Part 2 Seizing prohibited bikes

123C Seizure of prohibited bike on road, on road-related area or in public place

- (1) This section applies if a police officer reasonably suspects that—

- (a) a vehicle is a prohibited bike; and
- (b) the vehicle is being, or has been, ridden on a road, on a road-related area or in a public place.

Example of reasonable suspicion that a vehicle reasonably suspected of being a prohibited bike has been ridden in a public place

A police officer finds a vehicle reasonably suspected of being a prohibited bike chained to a post in a public place and reasonably suspects it was unlawfully ridden to reach that location.

- (2) The police officer may seize the vehicle.

123D Particular powers for seizing prohibited bike—attended seizure

- (1) To seize a vehicle under this part if a person is riding or in possession of the vehicle, a police officer may—
 - (a) stop the vehicle if it is moving, whether or not the vehicle is on a road; or
 - (b) if the vehicle is stationary—require the person to remain at the place where it is stopped for the time reasonably necessary; or
 - (c) direct the person to give the police officer any key or code needed to move the vehicle; or
 - (d) remove any chain or lock securing the vehicle in place; or
 - (e) require the person to state the person’s name and address and the name and address of the owner of the vehicle; or
 - (f) do anything else reasonably necessary for seizing the vehicle.
- (2) After seizing a vehicle, a police officer may move

the vehicle, or arrange for the vehicle to be moved by a government agency or third party, to a holding yard or storage facility in the way the police officer considers appropriate.

- (3) This section does not limit section 60.

123E Particular powers for seizing prohibited bike—unattended seizure

- (a) remove any chain or lock securing the vehicle in place; or
 - (b) do anything else reasonably necessary for seizing the vehicle.
- (2) After seizing a vehicle, a police officer may move the vehicle, or arrange for the vehicle to be moved by a government agency or third party, to a holding yard or storage facility in the way the police officer considers appropriate.

123EA Particular powers and steps for dealing with personal property—unattended seizure

- (1) If a police officer seizes an unattended vehicle under this part the officer may remove and take possession of any item of personal property found on or with the vehicle.
- (2) The commissioner must take reasonable steps to—
- (a) identify the owner of the item; and
 - (b) facilitate the return of the item to the owner.
- (3) If the identity of the owner of the item is known, the commissioner must give the owner a notice stating that the item is in police possession and may be collected from a stated location.

- (4) If the identity of the owner of the item is unknown after reasonable steps have been taken to identify the owner, the item must be dealt with under chapter 21, part 3.

123F Steps after seizing prohibited bike

- (1) If a police officer seizes a vehicle under this part where a person was riding or in possession of the vehicle, the officer must ensure the person is given a seizure notice.
- (2) If a police officer seizes a vehicle under this part where the vehicle is unattended, the officer must publish a seizure notice on the police service website.
- (3) If a police officer seizes a vehicle under this part that the officer reasonably suspects belongs to a shared e-mobility provider, the officer must give a seizure notice to the shared e-mobility provider for the vehicle.
- (4) Subsection (3) applies regardless of whether at the time of seizure a person was in possession of the vehicle or the vehicle was unattended.
- (5) The giving or publication of a seizure notice under this section must be done as soon as practicable and no later than 7 days after the day the vehicle was seized.
- (6) A police officer need not publish a seizure notice required under subsection (2) if the officer reasonably believes the vehicle is abandoned.
- (7) In this section—
seizure notice, for a vehicle seized under this part, means a notice in the approved form stating—
 - (a) the day, time and location the vehicle was seized; and

- (b) any available identifying particulars of the vehicle; and
- (c) the identity of the rider of, or person in possession of, the vehicle (if known); and
- (e) the requirements for making a release application for the vehicle; and
- (f) that if no valid release application is made within the release application period, the vehicle will be forfeited to the State and may be destroyed or otherwise disposed of.

Part 3 Application for release of vehicle

123FA Grounds for release of seized vehicle

In relation to a vehicle seized under part 2 that is the subject of a release application under this part, each of the following is a *ground for release* of the vehicle—

- (a) the vehicle is registered and may lawfully be used in a public place;
- (b) the vehicle is otherwise not a prohibited bike;
- (c) the applicant was not responsible for, and did not authorise, the suspected riding of the vehicle on a road, on a road-related area or in a public place;
- (d) the vehicle was not ridden on a road, on a road-related area or in a public place.

123G Release application

- (1) This section applies to a seized vehicle described in a seizure notice given or published under

section 123F.

- (2) A person who claims to be an owner of the vehicle may apply to the commissioner for the release of the vehicle.
- (3) The release application must—
 - (a) be in the approved form; and
 - (b) be made within the standard release application period; and
 - (c) contain evidence to establish—
 - (i) the person is an owner of the vehicle; and
 - (ii) at least 1 ground for release is made out.

Examples of evidence to establish that a ground for release is made out—

- CCTV footage showing that a vehicle was brought to a public place in a lawful way and was not ridden in a public place
 - documentation showing a vehicle is not a prohibited bike
- (4) Despite subsection (3)(b), the commissioner may, before the end of the standard release application period, extend the period for making an application by a further period of up to 30 days if satisfied the extension is reasonable in the interests of justice.
 - (5) For subsection (3)(c)(ii), a statement or statutory declaration by the applicant about a particular matter is not of itself sufficient evidence to establish the matter.

123H Deciding application

- (1) The commissioner must, within 28 days after receiving a release application, decide to—

- (a) grant the application and release the vehicle;
or
 - (b) grant the application and retain the vehicle until the commissioner is satisfied it is no longer required for investigative or evidentiary purposes; or
 - (c) refuse the application.
- (2) The commissioner must decide to grant the application if satisfied—
- (a) the applicant is an owner of the vehicle; and
 - (b) at least 1 ground for release is made out.
- (3) If the commissioner decides to grant the application, the commissioner must give the applicant written notice of the decision (a ***release notice***) stating that the release application is granted and either—
- (a) the vehicle will be released when the commissioner is satisfied it is no longer required for investigative or evidentiary purposes; or
 - (b) the applicant may collect the vehicle from a stated place during stated hours and, if the applicant does not collect the vehicle within 30 days after the date of the release notice, the vehicle may be forfeited to the State and may be disposed of.
- (3A) If the commissioner gives a release notice under subsection (3)(a), the commissioner must, when the commissioner is satisfied the vehicle is no longer required for investigative or evidentiary purposes, give the applicant a further notice (also a ***release notice***) stating the matters mentioned in subsection (3)(b).
- (4) If the commissioner refuses the application, the commissioner must give the applicant written

notice of the decision (an *information notice*), stating—

- (a) that the release application is refused; and
- (b) the reasons for the decision, including whether the refusal is because of failure to satisfy the commissioner of the applicant's claim to ownership of the vehicle or failure to establish a ground for release of the vehicle; and

Note—

See also the *Acts Interpretation Act 1954*, section 27B for matters that must be included with the reasons.

- (c) that the applicant may apply for internal review of the decision within the review period; and
- (d) the requirements for making an application for internal review; and
- (e) that if no application for internal review is made within the review period, the vehicle will be forfeited to the State and may be destroyed or otherwise disposed of.

Part 4 Review of decisions

QCAT information notice, for an internal review

decision, means a notice complying with the QCAT Act, section 157(2).

Division 2 Internal review

123J Review process must start with internal review

An affected person for an original decision may apply to QCAT for a review of the decision only if a decision on an application for internal review of the decision has been made, or taken to have been made, under this division.

123K Who may apply for internal review

- (1) An affected person for an original decision may apply to the commissioner for a review of the decision under this division (an *internal review*).
- (2) If the affected person has not been given an information notice for the original decision, the affected person may ask the commissioner for an information notice for the decision.
- (3) A failure by the commissioner to give the affected person an information notice for the original decision does not limit or otherwise affect the person's right to apply for an internal review of the decision.

123L Requirements for application

- (1) An application for internal review of an original decision must—
 - (a) be in the approved form; and
 - (b) for a person who has been given an information notice for the decision—include

enough information to enable the reviewer to decide the application; and

- (c) be made to the commissioner within—
 - (i) for a person who has been given an information notice for the decision—28 days after the day the person is given the notice; or
 - (ii) for a person who has not been given an information notice for the decision—28 days after the day the person becomes aware of the decision.
- (2) The commissioner may extend the period within which the application for internal review may be made by a further period of no more than 28 days.

123M Internal review

- (1) The commissioner must, within 20 days after receiving an application for internal review—
 - (a) review the original decision and either—
 - (i) confirm the original decision; or
 - (ii) substitute another decision for the original decision; and
 - (b) give the affected person for the original decision a QCAT information notice for the commissioner's decision under paragraph (a).
- (2) The commissioner and the affected person may, before the period stated in subsection (1) ends, agree to a longer period for the commissioner to comply with the subsection.
- (3) The application may be dealt with only by a person who—
 - (a) did not make the original decision; and

- (b) holds a rank equivalent to or higher than the person who made the original decision.
- (4) Subsection (3) does not apply to an original decision made by the commissioner personally.
- (5) If the commissioner does not give the affected person a QCAT information notice within the period required under subsection (1) or a longer period agreed under subsection (2), the commissioner is taken to confirm the original decision.
- (6) If the commissioner decides to substitute for the original decision a decision to release the vehicle, the commissioner must give the affected person for the original decision a release notice.

Division 3 External review

123N Applying for external review

- (1) This section applies to a person who must be given a QCAT information notice for an internal review decision.
- (2) The person may apply to QCAT, as provided under the QCAT Act, for a review of the internal review decision.

123O Notice of external review application

A person who applies to QCAT for a review of an internal review decision must, within 7 days after filing the application in the QCAT registry, give the commissioner notice of the application in the approved form.

Part 5 Forfeiture and disposal of prohibited bikes
