Division 1 Introduction

1 Short title

2 Commencement

This Act commences on a day to be fixed by proclamation.

3 Act binds all persons

- (2) The object is to be achieved by—

- (a) establishing a licensing regime to—
 - (i) regulate pest control activities and fumigation activities; and
 - (ii) ensure the activities are carried out by pest management technicians in a safe and competent way; and
- (b) providing for compliance with this Act to be monitored and enforced.

5 Definitions

The dictionary in schedule 3 defines particular words used in this Act.

5A Meaning of *fumigant*

- (1) A *fumigant* is a substance that—
 - (a) is capable of producing a gas or vapour; and

 - (i) kill a pest;
 - (ii) sterilise grain or seed to prevent germination;
 - (iii) perform another function prescribed under a regulation for this subparagraph.
- (2) However, a substance is not a fumigant if it is—

 - (b) ordinarily available for purchase in a retail store where groceries are sold; and
 - (c) packaged in a way it is ordinarily available for purchase in a store mentioned in paragraph (b).

Example of a substance for subsection (2)—

 - (b) signed by an accredited assessor.

(3) In this section—

accredited assessor, for the demonstration of the competence of an applicant for a licence to carry out a fumigation activity in a certain site environment, means a person authorised by a registered training organisation to certify the applicant's competence.

declaration of assessment, for an applicant for a licence under which a fumigation activity may be carried out only in a certain site environment, means a declaration that the applicant is competent to carry out the fumigation activity in the site environment.

20 Further information or documents to support application for licence

- (1) The chief executive may, by notice given to the applicant, require the applicant to give the chief executive, within a reasonable period of at least 21 days stated in the notice, further information or a document the chief executive reasonably requires to decide the application.
- (2) The chief executive may, in the notice, require the applicant to verify the further information or document by statutory declaration.
- (3) The applicant is taken to have withdrawn the application if the applicant does not comply with a requirement under subsection (1) or (2) within the stated period.

Division 4 Decisions about applications for licences

21 Decision about application for licence

- (1) The chief executive must consider the application and either grant, or refuse to grant, the application.
- (2) The chief executive may grant the application only if the chief executive is satisfied the applicant—

- (a) is at least 17 years; and
 - (b) is a suitable person to hold the licence applied for; and
Note—
See section 14 (Suitability of person to hold licence).
 - (c) holds a pest management qualification relevant to a pest management activity the applicant intends to carry out under the licence.
- (3) If the chief executive decides to grant the application, the chief executive must, as soon as practicable, issue the licence applied for to the applicant.
- (4) If the chief executive decides to refuse to grant the application, the chief executive must, as soon as practicable, give the applicant an information notice about the decision.

22 Failure to decide application

- (1) Subject to subsections (2) and (3), if the chief executive fails to decide the application within 60 days after its receipt, the failure is taken to be a decision by the chief executive to refuse to grant the application.
- (2) Subsection (3) applies if the chief executive has—
- (a) under section 20(1), required the applicant to give the chief executive further information or a document; or
 - (b) under section 15, required the applicant to undergo a health assessment.
- (3) The chief executive is taken to have refused to grant the application if the chief executive does not decide the application before the expiry of 60 days after the chief executive receives the further information or document, verified, if required, by statutory declaration, or an assessment report.
- (4) This section is subject to section 23.

23 Further consideration of application for licence

- (1) This section applies if the chief executive considers more time is needed to make a decision about the application because of the complexity of the matters that need to be considered in deciding the application.

Example of an application likely to raise complex matters—

an application requiring the chief executive to obtain and consider further information about the applicant from a foreign regulatory authority

- (2) The chief executive may at any time before the final consideration day give notice to the applicant that—
- (a) because of the complexity of the matters that need to be considered in deciding the application, the chief executive needs more time to decide the application; and
 - (b) the period within which the chief executive must decide the application is extended to a day (the ***extended day***) that is 60 days after the final consideration day.
- (3) Also, the applicant and chief executive may, at any time before the final consideration day, agree in writing on a day (the ***agreed extended day***) by which the application is to be decided.
- (4) The chief executive is taken to have refused to grant the application if the chief executive does not decide the application by the latest of the following days—
- (a) if the chief executive has given a notice to the applicant under subsection (2)—the extended day;
 - (b) if there is an agreement between the applicant and chief executive under subsection (3)—the agreed extended day;
 - (c) if both subsections (2) and (3) apply—the later of the extended day and the agreed extended day.
- (5) In this section—

final consideration day means the latest of the following days—

- (a) the day that is 60 days after receipt of the application;
- (b) if the chief executive has, under section 20, required the applicant to give the chief executive further information or a document—the day that is 60 days after the chief executive receives the further information or document verified, if required, by statutory declaration;
- (c) if the chief executive has, under section 15, required the applicant to undergo a health assessment—the day that is 60 days after the chief executive receives an assessment report.

Division 5 Issue of licences

24 Form of licence

- (1) A licence must be in the approved form.
- (2) The licence must—
 - (a) contain a recent photograph of the pest management technician; and

 - (ii) the licence number;
 - (iii) the date of issue of the licence;
 - (iv) the date the licence expires;

33 Varying licence—chief executive's initiative

- (1) The chief executive may vary a licence if the chief executive reasonably believes it is necessary or desirable to do so to protect persons from health risks associated with a pest management activity that may be carried out under the licence.
- (2) A variation must relate only to—
 - (a) a pest management activity that may be carried out under the licence; or
 - (b) a condition of the licence.
- (3) Before varying the licence, the chief executive must—
 - (a) give the pest management technician a notice (a *notice of intention*) stating—
 - (i) particulars of the proposed variation; and
 - (ii) the grounds for the proposed variation; and
 - (iii) an outline of the facts and circumstances forming the basis for the grounds; and
 - (iv) that the technician may make a written submission to the chief executive about the proposed variation before a stated day; and

- (b) have regard to any written submissions made to the chief executive by the technician before the stated day.
- (4) The stated day must not be earlier than 21 days after the notice is given to the technician.
- (5) If, after giving the technician the notice of intention and taking into account any written submissions made by the technician, the chief executive decides to vary the technician's licence, the chief executive must, as soon as practicable, give the technician an information notice about the decision.
- (6) The variation takes effect on the day the information notice is given and does not depend on the issue of a new licence mentioned in section 39(2).

Subdivision 2 Applications for variation

34 Varying licence—application by pest management technician

- (1) A pest management technician may apply to the chief executive to vary the technician's licence in relation to—
 - (a) a pest management activity that may be carried out under the licence; or
 - (b) a condition of the licence.
- (2) The application must—
 - (a) be in the approved form; and
 - (b) be accompanied by the fee prescribed under a regulation.

35 Further information or documents to support application for variation

- (1) The chief executive may, by notice given to the applicant, require the applicant to give the chief executive, within a reasonable period of at least 21 days stated in the notice,

further information or a document the chief executive reasonably requires to decide the application.

- (2) The chief executive may, in the notice, require the applicant to verify the further information or document by statutory declaration.
- (3) The applicant is taken to have withdrawn the application if the applicant does not comply with a requirement under subsection (1) or (2) within the stated period.

36 Decision about application for variation of licence

- (1) The chief executive must consider the application and either grant, or refuse to grant, the application.
- (2) The chief executive may grant the application only if the chief executive is satisfied the applicant—
 - (a) is a suitable person to hold the licence as proposed to be varied; and
Note—
See section 14 (Suitability of person to hold licence).
 - (b) if relevant, holds a pest management qualification relevant to the pest management activity the applicant intends to carry out under the licence as proposed to be varied.
- (3) If the chief executive decides to grant the application, the chief executive must, as soon as practicable, give the applicant a notice (a *variation notice*) stating the decision.
- (4) If the chief executive decides to refuse to grant the application, the chief executive must, as soon as practicable, give the applicant an information notice about the decision.
- (5) A variation to the licence takes effect on the day the variation notice is given to the applicant.

37 Failure to decide application for variation of licence

- (1) Subject to subsections (2) and (3), if the chief executive fails to decide the application within 60 days after its receipt, the failure is taken to be a decision by the chief executive to refuse to grant the application.
- (2) Subsection (3) applies if the chief executive has—
 - (a) under section 35(1), required the applicant to give the chief executive further information or a document; or
 - (b) under section 15, required the applicant to undergo a health assessment.
- (3) The chief executive is taken to have refused to grant the application if the chief executive does not decide the application before the expiry of 60 days after the chief executive receives the further information or document, verified, if required, by statutory declaration, or an assessment report.
- (4) This section is subject to section 38.

38 Further consideration of application for variation

- (1) This section applies if the chief executive considers the chief executive needs more time to make a decision about the application because of the complexity of the matters that need to be considered in deciding the application.

Example of an application likely to raise complex matters—

an application requiring the chief executive to obtain and consider further information about the applicant from a foreign regulatory authority

- (2) The chief executive may at any time before the final consideration day give notice to the applicant that—
 - (a) because of the complexity of the matters that need to be considered in deciding the application, the chief executive needs more time to decide the application; and

- (b) the period within which the chief executive must decide the application is extended to a day (the *extended day*) that is 60 days after the final consideration day.
- (3) Also, the applicant and chief executive may at any time before the final consideration day agree in writing on a day (the *agreed extended day*) by which the application is to be decided.
- (4) The chief executive is taken to have refused to grant the application if the chief executive does not decide the application by the latest of the following days—
 - (a) if the chief executive has given a notice to the applicant under subsection (2)—the extended day;
 - (b) if there is an agreement between the applicant and chief executive under subsection (3)—the agreed extended day;
 - (c) if both subsections (2) and (3) apply—the later of the extended day and the agreed extended day.
- (5) In this section—

final consideration day means the latest of the following days—

 - (a) the day that is 60 days after receipt of the application;
 - (b) if the chief executive has, under section 35, required the applicant to give the chief executive further information or a document—the day that is 60 days after the chief executive receives the further information or document, verified, if required, by statutory declaration;
 - (c) if the chief executive has, under section 15, required the applicant to undergo a health assessment—the day that is 60 days after the chief executive receives an assessment report.

39 Varied licence to be produced and new licence issued

- (1) If the chief executive decides to vary a licence under this division, the pest management technician must return the licence to the chief executive within 7 days after receiving an information notice under section 33(5) or a variation notice under section 36(3), unless the technician has a reasonable excuse.

Maximum penalty—10 penalty units.

- (2) When the chief executive receives the licence, the chief executive must, as soon as practicable, issue a new licence to the technician.
- (3) Failure to issue a new licence recording the variation, does not affect the validity of the variation.

40 Application for replacement of licence

- (1) A pest management technician may apply for replacement of the technician's licence if the licence has been damaged, destroyed, lost or stolen.
- (2) The application must—

- (2) This section also applies if there are no accepted representations for the show cause notice.
- (3) The chief executive may—
 - (a) if the proposed action stated in the show cause notice was to suspend the licence for a stated period—suspend the licence for not longer than the stated period; or
 - (b) if the proposed action stated in the show cause notice was to cancel the licence—either cancel the licence or suspend it for a period.
- (4) The chief executive must, as soon as practicable, give the pest management technician an information notice about the decision.

Subdivision 4 Power to seize evidence

72 Seizing evidence at a place that may be entered without consent or warrant

An inspector who enters a place that may be entered under this division without the consent of the occupier and without a warrant, may seize a thing at the place if the inspector reasonably believes the thing is evidence of an offence against this Act.

73 Seizing evidence at a place that may only be entered with consent or warrant

- (1) This section applies if—
 - (a) an inspector is authorised to enter a place under this division only with the consent of the occupier or a warrant; and
 - (b) the inspector enters the place after obtaining the necessary consent or warrant.
- (2) If the inspector enters the place with the occupier's consent, the inspector may seize a thing at the place if—
 - (a) the inspector reasonably believes the thing is evidence of an offence against this Act; and
 - (b) seizure of the thing is consistent with the purpose of entry as told to the occupier when asking for the occupier's consent.
- (3) If the inspector enters the place with a warrant, the inspector may seize the evidence for which the warrant was issued.
- (4) The inspector also may seize anything else at the place if the inspector reasonably believes—
 - (a) the thing is evidence of an offence against this Act; and
 - (b) the seizure is necessary to prevent the thing being—
 - (i) hidden, lost or destroyed; or

- (ii) used to continue, or repeat, the offence.
- (5) Also, the inspector may seize a thing at the place if the inspector reasonably believes it has just been used in committing an offence against this Act.

74 Securing seized thing

Having seized a thing, an inspector may do 1 or more of the following—

- (a) move the thing from the place where it was seized (the *place of seizure*);
- (b) leave the thing at the place of seizure but take reasonable steps to restrict access to it;

Examples of restricting access to a thing—

- 1 sealing a thing and marking it to show access to it is restricted
 - 2 sealing the entrance to a room where the seized thing is situated and marking it to show access to it is restricted
- (c) make the thing inoperable if it is equipment.

Example of making equipment inoperable—

dismantling equipment or removing a component of equipment without which the equipment is not capable of being used

75 Tampering with seized thing

- (1) If an inspector restricts access to a seized thing, a person must not tamper, or attempt to tamper, with the thing, or something restricting access to the thing, without an inspector's approval.

Maximum penalty—100 penalty units.

- (2) If an inspector makes seized equipment inoperable, a person must not tamper, or attempt to tamper, with the equipment, without an inspector's approval.

Maximum penalty—100 penalty units.

76 Powers to support seizure

- (1) To enable a thing to be seized, an inspector may require the person in control of it—
 - (a) to take it to a stated reasonable place by a stated reasonable time; and
 - (b) if necessary, to remain in control of it at the stated place for a stated reasonable period.
- (2) The requirement—
 - (a) must be made by notice in the approved form; or
 - (b) if for any reason it is not practicable to give the notice, may be made orally and confirmed by notice in the approved form as soon as practicable.
- (3) A further requirement may be made under this section about the thing if it is necessary and reasonable to make the further requirement.
- (4) A person of whom a requirement is made under subsection (1) or (3) must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty for subsection (4)—50 penalty units.

77 Receipt for seized thing

- (1) As soon as practicable after an inspector seizes a thing, the inspector must give a receipt for it to the person from whom it was seized.
- (2) However, if for any reason it is not practicable to comply with subsection (1), the inspector must leave the receipt at the place of seizure in a conspicuous position and in a reasonably secure way.
- (3) The receipt must describe generally each thing seized and its condition.
- (4) This section does not apply to a thing if it is impracticable or would be unreasonable to give the receipt (given the thing's nature, condition and value).

78 Forfeiture of seized thing

- (1) A seized thing is forfeited to the State if the inspector who seized the thing—
 - (a) can not find its owner, after making reasonable inquiries; or
 - (b) can not return it to its owner, after making reasonable efforts; or
 - (c) reasonably believes it is necessary to keep the thing to prevent it being used to commit an offence against this Act.
- (2) In applying subsection (1)—
 - (a) subsection (1)(a) does not require the inspector to make inquiries if it would be unreasonable to make inquiries to find the owner; and
 - (b) subsection (1)(b) does not require the inspector to make efforts if it would be unreasonable to make efforts to return the thing to its owner.

Example for paragraph (b)—

The owner of the thing has migrated to another country.
- (3) If the inspector makes a decision under subsection (1)(c), resulting in the seized thing being forfeited to the State, the inspector must, as soon as practicable, give the owner an information notice for the decision.
- (4) Subsection (3) does not apply if—
 - (a) the inspector can not find the owner, after making reasonable inquiries; or
 - (b) it is impracticable or would be unreasonable to give the information notice.
- (5) Regard must be had to a thing's nature, condition and value—
 - (a) in deciding—
 - (i) whether it is reasonable to make inquiries or efforts; and

- (ii) if making inquiries or efforts, what inquiries or efforts, including the period over which they are made, are reasonable; or
- (b) in deciding whether it would be unreasonable to give the information notice.

79 Forfeiture on conviction

- (1) On the conviction of a person for an offence against this Act, the court may order the forfeiture to the State of—
 - (a) anything used to commit the offence; or
 - (b) anything else the subject of the offence.
- (2) The court may make the order—
 - (a) whether or not the thing has been seized; or
 - (b) if the thing has been seized—whether or not the thing has been returned to its owner.
- (3) The court may make any order to enforce the forfeiture it considers appropriate.
- (4) This section does not limit the court's powers under the *Penalties and Sentences Act 1992* or another law.

80 Dealing with forfeited things etc.

- (1) On the forfeiture of a thing to the State, the thing becomes the State's property and may be dealt with by the chief executive as the chief executive considers appropriate.
- (2) Without limiting subsection (1), the chief executive may destroy or dispose of the thing.
- (3) Despite subsection (1), the chief executive must not deal with the thing in a way that could prejudice the outcome of—
 - (a) a review applied for under section 105 or 108; or
 - (b) an appeal, relevant to the thing, of which the chief executive is aware.

81 Return of seized thing

- (1) If a seized thing is not forfeited, the inspector must return it to its owner—
 - (a) generally—at the end of 6 months; or
 - (b) if a proceeding for an offence involving the thing is started within 6 months—at the end of the proceeding and any appeal from the proceeding.
- (2) Despite subsection (1), unless the thing is forfeited, the inspector must, as soon as practicable, return a thing seized as evidence to its owner if the inspector stops being satisfied its continued retention as evidence is necessary.

82 Access to seized thing

- (1) Until a seized thing is forfeited or returned, an inspector must allow its owner to inspect it and, if it is a document, to copy it.
- (2) Subsection (1) does not apply if it is impracticable or would be unreasonable to allow the inspection or copying.

- (2) The inspector may require the person to state the person's name and residential address.

- (3) When making the requirement, the inspector must warn the person it is an offence to fail to state the person's name or residential address, unless the person has a reasonable excuse.
- (4) The inspector may require the person to give evidence of the correctness of the stated name or residential address if the inspector reasonably suspects the stated name or address is false.

- (2) The inspector may keep the document to copy it.

- (5) However, if a requirement (a *document certification requirement*) is made of a person under subsection (3), the inspector may keep the document until the person complies with the requirement.

- (1) A person of whom a document production requirement is made must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

88 Power to require information
