7 Communities of interest

- (1) The external boundaries of Brisbane should be drawn in a way that has regard to communities of interest, including that Brisbane should generally—
 - (a) reflect local communities, for example, the geographical pattern of human activities (where people live, work and engage in leisure activities), and the linkages between local communities; and
 - (b) have a centre, or centres, of administration and service easily accessible to its population; and
 - (c) ensure effective elected representation for residents and ratepayers; and
 - (d) have external boundaries that—
 - (i) do not divide local neighbourhoods or adjacent rural and urban areas with common interests or interdependencies, including, for example, economic, cultural and ethnic interests or interdependencies; and
 - (ii) subject to the water catchment principle—follow the natural geographical features and non-natural features separating different communities; and
 - (iii) do not dissect properties.
- (2) The *water catchment principle* is the principle that water catchment areas should generally be included in the local government area they service.

8 Joint arrangements

- (1) Regard should be had to whether or not a joint arrangement should be established instead of, or in combination with, a change to the external boundaries of Brisbane.
- (2) A *joint arrangement* includes the following—

 - (b) a joint standing committee;

- (c) joint action by agreement;

- (b) has regard to existing and expected population growth.

10 Resource base sufficiency

The council should have a sufficient resource base—

- (a) to be able to efficiently and effectively exercise its jurisdiction and operate facilities, services and activities; and
- (b) to be flexible and responsive in the exercise of its jurisdiction and the operation of its activities, facilities and services.

Chapter 3 The business of council

Part 1 Local laws

- (1) For section 34(1) of the Act, the council's register of its local laws must contain, for each local law, the local law's name, purposes and general effect.
- (2) A person may, on payment of a fee decided by the council, request an extract or a certified copy of a local law from the register of its local laws.

- (4) The council must publish the register of its local laws on its website.

12 Anti-competitive provisions and review procedures

- (1) For the Act, schedule, definition *anti-competitive provision*, a provision is identified as creating a barrier to entry to a market or competition within a market if a local government, applying the competition policy guidelines, identifies the provision as creating one of those barriers.
- (2) For section 41(1) of the Act, the procedures prescribed are the procedures mentioned in the competition policy guidelines.
- (3) The *competition policy guidelines* is the document called 'National Competition Policy Guidelines for conducting reviews on anti-competitive provisions in local laws', version 1, made by the department.

Editor's note—

A copy of the competition policy guidelines is available on the department's website.

Part 2 Business reform, including competitive neutrality

Division 1 Introduction

14 What pt 2 is about

This part is about reforming a significant business activity of the council in accordance with the competitive neutrality principle.

Note—

See sections 47 and 48 of the Act.

15 Reforming a significant business activity

- (1) The council must identify and assess each new significant business activity for possible reform.
- (2) If the council decides to reform the significant business activity, the reform must involve—
 - (a) applying full cost pricing to the activity; or
 - (b) commercialising the activity; or
 - (c) corporatising the activity by creating a corporatised business entity to conduct the activity.

Division 2 Identifying significant business activities for reform

16 Threshold for significant business activity—Act, s 47

- (1) This section prescribes, for section 47(4)(b) of the Act, the threshold a business activity must meet to be a significant business activity for a financial year (the *current financial year*).

- (2) The threshold for the business activity is expenditure of at least \$9.7m for the business activity for the financial year ending immediately before the current financial year.
- (3) The Minister must consult with LGAQ Ltd. about a proposed amendment to the threshold.

17 Identifying significant business activity for report—Act, s 49

For section 49(b) of the Act, the council must use the financial information for the previous financial year that was presented to the council's budget meeting to identify each new significant business activity for the financial year.

Division 3 Full cost pricing

18 What div 3 is about

- (1) This division explains how the council applies full cost pricing to a significant business activity as part of the reform of the activity.
- (2) This division applies whether the reform is done by—
 - (a) full cost pricing; or
 - (b) commercialisation; or
 - (c) corporatisation.
- (3) This division expands on section 48 of the Act.

19 Full cost pricing

- (1) The council applies full cost pricing to a significant business activity by charging for goods or services at the full cost of providing the goods or services, subject to the following—
 - (a) the pricing provisions;

- (b) the removal of any competitive advantage or disadvantage, whenever possible and appropriate;
 - (c) if a competitive advantage or disadvantage can not be removed—the taking of the competitive advantage or disadvantage into account when pricing the goods or services.
- (2) For subsection (1)—
- (a) the council applies full cost pricing to a significant business activity if the total projected revenue from providing all of the activity’s goods and services is enough to cover the projected total costs of conducting the activity; and
 - (b) it is not relevant whether the projected revenue from providing a particular good or service is enough to cover the projected costs incurred in providing that particular good or service.
- (3) A **competitive advantage** is an advantage a business entity conducting a significant business activity has over a private sector business because the council owns the activity.
- (4) For example, a competitive advantage includes—
- (a) a financial advantage; and
 - (b) a procedural advantage; and
 - (c) a regulatory advantage.

Examples of a financial advantage—

A business entity conducting a significant business activity has a financial advantage if the business entity—

- is exempt from paying a local government tax a private sector business must pay; or
- is charged a different government tax from the government tax that a private sector business is charged; or
- is charged a lower rate of interest on a bank loan because the State guarantees the loan.

Examples of a procedural advantage—

A business entity conducting a significant business activity has a procedural advantage if the business entity—

- does not have to supply the same amount of information under a government approval process as a private sector business; or
- can access more information for a government approval process than a private sector business can access.

Example of a regulatory advantage—

A business entity conducting a significant business activity has a regulatory advantage if the business entity is exempt (completely or partly) from a government approval process a private sector business must follow.

- (5) A ***competitive disadvantage*** is a disadvantage a business entity conducting a significant business activity suffers over a private sector business because the council owns the activity.
- (6) For example, a competitive disadvantage includes a community service obligation.

20 Cost of community service obligations

- (1) This section applies when the council is deciding what to charge for goods or services provided in conducting a significant business activity.
- (2) The cost of carrying out community service obligations, less any revenue received from performing the obligations, must be treated as revenue for the significant business activity.

21 Community service obligations

A ***community service obligation*** is an obligation the council imposes on a business entity to do something that is not in the commercial interests of the business entity to do.

Example of a community service obligation—

giving a price concession to a particular group of customers, including pensioners, seniors and students

22 Taking account of government taxes

- (1) A commercialised business unit that is applying full cost pricing to a significant business activity must comply with the tax equivalents manual.

[s 23]

- (2) The *tax equivalents manual* is a manual, issued by the Treasurer, about how a local government must account for tax equivalents.
- (3) A *tax equivalent* is an amount that is the equivalent to the advantage gained by a local government by not paying a tax the local government would be liable to pay if it were a private sector business.
- (4) A *tax* includes any charge, duty, fee, levy or rate payable under an Act of the Commonwealth or the State, including the Act.
- (5) The tax equivalents manual may, for example, provide for—
 - (a) lodging tax returns; and
 - (b) assessing tax returns; and
 - (c) rulings, including the application of rulings about taxes imposed under a Commonwealth Act; and
 - (d) objections and appeals against assessments and rulings; and
 - (e) the appointment of tax assessors.
- (6) The Treasurer must table a copy of each amendment of the tax equivalents manual in the Legislative Assembly within 14 sitting days after the amendment is made.

Division 4 Commercialisation

23 What div 4 is about

- (1) This division is about the commercialisation of a significant business activity by the council.
- (2) This involves the council ensuring the significant business activity is conducted by a commercial business unit within the council, as required under this division.

24 Commercial business unit

- (1) As part of the commercialisation of a significant business activity, the council must—
 - (a) if the activity is being conducted by a business unit—convert the business unit to a commercial business unit; or
 - (b) if the activity is not being conducted by a business unit—create a commercial business unit and transfer the activity to the commercial business unit.
- (2) A ***commercial business unit*** is a business unit that conducts business in accordance with the key principles of commercialisation.

25 What are the ***key principles of commercialisation***

The ***key principles of commercialisation***, for a commercial business unit, are—

- (a) clarity of objectives, namely that the council—
 - (i) gives the unit clear and non-conflicting objectives; and
 - (ii) sets specific financial and non-financial performance targets for the significant business activity; and
 - (iii) keeps activities relating to council policy formulation, or that are of a regulatory nature, separate from the unit, wherever possible; and
 - (iv) clearly identifies the nature and extent of the community service obligations the unit must perform; and
 - (v) sets performance targets for the unit's community service obligations; and
 - (vi) separately costs the unit's community service obligations; and

- (vii) appropriately compensates the unit for performing the community service obligations, and discloses details of the compensation to the public; and
- (b) management autonomy and authority, namely that—
 - (i) the unit remains at arms-length to the council in day-to-day operations; and
 - (ii) the council gives the unit autonomy in day-to-day operations, subject to overarching monitoring; and
 - (iii) any directions the council gives the unit to achieve non-commercial objectives are given in an open way; and
 - (iv) the unit uses its best endeavours to ensure the unit meets its performance targets; and
- (c) accountability for performance, namely that—
 - (i) the council monitors the unit's performance against the performance targets; and
 - (ii) the unit must generally be subject to the management framework of the council; and
 - (iii) the unit complies with all laws the council must comply with; and
- (d) competitive neutrality, namely that the unit complies with the competitive neutrality principle by—
 - (i) removing any competitive advantage or competitive disadvantage, wherever possible and appropriate; and
 - (ii) promoting efficiency of the use of resources to ensure markets are not unnecessarily distorted.

26 Converting a business unit to a commercial business unit

- (1) The council must make the decision to convert a business unit to a commercial business unit by resolution.
- (2) The council converts a business unit to a commercial business unit by changing the way in which the business unit is

conducted to agree with the key principles of commercialisation.

27 Creating a commercial business unit

- (1) The council must make the decision to create a commercial business unit by resolution.
- (2) The decision may be made in the same resolution the council makes to commercialise a significant business activity.
- (3) A commercial business unit may be created to conduct more than 1 significant business activity.

Division 5 Provisions for code of competitive conduct

The competition authority must, subject to this part, investigate and report on a competitive neutrality complaint received under section 33.

35 Competition authority requiring further information

- (1) The competition authority may, by notice given to a complainant, require the complainant to give the competition authority further information about the complaint (the ***additional information***) within the reasonable period stated in the notice (the ***stated period***).
- (2) However, the competition authority may only require additional information that is necessary and reasonable to help the competition authority to decide whether or not to investigate the complaint.

- (3) The competition authority may refuse to investigate a complaint if the complainant fails, without reasonable excuse, to give the competition authority the additional information within the stated period.

36 Competition authority refusing to investigate

- (1) The competition authority may refuse to investigate a competitive neutrality complaint if the competition authority reasonably believes that—

- (4) The council is responsible for maintaining the land.
- (5) The owner of the land is not required, and can not be required, to maintain, or to contribute to the maintenance of, any part of the land.
- (6) The *owner* of the land is—
 - (a) if the land is land granted in trust under the Land Act—the trustee of the land; or
 - (b) if the land is non-freehold land under the Land Act—the lessee or licensee of the land; or
 - (c) if the land is a lot under the Land Title Act—the registered owner of the lot.
- (7) The owner of the land is not, and can not be made, civilly liable for an act done, or omission made, honestly and without negligence in relation to the land.
- (8) When deciding what rights and liabilities attach because of something that happened on the land, the land is taken to be a road under the council's control.

Note—

See the *Economic Development Act 2012*, section 51AW in relation to the non-application of this provision to land subject to particular public thoroughfare easements.

64 Boundary works

- (1) This section is about a road or other work that is to be, or has been, built—
 - (a) along the boundary between Brisbane and another local government area; and
 - (b) partly in Brisbane and the other area.
- (2) The cost of planning, constructing, maintaining and managing the road or other work is the joint responsibility of the council and the other local government.

- (3) The council must enter into the arrangements that are necessary to perform that responsibility.

Chapter 4 Rates and charges

Part 1 Preliminary

65 What is the *value* of land

The *value*, of land for a financial year, is its value under the Land Valuation Act when a liability for payment of rates or charges for the land arises for the financial year.

Part 2 Land exempt from rating

66 Land that is exempt from rating—Act, s 95

For section 95(3)(f)(i) of the Act, land owned or held by the council is exempted from rating unless the land is leased by the council to someone other than another local government.

Part 3 Value of land used for rates

67 Rateable value of land

- (1) The council must calculate the rates for land by using the rateable value of the land.
- (2) The *rateable value* of land for a financial year is the value of the land—
 - (a) for the financial year; or
 - (b) as averaged over a number of financial years.

[s 68]

- (3) The council may use the value of the land averaged over a number of financial years only if the council decides, by resolution, to do so.
- (4) The resolution must state whether the council will use, for deciding the rateable value of the land—
 - (a) the 2-year averaged value of the land; or
 - (b) the 3-year averaged value of the land.
- (5) However, if the value of the land averaged over a number of financial years is more than the value of the land for the financial year, the rates must be calculated using the value of the land for the financial year.

68 Working out the 2-year averaged value

- (1) The **2-year averaged value** of land for a financial year is the amount that equals—
 - (a) if the land had a value for the previous financial year—
 - the value of the land for the previous financial year
 - plus the value of the land for the financial year
 - divided by 2; or
 - (b) if the land did not have a value for the previous financial year—
 - the value of the land for the financial year
 - multiplied by the 2-year averaging number.
- (2) The **2-year averaging number**, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{2V}$$

where—

T is the total of the values of all rateable land in Brisbane for the financial year and the previous financial year.

V is the value of all rateable land in Brisbane for the financial year.

69 Working out the 3-year averaged value

- (1) The **3-year averaged value** of land for a financial year is the amount that equals—
 - (a) if the land had a value for the 2 previous financial years—
 - the sum of the value of the land for each of the 2 previous years
 - plus the value of the land for the financial year
 - divided by 3; or
 - (b) if the land did not have a value for the 2 previous financial years—
 - the value of the land for the financial year
 - multiplied by the 3-year averaging number.
- (2) The **3-year averaging number**, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{3V}$$

where—

T is the total of the values of all rateable land in Brisbane for the financial year and the previous 2 financial years.

V is the value of all rateable land in Brisbane for the financial year.

Part 4 Minimum general rates

70 Minimum general rates for land generally

- (1) The council may fix a minimum amount of general rates.
- (2) The council may identify parcels of rateable land to which a minimum amount of general rates applies in any way the council considers appropriate.
- (3) However, the council must not levy minimum general rates for a parcel of land if—
 - (a) the Land Valuation Act, chapter 2, part 2, division 5, subdivision 3, applies to the parcel of land; and
Editor's note—
Land Valuation Act, chapter 2, part 2, division 5, subdivision 3 (Discounting for subdivided land not yet developed (non-Land Act rental))
 - (b) the discounted valuation period for the parcel of land has not ended under that subdivision.
- (4) Generally, the same minimum amount of general rates must apply to all rateable land in Brisbane.
- (5) However, the council may fix a different minimum amount of general rates only for—
 - (a) if there are different rating categories of rateable land for Brisbane, each different rating category; or
 - (b) timeshare property; or
 - (c) any of the following—
 - (i) a mining lease granted for mining for minerals over land that is not larger than 2ha;
 - (ii) a mining lease granted for a purpose that is associated with mining for minerals over land that is not larger than 4ha; or
 - (d) land that is subject to a mining claim, subject to section 72.

- (6) For subsection (5)(a), if the council fixes a different minimum amount of general rates for different rating categories, the same minimum amount of general rates must apply to all rateable land belonging to a particular rating category.

71 Minimum general rates on timeshare property

- (1) This section applies to the council for fixing a minimum amount of general rates on—
- (a) land where there is a structure wholly or partially subject to a timeshare scheme; or
 - (b) a lot included in a community titles scheme under the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a timeshare scheme; or
 - (c) a lot within the meaning of a community titles Act other than the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a timeshare scheme.
- (2) The council may decide the minimum amount of general rates is to be worked out using the formula—

$$MA = L \times RU$$

where—

MA is the minimum amount.

L is the minimum amount of general rates that would, other than for this section, be payable for the land or lot.

RU is the number of units of the structure that are subject to the timeshare scheme and are available at any time for separate exclusive occupation.

72 Value of mining claim for fixing minimum general rates

For fixing a minimum amount of general rates for land subject to a mining claim, the value of the mining claim is—

- (a) for a mining claim over land that is 900m² or less—\$150; or
- (b) for a mining claim over land that is larger than 900m²—\$450.

Part 5 Differential general rates

Division 1 Introduction

73 Differential general rates

- (1) The council may levy general rates that differ for different categories of rateable land in Brisbane.
- (2) These rates are called *differential general rates*.
- (3) For example, the council may decide the amount of the general rates on a parcel of residential land will be more than the general rates on the same size parcel of rural land.
- (4) However, the differential general rates for a category of rateable land may be the same as the differential general rates for another category of rateable land.
- (5) If the council makes and levies a differential general rate for rateable land for a financial year, the council must not make and levy a general rate for the land for the year.
- (6) A differential general rate may be made and levied on a lot under a community titles Act as if it were a parcel of rateable land.

74 Categorisation of land for differential general rates

- (1) Before the council levies differential general rates, it must decide the different categories (each a *rating category*) of rateable land in Brisbane.
- (2) The council must, by resolution, make the decision at the council's budget meeting.

-
- (3) The resolution must state—
- (a) the rating categories of rateable land in Brisbane; and
 - (b) a description of each of the rating categories.

Example—

A resolution may state that the rating categories, and a description of each of the rating categories, are as follows—

- (a) residential land—land that is used for residential purposes in particular urban centres, rural localities, park residential estates and coastal villages;
 - (b) commercial and industrial land—land that is used solely for commerce or industry in particular urban centres and rural localities, other than land used for manufacturing sugar or another rural production industry;
 - (c) grazing and livestock land—land that is used, for commercial purposes, for grazing and livestock;
 - (d) rural land—
 - (i) land that is not in an urban centre or locality; or
 - (ii) land that is not used for grazing and livestock; or
 - (iii) land that is not sugar cane land or sugar milling land;
 - (e) other land—any other type of land.
- (4) After the rating categories and descriptions have been decided, the council must identify the rating category to which each parcel of rateable land in Brisbane belongs.
- (5) The council may do so in any way it considers appropriate.
- (6) The fact that some parcels of rateable land are inadvertently not categorised does not stop differential general rates being levied on rateable land that has been categorised.

75 Later categorisation

- (1) This section applies if—
- (a) the council discovers that land has inadvertently not been categorised; or
 - (b) land becomes rateable land; or

- (c) the council considers that the rating category of a parcel of land should be changed, in view of the description of each rating category; or
 - (d) 2 or more parcels of rateable land are amalgamated into a single parcel of rateable land.
- (2) The council must decide what rating category the land should be in.
- (3) The decision takes effect—
- (a) for a decision because of subsection (1)(a)—from the start of the relevant financial year; or
 - (b) for a decision because of subsection (1)(b)—from the day when the land became rateable land; or
 - (c) for a decision because of subsection (1)(c)—from the day when the decision is made; or
 - (d) for a decision because of subsection (1)(d)—from the day when the survey plan of amalgamation is registered by the registrar of titles.

Division 2 Entering land to categorise land

76 Appointing categorisation officer

- (1) The chief executive officer may appoint a qualified person as a categorisation officer for this division.
- (2) For subsection (1), a person is qualified if the person—
- (a) has the competencies the chief executive officer considers are necessary to perform the functions that are required to be performed by the person under this division; and
 - (b) is authorised by the council for this division.
- (3) A categorisation officer's appointment is subject to—
- (a) section 78; and

- (b) the conditions stated in the document that appoints the categorisation officer.

77 Identity card for categorisation officer

- (1) The chief executive officer must give each categorisation officer an identity card.
- (2) A person who stops being a categorisation officer must return the person's identity card to the chief executive officer, within 21 days after stopping being a categorisation officer, unless the person has a reasonable excuse.

Maximum penalty for subsection (2)—10 penalty units.

78 Exercise of power of entry

- (1) A categorisation officer may enter private property under this division only—
- (a) with the permission of the occupier of the property; or
- (b) to ask the occupier of the property for permission to stay on the property to exercise the powers under this division; or
- (c) with, and in accordance with, a warrant.
- (2) Subject to subsection (6), section 118, other than subsections (2)(b) and (4)(a)(ii), of the Act (the *applied provision*) applies to a categorisation officer for entering private property under subsection (1)(a) or (b).
- (3) Subject to subsections (4) and (6), sections 119, other than subsections (5) and (6)(a), and 120 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under subsection (1)(c).
- (4) However, a magistrate may issue a warrant for entering private property under this division only if—
- (a) the magistrate is satisfied—
- (i) the warrant is sought for entering the property for a proper purpose; and

- (ii) the occupier of the property has unreasonably refused a request for permission to enter the property under section 118(2) of the Act as applied under subsection (2); and
 - (b) the warrant states the purpose for which it is issued.
- (5) For subsection (4)(a)(i), a proper purpose is to enable any of the following to happen—
 - (a) the rating categories into which rateable land in Brisbane is to be categorised to be decided;
 - (b) a description for each of the rating categories to be decided;
 - (c) the rating category for a parcel of rateable land to be identified;
 - (d) an objection against the categorisation of rateable land to be decided.
- (6) Subject to subsection (7), sections 115, 125 and 126 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under this division.
- (7) The applied provisions apply as if—
 - (a) a reference in the applied provisions to an authorised person were a reference to a categorisation officer; and
 - (b) a reference in the applied provisions, other than section 126 of the Act, to a local government related law were a reference to this division; and
 - (c) a reference in the applied provisions to the powers under the Act were a reference to the powers under this division; and
 - (d) a reference in the applied provisions to the powers or action under chapter 5, part 2, division 1 of the Act were a reference to the powers or action under this division.

Editor's note—

Sections 115 (Producing authorised person's identity card), 118 (Entering private property with, and in accordance with, the occupier's permission), 119 (Entering private property with, and in accordance

with, a warrant), 120 (Warrants—applications made electronically), 125 (Authorised person to give notice of damage) and 126 (Compensation for damage or loss caused after entry) of the Act

79 End of appointment of categorisation officer

- (1) A person stops being a categorisation officer—
 - (a) at the end of the term of appointment stated in the document that appointed the person; or
 - (b) if the person gives the council a signed notice of resignation; or
 - (c) if it is a condition of the person’s appointment that the person hold another position at the same time—if the person stops holding the other position.
- (2) This section does not limit the ways in which a categorisation officer’s appointment ends.

80 Entering private property with written notice

- (1) For the purpose of deciding an appeal relating to the categorisation of land, a Land Court representative may, after giving the occupier of a private property at least 14 days written notice, enter the property, other than a home on the property.
- (2) The written notice must inform the occupier of—
 - (a) the Land Court representative’s intention to enter the property; and
 - (b) the reason for entering the property; and
 - (c) the day and time when the property is to be entered.
- (3) The Land Court representative may enter the property under subsection (1) at any reasonable time of the day without the permission of the occupier.
- (4) Also, as soon as the Land Court representative enters the property, the representative must inform an occupier of the property of the reason for entering the property.

[s 81]

- (5) If there is no occupier of the property, this section applies as if a reference to the occupier of the property were a reference to an owner of the property.
- (6) In this section—
- Land Court representative*** means each of the following persons—
- (a) a member of the Land Court;
 - (b) a person authorised in writing by a member of the Land Court for this section.

Division 3 Notice of categorisation of land

81 Notice to owner of categorisation

- (1) This section applies if the council decides to levy differential general rates on rateable land for a financial year.
- (2) The council must ensure each of the following rate notices (a ***relevant rate notice***) is accompanied by, or contains, a rating category statement—
- (a) the first rate notice for the financial year given to the owner of the land;
 - (b) a later rate notice for the financial year if—
 - (i) the owner of the land has changed since the first rate notice for the financial year was issued; or
 - (ii) the rating category for the land has changed since the first rate notice for the financial year was issued.
- (3) However, a rating category statement may also accompany, or be contained in, a rate notice other than a relevant rate notice.

Note—

For subsections (2) and (3), see section 100(2) for how a rating category statement may be given electronically.

- (4) The ***rating category statement*** is a document stating—

-
- (a) the rating categories for land in Brisbane, and a description of each of the rating categories; and
 - (b) the rating category for the land (the *owner's land*) described in the rate notice accompanying or containing the rating category statement; and
 - (c) that the owner may object to the categorisation of the owner's land only on the ground that the rating category is wrong in reference to the council's descriptions of the rating categories; and
 - (d) that the owner may object by giving the council an objection notice within—
 - (i) 30 days after the date when the first rate notice was issued; or
 - (ii) a longer period that the council allows; and
 - (e) that the owner is liable to pay the amount in the rate notice even if the owner gives an objection notice; and
 - (f) that, if the rating category of the owner's land is changed because of the objection, the rates will be adjusted at that time.

Division 4 Objecting to rates category

82 What div 4 is about

- (1) This division is about an owner of land making an objection, or starting an appeal, relating to the rating category for the land.
- (2) However, the making of an objection, or the starting of an appeal, does not stop the levying and recovery of rates on the land.

83 Land owner's objection to rates category

- (1) This section applies if an owner of rateable land wants to object to the rating category for the land that is stated in a rate notice for the land.
- (2) The only ground for objecting is that the owner considers the land should belong to a different rating category.
- (3) The owner may object by giving the council an objection notice.
- (4) An *objection notice* is a document, in a form approved by the council, stating—
 - (a) the rating category that the owner claims the land should belong to; and
 - (b) the facts and circumstances on which the owner makes that claim.
- (5) The owner must give the objection notice within—
 - (a) 30 days after the day when the rate notice was issued; or
 - (b) a longer period that the council allows.

84 Decision on a land owner's objection

- (1) This section applies if the owner of rateable land properly objects to the rating category for the land.
- (2) The chief executive officer must consider the objection and decide—
 - (a) to change the rating category for the land—
 - (i) to the rating category to which the owner claims in the objection notice the land should belong; or
 - (ii) to another rating category; or
 - (b) not to allow the objection.
- (3) The chief executive officer must give the owner notice of—
 - (a) the decision; and
 - (b) the reasons for the decision.

- (4) The chief executive officer must give the notice within 60 days after the objection was made.
- (5) If the chief executive officer decides to change the rating category of the land, the rating category is taken to have been changed from the start of the period of the rate notice.

85 Land owner's appeal against decision

- (1) This section applies if the owner of rateable land wants to appeal against a decision of—
 - (a) the council not to allow a longer period for giving an objection notice; or
 - (b) the chief executive officer on the owner's objection to the rating category for the land.
- (2) The owner may appeal by filing an appeal notice in the Land Court registry, within 42 days after the day when the owner received notice of the decision.
- (3) The appeal notice must be in the form approved by the Land Court.
- (4) The owner must give a copy of the filed appeal notice to the council, within 7 days after the appeal notice was filed.
- (5) If the owner fails to do so, it does not affect the making of the appeal, or the jurisdiction of the Land Court to decide the appeal, but the court may award costs against the owner for any adjournment that is caused by the owner's failure.

86 Decision on a land owner's appeal

- (1) For an appeal under this division, the Land Court is constituted by 1 member.
- (2) The Land Court—
 - (a) must conduct the appeal with a view to its prompt disposal; and
 - (b) must observe natural justice; and

- (c) is not bound by the rules of evidence.
- (3) The Land Court may decide to—
 - (a) if the appeal is against the decision of the council not to allow a longer period for giving an objection notice—
 - (i) allow a longer period for giving an objection notice; or
 - (ii) not allow the appeal; or
 - (b) if the appeal is against the decision of the chief executive officer on the owner's objection to the rating category for the land—
 - (i) change the rating category for the land; or
 - (ii) not allow the appeal.
- (4) If the Land Court decides to change the rating category for the land, the rating category is taken to have been changed from the start of the period of the rate notice.

Part 6 Special rates and charges

87 Levying special rates or charges

- (1) This section applies if the council decides to levy special rates or charges.

Note—

See the Act, section 94(3) (Types of rates and charges), definition *special rates and charges*.

- (2) The council's resolution to levy special rates or charges must identify—
 - (a) the rateable land to which the special rates or charges apply; and
 - (b) the overall plan for the service, facility or activity to which the special rates or charges apply.
- (3) The *overall plan* is a document that—

-
- (a) describes the service, facility or activity; and
 - (b) identifies the rateable land to which the special rates or charges apply; and
 - (c) states the estimated cost of carrying out the overall plan; and
 - (d) states the estimated time for carrying out the overall plan.
- (4) The council must adopt the overall plan before, or at the same time as, the council first resolves to levy the special rates or charges.
 - (5) Under an overall plan, special rates or charges may be levied for 1 or more years before any of the special rates or charges are spent in carrying out the overall plan.
 - (6) If an overall plan is for more than 1 year, the council must also adopt an annual implementation plan for each year.
 - (7) An ***annual implementation plan*** for a financial year is a document setting out the actions or processes that are to be carried out in the financial year for the service, facility or activity to which the special rates or charges apply.
 - (8) The council must adopt the annual implementation plan before or at the budget meeting for each year of the period for carrying out the overall plan.
 - (9) The council may at any time, by resolution, amend—
 - (a) an overall plan; or
 - (b) an annual implementation plan.
 - (10) The council may fix a minimum amount of the special rates or charges.
 - (11) Subsection (12) applies if the council decides to levy special rates or charges on particular rateable land for a service, facility or activity.
 - (12) The amount of the special rates or charges for the particular rateable land may be different to the amount for other rateable land because, in the council's opinion—

- (a) the land or its occupier—
 - (i) specially benefits from the service, facility or activity; or
 - (ii) has or will have special access to the service, facility or activity; or
 - (b) the land is or will be used in a way that specially contributes to the need for the service, facility or activity; or
 - (c) the occupier of the land specially contributes to the need for the service, facility or activity.
- (13) For subsection (12), the council may levy the special rates or charges on any basis the council considers appropriate.
- (14) In any proceedings about special rates or charges, a resolution or overall plan mentioned in subsection (2) is not invalid merely because the resolution or plan—
- (a) does not identify all rateable land on which the special rates or charges could have been levied; or
 - (b) incorrectly includes rateable land on which the special rates or charges should not have been levied.
- (15) To remove any doubt, it is declared that the council may make and levy a special rate or charge for a service, facility or activity whether or not supplied or undertaken by the council itself, including a service, facility or activity supplied or undertaken by another local government—
- (a) in the other local government’s local government area; and
 - (b) conducted as a joint government activity by the council and the other local government.

88 Carrying special rates or charges forward to a later financial year

- (1) This section applies if the council does not spend all of the special rates or charges that are raised in a financial year in carrying out an annual implementation plan.

-
- (2) The council may carry the unspent special rates or charges forward for spending under an annual implementation plan in a later financial year.

89 Surplus special rates or charges after plan is carried out

- (1) This section applies if—
- (a) the council implements an overall plan; and
 - (b) the council has not spent all the special rates or charges.
- (2) The council must, as soon as practicable, pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.
- (3) The payments to the current owners must be in the same proportions as the special rates or charges were last levied.

90 Surplus special rates or charges after plan is cancelled

- (1) This section applies if—
- (a) the council decides to cancel an overall plan before it is carried out; and
 - (b) the council has not spent all the special rates or charges.
- (2) The council must, as soon as practicable, pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.
- (3) The council must pay the current owners—
- (a) if the overall plan identifies the beneficiaries of the plan—in the proportions that the council, by resolution, decides; or
 - (b) if the overall plan does not identify the beneficiaries of the plan—in the same proportions as the special rates or charges were last levied.
- (4) The council must decide the proportions having regard to—
- (a) the proportions in which the special rates or charges were last levied; and

[s 91]

- (b) the extent to which the rateable land, or the owners of the rateable land, will benefit from or have access to the service, facility or activity.
- (5) The *beneficiaries* of the plan are the owners of the rateable land that will benefit from or have access to the service, facility or activity.

91 Returning special rates or charges incorrectly levied

- (1) This section applies if a rate notice includes special rates or charges that were levied on land to which the special rates or charges do not apply or should not have been levied.
- (2) The rate notice is not invalid, but the council must, as soon as practicable, return the special rates or charges to the person who paid the special rates or charges.

Part 7 Utility charges

92 Utility charges

- (1) The council may levy utility charges on any basis the council considers appropriate.
- (2) For example, utility charges may be levied on the basis of any, or any combination, of the following—
 - (a) the rateable value of land;
 - (b) the use made of—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or
 - (iii) a class of land or structure;
 - (c) any circumstances that are peculiar to the supply of a service to—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or

-
- (iii) a class of land or structure.
- (3) The council may do 1 or both of the following—
- (a) levy utility charges for services that have been supplied or are to be supplied during part of the financial year and part of another financial year;
 - (b) levy differing utility charges for services that have been supplied or are to be supplied during various periods in 1 or more financial years, and decide the way the charges are to be apportioned.
- (4) However, the council may only levy utility charges for services—
- (a) supplied in the last financial year; or
 - (b) supplied, or to be supplied, in the current financial year; or
 - (c) to be supplied in the next financial year.

93 Utility charges before facilities are constructed

- (1) The council may, in a financial year (the *current financial year*), levy utility charges for supplying a service before the facility for supplying the service has been constructed if—
- (a) the council reasonably believes the service will be supplied in the next financial year; and
 - (b) the council—
 - (i) has started constructing the facility; or
 - (ii) intends to start constructing the facility during the next financial year, and has included the funds that are necessary for construction in its annual budget for the current financial year.
- (2) The utility charges are not invalid only because the service is not supplied in the next financial year for reasons beyond the council's control.

94 Reading meters for utility charges

- (1) This section is about the reading of meters for utility charges.
- (2) The council may, by resolution, decide a meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Example—

In calculating utility charges for a period ending on 30 April, if a meter is read on 10 May, the meter reading is taken to be the meter reading on 30 April.

- (3) This section does not limit the council's power to make local laws about other aspects of the administration of the metered consumption of a utility service.
- (4) In this section—
meter includes any measuring device.

Part 8 Separate rates and charges

95 Levying separate rates or charges

- (1) This section applies if the council decides to levy separate rates or charges.
- (2) For levying rates under subsection (1), the council may fix a minimum amount of the rates.
- (3) To remove any doubt, it is declared that the council may levy separate rates or charges for a service, facility or activity, whether or not the service, facility or activity is supplied by the council.

Part 9 Levying and adjusting rates and charges

Division 1 Rate notices

96 Rate notice for rates or charges

- (1) The council may levy rates or charges only by a rate notice.
- (2) A *rate notice* is a document stating—
 - (a) the date when the rate notice is issued; and
 - (b) the due date for payment of the rates or charges; and
 - (c) if the council has decided a discount applies to the rates or charges—
 - (i) the terms of the discount; and
 - (ii) the last day of the discount period; and
 - (d) if the council has decided rates or charges may be paid by instalments—the requirements for paying by instalments; and
 - (e) the ways in which the rates or charges may be paid.

97 Other amounts under rate notice

- (1) A rate notice may also include an amount, other than an amount for rates or charges, payable to the council.

Example—

a licence fee payable to the council

- (2) However, the rate notice must make it clear that—
 - (a) the amount is not for rates or charges; and
 - (b) payment of the amount, whether before or after the end of any discount period, does not affect any discount that applies to the rates or charges.

98 Entities to whom rate notice must be given

A rate notice must be given—

- (a) for services supplied to a structure, or to land that is not rateable land—to the entity who asked for the service to be supplied; and
- (b) in any other case—to the entity who is recorded in the council's land record as the owner of the land on which the rates are levied.

Note—

See part 13 for more information on the land record.

99 Issue of and period covered by rate notice

- (1) A rate notice may only be issued—
 - (a) for utility charges, for a period of at least 1 month, that the council considers appropriate; and
 - (b) for other rates or charges, for the whole or part of a financial year as the council considers appropriate.
- (2) However, the rate notice for the rates mentioned in subsection (1)(b) must be issued for the same period for all ratepayers.
- (3) If a person who is liable to pay rates or charges for a period pays the rates or charges before the council gives the person a rate notice for the period, the council is not required to give the person a rate notice for the period.
- (4) However, the council must, at least once each year, issue a rate notice for each parcel of rateable land for a period of no longer than a financial year.

100 Electronic issue of rate notice and rating category statement

- (1) A rate notice may be given electronically to a person if—
 - (a) the person has given consent to the notice being given electronically; and

- (b) at the time the notice was given, it was reasonable for the council to expect the notice would be readily accessible so as to be useable for subsequent reference by the person.
- (2) If a rate notice is given to a person electronically under subsection (1), a rating category statement that must or may accompany, or be contained in, the rate notice under section 81(2) or (3) may be given electronically to the person—
 - (a) with the rate notice; or
 - (b) by including the rating category statement in the notice; or
 - (c) by giving the person electronic access to the rating category statement.

Example for paragraph (c)—

providing the person a message stating that the statement is available to read by opening a stated hyperlink

- (3) Subsection (2)(c) applies despite section 81(2) or (3).

Division 2 Adjusting rates or charges

101 What div 2 is about

This division is about the council adjusting the amount of rates or charges that have already been levied on land because particular changes happen.

102 Land stops being rateable land

If the land becomes, or stops being, rateable land, the council must adjust the rates so that the rates are calculated only on the period when the land was rateable land.

103 Change in value

If the value of the land changes under the Land Valuation Act, the council must adjust the rates so that the rates are calculated on the new value of the land for the period that starts on the day the change takes effect under that Act.

104 Change in rating category

If the land is given a rating category, including a change of rating category, the council must adjust the general rates so that the rates are calculated on the new or changed rating category for the period that starts on the day the land was given the new or changed rating category.

105 Special rates become or stop being payable

If the land becomes, or stops being, land on which the council may levy special rates or charges, the council must adjust the rates or charges so that the rates or charges are calculated on the period when the land was land on which the council could levy special rates or charges.

106 Loss of entitlement to occupy land from State

- (1) This section applies if—
 - (a) a person is entitled to occupy land under a lease, licence or permission given by the State; and
 - (b) the person loses the entitlement, including, for example, because the lease, licence or permission expires or is surrendered or forfeited.
- (2) The council must adjust the rates or charges so that the rates or charges are calculated only for the period when the person was entitled to occupy the land.

107 Rates or charges paid before adjustment

If the rates or charges are paid before they are adjusted, the council—

- (a) if the rates or charges are reduced—must refund the overpaid amount of rates or charges; or
- (b) if the rates or charges are increased—may recover the amount of rates or charges owing.

Division 3 Other matters about levying rates or charges

108 Limitation of increase in rates or charges levied

- (1) When the council resolves to levy rates or charges, it also may resolve to limit the increase in the rates or charges.
- (2) The rates or charges may be limited to not more than—
 - (a) if the rates or charges for the last financial year were for a full year—
 - (i) the rates or charges for the last financial year; or
 - (ii) the rates or charges for the last financial year, increased by a stated percentage; or
 - (b) if the rates or charges levied for the last financial year were not for a full year—
 - (i) the corresponding annual amount for the rates or charges for the last financial year; or
 - (ii) the corresponding annual amount for the rates or charges for the last financial year, increased by a stated percentage.
- (3) The *corresponding annual amount* is the amount worked out by—
 - (a) converting the amount of the rates or charges levied for the last financial year to a daily amount; and

[s 108A]

- (b) multiplying the daily amount by 365.
- (4) The resolution may specify different percentages for—
 - (a) different land or classes of land; or
 - (b) different rates or charges.

108A Limitation of increase in rates or charges levied continues after compulsory acquisition of land

- (1) This section applies if—
 - (a) the council resolves, under section 108, to limit the increase in the rates or charges levied on rateable land (a *rates cap*); and
 - (b) part of the rateable land is—
 - (i) compulsorily acquired by a government entity; or
 - (ii) otherwise acquired by the department administering the *Transport Planning and Coordination Act 1994*.
- (2) Until the council resolves otherwise, the rates and charges levied on the remainder are reduced to the divided amount.
- (3) However, the resolution can not be made before the next budget meeting of the council that occurs after the application of the rates cap.
- (4) In this section—

compulsorily acquired, for part of rateable land, means acquired under an Act, or a law of the Commonwealth, that authorises the compulsory acquisition of land by a government entity.

Example—

land taken under the *Acquisition of Land Act 1967*

divided amount means the amount worked out by—

- (a) dividing the amount of the rates or charges levied on the rateable land by the number of square metres of the rateable land; and

- (b) multiplying the amount calculated under paragraph (a) by the number of square metres of the remainder.

government entity means the State, the Commonwealth, a local government or an entity authorised by the State, Commonwealth or a local government.

remainder, for rateable land (part of which is acquired in a manner mentioned in subsection (1)(b)), means that part of the rateable land not acquired.

109 Rates or charges may be levied or adjusted after end of financial year

The council may levy rates or charges, or adjust a rates or charges levy in a financial year, even though the resolution for making the rates or charges was made for a previous financial year.

110 When rates or charges must be paid

- (1) The council must decide the date by which, or the period within which, rates or charges must be paid.
- (2) The date by which, or the period within which, the rates or charges must be paid must be—
 - (a) at least 30 days after the rate notice for the rates or charges is issued; and
 - (b) subject to part 10, the same date or period for each person liable to pay the rates or charges.
- (3) The council must, by resolution, make the decision at its budget meeting.

Part 10 Concessions

111 Concession for rates or charges

The council may grant a ratepayer a concession for rates or charges for land only under this part.

112 Criteria for granting concession

- (1) The council may grant the concession only if it is satisfied—
 - (a) the land is owned or occupied by a pensioner; or
 - (b) the land is owned by—
 - (i) an entity whose objects do not include making a profit; or
 - (ii) an entity that provides assistance or encouragement for arts or cultural development; or
 - (c) the payment of the rates or charges will cause hardship to the land owner; or
 - (d) the concession will encourage the economic development of Brisbane or a part of Brisbane; or
 - (e) the concession will encourage land that is of cultural, environmental, historic, heritage or scientific significance to Brisbane to be preserved, restored or maintained; or
 - (f) the land is used exclusively for the purpose of a single dwelling house or farming and could be used for another purpose, including, for example, a commercial or industrial purpose; or
 - (g) the land is subject to a GHG tenure, mining tenement or petroleum tenure; or
 - (h) the land is part of a parcel of land (a *parcel*) that has been subdivided and—
 - (i) the person who subdivided the parcel is the owner of the land; and

(ii) the land is not developed land.

(2) In this section—

GHG tenure see the *Greenhouse Gas Storage Act 2009*, section 18(2).

mining tenement see the *Mineral Resources Act 1989*, schedule 2.

petroleum tenure means—

- (a) a petroleum tenure under the *Petroleum and Gas (Production and Safety) Act 2004*, section 18(3); or
- (b) an authority to prospect or lease under the *Petroleum Act 1923*.

113 Types of concession

The concession may only be of the following types—

- (a) a rebate of all or part of the rates or charges;
- (b) an agreement to defer payment of the rates or charges;
- (c) an agreement to accept a transfer of unencumbered land in full or part payment of the rates or charges.

114 Resolutions for granting concession

(1) The council may grant the concession only by—

- (a) a resolution granting the concession to a stated ratepayer; or
- (b) if the concession is of a type mentioned in section 113(a) or (b)—a resolution granting the concession to a ratepayer who is a member of a stated class of ratepayers.

(2) The council may make the resolution before it levies the rates or charges.

- (3) The council may make a resolution under subsection (1)(a) only if the ratepayer has applied for the concession in a way accepted by the council.
- (4) If the council grants a concession by making a resolution under subsection (1)(b), the concession may be granted only to the ratepayers whom the council is satisfied are eligible for the concession.
- (5) The resolution may include conditions for granting the concession to the ratepayer.
- (6) Without limiting subsection (5), the conditions may include the following—
 - (a) a condition requiring the ratepayer to show the council particular information or documents or follow a procedure to be eligible for the concession;

Examples—

- a condition requiring the ratepayer to produce a health care card or pensioner concession card to show the ratepayer's eligibility for the concession for the rates or charges
 - a condition requiring the ratepayer to enter an agreement to defer payment of rates or charges in a form required by the council
- (b) a condition limiting the period for which the ratepayer is granted the concession.

Example—

for a concession on the basis of the ratepayer's receipt of a disability support pension, a condition limiting the concession to the period for which the ratepayer receives the pension

115 Special provision for rebate for land occupied by pensioners

- (1) The council may grant a rebate of rates or charges for land occupied only by pensioners only if the land owner agrees to pass the benefit of the rebate on to the pensioners.
- (2) The council may grant a rebate of rates or charges for land that is occupied by pensioners and other persons, only—

- (a) for that part of the rates or charges that the council considers is fairly attributable to the part of the land where pensioners have a right to exclusive occupancy; and
- (b) if the land owner agrees to pass the benefit of the rebate on to the pensioners.

116 Refund of rebated rates or charges already paid

- (1) This section applies if—
 - (a) the council grants a rebate of rates or charges to a ratepayer or a ratepayer who is a member of a class of ratepayers; and
 - (b) the ratepayer has already paid the rates or charges.
- (2) The council must refund the amount of the rebated rates or charges to the ratepayer.

117 Special provision for agreement to defer rates or charges

- (1) This section applies if a concession to a ratepayer for rates or charges includes an agreement to defer the payment of the rates or charges.
- (2) The agreement must state either—
 - (a) for an agreement under which the rates or charges become payable on a particular day—the due date for payment of the rates or charges; or
 - (b) for an agreement under which the rates or charges become payable when an event happens—a description of the event and the due date for payment of the rates or charges in reference to the event.

Example—

An agreement provides for general rates for land to be paid at the end of a stated period after the land is transmitted to the ratepayer's personal representative or sold.

- (3) The agreement may also include a condition that the ratepayer must pay an additional charge in return for the council agreeing to defer payment of the rates or charges.

118 Special provision for agreement to accept land transfer

- (1) This section applies if a concession to a ratepayer for rates or charges includes an agreement to accept a transfer of unencumbered land in full or part payment of the rates or charges.
- (2) The agreement must state the due date for payment of the rates or charges.

Part 11 Paying rates and charges

119 Who must pay rates and charges

- (1) Subject to section 155, the following persons are liable to pay rates and charges—
 - (a) for rateable land—the current owner of the land, even if that owner did not own the land during the period to which the rates or charges relate;
 - (b) for a service that is supplied to a structure, or to land that is not rateable land—the entity who asked for the service to be supplied;
 - (c) for previously rateable land—the owner of the land immediately before it stopped being rateable land.
- (2) ***Previously rateable land*** is land that was, but has stopped being, rateable land because—
 - (a) the tenure of a holding is terminated; or
 - (b) the land is surrendered or forfeited to the State; or
 - (c) the land is acquired by the State or the Commonwealth; or
 - (d) the land is exempted from rating; or

- (e) the property description of the land no longer exists.
- (3) If more than 1 person is liable to pay rates or charges, all the persons are jointly and severally liable to pay the rates or charges.

120 Paying part of rates and charges

- (1) This section applies if a person—
 - (a) pays the council an amount that is less than the total of all amounts mentioned in a rate notice; and
 - (b) does not specify which of the amounts the person is paying.
- (2) The council must use the amount to pay the amounts mentioned in the rate notice in the following order—
 - (a) overdue rates or charges, starting with the rates or charges that have been overdue the longest;
 - (b) rates or charges stated in the rate notice;
 - (c) amounts, other than rates or charges, that are payable to the council.

121 Paying rates or charges by instalments

- (1) The council may decide to allow ratepayers to pay rates or charges by instalments.
- (2) The council must, by resolution, make the decision at its budget meeting.
- (3) The resolution must state—
 - (a) the periods for payment of each instalment of the rates or charges; and
 - (b) any other requirements for paying the rates or charges by instalments.
- (4) The requirements may include a requirement for the ratepayer to pay an additional charge in return for paying the rates or charges by instalments.

- (5) The resolution may state a discount for paying an instalment of the rates or charges within the period for paying the instalment.

122 Discount for prompt payment of rates or charges

- (1) The council may decide to allow a discount for payment of rates or charges before the end of the discount period.
- (2) The amount of the discount and the discount period may differ for different rating categories of rateable land.
- (3) The *discount period* is a period that ends on or before the due date for payment.

Examples of discount period—

- 1 month before the due date for payment
 - a period of 1 month ending 2 weeks before the due date for payment
- (4) The council must, by resolution, make the decision at its budget meeting.
- (5) The resolution must state—
- (a) whether the discount is to be—
 - (i) a fixed amount; or
 - (ii) a percentage of the rates or charges; and
 - (b) if the discount is to be a fixed amount—the amount; and
 - (c) if the discount is to be a percentage of the rates or charges—the percentage; and
 - (d) whether the discount applies only if—
 - (i) other rates or charges are paid; or
 - (ii) an amount, including any interest on the amount, is paid for work that was performed by the council under a remedial notice issued under the Act; and
 - (e) the discount period.
- (6) The council may allow more than 1 discount period for rates or charges only if the council's resolution—

- (a) states more than 1 discount period for the rates or charges; and
 - (b) allows a different discount for each discount period.
- (7) The council may, by resolution, change the discount period to end on a later day (the *new discount day*).
- (8) However, if the discount period is changed under subsection (7), the council must also, by resolution, change the due date for payment to a later day that is no earlier than the new discount day.
- (9) If the council decides to allow a discount for a discount period, it must allow the discount to all ratepayers who pay the rates or charges before the end of the discount period.
- (10) If the council is satisfied a ratepayer has been prevented, by circumstances beyond their control, from paying the rates or charges in time to get a discount, the council may still allow the discount.
- (11) A ratepayer is not entitled to a discount for paying in full rates or charges for land by the end of a discount period if other rates or charges for the land are overdue.

123 Other benefits for prompt payment

The council may give a benefit that is not a discount as an inducement for payment of rates or charges before the due date for payment.

Examples of a benefit—

- free use of the council's services, facilities or activities
- an opportunity to win a donated car, holiday or other prize

Part 12 Overdue rates and charges

Division 1 General provisions

124 What are *overdue* rates or charges and when do they become *overdue*

- (1) *Overdue* rates or charges are made up of—
 - (a) either of the following—
 - (i) subject to subparagraph (ii), rates or charges that are not paid by the due date for payment stated in the rates notice;

 - (b) if the council takes the ratepayer to court to recover rates or charges and the court orders the ratepayer to pay the council's costs—the costs; and
 - (c) if the council decides to sell land under section 132 and the land is not sold within 1 year after the council gives the registered owner a notice of intention to sell—the expenses incurred by the council in relation to selling the land; and
 - (d) the interest, if interest is payable, on the rates or charges, or costs.
- (2) Subject to subsection (3), the rates or charges mentioned in subsection (1)(a)(i) become *overdue* on the day after the due date for payment of the rates or charges stated in the rates notice.
- (3) Subject to subsections (4) to (6), the rates or charges mentioned in subsection (1)(a)(ii) become *overdue* on the day after the due date for payment of the rates or charges stated in the agreement to which the concession relates.

-

 - (c) the rates or charges are not paid by the due date stated in the agreement to which the concession relates.
- (5) The rates or charges are taken to have become *overdue* on the day after the due date stated in the rates notice for the rates or charges.
- (6) If an agreement deferring payment of rates or charges includes a condition about when the rates or charges become payable, the rates or charges can become *overdue* only if the condition is satisfied.

Example—

An agreement to defer payment of general rates for land provides that the rates become payable within a stated period after the land is sold. The rates or charges can become overdue only if the land is sold.

- (7) The expenses mentioned in subsection (1)(c) become *overdue* 1 year after the notice of intention to sell is given to the registered owner.

- (a) the day the rates or charges become overdue; or
 - (b) a later day decided by the council.
- (2) Interest must be calculated—

 - (b) for a day on or after 1 July 2019—an annual rate, of not more than the prescribed rate for the day, decided by the council.
- (4) A decision of the council under this section must—
- (a) apply equally to all ratepayers; and
 - (b) for a decision under subsection (3)(b)—be made by resolution at the council’s budget meeting for the financial year that includes the day to which the decision relates.
- (5) In this section—

bank bill yield rate, for a day, means the monthly average yield of 90-day bank accepted bills published by the Reserve Bank of Australia for the month of March in the financial year immediately before the financial year in which the day occurs.

Editor’s note—

The monthly average yield of 90-day bank accepted bills can be accessed on the Reserve Bank of Australia’s website.

- (a) the bank bill yield rate for the day, rounded to 2 decimal places; and
- (b) 8%.

Division 2 Court proceedings for overdue rates or charges

126 Court proceedings for overdue rates or charges

- (1) The council may recover overdue rates or charges by bringing court proceedings for a debt against a person who is liable to pay the overdue rates or charges.

- (2) If the council does so, but does not recover all of the overdue rates or charges from the person, the council may recover the remaining overdue rates or charges from any other person who is liable to pay the overdue rates or charges (for example, a joint owner).
- (3) If a court orders a person to pay overdue rates or charges, and the person fails to comply with the court order, the person is not liable to imprisonment for the failure.

127 Selling or acquiring land ends liability for overdue rates or charges

If the council sells or acquires land for overdue rates or charges, the council can not start or continue any court proceedings to recover the overdue rates or charges.

Division 3 Selling or acquiring land for overdue rates or charges

Subdivision 1 Preliminary

128 What div 3 is about

This division is about the power of the council to sell or acquire land for overdue rates or charges.

Subdivision 2 Selling land for overdue rates or charges

130 Selling land that is subject to a State encumbrance

- (1) This section applies if—
 - (a) the council intends to sell land under this subdivision; and
 - (b) the land is subject to a State encumbrance.
- (2) A *State encumbrance* is an encumbrance on land that gives the State or a government entity an interest in the land, including, for example—
 - (a) a mortgage; or
 - (b) an interest that arises under a Housing Act contract.
- (3) The council must give the State or government entity that has the interest in the land under the State encumbrance a notice of the council's intention to sell the land, before the council sells the land.
- (4) The council may sell the land only—
 - (a) subject to the State encumbrance; or
 - (b) free of the State encumbrance to the extent, and on any conditions (the *sale conditions*), to which the State or government entity agrees.
- (5) If the land is subject to an interest arising under a Housing Act contract, the council may sell the land free of the interest only if the sale conditions include a condition that the council pays the State an amount for—
 - (a) the State's interest in the land; and
 - (b) any amount that is owing to the State under the contract.

131 Selling land that is subject to other restrictions

- (1) This section applies if—

- (a) there are overdue rates or charges on land; and
 - (b) the liability to pay the overdue rates or charges is not the subject of court proceedings; and
 - (c) some or all of the overdue rates or charges have been overdue for at least—
 - (i) generally—3 years; or
 - (ii) if the rates or charges were levied on vacant land or land used only for commercial purposes, and the council has obtained judgment for the overdue rates or charges—1 year; or
 - (iii) if the rates or charges were levied on a mining claim—3 months.
- (2) The council may, by resolution, decide to sell the land.
- (3) If the council does so, the council must, as soon as practicable, give all interested parties a notice of intention to sell the land.
- (4) A *notice of intention to sell* is a document, signed by the chief executive officer, stating—

- (a) that the council has, by resolution, decided under this section to sell land for overdue rates or charges; and

- (g) the total amount of overdue rates or charges and the interest, as at the date of the notice; and
- (h) a copy, or a general outline, of sections 133 to 136.

133 When procedures for selling land must start and end

- (1) This section applies if—
 - (a) the council decides to sell land under this subdivision for overdue rates and charges and gives the registered owner of the land a notice of intention to sell the land; and
 - (b) the overdue rates or charges are not paid in full within—
 - (i) generally—3 months after the council gives the notice of intention to sell the land; or
 - (ii) if the rates or charges were levied on a mining claim—1 month after the council gives the notice of intention to sell the land.

-
- (2) The council must start the procedures mentioned in section 134(4) for selling the land within 6 months after the council gives the notice of intention to sell the land to the registered owner of the land.
 - (3) The council must end the procedures at the earliest of the following—
 - (a) the council is paid—
 - (i) the amount of the overdue rates or charges; and
 - (ii) all expenses that the council incurs in attempting to sell the land;
 - (b) the land is sold;
 - (c) 1 year after the notice of intention to sell is given to the registered owner.
 - (4) If the council ends the procedures under subsection (3)(c), nothing in this section prevents the council from deciding to sell the land again under section 132(2).

134 Procedures for selling land

- (1) This section sets out the procedures that the council must follow when selling land for overdue rates or charges.
- (2) The council must first offer the land for sale by auction.
- (3) The council must prepare an auction notice.
- (4) At least 14 days, but not more than 35 days, before the day of the auction, the council must—
 - (a) give a copy of the auction notice to everyone who was given a notice of intention to sell the land; and
 - (b) publish the auction notice on the council's website; and
 - (c) display the auction notice in a conspicuous place in the council's public office, until the day of the auction; and
 - (d) display the auction notice in a conspicuous place on the land unless it is not reasonably practicable to do so

because the land is in a remote location or difficult to access; and

- (e) take all reasonable steps to publish the auction notice in another way to notify the public about the sale of the land.

Examples of other ways to publish the auction notice—

publish the auction notice in a newspaper that is circulating generally in Brisbane or on a real estate trading website

- (5) However, if—
 - (a) the land is a building unit; and
 - (b) it is not practicable to display the auction notice in a conspicuous place on the land;

the notice may be displayed in a conspicuous part of the common property for the building units.

- (6) In this section—

auction notice, for a sale of land by auction, means a written notice stating—

 - (a) the day, time and place of the auction; and
 - (b) a full description of the land.

135 Conduct of auction

Part 3 Council employees

Division 1 Disciplinary action against council employees

256 What div 1 is about

This division prescribes, for section 194(2) of the Act, when the chief executive officer may take, and the types of, disciplinary action.

257 When disciplinary action may be taken

The chief executive officer may take disciplinary action against a council employee if the chief executive officer is satisfied the employee has—

- (a) failed to perform their responsibilities under the Act; or
- (b) failed to perform a responsibility under the Act in accordance with the local government principles; or
- (c) taken action under the Act in a way that is not consistent with the local government principles.

258 Types of disciplinary action

- (1) The disciplinary action taken by the chief executive officer against a council employee may be 1 or more of the following—
 - (a) dismissal;
 - (b) demotion, including a reduction in remuneration;

Examples of demotion of a council employee—

- a reduction in the classification level of the council employee's employment and a corresponding change in the employee's duties
- a reduction in the council employee's level of remuneration within the classification level of the employee's employment

(c) a written reprimand or warning.

Note—

If the disciplinary action to be taken is dismissal, the dismissal must comply with the requirements that apply in relation to the local government employee under the *Industrial Relations Act 1999*, chapter 2A or 3.

(2) A written reprimand or warning—

(a) must state the following—

- (i) the employee's conduct that is disapproved of;
- (ii) the remedial action needed to rectify the conduct;
- (iii) the period within which the remedial action is to be taken;
- (iv) the possible consequences for a repeat of the conduct by the employee; and

(b) is part of a council employee's employment record.

260 Suspension of employees

(1) If the chief executive officer is satisfied, on reasonable grounds, that a council employee will be subject to disciplinary action, the chief executive officer may suspend the employee from duty.

(2) Suspension of a council employee from duty does not affect the following—

- (a) the continuity of the employee's service in employment with the council;
- (b) the entitlements previously accrued to the employee from employment with the council;

- (c) the accrual of entitlements to the employee during the period of suspension.
- (3) A suspended employee must be paid the employee's full remuneration as at the start of the suspension for the period of suspension.

261 Employee to be given notice of grounds for disciplinary action

- (1) Before the chief executive officer takes disciplinary action against a council employee, the chief executive officer must give the employee—
 - (a) written notice of the following—
 - (i) the disciplinary action to be taken;
 - (ii) the grounds on which the disciplinary action is taken;
 - (iii) the particulars of conduct claimed to support the grounds; and
 - (b) a reasonable opportunity to respond to the information contained in the written notice.
- (2) The grounds and particulars are taken to be the only grounds and particulars for the disciplinary action taken, and no other ground or particular of conduct can be advanced in any proceeding about the disciplinary action taken against the council employee.

Division 2 Portability of long service leave

262 What div 2 is about

- (1) This division is about the continuation of particular council employees' accrued rights to long service leave and recognition of their previous periods of employment.

- (2) A person's *accrued right to long service leave* is the person's entitlement to take long service leave after having completed a minimum period of employment with an employer.
- (3) This division applies if—
 - (a) a person—
 - (i) is employed (the *new employment*) by the council (the *new employer*) and was previously employed (the *former employment*) by a relevant entity (the *former employer*); or
 - (ii) is employed (also the *new employment*) by a relevant entity (also the *new employer*) and was previously employed (also the *former employment*) by the council (also the *former employer*); and
 - (b) the period between ending the former employment and beginning the new employment is not longer than 1 year; and
 - (c) the person did not receive a payment from the former employer of an amount as a cash equivalent for the person's accrued right to long service leave.
- (4) A *relevant entity* is—
 - (a) a local government (other than the council); or
 - (b) a distributor-retailer; or
 - (c) a water entity; or
 - (d) another entity that is controlled or owned by a local government (other than the council).
- (5) A *distributor-retailer* is a distributor-retailer under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.
- (6) A *water entity* is a water entity under the *South East Queensland Water (Restructuring) Act 2007*.

263 Continuation of particular council employees' accrued rights to long service leave

- (1) The person's accrued right to long service leave, in relation to the former employment, is continued, in relation to the new employment, as an accrued right to long service leave as an employee of the new employer.
- (2) From the start of the new employment, the new employer has the same obligations in relation to the person's accrued right to long service leave as the former employer had in relation to the person, at the end of the former employment.

Example—

If a person was entitled to take 11 weeks long service leave at the time the former employment ended, the person continues to be entitled to take 11 weeks long service leave after the start of the new employment. The entitlement would not be subject to completing any further period of employment with the new employer.

- (3) However, after the start of the new employment, the person continues to accrue rights to long service leave only under the same conditions as an employee of the new employer who is not a person to whom this division applies.

264 Recognition of previous periods of employment for particular council employees

- (1) This section applies when determining the person's accrued right to long service leave in relation to the new employer.
- (2) The person's period of employment with the former employer, in addition to the person's period of employment with the new employer, is taken to be the person's period of employment with the new employer.

Example—

A person is taken to have completed a period of employment of 10 years with a new employer if the person completed a period of employment of 6 years with a former employer and a period of employment of 4 years with the new employer.

265 Payment by former employer to new employer towards long service leave entitlements accrued with former employer

- (1) The former employer must, when the person's entitlement has accrued, pay the new employer an amount for the number of days of long service leave that the person is entitled to take because of the person's period of employment with the former employer.

Example—

After a period of employment of 3 years with council A a person becomes an employee of council B. Council A must, when the entitlement has accrued, pay to council B an amount for the 3 years of long service leave that the person is entitled to for their employment with council A.

- (2) The amount—
- (a) is the amount the former employer would have been required to pay the person if the person had taken the long service leave; and
 - (b) must be paid within a reasonable time of being requested by the new employer.
- (3) A former employer must provide the new employer with the following information relating to the person—
- (a) the length of accrued long service leave;
 - (b) any special leave taken by the person without salary;
 - (c) any long service leave taken by the person or any amount of cash paid to the person in lieu of long service leave;
 - (d) any undertaking given in relation to long service leave.

relevant activity, of the council, means—

- (a) a significant business activity of the council to which full cost pricing applies; or
- (b) a business activity of the council to which the code of competitive conduct applies.

2 Required revenue for deciding charges

In deciding charges to persons for goods or services provided in conducting a relevant activity, the council must ensure the projected total revenue from conducting the activity is enough to cover the projected total costs of conducting the activity for—

- (a) if the relevant activity is an activity to which the code of competitive conduct applies—a period of more than 1 year but not more than 5 years; or
- (b) otherwise—each financial year in which the activity is conducted.

3 Different charges for commercial reasons

- (1) A charge may be decided for providing particular goods or services in conducting a relevant activity that is, for commercial reasons, an appropriate charge for the goods or services provided.
- (2) For subsection (1), a charge is, for commercial reasons, an appropriate charge if it could reasonably be charged if the goods or services were provided by an entity conducting the

relevant activity with the primary object of making a profit from conducting the activity.

4 Total costs of conducting relevant activity

- (1) For this schedule, the total costs of conducting a relevant activity include each of the following—
 - (a) the operational costs incurred in conducting the activity;
 - (b) administrative and overhead costs;
 - (c) the cost of resources used in conducting the activity;
 - (d) depreciation;
 - (e) equivalents for Commonwealth or State taxes the council is not liable to pay because it is a local government;
 - (f) equivalents for the cost of funds advantage the council obtains over commercial interest rates because of State guarantees on borrowings;
 - (g) return on capital.
- (2) The total costs must be adjusted for other advantages and disadvantages of the council that are not eliminated.
- (3) Subsection (2) does not apply in relation to a relevant activity to which commercialisation applies.

5 Allocation of administrative and overhead costs

For section 4(1)(b), the council must make a reasonable allocation of its administrative and overhead costs to each relevant activity, having regard to all of the council's relevant activities.

6 Cost of resources used in conducting activity

- (1) For section 4(1)(c), if resources are provided by or to the council for conducting an activity, the cost of resources used in conducting the activity may be taken to be—

-
- (a) if the resources have an identifiable cost—the cost of the resources; or
 - (b) if paragraph (a) does not apply and the resources are readily available on the open market—the price at which the resources can be obtained on the market.

- (a) for a tax to which a tax equivalents manual applies—by applying the general principles provided for in the manual; or
 - (b) if paragraph (a) does not apply—by estimating the amount a private sector business conducting the relevant activity would calculate to be its liability to pay the tax.
- (3) Subsection (2)(a) does not, of itself, require the council to comply with a process or other requirement under the tax equivalents manual.
- (4) However, the council must keep, for 7 years from the day the equivalent amount is worked out, details of the calculations made in working out the equivalent amount.

- (5) This section does not apply for a relevant activity to which commercialisation applies.

9 Guarantees by State

- (1) This section applies for section 4(1)(f) in relation to a relevant activity that is a business activity to which the code of competitive conduct applies.

10 Return on capital

- (1) This section applies for section 4(1)(g).
- (2) The amount for the return on the capital used by the council in conducting a relevant activity must be decided using the rate at which, in the council's opinion, a comparable private sector business conducting the activity would be able to obtain the capital in the market.
- (3) In deciding the rate under subsection (2), the council must have regard to the split the council considers appropriate, for the type of business activity, between equity and loan capital and the return appropriate to each.
