4 What is an *eligible home*

- (1) A home is an *eligible home* if—
- (a) the home is a house, townhouse, unit, granny flat or manufactured home; and
- (b) the home is used primarily as a residence; and
- (c) the home is located in a local government area identified as a DRFA activated area in any of the following documents published by the Queensland Reconstruction Authority on its website—

-
- (d) demolition and replacement works.
- (3) The amount of financial assistance available under the scheme is—
- (a) for eligible works that are home raising works or repair or retrofit works—the total of the amounts equivalent to—
- (i) 100% of the cost of carrying out the eligible works, up to the contribution threshold; and
- (ii) 50% of the cost of carrying out the eligible works, to the extent the cost is more than the contribution threshold; or
- (b) for eligible works that are relocation works or demolition and replacement works—100% of the cost of carrying out the eligible works, up to the contribution threshold.
- (4) However, if the applicant is the stated person for a hardship certificate, the amount of financial assistance available under the scheme is 100% of the cost of carrying out the eligible works.
- (5) The *contribution threshold* is—
- (a) for repair or retrofit works—\$50,000; or
- (b) for home raising works, relocation works or demolition and replacement works—\$100,000.
- (6) However, if there are 2 or more eligible homes on the same property, the contribution threshold—
- (a) applies for the cost of carrying out eligible works to all of the eligible homes on the property; and
- (b) is to be divided between the grants of financial assistance relating to the homes in the following way—
- (i) if the owners of all of the eligible homes apply for a grant of financial assistance at the same time and have agreed how the contribution threshold is to be divided—the agreed way;
- (ii) otherwise—the way decided by the authority.

Example—

Houses 1 and 2 are eligible homes on the same property. The cost of repair or retrofit works to each house is \$100,000. The total of the contribution threshold for all repair or retrofit works to both houses is \$50,000.

- (7) Subsection (6)—
- (a) applies regardless of whether the eligible homes have different owners; and
 - (b) does not apply to an eligible home that is a manufactured home located in a residential park under a site agreement.
- (8) To remove any doubt, it is declared that if subsection (6) applies, the contribution threshold for the owner of 1 or more of the eligible homes may be zero.

Example—

Houses 1 and 2 are eligible homes on the same property. The cost of repair or retrofit works to each house is \$100,000. The owner of house 1 has been granted financial assistance of \$75,000 (the full contribution threshold of \$50,000 plus 50% of the cost of the repair or retrofit works that is more the contribution threshold).

After the assistance has been granted for house 1, the owner of house 2 applies for a grant of financial assistance. The contribution threshold for the owner of house 2 would be zero and the amount of financial assistance for house 2 would be \$50,000 (or \$100,000 if the owner had a hardship certificate).

- (9) In this section—
- demolition and replacement works*** means works to—
- (a) demolish an eligible home; and
 - (b) build a new home or install a removable home—

(ii) for works that have been started or are completed—the report for the assessment confirms that the works—

(A) are eligible works; and

- (B) are being, or were, carried out by a licensed contractor; and
 - (C) are being, or were, carried out because of inundation by floodwaters during a disaster event mentioned in section 4(1)(c); and
- (e) the applicant—
 - (i) has obtained a quote from a licensed contractor to carry out the works; or
 - (ii) has been given an invoice for carrying out the works from the licensed contractor who carried out the works; or
 - (iii) has a receipt for payment to a licensed contractor who carried out the works; or

- (f) the department of energy and public works has issued a value for money certificate for the eligible works; and
- (g) for an amount of financial assistance that is more than the contribution threshold—
 - (i) the applicant is able to contribute 50% of the cost of carrying out the works, to the extent the cost is more than the contribution threshold; or
 - (ii) the applicant is the stated person for a hardship certificate.
- (2) However, the applicant is only eligible for conditional approval of a grant of financial assistance under the scheme if the applicant—
 - (a) does not have a receipt for payment to the licensed contractor who carried out the works; or
 - (b) has not entered into a contract with a licensed contractor for the carrying out of the works.

 - (b) the insurer either—

(ii) rejects the claim.

- (3) If the insurance covers the full cost of the eligible works, the applicant is not eligible to receive financial assistance under the scheme.
- (4) If the insurance covers part of the cost of the eligible works, the financial assistance the applicant may receive under the scheme is limited to the extent to which the insurance does not cover the cost of the eligible works.

Example—

If the cost of the eligible works is \$40,000 and the insurer is to pay \$8,000 in relation to the eligible works, the amount of financial assistance the applicant may receive under the scheme for the eligible works is limited to \$32,000.

- (5) For subsections (3) and (4), the extent to which the insurance covers the cost of eligible works is the extent to which—
 - (a) the insurer accepts liability to pay for the eligible works; or
 - (b) under the policy of insurance, the insurer pays the policy holder an amount for the flood damage.
- (6) For subsection (5)(b), if the insurer gave the policy holder an itemised breakdown of what the payment relates to, the amount of the payment does not include that part of the payment that is for something other than the eligible works.

Example—

If the insurer pays the policy holder an amount of \$15,000 for the flood damage and, under the itemised breakdown of the payment, \$5,000 of the payment is for replacement of a damaged rain water tank and fence, the amount of the payment for subsection (5)(b) is \$10,000.

- (8) In this section—

insurer means the insurer under the policy of insurance mentioned in subsection (1)(c).

- (5) For the purpose of a contract for carrying out the eligible works, a payment made under subsection (3)(b) is made on behalf of the entity that is liable to pay for the works under the contract.
