**7 Registered health practitioners and students who may assist**

- (1) A prescribed practitioner may, in the practice of the practitioner's prescribed health profession, assist in the performance of a termination on a woman by a medical practitioner.
- (2) A prescribed student may assist in the performance of a termination on a woman by a medical practitioner if the student provides the assistance only—
  - (a) under the supervision of—
    - (i) the medical practitioner; or
    - (ii) a prescribed practitioner lawfully assisting in the performance of the termination; or
    - (iii) the student's primary clinical supervisor; and
  - (b) to the extent necessary to complete the student's program of study for, or clinical training in, the student's health profession.
- (3) However, subsections (1) and (2) do not apply in relation to a termination that the assisting prescribed practitioner or prescribed student knows, or ought reasonably to know, is being performed by the medical practitioner other than under section 5 or 6.

- (1) This section applies if—
  - (a) a person asks a registered health practitioner to—

- (iv) advise the person about the performance of a termination on a woman; and
  - (b) the practitioner has a conscientious objection to the performance of the termination.
- (2) The registered health practitioner must disclose the practitioner's conscientious objection to the person.
- (3) If the request is by a woman for the registered health practitioner to perform a termination on the woman, or to advise the woman about the performance of a termination on the woman, the practitioner must refer the woman, or transfer her care, to—
  - (a) another registered health practitioner who, in the first practitioner's belief, can provide the requested service and does not have a conscientious objection to the performance of the termination; or
  - (b) a health service provider at which, in the practitioner's belief, the requested service can be provided by another registered health practitioner who does not have a conscientious objection to the performance of the termination.
- (4) This section does not limit any duty owed by a registered health practitioner to provide a service in an emergency.
