

Child Safe Organisations Regulation 2025

Human Rights Certificate

Prepared in accordance with Part 3 of the *Human Rights Act 2019*

In accordance with section 41 of the *Human Rights Act 2019*, I, Amanda Camm, Minister for Families, Seniors and Disability Services and Minister for Child Safety and the Prevention of Domestic and Family Violence provide this human rights certificate with respect to the *Child Safe Organisations Regulation 2025* made under the *Child Safe Organisations Act 2024*.

In my opinion, the *Child Safe Organisations Regulation 2025*, as tabled in the Legislative Assembly, is compatible with the human rights protected by the *Human Rights Act 2019*. I base my opinion on the reasons outlined in this statement.

Overview of the Subordinate Legislation

The *Child Safe Organisations Regulation 2025* (the Regulation) prescribes sector regulators for child safe entities under section 6(a) of the *Child Safe Organisations Act 2024* (the Act).

The Act provides a collaborative regulatory model to boost the oversight capacity of the Queensland Family and Child Commission (Commission); streamline regulatory obligations and minimise duplication; and support education and capacity building. The model leverages existing regulatory relationships, expertise and frameworks to facilitate a coordinated and consistent approach to compliance.

To clarify the responsibilities of the Commission and sector regulators to collaborate, and enable information sharing, certain sector regulators are prescribed by regulation.

The Act and Regulation do not require sector regulators to expand their existing responsibilities and their collaboration and information sharing roles will remain limited to the entities they currently regulate and the scope of their current regulatory functions.

Human Rights Issues

Human rights relevant to the subordinate legislation (Part 2, Division 2 and 3 *Human Rights Act 2019*)

The Regulation has been considered with regard to the *Human Rights Act 2019* and it has been determined that no human rights are engaged by the prescription of sector regulators.

Conclusion

I consider that the *Child Safe Organisations Regulation 2025* is compatible with the *Human Rights Act 2019* because it does not limit human rights.
