Transport Infrastructure Act 1994

An Act about transport infrastructure and related matters

Chapter 1 Preliminary

1 Short title

This Act may be cited as the *Transport Infrastructure Act 1994*.

2 Objectives of this Act

- (1) The overall objective of this Act is, consistent with the objectives of the *Transport Planning and Coordination Act 1994*, to provide a regime that allows for and encourages effective integrated planning and efficient management of a system of transport infrastructure.
- (2) In particular, the objectives of this Act are—
 - (a) to allow the Government to have a strategic overview of the provision and operation of all transport infrastructure; and
 - (b) for roads—to establish a regime under which—
 - (i) a system of roads of national and State significance can be effectively planned and efficiently managed; and
 - (ii) influence can be exercised over the total road network in a way that contributes to overall transport efficiency; and

- (iii) account is taken of the need to provide adequate levels of safety, and community access to the road network; and
 - (iv) impacts on development from environmental emissions generated by State-controlled roads are addressed by the development; and
- (c) for miscellaneous transport infrastructure—to establish a regime for the effective planning and efficient management of the infrastructure; and
- (d) for rail—to establish a regime that—
 - (i) contributes to overall transport effectiveness and efficiency; and
 - (ii) provides for the safety of railways and persons at, on or near railways; and
 - (iii) contributes to lower transport costs by allowing the maximum flexibility in rail transport operations consistent with achieving safety objectives; and
 - (iv) allows railway managers and operators to make decisions on a commercial basis; and
- (e) for ports—to establish a regime under which a ports system is provided and can be managed within an overall strategic framework; and
- (f) for air—to promote basic access to air services, and regional development, by making provision about air transport infrastructure; and
- (g) for public marine transport—to establish a regime under which—
 - (i) public marine facilities are effectively and efficiently managed; and
 - (ii) the use of waterways for transport purposes is effectively and efficiently managed; and
- (h) for busways—to establish a regime that provides for—

- (i) flexibility in the choice between private and public construction and management; and
 - (ii) land tenure arrangements allowing private management to be established on a sound financial basis; and
 - (iii) safely constructed, managed and operated infrastructure; and
- (i) for busways and light rail—to establish a regime for each that—
- (i) contributes to overall transport effectiveness and efficiency; and
 - (ii) is responsive to community needs; and
 - (iii) offers an appealing alternative to private transport in a way that takes into account overall environmental, economic and social influences of transport; and
 - (iv) addresses the challenges of future growth; and
 - (v) provides busway and light rail transport infrastructure and passenger services at a reasonable cost to the community and government; and
 - (vi) results in minimal interference with access to and from the road network; and
 - (vii) encourages the facilitation and use of public transport; and
 - (viii) gives priority to public transport over private vehicles; and
 - (ix) contributes to lower transport costs by allowing the maximum flexibility in busway and light rail transport operations consistent with achieving safety objectives; and
 - (x) allows managers and operators of busways and light rail to make decisions on a commercial basis; and

- (j) for light rail—to establish a regime that provides for—
 - (i) flexibility in the choice between private and public construction and management; and
 - (ii) land tenure arrangements allowing private management to be established on a sound financial basis; and
 - (iii) the safety of light rail, light rail land, light rail transport infrastructure and persons at, on or near light rail, light rail land or light rail transport infrastructure; and
 - (iv) the construction, management and operation of light rail transport infrastructure under a light rail franchise agreement.

3 Definitions—the dictionary

- (1) A dictionary in schedule 6 defines particular words used in this Act.
- (2) Definitions found elsewhere in the Act are signposted in the dictionary.

3A Notes in text

A note in the text of this Act is part of the Act.

4 State/Commonwealth agreements or arrangements

The powers and discretions conferred by this Act may be exercised in accordance with an agreement or arrangement between the State and the Commonwealth about the funding of transport infrastructure.

Chapter 2 **Transport infrastructure strategies**

5 Development of transport infrastructure strategies

- (1) The chief executive must, from time to time, develop for the Minister's approval transport infrastructure strategies that are designed to give effect to the coordination plan in relation to transport infrastructure in accordance with the objectives of this Act.
- (2) In developing transport infrastructure strategies, the chief executive must take reasonable steps to engage in public consultation.
- (3) The Minister may, at any time, direct the chief executive to prepare new transport infrastructure strategies for the Minister's approval or to amend transport infrastructure strategies in the way the Minister directs.
- (4) The Minister may approve transport infrastructure strategies that are submitted for approval or require the chief executive to amend the strategies in the way the Minister directs.

6 Contents of transport infrastructure strategies

- (1) Transport infrastructure strategies must include—
 - (a) a statement of the specific objectives sought to be achieved; and
 - (b) proposals for the provision of transport infrastructure; and
 - (c) investment criteria for deciding priorities for government supported transport infrastructure between and within the different transport modes and options for financing the priorities; and
 - (d) criteria for deciding which roads should be controlled by the chief executive as State-controlled roads; and

[s 7]

- (e) appropriate performance indicators for deciding whether, and to what extent, the objectives of the strategies have been achieved.
- (2) Transport infrastructure strategies must aim to provide an adequate framework for coordinating and integrating the provision of transport infrastructure as between the different transport modes.
- (3) Transport infrastructure strategies must take account of agreements or arrangements between the State and the Commonwealth about the funding of transport infrastructure.
- (4) If there is an integrated regional transport plan under the *Transport Planning and Coordination Act 1994* for an area, the transport infrastructure strategies for the area must not be inconsistent with, and must give effect to, the plan.

7 Tabling of transport infrastructure strategies

The Minister must cause transport infrastructure strategies, and each amendment of transport infrastructure strategies, approved by the Minister to be tabled in the Legislative Assembly.

Chapter 3 Obligations about transport infrastructure

8 Objective of chapter

In giving effect to the objective of this Act, this chapter is intended to ensure value for money for resources applied to the construction, maintenance and operation of transport infrastructure.

9 Obligations about government supported transport infrastructure

The chief executive must ensure that—

- (a) the construction, maintenance and operation of all government supported transport infrastructure for which the chief executive is responsible is carried out in a way that, within the objective of this chapter—
 - (i) takes into account best practice and national benchmarks; and
 - (ii) promotes the safe transport of persons and goods; and
 - (iii) reduces adverse environmental impacts; and
 - (iv) encourages efficient and competitive behaviour in the construction and maintenance of transport infrastructure; and
- (b) the construction, maintenance and operation of all government supported transport infrastructure for which the chief executive is responsible is carried out in accordance with standards—
 - (i) published by the chief executive; and
 - (ii) designed, within overall transport objectives, to achieve efficiency, affordable quality and cost effectiveness; and
- (c) contracts that are let for the construction, maintenance or operation of transport infrastructure are designed in a way that encourages efficient performance by the contractor.

9A Beneficial assets

- (1) For section 9(a)(iii), it is recognised that, although the operation or use of transport infrastructure may have significantly adverse environmental impacts, the operation and use are necessary for the community's environmental, social and economic wellbeing.

[s 10]

- (2) However, it is intended that, within the objective of this chapter, any significantly adverse environmental impacts resulting from the operation or use of transport infrastructure be progressively reduced to the extent that it is practicable to do so.

10 Report on giving effect to s 9

Each annual report of the department must include a report on the way in which effect has been given to section 9 during the year to which the report relates.

22 Report on implementation of program

Each annual report of the department must include a report on the implementation of the air transport infrastructure funding program for the year of the report.

Chapter 6 Road transport infrastructure

Part 1 Preliminary

23 Scope of chapter

- (1) To give effect to the objectives of this Act in relation to road transport infrastructure, the chief executive has, subject to the Minister and as required by this chapter—
 - (a) the function of influencing the total road network; and
 - (b) control over roads of State significance in the total road network, including roads of national significance that are managed in accordance with agreements or

arrangements between the State and the Commonwealth about the funding of road transport infrastructure.

- (2) This chapter establishes a framework under which the construction, maintenance or operation of a State-controlled road can be done by the chief executive, or by a local government or someone else under agreements or arrangements with the chief executive.

Part 2 State-controlled roads

Division 1 Declaration of State-controlled roads

24 Declaration of State-controlled roads

- (1) The Minister may, by gazette notice, declare a road or route, or part of a road or route, to be a State-controlled road.

Note—

See sections 84CB and 105JAB for the revocation of a declaration made under this subsection by the making of a declaration under section 84A(1) or 105H(3).

- (2) A declaration must be consistent with criteria about the declaration of State-controlled roads in the transport infrastructure strategies.
- (3) A declaration must enable the location of the road to be identified.
- (4) The location may be identified by specifying—
- (a) the starting and ending points of the road; and
 - (b) the alignment of the road; and
 - (c) the width of the road by reference to the constructed centre line of the road pavement or surface.
- (5) Unless otherwise specified in a declaration, the width of a State-controlled road through a State reserve, State forest,

timber reserve, vacant State land or pastoral holding is 30m each side of the centre line of the trafficked route.

25 Consultation before declaration

Before making or revoking a declaration under section 24, the Minister must be satisfied each local government that would, in the Minister's opinion, be affected by the proposed declaration or revocation has been—

- (a) made aware of the proposed declaration or revocation; and
- (b) given a reasonable opportunity to make submissions to the Minister on the proposed declaration or revocation.

26 State-controlled roads on rail corridor land

- (1) This section applies if, under section 24, the Minister intends to declare a road or route, or part of a road or route, that crosses rail corridor land and continues on the other side of the rail corridor land to be a State-controlled road.
- (2) Before making the declaration, the Minister must be satisfied—
 - (a) the department has consulted with the railway manager, if any, for the rail corridor land; and
 - (b) the railway manager has been given a reasonable opportunity to make submissions to the Minister on the declaration.
- (3) If the Minister decides to declare the road or route, or part of the road or route, to be a State-controlled road, the Minister must, when making the declaration, declare in the gazette notice the part of the rail corridor land where it is crossed by the road or route to be a common area (***common area***) for the rail corridor land and the State-controlled road.
- (4) When the common area is declared—

-
- (a) the chief executive may construct, maintain and operate the State-controlled road on the common area in a way not inconsistent with its use as rail corridor land; and
 - (b) a railway manager for the rail corridor land may construct, maintain and operate a railway on the common area in a way not inconsistent with its use as State-controlled road; and
 - (c) the railway manager and its agents or employees, and the Authority and its agents or employees, do not have any liability for the State-controlled road or its use or operation on the common area.

Examples for paragraph (a)—

- a level crossing
 - a bridge or other structure over a railway
 - a bridge or other structure that allows the road to pass under the railway
- (5) Unless the chief executive and a railway manager for the rail corridor land otherwise agree—
 - (a) subject to section 251, the chief executive is responsible for maintaining the State-controlled road on the common area; and
 - (b) if the State-controlled road on the common area stops being used, the chief executive is responsible for the cost of removing road transport infrastructure from the common area and restoring the railway.
 - (6) The State is taken not to be in breach of any of its obligations in a sublease of the rail corridor land between the State and the railway manager by—
 - (a) the Minister's declarations; or
 - (b) anything done by the chief executive under chapter 6 for the common area.
 - (7) After the common area is declared—

- (a) the chief executive must promptly give a copy of the gazette notice of the declarations to the registrar of titles; and
- (b) the registrar of titles must record the declarations on the relevant lease of the rail corridor land to the State and any affected sublease in the leasehold land register.

Division 2 Motorways

27 Declaration of motorways

- (1) The Minister may, by gazette notice, declare that the whole or a part of a State-controlled road is a motorway.
- (2) A declaration must enable the location of the motorway to be identified.
- (3) Before making or revoking a declaration, the Minister must be satisfied each local government that would, in the Minister's opinion, be affected by the proposed declaration or revocation has been—
 - (a) made aware of the proposed declaration or revocation; and
 - (b) given a reasonable opportunity to make submissions to the Minister on the proposed declaration or revocation.

Division 3 Chief executive to have powers of a local government

- (7) The chief executive may, for the State, carry out, or enter into contracts for, works on or adjacent to a State-controlled road at the request of the owner of adjacent land on the basis that the owner provides consideration, whether monetary or otherwise, as agreed between the chief executive and the owner.
- (8) This section does not prevent the chief executive carrying out, or entering into contracts for the carrying out, of road works of a minor or emergency nature.

30 Obligations in carrying out of works or operation of roads by the chief executive

In carrying out works, or the operation of roads, mentioned in section 29, the chief executive must ensure that the carrying out is done on a value for money basis.

31 Contracts to encourage efficiency

- (1) In entering into contracts of the kind mentioned in section 29, the chief executive must ensure that open competition is encouraged.
- (2) Subsection (1) does not apply to a contract with a person if the person is the sole invitee and enters into a price performance contract with the chief executive.

32 Cost sharing arrangements

The chief executive may arrange with another person (including a local government and a State government body) for the sharing by the chief executive with the other person of the cost of—

- (a) acquisition of land for transport infrastructure; or

-
- (b) road works on a State-controlled road; or
 - (c) other works that contribute to the effectiveness and efficiency of the road network; or
 - (d) the operation of a State-controlled road;
- including all necessary preliminary costs associated with the acquisition, works or operation.

35 Temporary occupation and use of land

- (1) To carry out road works, accommodation works or land management activities, the chief executive, or someone authorised in writing by the chief executive, (*temporary occupier*) may temporarily occupy and use land, including roads, and do anything on the land that is necessary or convenient to be done.
- (2) Subsection (1) does not authorise the temporary occupier to extract quarry material from a watercourse in a wild river area.
- (3) However, without limiting subsection (1), the subsection does authorise the chief executive to extract and use quarry material reserved to the State and administered under the *Forestry Act 1959* from land.
- (4) In this section—

land management activity means an activity, other than accommodation works or road works, relating to road transport infrastructure or proposed road transport infrastructure.

Examples of a land management activity—

surveying flora, managing weeds or other pests, clearing vegetation, monitoring air or water quality or noise levels

36 Notice of entry or permission to enter

- (1) The person who is proposing to occupy and use land under section 35 (*proposed temporary occupier*) must—
 - (a) give at least 7 days written notice to the owner or occupier of the land and the following persons—
 - (i) if the land is land from which quarry material mentioned in section 35(3) is to be extracted—to the chief executive of the department in which the *Forestry Act 1959* is administered;
 - (ii) if the land is administered under the *Land Act 1994*—to the chief executive of the department in which that Act is administered; or

- (2) The notice must state—
 - (a) the road works, accommodation works or land management activities to be carried out; and
 - (b) the use proposed to be made of the land; and
 - (c) details of the things proposed to be done on the land; and
 - (d) an approximate period when the occupation or use is expected to continue; and
 - (e) if accommodation works or land management activities are proposed to be carried out on the land—the owner or occupier may, within 7 days after the notice is given, make submissions to the proposed temporary occupier about the accommodation works or land management activities proposed to be carried out on the land.
- (3) A notice may be given under subsection (1) in relation to land even if it is proposed to resume the land for road works.
- (4) If accommodation works or land management activities are proposed to be carried out on the land, the proposed temporary occupier must consider any submissions that are made within the 7 days after the notice is given, before

carrying out the accommodation works or land management activities.

- (5) After the end of 7 days after service of a notice under subsection (1), or with the agreement of the owner or occupier, the land may be entered and the road works, accommodation works or land management activities specified in the notice carried out.
- (6) If urgent remedial attention is required, subsection (1) does not apply but the person who is proposing to occupy or use the land must, if it is practicable, notify the owner or occupier of the land orally.
- (7) In this section—
land management activity see section 35(4).

37 Compensation for physical damage from entry etc.

- (1) An owner of land that is entered, occupied or used under section 35 may give a written notice to the chief executive claiming compensation for physical damage caused by the entry, occupation or use or for the taking or consumption of materials.
- (2) Compensation is not payable unless a claim is received by the chief executive within 1 year after occupation or use has ended.
- (3) However, the chief executive may allow a claim to be made at a later time.
- (4) Compensation awarded under this section must not be more than the compensation that would have been awarded if the land had been acquired.

38 Fencing State-controlled roads

- (1) The chief executive does not have to contribute to the fencing of the whole or a part of the boundary between land and—
 - (a) an existing State-controlled road; or

- (b) a road or land that is intended to become a State-controlled road; or
 - (c) a widening or deviation of a State-controlled road involving the acquisition of land.
- (2) However, subsection (1)(b) does not apply to an existing road if the land is substantially fenced and the presence of the road will make the fencing ineffective.
- (3) Subsection (1)(c) does not apply if the previous boundary of the road was substantially fenced.

39 Watercourses and road works

- (1) To carry out road works, the chief executive may—
- (a) divert a watercourse; or
 - (b) construct a watercourse, whether temporary or permanent.
- (2) In taking action under subsection (1), the chief executive must consider the effect that the action will have on the physical integrity and flow characteristics of the watercourse.
- (3) The chief executive may enter and occupy private land under section 35 and carry out works that the chief executive considers necessary or desirable to enable a watercourse to operate effectively and efficiently.
- (4) Subsection (1) does not authorise the chief executive, in a wild river area, to—
- (a) divert or construct a watercourse; or
 - (b) extract quarry material from a watercourse.

-
- (b) the works or changes would—

 - (ii) the construction, augmentation, alteration or maintenance of ancillary works and encroachments, or public utility plant, on a State-controlled road.

66 Road access works within State-controlled road

- (1) To remove doubt, it is declared that—
 - (a) a decision under section 62(1) does not give rise to any rights whether beneficial or otherwise in any property that is on, or part of, a State-controlled road; and
 - (b) section 62 does not limit the chief executive's powers to change, remove, construct or deal with road access works to the extent they are on, or part of, a State-controlled road.
- (2) Also, it is declared that the chief executive is not obliged to consider making or obliged to make a decision for a person under section 62(1) in relation to road access works to the

extent they are on, or part of, a State-controlled road if none of the following circumstances relevant to the decision exist—

- (d) if the notice is given to a person mentioned in subsection (1)(b)—that the person is bound by the decision because of section 70;
 - (e) the text of section 70;
 - (f) that there is no guarantee of the continuation of road access arrangements, as this depends on future traffic safety and efficiency circumstances.
- (3) Subsection (4) applies if the decision is not a decision sought by—
- (a) for a decision on a planning application mentioned in subsection (1)(a)—the applicant; or
 - (b) for any other decision—the person to whom the notice is given.
- (4) The notice must be accompanied by an information notice for the decision.
- (5) Subsections (6) to (8) apply if the decision is on a planning application mentioned in subsection (1)(a).
- (6) The notice—

 - (b) stops having effect if the approval lapses or is cancelled; and
 - (c) replaces any earlier decision made under section 62(1) in relation to the land.
- (8) If the planning application is refused, the decision under section 62(1) does not take effect.
- (9) In this section—

decision-making period means—

- (a) for a development application—the period allowed under the development assessment rules under the Planning Act for the assessment manager to decide the application, including any extension of that period under the rules; or
- (b) for a change application—the period allowed under the development assessment rules under the Planning Act for the responsible entity to decide the application, including any extension of that period under the rules.

- (3) The chief executive is not liable to pay compensation for action under this subdivision in relation to land if action is taken to acquire the land.
- (4) Also, the chief executive is not liable to pay compensation for the effect of a decision under section 62(1) made on an application by a person with an interest in the land in any of the following circumstances—

- (1) The driver of a designated vehicle entering, or on, a local government tollway is liable, at each toll plaza through which the vehicle passes, for—
 - (a) the toll payable at the toll plaza for the use of the local government tollway by the vehicle; and
 - (b) if the driver satisfies the driver's liability under paragraph (a) other than in cash or by use of the E toll system—the user administration charge for the toll.
- (2) The amount of any unpaid toll or user administration charge may be recovered by the local government tollway operator as a debt from the driver, subject to any applicable agreement made by the local government tollway operator.

- (b) the E toll system is faulty or otherwise inoperable.
- (4) The driver may satisfy the driver's liability for the toll payable at a toll plaza by—

- (2) Using the E toll system to satisfy the liability of a designated vehicle's driver for the toll payable at a toll plaza does not affect another contractual obligation owed by the driver or another person to a local government tollway operator under an applicable agreement made by the local government tollway operator.

Example for subsection (2)—

The arrangements for a person's account with a local government tollway operator may provide that the person will be billed at the end of each month for all the times the transponder issued to the person has been used at toll plazas on the local government tollway in the month.

 - (b) an administration charge.
- (2) However, the driver is not liable under subsection (1) to pay the amount of the image processing fee or administration charge if the toll is unpaid because—
 - (a) the driver's transponder or other electronic device is faulty through no fault of the driver and the driver is unaware it is faulty; or
 - (b) the E toll system is faulty or otherwise inoperable.

driver when liability for the toll included in the deferred toll amount was incurred; and

- (ii) gives the local government tollway operator all the help the registered operator can reasonably give for establishing the name and address of the person who was the driver when liability for the toll included in the deferred toll amount was incurred.
- (4) The notice may also require the registered operator to pay an administration charge stated in the notice if there are any deferred toll amounts listed in the notice for which the registered operator does not give a statutory declaration under subsection (3)(b).

 - (7) The registered operator must comply with the notice unless the registered operator has a reasonable excuse.
Maximum penalty—15 penalty units.
 - (8) Payment of an administration charge required by the notice also satisfies the liability for the administration charge that arose under section 105ZG(1)(b) in relation to each toll included in a deferred toll amount listed in the notice.
 - (9) For giving the notice, the registered operator's address for service may be taken to be a residential, postal or business address recorded for the registered operator under the registration Act applying to the designated vehicle's registration.
 - (10) Section 99AA provides for giving a single notice under section 99 and this section.

In this part—

registered interest means an interest registered in the leasehold land register, other than a mortgage.

unregistered right, in relation to land held under a lease or sublease, means a right to use the land that has not been registered or can not be registered in the leasehold land register.

239AI Effect of resumption of particular interests in land

- (1) This section applies if, under the resumption laws, the chief executive, for the State, acquires an interest in land that is less than a freehold interest (the *acquired land*) for use by a railway manager as part of a rail transport corridor.
- (2) The acquired land is free of any interest or obligation arising under the interest that was acquired.
- (3) The chief executive, for the State, may exercise all the powers of an owner in relation to the acquired land.
- (4) The chief executive must, as soon as practicable, arrange for the acquired land to become unallocated State land for the purposes of section 240.
- (5) However, the chief executive may delay the acquired land becoming unallocated State land until any proposed rail transport infrastructure is built or substantially built and the boundaries of the land are more accurately defined.
- (6) The *Acquisition of Land Act 1967*, section 12(2A), does not apply to the acquired land.
- (7) In this section—
resumption laws means—
 - (a) the *Transport Planning and Coordination Act 1994*, section 25; and
 - (b) the *Acquisition of Land Act 1967*.

240 Sublease of land to railway managers

- (1) This section applies if—
 - (a) the State acquires land (the *acquired land*) for use by a railway manager as part of a rail transport corridor; or
 - (b) the chief executive decides that non-rail corridor land (also *acquired land*) should be used by a railway manager as part of a rail transport corridor.
- (2) If the acquired land mentioned in subsection (1)(a) becomes unallocated State land—

- (a) the Minister administering the *Land Act 1994* must lease the land to the State under section 17(3) of that Act; and
 - (b) despite section 372(7)(a) of that Act, any public utility easement over the acquired land continues in the perpetual lease and the sublease mentioned in subsection (4); and
 - (c) despite section 331(2) of that Act, the chief executive may continue a stated registered interest in the acquired land in the perpetual lease and sublease on the same terms as an interest in the acquired land, with the railway manager as sublessee substituted for the owner of the acquired land as a party to the interest.
- (3) The lease is in perpetuity and, if demanded, for a rent of \$1 per year.
- (4) The State must sublease acquired land mentioned in subsection (1)(a) or (b) to the manager—
- (a) if the manager agrees to meet the full costs of the acquisition—
 - (i) for a term of not more than 100 years; and
 - (ii) for a rent, if demanded, of \$1 per year; and
 - (iii) on other terms decided by the chief executive; or
 - (b) otherwise—on terms agreed between the parties.
- (5) A sublease by the State under subsection (4)(a) may include an option to renew the sublease.
- (6) The terms of the option and the renewed sublease are to be decided by the chief executive.
- (6A) Subsections (2) to (6) are subject to section 240AA.
- (7) The *Land Act 1994*, section 336(2)(a) does not apply to a document of amendment of a sublease to a railway manager under subsection (4) or a sublease to a railway manager granted under the exercise of an option mentioned in subsection (5).

-
- (7A) If acquired land is freehold land, the chief executive must require the registrar of titles to include the freehold land in the perpetual lease by a written notice made under this section, instead of under the *Land Act 1994*, section 360A(3).
- (7B) The registrar of titles must amend the description in the following documents to include the freehold land—
- (a) the perpetual lease;
 - (b) the sublease mentioned in subsection (4).
- (7C) When the registrar of titles registers the amendment to the perpetual lease—
- (a) the freehold land—
 - (i) is surrendered absolutely; and
 - (ii) becomes part of the rail transport corridor under the perpetual lease and the sublease; and
 - (b) despite the *Land Act 1994*, section 372(5), any public utility easement over the freehold land continues in the rail transport corridor; and
 - (c) despite section 331(2) of that Act, the chief executive may continue a stated registered interest in the freehold land in the perpetual lease and sublease on the same terms as an interest in the freehold land, with the railway manager as sublessee substituted for the owner of the acquired land as a party to the interest.
- (7D) The chief executive must give to the holder of an interest in the acquired land extinguished under the *Land Act 1994*, section 331(2) a written notice stating—
- (a) that the holder's interest is extinguished; and
 - (b) the date the interest is extinguished; and
 - (c) that the holder has the right to compensation under section 240AAA.
- (8) If the manager attaches any rail transport infrastructure or any other works or structures to the acquired land, they remain the manager's property until the manager disposes of them.

(9) In this section—

acquires includes acquires by—

- (a) gift; and
- (b) surrender of a sublease previously granted to a railway manager; and
- (c) exchange; and
- (d) purchase.

full costs, of an acquisition, includes (if the acquired land consists of a lease to the State) all rent or other money payable by the State under the lease granted to the State during the term of—

- (a) the sublease of the acquired land from the State to the manager under subsection (4); and
- (b) any renewal of the sublease to the manager.

perpetual lease means the lease mentioned in subsection (3).

registered interest means—

- (a) an interest recorded in a register kept under the *Land Act 1994*, section 276; or
- (b) a registered interest under the *Land Title Act 1994*.

240AAA Compensation for registered interests not continued

- (1) A person who is given a written notice under section 240(7D) has a right to claim compensation under the *Acquisition of Land Act 1967*, section 12(5A) and (5B) and part 4 as if the interest were land taken by the State under that Act.
- (2) For applying the *Acquisition of Land Act 1967* under subsection (1)—
 - (a) the State is the constructing authority; and
 - (b) for section 24(2A) of that Act, a claimant refers a claim for compensation to the Land Court by filing in the office of the registrar of the court a copy of—

-
- (i) the claim given by the claimant to the State; and
 - (ii) the registration confirmation statement evidencing that the interest is extinguished; and
- (c) the reference in section 24(5) of that Act to the date of the gazette containing the gazette resumption notice taking the land is taken to be a reference to the date the interest was extinguished.
- (3) Other than as stated in this section, a person has no right to compensation for the inclusion of land in the perpetual lease under section 240.
- (4) In this section—
- registration confirmation statement*, for land, means a document issued by the registrar under the *Land Title Act 1994* showing all registered interests under that Act in the land.

240AA Interests in commercial corridor land continue after acquisition

- (1) This section applies if—
- (a) the acquired land mentioned in section 240(1)(a) is commercial corridor land; and
 - (b) the land—
 - (i) becomes unallocated State land; and
 - (ii) is subleased to a railway manager under section 240(4).
- (2) All interests in the acquired land, other than the interest of the owner, at the time the acquired land becomes unallocated State land continue in the sublease on the same terms as an interest in the acquired land, with the railway manager as sublessee substituted for the owner of the acquired land as a party to the interest.
- (3) Subsection (2) applies despite the *Land Act 1994*, section 331(2).

[s 240A]

(4) The registrar of titles must record each registered interest continued under subsection (2) on the sublease in the leasehold land register.

(5) In this section—

owner, of acquired land, means the owner of the acquired land before it becomes unallocated State land.

registered interest means an interest registered under the *Land Title Act 1994*.

240A Registered interests in rail corridor land

(1) This section applies if—

(a) a railway manager's sublease for a section of rail corridor land—

(i) expires; or

(ii) is surrendered or terminated; and

(b) there is a registered interest in the railway manager's sublease for that section of rail corridor land.

(2) After the expiry, surrender or termination, the registered interest in the sublease continues on the same terms as a registered interest in the lease for the section of the non-rail corridor land, with the State as lessee substituted for the railway manager as a party to the registered interest.

Note—

By definition, rail corridor land becomes non-rail corridor land on expiry, surrender or termination of the sublease.

(3) Subsection (2) applies despite the *Land Act 1994*, section 372.

240B Unregistered rights in rail corridor land

(1) This section applies if—

(a) a railway manager's sublease for a section of rail corridor land—

(i) is to expire or be surrendered; or

-
- (ii) is terminated; and
 - (b) there is an unregistered right in the railway manager's sublease for that section of rail corridor land.
- (2) If the sublease is to expire or be surrendered, the railway manager must give the chief executive details of all unregistered rights in the sublease at least 3 months before the expiry or surrender of the sublease.
- (2A) Subsection (2) does not apply to a sublease that is to expire if the railway manager and the chief executive, acting on behalf of the State, agree to renew the sublease before or immediately after the expiry.
- (2B) If the sublease is terminated, the railway manager must give the chief executive details of all unregistered rights in the sublease within 3 months after the termination of the sublease.
- (3) After the expiry, surrender or termination, an unregistered right in the railway manager's sublease for that section of rail corridor land continues on the same terms as an unregistered right in the lease for the section of the non-rail corridor land, with the State as lessee substituted for the railway manager as a party to the unregistered right.
- (4) The chief executive may at any time revoke an unregistered right that is continued under subsection (3) if the chief executive considers—
- (a) the use of the right would affect the safety or operational integrity of the land as a railway or would adversely affect another transport purpose; or
 - (b) the holder of the right has not complied with any conditions imposed on the right by the railway manager or the chief executive; or
 - (c) the right is being used in a way that is contrary to the provisions of—
 - (i) the perpetual lease of the land to the State; or
 - (ii) the *Land Act 1994*.

- (5) A person whose interest is affected by the chief executive's decision under subsection (4)(a) is entitled to be paid compensation by the State for the loss for the unexpired portion of the unregistered right, but only if—
 - (a) the person had paid the railway manager for the unregistered right; or
 - (b) the person is the owner of land adjacent to the section of rail corridor land the subject of the sublease that has expired or been surrendered or terminated and, as part of the acquisition agreement or settlement of that section of the rail corridor land from the person or a previous owner of the land, the unregistered right mentioned in subsection (3) was granted.
- (6) The person is entitled to be paid, because of the revocation of the right, the reasonable compensation that is agreed between the person and the chief executive, or failing agreement, that is decided by a court.
- (7) Compensation may be claimed and ordered to be paid in a proceeding brought in a court with jurisdiction for the recovery of a debt equal to the amount of compensation claimed.
- (8) Subsection (5) does not prevent an *ex gratia* payment from being made to a person under the *Financial Accountability Act 2009*.

240C Lease of non-rail corridor land to railway manager

- (1) This section applies if the chief executive subleases a section of non-rail corridor land to a railway manager.
- (2) When the registrar of titles registers the sublease in the leasehold land register—
 - (a) the sublease is taken to be the next vested right to, or be next in priority to, the perpetual lease of the section of the land to the State; and
 - (b) the railway manager as sublessee is substituted for the State as a party to any lesser registered interest.

-
- (3) Also, when the registrar of titles registers the sublease in the leasehold land register—
 - (a) the State's rights and obligations in an unregistered right in the section of the land are taken to be vested in the railway manager as sublessee; and
 - (b) the railway manager is substituted for the State as a party to the unregistered right.
 - (4) Subsection (2) applies despite the *Property Law Act 1974*, section 115 and the *Land Act 1994*, section 298.

240D Lease of non-rail corridor land to local government or government entity

- (1) This section applies if the chief executive subleases a section of non-rail corridor land to a local government or government entity that is not a railway manager.
- (2) When the registrar of titles registers the sublease in the leasehold land register—
 - (a) the sublease is taken to be the next vested right to, or be next in priority to, the perpetual lease of the section of the land to the State; and
 - (b) the local government or government entity as sublessee is substituted for the State as a party to any lesser registered interest.
- (3) However, subsection (2) does not apply to a registered interest that was registered before the sublease is registered if, when the sublease is registered, a provision in the sublease states that subsection (2) does not apply to the registered interest.
- (4) Also, when the registrar of titles registers the sublease in the leasehold land register—
 - (a) the State's rights and obligations in an unregistered right in the section of the land are taken to be vested in the local government or government entity as sublessee; and
 - (b) the local government or government entity is substituted for the State as a party to the unregistered right.

- (5) Subsections (2) and (3) apply despite the *Property Law Act 1974*, section 115 and the *Land Act 1994*, section 298.

240E Access arrangements across proposed railway

- (1) This section applies if—
- (a) the chief executive enters into an agreement with a person about land (*relevant land*)—
 - (i) that the State proposes to acquire as mentioned in section 240(1)(a); or
 - (ii) that is non-rail corridor land mentioned in section 240(1)(b); and
 - (b) the relevant land is, or is proposed to be, future railway land; and
 - (c) the person is the railway manager for a proposed railway to be constructed on the relevant land; and
 - (d) the owner of land adjacent to the relevant land (the *land-owner*)—
 - (i) owns the relevant land; or
 - (ii) has a right of access over the relevant land; and
 - (e) the land-owner requires access across the proposed railway.
- (2) The land-owner may ask the railway manager for a right of access across the proposed railway.
- (3) The railway manager must—
- (a) negotiate with the land-owner about a right of access across the proposed railway; and
 - (b) have regard to the relevant matters for the proposed railway; and
 - (c) either—
 - (i) provide a right of access across the proposed railway; or

- (ii) refuse to provide a right of access across the proposed railway.
- (4) Subsection (5) applies if—
- (a) the railway manager and the land-owner do not agree on a right of access across the proposed railway, including about any conditions to which the right of access is subject; or
 - (b) the railway manager refuses to provide a right of access across the proposed railway.
- (5) The railway manager or the land-owner may ask the chief executive to decide whether a right of access across the proposed railway should be granted.
- (6) In deciding whether or not to grant a right of access across the proposed railway, the chief executive—
- (a) must have regard to the relevant matters for the proposed railway; and
 - (b) must consult with the railway manager about what, if any, conditions should be imposed on the right of access; and
 - (c) may ask the railway manager or the land-owner for any other information the chief executive needs to make a decision.
- (7) The railway manager or the land-owner must give the chief executive the information the chief executive asks for.
- (8) The chief executive must decide—
- (a) to grant a right of access across the proposed railway; or
 - (b) not to grant a right of access across the proposed railway; or
 - (c) not to grant a right of access across the proposed railway and refer the matter of a right of access back to the railway manager for further negotiation with the land-owner.

- (9) If the chief executive decides to grant a right of access under subsection (8)(a), or not to grant a right of access under subsection (8)(b), the chief executive must notify, in writing, the railway manager and the land-owner about the decision.
- (10) The railway manager must meet the full cost of any works required for the purpose of a right of access granted by the chief executive across the proposed railway.
- (11) A right of access across a proposed railway given or granted under this section may be given or granted with or without conditions.
- (12) Without limiting the conditions the chief executive may impose on a right of access across a proposed railway, the chief executive may impose a condition that the right of access may be used only for a stated approved use.
- (13) In this section—
railway manager includes a proposed railway manager.
relevant matters, for a proposed railway, means—
 - (a) the safety and operational integrity of the proposed railway; and
 - (b) the need to limit the number of level crossings across the proposed railway; and
 - (c) the cost of providing a right of access across the proposed railway.

240F Cancellation of right of access

- (1) This section applies if relevant land under section 240E becomes rail corridor land.
- (2) Subject to subsection (3), a right of access granted by the chief executive under section 240E(8)(a) remains in force—
 - (a) while the relevant land is rail corridor land; or
 - (b) if the relevant land becomes non-rail corridor land—while the relevant land is non-rail corridor land.

-
- (3) A right of access granted by the chief executive under section 240E(8)(a) may be cancelled—
- (a) by written agreement between the relevant entity for the relevant land and the holder of the right of access; or
 - (b) by the chief executive if—
 - (i) the holder of the right of access does not comply with any conditions imposed by the chief executive under section 240E(8)(a) on the right of access; or
 - (ii) the chief executive considers that the use of the right of access would affect the safety or operational integrity of the railway on the relevant land or would adversely affect another transport purpose.
- (4) If the chief executive cancels a right of access under subsection (3)(b)(ii), the owner of land affected by the decision is entitled to be paid reasonable compensation for the loss of the use of the right of access—
- (a) as agreed between the owner and the relevant entity for the relevant land; or
 - (b) failing agreement under paragraph (a), as decided by the Land Court.
- (5) For subsection (4), if the right of access was granted subject to a condition that it be used only for a stated approved use, the owner is entitled to be paid compensation only for the loss of the approved use of the right of access.
- (6) Compensation may be claimed and ordered to be paid in a proceeding brought in the Land Court.
- (7) In this section—
- relevant entity*** means—
- (a) for relevant land that is rail corridor land—both the chief executive and the railway manager for the land; or
 - (b) for relevant land that becomes non-rail corridor land—the chief executive.

241 Railway tunnel easements

- (1) This section applies to an easement described in schedule 4, despite the terms of the easement.
- (2) The State may grant a licence in relation to the easement to a railway manager.
- (3) If the State grants a licence as mentioned in subsection (2), the railway manager may grant a sublicense to a railway operator.
- (4) No compensation is payable to the grantor of the easement because of any vesting, transfer, licence or sublicense under this section.

242 What is *future railway land*

- (1) Land becomes *future railway land* when the chief executive, by written notice to the relevant local government and in the gazette, indicates that the land is intended to be used for a railway.
- (2) Future railway land ceases to be future railway land when it is subleased to a railway manager under section 240(4).
- (3) If the chief executive decides that future railway land is no longer to be used for a railway, the chief executive must give written notice of that fact to the relevant local government and in the gazette.

243 Status of railway land

- (1) The railway manager for corridor land is, for any rail transport infrastructure on the land or proposed to be constructed on the land, subject to the same controls and exemptions under State and local laws that an agency of the State would be if it had the manager's interest in the land.
- (2) In this section—
corridor land means—
 - (a) commercial corridor land that is not leased by the railway manager on a commercial basis; or

- (b) existing rail corridor land, or new rail corridor land, that is not subleased by the railway manager on a commercial basis; or
- (c) future railway land.

railway manager, for corridor land, means the person who is an accredited rail infrastructure manager in relation to railway operations for the railway or proposed railway on or proposed to be on the corridor land.

244 Existing rail transport infrastructure on land

244A Duplicated and replacement rail infrastructure on land

- (1) This section applies if at the commencement of this section—

- (a) rail transport infrastructure has been constructed or installed on land mentioned in section 244(1)(a) or on land adjacent to that land; and
 - (b) the rail transport infrastructure augments, duplicates or replaces rail transport infrastructure to which section 244 applied.
- (2) After the commencement of this section—
- (a) the rail transport infrastructure may stay on the land; and
 - (b) the railway manager may—
 - (i) alter the rail transport infrastructure; and
 - (ii) manage the railway using the rail transport infrastructure, whether or not altered; and
 - (iii) operate, or authorise a railway operator to operate, rolling stock on the railway.
- (3) A person has no interest in, or right to, the rail transport infrastructure (whether or not altered) on land only because the person has an interest in the land.

245 Existing buildings on land

- (1) If, immediately before the commencement, a building of the previous rail corporation was lawfully on land—
- (a) it may stay on the land; and
 - (b) its construction is not subject to any approval that did not affect it immediately before the commencement.
- (2) If, immediately before the commencement, the previous rail corporation's activities were lawfully being carried out on the land, they may still be carried out on the land despite any change to the zoning of the land.
- (3) In this section—
- building* includes a structure or works.

247 Chief executive taken to be owner of rail corridor land and non-rail corridor land for particular circumstances under Planning Act

- (1) This section applies if—
- (a) the planning Minister or a local government proposes to make, amend, extend the duration of or repeal a designation of premises under the Planning Act, chapter 2, part 5 and the premises is, or includes, rail corridor land or non-rail corridor land; or
 - (b) an application made under the Planning Act—

Part 8 General

248 Rail government entity not common carrier

A rail government entity is not a common carrier.

Note—

See also section 561 in relation to QR Limited and subsidiaries of QR Limited.

249 Railways on particular roads

- (1) This section applies if—
 - (a) a railway manager—
 - (i) holds a sublease of rail corridor land; or
 - (ii) has access to future railway land; and
 - (b) the route of the rail corridor land or future railway land—
 - (i) is interrupted by a relevant road; and
 - (ii) continues on the other side of the relevant road.
- (2) The Minister may, by gazette notice, declare the part of the relevant road where it interrupts the route to be a common area (***common area***) for the relevant road and the route of the rail corridor land or future railway land.
- (3) If the Minister declares a common area—
 - (a) the railway manager for the rail corridor land or future railway land may construct, maintain and operate a railway on the common area in a way not inconsistent with its use as a relevant road; and
 - (b) the relevant person for the relevant road may construct, maintain and operate the relevant road on the common area in a way not inconsistent with its use as a railway; and
 - (c) the relevant person for the relevant road and the relevant person's agents or employees do not have any liability for the railway or its use or operation on the common area.

Examples for paragraph (a)—

- a level crossing
- a bridge or other structure over the road

-
- a bridge or other structure that allows the railway to pass under the road
- (4) After a common area is declared—
- (a) the chief executive must give a copy of the gazette notice to the registrar of titles—
 - (i) promptly after the gazette notice is published, if the land is rail corridor land; or
 - (ii) promptly after the land is subleased to the railway manager under section 240(4), if the land is future railway land; and
 - (b) the registrar of titles must record the declaration on the relevant lease of the rail corridor land to the State and the sublease in the leasehold land register.
- (5) If a railway on a common area stops being used, the railway manager for the railway is responsible for the cost of removing rail transport infrastructure from the common area and restoring the road, unless the relevant person and the railway manager otherwise agree.
- (6) In this section—

chief executive for chapter 6 means the chief executive of the department that deals with the administration of chapter 6.

relevant person means—

- (a) for a State-controlled road—the chief executive for chapter 6; or
- (b) for a franchised road—the franchisee; or
- (c) for State toll road corridor land—
 - (i) the chief executive for chapter 6; or
 - (ii) if the State toll road corridor land has been leased—the person to whom the land has been leased; or
- (d) for local government tollway corridor land—
 - (i) the local government; or

- (ii) if the local government tollway corridor land has been leased—the person to whom the land has been leased; or
- (e) for a local government road—the local government.

relevant road means—

- (a) a State-controlled road; or
- (b) a franchised road; or
- (c) State toll road corridor land; or
- (d) local government tollway corridor land; or
- (e) a local government road.

250 Altering road levels

- (1) In constructing or managing a railway, the railway manager for the railway may alter the level of a road or require the authority responsible for the road to alter its level.
- (2) Unless the railway manager and the authority responsible for the road agree, the railway manager must pay all reasonable expenses incurred by the authority in altering the road level.
- (3) A person whose land is directly affected by the alteration is entitled to be paid compensation by the railway manager.
- (4) The amount of compensation is—
 - (a) the amount agreed between the parties; or
 - (b) if the parties can not agree within a reasonable time—the amount decided by a court with jurisdiction for the recovery of the amount of compensation claimed.
- (5) However, the amount of compensation can not be more than the amount that would have been awarded if the land had been acquired.

251 Maintaining roads crossing railways

- (1) A railway manager for a railway must maintain—
 - (a) the part of the railway on a road; and
 - (b) the surface of a road, in a character in keeping with the road—
 - (i) between the rails; and
 - (ii) outside the outermost rails to a distance of 0.6m.
- (2) If a railway is built by way of a bridge or other structure over or under a road, the authority that maintained the road before the railway was built must continue to maintain the road under or over the bridge or structure.

252 No presumption of dedication of roads

If the public uses railway land as a road or otherwise for access purposes, the land is not taken to have been dedicated for use as a road even though the use is authorised or allowed by the railway manager.

253 Extending roads through or over rail corridor land or non-rail corridor land

- (1) The chief executive may allow a local government to construct, maintain and operate a road on rail corridor land or non-rail corridor land by way of—
 - (a) a bridge or other structure over relevant infrastructure on the land; or
 - (b) a bridge or other structure that allows the road to pass under relevant infrastructure on the land; or
 - (c) a crossing at the same level as relevant infrastructure on the land.

Example for paragraph (c)—

a level crossing

- (1A) Without limiting subsection (1), a permission may be granted under the subsection in relation to relevant infrastructure that is proposed to be on the land—
- (a) under a transport infrastructure strategy; or
 - (b) for non-rail corridor land that is subleased, under the relevant sublease.
- (2) The permission may be subject to conditions.
- (2A) Without limiting subsection (2), a condition of a permission for rail corridor land may provide for the future expansion of the railway on the land.
- Example—*
- A condition may provide that the length of a bridge over a railway be long enough to allow for an additional track to be laid in the future.
- (3) Before deciding a request for the permission, the chief executive must consult with the relevant person for the land.
- (3A) After the permission is granted—
- (a) the chief executive must immediately give a copy of the permission to the registrar of titles; and

- (1) A railway manager need not contribute to the fencing of any part of the boundary of land that is—
 - (a) a future railway; or
 - (b) acquired for a widening or deviation of a railway.
- (2) Subsection (1) does not apply if—
 - (a) the land acquired was substantially fenced; and
 - (b) the railway's presence may make the fencing ineffective.

260 Works for existing railways

- (1) This section applies—
 - (a) while a railway existing at the commencement (the *existing railway*) continues to be operated as a railway; and
 - (b) to the owners and occupiers of land next to the existing railway (the *neighbouring land*).
- (2) The relevant railway manager must, within a reasonable time, construct and maintain—

 - (i) separate the existing railway from the neighbouring land; and
 - (ii) protect the stock straying from the neighbouring land onto the railway; and
 - (c) sufficient works to ensure the neighbouring land's drainage is as good, or nearly as good, as it was before the existing railway was constructed.
- (3) The relevant railway manager may satisfy its obligation under subsection (2)(b) by constructing and maintaining a fence of substantially similar quality to any fence around the neighbouring land when the railway was constructed.
- (4) This section does not require the relevant railway manager to—
- (a) construct or maintain works in a way that would prevent or obstruct the use of the existing railway; or
 - (b) construct or maintain works for owners or occupiers who agreed to receive, and have been paid, compensation in place of the works; or
 - (c) construct or maintain works for a change of use of the neighbouring land by its owner or occupier.
- (5) The Land Court must decide any dispute about the adequacy of works or maintenance under this section.
- (6) If the owner or occupier of neighbouring land considers that works carried out under this section are insufficient for the convenient use of the land, the owner or occupier may, with the relevant railway manager's agreement, carry out further works at the owner's or occupier's expense.
- (7) The relevant railway manager may, by written notice given to the owner or occupier, require the further works to be carried out—

- (10) The crossing must be made directly, and in a way that is safe and does not damage or obstruct the railway.
- (11) However, subsection (9) does not apply to an owner or occupier who agreed to receive, and has been paid, compensation in place of the works.
- (12) A person must shut and lock a gate set up under this section at either side of an existing railway as soon as the person, and any vehicles or livestock in the person's care, have passed through the gate.

Maximum penalty for subsection (12)—10 penalty units.

- (13) In this section—

change of use, of the neighbouring land, means a change of the use (the *new use*) of the land, if the new use would result in works that would have been required to be carried out under this section in relation to the previous use of the land being insufficient for the convenient new use of the land.

relevant railway manager means the railway manager for the existing railway.

262 Application of Land Act 1994

- (1) The following sections of the *Land Act 1994* do not apply to a lease of existing rail corridor land, new rail corridor land or

Examples of relevant matter—

- 1 a train transporting livestock
- 2 train service entitlements for services other than passenger services

266 Priority for regularly scheduled passenger services in allocating train paths

- (1) The chief executive may establish a process that regularly allows the chief executive to identify passenger service requirements.

- (2) For the process established under subsection (1), the chief executive may, by written notice to a railway manager, require the railway manager to give to the chief executive information about—
 - (a) the total number of train paths that is possible for a specific section of railway track having regard to the railway manager’s maintenance requirements; and
 - (b) the existing train paths that are the subject of agreements with railway operators for access to that specific section of railway track; and
 - (c) the usage of the existing train paths on that specific section of railway track; and
 - (d) any other matter, if the information is reasonably required by the chief executive for identifying passenger service requirements.
- (3) After identifying passenger service requirements, the chief executive may give written notice to each accredited person about the passenger service requirements relevant to the railway manager’s railway.
- (4) Subject to subsection (5E), a railway manager given a notice under subsection (3) must, whenever a train path is available for the railway manager to allocate, provide for priority to be given to the passenger service requirements as stated in the notice.
- (5) In complying with subsection (4), a railway manager must not distinguish between different types of regularly scheduled passenger services.
- (5A) If a railway manager becomes aware that a train path used for regularly scheduled passenger services on a specific section of railway track is, or will become, available for allocation, the railway manager must, during the period or at the time mentioned in subsection (5B), give written notice of the availability to the chief executive.
- (5B) A notice under subsection (5A) must be given—

- (a) if the train path will become available because of the impending expiry of an agreement for access to the specific section of railway track by an existing regularly scheduled passenger service—at least 6 months before the agreement expires; or
 - (b) otherwise—as soon as practicable after the railway manager becomes aware of the availability.
- (5C) On receiving a notice under subsection (5A), the chief executive may, within the period mentioned in subsection (5D), give a written notice to the railway manager requiring that the train path be allocated to a stated passenger service with effect from—
 - (a) if the train path is not available when the notice is given by the chief executive—the day the train path becomes available; or
 - (b) otherwise—as soon as practicable after the notice is given by the chief executive.
- (5D) A notice given by the chief executive under subsection (5C) must be given—
 - (a) if the notice is given in response to a notice given by the railway manager under subsection (5B)(a)—within 3 months after receiving the notice given by the railway manager; or
 - (b) if the notice is given in response to a notice given by the railway manager under subsection (5B)(b)—within a reasonable time after receiving the notice given by the railway manager.
- (5E) A railway manager given a notice under subsection (5C) must allocate the train path to the passenger service stated in the notice with effect from the day or time mentioned in the subsection.
- (6) In charging for access to regularly scheduled passenger services (an *access charge*), a railway manager must not—

- (a) differentiate between similar regularly scheduled passenger services operating or proposed to operate over the same route at different times of the day; or
 - (b) set an access charge for a train path that is greater than the access charge set for similar train paths.
- (6A) This section does not apply in relation to a preserved train path under section 266A.

(7) In this section—

available, in relation to the allocation of a train path, includes—

- (a) a new train path available for allocation because of rearrangements of train operations or new or upgraded infrastructure; and
- (b) reallocating an existing train path.

266A Allocation of preserved train paths

- (1) This section applies to a train path (a *preserved train path*) that is, on the commencement of this section, allocated for the provision of—
 - (a) a regularly scheduled passenger service; or
 - (b) a service involving the transportation of a type of freight other than coal.
- (2) If a preserved train path becomes available for a railway manager to allocate, the railway manager must not allocate the

train path to a person for the provision of a different type of service unless—

- (a) the railway manager gives written notice to the chief executive, at least 2 months before the day the proposed allocation takes effect, stating details of the proposed allocation; and
 - (b) the chief executive gives written notice to the railway manager stating the chief executive consents to the proposed allocation.
- (3) Despite subsection (1), this section ceases to apply to a preserved train path if—
- (a) the chief executive gives written notice to the railway manager stating the train path is no longer subject to the requirements under this section; or
 - (b) the preserved train path is allocated by the railway manager under subsection (2).
- (4) The chief executive may give the railway manager a written notice requiring the railway manager to give the chief executive information reasonably required to determine the railway manager's compliance with subsection (2).
- (5) The railway manager must comply with the requirement within the reasonable period stated in the notice.
- (6) This section does not prevent the railway manager allowing a preserved train path to be used for a different type of service when it is not being used for the service for which it is allocated.

266B Civil penalty for breach of train path obligation

- (1) A railway manager is liable to pay the State a civil penalty if the railway manager breaches, without a reasonable excuse, any of the following obligations (the *train path obligations*)—

Note—

For the amount of the penalty that may be imposed by the Supreme Court, see section 266G.

266C Giving of notice proposing imposition of penalty

- (1) This section applies if the chief executive—
 - (a) suspects a railway manager has breached a train path obligation; and
 - (b) proposes to impose a penalty on the railway manager under a penalty notice.
- (2) The chief executive may give the railway manager a written notice (a *proposed penalty notice*) proposing to impose a penalty on the railway manager on the grounds of the breach.
- (3) The proposed penalty notice must state each of the following—
 - (a) the chief executive proposes to impose a penalty on the railway manager;

- (e) the way in which the submission may be made.

266D Submission against proposed imposition of penalty

- (1) The railway manager may make a submission against the imposition of the penalty in the way stated in the proposed penalty notice.
- (2) The submission must—
 - (a) be made to the chief executive no later than 28 days after the railway manager is given the proposed penalty notice; and
 - (b) state fully the grounds for the submission and the facts relied upon.
- (3) The chief executive may, by written notice given to the railway manager, state a longer period allowed for making the submission.

266E Giving of penalty notice

 - (a) the period under section 266D for making a submission against the imposition of the penalty has expired; and
 - (b) the chief executive has considered any submission made under section 266D; and
 - (c) the chief executive is satisfied the railway manager has breached the train path obligation mentioned in the proposed penalty notice without a reasonable excuse.
- (2) The chief executive may decide to impose a penalty on the railway manager on the grounds of the breach.

- (6) The State may recover the penalty from the railway manager as a debt.

266F Appeal against imposition of penalty by penalty notice

- (1) A railway manager who is given a penalty notice may appeal to the Supreme Court against the chief executive's decision to impose the penalty.
- (2) The *Transport Planning and Coordination Act 1994*, part 5, division 3 applies to an appeal mentioned in subsection (1) as if—
 - (a) references in the division to a reviewed decision were references to the chief executive's decision; and
 - (b) references in the division to an appeal court or the appeal court were references to the Supreme Court.

266G Proceeding for civil penalty order

- (1) This section applies if, on the application of the chief executive, the Supreme Court is satisfied a railway manager has breached a train path obligation without a reasonable excuse.
- (2) However, the chief executive may not make an application under this section if a penalty notice has been given to the railway manager for the breach and has not been revoked.
- (3) To remove any doubt, it is declared that the chief executive may make an application under this section without first giving the railway manager a proposed penalty notice.
- (4) The Supreme Court may order the railway manager to pay the State as a civil penalty an amount of no more than—
 - (a) for breach of section 265(1), 266(4) or 266(5A)—\$50,000; or
 - (b) for breach of section 266(5E) or 266A(2)—\$250,000.

 - (i) the benefit that the railway manager has obtained, or is likely to obtain, from the allocation of the train path; and

 - (c) whether the railway manager has previously engaged in any similar conduct.
- (6) If the Supreme Court orders payment of an amount under this section, the State may enforce the order as a judgment of the court for a debt of that amount.

266H Conduct by directors, servants or agents of railway manager for provisions about civil penalty

- (1) This section applies for deciding whether a railway manager has failed to comply with a train path obligation without a reasonable excuse.
- (2) If it is necessary to be satisfied of a railway manager's state of mind, it is enough to be satisfied that a director, servant or agent (a *representative*) of the railway manager, acting within the scope of the representative's actual or apparent authority, had the state of mind.

-
- (a) either of the following applies—
- (i) the busway land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the busway land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the busway land by travelling only over road; and
- (b) the practical effect of the interference is substantially greater in nature and extent than the practical effect of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
- (c) the practical effect of the interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.
- (3) The amount of the compensation is the amount by which the market value of the interest may fairly be said to have been reduced because of the interference now affecting the relevant land.
- (4) However, the compensation must not be more than the compensation that would have been awarded if the interest had been acquired.

333 Compensation of person in actual occupation for interference with enjoyment of land

- (1) A person is entitled to compensation if—
- (a) the person is in actual occupation of land (the *relevant land*) when the establishment of busway transport infrastructure on busway land (the *infrastructure*) is happening or when it is completed; and

- (b) the establishment of the infrastructure is a cause of interference with access (the *access interference*) for the relevant land; and
 - (c) the access interference is a cause of interference (the *enjoyment interference*) with the person's enjoyment of the relevant land.
- (2) Subsection (1) applies only if—
- (a) either of the following applies—
 - (i) the busway land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the busway land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the busway land by travelling only over road; and
 - (b) the practical effect of the access interference is substantially greater in nature and extent than the practical effects of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.
- (3) The amount of compensation is an amount fairly representing, in the particular circumstances—
- (a) if the person is in occupation of the relevant land at any time during the establishment of the infrastructure—the reasonable cost to the person of the enjoyment interference during the establishment; and
 - (b) if the person is in occupation of the relevant land when the establishment of the infrastructure is

completed—the reasonable cost to the person of the enjoyment interference, starting from when the establishment of the infrastructure is completed.

- (4) In calculating the compensation, no regard is to be had to the reduction in the market value of an interest the person may have in the relevant land.

334 Chief executive may supply or contribute to new access arrangements

- (1) The chief executive may, having regard to the establishment, or proposed establishment, of busway transport infrastructure on busway land, enter into an agreement with a person who is the owner or occupier of land (the *relevant land*) for—
 - (a) the supply by the chief executive, or a contribution by the chief executive towards the supply, of works for alternative access for the relevant land; or
 - (b) the carrying out, or a contribution towards the carrying out, of other works in relation to the relevant land for the purpose of access for the land.
- (2) A person's entitlement to compensation under this division is reduced to the extent provided for in an agreement under subsection (1).

335 Obtaining compensation

- (1) A person claiming to be entitled to compensation under this division may apply in writing to the chief executive for the compensation.
- (2) The application must be made—
 - (a) within 12 months after the establishment of busway transport infrastructure on busway land giving rise to the claim for compensation; or
 - (b) within a longer time agreed by the chief executive.
- (3) If, within 60 days after the person applies under subsection (1), or a longer time agreed between the person

and the chief executive, no agreement has been reached between the person and the chief executive on the application—

- (a) the person may apply to the Land Court for the compensation; or
 - (b) the chief executive may apply to the Land Court to have the compensation decided by the court.
- (4) The Land Court has jurisdiction to deal with an application made to it under subsection (3), including jurisdiction to require the chief executive to pay the person compensation decided by the court.
- (5) Nothing in subsection (2)(a) stops a person from applying for compensation before the establishment of the busway transport infrastructure is completed if the claim relates to the person's occupation of land during the establishment of the infrastructure.

Part 1 Preliminary

347 Ways of achieving light rail objectives

The objectives of this Act for light rail are intended to be achieved by—

- (a) developing and putting into effect light rail transport infrastructure strategies; and
- (b) establishing a legal framework to allow the construction, maintenance, management and operation of light rail transport infrastructure in an effective and efficient way; and
- (c) providing for the safety of the following by imposing requirements directed at ensuring the safety—
 - (i) light rail, light rail land and light rail transport infrastructure;
 - (ii) persons at, on or near light rail, light rail land or light rail transport infrastructure.

Part 2 Chief executive's functions and powers

348 Functions

The chief executive has the following functions in relation to light rail, including a proposed light rail, and light rail transport infrastructure, including proposed light rail transport infrastructure—

- (a) investigating, planning, establishing, constructing, maintaining, managing or operating, or arranging for

- someone else to investigate, plan, establish, construct, maintain, manage or operate;
- (b) providing or arranging for associated services or works necessary or convenient for effective and efficient establishment, construction, maintenance, management and operation;
- (c) efficiently integrating with any transport infrastructure, including busway transport infrastructure;
- (d) investigating, planning or carrying out accommodation works that are necessary or convenient to be done as a result of light rail transport infrastructure or light rail transport infrastructure works;
- (e) doing other things that directly or indirectly—
 - (i) are likely to enhance the provision of light rail transport infrastructure and passenger services on light rail; or
 - (ii) are incidental or complementary to the performance of another function.

349 Authority to enter or temporarily occupy or use land

- (1) For the performance of a function under this chapter, the chief executive, or someone authorised in writing by the chief executive, may—
 - (a) do 1 or more of the following in relation to land—
 - (i) enter the land, whether or not for temporarily occupying or using the land;
 - (ii) temporarily occupy the land;
 - (iii) temporarily use the land; and
 - (b) do anything on the land necessary or convenient for the function, including, for example, for light rail transport infrastructure works.
- (2) However, the chief executive must not authorise a person to enter land under this section if the entry is a type of entry able

to be authorised under an investigator's authority under chapter 11.

350 When land may be entered, occupied or used

- (1) This section applies if a person proposes to enter, occupy or use land under this part.
- (2) The person may enter, occupy or use the land without the permission of, or notice to, the owner or occupier of the land to perform urgent remedial work to facilitate or maintain the operation of light rail transport infrastructure.
- (3) However, the person must, if practicable, notify the occupier orally or in writing before entering the land.
- (4) If the entry, occupation or use is other than for the performance of urgent remedial work, the person may enter, occupy or use the land if the person—
 - (a) obtains the written permission of—
 - (i) each person who is an owner of the land; and
 - (ii) each person who is an occupier of the land; or
 - (b) gives at least 7 days written notice to the occupier before the entry, occupation or use.

 - (a) all works proposed to be performed; and
 - (b) all uses proposed to be made of the land; and
 - (c) details of anything else proposed to be done on the land; and
 - (d) the approximate period when occupation or use is expected to continue; and
 - (e) that an owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use; and
 - (f) if accommodation works are proposed to be carried out on the land—the owner or occupier may, within 7 days

after the notice is given, make submissions to the person about the accommodation works proposed to be carried out on the land.

- (6) A notice may be given under this section even though it is proposed to resume the land for light rail transport infrastructure.
- (7) If accommodation works are proposed to be carried out on the land, the person must consider any submissions that are made within 7 days after the notice is given, before carrying out the accommodation works.
- (8) Power to enter, occupy or use land under this part does not authorise entry, occupation or use of a structure on the land used solely for residential purposes without the permission of the occupier of the land.

351 Compensation

- (1) This section applies if land is entered, occupied or used under this part.
- (2) An owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use, including by the taking or consumption of materials.

 - (a) after the loss or damage happens, but within 1 year after the entry, occupation or use ends; or
 - (b) at a later time allowed by the chief executive.
- (4) In the absence of agreement between the owner or occupier and the chief executive about the payment of compensation, payment of compensation may be claimed and ordered in a proceeding brought in the Land Court.
- (5) The Land Court may order compensation to be paid only if it is satisfied it is just to make the order in the circumstances of the particular case.

- (6) Compensation paid under this section for loss or damage caused to land must not be more than the compensation that would have been awarded if the land had been acquired.

- (a) means a road under the *Land Act 1994*; and
- (b) includes a State-controlled road or local government road.

353 Declaration of land as light rail land

- (1) The Minister may, by gazette notice, declare land to be light rail land.
- (2) Land declared to be light rail land—
 - (a) must be—
 - (i) identified specifically in the gazette notice; or
 - (ii) identified generally in the gazette notice, and identified specifically in documents described in the gazette notice and available for perusal at an office of the department mentioned in the gazette notice; and
 - (b) must consist only of land for a light rail and light rail transport infrastructure, which may be land on which transport infrastructure other than light rail transport infrastructure is situated or operated.
- (3) The identification of land declared to be light rail land may, but need not, be by reference to strata occupied by the land.
- (4) Land may be declared to be light rail land only if it is—

- (a) unallocated State land and other land held by the State; or
 - (b) land granted in trust under the *Land Act 1994*, chapter 3, part 1, division 3; or
 - (c) busway land, but only if it is the subject of a lease to the State under the *Land Act 1994*, section 17; or
 - (d) a road.
- (5) In this section—
light rail purposes includes light rail transport infrastructure.

354 Effect on land of light rail declaration

- (1) If a road or a part of a road is declared under this part to be light rail land, the road or part—
 - (a) stops being a road; and
 - (b) becomes unallocated State land.
- (2) If a lot or a part of a lot under the *Land Title Act 1994* is declared under this part to be light rail land, the lot or part becomes unallocated State land.
- (3) If busway land is declared under this part to be light rail land—
 - (a) any lease of the land under the *Land Act 1994*, section 17 provided for under chapter 9 ends; and
 - (b) the land stops being busway land and becomes unallocated State land.
- (4) If land, other than land mentioned in subsection (1), (2) or (3) or unallocated State land, is declared under this part to be light rail land, the land becomes unallocated State land.
- (5) The Minister administering the *Land Act 1994*—
 - (a) is taken to have leased the light rail land to the State under the *Land Act 1994*, section 17(3) when the declaration is made; and

-
- (b) must lodge a document evidencing the lease in the leasehold land register.
 - (6) The lease is in perpetuity and, if demanded, for a rent of \$1 a year.
 - (7) The *Land Act 1994*, sections 157, 183, 204, 211 and 336(2)(a) and (c) do not apply to a lease or sublease of light rail land.

355 Sublease of lease of light rail land

- (1) The State may sublease its lease of light rail land to a light rail manager for a light rail established or proposed to be established on the light rail land on terms negotiated and agreed between the parties.
- (2) For the *Land Act 1994*, section 332(1)(b), the light rail manager is eligible to hold a sublease of the lease.
- (3) The first sublease under subsection (1) (the *original sublease*) may include an option to renew the sublease, and any subsequent sublease may in turn include an option to renew.
- (4) The terms of any option and any subsequent sublease are to be those negotiated and agreed between the parties.
- (5) The *Land Act 1994*, section 336(2)(a) does not apply to a document of amendment of the original sublease or any subsequent sublease.
- (6) If the light rail manager attaches light rail transport infrastructure to the land the subject of the original sublease or a subsequent sublease, the infrastructure immediately becomes the property of the chief executive unless the parties to the sublease agree it is to become the property of the chief executive at a later time.
- (7) Despite any agreement under subsection (6), the infrastructure, if it has not already become the property of the chief executive, becomes the property of the chief executive—
 - (a) if there is no subsequent sublease—at the end of the original sublease; or

- (b) if there is only 1 subsequent sublease—at the end of the subsequent sublease; or
 - (c) if there are 2 or more subsequent subleases—at the end of the last of the subsequent subleases.
- (8) Neither the original sublease nor any subsequent sublease stops being a sublease only because—
 - (a) under part 4, land the subject of the sublease is taken to be a State-controlled road or a road under the control of a local government; or
 - (b) persons are expressly or impliedly permitted by the chief executive under this chapter to be on the subleased land.
- (9) This section does not stop the granting of a lease or sublease to a light rail manager for a light rail, other than under this section, of land that is not light rail land but on which there is, or is proposed to be, light rail transport infrastructure.
- (10) Despite subsection (1) or (4), the Minister may impose any condition on a sublease, option or subsequent sublease granted under this section that the Minister considers necessary to—
 - (a) achieve the objectives of this Act mentioned in section 2; or
 - (b) ensure public safety.
- (11) A condition imposed by the Minister under subsection (10) takes effect on the day stated in a notice given, for the purposes of this subsection, by the Minister to the other party to the sublease, option or subsequent sublease.
- (12) In this section—

light rail land means light rail land that is leased to the State under the *Land Act 1994*, section 17.

355A Licence in relation to light rail land or infrastructure

- (1) The chief executive may, for the State, grant to a person a licence in relation to light rail land or light rail transport infrastructure for any of the following purposes—
 - (a) construction, maintenance or operation of any thing on the land;
 - (b) the use of the land or infrastructure for any purpose, including, for example, a commercial or retail purpose;
Examples—
 - the erection, alteration or operation of an advertising sign or other advertising device
 - a retail outlet
 - (c) maintenance, management or operation of the land or infrastructure.
- (2) A licence under subsection (1) is subject to any conditions that the chief executive considers appropriate and that are stated in the licence.
- (3) If the chief executive gives the registrar of titles written notice of a licence granted under subsection (1), the registrar must record the licence against the land in the appropriate register.
- (3A) If a licence recorded under subsection (3) is cancelled or surrendered, the registrar of titles must record the cancellation or surrender against the land in the appropriate register.
- (3AA) No fee is payable for recording a licence under subsection (3).
- (4) A licence under subsection (1) may be mortgaged, sublicensed or transferred with the consent of the chief executive.
- (5) Despite the *Land Act 1994*, chapter 4, part 4, the chief executive of the department in which that Act is administered can not issue a permit under that provision to occupy—
 - (a) light rail land to which a licence under subsection (1) relates; or

- (b) land on which light rail transport infrastructure to which a licence under subsection (1) relates is, or is proposed to be, situated.
- (6) Subsection (7) applies if there is any inconsistency between—
- (a) a local government's control of a road under the *Local Government Act 2009*, section 60, other than for a matter mentioned in section 357 or 358 of this Act; and
 - (b) a provision of a licence under subsection (1).
- (7) To the extent of the inconsistency the provision of the licence prevails.
- (8) To remove any doubt, it is declared that the *Land Act 1994* does not apply to the grant of a licence under this section.
- (9) In this section—
- light rail land*** includes private agreement land or State land—
- (a) on which light rail transport infrastructure is, or is proposed to be, situated; or
 - (b) required for the construction of light rail transport infrastructure works.
- private agreement land*** means land—
- (a) held by a person other than the State; and
 - (b) that is the subject of an agreement—
 - (i) in relation to light rail transport infrastructure between the person and the State; and
 - (ii) providing for the grant of a licence under this section.

355B Compensation for licence granted under s 355A

- (1) This section applies if the chief executive grants a licence for a purpose under section 355A (a ***relevant activity***) in relation to light rail land under that section or light rail transport infrastructure.

- (2) An owner or occupier of the land or infrastructure may claim compensation from the chief executive for loss or damage caused by a relevant activity, including by the taking or consumption of materials.
- (3) However, compensation is payable only if written notice of the claim or proposed claim is given to the chief executive—
 - (a) after the loss or damage happens, but within 1 year after the relevant activity ends; or
 - (b) at a later time allowed by the chief executive.
- (4) In the absence of agreement between the owner or occupier and the chief executive about the payment of compensation, payment of compensation may be claimed and ordered in a proceeding brought in the Land Court.
- (5) The Land Court may order compensation to be paid only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (6) Compensation paid under this section for loss or damage caused to land must not be more than the compensation that would have been awarded if the land had been acquired under the *Acquisition of Land Act 1967*.

356 Development of light rail and light rail transport infrastructure

- (1) This section applies to the establishment of a light rail, including all investigating, planning, maintaining, managing, operating, and arranging for the light rail or for light rail transport infrastructure for the light rail.
- (2) Nothing in this chapter is intended to affect the operation of the Planning Act to the extent that the establishment of the light rail is development under that Act.

- (2) However, if there is a light rail manager for a light rail established on the light rail land, the chief executive must consult with the light rail manager before deciding whether to give the permission.
- (3) The permission may be given on reasonable conditions.
- (4) In deciding whether to give the permission, the chief executive must consider the limiting effect the use of the road is likely to have on the use of the light rail land for light rail passenger services.
- (5) While the bridge or other structure is being used for the road—
 - (a) none of the following has any duty or liability for the road or its use or operation—
 - (i) the chief executive;
 - (ii) if there is a light rail manager for a light rail established on the light rail land, the manager;
 - (iii) if there is a light rail operator for a light rail established on the light rail land, the operator; and
 - (b) the road is taken to be a road of which the local government has control under the *Local Government Act 2009*, section 60; and
 - (c) the road is taken to be a road under any Act about the use of vehicles on a road.
- (6) Unless the chief executive and the local government otherwise agree—
 - (a) the local government is responsible for maintaining the road and the bridge or other structure; and
 - (b) if the bridge or other structure stops being used for the road, the local government is responsible for the cost of taking the bridge or other structure away and of restoring the light rail land.

359 Designation of light rail land for use as road under local government control

- (1) Despite section 354(1), the chief executive may, by gazette notice, designate light rail land described in the notice as light rail land that is to be used as a road under a local government's control.
- (2) The chief executive must also—
 - (a) give a copy of the notice to the local government; and
 - (b) publish a copy of the notice in a newspaper circulating generally in the area of the light rail land.
- (3) If there is a light rail manager for a light rail established on the light rail land, the chief executive must consult with the light rail manager before designating the light rail land under the notice.
- (4) The land described in the notice must be land generally suitable for both of the following—
 - (a) use as a road;
 - (b) the operation of a light rail.
- (5) The notice may include directions with which the local government must comply, including directions about the local government's exercise of powers under the *Local Government Act 2009* for roads it controls.
- (6) However, the chief executive must consult with the local government before including any directions in the notice.
- (7) While the notice is in force, the land described in the notice is taken to be—
 - (a) a road of which the local government has control under the *Local Government Act 2009*, section 60; and
 - (b) a road under any Act about the use of vehicles on a road.
- (8) However, in acting under the *Local Government Act 2009*, section 60, the local government must comply with all directions included in the notice, including the notice as amended from time to time.

360 Designation of light rail land for use as State-controlled road

- (1) Despite section 354(1), the Minister may, by gazette notice, designate light rail land described in the notice as light rail land to be used as a State-controlled road.
- (2) The Minister must also publish a copy of the notice in a newspaper circulating generally in the area of the light rail land.
- (3) If there is a light rail manager for a light rail established on the light rail land, the Minister must be satisfied the department has consulted with the manager before designating the light rail land under the notice.
- (4) The land described in the notice must be land generally suitable for both of the following—
 - (a) use as a State-controlled road;
 - (b) the operation of a light rail.
- (5) The notice may include operational arrangements applying to the use of the light rail land as a State-controlled road.
- (6) While the notice is in force, the land described in the notice is, except to the extent provided for in the notice, taken to be—
 - (a) a State-controlled road for the provisions of this Act, other than chapter 6, part 2, division 1 and part 5, division 3, and of any other Act, applying to State-controlled roads; and
 - (b) a road under any Act about the use of vehicles on a road.

360A Powers of chief executive for light rail transport infrastructure works contracts etc.

- (1) The chief executive may, for the State, carry out or enter into contracts with other persons for the carrying out of—
 - (a) light rail transport infrastructure works on a light rail or on land that is intended to become a light rail; or

- (b) works on land affected by a light rail or a proposed light rail, including, for example, road works on a road; or
 - (c) other works that contribute to the effectiveness and efficiency of the light rail network; or
 - (d) the operation of a light rail; or
 - (e) the operation of a public passenger service using light rail transport infrastructure.
- (2) The chief executive, for the State, may enter into contracts with other persons for light rail transport infrastructure works to be carried out outside the State under an agreement between the State and the other State concerned.
 - (3) A contract with a local government under this section may include arrangements about which powers of the local government are to be exercised by the chief executive, and which are to be exercised by the local government, for the light rail.
 - (4) A local government may enter into a contract mentioned in subsection (1) even though the contract relates to works or operation outside the local government's area.
 - (5) The chief executive, for the State, may carry out or enter into contracts for works on or adjacent to a light rail at the request of the owner of adjacent land on the basis that the owner provides consideration, whether monetary or otherwise, as agreed between the chief executive and the owner.
 - (6) This section does not prevent the chief executive carrying out, or entering into contracts for the carrying out, of light rail transport infrastructure works of a minor or emergency nature.
 - (7) In carrying out works or the operation of a light rail, the chief executive must ensure that the carrying out is done on a value for money basis.
 - (8) In entering into contracts under this section, the chief executive must ensure that open competition is encouraged.
 - (9) Subsection (8) does not apply to a contract with a person if the person is the sole invitee and enters into a price performance contract with the chief executive.

-
- (10) The chief executive may arrange with another person for the sharing by the chief executive with the other person of the cost of—
- (a) acquisition of land for light rail transport infrastructure; or

379 No entitlement to compensation for particular matters

- (1) A person having an interest in land (the *relevant land*) has no entitlement at law, except to the extent this division provides, to compensation for a matter listed in subsection (2), to the extent the matter is caused by—
 - (a) the establishment of a light rail; or
 - (b) the establishment or proposed establishment of light rail transport infrastructure on light rail land; or
 - (c) the operation of a light rail on light rail land.
- (2) The matters are—

- (2) Subsection (1) applies only if—

- (a) either of the following applies—
 - (i) the light rail land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the light rail land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the light rail land by travelling only over road; and
 - (b) the practical effect of the interference is substantially greater in nature and extent than the practical effect of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.
- (3) The amount of the compensation is the amount by which the market value of the interest may fairly be said to have been reduced because of the interference now affecting the relevant land.
- (4) However, the compensation must not be more than the compensation that would have been awarded if the interest had been acquired.

381 Compensation of person in actual occupation for interference with enjoyment of land

- (1) A person is entitled to compensation if—
 - (a) the person is in actual occupation of land (the *relevant land*) when the establishment of light rail transport infrastructure on light rail land (the *infrastructure*) is happening or when it is completed; and

- (2) Subsection (1) applies only if—
- (a) either of the following applies—
 - (i) the light rail land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the light rail land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the light rail land by travelling only over road; and
 - (b) the practical effect of the access interference is substantially greater in nature and extent than the practical effects of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the infrastructure.
- (3) The amount of compensation is an amount fairly representing, in the particular circumstances—
- (a) if the person is in occupation of the relevant land at any time during the establishment of the infrastructure—the reasonable cost to the person of the enjoyment interference during the establishment; and
 - (b) if the person is in occupation of the relevant land when the establishment of the infrastructure is

completed—the reasonable cost to the person of the enjoyment interference, starting from when the establishment of the infrastructure is completed.

- (4) In calculating the compensation, no regard is to be had to the reduction in the market value of an interest the person may have in the relevant land.

382 Chief executive may supply or contribute to new access arrangements

- (1) The chief executive may, having regard to the establishment, or proposed establishment, of light rail transport infrastructure on light rail land, enter into an agreement with a person who is the owner or occupier of land (the *relevant land*) for—

- (a) within 12 months after the establishment of light rail transport infrastructure on light rail land giving rise to the claim for compensation; or
 - (b) within a longer time agreed by the chief executive.
- (3) If, within 60 days after the person applies under subsection (1), or a longer time agreed between the person

and the chief executive, no agreement has been reached between the person and the chief executive on the application—

- (a) the person may apply to the Land Court for the compensation; or
 - (b) the chief executive may apply to the Land Court to have the compensation decided by the court.
- (4) The Land Court has jurisdiction to deal with an application made to it under subsection (3), including jurisdiction to require the chief executive to pay the person compensation decided by the court.
- (5) Nothing in subsection (2)(a) stops a person from applying for compensation before the establishment of the light rail transport infrastructure is completed if the claim relates to the person's occupation of land during the establishment of the infrastructure.

Chapter 15 Public marine transport infrastructure

Part 1 Public marine facilities

459 Appointment of manager of public marine facility

- (1) The Governor in Council may, by regulation, appoint a person (the *manager*) to manage a public marine facility.

Examples of persons who may be appointed—

a local government, a port authority, the chief executive or the person who is for the time being the manager of a resort

- (2) The appointment may only be made if the person consents to the appointment.
- (3) The appointment may be on conditions stated under the regulation, including the payment of a fee to the chief executive for moorings in the facility.
- (4) Under a regulation, a condition may be changed if the manager consents to the change.
- (5) However, the consent of the manager is not required to change the fee payable under a regulation to the chief executive for moorings in the facility.
- (6) Subsection (3) does not limit the power to impose, under a regulation, fees for moorings in a public marine facility, whether or not a manager has been appointed to manage the facility.

460 Manager's responsibility for maintenance and injuries etc.

- (1) The manager is responsible for maintaining the public marine facility in good condition to a standard appropriate to its use.
- (2) The facility is taken, for the purposes of all adverse civil proceedings in relation to death, injury, damage or loss, to be

solely owned, occupied and under the management, control and responsibility of the manager.

(3) However, subsection (2) does not apply to the extent any death, injury, damage or loss is attributable to a structural defect in the facility unless—

(a) the defect is attributable to the manager's failure to—

(i) properly construct, extend or alter the facility in accordance with a sanction under a provision continuing to have effect under repealed section 236; or

Note—

Section 236 (Continuation of certain provisions of Harbours Act requiring approval for certain matters) was repealed on 20 October 2003.

(ii) properly maintain the facility; or

(b) the defect or its continuation is attributable to a contravention by the manager of the conditions of the manager's appointment.

461 Management by chief executive

(1) This section applies to a public marine facility, other than a facility in, or on land adjacent to, Gold Coast waters, if, apart from this section, there is no current manager of the facility.

(2) The chief executive is taken to be the manager of the public marine facility until the chief executive or someone else is appointed as the manager under section 459.

(3) If the chief executive is the manager of a public marine facility, the chief executive—

(a) has any powers, conferred under a regulation, to limit or prohibit the use of the facility; and

(b) may exercise any other of the chief executive's powers, and do anything the chief executive considers necessary or convenient, for the facility's effective and efficient management.

- (4) This section does not limit a power the chief executive has apart from this section.

461A Management by Gold Coast Waterways Authority

- (1) This section applies to a public marine facility in, or on land adjacent to, Gold Coast waters if, apart from this section, there is no current manager of the facility.
- (2) The Gold Coast Waterways Authority is taken to be the manager of the public marine facility until a person is appointed as the manager of the facility under section 459.
- (3) If the Gold Coast Waterways Authority is the manager of a public marine facility, the authority—
- (a) has any powers, conferred under a regulation, to limit or prohibit the use of the facility; and
 - (b) may exercise any other of the authority's powers, and do anything the authority considers necessary or convenient, for the facility's effective and efficient management.
- (4) This section does not limit a power the Gold Coast Waterways Authority has apart from this section.

462 Management by local government

If a local government is the manager of a public marine facility, the local government—

- (a) has, for the facility, all the functions, powers and obligations of a local government under the *Local Government Act 2009*; and
- (b) may make local laws and do anything it considers necessary or convenient for the facility's effective and efficient management.

463 Management by port authority

- (1) If a port authority is the manager of a public marine facility, the port authority—
 - (a) has, for the facility, all the functions, powers and obligations of a port authority under chapter 8; and
 - (b) may exercise its powers, and do anything it considers necessary or convenient for the facility's effective and efficient management.
- (2) This section does not limit the functions, powers or obligations of a port authority that is a GOC.

464 Management by another person

If the manager of a public marine facility is not the chief executive, the Gold Coast Waterways Authority, a local government or a port authority, the manager's management powers include any power, conferred under a regulation, to limit or prohibit the use of the facility.

465 Exercise of manager's powers to be consistent with conditions

Anything done by a manager under sections 461 to 464 must be consistent with any conditions imposed on the manager's appointment.

466 Fees

- (1) The manager of a public marine facility may impose fees payable to the manager for the use of the facility, whether as a condition of an approval to use the facility or otherwise.
- (2) The fee may, for example, be imposed by reference to—
 - (a) ships using the facility; or
 - (b) goods or passengers loaded, unloaded or transhipped to or from ships using the facility; or
 - (c) vehicular access to the facility.

- (3) However, a fee may not be imposed for the genuine, transient private recreational use of a boat ramp, jetty, landing or pontoon.

Example of transient use—

loading fishing gear onto a ship that only takes 15 minutes

- (4) Also, if the manager is—
- (a) the chief executive or Gold Coast Waterways Authority—the amount of the fee must be prescribed under a regulation; and
 - (b) a local government—the amount of the fee must be prescribed under a local law; and
 - (c) a port authority—the amount of the fee must be fixed by a resolution of the board of the port authority.
- (5) A manager, other than the chief executive or Gold Coast Waterways Authority, who imposes a fee under this section may recover the fee as a debt owing to the manager.

Note—

For the recovery of fees payable to the chief executive see section 476.

- (6) This section does not limit the powers a manager has apart from this section.

467 When manager may resign

A manager may resign with the consent of the Governor in Council.

468 Removal of improvements added by manager

- (1) If a manager resigns under section 467 or the manager's appointment is revoked, the manager may, within the next 3 months, remove any improvements to the facility added by the manager that do not form an integral part of the facility.
- (2) Any of those improvements not removed within the 3 months then become the State's property.

- (3) This section does not apply to improvements that were funded by the State or intended to become State-owned under an agreement between the State and the manager or under the conditions of the manager's appointment.

469 Regulation prevails over action taken by a manager under this part

- (1) If there is any inconsistency between a regulation and action taken under this part by a manager, the regulation prevails to the extent of the inconsistency.

Example—

A regulation about the management of public marine facilities prevails over a local law made for the purposes of this part to the extent they are inconsistent.

- (2) Subsection (1) applies whether the action was taken before or after the regulation.

Part 2 Authorised persons for waterway management regulation

Division 1 Preliminary

470 Purpose of pt 2

- (1) This part recognises that particular waterways require a system of regulation to balance demands on the use, by water traffic, of the waterways and associated infrastructure.
- (2) The object of this part is to promote the overall effective and efficient use of waterways for transport by ensuring there are suitably qualified persons to implement, monitor and enforce compliance with a waterway management regulation.

management regulation, and gives authorised persons particular powers.

471 Meaning of *waterway management regulation*

475D Production or display of identity card

- (1) In exercising a power under this part in relation to a person, an authorised person must—
 - (a) produce the authorised person’s identity card for the person’s inspection before exercising the power; or
 - (b) have the identity card displayed so that it is clearly visible to the person when exercising the power.
- (2) However, if it is not practicable to comply with subsection (1), the authorised person must produce the identity card for the person’s inspection at the first reasonable opportunity.
