39 Keeping records about activities under commercial activity permits

If a record is kept in an approved electronic record system under section 39 or 40 and the system is not working on the day particular information must be included in the record—

This division prescribes, for section 219(c) of the Act—

(a) the way in which and the times at which information about activities authorised and conducted under a commercial activity permit or a relevant organised event permit must be given to the chief executive; and
(b) the fees relating to the activities that must accompany the information.

Giving information for commercial activity or relevant organised event permits

(1) This section applies for giving—
(a) information that—

(i) is required under section 44 or 45 to be included in a record about an activity authorised and conducted under a commercial activity permit or a relevant organised event permit; and

(ii) relates to an activity authorised and conducted under the permit during a prescribed period for the permit; or

(b) information about another activity authorised under a commercial activity permit or a relevant organised event permit for a prescribed period for the permit.

(2) The information must be given to the chief executive—

(a) in the approved form; and

(b) for each prescribed period for the permit; and

(c) if the information is for a commercial activity permit—within 20 business days after each prescribed period for the permit; and

(d) if the information is for a relevant organised event permit—within 10 business days after each prescribed period for the permit.

(3) In this section—

prescribed period, for a commercial activity permit or relevant organised event permit, means—

(a) if the chief executive has given the holder of the permit a written notice stating each prescribed period for the permit—each stated period; or

(b) otherwise—

(i) each period of 3 months starting after the permit is granted; and

(ii) if the permit ends within a 3-month period mentioned in subparagraph (i)—the period starting on the day the 3-month period started and ending on the day the permit ends.
48 Fees to accompany information for relevant organised event permit

(2) The information must be accompanied by any additional daily fee and any camping fee payable for the permit.

49 Holder of commercial activity permit to pay fees when invoiced

(1) This section applies if the chief executive receives from the holder of a commercial activity permit the information the holder is required to give to the chief executive under section 47(2).

(2) The chief executive must give the holder an invoice for any additional daily fee and any camping fee payable under schedule 2 for the permit for the period to which the information relates.

(3) The invoice must state a period (the period for payment), of at least 7 days after the holder receives the invoice, within which the fees must be paid to the chief executive.

(4) The holder must, within the period for payment, pay the fees to the chief executive for the period to which the information relates.

Division 4 Other matters

50 Information must be complete, accurate and legible

(1) This section applies to a person who is required under the Act to—

(a) include information in a record about an activity authorised and conducted under a commercial activity permit or a relevant organised event permit; or
(b) give information about an activity authorised and conducted under a commercial activity permit or a relevant organised event permit to the chief executive.

(2) The person must ensure the information is—
(a) complete and accurate; and
(b) legible; and
(c) recorded in ink, unless the information is in electronic form.

Maximum penalty—20 penalty units.

Part 9 Fees payable under the Act

Division 1 Fees payable

51 Fees generally
(1) The fees payable under the Act are stated in schedule 2.

(2) To remove any doubt, it is declared that a fee payable under the Act is a debt due to the State.

(3) A proceeding may be instituted against a person for the recovery of a fee, or part of a fee, payable under the Act whether or not—
(a) a prosecution has been instituted against the person for an offence in relation to the nonpayment; or
(b) the person has been convicted of an offence in relation to the nonpayment.
Division 2  Fee reductions

52 Reduced application fee for organised event permits and commercial activity permits and agreements if equivalent fee paid under another Act

(1) This section applies to an application for an organised event permit, commercial activity permit or commercial activity agreement (a RAM application) if—

(a) the organised event or commercial activity for which the permit or agreement is sought is to be conducted in—

(i) a recreation area; and

(ii) 1 or more of the following—

(A) a forest reserve that was, immediately before its dedication as a forest reserve, a State forest under the Forestry Act 1959;

(B) a protected area under the Nature Conservation Act 1992;

(C) a State forest under the Forestry Act 1959;

and

(b) the applicant has also made an application for an authority (however called) for conducting the activity in the forest reserve, protected area or State forest (a related application); and

(c) the applicant has paid an application fee (however called) for the related application; and

(d) the chief executive is satisfied the RAM application and related application can be considered together.

Example—

A person applies for a commercial activity permit for conducting a commercial tour that is to be conducted in the Fraser Island Recreation Area and Noosa National Park.

The day before the application was made the person applied, under the Nature Conservation Act 1992, for a commercial activity permit for
conducting the tour in Noosa National Park and the chief executive has not started considering that application under that Act.

(2) The chief executive may waive all or part of the application fee payable under schedule 2 for the RAM application.

(3) However, if the application fee payable for the RAM application is higher than the application fee paid for the related application, the chief executive can waive only an amount equivalent to the application fee paid for the related application.

53 Reduced permit fee for commercial activity permits if equivalent fee paid under another Act

(1) This section applies if—

(a) the chief executive waives all or part of the application fee payable for an application for a commercial activity permit under section 52; and

(b) the holder of the permit has paid a permit fee (however called) for the authority mentioned in section 52(1)(b) (the equivalent authority).

(2) The chief executive must also waive—

(a) if the permit fee paid for the equivalent authority is the same or higher than the permit fee stated in schedule 2 for the commercial activity permit—the permit fee for the commercial activity permit; or

(b) if the permit fee paid for the equivalent authority is lower than the permit fee stated in schedule 2 for the commercial activity permit—the amount of the permit fee for the commercial activity permit that is equivalent to the permit fee paid for the equivalent authority.
54 Reduced application fee for transfer of particular commercial activity permits if equivalent fee paid under another Act

(1) This section applies to an application to transfer a joint permission permit under part 4, division 5A of the Act (a transfer application) if—

(a) the permit forms part of a joint permission; and

(b) the commercial activity for which the permit is held is conducted in—

(i) a protected area under the Nature Conservation Act 1992; and

(ii) a recreation area; and

(c) the applicant has also made an application to transfer the permit in relation to conducting the activity in the protected area (the related application); and

(d) the applicant has paid an application fee (however called) for the related application; and

(e) the chief executive is satisfied the transfer application and related application can be considered together.

(2) The chief executive may waive all or part of the transfer fee payable under schedule 2 for the transfer application.

(3) However, if the transfer fee payable for the transfer application is higher than the application fee paid for the related application, the chief executive can waive only an amount equivalent to the application fee paid for the related application.

55 Reduced additional daily fee for organised event or commercial activity permit if equivalent fee paid under another Act

(1) This section applies if—

(a) the holder of an organised event permit or a commercial activity permit, other than for filming or photography,
conducts an organised event or commercial activity under the permit in—

(i) the recreation area to which the permit applies; and

(ii) 1 or more of the following—

(A) a forest reserve that was, immediately before its dedication as a forest reserve, a State forest under the Forestry Act 1959;

(B) a protected area under the Nature Conservation Act 1992;

(C) a State forest under the Forestry Act 1959; and

(b) the activity is conducted for the same clients in the recreation area and the forest reserve, protected area or State forest under an equivalent permit (however called); and

(c) the holder has paid a daily fee (however called) for conducting the activity under the equivalent permit.

(2) The additional daily fee payable under the Act for conducting the activity under the organised event permit or commercial activity permit is the amount worked out by deducting the amount of the daily fee paid for conducting the activity under the equivalent permit from the additional daily fee stated in schedule 2 for the organised event permit or commercial activity permit.

(3) To remove any doubt, it is declared that a deduction under subsection (2) may result in the additional daily fee payable under the Act being zero.

Example for subsection (3)—

The holder of a commercial activity permit conducts a commercial tour lasting 3 hours for 10 clients in the Bribie Island Recreation Area and Glasshouse Mountains National Park. The holder has paid the applicable daily fee of $26 ($2.60 for each client) under the Nature Conservation Act 1992 for conducting the tour in the national park under a commercial activity permit under that Act.

The $26 that has been paid is deducted from the applicable additional daily fee of $26 that would otherwise be payable under the Act for
conducting the commercial tour in the recreation area under the commercial activity permit.

The additional daily fee payable under the Act is therefore zero.

(4) In this section—

daily fee does not include a fee payable for camping overnight.

Division 3 Fee exemptions granted without application

56 Exemption for camping permit granted to particular persons

(1) No fee is payable for a camping permit granted to a person who is in a recreation area that is adjacent to a relevant national park to prepare—

(a) a claim to, or a management statement or management plan for, the national park under the Aboriginal Land Act 1991; or

(b) a claim to the national park under the Torres Strait Islander Land Act 1991.

(2) In this section—

national park means an area dedicated under the Nature Conservation Act 1992 as a national park.

relevant national park means a national park, other than a special management area (controlled action) to allow activities of the type, or for the purpose, stated in the Nature Conservation Act 1992, section 17(1A)(a).

59 Exemption for Cooloola Recreation Area vehicle access permits granted to residents of Inskip or Rainbow Beach

(1) The chief executive may grant a person an exemption from the payment of a fee for a vehicle access permit for the Cooloola Recreation Area, if the chief executive is satisfied the person’s principal place of residence is in Inskip or Rainbow Beach.

(2) This section does not limit the operation of section 58.

(3) In this section—
   Inskip or Rainbow Beach means the areas shown as Inskip or Rainbow Beach on the map in schedule 3.
Subdivision 2  Application process

62  Grant of exemption under fee exemption application

If the chief executive decides to grant the exemption to which a fee exemption application relates, the chief executive must give the applicant a written notice stating—

   (a) the permit to which it applies; and
   (b) if the chief executive has imposed any conditions on the exemption—
       (i) the conditions; and
(ii) the reasons for the conditions.

Example of a condition that may be imposed—

An exemption from payment of a fee for a permit is granted on the condition that the activities conducted under the permit are conducted for a stated purpose that is consistent with the purpose of this Act, the Marine Parks Act 2004 or the Nature Conservation Act 1992.

63 Refusal of exemption under fee exemption application

If the chief executive decides to refuse a fee exemption application, the chief executive must give the applicant a written notice stating—

(a) the decision; and
(b) the reasons for the decision.

64 Effect of grant of exemption under fee exemption application

(1) This section applies if the chief executive has granted an exemption to which a fee exemption application relates.

(2) The applicant is not required to pay the fee to which the exemption relates.

(3) However, if the chief executive has imposed conditions on the exemption, subsection (2) applies only if the applicant complies with the conditions.

Division 5 Refund of fees

65 Refund of fees

(c) cancelled or suspended under section 65(1)(a) of the Act; or
