelled, must return the authority to the chief executive within 7 days after the suspension or cancellation takes effect, unless the person has a reasonable excuse for not returning it or not returning it within that time.

Maximum penalty—80 penalty units.

- (2) If a suspended authority is returned to the chief executive, the chief executive must return it to the holder at the end of the suspension period.

70C Continuance of particular authorities

- (1) This section applies only if the authority is of a type prescribed under a regulation or management plan.
- (2) If, immediately before the individual's death, the individual was the only holder of the authority—
 - (a) the authority continues in force, subject to this Act; and
 - (b) the individual's personal representative becomes the holder of the authority.

[s 70D]

- (3) If, immediately before the death, there was more than 1 holder of the authority—
 - (a) the individual's personal representative becomes a holder of the authority; and
 - (b) the other holders of the authority continue to be holders of the authority, unaffected by the individual's death.
- (4) A personal representative who, under this section, becomes a holder takes the entitlement the individual had under the authority immediately before the death.

70D Provisions for changeover to personal representative

- (1) This section applies if, under section 70C, a personal representative (the *new holder*) becomes a holder of the authority.
- (2) The change in the holdership to the new holder is taken to be a circumstance for section 73(3).

Maximum penalty—300 penalty units.

- (4) A person may, on payment of the fee prescribed under the regulations and subject to reasonable conditions imposed by the chief executive—

Maximum penalty—1000 penalty units.

Division 3A Fisheries development approvals

Subdivision 1 Particular fisheries development also requires a resource allocation authority

76A Application of sdiv 1

This subdivision applies to the following development—

- (a) assessable development prescribed under the Planning Act, section 232(1) that is building work in a declared fish habitat area or operational work completely or partly within a declared fish habitat area, to the extent the development is carried out in Queensland waters or on land other than freehold land (*prescribed declared fish habitat area development*);
- (b) assessable development prescribed under the Planning Act, section 232(1) that is making a material change of use of premises for aquaculture, if it is carried out completely in Queensland waters or on unallocated tidal land (*prescribed aquaculture development*).

[s 76C]

76C Nature of fisheries development approval for which resource allocation authority required

- (1) A fisheries development approval authorises a person to carry out development under the approval only if the person also holds—
 - (a) for prescribed declared fish habitat area development—a resource allocation authority for interfering with a declared fish habitat area; or
 - (b) for prescribed aquaculture development—a resource allocation authority for interfering with fish habitat in Queensland waters or on unallocated tidal land.

Note—

See also section 88B (Carrying out particular development without resource allocation authority).

- (2) Also, despite section 245 of the Planning Act, the approval attaches to the area mentioned in the resource allocation authority for the development.

Subdivision 2 Assessment of development applications for fisheries development approval generally

76D Matters chief executive must consider for Planning Act

- (1) In assessing a development application for a fisheries development approval the chief executive must consider the potential impact the development would have on—
 - (a) the management, use, development and protection of fisheries resources and fish habitats; and
 - (b) the management of aquaculture activities.
- (2) Also, in assessing a development application for a fisheries development approval for the construction or raising of a waterway barrier works, the chief executive must have regard to the *Water Act 2000*.

-
- (3) Subsections (1) and (2) do not limit the matters that the chief executive may consider in assessing the application.

Note—

See the Planning Act, section 282 (Referral agency assesses application) and chapter 6 (Integrated development assessment system (IDAS)), part 5 (Decision stage), division 2 (Assessment process).

Subdivision 3 Assessment of development applications for construction or raising of waterway barrier works

76E Application for fish movement exemption notice

- (1) A person intending to make a development application for the construction or raising of a waterway barrier works in an area may apply to the chief executive for a fish movement exemption notice for the area.
- (2) The application must be—
- (a) made in the approved form; and
 - (b) accompanied by the prescribed fee; and
 - (c) made before the person makes the development application.
- (3) If asked by the chief executive, the applicant must give, within the period stated by the chief executive, the further relevant information or evidence the chief executive requires to decide the application.
- (4) The stated period must be at least 28 days after the further information is requested.
- (5) If the applicant does not give the chief executive the further information within the stated period, the chief executive may decide the application without the further information.

[s 76F]

76F Deciding application for fish movement exemption notice

- (1) The chief executive must consider the application for a fish movement exemption notice for an area and give or refuse to give the notice.
- (2) In considering the application, the chief executive must have regard to—
 - (a) if the application relates to tidal waters—the *Coastal Protection and Management Act 1995*; or
 - (b) if the application relates to non-tidal waters—the *Water Act 2000*.
- (3) The chief executive may give the notice only if the chief executive is reasonably satisfied it is not necessary or desirable, for the best management, use, development or protection of fisheries resources or fish habitats, for a proposed construction or raising of a waterway barrier works in the area to provide for the movement of fish across the barrier works.

Examples, for subsection (3), of the bases on which the chief executive may be satisfied—

- 1 Allowing for fish movement in the area is not necessary because—
 - (a) there are no fish located in the area; or
 - (b) it is not necessary for the fish located in the area to access the fish habitat upstream of the area.
 - 2 There are other barriers in the area which prevent the movement of fish located in the area.
- (4) The notice must state the period, not longer than 4 years, for which the exemption notice applies.
 - (5) If the chief executive refuses to give the notice, the chief executive must give the applicant an information notice for the refusal.

76G When chief executive may approve applications relating to waterway barrier works

- (1) This section applies to a development application for the construction or raising of a waterway barrier works.
- (2) When giving a concurrence agency response to the assessment manager for the application, the chief executive must tell the assessment manager to refuse the application unless—
 - (a) the chief executive is reasonably satisfied—
 - (i) the waterway barrier works includes, or will include, a fish way that adequately provides for the movement of fish across the barrier works; or
 - (ii) the movement of fish across the waterway barrier works is, or will be, adequately provided for in another way; or

Example of basis on which the chief executive may be satisfied for subparagraph (ii)—

The height of the waterway barrier works allows, or will allow, enough water to flow across the barrier works to adequately provide for the movement of fish across the barrier works.

- (iii) the waterway barrier works is intended to exist only for a temporary period and the disruption, during the period, to fish movement in the area in which the barrier works is, or is to be, located is acceptable, having regard to the objectives of this Act; or
- (iv) it is not necessary or desirable, for the best management, use, development or protection of fisheries resources or fish habitats, for the waterway barrier works to provide for the movement of fish across the barrier works; or

Examples of the bases on which the chief executive may be satisfied for subparagraph (iv)—

- 1 Allowing for fish movement in the area where the waterway barrier works is, or is to be, located is not necessary because—

[s 76H]

- (a) there are no fish located in the area; or
 - (b) it is not necessary for the fish located in the area to access the fish habitat upstream of the area.
- 2 There are other barriers in the area where the waterway barrier works is, or is to be, located which prevent the movement of fish located in the area.
- (b) the chief executive has given a fish movement exemption notice for the area where the waterway barrier works is, or is to be, located and the notice still applies.

Note—

See the Planning Act, sections 287 (Concurrence agency's response powers), 288 (Limitation on concurrence agency's power to refuse application), 289 (Concurrence agency's response to include reasons for refusal or conditions) and 325 (Effect of concurrence agency's response).

Subdivision 4 Conditions on fisheries development approvals generally

76H Relationship between sdiv 4 and Planning Act

This subdivision applies subject to chapter 6, part 5, division 6 of the Planning Act.

76I Conditions on fisheries development approvals generally

- (2) This section applies if—
- (a) particular declared fisheries resources (the ***suspect fisheries resources***) are part of declared fisheries resources in a heap, collection or container; and
 - (b) an inspector believes, on reasonable grounds, that—
 - (i) a forfeiture offence has been committed in relation to the suspect fisheries resources; and
 - (ii) the weight or number of the suspect fisheries resources expressed as a percentage of the total weight or number of the declared fisheries resources in the heap, collection or container is more than the threshold percentage for the fisheries resources.

Examples of heap, collection or container—

- 1 a freezer on a boat stocked with a large quantity of frozen scallops
- 2 fish in a processing establishment where, because of the quantity of the fish, it is impracticable to count the fish of a particular species or type

Examples of the ways an inspector may form a belief on reasonable grounds—

a statistical test or random sampling of the declared fisheries resources in the heap, collection or container

- (3) The inspector may seize all the fisheries resources in the heap, collection or container and, if the fisheries resources are in a container, the container.
- (4) If a person is later convicted of a forfeiture offence in relation to the suspect fisheries resources, then, for the purposes of the forfeiture of the fisheries resources in the heap, collection or container, all of those fisheries resources are taken to be fisheries resources the subject of the offence.

155 Power to seize explosives etc.

- (1) If—
 - (a) an inspector finds a person on a boat, a foreshore, or a bed, bank or border of a body of water; and
 - (b) the person is in possession of an explosive, powerhead or other explosive propelled missile, firearm, noxious substance, or device that creates an electrical field in waters or on land, (the *suspect thing*); and
 - (c) the inspector believes, on reasonable grounds, the suspect thing has just been used, or is just about to be used, to commit an offence against this Act;the inspector may seize the suspect thing.
- (2) This section is in addition to, and does not limit, any other seizure powers of an inspector.

- (1) This section applies if an inspector is permitted to seize a boat, vehicle or anything else.
- (2) To enable the boat, vehicle or other thing to be seized, an inspector may, by written notice given to the person in control of the boat, vehicle or thing, require the person—
 - (a) to take it to a specified reasonable place by a specified reasonable time; and
 - (b) if necessary, to remain in control of it at the place for a reasonable time.
- (3) If, for any reason, it is not practicable to make the requirement by a written notice, the requirement may be made orally and confirmed by written notice as soon as practicable.
- (4) A person must comply with a requirement under this section, unless the person has a reasonable excuse for not complying with it.

Maximum penalty—200 penalty units.

[s 157]

- (5) Nothing in this section prevents an inspector making a further requirement under this section of the same person or another person in relation to the same boat, vehicle or thing, if it is necessary and reasonable to make the further requirement.

Division 3 Procedures after seizure

Subdivision 1 General

157 Receipt to be given

- (1) As soon as practicable after a thing (including a boat or vehicle) is seized by an inspector under this Act, the inspector must give a receipt for it to the person from whom it was seized.
- (2) The receipt must describe generally the condition of the thing seized and, if more than 1 thing is seized, must include an inventory or general description of them.
- (3) If, for any reason, it is not practicable to comply with subsection (1), the inspector must—
- (a) leave the receipt at the place where the thing is seized; and

- (4) This section does not apply if—
- (a) it is not practicable to comply with subsection (1) or (3); and

Example of subsection (4)—

An inspector seizes an unattended crab pot or net that the inspector finds in a creek.

158 Inspector to allow inspection etc.

Until a seized thing is forfeited, returned or otherwise finally dealt with under this Act, an inspector must allow a person who would be entitled to possession of it, if it had not been seized, to inspect it and, if it is a document, make copies of it.

159 Inspector may dispose of fisheries resources taken unlawfully

- (1) This section applies if fisheries resources are seized under this Act and an inspector believes, on reasonable grounds, that the fisheries resources have been taken unlawfully.
- (2) If the fisheries resources are alive, the inspector may immediately return them to the wild or, if appropriate, the place from which they were taken.
- (3) If the fisheries resources are dead and the inspector believes, on reasonable grounds, that they are diseased, putrid, unfit for sale, of no value or of insufficient value to justify their sale, the inspector may immediately dispose of the fisheries resources in a way decided by the inspector.

160 When seized fisheries resources become property of State

- (1) This section applies if fish are seized under this Act and are not immediately returned to the wild or otherwise disposed of by an inspector under this subdivision.
- (2) However, this section stops applying if the fisheries resources are sold under section 160A.
- (3) The fisheries resources become the property of the State if—
 - (a) their seizure is not the subject of an appeal to a Magistrates Court within 7 days after their seizure; or

[s 160A]

- (5) If the fisheries resources do not have a market value or it is not practicable to sell them, the chief executive may dispose of them in any reasonable way decided by the chief executive or in a way agreed with the owner of the fisheries resources.
- (6) However, if the fisheries resources are not fish that were live when they were seized and the seizure of the fisheries resources is the subject of an appeal to a Magistrates Court, the court may give directions about how the fisheries resources are to be sold or disposed of, whether or not it confirms the seizure.

[s 163]

- (4) However, the chief executive may keep the seized thing if the chief executive believes, on reasonable grounds, the thing is liable to forfeiture under this Act.
