- (1b) In connection with the operation of subsection (1a), a local instrument applying under subsection (1a)(c) or the Rules applying under subsection (1a)(d) may include provisions that will allow a small customer to elect that a certain specified tariff will, or will not, apply in relation to the customer.

(7) Publication by AER

The AER must, as soon as practicable after being notified by a retailer, publish the standing offer prices or any variation of the standing offer prices on the AER's website, but failure to do so does not affect the operation or effect of the standing offer prices or any variation.

(8) Limitation on application of this section

This section applies only as follows—

- (a) in relation to a retailer who sells gas;

- (b) subject to subsection (9), in relation to a retailer who sells electricity to small customers whose standing offer prices stop being notified prices under section 90(4) of the *Electricity Act 1994* of Queensland because the price determination fixing the notified prices no longer applies (as mentioned in section 22A(3)).

- (b) despite subsection (3)(c), if the retailer varies its standing offer prices to increase the prices, the retailer must inform each affected customer of the variation at least 10 business days before the variation takes effect;
- (c) despite subsections (2)(b) and (5), the retailer may vary its standing offer prices to reduce the prices at any time.

- (3) A market retail contract may contain terms and conditions dealing with other matters, other than terms or conditions that the Rules provide must not be included in the contract.
- (4) A market retail contract must contain additional terms or conditions that the Rules require to be included in the contract in relation to matters relating to specific jurisdictions.

36 Market retail contract to be consistent with minimum requirements of the Rules

- (1) The terms and conditions (whether original or varied) of a market retail contract have no effect to the extent of any inconsistency with any relevant minimum requirements of the Rules as currently in force.

- (d) other transactions specified in this Law or the Rules as requiring explicit informed consent.

Notes—

- 1 See section 41 for the consequences of not obtaining explicit informed consent as required.
- 2 This section is a civil penalty provision.

39 Nature of explicit informed consent

- (1) Explicit informed consent to a transaction is consent given by a small customer to a retailer where—
 - (a) the retailer, or a person acting on behalf of the retailer, has clearly, fully and adequately disclosed all matters relevant to the consent of the customer, including each specific purpose or use of the consent; and
 - (b) the customer gives the consent to the transaction in accordance with subsection (2); and
 - (c) any requirements prescribed by the Rules for the purposes of this subsection have been complied with.

- (2) Explicit informed consent requires the consent to be given by the small customer—
 - (a) in writing signed by the customer; or
 - (b) verbally, so long as the verbal consent is evidenced in such a way that it can be verified and made the subject of a record under section 40; or
 - (c) by electronic communication generated by the customer.

40 Record of explicit informed consent

- (1) A retailer must—
 - (a) create a record of each explicit informed consent required by this Division and provided by a small customer; and
 - (b) retain the record for at least 2 years.
- (2) The record must be in such a format and include such information as will enable—
 - (a) the AER to verify the retailer's compliance with the relevant requirements of this Part and the Rules relating to explicit informed consent; and
 - (b) the retailer to answer enquiries from a small customer relating to the customer's explicit informed consent.
- (3) A retailer must, on request by a small customer and at no charge, provide the customer with access to a copy of the record of any explicit informed consent given by the customer and then retained by the retailer.

41 No or defective explicit informed consent

- (1) A transaction referred to in section 38 between a retailer and small customer is void if it is established, in accordance with subsection (2) and any applicable provisions of the Rules, that explicit informed consent as required by this Division was not obtained.

- (2) It is established that the required explicit informed consent was not obtained if—
 - (a) the customer raises the issue with the retailer either by asserting that the consent was not obtained or by requesting production of a record of the consent; and
 - (b) the issue is so raised within 12 months after the date of the transaction; and
 - (c) the retailer—
 - (i) admits that the consent was not obtained; or
 - (ii) does not produce a satisfactory record of the informed consent as soon as practicable, but within 10 business days, after the issue is so raised.
- (3) Subject to subsections (4) and (5), the retailer cannot recover any amount for any energy supplied as a result of the void transaction.
- (4) If the void transaction did not involve the transfer of the customer to the retailer from another retailer, the customer is only liable to pay the retailer any charges that would have been payable for the sale and supply of energy if the void transaction had not occurred.
- (5) If the void transaction did involve the transfer of the customer to the retailer (*the new retailer*) from another retailer (*the original retailer*)—
 - (a) the customer is (subject to paragraph (b)) liable to pay the original retailer all charges for the sale and supply of energy as if the void transaction had not occurred and the sale and supply had occurred with the original retailer being the customer's retailer; and
 - (b) to the extent that the customer has paid the new retailer charges for the sale and supply of energy as a consequence of the void transaction—
 - (i) the customer is entitled to set off the amount of those payments against any amounts payable under paragraph (a); and

- (ii) the new retailer must pay the set off amounts to the original retailer; and
 - (iii) the original retailer is entitled to recover those set off amounts from the new retailer in a court of competent jurisdiction; and
- (c) nothing in this section prevents the original retailer from proceeding by action for loss or damage suffered because of the void transaction; and
- (d) the customer is not liable to the new retailer for any loss or damage arising because the transaction is void or arising from payments the new retailer has to pay the original retailer because the transaction is void.

42 Rules

The Rules may make provision for or with respect to explicit informed consent in relation to small customers, including but not limited to procedures for establishing that explicit informed consent as required was not obtained and the consequences of not obtaining explicit informed consent as required.

Division 6 Customer hardship

43 Customer hardship policies

- (1) The purpose of a retailer's customer hardship policy is to identify residential customers experiencing payment difficulties due to hardship and to assist those customers to better manage their energy bills on an ongoing basis.
- (2) A retailer must—

 - (i) develop a customer hardship policy in respect of residential customers of the retailer; and

- (ii) submit it to the AER for approval under this Division; and

- (c) maintain and implement the policy.

Note—

This subsection is a civil penalty provision.

- (3) If, as a result of the exercise of the AER's functions and powers under section 204, the AER forms the view that a retailer's customer hardship policy requires review—
 - (a) the AER may direct the retailer to review the policy and make variations in accordance with any requirements set out by the AER; and
 - (b) the retailer must—
 - (i) vary the policy in accordance with the AER's requirements; and
 - (ii) submit it to the AER for approval under this Division; and
 - (iii) publish the policy, as approved by the AER, on the retailer's website as soon as practicable after it has been approved; and
 - (iv) maintain and implement the policy.

Note—

Subsection (3)(b) is a civil penalty provision.

- (4) A retailer may vary its customer hardship policy independently of a direction referred to in subsection (3) but only if the variation has been approved by the AER under this Division and the varied policy has been published on the retailer's website after the AER has approved the variation under this Division.
- (5) A reference in this Division to varying a customer hardship policy extends to replacing a policy with another customer hardship policy.

44 Minimum requirements for customer hardship policy

The minimum requirements for a customer hardship policy of a retailer are that it must contain—

- (a) processes to identify residential customers experiencing payment difficulties due to hardship, including identification by the retailer and self-identification by a residential customer; and
- (b) processes for the early response by the retailer in the case of residential customers identified as experiencing payment difficulties due to hardship; and

- (h) any variations specified or of a kind specified by the AER; and
- (i) any other matters required by the Rules.

45 Approval of customer hardship policy or variation

- (1) The AER must approve a customer hardship policy (or variation) submitted to the AER for approval if the AER is satisfied that the policy (or the policy as varied)—

- (a) contains the minimum requirements for a customer hardship policy set out in section 44; and
 - (b) will or is likely to contribute to the achievement of the purpose referred to in section 43(1).
- (2) If it is not so satisfied, the AER may—
 - (a) indicate to the retailer in what respects it considers the customer hardship policy (or variation) as submitted is deficient and request the retailer to submit another customer hardship policy (or variation); or
 - (b) approve the customer hardship policy (or variation) with alterations agreed to by the retailer so that the AER is satisfied as to the matters referred to in subsection (1)(a) and (b).
- (3) The AER must, in considering whether to approve a customer hardship policy under subsection (1), have regard to the following principles:
 - (a) that the supply of energy is an essential service for residential customers;
 - (b) that retailers should assist hardship customers by means of programs and strategies to avoid de-energisation (or disconnection) solely due to an inability to pay energy bills;
 - (c) that de-energisation (or disconnection) of premises of a hardship customer due to inability to pay energy bills should be a last resort option;
 - (d) that residential customers should have equitable access to hardship policies, and that those policies should be transparent and applied consistently.

46 Obligation of retailer to communicate customer hardship policy

A retailer must, in accordance with the Rules, inform a residential customer of the retailer's customer hardship policy where it appears to the retailer that non-payment of an energy

bill is due to the customer experiencing payment difficulties due to hardship.

47 General principle regarding de-energisation (or disconnection) of premises of hardship customers

A retailer must give effect to the general principle that de-energisation (or disconnection) of premises of a hardship customer due to inability to pay energy bills should be a last resort option.

48 Consistency of market retail contract with hardship policy

- (1) This section applies if a residential customer who is on a market retail contract is or becomes a hardship customer.
- (2) The terms and conditions of the market retail contract have no effect to the extent of any inconsistency with the application of the retailer's customer hardship policy to that customer.
- (3) The retailer must ensure that the customer may continue to be provided with customer retail services under a customer retail contract in accordance with the Rules.

49 Rules

- (1) The Rules may make provision for or with respect to—
 - (a) hardship customers; and
 - (b) the development, submission, approval, publication, maintenance and implementation of customer hardship policies and variations of customer hardship policies.

Division 7 Payment plans

50 Payment plans

- (1) A retailer must offer and apply payment plans for—
- (a) hardship customers; and
 - (b) other residential customers experiencing payment difficulties if the customer informs the retailer in writing or by telephone that the customer is experiencing payment difficulties or the retailer otherwise believes the customer is experiencing repeated difficulties in paying the customer's bill or requires payment assistance.

Note—

This subsection is a civil penalty provision.

- (2) A retailer must comply with applicable requirements of the Rules relating to payment plans including how they are offered, but need not provide a payment plan in circumstances specified in the Rules.

51 Debt recovery

A retailer must not commence proceedings for the recovery of a debt relating to the sale and supply of energy from a residential customer if—

- (a) the customer continues to adhere to the terms of a payment plan or other agreed payment arrangement; or
- (b) the retailer has failed to comply with the requirements of—
 - (i) its customer hardship policy in relation to that customer; or
 - (ii) this Law and the Rules relating to non-payment of bills, payment plans and assistance to hardship customers or residential customers experiencing payment difficulties.

52 Rules

The Rules may make provision for or with respect to payment plans for small customers.

Division 8 Energy marketing

Note—

The *Telecommunications Act 1997*, the *Do Not Call Register Act 2006* and the *Australian Consumer Law* set out in Schedule 2 to the *Competition and Consumer Act 2010* of the Commonwealth may also apply to persons carrying out energy marketing activities.

- (1) The Rules may make provision for or with respect to the carrying out of energy marketing activities. Any such rules are referred to as the ***Energy Marketing Rules***.
- (2) A person who carries out energy marketing activities must comply with the Energy Marketing Rules.

Note—

This subsection is a civil penalty provision.

- (3) Without limiting subsection (2), a failure of a person who is an associate of a retailer or distributor to comply with the Energy Marketing Rules is taken to be a failure of the retailer or distributor (as the case may be) to comply with the Energy Marketing Rules.

Division 9 Deemed customer retail arrangements

54 Deemed customer retail arrangement for new or continuing customer without customer retail contract

- (1) An arrangement (a *deemed customer retail arrangement*) is taken to apply between the financially responsible retailer for energised premises and—
 - (a) a move-in customer; or
 - (b) a carry-over customer.
- (2) The deemed customer retail arrangement comes into operation when—
 - (a) in the case of a move-in customer—the customer starts consuming energy at the premises; or
 - (b) in the case of a carry-over customer—the customer's previously current retail contract terminates.
- (3) The deemed customer retail arrangement ceases to be in operation if a customer retail contract is formed in relation to the premises, but this subsection does not affect any rights or obligations that have already accrued under the deemed customer retail arrangement.
- (4) Subsection (1) does not apply where the customer consumes energy at the premises by fraudulent or illegal means.
- (5) If the customer consumes energy at the premises by fraudulent or illegal means—
 - (a) the customer is nevertheless liable to pay the standing offer prices of the financially responsible retailer for the premises in respect of the energy so consumed; and
 - (b) the financially responsible retailer may estimate and issue a bill for the charges payable and recover those charges in accordance with those standing offer prices as a debt in a court of competent jurisdiction; and

- (c) payment or recovery of any such charges is not a defence to an offence relating to obtaining energy by fraudulent or illegal means.
- (6) A move-in customer or carry-over customer is required to contact a retailer and take appropriate steps to enter into a customer retail contract as soon as practicable.

55 Terms and conditions of deemed customer retail arrangements

- (1) The terms and conditions of a deemed customer retail arrangement are the terms and conditions of the retailer's standard retail contract.
- (2) The prices applicable to a deemed customer retail arrangement are the retailer's standing offer prices.
- (3) The Rules may make provision for or with respect to deemed customer retail arrangements, and in particular may supplement or modify the terms and conditions of deemed customer retail arrangements.

- (2) Without limiting subsection (1), a retailer who provides customer retail services to a small customer using a prepayment meter system must ensure that the prepayment meter market retail contract complies with the requirements for both—

 - (b) prepayment meter market retail contracts set out in the Rules.

59 Persons on life support equipment

Note—

This subsection is a civil penalty provision.

- (2) If a small customer with a prepayment meter market retail contract in relation to premises notifies the retailer that one or more persons at the premises require life support equipment, the retailer must make immediate arrangements for—
- (a) the removal of the prepayment meter system at no cost to the small customer; and
 - (b) the installation of a standard meter at no cost to the small customer; and
 - (c) the provision of information to the small customer about, and a general description of, the customer retail contracts available to the customer.

installation of a standard meter to replace a prepayment meter system includes the conversion of the prepayment meter system to a standard operating mode so that the prepayment meter system operates as a standard meter;

removal of a prepayment meter system includes rendering the system non-operational;

standard meter, in relation to a particular small customer, means a metering installation of the type that would ordinarily be installed at the premises of the customer.

60 Rules

The Rules may make provision for or with respect to the provision of customer retail services involving the use of a prepayment meter system.

- (2) Subject to this Division, this Law applies to standard retail contracts for selling electricity to a small customer using a card-operated meter as if a reference in this Law to the model terms and conditions for standard retail contracts were a reference to the model terms and conditions set out in the local instrument.

60B Adoption of form of standard retail contract (card-operated meters)

Section 25(1) requires a retailer to adopt and publish a standard retail contract (card-operated meters) on the retailer's website if the retailer sells electricity to a small customer using a card-operated meter.

60C Contractual arrangements for selling electricity using card-operated meter

- (1) A retailer may sell electricity to a small customer using a card-operated meter only under a standard retail contract (card-operated meters).

- (2) However, a retailer must obtain the explicit informed consent of a small customer for the entry by the customer into a standard retail contract (card-operated meters) for premises registered under the Rules as having life support equipment.

Note—

See sections 38 and 41 for the consequences of contravening this subsection.

 - (b) the installation of a standard meter to replace a card-operated meter at no cost to the small customer; and
 - (c) the provision of information to the small customer about, and a general description of, the customer retail contracts available to the customer.

- (3) Subsection (4) applies to a retailer who, with a small customer, has a standard retail contract (card-operated meters) for premises registered under the Rules as having life support equipment.
- (4) The retailer must adopt programs and strategies to help the small customer to better manage the customer's electricity costs to avoid the card-operated meter installed on the premises from preventing the flow of electricity to the premises solely due to financial difficulty.

Note—

This subsection is a civil penalty provision.

- (5) In this section—

installation of a standard meter to replace a card-operated meter includes the conversion of the card-operated meter to a

standard operating mode so that the card-operated meter operates as a standard meter.

- (2) The Regulator has, for monitoring, investigating or enforcing this Division, the same functions and powers the AER has for monitoring, investigating or enforcing other provisions of this Law.

- (4) This Law confers functions and powers on the AER for monitoring, investigating or enforcing this Division only if the AER is nominated as the Regulator under subsection (1) and only to the extent provided for under this section.

Division 11 AER Retail Pricing Information Guidelines and price comparator

61 AER Retail Pricing Information Guidelines for presentation of standing and market offer prices

- (1) The AER may, in accordance with the retail consultation procedure, make and amend guidelines (*AER Retail Pricing Information Guidelines*).
- (2) The purpose of the AER Retail Pricing Information Guidelines is to provide guidance to retailers in the presentation of standing offer prices and market offer prices, and thereby assist small customers to consider and compare standing offer prices and market offer prices offered by retailers.
- (3) Without limitation, the AER Retail Pricing Information Guidelines may specify any or all of the following:
 - (a) the manner and form in which details of standing offer prices and market offer prices are to be presented when publishing, advertising or notifying the AER of those prices or any variation;
 - (b) the types of market offers to be provided for the purposes of the price comparator, including without limitation, by reference to areas, classes of small customers or tariff classes;
 - (c) any additional matters that the AER considers necessary or convenient to assist customers to consider and compare standing offer prices and market offer prices offered by retailers.

 - (b) market offer prices that are generally available to classes of small customers in this jurisdiction,in accordance with the AER Retail Pricing Information Guidelines.
- (4) A price comparator must make clear to small customers that it only provides a guide.
- (5) A price comparator may, in addition to the information about the price of the standing offers and market offers listed in the comparator, include such other information as the AER considers will achieve the purpose of a price comparator.
- (6) Nothing in this Law prevents the AER developing and making available a single price comparator for a jurisdiction that compares prices for the provision of both electricity and gas.
- (7) The AER must update the price comparator information as soon as practicable after a retailer informs the AER of any variations to the retailer's standing offer price or relevant market offer price.
- (8) In the development and updating of a price comparator, the AER must undertake such consultation as it considers appropriate.
- (9) A difference between information made available under a price comparator and a retailer's standing offer price, market offer prices or any variation to those prices does not affect the operation of that retailer's prices or variations to those prices.

Note—

For example, there may be a delay in updating information on the price comparator service.

63 AER information gathering powers for pricing guidelines and comparator

A retailer must submit to the AER, in the manner and form (including by the date or dates) required by the AER Retail Pricing Information Guidelines, information and data relating to—

- (a) the presentation of standing offer prices and market offer prices that are generally available to classes of small customers in a jurisdiction (including any variation of the prices); and
- (b) if and to the extent a local instrument of this jurisdiction so declares—the purposes of a price comparator for this jurisdiction.

Notes—

- 1 This section is a civil penalty provision.

- (a) the financially responsible retailer is entitled to charge the customer an amount for the energy at the rate the retailer considers would have been charged had such an appropriate arrangement been in place; and
- (b) that amount, to the extent it is not paid to the retailer, is a debt owing by the customer to the retailer and may be recovered in a court of competent jurisdiction.

- (d) whether the amount of energy likely to be sold by the exempt seller is significant in relation to national energy markets;
- (e) the extent to which the imposition of conditions on an exemption, or to which the requirements of other laws, would allow appropriate obligations to govern the applicant's behaviour rather than requiring the applicant to obtain a retailer authorisation;
- (f) the likely cost of obtaining a retailer authorisation and of complying with this Law and the Rules as a retailer compared to the likely benefits to the exempt customers of the exempt seller;
- (g) any other seller related matter the AER considers relevant.

(2) In this section—

exempt seller includes an applicant for an exemption under this Division.

116 Customer related factors

The customer related factors are as follows:

- (a) whether the characteristics of the exempt customers or the circumstances in which energy is to be sold to them by the applicant are such as to warrant exemption;
- (b) the extent to which the imposition of conditions on an exemption, or to which the requirements of other laws, would allow the exempt customers access to appropriate rights and protections rather than requiring the applicant to obtain a retailer authorisation;
- (c) any other customer related matter the AER considers relevant.

Division 2 Registration of RoLRs

123 RoLR criteria

(1) The RoLR criteria in relation to a retailer are as follows:

- (a) the organisational and technical capacity criterion—the extent to which the retailer has the necessary organisational and technical capacity to meet the obligations of a RoLR, either by—
 - (i) having adequate systems in place for that purpose; or
 - (ii) being able to implement adequate systems in a timely manner for that purpose;
- (b) the financial resources criterion—the extent to which the retailer has adequate resources or access to adequate resources so that it will have the financial viability and financial capacity to meet the obligations of a RoLR;

Note—

One matter to take into consideration under this criteria may be whether a retailer has hedging contracts adequate for it to be a RoLR.

- (c) the suitability criterion—whether the retailer is a suitable person to be a RoLR, taking into consideration—
 - (i) the number of customers the retailer has; and
 - (ii) the class or classes of customers the retailer has; and
 - (iii) the area or areas that the retailer currently serves; and
 - (iv) in the case of gas and where there is no declared wholesale gas market or short term trading market—whether and to what extent the retailer has—
 - (A) gas available to it by means of a distribution pipeline; and

- (B) capacity available to it on that distribution pipeline and any relevant transmission pipeline,
sufficient for it to be a RoLR;
 - (d) any other relevant matters specified in the energy laws;
 - (e) any other matters the AER considers relevant in the circumstances.
- (2) In this section, *transmission pipeline* and *distribution pipeline* have the same meanings as they have in the NGL.

123A Additional Queensland provision about when assigned retailer can be registered as a RoLR

An assigned retailer can not be registered as a RoLR unless a local instrument of this jurisdiction states otherwise.

Editor's note—

This section is an additional Queensland provision.

124 Expressions of interest for registration as a RoLR

- (1) The AER must both initially and afterwards at such times as it considers appropriate call for an expression of interest (***RoLR register EoI***) from retailers for registration as a RoLR.
- (2) A RoLR register EoI may be lodged by a retailer with the AER either in response to an AER call for expressions of interest or at any other time.
- (3) A RoLR register EoI must contain such information as will enable the AER to take the RoLR criteria into consideration in relation to the retailer and otherwise be in accordance with the AER RoLR Guidelines.
- (4) A RoLR register EoI may contain proposals as to—
 - (a) customers or classes of customers the retailer will accept as its customers if it were to be appointed a designated RoLR in respect of a RoLR event; and

- (b) numbers of customers the retailer will accept if it were to be appointed a designated RoLR in respect of a RoLR event; and
 - (c) variation to the retailer's RoLR cost recovery scheme.
- (5) Subsections (3) and (4) do not limit the information that may be included in a RoLR register EoI or the proposals that a retailer may make in that expression of interest.
- (6) The AER may, after receipt of a RoLR register EoI, request from the retailer such additional information as the AER considers reasonably necessary for it to make a decision with respect to the RoLR register EoI. The retailer must comply with any such request.
- (7) The AER must publish a notice of each RoLR register EoI on its website.

125 Appointment and registration as a default RoLR

- (1) The AER must appoint and register a default RoLR for—
- (a) in the case of electricity—each connection point; and
 - (b) in the case of gas—each distribution system of each distributor.
- (2) The AER must ensure that there is one and no more than one default RoLR registered for each connection point (in the case of electricity) and for each distribution system (in the case of gas) at all times.
- (3) Lodgement of a RoLR register EoI is not a precondition to the AER appointing and registering a retailer as a default RoLR although if the AER proposes to appoint and register a retailer as a default RoLR without a RoLR register EoI first being lodged, the AER must consult with the retailer before appointing and registering the retailer.
- (4) A retailer that the AER proposes to appoint and register as a default RoLR must provide the AER with such information as the AER considers reasonably necessary to make the appointment and register the retailer as a default RoLR.

- (5) A retailer's concurrence is not required for appointment and registration as a default RoLR.
- (6) The AER must take the RoLR criteria into consideration when deciding whether to appoint and register a retailer as a default RoLR.
- (7) The AER must not appoint and register a retailer as a default RoLR if the retailer does not satisfy all the requirements of the RoLR criteria unless otherwise there would be no default RoLR for a connection point (in the case of electricity) or a distribution system (in the case of gas) and the AER is satisfied that the retailer most nearly satisfies the financial resources criterion (see section 123(1)(b)).
- (8) If a retailer does not, at the time of registration as a default RoLR, meet the organisational and technical capacity criterion (see section 123(1)(a)), the retailer must as soon as practicable after registration implement adequate systems to meet that criterion and advise the AER when those systems are implemented.
- (9) The AER may terminate a retailer's appointment and registration as a default RoLR at any time, but is not obliged to do so.
- (10) The AER must publish on its website notice of any appointment of a default RoLR or termination of an appointment under this section.
- (11) A retailer is not entitled to be appointed and registered as a default RoLR even though it satisfies (or appears to satisfy) the RoLR criteria.

126 Registration of additional RoLRs

- (1) The AER may register one or more retailers as an additional RoLR for a connection point (in the case of electricity) or a distribution system (in the case of gas).
- (2) The AER must take the RoLR criteria into consideration when deciding whether to register a retailer as an additional RoLR.

- (3) The AER must not register a retailer as an additional RoLR unless the retailer has lodged a RoLR register EoI.
- (4) A retailer registered as an additional RoLR may be registered as a RoLR in addition to the default RoLR registered for the connection point or distribution system concerned.
- (5) A retailer who, in the case of electricity, is a default RoLR for a connection point may be registered as an additional RoLR for any connection point for which it is not the default RoLR.
- (6) A retailer who, in the case of gas, is a default RoLR for a distribution system may be registered as an additional RoLR for any distribution system for which it is not the default RoLR.
- (7) The AER may at the same time as it registers a retailer as an additional RoLR, and if the retailer consents, impose conditions as to—
 - (a) customers or classes of customers that may be transferred to the retailer as its customers if it is appointed a designated RoLR in respect of a RoLR event; and
 - (b) numbers of customers that may be transferred to the retailer if it is appointed a designated RoLR in respect of a RoLR event; and
 - (c) variations of the retailer's RoLR cost recovery scheme.
- (8) Subsection (7) does not limit the conditions that the AER may impose with the retailer's consent.
- (9) A retailer is not entitled to registration as an additional RoLR even though it satisfies or appears to satisfy the RoLR criteria.
- (10) The AER must publish on its website notice of registration of an additional RoLR.

127 Register of RoLRs

- (1) The AER must maintain, and publish on its website, a register of RoLRs (the ***RoLR register***) which—

- (a) must include particulars of RoLRs registered under this Division, including—
 - (i) whether the RoLR is registered as a default RoLR (and, if so, for which connection points or distribution systems); and
 - (ii) whether the RoLR is registered as an additional RoLR (and, if so, what conditions apply to its registration); and
 - (b) may include other particulars or information the AER considers necessary or desirable.
- (2) If the AER registers a retailer as a RoLR, it must enter the particulars of the retailer on the RoLR register.
 - (3) If the AER decides to terminate the registration of a retailer as a RoLR, it must remove the particulars of the retailer from the RoLR register. Termination and removal of a retailer from the RoLR register (or, in the case of a default RoLR, termination of its appointment and registration as a default RoLR and removal from the register) does not affect any accrued rights or obligations that the retailer had by reason of its registration.
 - (4) A RoLR whose particulars are entered on the RoLR register is a registered RoLR for so long as its particulars remain on the RoLR register.

128 Termination of registration as a RoLR

- (1) The registration of a RoLR (other than a default RoLR) may be terminated in either of the following ways:
 - (a) the registered RoLR applying to the AER pursuant to this section for its registration to be terminated;
 - (b) the AER giving to the registered RoLR a notice to show cause why its registration should not be terminated.
- (2) If the AER gives a retailer a notice to show cause under subsection (1)(b), the notice must state that any submissions by the registered RoLR must be made to the AER within a specified period of at least 20 business days.

- (3) The AER must publish on its website—
 - (a) a notice of any application under subsection (1)(a); and
 - (b) any notice to show cause under subsection (1)(b).
- (4) Any such notice published on the AER website must invite submissions on the application or the notice to show cause within a specified period of at least 20 business days.
- (5) The AER may, after considering any submissions made to it, terminate the RoLR's registration.
- (6) If the AER terminates the RoLR's registration, it must publish notice of the termination on its website.

129 New basis for registration as a RoLR

- (1) If AEMO advises the AER that a RoLR may be registered on a basis other than for a connection point (in the case of electricity) or a distribution system (in the case of gas), the AER may register the RoLR on that basis (the *new basis*).

Note—

There still must be (disregarding any failed retailer) no more than one default RoLR for the matter or thing that comprises the new basis for registration.

- (2) Notice of the new basis for registration must be published by the AER on its website.
- (3) References in this Division to a connection point (in the case of electricity) or a distribution system (in the case of gas) are taken to include a reference to any new basis for registration.

Division 3 Contingency events

130 AER's powers

- (1) If the AER receives notice of or otherwise becomes aware of any event, circumstance or matter that it has reason to believe may or will affect, or give rise to some risk of affecting,

continuity of the sale of energy to a retailer's customers, the AER may act under this Division.

- (2) Events, circumstances or matters for the purposes of this Division include (without limitation) any of the following:
 - (a) the events and circumstances that constitute a RoLR event;
 - (b) any material default by the retailer in provision of required credit support to a distributor under the NER or NGR as appropriate;
 - (c) any material default by the retailer in payment of network charges;
 - (d) any other material default by the retailer with respect to its obligations under energy laws with respect to the payment of money, the provision of securities or otherwise of a financial nature.
- (3) It is not a prerequisite for the AER to act under this Division that an event, circumstance or matter has come into existence, and the AER may instead so act if it has reason to believe that there is some risk that the event, circumstance or matter may come into existence.
- (4) In acting under this Division the AER may do any of the following:
 - (a) request information (*financial information*) from the retailer including (but not limited to) any of the following:
 - (i) details of any parent company guarantees;
 - (ii) details of cash flow;
 - (iii) details of amounts owing to distributors;
 - (iv) details of the retailer's current financial position together with the most recent financial statements of the retailer;
 - (b) subject to and in accordance with the confidentiality provisions applicable to this Division—

-
- (i) consult with AEMO; and
 - (ii) for that purpose disclose some or all of the financial information to AEMO and its officers or employees.
 - (5) If the AER has reason to believe that there is a risk of a RoLR event, the AER may, subject to and in accordance with the confidentiality provisions applicable to this Division, do any of the following:
 - (a) inquire of one or more registered RoLRs as to whether it wants to be appointed designated RoLR for that event;
 - (b) give notice of that belief and of the grounds for the belief to one or more of the following:
 - (i) distributors;
 - (ii) registered RoLRs of whom the inquiries are made;
 - (iii) relevant default RoLRs;
 - (iv) such other person as the AER considers relevant, but it must, in any such case, give notice of that belief and of the grounds for the belief to AEMO and Ministers of participating jurisdictions.
 - (6) The AER may, subject to and in accordance with Division 7, issue a RoLR regulatory information notice to obtain the financial information.

131 Confidentiality provisions

- (1) This section contains confidentiality provisions applicable to this Division and also applies where the AER serves a regulatory information notice in connection with the exercise of the AER's functions and powers under this Division.
- (2) In the case of the AER, it must keep confidential—
 - (a) its request for financial information (including, if it issues one, the issue of a regulatory information notice to obtain the information) and the financial information provided in response to the request; and

- (b) both its belief as to the risk of a RoLR event and the fact and nature of its inquiries of registered RoLRs,
but it may disclose any or all of those matters or that financial information as allowed or required by this Division or otherwise in accordance with Division 3 of Part 8.
- (3) In the case of AEMO, it must keep the fact and nature of the consultations between it and the AER, the financial information and the AER notice given under section 130(5)(b) confidential, but it may disclose them in accordance with Division 6 of Part 5 of the NEL and Division 7 of Part 6 of Chapter 2 of the NGL.
- (4) In the case of persons other than the AER and AEMO who are given the AER notice of the risk of a RoLR event, they must keep the fact and nature of the notice (and the information it contains) confidential and—
 - (a) must use it only for the purpose of preparing for the RoLR event; and
 - (b) must not (in the case of the default RoLR or registered RoLR of whom the AER's inquiries are made) disclose the notice, its issue and information to any member of its marketing staff; and
 - (c) may disclose it to third parties only if those third parties also agree to be bound by the same confidentiality requirements as those persons are subject to under this Law,
except to the extent that—
 - (d) the notice is in the public domain; or
 - (e) the AER or AEMO has published the notice in accordance with this Division; or
 - (f) the retailer the subject of the notice has published the notice under Chapter 6CA of the *Corporations Act 2001* of the Commonwealth; or
 - (g) a Minister has published the notice in the case of an emergency or in a case where that Minister considers it

is otherwise necessary or desirable to do so in the public interest.

- (5) The matters and financial information referred to in subsection (3) are taken to be protected information for the purposes of the provisions of the NEL and NGL referred to in that subsection.

Division 4 Appointment of designated RoLRs

132 Designation of registered RoLR for RoLR event

- (1) The AER may appoint 1 or more registered RoLRs as designated RoLRs for a RoLR event—
- (a) before the RoLR event; or
 - (b) within 72 hours after the RoLR event.
- (2) The appointment is made by the AER giving written notice of the appointment to the registered RoLR and AEMO.
- (2a) The appointment takes effect—
- (a) immediately; or
 - (b) from an earlier or later time specified in or fixed in accordance with the RoLR notice.
- (2b) If no registered RoLR is appointed for a RoLR event before the RoLR event occurs, the default RoLR is taken to be appointed as the designated RoLR for the RoLR event—
- (a) on the occurrence of the event; or
 - (b) from an earlier or later time specified in or fixed in accordance with the RoLR notice for the RoLR event.
- (3a) The appointment of the default RoLR as the designated RoLR under subsection (2b) also operates subject to—
- (a) any other provision made in the RoLR notice for the RoLR event; and
 - (b) any determination by the AER in the circumstances of the particular case (including a determination that has

the effect of over-riding the operation of subsection (2b) so that an appointment under that subsection will be taken not to have been made).

- (4) The AER must notify a registered RoLR before appointing it as a designated RoLR, but the registered RoLR's consent is not required for appointment.
- (5) If—
 - (a) the AER includes a direction under section 137 in a RoLR notice; and
 - (b) there is more than one distributor who will receive the direction; and
 - (c) the distribution systems of those distributors are connected to the same transmission pipeline,only the same designated RoLR may, despite any other provision of this Part, be appointed (or be taken to be appointed) as the designated RoLR for each of those distribution systems.

133 Criteria for RoLR designation

- (1) In determining whether to appoint a registered RoLR as a designated RoLR, the AER must take into consideration—
 - (a) the RoLR criteria; and
 - (b) whether the registered RoLR has a RoLR cost recovery scheme (see Division 9 and subsection (2)) and if so what costs are recoverable pursuant to that scheme and the amount or likely amount of those costs; and
 - (c) the imminence of the RoLR event; and
 - (d) any other matters the AER considers relevant in the circumstances.
- (2) The registered RoLR and the AER may by agreement vary the RoLR's cost recovery scheme for the purposes of this section, and the reference in subsection (1)(b) to the RoLR cost

recovery scheme is accordingly a reference to that scheme as so varied.

134 Appointment of more than one designated RoLR for RoLR event

- (1) The AER may appoint more than one designated RoLR for a RoLR event if the AER is of the opinion that it is appropriate to do so having regard to the size of, or other circumstances surrounding, the event.
- (2) When making the appointments, the AER must allocate responsibility for particular customers or classes of customers to each designated RoLR in the manner specified in guidelines under section 135(2)(b).
- (3) The AER must, to the maximum practicable extent, make the appointments and allocations in accordance with the AER RoLR Guidelines except to the extent that the AER is satisfied that compliance with the guidelines would be inappropriate in the circumstances.

135 AER RoLR Guidelines

- (1) The AER must develop, make and maintain AER RoLR Guidelines in accordance with the retail consultation procedure.
- (2) The guidelines must—
 - (a) specify the circumstances in which the appointment of more than one designated RoLR for a RoLR event may occur; and
 - (b) specify the manner of determining the allocation of the designated RoLRs to particular customers or classes of customers; and
 - (ba) specify how compliance with the requirements of section 148A(3) will be assessed; and
 - (c) provide for any other matter that the AER considers necessary in the circumstances.

- (3) The guidelines may (without limitation) make different provision for the failure of large retailers, small retailers and retailers that are default RoLRs.
- (4) The manner of determining the allocation of designated RoLRs referred to in subsection (2) must involve the use of meter identifiers alone or the use of a combination of meter identifiers and other means acceptable to AEMO, and must be determined by the AER in consultation with AEMO.
- (5) The guidelines may (without limitation)—
 - (a) specify the form of and information to be included in a RoLR register EoI; and
 - (b) specify the form of and information to be included in an application for a RoLR cost recovery scheme; and
 - (c) provide for any other matter the AER considers necessary with respect to the RoLR scheme.
- (6) The AER may amend the guidelines in accordance with the retail consultation procedure.

Division 5 Declaration of RoLR event

136 Issue of RoLR notice

- (1) The AER may decide to issue a notice (a ***RoLR notice***) on the occurrence of a RoLR event.
- (1a) The AER must decide whether or not to issue a notice under subsection (1) as soon as practicable after the RoLR event occurs.
- (2) A RoLR notice must—
 - (a) state that the RoLR event has occurred and identify it; and
 - (b) specify the failed retailer; and
 - (c) specify the registered RoLR or registered RoLRs appointed by the notice (or taken to be appointed) under

section 132 as designated RoLR or designated RoLRs for the event; and

- (d) if more than one designated RoLR is appointed—specify, in accordance with the AER RoLR Guidelines, the allocation of each designated RoLR to particular customers or classes of customers; and
 - (e) specify the date, or the manner of fixing the date, (either of which is the *transfer date*) on which the customers of the failed retailer are transferred to the relevant designated RoLR under section 140; and
 - (f) contain the endorsement revoking the failed retailer's retailer authorisation, where applicable, under section 142; and
 - (g) include any other information or matters the AER considers necessary or desirable.
- (2a) If information required under subsection (2)(c) or (d) is not known by the AER when the notice is issued—
- (a) the notice must be amended to include the information as soon as practicable after the information becomes known by the AER; and
 - (b) customers of the failed retailer must not be transferred before the information required under subsection (2)(c) and (d) is included in the notice.
- (3) A RoLR notice may contain requirements (not inconsistent with this Law or the RoLR Procedures) to be complied with by—
- (a) the failed retailer; and
 - (b) a designated RoLR; and
 - (c) subject to section 143(3), other persons on whom the notice is served,
- in relation to the RoLR event and in particular in relation to the transfer of customers.
- (4) A RoLR notice must be framed so as to deal with all customers of the failed retailer, but a failure to do so does not

invalidate the notice and the notice has effect for the customers covered by it.

- (5) The transfer date may be on, before or after the date of service or publication of the RoLR notice, but if the RoLR event is—
- (a) the revocation of the retailer's retailer authorisation; or
 - (b) the suspension of the retailer's right to participate—
 - (i) in the case of electricity—in the wholesale exchange market; or
 - (ii) in the case of gas—either in the declared wholesale gas market or in a short term trading market,

the transfer date is taken to be the date of the revocation or suspension (as the case may be), unless an earlier date is specified or fixed.

- (6) The AER may amend a RoLR notice by a later notice issued by the AER, but a RoLR notice cannot be amended so as to change—
- (a) a transfer date if the date has already been reached; or
 - (b) without the consent of AEMO and the designated RoLR, an allocation of a customer if AEMO has acted on the allocation or if changing the allocation would (or would be likely to) affect continuity of the sale of energy to customers.

137 RoLR notice—direction for gas

- (1) If, in the case of gas, there is no declared wholesale gas market or short term trading market or where, in the opinion of the AER, sufficient capacity or gas is not available in a short term trading market, the AER may include a direction in a RoLR notice to the effect of any or all of the following:
- (a) a distributor must make available to a designated RoLR the capacity that was available, immediately before the transfer date, to the failed retailer on the distributor's distribution pipeline;

-
- (b) a service provider for a transmission pipeline must make available to a designated RoLR the capacity that was available, immediately before the transfer date, to the failed retailer on the provider's transmission pipeline;
 - (c) a producer or any other person that has contracted to sell gas to the failed retailer must make available to a designated RoLR the gas that was contracted to the failed retailer.
 - (d) a blend processing service provider must make available to a designated RoLR the capacity in its blend processing facility that, immediately before the transfer date, was available to the failed retailer.
- (1a) The pipeline capacity or gas supply must be made available to the designated RoLR under subsection (1) within 24 hours after the RoLR notice containing the direction is given.
 - (2) In forming its opinion under subsection (1) as to whether or not sufficient gas is available in a short term trading market, the AER may proceed on the assumption that there is not sufficient gas unless, before the issue of a RoLR notice, AEMO notifies the AER in writing that there is sufficient gas.
 - (3) The following subsections of this section apply if the AER includes a direction under subsection (1).
 - (4) The designated RoLR may, but is not obliged to, use any or all of the capacity or take any or all of the gas made available to it by a person who received a direction under subsection (1).
 - (5) The terms and conditions for the transmission, distribution, sale and supply of gas to the designated RoLR—
 - (a) are—
 - (i) if there is an applicable access arrangement with respect to the distribution pipeline or transmission pipeline—to be in accordance with that applicable access arrangement; or
 - (ii) if there is no applicable access arrangement—to be on the same terms and conditions as the contract for pipeline services (however the contract is

named in the contract or elsewhere, but referred to in this section as the ***haulage contract***) in force with the failed retailer immediately before the transfer date; and

- (b) are otherwise to be the same terms and conditions as in the gas sale and purchase contract (however the contract is named in the contract or elsewhere, but referred to in this section as the ***gas sale contract***) in force with the failed retailer immediately before the transfer date.
- (5a) The terms and conditions for access by the designated RoLR to a blend processing facility are to be the same terms and conditions applicable to the failed retailer immediately before the transfer date.
- (6) Despite subsection (5), if the terms and conditions of the haulage contract or the gas sale contract materially differ from those that otherwise prevail in the market, the AER may specify in the RoLR notice (or an amendment, which may have effect back to the transfer date) terms and conditions that, in its opinion, better accord with those that otherwise prevail in the market.
- (6a) Despite subsection (5a), the AER may specify terms and conditions if—
 - (a) the terms and conditions under which the failed retailer accessed the blend processing facility materially differ from those that otherwise prevail in the market; and
 - (b) the AER considers that the terms and conditions it specifies better accord with the terms and conditions that otherwise prevail in the market.
- (6b) For subsection (6a), the terms and conditions specified by the AER may be specified in—
 - (a) the RoLR notice; or
 - (b) an amendment to the RoLR notice, which may have effect back to the transfer date.
- (7) In forming its opinion under subsection (6) or (6a) as to terms and conditions that better accord with those that otherwise

prevail in the market, the AER may (without limitation) take into account the individual circumstances of the failed retailer and the designated RoLR.

- (8) The designated RoLR and distributor or service provider of the transmission pipeline (as the case may be) must, as soon as practicable after the transfer date, commence negotiations for a replacement contract for pipeline services.
- (8a) The designated RoLR and a relevant blend processing service provider must, as soon as practicable after the transfer date, commence negotiations for a replacement contract for access to the blend processing facility.
- (9) If a replacement contract is agreed, the direction ceases to have effect as from the date the replacement contract has effect.
- (10) If, after 3 months from the transfer date, no replacement contract has been agreed—
 - (a) either party may commence an access dispute under Chapter 5 of the NGL; and
 - (b) the provisions of section 91BH(4) of the NGL apply to the access dispute in the same way as they apply to a determination by the AER of an access dispute referred to in those provisions; and
 - (c) the direction continues in force for the haulage contract until an access determination has effect under the NGL.
- (11) For the purposes of subsection (10)(a), the failure to agree to a replacement contract is taken to be an access dispute within the meaning of section 2(1) of the NGL.
- (12) If the gas sale contract in its terms continues in force despite the RoLR event—
 - (a) the insolvency official of the failed retailer or the failed retailer (as the case may be) must as soon as practicable after the transfer date commence negotiations with the designated RoLR and the producer or other person who was under the contract selling gas to the failed retailer for—

- (i) the novation of the contract; or
 - (ii) its termination and replacement by a new contract, between the designated RoLR and the producer or other person; and
 - (b) if a novation or replacement contract is agreed, the direction ceases to have effect for the gas sale contract as from the date the novation or replacement contract has effect; and
 - (c) if, after 3 months from the transfer date, there is no agreement—
 - (i) the insolvency official or failed retailer (as the case may be) must put the gas that is the subject of the contract up for sale by auction and must use their best endeavours to ensure that the auction is completed and the gas is sold within 6 months of the transfer date; and
 - (ii) the insolvency official or failed retailer (as the case may be) and the producer or other person who was under the contract selling gas to the failed retailer must execute all documents required for both the auction and the sale of gas, including any new gas sale and purchase contract (however named in the contract or elsewhere) or any novation contract consequent on the auction; and
 - (iii) when the gas has been sold, the direction ceases to have effect for the gas sale contract.
- (13) If the gas sale contract in its terms terminates or is terminated because of the RoLR event—
- (a) the producer or other person who was under the contract selling gas to the failed retailer (as the case may be) must as soon as practicable after the transfer date commence negotiations with the designated RoLR for a new contract between the designated RoLR and the producer or other person; and

- (b) if a new contract is agreed, the direction ceases to have effect for the gas sale contract as from the date the replacement contract has effect; and
 - (c) if, after 3 months from the transfer date, there is no agreement—
 - (i) the producer or other person who was under the terminated contract selling gas to the failed retailer (as the case may be) must put the gas that is the subject of the terminated contract up for sale by auction and must use their best endeavours to ensure that the auction is completed and the gas is sold within 6 months of the transfer date; and
 - (ii) the producer or other person who was under the terminated contract selling gas to the failed retailer (as the case may be) must execute all documents required for both the auction and the sale of gas, including any new gas sale and purchase contract (however named in the contract or elsewhere) consequent on the auction; and
 - (iii) when the gas has been sold, the direction ceases to have effect for the gas sale contract.
- (14) In this section, *access determination*, *blend processing facility*, *blend processing service provider*, *distribution pipeline*, *pipeline services*, *producer*, *service provider* and *transmission pipeline* have the same meanings as in the NGL and *distributor* includes a service provider for a pipeline that is not a scheme pipeline within the meaning of the NGL.

138 Service and publication of RoLR notice

- (1) A RoLR notice or a notice amending a RoLR notice—
- (a) must be given to—
 - (i) the failed retailer at its registered office and (if different) its principal place of business; and
 - (ii) any insolvency official of the failed retailer; and

- (iii) AEMO; and
 - (iv) the designated RoLR or RoLRs; and
 - (v) the distributors; and
 - (vi) the Ministers of the participating jurisdictions; and
 - (b) may be given to any other person whom the AER considers appropriate to be served; and
 - (c) must be published on the AER's website; and
 - (d) must be published by AEMO and copies provided by AEMO to all Registered participants within the meaning of the NEL and NGL.
- (2) The notice should, if reasonably practicable, be given before being published, but prior publication does not affect the validity or operation of the notice.
- (3) The notice is effective, in accordance with its terms, on and from the date of service or the date of publication, whichever first occurs.

139 Publication requirements for RoLR events

- (a1) This section applies if a RoLR notice is issued by the AER.
- (1) Notice of the RoLR event must be published on—
- (a) the AER's website; and
 - (b) AEMO's website; and
 - (c) the failed retailer's website, if possible; and
 - (d) the designated RoLR's website.
- (2) Recorded or live messages giving information about the RoLR event must be readily available on—
- (a) the failed retailer's call centre telephone number, if possible; and
 - (b) the AER's call centre telephone number; and
 - (c) the designated RoLR's call centre telephone number.

- (3) If and to the extent the AER considers it necessary or desirable to do so, the AER may place advertisements in newspapers or on radio and television in the area or areas served by the failed retailer giving information about the RoLR event.
- (4) This section does not prevent a RoLR plan—
 - (a) having requirements for notification directly to customers by the designated RoLR (or by any other person) of a RoLR event or of the change of retailer, or both; or
 - (b) making additional provision for publication of a RoLR event.

140 Transfer of responsibility

- (1) Each person who was a customer of a failed retailer immediately before the transfer date—
 - (a) ceases, by force of this Law, to be a customer of the failed retailer on that date; and
 - (b) becomes, by force of this Law, a customer of the relevant designated RoLR immediately after so ceasing to be a customer of the failed retailer.
- (2) On and from the transfer date, and in relation to the customers transferred to it and subject to and in accordance with the RoLR Procedures, the designated RoLR assumes the functions and powers of the failed retailer under the energy laws, including (without limitation)—
 - (a) for electricity—in the case of any metering installation where the failed retailer was as at the transfer date the responsible person, the designated RoLR becomes, by force of this Law, the responsible person; and
 - (b) for electricity—in the case of any other metering installation in respect of which there is as at the transfer date an agreement in force under rule 7.2.3 of the NER between the failed retailer and the Local Network Service Provider, the designated RoLR becomes, by

force of this Law, party to that agreement in place of the failed retailer; and

- (c) for electricity—in any case where the failed retailer (in its capacity as responsible person) has entered into an agreement under rule 7.2.5 of the NER with a Metering Provider, the designated RoLR by force of this Law becomes, by force of this Law, party to that agreement in place of the failed retailer; and
 - (d) any function or power prescribed by the National Regulations for the purposes of this section; and
 - (e) any function or power specified in energy laws for the purposes of, or in connection with matters provided under, this section.
- (3) The designated RoLR assumes no financial or other liabilities of the failed retailer under an agreement referred to in subsection (2) where that liability accrues before the transfer date.
- (4) The designated RoLR must, if it is notified by the AER, the failed retailer, an insolvency official or a distributor that the premises of a customer of the failed retailer has life support equipment, comply with the obligations as to life support equipment that apply to retailers under the Rules as if the designated RoLR had been notified by the customer.
- (5) The designated RoLR must, if it is notified by a customer, the AER, the failed retailer, an insolvency official or a distributor that the customer is in receipt of a tariff payment, credit or other benefit referred to in section 154(2)(h), comply with the feed-in arrangement concerned.
- (6) Subject to the RoLR Procedures—
- (a) transfers of customers to the failed retailer from another retailer that were under way as at the transfer date are to cease on and from that date; and
 - (b) those customers instead remain customers of that other retailer on their previous contractual terms and conditions with that retailer; and

- (c) despite anything to the contrary in the previous contract with such a customer, the customer may terminate the contract with that other retailer on one month's notice or a lesser period allowed by the previous terms and conditions.
- (7) Subject to the RoLR Procedures, if a large customer in electricity has notified AEMO in writing before the transfer date as to who its retailer (the ***nominated retailer***) will be in a RoLR event and that it has agreed terms and conditions with the nominated retailer, and the nominated retailer has also notified AEMO in writing that it has agreed to be the nominated retailer for that customer—
 - (a) AEMO may transfer that customer to the nominated retailer rather than the designated RoLR; and
 - (b) the customer becomes, by force of this Law, a customer of the nominated retailer as at the transfer date on the terms and conditions agreed between the large customer and the nominated retailer.
- (8) In this section, ***Local Network Service Provider***, ***metering installation***, ***Metering Provider*** and ***responsible person*** have the same meanings as in the NER.

141 Termination of customer retail contracts

- (1) The contract for the sale of energy between a failed retailer and each person who was a customer of the retailer immediately before the transfer date is terminated on the transfer date by force of this Law.
- (2) Termination of a contract under this section does not affect any rights and obligations that have already accrued under the contract, but no early termination charge is payable where a contract is terminated under this section.
- (3) Subsection (1) has effect even though the financially responsible retailer might not change from the failed retailer to the relevant designated RoLR until after the transfer date.

- (4) Any complaint or dispute between a failed retailer and a small customer (whether the complaint or dispute arose on, before or after the transfer date) may continue to be dealt with as if the failed retailer's authorisation has not been revoked under section 142, and—
 - (a) Part 4 continues to apply to the complaint or dispute; and
 - (b) an insolvency official of the failed retailer is also subject to and bound by Part 4 in dealing with the complaint or dispute.
- (5) The insolvency official of a failed retailer or the failed retailer (as the case may be) must take steps to cancel with effect on and from the transfer date any direct debit authorisations (including any Centrepay deductions) that are in place for any customer of the failed retailer. Cancellation of a direct debit authorisation does not affect a customer's obligation to pay for any energy consumed before the transfer date.
- (6) If a customer of a failed retailer has paid amounts to the retailer in advance towards the customer's energy bill, the insolvency official of the failed retailer or the failed retailer (as the case may be) must—
 - (a) apply those amounts to the payment of the customer's account, but only insofar as that payment is for energy consumed before the transfer date; and
 - (b) pay any balance remaining to the customer.
- (7) If a customer has paid the failed retailer in whole or in part for a service order and as at the transfer date the order has not been completed—
 - (a) the designated RoLR may—
 - (i) place the order with the relevant distributor; and
 - (ii) if the order has already been placed, take steps to ensure its completion; and
 - (b) the customer is not liable to pay for the order except to the extent that the customer had not already paid as at the transfer date.

- (8) If a payment plan is in force with the failed retailer, the failed retailer or insolvency official (as the case requires) or their assignees must continue to comply with that plan insofar as it provides for the payment by instalments of any arrears that are outstanding as at the transfer date.
- (9) Any security deposit paid by a small customer to a failed retailer (and any interest accrued on that deposit) must be refunded to the customer by the failed retailer or insolvency official without any deduction other than in respect of energy consumed (but not paid for) before the transfer date.
- (10) If a small customer is on a prepayment meter market retail contract, a payment equal to the value of any credit remaining in the prepayment meter system account as at the transfer date must be made by the failed retailer or insolvency official to the small customer without any deduction.
- (11) If a small customer of a failed retailer is on a standard retail contract (card-operated meters), a payment equal to the value of any credit remaining on the small customer's card used with the card-operated meter as at the transfer date must be made by the failed retailer or insolvency official to the small customer without any deduction.

Editor's note—

This subsection is an additional Queensland provision.

142 Revocation of retailer authorisation

- (1) If a failed retailer has not already had its authorisation revoked under this Law, the AER may at the same time as it issues the RoLR notice for the retailer, and by endorsement on that notice, revoke the retailer authorisation with effect from the transfer date.
- (2) Divisions 5 and 7 of Part 5 do not apply in relation to the revocation of a retailer authorisation under this section, but nothing prevents the AER from applying the revocation process referred to in those Divisions, or any aspect of it, in relation to the revocation if the AER so decides.

143 Compliance requirements following service of RoLR notice

- (1) AEMO must, in relation to the RoLR event concerned, comply with the applicable requirements of the notice, this Part, the RoLR Procedures and the National Regulations.

Note—

- (1) AEMO may include, in procedures that it makes pursuant to the NEL and the NGL, procedures that deal with the following:
 - (a) any matters relating to the operation or implementation of the RoLR scheme;
 - (b) without limiting paragraph (a)—
 - (i) any matter referred to in section 149(2); and

 - (iv) audits and reviews;

- (c) without limiting paragraphs (a) and (b)—

 - (ii) in the case of gas—any matter that the relevant Retail Market Procedures deal with insofar as those procedures make provision at the commencement of this section with respect to RoLR events;

 - (ii) to conduct, or submit to, a test designed by AEMO under the procedures; and
 - (g) exempt, or confer a power of exemption, from the application of the procedures or specified provisions of the procedures; and
 - (h) contain provisions of a savings or transitional nature.
- (3) AEMO must not, without the consent of the MCE, make procedures pursuant to this section that confer a right or function, or impose an obligation, on the MCE or a Minister of a participating jurisdiction.
- (4) Procedures made pursuant to this section cannot—
- (a) create an offence; or
 - (b) provide for a civil penalty.
- (5) Procedures made pursuant to this section are referred to in this Part as ***RoLR Procedures***.

- (1) This section applies where a person who was a small customer of a failed retailer immediately before the transfer date becomes, by force of this Law, a customer of the relevant designated RoLR.
- (2) An arrangement (a ***RoLR deemed small customer retail arrangement***) is taken to apply between the relevant

designated RoLR and the small customer with effect on and from the transfer date.

- (3) The terms and conditions of the RoLR deemed small customer retail arrangement are the terms and conditions of the relevant designated RoLR's standard retail contract.
- (4) The prices applicable to the RoLR deemed small customer retail arrangement are the relevant designated RoLR's standing offer prices, with any variations in accordance with or consequent on the applicable RoLR cost recovery scheme determined under Division 9.

146 Contractual arrangements for sale of energy to transferred large customers

147 Duration of arrangements for small customers

- (1) A RoLR deemed small customer retail arrangement ceases to be in operation if a customer retail contract is formed in

relation to the premises, but this subsection does not affect any rights or obligations that have already accrued under that arrangement.

- (2) There is no minimum period for the small customer to remain with a designated RoLR on a RoLR deemed small customer retail arrangement.
- (3) If the small customer is still a customer of a designated RoLR on a RoLR deemed small customer retail arrangement at the end of the period of 3 months after the transfer date, a standard retail contract, in the form of the designated RoLR's standard retail contract, is taken to have been formed between the small customer and the designated RoLR.

The designated RoLR is, however, under no obligation to initiate negotiations with the large customer.

- (5) The designated RoLR may terminate the arrangement in accordance with the terms and conditions of the deemed large customer retail arrangement after the end of that period.

148A Designated contract for RoLR

- (1) A registered RoLR must give written notice to the AER if—

- (3) The designated contract must—

It is a reasonable excuse for a natural person to whom section 156 applies not to comply with a RoLR regulatory information notice served on the person requiring the person to provide information if to do so might tend to incriminate the person, or make the person liable to a criminal penalty, under a law of this jurisdiction or another participating jurisdiction.

This Division and a RoLR cost recovery scheme under this Division have effect despite anything in the following:

- (a) the NEL and NER;
- (b) the NGL and NGR;
- (c) any distribution determination;

- (d) any applicable access arrangement.

165 RoLR cost recovery

A registered RoLR (including but not limited to a designated RoLR) cannot recover costs incurred in relation to the RoLR scheme except in accordance with a RoLR cost recovery scheme determined under this Division.

166 RoLR cost recovery schemes

- (1) The AER must, on application by a registered RoLR, determine a RoLR cost recovery scheme for the RoLR.
- (2) The application must be in the form and contain the information specified in the AER RoLR Guidelines.
- (3) A RoLR cost recovery scheme is a scheme designed for the recovery by the RoLR of costs incurred by the RoLR in relation to the RoLR scheme, including—
 - (a) in the case of a default RoLR only—costs incurred in preparing for RoLR events; and
 - (b) in the case of a designated RoLR only—costs incurred on and after a RoLR event, including—
 - (i) costs paid to an insolvency official of a failed retailer in respect of anything done under this Part; and
 - (ii) costs paid to a distributor by the RoLR for service orders and not recoverable from the customers concerned or from the failed retailer; and

Notes—

- 1 Regarding subparagraph (i) above, see section 171.
 - 2 Regarding subparagraph (ii) above, section 141(7) deals with the case where a customer has paid the failed retailer for a service order and the order has not been completed as at the transfer date.
- (iii) other administration costs associated with the RoLR event; and

- (iv) additional energy costs in respect of customers acquired as a result of the RoLR event; and
 - (v) financing costs for additional credit support provided to AEMO for the acquired customers; and
 - (vi) financing costs to cover the period between a cost being incurred by the designated RoLR and the cost being recovered under the designated RoLR's cost recovery scheme.
- (4) The AER may, after receipt of an application made under subsection (1), request from the retailer such additional information as the AER considers reasonably necessary for it to determine the application. The retailer must comply with any such request.
- (4a) A registered RoLR may give an undertaking that the RoLR, under its cost recovery scheme—
 - (a) will not seek to recover a particular category of cost; or
 - (b) will seek to recover only a specified percentage of its incurred costs; or
 - (c) will seek to recover its incurred costs only up to a specified amount.
- (4b) The undertaking may be given by the RoLR to the AER—
 - (a) at the same time as it makes its application under subsection (1); or
 - (b) at another time for the purposes of including the undertaking as part of its cost recovery scheme.
- (4c) On the acceptance by the AER of an undertaking given under subsection (4b)(b), the undertaking becomes part of the RoLR cost recovery scheme and the scheme must be updated by the AER to reflect this.
- (5) The AER must publish on its website a notice of the application.
- (5a) The notice must invite submissions on the application.

-
- (5b) The notice must specify a period for making submissions of at least 20 business days.
 - (5c) The AER may, if it is satisfied that the costs are clearly identifiable and quantifiable—
 - (a) not include in the notice the invitation to make submissions on the application; or
 - (b) specify a period of less than 20 business days in the notice.
 - (5d) Subsections (5) to (5c) (inclusive) do not apply to an undertaking given under subsection (4b)(b).
 - (6) The AER must decide whether to grant or refuse the application.
 - (7) The AER must, when making its decision on the application, be guided by the following principles:
 - (a) the registered RoLR should be provided with a reasonable opportunity to recover the reasonable costs that it incurs with respect to the RoLR scheme;
 - (b) the recovery of costs should allow for a return commensurate with the regulatory and commercial risks with respect to the RoLR scheme;
 - (c) costs not prudently incurred by the registered RoLR in meeting its obligations should not be recoverable.

Note—

The AER must also have regard to the national energy retail objective.

- (8) The AER may, in determining a RoLR cost recovery scheme, limit either generally or in particular cases or classes of cases the costs (and the amount of those costs) that are recoverable.
- (9) Without limitation, the AER's determination of a RoLR cost recovery scheme may, so far as it relates to or affects tariffs payable by customers, differ between customers and classes of customers.

167 RoLR cost recovery scheme distributor payment determination

- (1) The AER must, as part of its determination with respect to a RoLR cost recovery scheme under this Division and after consultation with the distributor or distributors concerned, make a determination (a ***RoLR cost recovery scheme distributor payment determination***) that one or more distributors are to make payments to satisfy the full costs determined to be recoverable under the scheme.
- (2) A RoLR cost recovery scheme distributor payment determination is taken to be both a regulatory change event and a positive change event for the purposes of the NER.
- (3) Distributors are required to make payments to a RoLR in accordance with their liability under a RoLR cost recovery scheme distributor payment determination.
- (4) The distribution determination or applicable access arrangement (as the case may be) of each distributor who is to make payments under a RoLR cost recovery scheme distributor payment determination is taken to be amended so that any payments the distributor so makes are taken to be—
 - (a) in the case of electricity—positive pass through amounts approved under the NER; or
 - (b) in the case of gas—approved cost pass throughs allowing variation of the distributor’s reference tariffs.
- (5) Notwithstanding any other provision of this Division, if a designated RoLR (other than a default RoLR) agrees with the AER that it will seek to recover no costs or only a particular figure or percentage of its costs, the designated RoLR may not afterwards seek to recover any more than as agreed.

Note—

See also section 133(2).

- (6) Section 23(5) does not apply to a retailer in respect of a variation of its standing offer prices as a result of a RoLR cost recovery scheme.

168 Amendment of schemes and determinations

- (1) A cost recovery scheme, including a RoLR cost recovery scheme, or a RoLR cost recovery scheme distributor payment determination may be amended by determination of the AER—
 - (a) on application by, or after consultation with, the registered RoLR and after consultation with the distributors who are or will be affected; or
 - (b) on application by a distributor who is or will be affected and after consultation with the registered RoLR and other distributors who are or will be affected.
- (2) The AER may make a determination to amend the scheme or determination if the AER—

All customer retail contracts for small customers must include a notice explaining what will happen to the customer's arrangements for the purchase of energy if a RoLR event occurs.

170 Application for retailer authorisation by failed retailer or associate

- (1) If a failed retailer or an associate of a failed retailer applies for a retailer authorisation, the AER may—

- (a) refuse the application on the ground that the applicant is a failed retailer or an associate of a failed retailer; or
 - (b) grant the application on the condition that the applicant pays a proportion or the whole of the costs of a prior RoLR event as determined by the AER.
- (2) Any payment determined by the AER under subsection (1) is to be made to the relevant distributors (as determined by the AER) and—
 - (a) in the case of electricity—the determination by the AER is taken to be a regulatory change event and negative change event for the purposes of the NER and the payment is taken to be a negative pass through amount approved by the AER under the NER; and
 - (b) in the case of gas—the payment is taken to be an approved pass through allowing variation of a distributor's reference tariffs.
- (3) Subsection (1) does not limit the operation of Part 5 in relation to an application referred to in that subsection.
- (4) In this section—

associate, in relation to a failed retailer, has the same meaning it would have under Division 2 of Part 1.2 of the *Corporations Act 2001* of the Commonwealth if sections 13, 16(2) and 17 did not form part of that Act.

171 Reimbursement of insolvency official

- (1) In the event of a RoLR event, the insolvency official of a failed retailer is entitled to be indemnified by the relevant designated RoLR for the official's reasonable costs of complying with applicable requirements of the RoLR scheme, a RoLR notice or a RoLR regulatory information notice.

172 AER report on RoLR event

- (1) The AER must prepare, in consultation with AEMO, a report for the MCE on a RoLR event and provide it to the MCE within 80 business days of the transfer date or such later time as the MCE agrees.
- (2) The report—
 - (a) must address the facts and circumstances that gave rise to the event; and
 - (b) must describe the actions that the AER, AEMO and the designated RoLRs took with respect to the event; and

 - (d) may contain recommendations as to the handling of future events.
- (3) The report may contain information given to the AER in confidence but if it does so, it must identify that information in the report.

173 Immunity

- (1) A protected person does not incur any civil monetary liability for an act or omission done or made under or for the purposes of the RoLR scheme unless the act or omission is done or made in bad faith.

- (a) disclosure of that information to the AER, AEMO, a distributor or a designated RoLR for or in connection with the RoLR scheme is authorised by this Law; and
- (b) use of that information for or in connection with the RoLR scheme is authorised by this Law.

175 Corporations Act displacement

This Part is declared to be a Corporations legislation displacement provision for the purposes of section 5G of the *Corporations Act 2001* of the Commonwealth in relation to the provisions of Chapter 5 of that Act.

Note—

Section 5G of the *Corporations Act 2001* provides that if a State or Territory law declares a provision of a State or Territory law to be a Corporations legislation displacement provision, any provision of the Corporations legislation with which the State or Territory provision would otherwise be inconsistent does not apply to the extent necessary to avoid the inconsistency.

- (2) Nothing in Division 3 Subdivision 2 is to be taken to affect the power of the AEMC to make Rules (in accordance with this Law and the Regulations) for or with respect to any matter or thing referred to in Division 2 (whether before or after Rules have been made under Division 3 Subdivision 2).

240 Rules relating to MCE or Ministers of participating jurisdictions require MCE consent

The AEMC must not, without the consent of the MCE, make a Rule that confers a right or function, or imposes an obligation, on the MCE or a Minister of a participating jurisdiction.

Note—

The term “function” is defined in clause 10 of Schedule 2 to the NGL to include “duty”. Section 8 of this Law applies that Schedule to this Law and other instruments under this Law.

241 AEMC must not make Rules that create criminal offences or impose civil penalties for breaches

The AEMC must not make a Rule that—

- (a) creates an offence for a breach of a provision of the Rules; or
- (b) provides for a criminal penalty or civil penalty for a breach of a provision of the Rules.

242 Documents etc applied, adopted and incorporated by Rules to be publicly available

243 Initiation of making of a Rule

- (1) The AEMC may make a Rule at the request of any person or the MCE.
- (2) The AEMC must not make a Rule without a request under subsection (1) unless—
 - (a) it considers the Rule corrects a minor error in the Rules; or
 - (b) it considers the Rule involves a non-material change to the Rules; or

- (c) the Rule is in respect of any matter that is prescribed by the National Regulations as a matter on which it may make a Rule on its own initiative.

244 AEMC may make more preferable Rule in certain cases

- (1) The AEMC may make a Rule that is different (including materially different) from a market initiated proposed Rule (a *more preferable Rule*) if the AEMC is satisfied that, having regard to the issue or issues that were raised by the market initiated proposed Rule (to which the more preferable Rule relates), the more preferable Rule will or is likely to better contribute to the achievement of the national energy retail objective.
- (2) Section 236(2) applies in relation to the making of the more preferable rule.

245 AEMC may make Rules that are consequential to a Rule request

- (1) Despite section 243(2), the AEMC may, having regard to a request to make a Rule under section 243(1), make a Rule under this Law, the NEL or the NGL that is necessary or consequential, or corresponds, to the Rule.
- (2) For the purposes of this Part, the AEMC must treat a Rule it may make under subsection (1) as if it were part of the Rule to be made on that request.

246 Content of requests for Rules

A request for the making of a Rule—

- (a) must contain the information prescribed by the National Regulations or the Rules (or both); and
- (b) must, subject to section 247, be accompanied by the fee prescribed by the National Regulations (if any); and
- (c) may be accompanied by a draft of the Rule to be made.

247 Waiver of fee for Rule requests

The AEMC may waive the payment of any fee prescribed by the National Regulations for the purposes of section 246.

248 Consolidation of 2 or more Rule requests

- (1) If the AEMC considers it necessary or desirable that 2 or more requests for the making of a Rule should be dealt with together, the AEMC may—
 - (a) treat those requests as one request for the purposes of this Part (a *consolidated Rule request*); or
 - (b) treat any later request as a submission in relation to the earliest Rule request.
- (2) For the purposes of this Part, the AEMC may treat a consolidated Rule request as being received by it on the day it receives either the first or last of the Rule requests forming part of the consolidated Rule request.

249 Initial consideration of request for Rule

- (1) Subject to this Part, as soon as practicable after receiving a request for the making of a Rule (*an active request*), the AEMC must consider whether—
 - (a) the active request for the Rule appears to—
 - (i) contain the information prescribed by the National Regulations or the Rules (or both); and
 - (ii) not be misconceived or lacking in substance; and
 - (b) the subject matter of the active request appears to be for or with respect to a matter in respect of which the AEMC may make a Rule under this Law; and
 - (c) the subject matter of the active request appears to relate to the subject matter of—
 - (i) a Rule made, or a request for the making of a Rule under section 243(1) not proceeded with, in the

- (ii) another request for the making of a Rule under section 243(1) in respect of which the AEMC is taking action under this Division; and
- (d) in the case of an active request for a trial Rule—the subject matter of the request appears to relate to the subject matter of—
- (i) a trial waiver granted by the AER; or
 - (ii) an application for a trial waiver that has been received by the AER (but that has not been granted at the time of the active request for the trial Rule).
- (2) If the AEMC considers that—
- (a) in the case of an active request for the making of any Rule—having regard to the matters set out in subsection (1), it should not take any action under this Division in respect of the active request; or
 - (b) in the case of an active request for the making of a trial Rule—it should not take any action under this Division in respect of the active request on the basis that—
 - (i) the trial project to which the active request relates—
 - (A) is unlikely to be carried out; or
 - (B) offers no reasonable prospect of leading to better services and outcomes for consumers of energy; or
 - (ii) the trial Rule requested—
 - (A) is unnecessary to enable the trial project to be undertaken (including, for example, because the trial project could be undertaken under a trial waiver); or
 - (B) is unlikely to enable the trial project to be undertaken; or

(C) should be the subject of a request for a Rule other than a trial Rule,

the AEMC must make a decision to that effect and inform the person or body, in writing, that requested the Rule of that decision.

- (3) Despite subsection (1) or (2), the AEMC may make a decision to the effect that it should not take any action under this Division in respect of the active request if the person or body that made the active request has not complied with a notice in accordance with section 250.

- (5) A decision under subsection (2) or (3) must—
 - (a) set out the reasons for the decision; and

 - (c) in the case where the decision was made only because of the matters set out in subsection (1)(c)—be published.
- (6) Subject to this Part, if the AEMC considers that, having regard to the matters set out in subsection (1), it should take action under this Division in respect of an active request, the AEMC must publish notice of that active request in accordance with section 251.
- (7) The AEMC must, as soon as practicable after receiving an active request relating to a trial Rule, consult with AEMO on the matter.

250 AEMC may request further information from Rule proponent in certain cases

- (1) This section applies if the AEMC—
 - (a) receives a request for the making of a Rule under section 243(1); and

 - (b) forms an intention to make an AEMC initiated Rule.

252 Publication of non-controversial or urgent final Rule determination

- (1) Subject to this section, if the AEMC considers that—
 - (a) an AEMC initiated Rule is a non-controversial Rule; or
 - (b) a request for a Rule is a request for a non-controversial Rule; or
 - (c) a request for a Rule is a request for an urgent Rule,the AEMC may make the relevant Rule in accordance with this Division (except section 255 to 258) and as if the period of time within which the final Rule determination in respect of the relevant Rule must be published were 8 weeks from the date of publication of the notice under section 251.
- (2) Before making a Rule as set out in subsection (1), the AEMC must include in a notice under section 251 a statement to the effect that the AEMC may make the relevant Rule if the AEMC does not receive a written request, and reasons, not to do so from any person or body within 2 weeks of publication of that notice.

 - (b) give the person or body its reasons, in writing, for that decision without delay.
- (5) If the AEMC is of the opinion that the reasons given by a person or body in a written request for it not to make the non-controversial Rule or urgent Rule, are not misconceived or lacking in substance, the AEMC must publish a notice to the effect that it will make the relevant Rule in accordance with this Division (other than this section).
