19 Restriction on grant of permission authorising feeding of dolphins

- (1) The chief executive may grant a permission authorising the feeding of dolphins in a marine park or a part of a marine park only to a person who holds—
 - (a) a 2006 relevant permission for the marine park or part; or
 - (b) an existing relevant permission for the marine park or part.
- (2) The term of the permission granted to a person under subsection (1) must start immediately after the expiry of the 2006 relevant permission or the existing relevant permission held by the person.
- (3) In this section—

2006 relevant permission, for a marine park or a part of a marine park, means a permission that—

- (a) was granted under the 2006 regulation, section 16; and
- (b) authorises the feeding of dolphins in the marine park or part.

existing relevant permission, for a marine park or a part of a marine park, means a permission that—

- (a) was granted under section 16; and

- (b) authorises the feeding of dolphins in the marine park or part.

20 Permission can not be granted if plan restricts the grant

The chief executive can not grant a permission for a marine park, or a part of a marine park, that is inconsistent with a zoning plan or management plan applying to the marine park.

Example of inconsistency—

A zoning plan or management plan applying to the marine park provides that permissions for the park may be granted for particular purposes. The proposed permission is for, or includes, a purpose other than those purposes.

21 Restriction on grant of permission about insurance

- (1) The chief executive may grant a permission to a person only if the chief executive considers there is adequate insurance cover for the activities proposed to be conducted under the permission.
- (2) However, subsection (1) does not apply if the chief executive considers insurance cover is not required having regard to the nature of the activities, including whether insurance is commonly available for the activities.

22 Steps to be taken after application decided

- (1) If the chief executive decides to grant a permission, the chief executive must, as soon as practicable after making the decision, give the applicant—
- (a) the permission; and
- (b) if a condition imposed by the chief executive is stated on the permission—an information notice about the decision to impose the condition.
- (2) Subsection (1)(b) does not apply for a condition that the applicant has requested or permitted in the application.

Example for subsection (2)—

The applicant has applied for a permission to authorise the conducting of a commercial activity in a marine park for 30 persons and the chief executive grants the permission subject to the condition that the permission only authorises its holder to conduct the commercial activity for 30 persons.

- (3) Without limiting the conditions the chief executive may impose on a permission, the chief executive may impose either of the following conditions on a permission—
 - (a) a condition that provides for an indemnity for the State against any liability for loss or damage that is suffered by any person and is caused, whether directly or indirectly, by the activities conducted under the permission;
 - (b) a condition that provides for the compensation or reimbursement of any loss or expense incurred by the State in relation to activities conducted under the permission.
- (4) If the chief executive decides to refuse the application, the chief executive must, as soon as practicable after making the decision, give the applicant an information notice about the decision.

Division 3 Form of permission

23 Permission to be written

- (1) A permission granted under this part must be written.
- (2) The chief executive may use 1 document for the grant of 2 or more permissions under this part.
- (3) Also, the chief executive may use an instrument that has been used for the grant of a Commonwealth permission for the grant of a permission under this part.

24 Matters to be stated on permission

A permission granted under this part must state each of the following—

- (a) the date it was granted;
- (b) if it does not commence on the date it was granted—its commencement date;
- (c) either its term or its expiry date;
- (d) the holder's name and, if the holder is a corporation, its ABN or ACN;
- (e) the holder's place of business;
- (f) the marine park or the part of a marine park that may be entered or used under the permission;
- (g) if a part of a marine park that is within a zone or designated area is to be entered or used under the permission—the name of the zone or designated area;
- (h) the purpose for which the entry or use is authorised;
- (i) if the permission authorises the holder to take natural or cultural resources in the marine park—the natural or cultural resources that may be taken under the permission;
- (j) any conditions imposed by the chief executive on the permission.

Division 4 Amendment, suspension or cancellation of permission

Subdivision 1 Non-immediate amendment

25 Amendment by chief executive

- (1) This section applies if—

- (a) the chief executive reasonably believes a permission should be amended; and
- (b) the proposed amendment is a minor amendment.
- (2) The chief executive may amend the permission by giving the holder of the permission notice of the amendment.
- (3) The notice must state the reasons for the amendment.
- (4) Sections 28 and 29 do not apply to the amendment.
- (5) The amendment takes effect on the later of the following days—
 - (a) the day the notice is given to the holder;
 - (b) the day of effect stated in the notice.
- (6) The effect of the amendment does not depend on the amendment being noted on the permission.

Note—

See, however, section 34.

- (7) In this section—

minor amendment means an amendment that—

- (a) omits a condition, if the omission does not adversely affect the holder's interest; or
- (b) corrects an error; or
- (c) makes another change, other than a change of substance, that does not adversely affect the holder's interests.

26 Amendment by application

- (1) The holder of a permission may apply to the chief executive for an amendment of the permission.
- (2) The application must—
 - (a) be in the approved form; and
 - (b) be supported by enough information to enable the application to be decided, including the information mentioned in schedule 2; and

-
- (c) comply with any other requirements for the application under a zoning plan applying to the marine park; and
 - (d) be made at least 10 business days before the holder of the permission intends the amendment to take effect.
- (3) However, the chief executive may consider an application for an amendment even if the application does not comply with subsection (2).
 - (4) If the chief executive decides to make the amendment, the chief executive must give the holder notice of the amendment.
 - (5) The amendment takes effect on the later of the following days—
 - (a) the day the notice is given to the holder;
 - (b) the day of effect stated in the notice.
 - (6) The effect of the amendment does not depend on the amendment being noted on the permission.

Note—

See, however, section 34.

- (7) If the chief executive decides to refuse the application, the chief executive must as soon as practicable after making the decision give the holder an information notice about the decision.

27 Chief executive's power to require further information or document

- (1) Before deciding an application for an amendment of a permission, the chief executive may, by notice given to the applicant, ask the applicant to give the chief executive, within the reasonable period of at least 20 business days stated in the notice, any further information or document the chief executive reasonably requires to decide the application.
- (2) The chief executive may require the information or document to be verified by a statutory declaration.
- (3) The applicant is taken to have withdrawn the application if the applicant does not comply with the request.

- (4) The chief executive may extend the period within which the information or document must be given.

28 Other non-immediate amendment

The chief executive may, by complying with section 29, amend a permission—

- (a) if the chief executive reasonably believes—
- (i) the permission was obtained because of incorrect or misleading information; or
 - (ii) the holder of the permission has contravened a condition of the permission; or
 - (iii) the holder of the permission is not, or is no longer, a suitable person to hold the permission; or
 - (iv) the amendment is necessary having regard to the purpose of the Act; or
- (b) if the holder of the permission has failed to—
- (i) pay a prescribed fee by the day or within the period during which the fee must be paid; or
 - (ii) give the chief executive information required to be given under the Act for the permission, by the day or within the period during which the information must be given; or
- (c) if the holder is convicted of an offence against the Act and the activities of the holder that led to the conviction are relevant to the holder's ability to conduct activities under the permission in a competent and ethical way; or
- (d) to secure the safety of a person or a person's property; or
- (e) to conserve or protect the natural or cultural resources in a marine park; or
- (f) if the area to which the permission applies is declared, after the grant of the permission, as a restricted access area; or

- (g) for a permission forming a part of a joint permission—if the Commonwealth permission forming the other part of the joint permission has been, or is about to be—
 - (i) amended to an extent that it is no longer consistent with the permission granted under the Act; or
 - (ii) replaced with another permission that is not consistent with the permission granted under the Act.

29 Procedure for non-immediate amendment

- (1) If the chief executive proposes to make an amendment under section 28, the chief executive must give the holder a notice stating each of the following—
 - (a) the proposed amendment;
 - (b) the ground for the proposed amendment;
 - (c) an outline of the facts and circumstances forming the basis for the ground;
 - (d) an invitation to make written submissions, within a stated period of at least 20 business days after the notice is given, about why the proposed amendment should not be made.
- (2) The chief executive may amend the permission if, after considering any written submissions made within the stated period, the chief executive still believes the amendment should be made—
 - (a) in the way stated in the notice; or
 - (b) in another way, having regard to the submissions.
- (3) If the chief executive amends the permission, the chief executive must give the holder an information notice about the decision.
- (4) The amendment takes effect on the later of the following days—
 - (a) the day the information notice is given to the holder;

- (b) the day of effect stated in the information notice.
- (5) The effect of the amendment does not depend on the amendment being noted on the permission.

Note—

See, however, section 34.

- (6) If the chief executive decides not to make the amendment, the chief executive must as soon as practicable after making the decision give the holder notice of the decision.

Subdivision 2 Immediate amendment or suspension

30 Immediate amendment or suspension for safety or conservation

- (1) This section applies if—
 - (a) the chief executive reasonably believes a permission should be amended or suspended—
 - (i) to secure the safety of a person or a person's property; or
 - (ii) because of a cyclone or other natural disaster; or
 - (iii) to conserve or protect the natural or cultural resources in the marine park to which it applies; or
 - (b) the area to which a permission applies is declared, after the grant of the permission, to be a restricted access area.
- (2) The chief executive must, in writing, or verbally if practicable, or by signs, advise the holder of the permission that, until the chief executive otherwise decides—
 - (a) the permission is amended in the way the chief executive advises; or
 - (b) the permission is suspended to the extent the chief executive advises.

-
- (3) If the chief executive acts under subsection (2), the amendment or suspension takes effect immediately after the holder is advised of the amendment or suspension and continues until the chief executive decides the reason for the amendment or suspension no longer exists.
 - (4) The effect of an amendment under this section does not depend on the amendment being noted on the permission.

Note—

See, however, section 34.

- (5) The chief executive must as soon as practicable after the amendment or suspension ends—
 - (a) in writing, or verbally if practicable, or by signs, advise the holder of the permission that the amendment or suspension no longer applies; and
 - (b) put a notice on the department’s website advising that the amendment or suspension no longer applies.

31 Immediate amendment or suspension for failure to pay fee

- (1) This section applies if—
 - (a) the holder of a permission has failed to pay a prescribed fee required to be paid for the permission, by the day or within the period during which the fee must be paid; and
 - (b) the chief executive has given the holder a notice stating that—
 - (i) the holder must pay the fee by a day, at least 10 business days after the holder receives the notice, stated in the notice; and
 - (ii) if the holder does not pay the fee by the stated day, the chief executive may amend or suspend the permission under this section; and
 - (c) the holder does not pay the fee by the stated day.
- (2) The chief executive may amend or suspend the permission.

- (3) If the chief executive acts under this section—
- (a) the chief executive must give the holder of the permission an information notice about the decision; and
 - (b) if the action is suspension, the notice must state the suspension period; and
 - (c) the amendment or suspension takes effect on the later of the following days—
 - (i) the day the notice is given to the holder;
 - (ii) the day of effect stated in the notice; and
 - (d) if the action is suspension, it continues until the earlier of the following—
 - (i) the day the holder pays the outstanding fee;
 - (ii) the end of the suspension period stated in the notice.
- (4) The effect of an amendment under this section does not depend on the amendment being noted on the permission.

Note—

See, however, section 34.

Subdivision 3 Non-immediate suspension or cancellation

32 Non-immediate suspension or cancellation

The chief executive may, by complying with section 33, suspend or cancel a permission—

- (a) for a reason for which the permission may be amended or suspended under section 30; or
- (b) for a reason for which the permission may be amended or suspended under section 31; or

- (c) if the purpose for which the entry or use of a marine park or a part of a marine is authorised under the permission is prescribed as a prohibited purpose for the marine park or part; or
- (d) if the chief executive reasonably believes—
 - (i) the permission was obtained because of incorrect or misleading information; or
 - (ii) the holder of the permission has contravened a condition of the permission; or
 - (iii) the holder of the permission is not, or is no longer, a suitable person to hold the permission; or
- (e) if the holder is convicted of an offence against the Act and the activities of the holder that led to the conviction are relevant to the holder's ability to conduct activities under the permission in a competent and ethical way; or
- (f) if the holder of the permission has failed to give the chief executive information required to be given under the Act for the permission, by the day or within the period during which the information must be given; or
- (g) if the chief executive reasonably believes the activities being conducted under the permission are having an unacceptable impact on—
 - (i) the natural or cultural resources in a marine park; or
 - (ii) the use and non-use values of a marine park; or
- (h) if the chief executive reasonably believes the activities being conducted under the permission are threatening public health or safety; or
- (i) for a permission authorising the use of a structure, vessel, vehicle or aircraft in a marine park—if the chief executive reasonably believes the structure, vessel, vehicle or aircraft is not, or is no longer, appropriate for use under the permission; or

- (j) for a permission forming a part of a joint permission—if the Commonwealth permission forming the other part of the joint permission has been, or is about to be—
 - (i) amended to an extent that it is no longer consistent with the permission granted under the Act; or
 - (ii) replaced with another permission that is not consistent with the permission granted under the Act; or
 - (iii) suspended or cancelled; or
- (k) if the chief executive reasonably believes the suspension or cancellation is necessary to ensure the fair and equitable access to the marine park to which the permission applies.

Example for paragraph (k)—

Environmental factors have affected the availability of public access to the marine park for which the permission is granted and the permission currently restricts the currently available public access to the marine park.

33 Procedures for non-immediate suspension or cancellation

- (1) If the chief executive proposes to take action (the *proposed action*) under section 32, the chief executive must give the holder of the permission a notice stating each of the following—
 - (a) the proposed action;
 - (b) the ground for the proposed action;
 - (c) an outline of the facts and circumstances forming the basis for the ground;
 - (d) if the proposed action is suspension of the permission—the proposed suspension period;
 - (e) an invitation to make written submissions, within a stated period of at least 20 business days after the notice

is given, about why the proposed action should not be taken.

- (2) If, after considering any written submissions made within the stated period, the chief executive still considers the ground to take the proposed action exists, the chief executive may decide—
 - (a) if the proposed action was to suspend the permission—to suspend it for not longer than the proposed suspension period; or
 - (b) if the proposed action was to cancel the permission—either to cancel it or to suspend it for a period.
- (3) If the chief executive decides to suspend or cancel the permission, the chief executive must give the holder an information notice about the decision.
- (4) A decision to suspend or cancel the permission takes effect on the later of the following days—
 - (a) the day the information notice is given to the holder;
 - (b) the day of effect stated in the information notice.
- (5) If the chief executive decides not to take the proposed action, the chief executive must as soon as practicable after making the decision give the holder notice of the decision.
- (6) If a permission is suspended because of the conviction of a person for an offence and the conviction is quashed, the suspension period ends on the day the conviction is quashed.
- (7) If a permission is cancelled because of the conviction of a person for an offence and the conviction is quashed, the cancellation has no further effect.

Subdivision 4 Other provisions about permissions

34 When holder of amended permission must return permission

- (1) The chief executive may, by notice given to the holder, ask the holder of a permission that has been amended under this division to return the permission to the chief executive by a day, at least 10 business days after the day the holder receives the notice, stated in the notice.

 - (b) give the permission back to the holder.

35 When holder of suspended permission must return permission

- (1) The chief executive may, by notice given to the holder, ask the holder of a permission that has been suspended under this division to return the permission to the chief executive by a day, at least 10 business days after the day the holder receives the notice, stated in the notice.
- (2) The holder must, unless the holder has a reasonable excuse, return the permission to the chief executive by the stated day.
Maximum penalty—20 penalty units.
- (3) The chief executive must give the permission back to the holder on or before the day the period of suspension ends.

The holder of a permission that has been cancelled under this division must, unless the holder has a reasonable excuse, return the permission to the chief executive within 10 business days after the cancellation takes effect.

Maximum penalty—20 penalty units.

37 Requirement to notify chief executive of particular changes and ask for amendment

(1) This section applies to the holder of a permission if a change to either of the following happens—

- (a) the holder's name;
- (b) the holder's place of business.

(2) The holder must before, or immediately after, the change happens—

- (a) give the chief executive a notice stating the nature of the change; and
- (b) apply to the chief executive for an amendment of the permission to reflect the change.

Maximum penalty—10 penalty units.

Note—

For amending a permission by application, see section 26.

38 Replacing permission

(1) The holder of a permission may apply to the chief executive for the replacement of a damaged, destroyed, lost or stolen permission.

(2) The application must be written.

(3) The chief executive must grant the application if the chief executive is satisfied the permission has been—

- (a) damaged in a way that requires its replacement; or

- (b) destroyed, lost or stolen.
- (4) If the chief executive grants the application, the chief executive must give the holder another permission to replace the damaged, destroyed, lost or stolen permission.
- (5) If the chief executive refuses the application, the chief executive must give the applicant an information notice about the decision within 10 business days after the decision is made.

39 Surrender of permission

- (1) The holder of a permission may surrender it by returning it and giving a notice of surrender to the chief executive.
- (2) A permission surrendered under subsection (1) no longer has effect from—
 - (a) the day for surrender stated in the notice; or
 - (b) if a day for surrender is not stated in the notice—the day the notice is received by the chief executive.

40 Existing permission taken to be in force while new application is considered

- (1) This section applies if—
 - (a) the holder of a permission makes an application for a new permission of the same type; and
 - (b) the new permission is intended to commence immediately after the expiry of the existing permission.
- (2) The existing permission is taken to continue in force from the day it would otherwise have expired (the *original expiration day*) until the day on which the earliest of the following happens—
 - (a) the chief executive grants the new permission;
 - (b) the chief executive decides to refuse the application and gives the applicant an information notice about the decision;

-
- (c) the applicant is taken to have withdrawn the application under section 12.
 - (3) If the chief executive grants the new permission—
 - (a) the existing permission is taken to have expired on the original expiration day; and
 - (b) the new permission is taken to have commenced immediately after the existing permission's original expiration day; and
 - (c) for the period during which the existing permission is taken to have continued in force under subsection (2), the new permission is taken to be subject to the same conditions and authorise the same activities as the existing permission.
 - (4) Subsection (2) does not stop the existing permission from being suspended or cancelled under this regulation.

Division 5 Carrying out activities under permission

Subdivision 1 Effect of grant of permission

41 Activities authorised under permission generally

- (1) A permission granted under this part authorises the holder of the permission to enter and use the marine park, or the part of a marine park, stated on the permission for conducting the activity stated on the permission.
- (2) To remove any doubt, it is declared that the authorisation mentioned in subsection (1) is subject to the following—
 - (a) the authorisation does not exist during a period the permission is suspended under division 4;
 - (b) the authorisation ceases to exist if the permission is cancelled under division 4.

42 Term of permission

- (1) A permission is granted for the term stated on it.
- (2) Subject to section 40, the permission expires at the end of the term.

43 How authorisation may be given to other persons

- (1) This section applies if a permission includes a condition that the holder of the permission may authorise another person to enter and use a marine park, or a part of a marine park, for conducting an activity that is authorised under the permission for a stated period.
- (2) The holder of the permission may give the authorisation only by giving the other person a notice stating the following—
 - (a) the name of the person to whom the authorisation is given;
 - (b) the date on which the authorisation was given and the period to which the authorisation applies;
 - (c) the marine park, or the part of a marine park, that may be entered or used for conducting the activity;
 - (d) the nature of the activity;
 - (e) the conditions of the permission that are relevant to conducting the activity.

44 Effect of authorisation given under permission under s 43

- (1) A person to whom an authorisation under a permission is given under section 43(2) may enter and use the marine park, or the part of the marine park, stated in the authorisation for conducting the activity stated in the authorisation during the period stated in the authorisation.
- (2) The person is taken to be conducting the activity under the permission.

- (3) If the holder of the permission is also conducting the activity under the permission, the activity authorised under the permission, and the conditions of it, apply as if the activity conducted by the person and the activity conducted by the holder were conducted by the same person under the permission.

Example for subsection (3)—

A permission authorises the taking of 500 animals of a species in a marine park.

The total number of animals of that species that may be taken under the permission is 500.

The number of animals of that species taken by the holder and the number of animals of that species taken by a person to whom the holder gives an authorisation under section 43(2) must be added together to work out the number of animals of that species that have been taken under the permission.

Subdivision 2 Inspection of permission

45 Permission or authorisation must be available for inspection

- (1) A person conducting an activity under a permission must—
- (a) have the following available for inspection—
 - (i) for the holder of the permission—the permission or a copy of the permission;
 - (ii) for a person to whom an authorisation is given under section 43—the authorisation or a copy of the authorisation; and
 - (b) if asked by an inspector, produce the permission, authorisation or copy for inspection by the inspector, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) For this section, a copy of the relevant details of a permission is taken to be a copy of the permission.

(3) In this section—

relevant details, of a permission, means the details needed to identify each of the following matters—

- (a) if the number for the permission is stated on the permission—the number;
- (b) the name of the holder of the permission;
- (c) the term of the permission;
- (d) the marine park, or the part of a marine park, to which the permission applies;
- (e) the activity authorised under the permission.

Division 6 Transfer of permission

46 Application to transfer permission

- (1) The holder of a permission, including a permission continued in force under section 40, may, under this division, transfer the permission to another person.
- (2) The holder and the proposed transferee must apply to the chief executive to approve the transfer.
- (3) The transfer application must be—
 - (a) in the approved form; and
 - (b) signed by the holder and the proposed transferee; and
 - (c) given to the chief executive at least 20 business days before the day on which the transfer is intended to take effect; and
 - (d) if the permission forms a part of a joint permission and the holder of the permission has not, under the Commonwealth Act, paid a fee for the transfer of the Commonwealth permission that forms the other part of the joint permission—accompanied by the relevant transfer fee.

(4) This section does not apply to a permission that has been suspended under this regulation.

(5) In this section—

relevant transfer fee, for a permission that forms part of a joint permission, means an amount that is the same as the amount of the fee that is payable under the Commonwealth Act for the transfer of the Commonwealth permission that forms the other part of the joint permission.

Note—

For the amount of the fee that is payable for the transfer of a Commonwealth permission, see the *Great Barrier Reef Marine Park Regulations 1983* (Cwlth), section 134.

46A Restriction on particular transfers

The holder of a permission that authorises the conducting of a commercial whale watching program in the Point Lookout area within the Moreton Bay Marine Park may transfer the permission only to a person mentioned in section 18(3)(a).

47 Considering transfer application

In considering a transfer application, the chief executive must have regard to each of the following—

- (a) whether the proposed transferee is a suitable person to hold the permission;
- (b) whether the holder of the permission, or the proposed transferee, owes any fee or other amount payable under the Act;
- (c) if the permission authorises the conducting of a commercial whale watching program in the Point Lookout area within the Moreton Bay Marine Park—whether the proposed transferee is a person mentioned in section 18(3)(a);

[s 48]

- (d) if the application relates to an undeveloped project, the cost of which will be significant—the capacity of the proposed transferee to satisfactorily develop the project;
- (e) all matters relevant to ensuring the orderly and proper management of the marine park to which the permission applies.

48 Chief executive’s power to require further information

- (1) Before deciding a transfer application, the chief executive may, by notice given to the holder of the permission or the proposed transferee, ask the holder or proposed transferee to give the chief executive any further information the chief executive reasonably requires to decide the application.
- (2) The holder and proposed transferee are taken to have withdrawn the application if the request is not complied with within the reasonable period of at least 20 business days stated in the notice.
- (3) The chief executive may extend the period within which the information must be given.

49 Deciding transfer application

- (1) The chief executive must decide a transfer application within 20 business days after the chief executive—
 - (a) receives the application; or
 - (b) if the chief executive has asked for further information under section 48—receives the information.
- (2) The chief executive may approve the transfer of a permission only if the chief executive is satisfied the proposed transferee is a suitable person to hold the permission.
- (3) If the chief executive refuses to approve the transfer, the chief executive must give the holder of the permission and the proposed transferee an information notice about the decision.

50 Steps to be taken after transfer approved

- (1) This section applies if the chief executive decides to approve the transfer of a permission under section 49.
- (2) The chief executive must cancel the permission and give the proposed transferee a new permission—
 - (a) authorising the same activity as the cancelled permission immediately before it was cancelled under this section; and
 - (b) with a term—
 - (i) starting on the later of the following days (the *transfer day*)—
 - (A) the day the application is decided;
 - (B) the day stated in the application for the approval of the transfer as the day on which the transfer is to take effect; and
 - (ii) ending on the day the cancelled permission would have ended if it were not cancelled under this section; and
 - (c) subject to the same conditions as the cancelled permission immediately before it was cancelled under this section.
- (3) Despite subsection (2)(c), the chief executive may impose a new or different condition on the new permission if—
 - (a) the proposed transferee consents to the new or different condition; or
 - (b) it is a condition that provides for an indemnity for the State against any liability for loss or damage that is suffered by any person and is caused, whether directly or indirectly, by the activities conducted under the permission; or
 - (c) it is a condition that provides for the compensation or reimbursement of any loss or expense incurred by the State in relation to activities conducted under the permission.

[s 51]

- (4) The holder of the permission cancelled under subsection (2) must return it to the chief executive before the end of the day after the transfer day.

51 Authorisations under transferred permission

- (1) This section applies if—
 - (a) an authorisation is given under a permission under section 43; and
 - (b) the permission is transferred to another person (the *transferee*) under this division.
- (2) The authorisation continues in effect as if the authorisation were given by the transferee.

Part 4 Commercial activity agreements

Division 1 Restrictions about and contents of agreements

52 Chief executive may enter into agreement

- (1) The chief executive may, for the State, enter into an agreement (a *commercial activity agreement*) with a person authorising the person to enter and use a marine park or a part of a marine park for conducting a commercial activity in the marine park or part.
- (2) The chief executive may enter into the agreement in any 1 or more of the following ways—

- (b) may be transferred in the way mentioned in division 6.

Division 5 Amendment, suspension and cancellation of agreement by chief executive

76 Immediate amendment or suspension for safety or conservation

- (5) The chief executive must as soon as practicable after the amendment or suspension ends—
 - (a) in writing, or verbally if practicable, or by signs, advise the other party that the amendment or suspension no longer applies; and
 - (b) put a notice on the department's website advising that the amendment or suspension no longer applies.

77 Non-immediate amendment

The chief executive may, by complying with section 78, amend a commercial activity agreement—

- (c) if the other party to the agreement is convicted of an offence against the Act and the activities of the other party that led to the conviction are relevant to the other party's ability to conduct activities under the agreement in a competent or ethical way.

78 Procedure for non-immediate amendment

- (1) If the chief executive proposes to make an amendment under section 77, the chief executive must give the other party to the agreement a notice stating each of the following—

 - (b) in another way, having regard to the submissions.
- (3) If the chief executive amends the agreement, the chief executive must give the other party an information notice about the decision.

[s 79]

- (4) The amendment takes effect on the later of the following days—

79 Amendment by application

- (1) The other party to a commercial activity agreement may apply to the chief executive for an amendment of the agreement.

decision, give the other party an information notice about the decision.

80 Non-immediate cancellation or suspension

The chief executive may, by complying with section 81, cancel a commercial activity agreement or suspend an authorisation under a commercial activity agreement—

- (a) for a reason for which the agreement may be amended under section 76; or

- (d) if the chief executive reasonably believes the activities being conducted under the agreement are threatening public health or safety; or
- (e) if the chief executive reasonably believes the cancellation or suspension is necessary to ensure the fair and equitable access to the marine park to which it applies.

Example for paragraph (e)—

Environmental factors have affected the availability of public access to the marine park to which the commercial activity agreement applies and the agreement restricts the current availability of public access to the marine park.

81 Procedure for non-immediate cancellation or suspension

- (1) If the chief executive proposes to take action (the *proposed action*) under section 80, the chief executive must give the other party to the agreement a notice stating each of the following—

 - (a) if the proposed action was to suspend the authorisation under the agreement—to suspend it for not longer than the proposed suspension period; or
 - (b) if the proposed action was to cancel the agreement—either to cancel the agreement or to suspend the authorisation under it for a period.
- (3) If the chief executive decides to cancel the agreement, or suspend the authorisation under the agreement, the chief executive must give the other party to the agreement an information notice about the decision.
- (4) The cancellation or suspension takes effect on the later of the following days—

- (5) If the chief executive decides not to take the proposed action, the chief executive must as soon as practicable after making the decision give the other party to the agreement notice of the decision.

-
- (6) If a commercial activity agreement is cancelled because of the conviction of a person for an offence and the conviction is quashed, the cancellation has no further effect.
 - (7) If the authorisation under a commercial activity agreement is suspended because of the conviction of a person for an offence and the conviction is quashed, the suspension period ends on the day the conviction is quashed.

- (2) If the seller transfers all of the authorisation under the agreement, the chief executive must give effect to the transfer by cancelling the seller's agreement and—
 - (a) if the buyer is the other party to another commercial activity agreement—amending the other agreement to reflect the transfer; or
 - (b) if the buyer is not the other party to another commercial activity agreement—entering into, with the buyer, a commercial activity agreement for the conducting of the commercial activity the subject of the authorisation.
- (3) If the seller transfers only part of the authorisation under the agreement, the chief executive must give effect to the transfer by amending the seller's commercial activity agreement to reflect the transfer and—
 - (a) if the buyer is the other party to another commercial activity agreement—amending the other agreement to reflect the transfer; or
 - (b) if the buyer is not the other party to another commercial activity agreement—entering into, with the buyer, a commercial activity agreement for the conducting of the commercial activity the subject of the authorisation.

- (b) the corresponding authority is an authority for the purposes of the Act.

87 Limitations on accreditation of external authority

- (1) The chief executive can not accredit an external authority as a corresponding authority for a marine park, or a part of a marine park, if the authority—
 - (a) authorises a person to enter or use the marine park or part for a prohibited purpose for the marine park or part; or
 - (b) authorises an activity to be conducted in a zone or designated area that is inconsistent with the objects to be achieved for the zone or area.
- (2) The chief executive may accredit an external authority as a corresponding authority for a marine park, or a part of a marine park, only if the chief executive is satisfied the process for issuing the external authority to a person includes consideration of the person's ability to conduct activities under the external authority in a competent and ethical way.
- (3) Despite subsection (2), the chief executive may accredit an external authority held by a particular person as a corresponding authority for a marine park, or a part of a marine park, if the chief executive is satisfied the person would, if the person applied under part 3 for a permission for conducting the activity authorised under the external authority in the marine park or part, be a suitable person to hold the permission.

88 Notice of accreditation to be available on website

The chief executive must make a copy of the gazette notice accrediting an external authority as a corresponding authority available for inspection by the public on the department's website.

89 Amendment of accreditation of external authority

 - (a) the part of the marine park to which the accreditation applies; or
 - (b) the purpose for entry or use of the marine park or part.
- (2) However, the chief executive may amend the accreditation only if the chief executive reasonably believes the amendment is necessary—
 - (a) in the interests of managing the marine park; or
 - (b) because the arrangements applying to the entry or use of the marine park or part under the external authority are not adequate, or are not being adequately implemented or followed.
- (3) The notice must state 1 or both of the following—
 - (a) if the part of the marine park is amended—the part of the marine park for which the external authority will be accredited as a corresponding authority after the amendment;
 - (b) if the purpose for entry or use is amended—the purpose for entry or use of the marine park or part after the amendment.

90 Cancellation of accreditation of external authority

- (1) The chief executive may, by gazette notice, cancel an accreditation of an external authority as a corresponding authority for a marine park, or a part of a marine park, if—

 - (b) the chief executive is satisfied—

[s 91]

- (i) the accreditation of the external authority is no longer desirable in the interests of managing the marine park or part; or

- (3) After reviewing the accreditation, the chief executive must do 1 of the following—
- (a) leave the accreditation unchanged;
 - (b) replace the accreditation with a new accreditation;
 - (c) amend the accreditation;

- (2) Subject to section 93, the chief executive may, by gazette notice, accredit the instrument for a marine park or a part of a marine park.
- (3) The notice must state—
 - (a) the instrument is an accredited instrument for the marine park or part; and
 - (b) that a person may, without an authority, enter or use the marine park or part for the activity to which the instrument applies if—
 - (i) the person complies with the requirements, in whatever form and however called, stated in the instrument; and
 - (ii) if the instrument only applies to persons who hold a licence, permit or other authority issued or given under another law of the State or a law of the Commonwealth or another State, the person—

93 Limitation on accreditation of external instrument

The chief executive may accredit an external instrument for a marine park, or a part of a marine park, only if the chief executive—

- (a) has had regard to—
 - (i) the management arrangements for the entry or use of the marine park or part under the instrument; and
 - (ii) any other relevant matters; and

Example of a relevant matter—

a matter the chief executive must have regard to in considering an application for a permission for the marine park or part

- (b) for a zoned marine park—is satisfied the accreditation is consistent with the zoning plan for the park.

94 Notice of accreditation and accredited instrument to be available on website

The chief executive must make a copy of the gazette notice accrediting an external instrument and of the accredited instrument available for inspection by the public on the department's website.

95 Amendment of accreditation of external instrument

- (1) The chief executive may, by gazette notice, amend an accreditation of an external instrument for a marine park or a part of a marine park to change the part of the marine park to which the accreditation applies.
- (2) However, the chief executive may amend the accreditation only if the chief executive reasonably believes the amendment is necessary—
 - (a) in the interests of managing the marine park; or
 - (b) because the arrangements applying to the entry or use of the marine park or part under the accredited instrument

are not adequate, or are not being adequately implemented or followed.

- (3) The notice must state the part of the marine park for which the instrument will be an accredited instrument after the amendment.

96 Cancellation of accreditation of external instrument

- (1) The chief executive may, by gazette notice, cancel an accreditation of an external instrument for a marine park or a part of a marine park if the chief executive is satisfied—
 - (a) the accreditation of the instrument is no longer desirable in the interests of managing the marine park or part; or
 - (b) the arrangements applying to the entry or use of the marine park or part under the accredited instrument are not adequate, or are not being adequately implemented or followed.
- (2) The notice must state the instrument is no longer an accredited instrument for the marine park or part.
