This Act may be cited as the *Fisheries Act 1994*.

#### **2 Commencement**

This Act commences on a day to be fixed by proclamation.

### **Division 2 Objectives**

#### **3 Particular purposes of Act**

- (1) The main purpose of this Act is to provide for the use, conservation and enhancement of the community's fisheries resources and fish habitats in a way that seeks to—
- (a) apply and balance the principles of ecologically sustainable development; and
  - (b) promote ecologically sustainable development.

- (2) In balancing the principles, each principle is to be given the relative emphasis appropriate in the circumstances, having regard to ensuring access to the fisheries resources is allocated in a way that maximises the potential economic, social and cultural benefits to the community.
- (3) Despite the main purpose of this Act, a further purpose of this Act is to reduce the possibility of shark attacks on humans in coastal waters of the State adjacent to coastal beaches used for bathing.
- (4) Subsections (1) and (3) do not limit the purposes of this Act.
- (5) In this section—

*ecologically sustainable development* means using, conserving and enhancing the community's fisheries resources and fish habitats so that—

- (a) the ecological processes on which life depends are maintained; and
- (b) the total quality of life, both now and in the future, can be improved.

*precautionary principle* means the principle that, if there is a threat of serious or irreversible environmental damage, lack of scientific certainty should not be used as a reason to postpone measures to prevent environment degradation, or possible environmental degradation, because of the threat.

*principles of ecologically sustainable development* means the following principles—

- (a) enhancing individual and community wellbeing through economic development that safeguards the wellbeing of future generations;
- (b) providing fairness within and between generations;
- (c) protecting biological diversity, ecological processes and life-support systems;
- (d) in making decisions, effectively integrating fairness and short and long-term economic, environmental and social considerations;

- (4) If there is an inconsistency between 2 or more urgent declarations, the more recently made urgent declaration prevails to the extent of the inconsistency.

## **Division 2                      Compensation for particular    regulatory amendment**

### **Subdivision 1                Right to compensation in particular    circumstances**

#### **43            Right to compensation**

- (1) This section applies to a person if—
  - (a) the person is, other than because of a temporary transfer, the holder of an authority (the *eligible authority*) that—
    - (i) is a licence, or a quota authority or another authority to which a quota entitlement applies; and
    - (ii) authorises the taking of fish for trade or commerce in a fishery described under a regulation as a commercial fishery; and
  - (b) a regulation, or a fisheries declaration or quota declaration other than an urgent declaration, is amended (the *relevant amendment*); and
  - (c) because of the relevant amendment, an entitlement to take fisheries resources that the person had under the eligible authority immediately before the relevant amendment commences is lost or reduced.

- 
- (2) Subject to sections 44 and 48D, the person is entitled to be paid compensation by the State for the value of the loss or reduction.
  - (3) However, the compensation is only payable if, under subdivision 2, a claim for the compensation has been made and the chief executive has decided to grant the claim.
  - (4) This section does not prevent a regulation, fisheries declaration or quota declaration providing for payment of compensation for the making, amendment or repeal of an urgent declaration.
  - (5) In this section—  
*amend*, in relation to a regulation, fisheries declaration or quota declaration, includes—
    - (a) make; and
    - (b) repeal.

#### **44 Limits to compensation payable**

- (1) The entitlement under section 43 arises only if the cause, or one of the causes, of the loss or reduction was—
  - (a) a reallocation, under the relevant amendment, of the entitlement to take fisheries resources to persons who do not hold an authority to which section 43 applies; or
  - (b) a restriction or prohibition, under the relevant amendment, of the exercise of the entitlement in an area, if the purpose of the restriction or prohibition was to protect a thing that is not fish.
- (2) Compensation is not payable for the loss or reduction if—
  - (a) compensation under section 43 has already been paid for the loss or reduction to a previous or another holder of the eligible authority; or
  - (b) compensation is payable for a similar loss or reduction of an entitlement under another Act or law of the State, another State or the Commonwealth.

## **45 No general right to compensation**

- (1) To remove any doubt, it is declared that, other than as provided for under section 43, no one has an entitlement under or in relation to this Act to claim or to be paid an amount from the State for or in connection with—
  - (a) the making, amendment or repeal of a regulation or declaration; or
  - (b) something previously permitted under a regulation or declaration becoming prohibited or regulated because of an amendment to the regulation or declaration.
- (2) Subsection (1) applies whether the amount is claimed as compensation, reimbursement or otherwise.

## **Subdivision 2 Claiming and payment of compensation**

This subdivision applies for a claim for compensation under section 43.

### **47 Requirements for making claim**

- (1) The claim must—

  - (c) state each of the following—
    - (i) the entitlement to take fisheries resources the subject of the claim;
    - (ii) the ground under section 44(1) on which the claim is made;
    - (iii) the amount of the compensation claimed;
    - (iv) how the claimant has worked out the amount.

- (2) The claim must be made within 6 months after the day the relevant amendment commences.

#### **48 Chief executive may require claimant to give further information**

- (1) The chief executive may, by written notice to the claimant, require the claimant to give the chief executive within a stated reasonable period—
  - (a) additional information about, or a document relating to, the claim; or
  - (b) a statutory declaration verifying information included in the claim or additional information required under paragraph (a).
- (2) The notice may be given at any time before the claim is decided.
- (3) If the claimant does not comply with the requirement within the following period, the claimant is taken to have withdrawn the claim—
  - (a) generally—the period stated in the notice;
  - (b) if, within the period stated in the notice, the chief executive agrees in writing to a longer period to comply with the requirement—the longer period.

#### **48A Deciding claim**

- (1) Subject to sections 48B and 48C, the chief executive must, within a reasonable period after the making of the claim, decide—
  - (a) to grant or refuse the claim; and
  - (b) if the chief executive decides to grant the claim—the amount of the compensation payable.
- (2) If the chief executive decides to refuse the claim or decides an amount of compensation that is less than the amount claimed

or agreed to by the claimant, the chief executive must give the claimant an information notice for the decision.

- (3) In deciding what is a reasonable period for subsection (1), the chief executive must have regard to—
  - (a) whether the chief executive may need to give a notice under section 48 or obtain other information or evidence under section 48B; and
  - (b) the period that may be needed to consider the information or document the subject of the notice or the information or evidence that may need to be obtained.

#### **48B Chief executive may obtain information or evidence from other persons**

- (1) Before making the decision under section 48A, the chief executive may obtain from a person other than the claimant the further information or evidence the chief executive considers necessary to make the decision.
- (2) If the chief executive obtains further information or evidence under subsection (1) and the chief executive proposes to act on the information or evidence adversely to the claimant—
  - (a) the chief executive must give the claimant a written notice stating—
    - (i) the further information or evidence; and
    - (ii) that the claimant may respond in writing to the further information or evidence within a stated reasonable period after the giving of the notice; and
  - (b) the chief executive must not make the decision unless the claimant has given the response or the following period has ended—
    - (i) generally—the period stated in the notice;
    - (ii) if, within the period stated in the notice, the chief executive agrees in writing to a longer period for the giving of the response—the longer period.

---

**48C Amount of compensation that may be decided**

- (1) The amount of compensation decided may only be for—
  - (a) either—
    - (i) if the eligible authority continued in force after the relevant commencement—the difference between its market value immediately before the relevant commencement and its market value immediately after the relevant commencement; or
    - (ii) if, under the relevant amendment, the eligible authority ended—its market value immediately before the relevant commencement; and
  - (b) the loss, for no more than 3 years from the relevant commencement, of probable taxable income from fishing lost or reduced because of the lost or reduced entitlement to take fisheries resources the subject of the claim.
- (2) In working out the market value immediately before the relevant commencement, any reduction in the value of the eligible authority caused by the making, or the prospect of the making, of the relevant amendment must be disregarded.
- (3) In working out the lost or reduced fishing income, regard may be had only to income from fishing under the eligible authority as stated in taxation returns lodged by the claimant and relevant notices of assessment accompanying the claim or given to the chief executive by or for the claimant.
- (4) Subsection (5) applies if the chief executive considers—
  - (a) a ground on which the claim is made was not the sole cause of the loss or reduction claimed; and
  - (b) the other cause or causes of the loss or reduction were not causes for which compensation may be claimed under subdivision 1.
- (5) The chief executive may reduce the amount worked out under subsection (1) to reflect the other cause or causes.
- (6) In this section—

*relevant commencement* means when the relevant amendment commenced.

*taxable income* means taxable income under the *Income Tax Assessment Act 1997* (Cwlth).

  - (e) another authority prescribed by regulation.
- (2) A regulation may provide that an authority of a particular kind may or may not be issued for a stated activity or thing.

---

## 52 Things authorised by authorities

- (1) An authority authorises the holder of the authority to do the things permitted under a regulation or declaration or stated in the authority.
- (2) A regulation or declaration, or the authority itself, may also authorise other persons to do all or any of the things authorised by it.

*Example of someone else authorised by an authority—*

a person who is a member of the crew of a boat owned by the holder

- (3) However, an authority does not authorise the holder or anyone else (other than an inspector) to enter, or remain on, someone else's land.
- (4) Also, a resource allocation authority does not confer on the holder—
  - (a) any right of ownership or tenure over the land, waters or resources mentioned in the authority; or
  - (b) the right to carry out the development mentioned in the authority, unless the development is also authorised under the Planning Act.

*Note—*

See also section 76T and the Planning Act, section 163.

## 53 Form, content and term of authorities

An authority—

- (a) must be in the approved form; and
- (b) must contain the particulars decided by the chief executive; and

### **56      Application for renewal of authority (other than permit)**

- (1) The holder of an authority (other than a permit) may apply for its renewal to the chief executive.
- (2) Also, a person may apply to renew an expired former authority if—

  - (b) the application is—
    - (i) for an authority of the same type, and on substantially the same terms, as the former authority; and
    - (ii) made within 3 months after the expiry.

- (1) A permit can not be renewed.
- (2) However, the holder may apply for the issue of another permit.
- (3) Compensation is not payable if the chief executive refuses to issue another permit.
- (4) However, subsection (3) does not prevent a regulation providing for payment of compensation.

**58 Consideration of application for renewal of authority (other than permit)**

- (1) The chief executive must consider an application for renewal of an authority (other than a permit) and may renew the authority or refuse to renew it.
- (2) In considering the application, the chief executive must comply with any relevant regulation or declaration.
- (3) If the application is an application under section 56(2) to renew an expired former authority and the chief executive decides to renew it—
  - (a) the chief executive must fix the term of the renewed authority from the day after the former authority expired; but
  - (b) the renewed authority takes effect only from the day the renewed authority is issued.

## 59 Refusal to issue or renew

- (1) The chief executive may refuse to issue or renew an authority if the chief executive is satisfied the refusal is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

*Examples of the bases on which the chief executive may be satisfied—*

- 1 The authority was issued in error or because of a document or representation—
    - (a) that is false, misleading or omits a material particular; or
    - (b) obtained or made in another improper way.
  - 2 The applicant has been convicted of a fisheries offence.

If the chief executive refuses to issue or renew an authority sought by an applicant, the chief executive must promptly—

- (a) give the applicant an information notice for the refusal; and
- (b) refund the fees paid by the applicant, other than fees for assessing the application.

**Subdivision 2A Additional requirements for deciding applications for resource allocation authorities**

**60A Matters chief executive must consider**

In deciding an application for a resource allocation authority, the chief executive must have regard to the impact of the development mentioned in the authority on each of the following—

- (a) coastal management under the *Coastal Protection and Management Act 1995*;
- (b) the protection of Queensland waters as required under the *Environmental Protection Act 1994*;

*Note—*

See the *Environmental Protection (Water) Policy 2009* for the way the environmental values of Queensland waters are to be protected.

- (6) A power conferred on inspectors by a condition of an authority is not limited by the powers given to an inspector under a provision of this Act.
- (7) If an inspector may exercise a power under this Act and under a condition of an authority, the inspector may exercise the power under either or both.
- (8) To remove any doubt, a condition may be imposed by the chief executive even though the effect is to stop the holder or someone else taking fisheries resources, or using a boat or

---

fishing apparatus that could, apart from the condition, be lawfully taken or used under the authority.

- (9) Compensation is not payable if conditions are imposed on an authority, or anything previously permitted is prohibited or regulated under the authority.
- (10) However, subsection (9) does not prevent a regulation providing for payment of compensation.

### **61A Conditions imposed for repeated interactions with protected animals**

- (1) This section applies if an authority holder has more than 1 interaction with a protected animal within a 12 month period.

- (6) Section 63 does not apply to an amendment of an authority under this section.
- (7) A condition imposed on an authority under this section may also be imposed on the authority on the renewal of the authority if the period for which the condition applies has not ended.

*interaction*, with a protected animal, means physical contact between a boat, person or fishing apparatus involved in a fishing operation and the animal.

## **62 Conditions imposed by regulation**

- (1) An authority is also subject to the conditions prescribed by regulation.

  - (b) in another way, having regard to the representations.
- (3) If the chief executive decides to amend the authority, the chief executive must give the holder of the authority an information notice for the decision.
- (4) Subsections (1) to (3) do not apply if the authority is amended only—
- (a) by omitting a condition if the omission does not adversely affect the holder's interests; or
  - (b) for a formal or clerical reason; or
  - (c) in another way that does not adversely affect the holder's interests; or
  - (d) at the holder's request under section 63A.
- (5) The chief executive may make an amendment of a type mentioned in subsection (4) by written notice given to the holder.
- (6) To remove any doubt, any condition that may be imposed on an authority when it is issued may be imposed on the authority by amendment.

- (3) For section 196, a decision made under the system is taken to be a decision of the chief executive under section 65B.

### **65C Temporary transfers**

- (1) A transfer of an authority may be for a stated period (a *temporary transfer*).
- (2) The stated period—
  - (a) may, subject to paragraphs (b) and (c), be fixed by reference to the happening of a stated event; and
