1 Short title
This Act may be cited as the Fisheries Act 1994.

2 Commencement
This Act commences on a day to be fixed by proclamation.

Division 2 Objectives

3 Particular purposes of Act
(1) The main purpose of this Act is to provide for the use, conservation and enhancement of the community’s fisheries resources and fish habitats in a way that seeks to—
   (a) apply and balance the principles of ecologically sustainable development; and
   (b) promote ecologically sustainable development.
(2) In balancing the principles, each principle is to be given the relative emphasis appropriate in the circumstances.

(3) Despite the main purpose of this Act, a further purpose of this Act is to reduce the possibility of shark attacks on humans in coastal waters of the State adjacent to coastal beaches used for bathing.

(4) Subsections (1) and (3) do not limit the purposes of this Act.

(5) In this section—

(a) the ecological processes on which life depends are maintained; and

(b) the total quality of life, both now and in the future, can be improved.

precautionary principle means the principle that, if there is a threat of serious or irreversible environmental damage, lack of scientific certainty should not be used as a reason to postpone measures to prevent environment degradation, or possible environmental degradation, because of the threat.

principles of ecologically sustainable development means the following principles—

(a) enhancing individual and community wellbeing through economic development that safeguards the wellbeing of future generations;

(b) providing fairness within and between generations;

(g) considering the need to develop a strong, growing and diversified economy that can enhance the capacity for environmental protection;

(h) that decisions and actions should provide for broad community involvement on issues affecting them;

(i) the precautionary principle.

3A How particular purposes are to be primarily achieved

(1) The main purpose of this Act is to be primarily achieved by—

(a) giving the chief executive appropriate powers to perform the chief executive’s functions under this Act; and

*Example—*

A declaration may regulate taking or possessing fish in an area to protect dugong in the area.

46 **Emergency fisheries declarations**

(1) A fisheries declaration under this division may be made because of an emergency (an *emergency fisheries declaration*).

(2) The chief executive may make an emergency fisheries declaration only if the chief executive is satisfied that urgent action is needed to meet a significant threat to fisheries resources or a fish habitat or another emergency.

### 47 Compensation not payable on making, amendment or repeal

(1) Compensation is not payable if a fisheries declaration (including an emergency fisheries declaration) is made, amended or repealed, or anything previously permitted is prohibited or regulated under the declaration.

(2) However, subsection (1) does not prevent a regulation, management plan or fisheries declaration providing for payment of compensation.

### 48 Relationship between fisheries declaration under div 2 and other subordinate legislation

(1) If there is an inconsistency between a regulation or management plan and a fisheries declaration under this division, the regulation or management plan prevails to the extent of the inconsistency.

(2) However, if there is an inconsistency between an emergency fisheries declaration, a regulation, management plan or fisheries declaration under this division that is not an emergency fisheries declaration, the emergency fisheries declaration prevails to the extent of the inconsistency.
Division 3   Authorities issued under Act

Subdivision 1   General

49 Authorities that may be issued under Act

(1) A regulation or management plan may prescribe the authorities that the chief executive may issue under this Act.

(2) A regulation or management plan may also provide that an authority may or may not be issued for a stated activity or thing.

52 Things authorised by authorities

(1) An authority authorises the holder of the authority to do the things permitted under a regulation or management plan or stated in the authority.

(2) A regulation or management plan, or the authority itself, may also authorise other persons to do all or any of the things authorised by it.

Example of someone else authorised by an authority—

a person who is a member of the crew of a boat owned by the holder

(3) However, an authority does not authorise the holder or anyone else (other than an inspector) to enter, or remain on, someone else’s land.

(4) Also, a resource allocation authority does not confer on the holder—

(a) any right of ownership or tenure over the land, waters or resources mentioned in the authority; or

(b) the right to carry out the development mentioned in the authority, unless the development is also authorised under the Planning Act.

Note—

See also section 76T and the Planning Act, section 163.
53 Form, content and term of authorities

An authority—
(a) must be in the approved form; and
(b) must contain the particulars decided by the chief executive; and
(c) is issued—
   (i) for the term stated in it; or
   (ii) if no term is stated in the authority—until it is cancelled or surrendered or it otherwise expires under this Act.

Subdivision 2 Issue and renewal

54 Application for authority

(1) An application for the issue of an authority must—
   (a) be made to the chief executive in the approved form; and
   (b) be accompanied by the fees prescribed under the regulations.

(2) If asked by the chief executive, the applicant must give the further relevant information or evidence the chief executive requires to decide the application.

55 Consideration of application for issue of authority

(1) The chief executive must consider an application for the issue of an authority and may issue the authority or refuse to issue it.

(2) In considering the application, the chief executive must comply with any relevant regulation or management plan.
56 Application for renewal of authority (other than permit)

1. The holder of an authority (other than a permit) may apply for its renewal to the chief executive.

2. Also, a person may apply to renew an expired former authority if—
   (a) the person held the former authority immediately before its expiry; and
   (b) the application is—
      (i) for an authority of the same type, and on substantially the same terms, as the former authority; and
      (ii) made within 3 months after the expiry.

3. However, the chief executive may, at any time, extend the period for applying to renew an expired former authority.

4. An application under this section must—
   (a) be made in the approved form; and
   (b) be accompanied by the fees prescribed under the regulations.

5. If asked by the chief executive, the applicant must give the further relevant information or evidence the chief executive requires to decide the application.

57 Permit not renewable

1. A permit can not be renewed.

2. However, the holder may apply for the issue of another permit.

3. Compensation is not payable if the chief executive refuses to issue another permit.

4. However, subsection (3) does not prevent a regulation or management plan providing for payment of compensation.
58 **Consideration of application for renewal of authority (other than permit)**

(1) The chief executive must consider an application for renewal of an authority (other than a permit) and may renew the authority or refuse to renew it.

(2) In considering the application, the chief executive must comply with any relevant regulation or management plan.

(3) If the application is an application under section 56(2) to renew an expired former authority and the chief executive decides to renew it—

   (a) the chief executive must fix the term of the renewed authority from the day after the former authority expired; but

   (b) the renewed authority takes effect only from the day the renewed authority is issued.

59 **Refusal to issue or renew**

(1) The chief executive may refuse to issue or renew an authority if the chief executive is satisfied the refusal is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

   *Examples of the bases on which the chief executive may be satisfied—*

   1 The authority was issued in error or because of a document or representation—

   (a) that is false, misleading or omits a material particular; or

   (b) obtained or made in another improper way.

   2 The applicant has been convicted of a fisheries offence.

   3 The applicant has had any of the following (a **fisheries authority**) cancelled or suspended—

   • a licence, permit, concession or other authority issued under fisheries legislation

   • a fisheries development approval.

   4 The applicant has not complied with a condition of a fishing authority.
5 The applicant has not kept or given returns as required by the chief executive under this Act.
6 The applicant has given a false or misleading return to the chief executive under this Act.
7 The applicant has been convicted of an indictable offence.
8 The applicant has not satisfied the training or competency requirements or other criteria for the authority as decided by the chief executive or prescribed under a regulation or management plan.
9 The applicant has not paid fees payable under this Act.
10 Another matter specified in a relevant regulation or management plan.

(2) Compensation is not payable if the chief executive refuses to issue or renew an authority.

(3) However, subsection (2) does not prevent a regulation or management plan providing for payment of compensation.

60 Notice of refusal of application for issue or renewal etc.

If the chief executive refuses to issue or renew an authority sought by an applicant, the chief executive must promptly—

(a) give the applicant an information notice for the refusal; and
(b) refund the fees paid by the applicant, other than fees for assessing the application.

Subdivision 2A Additional requirements for deciding applications for resource allocation authorities

60A Matters chief executive must consider

In deciding an application for a resource allocation authority, the chief executive must have regard to the impact of the development mentioned in the authority on each of the following—
(a) coastal management under the *Coastal Protection and Management Act 1995*;

(b) the protection of Queensland waters as required under the *Environmental Protection Act 1994*;

*Note*—

See the *Environmental Protection (Water) Policy 2009* for the way the environmental values of Queensland waters are to be protected.

(c) the management of marine parks under the *Marine Parks Act 2004*.

**Subdivision 3 Conditions**

**61 Conditions imposed on issue or renewal—general**

(1) When the chief executive issues or renews an authority, the chief executive may impose reasonable and relevant conditions, including, for example—

(a) if the authority is not itself a quota—a condition fixing a quota for the authority; and

(b) a condition requiring payment of a bond to ensure the holder will comply with the conditions of the authority; and

(c) a condition conferring powers on inspectors; and

(d) a condition requiring the holder to install, maintain and use VMS equipment.

(2) The conditions must be stated in the authority.

(3) In fixing a quota for an authority, the chief executive must comply with any relevant regulation, management plan or quota declaration.

(4) If a power conferred on inspectors by a condition of an authority is exercised by an inspector, the power is taken to be exercised with the consent of the authority’s holder.
(5) A power conferred on inspectors by a condition of an authority is not limited by the powers given to an inspector under a provision of this Act.

(6) If an inspector may exercise a power under this Act and under a condition of an authority, the inspector may exercise the power under either or both.

(7) To remove any doubt, a condition may be imposed by the chief executive even though the effect is to stop the holder or someone else taking fisheries resources, or using a boat or fishing apparatus that could, apart from the condition, be lawfully taken or used under the authority.

(8) Compensation is not payable if conditions are imposed on an authority, or anything previously permitted is prohibited or regulated under the authority.

(9) However, subsection (8) does not prevent a regulation or management plan providing for payment of compensation.

### 62 Conditions imposed under regulations and management plans

(1) An authority is also subject to the conditions prescribed under a regulation or management plan.

(2) To remove any doubt, any condition that may be imposed on an authority by the chief executive may be prescribed under a regulation or management plan.

### Subdivision 4 Amendment

#### 63 Amendment of authority

(1) If the chief executive considers an authority (including the conditions stated in it) should be amended, the chief executive must give the holder of the authority a written notice (the *show cause notice*) that—

(a) states the proposed amendment; and
(b) states the reasons for the proposed amendment; and
(c) outlines the facts and circumstances forming the basis of the reasons; and
(d) invites the holder to show, within a stated time of at least 28 days, why the authority should not be amended.

(2) The chief executive may amend the authority if, after considering all representations made within the stated time, the chief executive still considers the authority should be amended—
(a) in the way mentioned in the show cause notice; or
(b) in another way, having regard to the representations.

(3) If the chief executive decides to amend the authority, the chief executive must give the holder of the authority an information notice for the decision.

(4) Subsections (1) to (3) do not apply if the authority is amended only—
(a) by omitting a condition if the omission does not adversely affect the holder’s interests; or
(b) for a formal or clerical reason; or
(c) in another way that does not adversely affect the holder’s interests; or
(d) at the holder’s request; or
(e) by changing a quota for the authority.

(5) The chief executive may make an amendment of a type mentioned in subsection (4) by written notice given to the holder.

(6) To remove any doubt, any condition that may be imposed on an authority when it is issued may be imposed on the authority by amendment.

(7) Compensation is not payable if an authority is amended, or anything previously permitted under the authority is prohibited or regulated.
(8) However, subsection (7) does not prevent a regulation or management plan providing for payment of compensation.

64 Notice to return authority for alteration after amendment

(1) The chief executive may, by written notice, require the holder of an authority issued by the chief executive to return the authority to the chief executive within a stated time, of at least 28 days, to enable the chief executive to alter the authority to reflect an amendment made to it.

(2) The holder must comply with the notice, unless the holder has a reasonable excuse for not complying with it.

Maximum penalty—80 penalty units.

(3) After altering the authority, the chief executive must return it to the holder.

(4) The amendment of an authority by the chief executive does not depend on it being altered under this section.

Subdivision 5 Transfer

65 Transfer of authority (other than permit)

(1) Subject to registration under this subdivision, an authority other than a permit may be transferred unless, under a regulation or management plan, the authority is not transferable either generally or in the circumstances relating to the particular authority.

(2) On registration of the transfer, all rights and liabilities attaching to the authority vest in the transferee.

65A Application to register transfer of authority

(1) An application to register the transfer of an authority must—

(a) be made to the chief executive in the approved form; and

(b) be made by—
(i) if the transfer is a temporary quota transfer—the transferor under the transfer; or
(ii) otherwise—each holder of the authority immediately before the transfer.

(2) Without limiting what the approved form may require, it must include—
   (a) a sufficient description of the authority; and
   (b) a written declaration by the applicant that—
      (i) the information in or accompanying the application provided by the applicant is true; and
      (ii) the applicant has complied with the requirements under this Act that relate to the authority; and
      (iii) each transferee under the transfer has complied with the requirements under this Act that relate to the authority.

(3) Unless the transfer is a temporary quota transfer, the application must be accompanied by—
   (a) the written approval of each person, other than the holder, who has a registered interest in the authority; and
   (b) if a fee payable under this Act for, or relating to, the authority has not been paid—the chief executive’s written approval to the registration of the transfer.

(4) Also, the application must be accompanied by the fee prescribed under a regulation, unless—
   (a) the application is made by the internet system mentioned in section 65BA; or
   (b) the fee is waived under section 65E.

65B  Registration of transfer of authority

(1) An application to register the transfer of an authority is a properly made application if the application complies with section 65A and the transferor and the transferee have complied with any requirements under subsection (2).
(2) The chief executive may, by written notice, require the transferor or the transferee (the applicant) to give the chief executive further documents or information to enable the chief executive to register the transfer.

(3) The chief executive must register the transfer of an authority if the chief executive receives a properly made application in relation to the authority.

65BA Internet system for transfer registration applications

(1) The chief executive may establish an internet system under which—

(a) applications may be made to register authority transfers; and

(b) the following are made or done automatically on the internet—

(i) the decision about whether an application to register a transfer, or a transfer of a particular type, is a properly made application for section 65A;

(ii) registration of the transfer.

(2) However, the use of the system may allow the decision to be made only if the information that the system requires to be given in making the application shows the application is, on its face, a properly made application for section 65A.

(3) For section 196, a decision made under the system is taken to be a decision of the chief executive under section 65B.

65C Temporary transfers

(1) A transfer of an authority may be for a stated period (a temporary transfer).

(2) The stated period—

(a) may, subject to paragraphs (b) to (d), be fixed by reference to the happening of a stated event; and
Example for paragraph (a)—

If the entitlement under the relevant authority is subject to a quota, the start or end of the period may be fixed by reference to the start or end of the restriction the subject of the quota.

(b) must not start before the day the chief executive registers the transfer; and

(c) must not be longer than the term of the authority; and

(ca) if the authority is a quota—must end at the end of the quota year stated in the application.

(3) If an authority is subject to a temporary transfer (the first transfer), a further temporary transfer of the authority may be registered for a stated period not longer than the period of the first transfer.

(4) If the chief executive registers a temporary transfer, the chief executive must, as soon as practicable, give the applicants for registration of the temporary transfer written notice stating the temporary transfer of the authority has been registered.

65D Effect of temporary transfer

(1) This section applies for a temporary transfer until—

(a) generally—the end of the period for which the transfer is registered; or

(b) if, during the period, the chief executive receives a signed notice from each interested party that the transfer has ended—the chief executive’s receipt of the notice.

(2) A reference in the following to the holder of the transferred authority, or to the holder of an authority, is, if the context permits, taken to include a reference to the transferee as if the transferee were the holder of the transferred authority—

(a) a provision of this Act, other than section 4, 56, 57, 63(4)(d) and (5), 72 or 73;

(b) a regulation or management plan;

(c) the conditions of the transferred authority.
(3) The things authorised by the transferred authority—
   (a) may be done by the transferee as if the transferee were the person who was the holder of the authority immediately before the temporary transfer was registered (the original holder); and
   (b) can not be done by the original holder.

(4) Despite the temporary transfer, the original holder continues to be the holder of the transferred authority.

(5) If a further temporary transfer is registered for the transferred authority, subsections (2) to (4) apply to the transferee under the first temporary transfer as if a reference to the original holder includes that transferee.

(6) Each of the following is an interested party under subsection (1)—
   (a) the transferor under the temporary transfer;
   (b) the transferee under the temporary transfer;
   (c) unless the transfer is a temporary quota transfer—anyone else who has a registered interest in the authority the subject of the temporary transfer.

65E  Waiver of fee or requirement on transfer or amendment

(1) This section applies if the chief executive is satisfied a transfer or an amendment of an authority is necessary—
   (a) to give effect to—
      (i) a settlement between spouses or former spouses; or
      (ii) bankruptcy; or
      (iii) winding up or administration under the Corporations Act; or
      (iv) section 70C(3); or
   (b) to administer a deceased estate; or
(c) because of the loss, at sea, of the boat being used in relation to the authority, through storm, capsize, collision or fire.

(2) On an application made under subsection (3), the chief executive must, according to the application—

(a) waive the prescribed fee for an application for amendment or registration of a transfer of the authority; or

(b) waive the requirement under a regulation or a management plan, on application to amend or register the transfer of the authority, to do any of the following before the chief executive grants the application—

(i) surrender another authority;

(ii) apply to amend another authority by removing a fishery symbol;

(iii) amend the authority in some other way that is not beneficial to the authority holder.

(3) An application for the waiver of a prescribed fee or a requirement—

(a) must be made jointly by each holder of the authority and any proposed transferee; and

(b) must be made to the chief executive in the approved form; and

(c) must be accompanied by—

(i) the application for amendment or registration of a transfer; and

(ii) sufficient documentary evidence to support the application for waiver.

Examples of documentary evidence—

(4) If asked by the chief executive, the applicant must give the further relevant information or evidence the chief executive reasonably requires to decide the application.
(5) In this section—

66 Permits not transferable

A permit can not be transferred.

Subdivision 6 Suspension and cancellation

67 Suspension or cancellation of authority by chief executive

(1) The chief executive may suspend or cancel an authority if the chief executive is satisfied the suspension or cancellation is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

Example—

The examples mentioned in section 59(1) are examples of the bases on which the chief executive may be satisfied.

(2) In acting under subsection (1), the chief executive may disregard any third party interests in the authority.

(3) This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

68 Procedure for cancellation or suspension by chief executive

(1) If the chief executive considers grounds exist under section 67(1) to suspend or cancel an authority (the proposed action), the chief executive must give the holder of the authority a written notice that—

(a) states the proposed action; and

(b) states the grounds for the proposed action; and
(c) outlines the facts and circumstances forming the basis for the grounds; and

(d) if the proposed action is suspension of the authority—states the proposed suspension period; and

(e) invites the holder to show, within a stated time of at least 28 days, why the proposed action should not be taken.

(2) If, after considering all written representations made within the stated time, the chief executive still considers grounds to take the proposed action exist, the chief executive may—

(a) if the proposed action was to suspend the authority for a specified period—suspend the authority for not longer than the proposed suspension period; or

(b) if the proposed action was to cancel the authority—either cancel the authority or suspend it for a period.

(3) The chief executive must inform the holder of the decision by written notice.

(4) If the chief executive decides to suspend or cancel the authority, the notice must be an information notice for the decision.

(5) The decision takes effect on the later of—

(a) the day when the notice is given to the holder; or

(b) the day of effect stated in the notice.

(6) Compensation is not payable if the chief executive suspends or cancels an authority.

(7) However, subsection (6) does not prevent a regulation or management plan providing for payment of compensation.

(8) This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

68A Suspension or cancellation of authority for dishonoured payment

(1) If a person’s cheque for payment of the prescribed fee relating to an authority is dishonoured—
(a) if the fee is for an application for the authority—the authority is void from the day it was issued; or

(b) if the fee is for an application to renew the authority—the authority is suspended from the renewal date until a valid payment is made; or

(c) if the fee is for an application to transfer or amend the authority—the transfer or amendment does not take effect until a valid payment is made; or

(d) if the fee is an annual fee—the authority is suspended from the day the fee was due until a valid payment is made; or

(e) if the fee is any other prescribed fee—the authority is suspended from the day the fee was due until a valid payment is made.

(2) If the State incurs expense because a person’s cheque is dishonoured—

(a) the person must reimburse the State for the expense incurred; and

(b) the amount of the expense may be recovered as a debt payable by the person to the State.

(3) In this section—

cheque includes a method of payment other than by cash.

dishonoured includes not honoured on presentation.

68AB Suspension or cancellation for non-payment of fee other than because of dishonoured cheque

(1) This section applies if—

(a) a fee payable under this Act for or relating to an authority is not paid; and

(b) the authority is not suspended under section 68A; and

(c) the fee is not for an application to which section 68A(1)(c) applies.
(2) The chief executive may give the holder of the authority a notice warning the holder that, under this section—

(a) the authority will be suspended unless the fee is paid or a repayment agreement for the fee is made within 30 days after the giving of the notice; and

(b) if the authority is a commercial fisher licence—it will be cancelled unless the fee is paid or a repayment agreement for the fee is made within 90 days after the giving of the notice.

(3) If the fee is not paid or a repayment agreement for the fee is not made within 30 days after the giving of the notice the authority is suspended.

(4) The suspension ends if the fee is paid within 90 days after the giving of the notice.

(5) If—

(a) the authority is a commercial fisher licence; and

(b) the fee is not paid or a repayment agreement for the fee is not made within 90 days after the giving of the notice;

the authority is cancelled.

(6) Otherwise, the suspension continues until and unless the fee is paid or a repayment agreement for the fee is made.

(7) In this section—

commercial fisher licence means an authority that, under a regulation, is described as a commercial fisher licence.

repayment agreement, for a fee, means a written agreement between the holder of the authority and the chief executive for the payment of the fee.

68B Suspension or cancellation of authority by court

(1) This section applies if a court convicts the holder of an authority of a serious fisheries offence, whether or not a conviction is recorded.
The court may, in addition to, or instead of, imposing the fine prescribed under this Act for the offence, suspend or cancel the authority and any quota relating to the authority.

If an authority is suspended under subsection (2) for a period of time, any quota relating to the authority is suspended for the same period of time.

In acting under subsection (2), the court—

(a) may disregard any third party interests in the authority; and

(b) must have regard to—

(i) the criteria prescribed under a regulation or a management plan for suspension or cancellation of an authority; and

(ii) the fine the court imposes for the offence.

The court may, if considered appropriate in the circumstances, have regard to any previous conviction of the authority holder under this Act.

The court may impose a cumulative or concurrent suspension period, as the court considers appropriate, if—

(a) the court convicts the holder of more than 1 serious fisheries offence; or

(b) during the suspension period, the holder is again convicted of a serious fisheries offence.

This section does not affect the suspension or cancellation of an authority under a regulation or management plan.

Effect of suspension on renewal

If an authority has been suspended, it may be renewed but continues to be suspended until the end of the suspension period.
69A Effect of suspension on issue or transfer of another authority

(1) If an authority (the suspended authority) has been suspended, the chief executive may not accept an application—
   (a) to issue another authority, or register a transfer of another authority, to the holder of the suspended authority, if the other authority would allow the holder to carry out the activities otherwise allowed under the suspended authority, during the period the suspended authority is suspended; or
   (b) to register a transfer of the authority to another person during the period the suspended authority is suspended.

(2) However, subsection (1)(b) does not apply if—
   (a) the suspension is under section 68AB; and
   (b) the chief executive has, under section 65A(3)(b), given written approval to the registration of the transfer.

(3) To remove any doubt, it is declared that subsection (2) does not affect the suspension under section 68AB.

69B Further fees continue to be payable for suspended authority

(1) This section applies if an authority is suspended.

(2) To remove any doubt, it is declared that the suspension has no effect on a liability under this Act to pay the full amount of a further fee for or relating to the suspended authority.

(3) Subsection (2) continues to apply for the amount even if the suspended authority is later cancelled.

70 Authority to be returned

(1) The holder of an authority suspended, or the former holder of an authority cancelled, must return the authority to the chief executive within 7 days after the suspension or cancellation.
takes effect, unless the person has a reasonable excuse for not returning it or not returning it within that time.

Maximum penalty—80 penalty units.

(b) the individual’s personal representative becomes the holder of the authority.

(3) If, immediately before the death, there was more than 1 holder of the authority—

(a) the individual’s personal representative becomes a holder of the authority; and

(4) A personal representative who, under this section, becomes a holder takes the entitlement the individual had under the authority immediately before the death.

70D Provisions for changeover to personal representative

(1) This section applies if, under section 70C, a personal representative (the new holder) becomes a holder of the authority.

(2) The change in the holdership to the new holder is taken to be a circumstance for section 73(3).

Division 3A Fisheries development approvals

Subdivision 1 Particular fisheries development also requires a resource allocation authority

76A Application of sdiv 1

This subdivision applies to the following development—

(a) development categorised as assessable development under a regulation made under the Planning Act that is building work in a declared fish habitat area or operational work completely or partly within a declared fish habitat area, to the extent the development is carried out in Queensland waters or on land other than freehold land (prescribed declared fish habitat area development);

(b) development categorised as assessable development under a regulation made under the Planning Act that is making a material change of use of premises for aquaculture, if it is carried out completely in Queensland waters or on unallocated tidal land (prescribed aquaculture development).
76C Nature of fisheries development approval for which resource allocation authority required

(1) A fisheries development approval authorises a person to carry out development under the approval only if the person also holds—

(a) for prescribed declared fish habitat area development—a resource allocation authority for interfering with a declared fish habitat area; or

(b) for prescribed aquaculture development—a resource allocation authority for interfering with fish habitat in Queensland waters or on unallocated tidal land.

Note—
See also section 88B (Carrying out particular development without resource allocation authority).

(2) Also, despite the Planning Act, section 73, the approval attaches to the area mentioned in the resource allocation authority for the development.

Subdivision 3 Fish movement exemption notices

76E Application for fish movement exemption notice

(1) A person intending to make a development application for the construction or raising of a waterway barrier works in an area may apply to the chief executive for a fish movement exemption notice for the area.

(b) accompanied by the prescribed fee; and

(c) made before the person makes the development application.

information or evidence the chief executive requires to decide the application.

(4) The stated period must be at least 28 days after the further information is requested.

(5) If the applicant does not give the chief executive the further information within the stated period, the chief executive may decide the application without the further information.

76F Deciding application for fish movement exemption notice

(1) The chief executive must consider the application for a fish movement exemption notice for an area and give or refuse to give the notice.

(2) In considering the application, the chief executive must have regard to—
   
   (a) if the application relates to tidal waters—the Coastal Protection and Management Act 1995; or
   
   (b) if the application relates to non-tidal waters—the Water Act 2000.

(3) The chief executive may give the notice only if the chief executive is reasonably satisfied it is not necessary or desirable, for the best management, use, development or protection of fisheries resources or fish habitats, for a proposed construction or raising of a waterway barrier works in the area to provide for the movement of fish across the barrier works.

Examples, for subsection (3), of the bases on which the chief executive may be satisfied—

1 Allowing for fish movement in the area is not necessary because—
   
   (a) there are no fish located in the area; or
   
   (b) it is not necessary for the fish located in the area to access the fish habitat upstream of the area.

2 There are other barriers in the area which prevent the movement of fish located in the area.

(4) The notice must state the period, not longer than 4 years, for which the exemption notice applies.
(5) If the chief executive refuses to give the notice, the chief executive must give the applicant an information notice for the refusal.

   (ii) tell the inspector the date and time the warrant was signed; and
   (iii) record on the warrant the reasons for issuing it; and
(b) the inspector must—

(i) complete a form of warrant (warrant form) in the same terms as the warrant issued by the magistrate; and

(6) The facsimile warrant, or the warrant form properly completed by the inspector, is permission for the entry and the exercise of the other powers permitted by the warrant issued by the magistrate.

(7) The inspector must send to the magistrate—

(a) the sworn application; and

(b) if a warrant form was completed by the inspector—the completed warrant form.

(8) The sworn application and a completed warrant form must be sent to the magistrate at the earliest practicable opportunity.

(9) When the magistrate receives the application and warrant form, the magistrate must attach them to the warrant issued by the magistrate.

(10) Unless the contrary is proved, a court must presume that the exercise of a power was not permitted by a warrant under this section if an issue arises, in a proceeding before the court, whether the exercise of power was authorised by a warrant under this section and the warrant is not produced in evidence.

150 Inspector’s general powers for places, boats and vehicles

(1) An inspector who enters a place, boards a boat or enters a vehicle under this part may—

(4) If the help is required to be given by a person by—
(a) answering a question; or

it is a reasonable excuse for the person to fail to answer the question, or produce the document, if complying with the requirement might tend to incriminate the person.

(5) A person who is required by an inspector under subsection (1)(i) to take action in relation to a boat or vehicle must comply with the requirement, unless the person has a reasonable excuse for not complying with it. Maximum penalty—200 penalty units.

(6) If, for any reason, it is not practicable to make a requirement under subsection (1)(i) by written notice, the requirement may be made orally and confirmed by written notice as soon as practicable.

(7) Nothing in this section prevents an inspector making a further requirement under subsection (1)(i) of the same person or another person in relation to the same boat or vehicle, if it is necessary and reasonable to make the further requirement.

(8) The inspector must not enter a part of a boat or vehicle used only as a living area, or exercise a power under subsection (1)(a) to (g) in relation to that part, unless the inspector is accompanied by the person in control of the boat or vehicle.

(9) Subsection (8) does not apply if the person in control of the boat or vehicle is unavailable or unwilling to accompany the inspector or the inspector is unable for another reason to comply with the subsection.
151 Power to seize evidence from places etc.

(1) An inspector who enters a place or boards a boat under this part under a warrant may seize the evidence for which the warrant was issued.

(2) An inspector who enters a place under this part with the occupier’s consent may seize the particular thing for which the entry was made if the inspector believes on reasonable grounds the thing is evidence of an offence against this Act.

(3) An inspector who enters a place or boards a boat under this part under a warrant, or enters a place with the occupier’s consent, may also seize another thing if the inspector believes on reasonable grounds—

(a) the thing is evidence of the commission of an offence against this Act; and

(b) the seizure is necessary to prevent—

(i) the concealment, loss, death or destruction of the thing; or

(ii) the use of the thing in committing, continuing or repeating the offence.

(4) An inspector who enters a place under this part other than under a warrant or with the occupier’s consent may seize a thing if the inspector believes on reasonable grounds—

(a) the thing is evidence of the commission of an offence against this Act; and

(b) the seizure is necessary to prevent—

(i) the concealment, loss, death or destruction of the thing; or

(ii) the use of the thing in committing, continuing or repeating the offence.

(5) This section is in addition to, and does not limit, the powers of an inspector who boards a boat without a warrant.
152 Power to seize evidence after boarding a boat or entering a vehicle

An inspector who boards a boat or enters a vehicle under this part may seize—

(a) a thing in or on the boat or vehicle; or

(b) the boat or vehicle itself;

if the inspector believes, on reasonable grounds, the thing, boat or vehicle is evidence of the commission of an offence against this Act.

153 Additional power to seize fisheries resources etc.

(1) This section applies if an inspector—

(a) enters a place or vehicle or boards a boat; and

(b) finds fisheries resources, a container, fishing apparatus or anything else (the thing).

(2) The inspector may seize the thing if the inspector believes, on reasonable grounds—

(a) that an offence against this Act has been committed in relation to the thing; or

(b) that the thing was used in committing an offence against this Act.

(3) If the thing is a container, the inspector may seize the container and its contents if the inspector believes, on reasonable grounds, that—

(a) it contains fisheries resources, fishing apparatus or anything else (the contents); and

(b) an offence against this Act has been committed in relation to all or some of the contents.

154 Seizure of fisheries resources in heap etc.

(1) In this section—
declared fisheries resources means fisheries resources declared under a regulation or management plan to be fisheries resources to which this section applies.

forfeiture offence means an offence against this Act declared under a regulation or management plan to be an offence to which this section applies.

threshold percentage for declared fisheries resources means the percentage (which may be nil) prescribed under a regulation or management plan for the fisheries resources.

(2) This section applies if—

(a) particular declared fisheries resources (the suspect fisheries resources) are part of declared fisheries resources in a heap, collection or container; and

(b) an inspector believes, on reasonable grounds, that—

(i) a forfeiture offence has been committed in relation to the suspect fisheries resources; and

(ii) the weight or number of the suspect fisheries resources expressed as a percentage of the total weight or number of the declared fisheries resources in the heap, collection or container is more than the threshold percentage for the fisheries resources.

Examples of heap, collection or container—

1 a freezer on a boat stocked with a large quantity of frozen scallops

2 fish in a processing establishment where, because of the quantity of the fish, it is impracticable to count the fish of a particular species or type

Examples of the ways an inspector may form a belief on reasonable grounds—

a statistical test or random sampling of the declared fisheries resources in the heap, collection or container

(3) The inspector may seize all the fisheries resources in the heap, collection or container and, if the fisheries resources are in a container, the container.
(4) If a person is later convicted of a forfeiture offence in relation to the suspect fisheries resources, then, for the purposes of the forfeiture of the fisheries resources in the heap, collection or container, all of those fisheries resources are taken to be fisheries resources the subject of the offence.

155  **Power to seize explosives etc.**

(1) If—

(a) an inspector finds a person on a boat, a foreshore, or a bed, bank or border of a body of water; and

(b) the person is in possession of an explosive, powerhead or other explosive propelled missile, firearm, noxious substance, or device that creates an electrical field in waters or on land, (the *suspect thing*); and

(c) the inspector believes, on reasonable grounds, the suspect thing has just been used, or is just about to be used, to commit an offence against this Act;

the inspector may seize the suspect thing.

(2) This section is in addition to, and does not limit, any other seizure powers of an inspector.

156  **Powers in support of seizure**

(1) This section applies if an inspector is permitted to seize a boat, vehicle or anything else.

(2) To enable the boat, vehicle or other thing to be seized, an inspector may, by written notice given to the person in control of the boat, vehicle or thing, require the person—

(a) to take it to a specified reasonable place by a specified reasonable time; and

(b) if necessary, to remain in control of it at the place for a reasonable time.
(3) If, for any reason, it is not practicable to make the requirement by a written notice, the requirement may be made orally and confirmed by written notice as soon as practicable.

(4) A person must comply with a requirement under this section, unless the person has a reasonable excuse for not complying with it.

Maximum penalty—200 penalty units.

(5) Nothing in this section prevents an inspector making a further requirement under this section of the same person or another person in relation to the same boat, vehicle or thing, if it is necessary and reasonable to make the further requirement.

Division 3 Procedures after seizure

Subdivision 1 General

157 Receipt to be given

(1) As soon as practicable after a thing (including a boat or vehicle) is seized by an inspector under this Act, the inspector must give a receipt for it to the person from whom it was seized.

(2) The receipt must describe generally the condition of the thing seized and, if more than 1 thing is seized, must include an inventory or general description of them.

(3) If, for any reason, it is not practicable to comply with subsection (1), the inspector must—

(a) leave the receipt at the place where the thing is seized; and

(b) ensure the receipt is left in a reasonably secure way in a conspicuous position.

(4) This section does not apply if—
(a) it is not practicable to comply with subsection (1) or (3); and
(b) the owner of the thing can not be decided after reasonable inquiries or, having regard to its value, it is not reasonable to make inquiries about its owner.

Example of subsection (4)—
An inspector seizes an unattended crab pot or net that the inspector finds in a creek.

158 Inspector to allow inspection etc.
Until a seized thing is forfeited, returned or otherwise finally dealt with under this Act, an inspector must allow a person who would be entitled to possession of it, if it had not been seized, to inspect it and, if it is a document, make copies of it.

159 Inspector may dispose of fisheries resources taken unlawfully
(1) This section applies if fisheries resources are seized under this Act and an inspector believes, on reasonable grounds, that the fisheries resources have been taken unlawfully.
(2) If the fisheries resources are alive, the inspector may immediately return them to the wild or, if appropriate, the place from which they were taken.
(3) If the fisheries resources are dead and the inspector believes, on reasonable grounds, that they are putrid, unfit for sale, of no value or of insufficient value to justify their sale, the inspector may immediately dispose of the fisheries resources in a way decided by the inspector.

160 When seized fisheries resources become property of State
(1) This section applies if fish are seized under this Act and are not immediately returned to the wild or otherwise disposed of by an inspector under this subdivision.
(2) However, this section stops applying if the fisheries resources are sold under section 160A.

(3) The fisheries resources become the property of the State if—
   (a) their seizure is not the subject of an appeal to a Magistrates Court within 7 days after their seizure; or
   (b) their seizure is the subject of an appeal to a Magistrates Court within 7 days after their seizure, but the seizure is confirmed on appeal; or
   (c) the chief executive and the owner of the fisheries resources agree, in writing, that the fisheries resources should become the chief executive’s property.

(4) If fisheries resources that become the property of the State under this section have a market value and it is practicable to sell them, the chief executive must sell them in a reasonable way decided by the chief executive or in a way agreed with the owner of the fisheries resources.

(5) If the fisheries resources do not have a market value or it is not practicable to sell them, the chief executive may dispose of them in any reasonable way decided by the chief executive or in a way agreed with the owner of the fisheries resources.

(6) However, if the fisheries resources are not fish that were live when they were seized and the seizure of the fisheries resources is the subject of an appeal to a Magistrates Court, the court may give directions about how the fisheries resources are to be sold or disposed of, whether or not it confirms the seizure.

160A Chief executive’s power to sell particular live seized fish

(1) This section applies if—
   (a) seized fisheries resources mentioned in section 160(1) were live fish when they were seized; and
   (b) the fish have not, under section 160, become the property of the State.
(2) The chief executive may sell the fish at any time after the seizure as if the fish were the property of the State.

(3) However, the sale must be carried out in a reasonable way decided by the chief executive or in a way agreed with the owner of the fish.

(4) Also, until the end of the period under 163(2), the chief executive must hold the net proceeds of the sale on trust for whoever will, under that section, be entitled to the net proceeds.

161 Chief executive may return seized things etc.

(1) The chief executive may return anything seized under this Act to its owner.

(2) If fisheries resources seized under this Act are sold by the chief executive, the chief executive may return the net proceeds of sale to the owner of the fisheries resources.

(3) The chief executive may return the thing or net proceeds of sale to its owner on conditions, including conditions to ensure that the thing or net proceeds of sale are available for forfeiture.

(4) If the thing or net proceeds of sale are not ordered to be forfeited to the State, the chief executive must return any property or security taken by the chief executive under a condition imposed under subsection (3) at the end of—

(a) 6 months after the seizure; or

(b) if a prosecution for an offence involving the thing or fisheries resources is started within the 6 months—the prosecution for the offence and any appeal from the prosecution.

162 Obligation to return seized things (other than fisheries resources)

(1) This section applies if a thing (other than fisheries resources) is seized under this Act.
(2) The chief executive must return the seized thing to its owner at the end of—
   (a) 6 months; or
   (b) if a prosecution for an offence involving the thing is started within the 6 months—the prosecution for the offence and any appeal from the prosecution.

(3) Despite subsection (2), the chief executive must return the seized thing to its owner immediately if the chief executive is not satisfied or stops being satisfied its retention as evidence is necessary.

(4) However, the chief executive may keep the seized thing if the chief executive believes, on reasonable grounds, the thing is liable to forfeiture under this Act.

(5) This section does not require the return of the thing if a court has ordered that the thing be forfeited to the State.

163 Obligation to pay net proceeds of sale of fisheries resources

(1) This section applies if—
   (a) fisheries resources are seized under this Act; and
   (b) the fisheries resources—
       (i) are sold after becoming property of the State; or
       (ii) are fish that have been sold under section 160A.

(2) The chief executive must pay the net proceeds of sale to the owner of the fisheries resources at the end of—
   (a) 6 months; or
   (b) if a prosecution for an offence involving the fisheries resources is started within the 6 months—the prosecution for the offence and any appeal from the prosecution.

(3) This section does not require the payment of the net proceeds of sale if a court has—
(a) confirmed the seizure; or
(b) ordered that the net proceeds of sale be forfeited to the State.

164 **Chief executive may order forfeiture of particular things**

(1) This section applies if—

(a) a thing is seized under this Act; and
(b) the owner of the thing can not be found after reasonable inquiries or, having regard to its value, it is not reasonable to make inquiries about its owner.

(2) This section also applies if—

(a) a thing is seized under this Act; and
(b) the thing contravenes this Act or other fisheries legislation, but a prosecution involving the thing is not started.

*Example of subsection (2)—*

fishing apparatus of illegal dimensions

(3) In addition, this section also applies if—

(a) a thing is seized under this Act; and
(b) the chief executive is unable, after making reasonable efforts, to return the thing to its owner.

(4) The chief executive may order the forfeiture of the thing to the State.

**Subdivision 2 Appeal against seizure of fisheries resources**

165 **Where and how to start appeal**

(1) A person whose fisheries resources have been seized under this Act may appeal to the Magistrates Court nearest where the fisheries resources were seized.
(2) However, the person may not appeal, and any appeal already started by the person lapses, if the fisheries resources become the property of the State.

(3) The appeal is started by—
   (a) filing a written notice of appeal with the clerk of the court of the Magistrates Court; and
   (b) giving a copy of the notice to the chief executive.

(4) Without limiting subsection (3)(b), the chief executive is given a copy of the notice if a copy is given to the inspector who seized the fisheries resources.

(5) The notice of appeal must state the grounds of the appeal.

166 Hearing procedures

(1) The power to make rules of court under the Magistrates Courts Act 1921 includes power to make rules of court for appeals to Magistrates Courts under this Act.

(2) The procedure for an appeal to a Magistrates Court under this Act is to be—
   (a) in accordance with the rules made under the Magistrates Courts Act 1921; or
   (b) in the absence of relevant rules, as directed by a magistrate.

(3) In deciding the appeal, the Magistrates Court—
   (a) is not bound by the rules of evidence; and
