11 Regulation amended

This part amends the *Professional Engineers Regulation 2003*.

12 Replacement of ss 10–12

Sections 10 to 12—

omit, insert—

10 Notice of accessibility of ballot

The registrar must, at least 35 days before the election day, publish a notice that—

- (a) states the election day and election time; and
- (b) states the name and contact details of the voting services provider for the election; and
- (c) provides instructions on how a registered professional engineer may cast a vote.

11 Registrar to ensure ballot accessible

Immediately after publishing the notice under section 10, the registrar must ensure both of the following are accessible to each eligible engineer—

- (a) an electronic ballot form;
- (b) a paper ballot form.

12 Requirements for ballot forms

- (1) An electronic ballot form or a paper ballot form must—
 - (a) list the name of each candidate in alphabetical order; and
 - (b) be accompanied by any statements the candidates give to the registrar.
- (2) The registrar may approve changes to an electronic ballot form that are necessary to allow the form to be displayed electronically.

12A Ways of voting

- (1) An eligible engineer—
 - (a) is entitled to a single vote at an election; and
 - (b) may vote using—
 - (i) an electronic ballot form; or
 - (ii) a paper ballot form.
- (2) However, if an eligible engineer wants to vote using a paper ballot form, the engineer must ask the voting services provider for a paper ballot form at least 28 days before the election day.
- (3) To remove any doubt, it is declared that an eligible engineer who asked for a paper ballot form may vote using an electronic ballot form as long as the engineer did not use the paper ballot form to vote.

12B Printed voting material

- (1) This section applies if an eligible engineer asks the voting services provider for a paper ballot form.

- (2) The registrar must ensure the voting services provider sends the engineer the following things at least 14 days before the election day—
 - (a) a paper ballot form;
 - (b) an unsealed envelope (the *ballot envelope*);
 - (c) an unsealed envelope (the *return envelope*) addressed to the registrar.

12C How votes are cast

- (1) For voting using an electronic ballot form, an eligible engineer may vote only by following the instructions for the electronic voting system being used for the election, by the election time.
- (2) For voting using a paper ballot form, an eligible engineer may vote only by—
 - (a) marking the ballot form with a cross opposite the name of 1 candidate; and
 - (b) putting the ballot form in the ballot envelope and sealing the ballot envelope; and
 - (c) putting the ballot envelope in the return envelope and sealing the return envelope; and
 - (d) giving, posting or sending the return envelope to the voting services provider so that the provider receives the envelope by the election time.

12D Ballot box and electronic vote security

- (1) The registrar must ensure the voting services provider—
 - (a) has a ballot box for the election; and
 - (b) keeps the ballot box in a safe place; and

- (c) seals the ballot box in a way that—
 - (i) allows ballot envelopes to be put in it until the election finishes; and
 - (ii) prevents ballot envelopes from being taken from it until votes for the election are to be counted.
- (2) The registrar must ensure the voting services provider has appropriate measures to keep an electronic voting system used or intended to be used for or in connection with electronic voting secure from interference at all times.

13 Omission of s 13 (Candidate may appoint scrutineer)

Section 13—

omit.

14 Replacement of s 14 (Registrar must count votes)

Section 14—

omit, insert—

14 Counting of votes

- (1) The registrar must ensure the voting services provider does the following, at, or as soon as practicable after, the election time—
 - (a) for votes cast using an electronic ballot form—arrange for the electronic counting of the votes cast to happen;
 - (b) for votes cast using a paper ballot form—
 - (i) open each ballot envelope in the ballot box for the election; and
 - (ii) accept each formal ballot form and reject each informal ballot form; and

- (iii) count and record the number of votes for each candidate on the accepted ballot forms.
- (2) The registrar must ensure the voting services provider does the things mentioned in subsection (1) in the presence of at least 2 witnesses.
- (3) Despite subsection (1)(b)(ii), the voting services provider may accept an informal ballot form if the provider considers the voter's intention is clear.
- (4) In this section—
- formal ballot form*, for a paper ballot form, means a ballot form that is marked as required under section 12C(2)(a).
- informal ballot form*, for a paper ballot form, means a ballot form that is not marked as required under section 12C(2)(a).

14A Voting services provider to inform registrar of result

The registrar must ensure the voting services provider tells the registrar the result of the counting as soon as practicable after counting all the votes.

15 Amendment of s 15 (Candidate with the highest number of votes is elected)

Section 15(3), from 'any' to 'other'—

omit, insert—

at least 2

16 Replacement of s 17 (Ballot papers to be kept)

Section 17—

omit, insert—

17 Disposing of ballots

- (1) The registrar must ensure the voting services provider—
 - (a) keeps all electronic ballot forms in a secure electronic location for 3 months after the election day; and
 - (b) keeps the paper ballot forms that were put in the ballot box under section 12D(1) for 3 months after the election day.
- (2) During the 3 months, the registrar must ensure the voting services provider makes the tally of electronic ballot forms and paper ballot forms available for inspection by members of the public, free of charge, at its office during ordinary office hours.
- (3) At the end of the 3 months, the registrar must ensure the voting services provider destroys the electronic ballot forms and paper ballot forms.

17 Insertion of new pt 2, div 5

After section 17—

insert—

Division 5 Voting services providers

17AA Voting services provider and their systems

- (1) A *voting services provider*, for an election of a registered professional engineer for appointment as a member of the board, means an entity—
 - (a) approved by the board—
 - (i) to provide an electronic voting system or a postal voting system for the election; and
 - (ii) to count votes in the election; and

-
- (b) whose name and contact details are published on the board's website from when a notice is published under section 10.
 - (2) An electronic voting system provided by a voting services provider must—
 - (a) give an eligible engineer an opportunity to change his or her vote before casting the vote; and
 - (b) not allow a person to find out how a particular engineer cast his or her vote.
 - (3) An electronic vote counting system provided by a voting services provider must—
 - (a) if used properly, give the same result in the scrutiny of votes as would be obtained if the scrutiny were conducted without using the system; and
 - (b) not allow a person to find out how a particular engineer cast his or her vote.

18 Amendment of s 18 (Prescribed school of engineering—Act, s 82)

Section 18, from 'each'—

omit, insert—

a school of engineering (however described) at each of the following universities is a prescribed school of engineering—
