Information about this reprint

This regulation is reprinted as at 1 July 2009. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

1 Short title

This regulation may be cited as the *Trade Measurement Administration Regulation 1991*.

2 Commencement

These regulations commence on the day appointed by proclamation under section 2(2) of the Act.

3 Repeal

The *Weights and Measures Regulations 1981*, as subsequently amended, are repealed.

4 Interpretation

(1) In these regulations—

balance means a beam-scale which has means for relieving all its knife edges and bearings.

beam-scale means an equal-armed weighing instrument, the pans of which are below the beam.

flow meter means an instrument for measuring liquid volume from the amount of liquid passing through the instrument.

inspectors' class 1 standard has the same meaning as in the *National Measurement Regulation* (Cwlth), section 80.

[s 5]

inspectors' class 2 standard has the same meaning as in the *National Measurement Regulation* (Cwlth), section 80.

inspectors' class 3 standard has the same meaning as in the *National Measurement Regulation* (Cwlth), section 80.

quality assurance certificate see section 6.

quality assurance test see section 6.

request test means a test on a measuring instrument, whether or not it is a trade measuring instrument, conducted by an inspector at the request of the owner, user, repairer, licensed certifier or person in possession of that instrument.

State secondary standard has the same meaning as in the *National Measurement Regulation* (Cwlth), section 80.

State tertiary standard has the same meaning as in the *National Measurement Regulation* (Cwlth), section 80.

unclassified instrument means a weighing instrument which is not a class 1, 2, 3 or 4 instrument or a balance.

weighbridge testing unit means a self-contained mobile device provided by the chief inspector for the purpose of testing weighbridges.

- (2) In these regulations, a reference to a class 1, 2, 3 or 4 instrument is a reference to a weighing instrument marked with any such class in accordance with the terms of a certificate of approval issued under the National Measurement (Patterns of Instruments) Regulations of the Commonwealth, as in force for the time being.

5 Fees and charges

- (1) The fees and charges payable for the purposes of the principal Act and the Act are the fees and charges specified in schedules 1, 2, 3 and 4 to these regulations.
- (1A) Despite subsection (1), no fee is payable under schedule 1 for a test for accuracy carried out—
- (a) on a measuring instrument after its repair by a servicing licensee; and

-
- (b) if the test relates to the checking of the servicing licensee's certification.
- (2) The expenses that may be charged for the purposes of the principal Act and the Act are the expenses specified in schedule 5, payable—
- (a) if the test is a request test carried out at a location other than the office of the inspector, for the total time taken from the time of the inspector's departure from that office to the time of the inspector's return to that office; or
 - (b) if the test is a verification or re-verification test, for waiting time while adjustments are made to a measuring instrument before further testing by an inspector; or
 - (c) if an inspector gives directions under section 16 of the principal Act for the re-verification of a measuring instrument and the instrument is unavailable or inaccessible or access to the instrument is, in the opinion of the inspector, unreasonably refused, for the total time taken by the inspector in attempting to re-verify the instrument.
- (3) If the owner of a measuring instrument is not in possession of the instrument, the person in possession of the instrument is to pay the relevant fee, charge or expenses.

6 Quality assurance tests and certificates

- (1) An inspector may perform quality assurance tests and issue quality assurance certificates.
- (2) A *quality assurance test* is a request test relating to measurement (other than a test to verify or re-verify an instrument under the Act or the National Measurement Act).
- (3) A quality assurance test may be done even if no quality assurance certificate is to be issued based on a result of the test.
- (4) A *quality assurance certificate* is a certificate based on a result of a test relating to measurement (other than a

[s 6]

certificate about verification or re-verification under the Act or the National Measurement Act).

- (5) A quality assurance certificate may be based on a result of any appropriate test, whether or not a quality assurance test.
- (6) For the purpose of fees—
 - (a) a test for a certificate under section 15(4) of the principal Act is taken to be a quality assurance test; and
 - (b) a certificate under that section is taken to be a quality assurance certificate.
