Payroll Tax Act 1971

An Act to impose a tax upon employers in respect of certain wages

Part 1 Preliminary

1 Short title

This Act may be cited as the *Payroll Tax Act 1971*.

2 Dictionary

The dictionary in the schedule defines particular words used in this Act.

3 Meaning of *superannuation contribution*

- (1) A *superannuation contribution* is a monetary or non-monetary contribution paid or payable by an employer for an employee, or by a company for a director of the company—
- (a) as a superannuation guarantee charge under the Superannuation Guarantee Act; or
 - (b) to a superannuation fund under the *Superannuation Industry (Supervision) Act 1993* (Cwlth); or
 - (c) to another form of superannuation, provident or retirement fund or scheme, including, for example, the following—
 - (i) a retirement savings account under the *Retirement Savings Accounts Act 1997* (Cwlth);
 - (ii) a wholly or partly unfunded fund or scheme.

Examples of non-monetary contribution—

- 1 marketable securities
- 2 real property

(2) In this section—

Superannuation Guarantee Act means the *Superannuation Guarantee (Administration) Act 1992* (Cwlth).

superannuation guarantee charge does not include the following—

- (a) an additional superannuation guarantee charge under section 49 or part 7 of the Superannuation Guarantee Act;
- (b) the part of a superannuation guarantee charge equal to a superannuation contribution mentioned in subsection (1)(b) or (c) that is payable, and for which payroll tax has been paid to the commissioner, to the extent the contribution would have resulted in a reduction in the charge percentage under section 23 of the Superannuation Guarantee Act if the contribution had been paid.

unfunded, for a superannuation, provident or retirement fund or scheme, means the extent that an amount paid or payable by an employer for an employee, or by a company for a director of the company, covered by the fund or scheme is not paid or payable while the employee is employed by the employer, or the director is appointed as a director of the company.

3A Meaning of *termination payment*

(1) A ***termination payment*** is—

- (a) any of the following payments made because of the retirement from, or termination of, any office or employment of an employee—
 - (i) an unused annual leave payment under the *Income Tax Assessment Act 1997* (Cwlth), section 83-10;

-
- (ii) an unused long service leave payment under the *Income Tax Assessment Act 1997* (Cwlth), section 83-75;
 - (iii) so much of an employment termination payment paid or payable by an employer, whether paid or payable to the employee or to another entity, that would be included in the assessable income of the employee under the *Income Tax Assessment Act 1997* (Cwlth), chapter 2, part 2-40 if the whole employment termination payment had been paid to the employee; or
- (b) a following amount, if the amount would be an employment termination payment had it been paid or payable because of termination of employment—
- (i) an amount paid or payable by a company because of the termination of the services or office of a director of the company, whether paid or payable to the director or another entity;
 - (ii) an amount paid or payable by a relevant contract employer because of the termination of the supply of the services of an employee under a relevant contract, whether paid or payable to the employee or another entity.
- (2) In this section—

employment termination payment means—

- (a) an employment termination payment under the *Income Tax Assessment Act 1997* (Cwlth), section 82-130; or
- (b) a payment that is not an employment termination payment under the *Income Tax Assessment Act 1997* (Cwlth), section 82-130 only because it is received later than 12 months after the termination of a person's employment; or
- (c) a transitional termination payment under the *Income Tax (Transitional Provisions) Act 1997* (Cwlth), section 82-10.

4 Other provisions about meaning of wages—superannuation contributions and GST

- (1) This section applies for the definition of *wages* in the schedule.

Note—

Part 2, divisions 1A to 1D contain other provisions that apply for the definition *wages*.

- (2) For paragraph (g) of the definition, a superannuation contribution paid or payable by an employer for an employee on or after 1 January 2000 is taken to be for the employee's services performed or rendered on or after 1 January 2000.
- (3) However, if the commissioner is satisfied any part of a superannuation contribution mentioned in subsection (2) is for an employee's services performed or rendered before 1 January 2000, the part is not wages.
- (4) Also, for paragraph (g) of the definition—
- (a) a superannuation contribution paid or payable by an employer to a superannuation, provident or retirement fund or scheme and not attributed by the employer as paid or payable for a particular employee or particular employees is taken to be paid or payable for the employee or employees decided by the commissioner; and
- (b) a superannuation contribution paid on or after 14 September 1999 and before 1 January 2000 for an employee's services to be performed or rendered on or after 1 January 2000 is taken to be paid on 1 January 2000.
- (5) For this Act, the amount or value of wages paid or payable to a person must be reduced by the relevant proportion of the amount of any GST paid or payable by the person on the supply to which the wages relate.
- (6) In this section—
- relevant proportion***, for GST paid or payable on a supply to which wages relate, means the proportion that the amount or

value of the wages bears to the consideration for the supply to which the wages relate.

5 Meaning of *change of status*

(1) A *change of status* happens for a person who is an employer if, during a financial year—

(a) the person ceases to be an employer and does not intend to resume being an employer during the remainder of the year or the next financial year; or

Example for paragraph (a)—

There is no change of status for a fruit grower who ceases to pay wages after the fruit picking season but intends to resume paying wages later in the financial year or in the next financial year.

(b) for a person who pays, or is liable to pay, taxable wages and who is not a group member—the person becomes a group member; or

(c) for a person who pays, or is liable to pay, wages and is a non-DGE group member—

(i) the person starts paying, or becomes liable to pay, taxable wages other than as a group member; or

(ii) the person becomes the DGE for a group; or

(d) the person ceases to be the DGE for a group; or

(e) an administrator is appointed for the property of the person; or

(f) the appointment of an administrator for the person's property ceases to have effect.

(2) A change of status happens—

(a) if subsection (1)(a) applies—on the first day the person—

(i) does not pay, and is not liable to pay, wages; and

(ii) does not intend to resume paying wages for the remainder of the year or the next financial year; or

- (b) if subsection (1)(b) applies—on the first day the person is a group member; or
- (c) if subsection (1)(c)(i) applies—on the first day the person pays, or is liable to pay, taxable wages other than as a group member; or
- (d) if subsection (1)(c)(ii) applies—on the first day of the periodic return period in which the person becomes the DGE for the group; or

Note—

See also section 75(1) and (2).

- (e) if subsection (1)(d) applies—
 - (i) if all the group members cease to pay, or be liable to pay, wages as members of the group during the relevant periodic return period on or before the day the person ceases to be the DGE for the group—on the first day the person is not the DGE for the group; or
 - (ii) otherwise—on the first day of the relevant periodic return period; or

Note—

See also section 75(3).

- (f) if subsection (1)(e) applies—on the day the administrator is appointed; or
 - (g) if subsection (1)(f) applies—on the day after the appointment ceases to have effect.
- (3) For subsection (2)(e), the relevant periodic return period is the periodic return period in which the person ceases to be the DGE for the group.

Notes—

- 1 If an employer who is not a group member changes status, the employer is required to lodge a final return for, and pay, payroll tax and the mental health levy for the final period.
- 2 If an employer who is the DGE for a group changes status, the DGE is required to lodge a final return for, and pay, payroll tax and the mental health levy for the final period.

-
- 3 If an employer who is a non-DGE group member changes status—
 - (a) the employer is required to lodge a final return for, and pay, payroll tax for the final period; and
 - (b) the DGE for the group is required to lodge a final return for, and pay, the mental health levy for the final period.

6 Meaning of *final period*

The *final period*, for a change of status of a person (the *relevant change of status*) happening during a financial year, means the period—

- (a) starting on the latest of the following days in the year—
 - (i) 1 July;
 - (ii) the first day on which the person is required to register as an employer under part 3, division 1;
 - (iii) if an earlier change of status has happened for the person during the year—the day of the change of status happening immediately before the relevant change of status; and
- (b) ending on the day before the relevant change of status happens.

Example—

An employer who is a group member from 1 July in a financial year ceases to be a group member on 1 September. The final period for the change of status is 1 July to 31 August.

If the employer then ceases to pay, or be liable to pay, wages from 1 June, the final period for the second change of status is 1 September to 31 May.

7 Notes in text

A note in the text of this Act is part of the Act.

8 Relationship of Act with Administration Act

- (1) This Act does not contain all the provisions about payroll tax or the mental health levy.
- (2) The Administration Act contains provisions dealing with, among other things, each of the following—
 - (a) assessments of tax;
 - (b) payments and refunds of tax;
 - (c) imposition of interest and penalty tax;
 - (d) objections and appeals against, or reviews of, assessments of tax;
 - (e) record keeping obligations of taxpayers;
 - (f) investigative powers, offences, legal proceedings and evidentiary matters;
 - (g) service of documents;
 - (h) registration of charitable institutions.

Note—

Under the Administration Act, section 3, that Act and this Act must be read together as if they together formed a single Act.

Part 2 Liability to taxation

Division 1 Imposition of liability

Subdivision 1 Wages liable to payroll tax and mental health levy

8A Application of sdiv 1

- (1) This subdivision applies for working out the wages paid or payable by an employer for services performed or rendered by a person that are liable to payroll tax and the mental health levy under this Act.
- (2) If wages are paid or payable for a person other than an employee, a reference to an employee in this subdivision includes a reference to the person.

9 Wages liable to payroll tax and mental health levy—nexus with Queensland

- (1) Wages are liable to payroll tax and the mental health levy under this Act if—
 - (a) the wages are paid or payable by an employer in relation to services performed or rendered by an employee entirely in Queensland; or
 - (b) the wages are paid or payable by an employer in relation to services performed or rendered by an employee in 2 or more States, or partly in at least 1 State and partly outside all States, and—
 - (i) the employee is based in Queensland; or
 - (ii) if the employee is not based in a State—the employer is based in Queensland; or

- (iii) if both the employee and the employer are not based in a State—the wages are paid or payable in Queensland; or
- (iv) if both the employee and the employer are not based in a State and the wages are not paid or payable in a State—the wages are paid or payable for services performed or rendered mainly in Queensland; or
- (c) the wages are paid or payable by an employer in relation to services performed or rendered by an employee entirely outside all States and are paid or payable in Queensland.

Note—

Section 15A provides an exemption for wages paid or payable for services performed entirely in another country for a continuous period of more than 6 months.

- (2) Subject to subsections (4) and (5), the question of whether wages are liable to payroll tax and the mental health levy under this Act must be decided by reference only to the services performed or rendered by the employee for the employer during the month in which the wages are paid or payable.
- (3) Wages paid or payable by an employer for an employee in a particular month are taken to be paid or payable in relation to the services performed or rendered by the employee for the employer during the month.

Example—

If wages paid in a month are paid to an employee for services performed or rendered over several months, the question of whether the wages are liable to payroll tax and the mental health levy under this Act must be decided by reference only to the services performed or rendered by the employee in the month the wages are paid. The services performed or rendered in previous months are disregarded. However, the services performed or rendered in previous months are relevant to the question of whether wages paid in the previous months are liable to payroll tax and the mental health levy under this Act.

-
- (4) If no services are performed or rendered by an employee for an employer during the month in which wages are paid or payable in relation to the employee—
- (a) the question of whether the wages are liable to payroll tax and the mental health levy under this Act must be decided by reference only to the services performed or rendered by the employee for the employer during the most recent earlier month in which the employee performed or rendered services for the employer; and
 - (b) the wages are taken to be paid or payable in relation to the services performed or rendered by the employee for the employer in that most recent earlier month.
- (5) If no services were performed or rendered by an employee for an employer during the month in which wages are paid or payable in relation to the employee or in any earlier month—
- (a) the wages are taken to be paid or payable in relation to services performed or rendered by the employee in the month in which the wages are paid or payable; and
 - (b) the services are taken to have been performed or rendered at a place where it may reasonably be expected that the services of the employee for the employer will first be performed.
- (6) All amounts of wages paid or payable in the same month by the same employer for the same employee must be aggregated for deciding whether the wages are liable to payroll tax and the mental health levy under this Act.

Example—

If 1 amount of wages is paid by an employer in a particular month in relation to services performed or rendered in Queensland, and another amount of wages is paid by the same employer in the same month in relation to services performed or rendered by the same employee in another State, the wages paid must be aggregated as if they were paid or payable in relation to all services performed or rendered by the employee in that month. Subsection (1)(b) would be applied to decide whether the wages are liable to payroll tax and the mental health levy under this Act.

- (7) If wages are paid in a different month from the month in which they are payable, the question of whether the wages are liable to payroll tax and the mental health levy under this Act must be decided by reference to the earlier of the relevant months.

9A State in which employee is based

- (1) For this Act, the State in which an employee is based is the State in which the employee's principal place of residence is located.
- (2) The State in which an employee is based must be decided by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (3) If more than 1 State would qualify as the State in which an employee is based during a month, the State in which the employee is based must be decided by reference to the state of affairs existing on the last day of that month.
- (4) An employee who does not have a principal place of residence is taken, for this Act, to be an employee who is not based in a State.
- (5) If wages are paid or payable to a corporate employee, the State in which the corporate employee is based must be worked out under section 9B instead of this section, as if a reference in section 9B to an employer were a reference to the employee.
- (6) In this section—
corporate employee means a company—
 - (a) taken to be an employee under section 13D or 13I; or
 - (b) to whom a payment is made that is taken to be wages under section 13L or 50.

9B State in which employer is based

- (1) For this Act, the State in which an employer is based is—

- (a) if the employer has an ABN—the State in which the employer’s registered business address is located; or
 - (b) otherwise—the State in which the employer’s principal place of business is located.
- (2) If wages are paid or payable in connection with a business carried on by an employer under a trust, the employer’s registered business address is—
- (a) if the trust has an ABN—the registered business address of the trust; or
 - (b) otherwise—the registered business address of the trustee of the trust.
- (3) If an employer has 2 or more registered business addresses located in different States at the same time, the State in which the employer is based at that time is the State in which the employer’s principal place of business is located.
- (4) The State in which an employer is based must be decided by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (5) If more than 1 State would qualify as the State in which an employer is based in a month, the State in which the employer is based must be decided by reference to the state of affairs existing on the last day of that month.
- (6) An employer who has neither a registered business address nor a principal place of business is taken, for this Act, to be an employer who is not based in a State.
- (7) In this section—

registered business address means an address for service of notices under the *A New Tax System (Australian Business Number) Act 1999* (Cwlth) as shown in the Australian Business Register kept under that Act.

9C Place and day of payment of wages

- (1) For this Act, wages are taken to have been paid at a place if, for the payment of the wages—
 - (a) an instrument is sent or given or an amount is transferred by an employer to a person or a person's agent at the place; or
 - (b) an instruction is given by an employer for the crediting of an amount to the account of a person or a person's agent at the place.
- (2) The wages are taken to have been paid on the day the instrument was sent or given, the amount was transferred, or the account was credited.
- (3) Subject to subsection (4), wages are taken to be payable at the place they are paid.
- (4) Wages that are not paid by the end of the month in which they are payable are taken to be payable at—
 - (a) the place where wages were last paid by the employer for the employee; or
 - (b) if wages have not previously been paid by the employer for the employee—the place where the employee last performed or rendered services for the employer before the wages became payable.
- (5) If wages paid or payable in the same month by the same employer for the same employee are paid or payable in more than 1 State, the wages paid or payable in that month are taken to be paid or payable in the State in which the highest proportion of the wages are paid or payable.

Note—

Section 9 requires all wages paid or payable in the same month by the same employer for the same employee to be aggregated for deciding whether the wages are liable to payroll tax or the mental health levy under this Act. Subsection (5) ensures only 1 State can be considered to be the State in which the wages are paid or payable.

- (6) This section is subject to section 13W.
- (7) In this section—

instrument includes a cheque, bill of exchange, promissory note, money order, postal order issued by a post office or any other instrument.

- (3) For this section, a client has, or clients have, a controlling interest in a business if the client has, or the clients have, a controlling interest in the business under section 71.
- (4) In subsection (1)—
- (a) a reference to the assumed non-adjusted tax and levy for a return period is a reference to the total amount of payroll tax and the mental health levy that would be payable by the employment agent or agents involved in the employment agency for the period if the amount were calculated without applying any resultant provision; and
 - (b) a reference to the assumed adjusted tax and levy for a return period is a reference to the total amount of payroll tax and the mental health levy that would be payable by the employment agent or agents involved in the employment agency for the period if the amount were calculated applying each relevant resultant provision.
- (5) To remove any doubt about the application of subsection (4)(b), it is declared that if an employment agency is involved in more than 1 avoidance arrangement in a return period, subsection (4)(b) is to be applied by first applying each relevant resultant provision to each avoidance

arrangement and then calculating the total amount for the subsection.

(6) In this section—

avoidance arrangement means an arrangement involving an employment agency if the arrangement involves 1 or more of the following—

- (a) an employment agent acting as trustee for a client of the employment agent under a trust;
- (b) an employment agent acting as agent for a client of the employment agent under an employment agency contract;
- (c) a client of an employment agent acquiring, or clients of an employment agent jointly acquiring, a controlling interest in the business of the employment agent referable to the client or clients.

client includes an individual or company that—

- (b) is related to the client in another way prescribed under a regulation.

employment agency means a business enterprise involving—

- (a) the business of an employment agent; or
- (b) the businesses of 2 or more employment agents.

employment agency contract see the definition *employment agent* for this section.

resultant provision means subsection (2), paragraph (a), (b), (c) or (d).

return period means—

- (a) for an employment agent who is required to lodge periodic returns—a periodic return period or financial year; or
- (b) for an employment agent who is exempt under section 62 from lodging periodic returns—a financial year.

130 When share or option is *granted*

- (1) A share is *granted* to a person if—
 - (a) another person transfers the share to the person, other than by issuing the share to the person; or
 - (b) another person allots the share to the person; or
 - (c) the requirements for the grant of a share prescribed under a regulation are satisfied.

- (3) Also, a share or an option is *granted* to a person if—
 - (a) the person acquires a legal interest in the share or right from another person other than in a way mentioned in subsection (1) or (2); or
 - (b) the person acquires a beneficial interest in the share or option from another person.

13P Grant of share because of exercise of option

Despite paragraphs (j) and (k) of the definition of *wages* in the schedule, the grant of a share by a grantor does not comprise wages if—

- (a) the grantor is required to grant the share because a person has exercised an option; and
- (b) either—
 - (i) the grant of the option to the person comprises wages for this Act; or
 - (ii) the option was granted to the person before 1 July 2008.

13Q Day on which wages are paid or payable

- (1) Wages comprising the grant of a share or option are taken to be paid or payable on the relevant day.
- (2) The *relevant day* is the day the grantor elects under this division to treat as the day on which the wages comprising the grant of the share or option are paid or payable.

13R Election by grantor of relevant day

- (1) A grantor may elect to treat either of the following as the day on which wages comprising the grant of a share or option are paid or payable—
 - (a) the day the share or option is granted to the grantee;
 - (b) the vesting day for the share or option.
- (2) The *vesting day*—
 - (a) for a share—is the first of the following days—
 - (i) the day the share vests in the grantee;
 - (ii) the day that is 7 years after the day the share is granted to the grantee; or
 - (b) for an option—is the first of the following days—
 - (i) the day the share to which the option relates is granted to the grantee;
 - (ii) the day the grantee exercises a right under the option to have the share to which it relates transferred or allotted to, or vest in, the grantee;
 - (iii) the day that is 7 years after the day the option is granted to the grantee.
- (3) For subsection (2), a share *vests* in the grantee when—
 - (a) any conditions applying to the grant of the share have been met; and
 - (b) the grantee's legal or beneficial interest in the share can not be rescinded.

13S Automatic election of relevant day

- (1) This section applies if a grantor grants a share or option to a grantee and any of the following applies—
 - (a) the value of the grant of the share or option is not included in the taxable wages paid or payable by the grantor for a return period during which the share or option is granted;
 - (b) the value of the taxable wages comprising the grant of the share or option is nil;
 - (c) if the grantor were to elect to treat the day the share or option is granted as the relevant day, the wages would not be liable to payroll tax or the mental health levy.
- (2) If subsection (1)(a) applies, the grantor is taken to have elected to treat the vesting day for the share or option as the day on which the wages comprising the grant of the share or option are paid or payable.
- (3) If subsection (1)(b) or (c) applies, the grantor is taken to have elected to treat the day the share or option is granted as the day on which the wages comprising the grant of the share or option are paid or payable.
- (4) This section applies despite section 13R.

13T Effect of rescission or cancellation of share or option

- (1) If, before the vesting day, the grant of a share or option is withdrawn, cancelled or exchanged for consideration other than the grant of other shares or options—
 - (a) the date of the withdrawal, cancellation or exchange is taken to be the vesting day for the share or option; and
 - (b) despite section 13U(1)(a), the market value of the share or option on the vesting day is taken to be the amount of the consideration.
- (2) A grantor must reduce, by the relevant amount, the taxable wages paid or payable by the grantor for a financial year or final period, if—

[s 13U]

- (a) the grantor included the value of a grant of a share or option in the taxable wages paid or payable by the grantor for a periodic return period falling in the financial year or final period; and
 - (b) the grant is rescinded, during the financial year or final period, because the conditions of the grant were not met.
- (3) The commissioner must make a reassessment of a grantor's liability for payroll tax and the mental health levy for a financial year or final period, to reduce the taxable wages of the grantor by the relevant amount, if—
- (a) the grantor included the value of a grant of a share or option in the taxable wages paid or payable by the grantor for the financial year or final period; and
 - (b) the grant is rescinded, after the end of the financial year or final period, because the conditions of the grant were not met.
- (4) However, if the grantor is a non-DGE group member, subsection (3) applies as if a reference to making a reassessment of a grantor's liability for the mental health levy were a reference to making a reassessment of the DGE's liability for the mental health levy.
- (5) For subsections (2) and (3), the *relevant amount* is the value of the grant of a share or option previously included in the taxable wages of the grantor under subsection (2)(a) or (3)(a).
- (6) Subsections (2) and (3) do not apply only because the grantee fails to exercise an option or otherwise exercise the grantee's rights in relation to a share or option.

13U Value of taxable wages

- (1) The value of taxable wages comprising the grant of a share or option is taken to be the amount equal to—
 - (a) the value, in Australian currency, of the share or option on the relevant day; less

-
- (b) any consideration paid or given by the grantee for the share or option, other than consideration in the form of services performed.
- (2) For subsection (1)(a), the *value* of a share or option is—
- (a) the amount worked out under the regulations made under the *Income Tax Assessment Act 1997* (Cwlth), section 83A-315, as applied by subsection (3); or
- Note—*
See the *Income Tax Assessment Regulations 1997* (Cwlth), division 83A.
- (b) if paragraph (a) does not apply—the market value of the share or option.
- (3) For working out the value of a share or option under subsection (2)(a), the regulations mentioned in that subsection apply with the following changes—
- (a) the value of an option is worked out as if it were a right to acquire a beneficial interest in a share;
- (b) a reference to the acquisition of a beneficial interest in a share or right is taken to be a reference to the grant of a share or option;
- (c) with any other necessary changes.
- (4) In working out the market value of a share or option, anything that would prevent or restrict conversion of the share or option to money must be disregarded.
- (5) An employer must give evidence of the value of a share or option to the commissioner if asked by the commissioner.
- (6) If the commissioner is not satisfied with the evidence given by the employer under subsection (5), the commissioner may appoint a person to value the share or option.
- (7) If the value stated by the person appointed under subsection (6) is more than the value stated by the employer, the commissioner may claim all or part of the valuation costs from the employer.

13V When services are performed

- (1) Wages comprising the grant of a share or option by a company to a director of the company by way of remuneration for the appointment of the director, but not for services performed, are taken to be paid or payable for services performed or rendered during the month in which the relevant day falls.
- (2) Wages comprising the grant of a share or option to which subsection (1) does not apply are taken to be paid or payable for services performed or rendered during the month in which the relevant day falls.

13W Place where wages are paid or payable

- (1) Wages comprising the grant of a share or option are taken to be paid or payable in Queensland if—
 - (a) for a share—the share is in a local company; or
 - (b) for an option—the option is an option to acquire a share in a local company.
- (2) If subsection (1) does not apply, wages comprising the grant of a share or option are taken to be paid or payable elsewhere than in Queensland.
- (3) Subsection (4) applies to wages comprising the grant of a share or option by a company to a director of the company by way of remuneration for the appointment of the director, but not for services performed or rendered.
- (4) The wages are taken to be paid or payable for services performed or rendered in the place or places where it may reasonably be expected the services of the director for the company will be performed or rendered.
- (5) In this section—

local company means—

 - (a) a company that is—
 - (i) registered or taken to be registered under the Corporations Act; and

- (ii) taken to be registered in Queensland for that Act;
or

Division 1D Allowances

Subdivision 1 Motor vehicle allowances

13X Definitions for sdiv 1

In this subdivision—

averaging method means the method described in section 13ZB.

averaging period see section 13ZD(1).

business journey means—

- (a) a journey undertaken in a motor vehicle by a person, other than for applying the vehicle for a use that—
 - (i) is a private use; and
 - (ii) if the person is paid a motor vehicle allowance for the use—results in a fringe benefit under the Fringe Benefits Assessment Act being provided by the employer; or
- (b) a journey undertaken in a motor vehicle by a person in the course of producing assessable income of the person under the *Income Tax Assessment Act 1936* (Cwlth).

business vehicle, of an employee, means a motor vehicle provided or maintained by the employee for undertaking business journeys.

continuous recording method means the method described in section 13ZA.

number of exempt kilometres see section 13Y(4), definition K.

relevant percentage see section 13ZB(4).

13Y Exempt component of motor vehicle allowance

- (1) For this Act, a reference to wages, in relation to a return period, does not include a reference to the exempt component of a motor vehicle allowance paid or payable to an employee for the period.
- (2) If the total motor vehicle allowance paid or payable to an employee for a return period is not more than the exempt component of the allowance, the allowance does not comprise wages for this Act.
- (3) If the total motor vehicle allowance paid or payable to an employee for a return period is more than the exempt component for the allowance, if any, only the amount of the allowance exceeding the exempt component comprises wages for this Act.
- (4) The *exempt component* of a motor vehicle allowance paid or payable to an employee for a business vehicle for a return period is the amount worked out using the following formula—

$$E = K \times R$$

where—

E means the exempt component.

K means the number of exempt kilometres travelled by the vehicle during the return period, worked out under section 13Z (the *number of exempt kilometres*).

R means—

- (a) the rate determined under the *Income Tax Assessment Act 1997* (Cwlth), section 28-25(4) for calculating a deduction for car expenses using the ‘cents per kilometre’ method for the financial year immediately preceding the financial year in which the allowance is paid or payable; or

-
- (b) if there is no rate under paragraph (a)—the rate prescribed by regulation.

13Z Working out the number of exempt kilometres

- (1) For section 13Y(4), the number of exempt kilometres must be worked out using either of the following chosen by the employer—
- (a) the continuous recording method;
 - (b) the averaging method.

Note—

See section 13ZG (Switching between continuous recording and averaging methods) for requirements about switching between the continuous recording and averaging methods.

- (2) However, if the commissioner gives a written approval for the employer to use another method for working out the number of exempt kilometres, the number of exempt kilometres must be worked out using the approved method.

Example of another method—

using an estimate

- (3) An approval mentioned in subsection (2)—
- (a) may be given by the commissioner if the commissioner is satisfied use of the other method would be more appropriate in particular circumstances; and
 - (b) may apply to—
 - (i) the employer; or
 - (ii) a class of employers that includes the employer.
- (4) As soon as practicable after giving an approval under subsection (2), the commissioner must give a copy of the approval to the employer or, if the approval applies to a class of employers, each employer to whom it applies.

13ZA Continuous recording method

- (1) This section applies if, under section 13Z(1)(a), the employer uses the continuous recording method to work out the number of exempt kilometres for a business vehicle.
- (2) The employer must keep a record of the following details—
 - (a) the odometer readings at the beginning and end of each business journey undertaken by the employee during the return period by means of the vehicle;
 - (b) the specific purpose for which the journey was undertaken;
 - (c) the distance travelled.

Note—

See the Administration Act, section 118 (Period for keeping records).

- (3) The number of exempt kilometres is the distance of all business journeys mentioned in subsection (2)(a), worked out using the odometer readings mentioned in the subsection.

13ZB Averaging method—how it works

- (1) This section applies if, under section 13Z(1)(b), the employer uses the averaging method to work out the number of exempt kilometres for a business vehicle.
- (2) The employer must keep the records mentioned in section 13ZC.

Note—

See the Administration Act, section 118 (Period for keeping records).

- (3) The number of exempt kilometres is the number worked out using the following formula—

$$\mathbf{K = D \times RP}$$

where—

D means the total distance travelled by the business vehicle during the return period, worked out using the odometer readings mentioned in section 13ZC(3)(a).

K means the number of exempt kilometres.

RP means the relevant percentage for the vehicle.

- (4) The ***relevant percentage*** for the business vehicle is the percentage worked out using the following formula—

$$\mathbf{RP = B/T \times 100}$$

where—

B means the distance travelled by the employee in the course of business journeys undertaken by means of the vehicle during the averaging period for the vehicle, worked out using the odometer readings mentioned in section 13ZC(2)(a).

RP means the relevant percentage.

T means the total distance travelled by the vehicle during the averaging period for the vehicle, worked out using the odometer readings mentioned in section 13ZC(2)(d).

- (5) If a relevant percentage for the business vehicle is worked out on the basis of an averaging period for the vehicle, the number of exempt kilometres for the vehicle for a return period mentioned in subsection (6) must be worked out using that relevant percentage.
- (6) For subsection (5), the return periods are—
- (a) any return period falling in or comprising the financial year in which the averaging period falls or, if the averaging period falls in 2 financial years, the second financial year in which the period falls, other than a return period ending before the averaging period ends; and
 - (b) the return periods falling in or comprising any of the succeeding 4 financial years after the financial year mentioned in paragraph (a).
- (7) Subsection (5) applies subject to section 13ZE.

13ZC Averaging method—records to be kept by employer

- (1) An employer who, under section 13Z(1)(b), works out the number of exempt kilometres for a business vehicle using the averaging method must keep a record of the details stated in this section.
- (2) In relation to the averaging period for the business vehicle, the details are each of the following—
 - (a) the odometer readings at the beginning and end of each business journey undertaken by the employee during the averaging period by means of the vehicle;
 - (b) the specific purpose for which each business journey mentioned in paragraph (a) was undertaken;
 - (c) the distance travelled by the employee during the averaging period in the course of all business journeys mentioned in paragraph (a), worked out using the odometer readings mentioned in the paragraph;
 - (d) the odometer readings at the beginning and end of the averaging period;
 - (e) the distance travelled by the vehicle during the averaging period, worked out using the odometer readings mentioned in paragraph (d);
 - (f) the relevant percentage for the vehicle.

Note—

Under section 13ZB(5), the relevant percentage worked out on the basis of an averaging period must be used for the return periods mentioned in section 13ZB(6). While the employer is using that relevant percentage, the employer is not required to work out the relevant percentage again, or to make a new record of the details mentioned in subsection (2).

- (3) In relation to the return period to which the number of exempt kilometres relates, the details are each of the following—
 - (a) the business vehicle's odometer readings at the beginning and end of the return period;
 - (b) the distance travelled by the vehicle during the return period, worked out using the odometer readings mentioned in paragraph (a);

-
- (c) the number of exempt kilometres for the vehicle for the return period.
 - (4) If the odometer of the business vehicle is replaced or recalibrated during a return period for which its readings are relevant for using the averaging method, the employer must keep a record of the odometer readings immediately before and immediately after the replacement or recalibration.

13ZD Averaging method—what is the *averaging period*

- (1) The *averaging period*, for a business vehicle of an employee, means a continuous period of at least 12 weeks, chosen by the employer, throughout which the vehicle is provided or maintained by the employee.
- (2) The averaging period may overlap the start or end of a financial year.

Note—

See also section 13ZB(5) and (6) in relation to using a relevant percentage worked out on the basis of an averaging period that falls in 2 financial years.

- (3) If the averaging method is used for more than 1 business vehicle of an employee for the same return period, the averaging period for the vehicles must be the same.
- (4) This section applies subject to section 13ZE.

13ZE Averaging method—recalculation of relevant percentage

- (1) This section applies to an employer who, under section 13Z(1)(b), works out the number of exempt kilometres for a business vehicle using the averaging method.
- (2) The employer must recalculate the relevant percentage for the business vehicle if—
 - (a) the commissioner gives the employer a written notice, before the start of a return period, directing the employer to recalculate the relevant percentage for the

vehicle on the basis of an averaging period that falls wholly or partly during the return period; or

- (b) the employer wishes to start using the averaging method for 1 or more other business vehicles used by the employee.

Note—

See also section 13ZD(3).

- (3) Also, the employer must recalculate the relevant percentage for the business vehicle if the employer—
 - (a) has used a relevant percentage worked out on the basis of an averaging period for the vehicle for the succeeding 4 financial years after the financial year mentioned in section 13ZB(6)(a); and
 - (b) intends to continue using the averaging method to work out the number of exempt kilometres for the vehicle.

Note—

If the employer recalculates the relevant percentage on the basis of a new averaging period, the new averaging period applies for the purposes of section 13ZB(5) and the employer must use the new relevant percentage for the return periods mentioned in section 13ZB(6).

- (4) In this section—

recalculate the relevant percentage for a business vehicle means—

 - (a) record the details mentioned in section 13ZC(2)(a) to (e) in relation to a new averaging period for the vehicle; and
 - (b) work out a new relevant percentage for the vehicle using the details mentioned in paragraph (a).

13ZF Averaging method—replacing a business vehicle

- (1) An employer using the averaging method may nominate 1 business vehicle (the **replacement vehicle**) to be the replacement of another business vehicle (the **original vehicle**).

-
- (2) The employer must record the nomination in writing—
 - (a) during the financial year in which the nomination takes effect; or
 - (b) if the commissioner allows the employer to record the nomination at a later time—at the later time allowed by the commissioner.
 - (3) The nomination takes effect on the day stated in it.
 - (4) After the nomination takes effect, for the employer's use of the averaging method the replacement vehicle is taken to be the original vehicle.
 - (5) The employer need not repeat, for the replacement vehicle, the steps already taken under this subdivision for the original vehicle.

Example—

The employer is not required to recalculate the relevant percentage worked out for the original vehicle.

- (6) The employer must keep a record of—
 - (a) the odometer reading of the original vehicle immediately before the nomination takes effect; and
 - (b) the odometer reading of the replacement vehicle immediately after the nomination takes effect.

13ZG Switching between continuous recording and averaging methods

- (1) An employer may change from using a recording method to using the other recording method with effect from the beginning of a financial year.

Note—

See section 13ZA(2) or 13ZC for the record keeping requirements with which the employer must comply for the financial year for the continuous recording method or averaging method.

- (2) In this section—

recording method means the averaging method or continuous recording method.

Subdivision 2 Accommodation allowances

13ZH Exempt rate for accommodation allowance

- (1) For this Act, a reference to wages does not include a reference to an accommodation allowance—
 - (a) paid or payable to an employee for a night's absence from the employee's usual place of residence; and
 - (b) that is not more than the exempt rate.
- (2) If an accommodation allowance paid or payable to an employee for a night's absence from the employee's usual place of residence is more than the exempt rate, the allowance comprises wages for this Act only to the extent it is more than the exempt rate.
- (3) The *exempt rate*, for a financial year, is—
 - (a) the total reasonable amount for daily travel allowance expenses using the lowest capital city for the lowest salary band for the year decided by the Commissioner of Taxation of the Commonwealth for the *Income Tax Assessment Act 1997* (Cwlth), section 900-50; or
 - (b) if no decision mentioned in paragraph (a) is in force—the rate prescribed under a regulation.

Division 2 Exemptions

- (a) for a full-time employee—3 months; or
 - (b) for a part-time or casual employee—12 months.
- (5) Despite subsection (3), the exemption given in subsection (2)(j) applies to wages paid or payable to the trainee under the current traineeship if—
- (a) after the commencement of subsection (3), the trainee started, with the employer, a certificate II traineeship and subsection (2)(j) applied to wages paid or payable to the trainee under the certificate II traineeship; and
 - (b) the current traineeship is a certificate III traineeship in the same training package as the certificate II traineeship; and
 - (c) the trainee starts the current traineeship within 1 year after obtaining the certificate II qualification.

In this division—

relevant employer means an employer who is—

- (a) registered as an employer under division 1; or
- (b) required to apply for registration as an employer under division 1.

59 Periodic returns

- (1) A relevant employer must, not later than 7 days after the last day of each periodic return period for all or part of which the employer is a relevant employer, lodge a return for taxable wages paid or payable by the employer for the period.

Note—

Failure to lodge a periodic return is an offence under section 121 of the Administration Act.

- (1A) Subsection (1) does not apply for the last periodic return period of a financial year for the employer.
- (2) However, if the commissioner considers it would be unduly onerous to require the employer to lodge periodic returns within the 7-day period required under subsection (1), the commissioner may, by written notice, vary the time within which the employer is required to lodge returns under this section.
- (3) The commissioner may revoke a notice given under subsection (2) at any time by written notice.
- (4) The return must—

- (a) be in the approved form; and
 - (b) state the employer's periodic liability for the periodic return period; and
 - (c) state the employer's periodic levy liability for the periodic return period.
- (5) This section is subject to sections 60 to 62.

Note—

Lodgement of an annual return or final return does not, of itself, affect a relevant employer's obligation to lodge periodic returns.

60 Duration of periodic return period

- (1) Subject to subsection (2), a periodic return period is the period—
- (a) starting on the first day of a month; and
 - (b) ending on the last day of the month.
- (2) However, if the commissioner considers it would be unduly onerous to require the employer to lodge periodic returns for each month, the commissioner may, by written notice, authorise the employer to lodge periodic returns for the periods stated in the notice.
- (3) A period stated in the notice must be less than 1 year.
- (4) The commissioner may revoke a notice given under subsection (2) at any time by written notice.

61 Deemed lodgement of periodic return—payment by electronic transfer of funds

- (1) This section applies if—
- (a) an amount of payroll tax or mental health levy may be or is required to be, under the Administration Act, section 29 or 29A, paid by the electronic transfer of funds; and

-
- (b) an employer makes a payment of periodic liability or periodic levy liability for a periodic return period by an electronic transfer of funds as required under that Act; and
 - (c) using an approved information system, the employer gives the commissioner a breakdown of the payment between primary tax and assessed interest.
- (2) The employer is taken to have lodged a periodic return for the periodic return period to which the payment relates.
 - (3) The amount of the payment is, for the Administration Act, section 14(a), taken to be the amount of the employer's periodic liability and periodic levy liability stated in the return.
 - (4) However, if the employer makes more than 1 payment for a periodic return period by the electronic transfer of funds, subsections (2) and (3) apply only to the first payment made by the employer for the period.
 - (5) In this section—
primary tax see the Administration Act, schedule 2.

62 Exemption from requirement to lodge periodic returns

- (1) If the commissioner considers that no tax will be payable by a relevant employer or, if paid, would be refunded, the commissioner may issue a certificate to the employer exempting the employer from the requirement under section 59 to lodge periodic returns.
- (2) An employer to whom a certificate is issued under subsection (1) is not required to lodge periodic returns.

Note—

An employer who is not required to lodge periodic returns is subject to a notification requirement under section 87 and is not exempt from the requirement to lodge an annual return or final return.

- (3) A certificate issued under subsection (1) may be either unconditional or subject to such conditions as are prescribed or as the commissioner thinks fit.

[s 63]

- (4) The commissioner may, at any time by notice in writing, revoke any certificate issued under subsection (1).
- (5) The issue of a certificate under subsection (1) shall not exempt an employer from the payment of any payroll tax or mental health levy, notwithstanding that it may have the effect of postponing the time for payment of any payroll tax or mental health levy.

63 Annual return

- (1) This section applies to an employer who is a relevant employer on 30 June in a financial year.
- (2) The employer must, not later than 21 July immediately after the end of the year, lodge a return for taxable wages paid or payable by the employer for the year.

- (3) The return must—
 - (a) be in the approved form; and
 - (b) state—
 - (i) if the employer is the DGE for a group—the wages that were paid or payable during the designated period for the DGE in the year, as a member of the group, by each employer who was a member of the group for all or part of the designated period; or
 - (ii) for another employer, the wages that were paid or payable during the year by the employer, other than wages that were included, or required to be included, in a final return for a final period for the employer during the year; and
 - (c) state the employer's annual liability or annual refund amount for the year; and

-
- (d) if the employer is not a group member or is the DGE for a group—state the employer’s annual levy liability or annual levy refund amount for the year.
- (4) Despite subsection (2), an employer is not required to lodge an annual return for a financial year if the employer—
- (a) under section 64(2), lodged or was required to lodge a final return during the year; and
 - (b) did not pay, and was not liable to pay, taxable wages during the financial year after the last day of the final period for which the final return was lodged or required to be lodged.

Note—

Lodgement of a final return does not, of itself, affect a relevant employer’s obligation to lodge an annual return.

64 Final return

- (1) Subsection (2) applies if, during a financial year, a change of status happens for a relevant employer.
- (2) The employer must, not later than 21 days after the change of status happens, lodge a return for taxable wages paid or payable by the employer for the final period for the change of status.

Note—

Failure to lodge a final return is an offence under section 121 of the Administration Act.

- (3) The return must—
 - (a) be in the approved form; and
 - (b) state—
 - (i) if the employer is the DGE for a group—the wages that were paid or payable during the period, as a member of the group, by each employer who was a member of the group for all or part of the period; or

- (4) Subsection (5) applies if, during a financial year, a change of status happens for a relevant employer who is a member of a group (the *relevant group member*).
- (5) The employer who is the DGE for the group on the last day of the final period for the change of status must lodge a return for taxable wages paid or payable by the group members for the final period.

Note—

Failure to lodge a final return is an offence under section 121 of the Administration Act.

- (6) The return must—
- (a) be lodged within 21 days after the end of the periodic return period in which the last day of the final period occurs; and
 - (b) be in the approved form; and
 - (c) state the wages that were paid or payable during the period, as a member of the group, by each employer who was a member of the group for all or part of the period; and
 - (d) state the DGE's final levy liability or final levy refund amount for the period.

65 Further returns

The commissioner may, by notice in writing, call upon any employer or person to lodge, within the time specified in the notice, such return or such further or fuller return, as the

spouse includes a de facto partner and a civil partner.

74E Direct interest

- (1) A relevant entity has a *direct interest* in a corporation if—

[s 74F]

- (a) for a relevant entity that is a person—the person can, directly or indirectly, exercise the voting power attached to any voting shares issued by the corporation; or
 - (b) for a relevant entity that is 2 or more associated persons—each of the associated persons can, directly or indirectly, exercise the voting power attached to any voting shares issued by the corporation.
- (2) The value of the relevant entity’s direct interest in the corporation is the percentage equivalent to the proportion of the voting power of all voting shares issued by the corporation that—
- (a) for a relevant entity that is a person—the person can, directly or indirectly, exercise; or
 - (b) for a relevant entity that is 2 or more associated persons—the associated persons can, if acting together, directly or indirectly exercise.
- (3) In this section—
- exercise*, in relation to voting power attached to voting shares issued by a corporation, includes control the exercise of, or substantially influence the exercise of, the voting power.

74F Indirect interest

- (1) A relevant entity has an *indirect interest* in a corporation if the corporation is linked to another corporation (the *directly controlled corporation*) in which the entity has a direct interest.

Note—

It is possible for a relevant entity to have more than 1 indirect interest in a corporation. In that case, the relevant entity has an aggregate interest in the corporation under section 74G(1)(b).

Examples—

- 1 The relevant entity has a direct interest in corporations A and B. Both corporations A and B have a direct interest in corporation C.

-
- 2 The relevant entity has a direct interest in corporation A. Corporation A is linked to another corporation through more than 1 chain of corporations.
- (2) A corporation is linked to the directly controlled corporation if the corporation is part of a chain of corporations—
- (a) that starts with the directly controlled corporation; and
 - (b) in which a link is formed if a corporation has a direct interest in the next corporation in the chain.

Examples—

- 1 A relevant entity has a direct interest in corporation A (the directly controlled corporation). Corporation A has a direct interest in corporation B. Corporations A and B are linked and form part of a chain of corporations. Therefore, the relevant entity has a direct interest in corporation A, and an indirect interest in corporation B.
 - 2 Corporation B also has a direct interest in corporation C. Corporations B and C are linked to corporation A, and corporations A, B and C form part of a chain of corporations. The relevant entity has a direct interest in corporation A, and an indirect interest in corporations B and C.
 - 3 Corporation B also has a direct interest in corporation D. There are now 2 chains of corporations, 1 consisting of corporations A, B and C and the other consisting of corporations A, B and D. Corporations B, C and D are all linked to corporation A. The relevant entity has a direct interest in corporation A, and an indirect interest in corporations B, C and D. However, if a relevant entity had a direct interest in corporation C only, the entity would not have an indirect interest in corporation D because corporation D is not linked to corporation C.
- (3) The value of a relevant entity's indirect interest in a corporation (the *indirectly controlled corporation*) that is linked to a directly controlled corporation is the percentage worked out by multiplying the following amounts—
- (a) the value of the relevant entity's direct interest in the directly controlled corporation;
 - (b) the value of each direct interest that forms a link in the chain of corporations by which the indirectly controlled corporation is linked to the directly controlled corporation.

Examples—

- 1 A relevant entity has a direct interest (with a value of 80%) in corporation A. Corporation A has a direct interest (with a value of 70%) in corporation B. The value of the relevant entity's indirect interest in corporation B is $80\% \times 70\% = 56\%$. For section 72, the relevant entity has a controlling interest in corporation B.
- 2 Corporation B also has a direct interest (with a value of 40%) in corporation C. The value of the relevant entity's indirect interest in corporation C is $80\% \times 70\% \times 40\% = 22.4\%$. For section 72, the relevant entity does not have a controlling interest in corporation C.

74G Aggregate interest

- (1) A relevant entity has an *aggregate interest* in a corporation if—
 - (a) the entity has a direct interest and 1 or more indirect interests in the corporation; or
 - (b) the entity has more than 1 indirect interest in the corporation.
- (2) The value of a relevant entity's aggregate interest in a corporation is the sum of the following amounts—
 - (a) the value of the direct interest, if any, of the entity in the corporation;
 - (b) the value of each indirect interest of the entity in the corporation.

Example—

A relevant entity has a direct interest (with a value of 40%) in corporation B. The relevant entity also has a direct interest (with a value of 25%) in corporation A. Corporation A has a direct interest (with a value of 60%) in corporation B. Accordingly, the relevant entity also has an indirect interest in corporation B with a value of 15% ($25\% \times 60\%$). The value of the relevant entity's aggregate interest in corporation B is $40\% + 15\% = 55\%$. For section 72, the relevant entity has a controlling interest in corporation B.

Division 3 Designated group employer

75 Designation of group member as DGE

- (1) The members of a group may, by an instrument in writing in the approved form executed by or on behalf of each member of the group and served on the commissioner, designate 1 of its members to be the DGE in respect of the group for the purposes of this Act.
- (2) If the members of a group do not in accordance with subsection (1) designate 1 of the members of the group to be the DGE in respect of the group for the purposes of this Act, the commissioner may exercise in respect of the group the powers of designation conferred on members of the group by that subsection and for the purposes of this Act such a designation by the commissioner shall be by instrument in writing served on the member of the group designated as the DGE and shall have the same effect and give rise to the same consequences as if validly made by the members of the group.
- (3) Subject to subsection (4), the DGE in respect of a group ceases to be the DGE in respect of that group on and from the first day of the periodic return period relating to the DGE during which—
 - (a) the composition of the group alters; or

The commencement is on 1 March 2005. After the commencement, it is discovered that a person was required to apply for registration as an employer from 1 July 2004. After 1 March 2005, the continuing failure to apply for registration is, although it may also relate to a pre-commencement liability, an act or omission done or omitted to be done for this Act after the commencement.

- (2) Subsection (1) has effect subject to division 4.

100 Registration under s 54 of person required to register before commencement

- (1) This section applies if a person was required to apply for registration as an employer under previous section 12 but did not do so before the commencement.
- (2) The commissioner may register the person under section 54.
- (3) If the commissioner registers the person under section 54, a reference in the previous provisions of this Act to an employer registered under section 12 is taken to include a reference to the person.

101 Application of amended ss 58–62 for previous return periods

- (1) This section applies if an employer was required under previous section 13 or 14 to furnish a return for a previous return period but did not do so before the commencement.
- (2) Amended sections 58 to 62 apply in relation to the employer for the previous return period.
- (3) For subsection (2), the employer is taken to be a relevant employer for the return period.
- (4) Previous sections 13 and 14 do not apply to the employer for the previous return period.
- (5) However, subsection (4) does not affect the employer's liability for contravening previous section 13 or 14 before the commencement.

102 Assessment under amended s 81 in relation to particular pre-commencement liabilities

- (1) The commissioner may make an assessment under section 81(2) in relation to an employer's liability for payroll tax for a financial year ending before the commencement.
- (2) For subsection (1), a reference in section 81(5)(c) to a prescribed payroll tax liability of the employer is taken to be a reference to tax, within the meaning of previous section 3, payable by the employer.

104 This Act as a revenue law for the Administration Act

- (1) This section provides for how the Administration Act applies to this Act, in relation to particular liabilities, acts and omissions, as a revenue law under the Administration Act.

Note—

The Administration Act applies to this Act, as a revenue law, except to the extent its application is limited or modified under this section or section 105 or 106.

 - (c) part 5 (Interest and penalty tax);
 - (d) sections 124, 125 and 132.
- (4) To remove doubt, it is declared that the Administration Act applies in relation to an act or omission done or omitted to be done on or after the commencement, even if the act or omission relates to a liability mentioned in subsection (2).

Example—

The commencement is on 1 March 2005. During an audit in July 2005 in relation to the 2003/2004 financial year, a taxpayer fails to provide wage details for the financial year as required under the Administration Act, part 7. Failure to provide the information would be an omission after the commencement, even though it relates to a pre-commencement liability.

- (5) However, the Administration Act, sections 124, 125 and 132 do not apply in relation to an act or omission mentioned in subsection (4) if the act or omission relates to a liability mentioned in subsection (2).
- (6) For applying the Administration Act, part 4, in relation to a liability, act or omission mentioned in subsection (2) or (4)—
 - (a) a liability mentioned in subsection (2)(a) or (b) is taken to be an assessment liability for the Administration Act, sections 41 and 42; and
 - (b) penal tax and additional tax are not primary tax for the Administration Act, section 42; and

- (c) an assessment of further tax under previous part 5 is taken to be a reassessment for the Administration Act, section 46.
- (7) Subsection (4) applies subject to subsection (8).
- (8) However, to the extent this Act applies to an act or omission mentioned in subsection (4), the application of the Administration Act, section 136 is subject to previous section 38.
- (9) If, under this section, a provision of the Administration Act relating to a particular matter applies to this Act and this Act contains provision about the same matter, this Act does not apply to the matter.

105 Application of Administration Act, s 38

An amount relating to a post-commencement liability may be applied under the Administration Act, section 38, as payment for a pre-commencement liability or a liability for payroll tax for a transitional return period.

106 Second or subsequent offences

- (1) For applying the Administration Act, section 138 to this Act, the reference in subsection (1)(b) of that section to a further offence is a reference to an offence committed on or after the commencement.
- (2) If the Administration Act, section 138(1)(a), applies for an offence against a previous provision of this Act that is repealed by the amending Act, the reference in subsection (1)(b) of that section to a further offence against the provision includes a reference to an offence against a provision of the amended Act or the Administration Act that corresponds to the previous provision.

Division 3 Application of previous provisions

107 Application of previous provisions to particular liabilities etc.

- (1) Despite their amendment or repeal by the amending Act, the previous provisions of this Act continue to apply in relation to—
 - (a) a pre-commencement liability; and
 - (b) a liability for payroll tax in relation to a transitional return period; and

- (3) However, if the commissioner determines the employer's fixed periodic deduction under amended section 21 or 27 on or after the commencement during the transitional year, the

amount determined under the section is the employer's fixed periodic deduction.

 - (a) there is a transitional year; and
 - (b) immediately before the commencement—
